I/We (do)(**do not**) agree with:

[X] The Agency proposed modifications As Submitted on Section No. R202; Chapters 12 through 43

and request that this section or reference provision be recommended:

[ ] Approved [ ] Disapproved [ ] Held for Further Study [X] Approved as Amended

Suggested Revisions to the Text of the Regulations:
Definitions and Chapters not adopted in California should not be published in the 2010 California Residential Code.

Reason: [The reason should be concise if the request is for "Disapproval," "Further Study," or "Approve As Amend" and identify at least one of the 9-point criteria (following) of Health and Safety Code §18930.]

Publication of the terms and Chapters "Not Adopted in California" within the California Residential Code is an excessive use of natural resources and an additional cost burden to the end user. During down cycles of the economy it is extremely difficult for local Jurisdictions to fund the purchase of state mandated texts required by Health and Safety Code §18942.
