# Budgetary Process

The Governor's Budget is the result of a process which begins more than one year before the budget becomes law. When presented to the Legislature on January 10 of each year, the Governor's Budget incorporates revenue and expenditure estimates based upon the most current information available through late December. In the event that the Governor wants to change the budget presented to the Legislature, including adjustments resulting from changes in population, caseload or enrollment estimates, the Department of Finance proposes adjustments to the Legislature during budget hearings through Finance Letters. During late spring, usually May and June, the Department of Finance submits revised expenditure and revenue estimates for both the current and budget years to the Legislature. This update process is referred to as the May Revision. The Department of Finance also prepares monthly economic and cash revenue updates during the fiscal year. Listed below are the key documents used in the budget process.

| Title | Purpose | Prepared/Issued By | When |
|---|---|---|---|
| Budget Letters and Management Memos | Convey Administration guidelines for budget preparation to agencies and departments. | Governor/Department of Finance | January through December |
| Budget Change Proposal | Document which proposes to maintain or change the existing level of service. | Agencies and departments submit to Department of Finance for analysis | July through September |
| Governor's Budget | Governor's proposed budget for the upcoming fiscal year. | Governor/Department of Finance | January 10 |
| Governor's Budget Summary | A summary of the Governor's Budget. | Governor/Department of Finance | January 10 |
| Budget Bill | Requests spending authorization to carry out Governor's expenditure plan (legislative budget decision document). | Department of Finance/Legislature | January 10 |
| Budget Analysis | Analysis of the budget, including recommendations for changes to the Governor's Budget. | Legislative Analyst | February |
| May Revision of General Fund Revenues and Expenditures | Update of General Fund revenues, expenditures and reserve estimates based on the latest economic forecast. | Department of Finance | Mid-May |
| Budget Act | The primary annual expenditure authorization as approved by the Governor and Legislature, including a listing of Governor's vetoes. | Legislature/Governor | Late June |
| Final Budget Summary | Update of the individual Budget Act items with changes by the Governor's vetoes, including budget summary schedules. | Department of Finance | Late July–August |
| Final Change Book | Update of changes to the detailed fiscal information in the Governor's Budget. | Department of Finance | Late July–August |

# Glossary of Budget Terms

The following budgetary terms are used frequently throughout the Governor's Budget, the Governor's Budget Summary and the annual Budget (Appropriations) Bill. Definitions are provided for terminology which is common to all publications. For definitions of terms unique to a specific program area, please refer to the individual budget presentation of interest.

**Administration Program:**

The general program name used by departments for an accounting of central management costs such as the Director's Office, Legal Office, Personnel Office, Accounting and Business Services functions that generally serve the whole department, i.e., indirect or overhead costs.

``Administration-distributed'' is the general program name for the distribution of indirect costs to the direct program activities of a department. In most departments, all administrative costs are distributed to other programs.

**Allocation:**

A distribution of funds, or an expenditure limit established for an organizational unit or function.

**Appropriation:**

An authorization from a specific fund to a specific agency or program to make expenditures/incur obligations for a specified purpose and period of time. The Budget Act contains many appropriations, or items. These appropriation items are limited to one year, unless otherwise specified. Appropriations are made by the Legislature in the annual Budget Act and in other legislation. Continuous appropriations (see definition below) can be provided for by legislation or the California Constitution.

**Augmentation:**

An increase to an appropriation as provided by various control sections, Budget Bill language, or legislation.

**Authorized Positions:**

Those ongoing positions approved in the final budget of the preceding year less positions abolished because of continued, extended vacancy. The detail of authorized positions by classification is published in the Salaries and Wages Supplement for state organizations. Changes in authorized positions are listed following each department's budget presentation in the Governor's Budget. (See Proposed New Positions.)

**Balance Available:**

Generally, the portion of a fund balance which is available for appropriation. It is the excess of assets of a fund over its liabilities and reserves; or commonly called amount available for appropriation. It is also the unobligated balance of an appropriation.

**Baseline Budget:**

A baseline budget reflects the anticipated costs of carrying out the current level of service or activities as authorized by the Legislature. It may include an adjustment for cost increases, but does not include changes in level of service over that authorized by the Legislature.

**Budget, Program/Traditional:**

A plan of operation for a specific period of time expressed in financial terms. A *program budget* expresses the operating plan in terms of the costs of activities to be undertaken to achieve specific goals and objectives. A *traditional budget* expresses the plan in terms of the costs of the goods or services to be used to perform specific functions.

The Governor's Budget is primarily a program budget. However, a summary of proposed expenditures for goods and services (Summary by Object) is included for State Operations.

**Budget Bill/Act:**

The initial Budget Bill is prepared by the Department of Finance and is submitted to the Legislature in January accompanying the Governor's Budget. It is the Governor's proposal for spending authorization for the subsequent fiscal year. The Constitution requires the Legislature to pass the Budget Bill and forward it by June 15 to the Governor for signature. After signature by the Governor, the Budget Bill becomes the Budget Act. The Budget Act is the main legal authority to spend or obligate funds.

**Budget Change Proposal (BCP):**

A BCP is a proposal to change the level of service or funding sources for activities authorized by the Legislature, or to propose new program activities not currently authorized.

**Budget Year (BY):**

The next fiscal year beginning July 1 and ending June 30 for which the Governor's Budget is submitted. The year following the current fiscal year.

**Capital Outlay (CO):**

The expenditure of funds to acquire land or pay the cost of planning and construction of new buildings, or additions to and modification of existing buildings, and the equipment which is related to such construction.

**Carryover Appropriations:**

The balance of appropriations available for expenditure in years subsequent to the year of enactment.

**Category:**

A grouping of related objects of expenditure (goods or services), such as Personal Services, Operating Expenses and Equipment, and Special Items of Expense.

**Changes in Authorized Positions:**

A schedule included in each budget presentation in the Governor's Budget which reflects personnel staffing changes made subsequent to the adoption of the current year budget (transfers, positions established and selected reclassifications). It also includes proposed new positions and reductions of positions for the budget year.

**Character of Expenditure:**

A classification identifying the purpose of the expenditures. (See State Operations, Local Assistance or Capital Outlay.)

**Codes, Uniform:**

A set of codes, used in all major fiscal systems of California state government. These codes identify organizations, programs, funds, appropriation structures, receipts and line-item objects of expenditure. The Uniform Codes Manual, published by the Department of Finance, lists all such uniform codes. (See Section 1.50 of the Budget Act for an explanation of the codes used for Budget Act appropriation items.)

**Continuous Appropriation:**

Amount, specific or estimated, available each year under a permanent constitutional or statutory expenditure authorization which exists from year to year without further legislative action. The amount available may be a specific, recurring sum each year; all or a specified portion of the proceeds of specified revenues which have been dedicated permanently to a certain purpose; or whatever amount is required for the purpose as determined by formula—such as school apportionments.

**Control Sections, Budget Act:**

The Budget Act is divided into sections. Section 1.00 establishes a citation for the legislation. Section 1.50 provides a description of the format of the act. Section 2.00 contains the itemized appropriations. Sections 4.00 through 99.50 are general sections, also referred to as control sections, which generally provide additional authorizations or place additional restrictions on one or more of the itemized appropriations contained in Section 2.00.

**Cost of Living Adjustments (COLAs) Statutory/Discretionary:**

Increases provided in state-funded programs which include periodic adjustments predetermined in state law (statutory), e.g., K–12 education apportionments; and adjustments which may be established at optional levels (discretionary) by the Legislature each year.

**Current Year (CY):**

A term designating the operations of the present fiscal period, as opposed to the past or future periods (i.e., the time period we are in now). For the State, the fiscal year begins July 1 and ends the following June 30.

**Deficiency:**

A lack or shortage of (1) money in a fund, (2) expenditure authority due to an insufficient appropriation or (3) expenditure authority due to a cash problem, e.g., reimbursements not received on a timely basis.

**Encumbrance:**

An obligation placed on an appropriation to pay for goods or services which have been ordered by means of contracts, salary commitments, etc., but not yet received.

**Expenditure:**

Generally, this term designates the amount of an appropriation used for goods and services whether paid or unpaid, including expenses, provisions for debt retirement not reported as a liability of the fund from which retired, and capital outlays where the accounts are kept on an accrual basis or a modified accrual basis. Where the accounts are kept on a cash basis, the term designates only actual cash disbursements.

**Enrollment, Caseload, & Population (ECP):**

Adjustments that occur due to increases/decreases in enrollment for the educational segments, caseload adjustments for programs such as Medi-Cal and welfare programs, and population adjustments for state hospitals and youth and correctional facilities.

**Federal Funds:**

In state budget usage, this term describes all funds received directly from an agency of the federal government but not those received through other state departments. Generally, state departments must initially deposit such federal funds in the Federal Trust Fund, a fund in the State Treasury.

**Final Budget:**

The final budget is the Governor's Budget as amended by action taken on the Budget Bill. A Final Change Book is published by the Department of Finance after enactment of the Budget Act to reflect the changes made by the Legislature in their review of the Budget Bill and by the Governor by power of line item veto. It includes a detailed list of changes by item number.

**Finance Letters:**

Proposals made by the Director of Finance to the chairpersons of the committees in each house of the Legislature which consider appropriations to amend the Budget Bill and Governor's Budget from that submitted January 10 to reflect a revised plan of expenditure for the Current or Budget Year.

**Fiscal Year (FY):**

A 12-month state accounting period which varies from the calendar year and the federal fiscal year. In California State government, the fiscal year runs from July 1 through the following June 30. It is the period during which obligations are incurred, encumbrances are made and appropriations are expended. The Governor's Budget presents three years of detailed fiscal data for the past, current and budget years.

The state fiscal year is often referenced by the first calendar year of the fiscal year, e.g., ``'97'' or ``1997'' means the 1997–98 fiscal year. By contrast, the federal fiscal year is referenced by the last calendar year of the fiscal year, e.g., ``'98'' or ``1998'' means the 1997–98 fiscal year, and lasts from October 1, 1997 through September 30, 1998.

**Fund:**

A legal entity that provides for the segregation of moneys or other resources in the State Treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specified fund income or expenditures.

(See ``Description of Fund Classifications in State Treasury,'' which follows in this volume.)

**Fund Balance:**

Excess of the assets of a fund over its liabilities. (See ``Balance Available.'')

**Fund Condition Statement:**

A statement included in the Governor's Budget for the General Fund, special funds, special accounts in the General Fund, and selected bond funds and nongovernmental cost funds to disclose beginning reserves, revenues and transfers, expenditures, fund balance, and ending reserves.

**General Fund (GF):**

The General Fund is the predominant fund for financing state government programs. It is used to account for revenues which are not specifically designated to be accounted for by any other fund. The primary sources of revenue for the General Fund are the personal income tax, sales tax and bank and corporation taxes. A complete itemization of the revenue sources are listed in Summary Schedule 8. The General Fund is used as the major funding source for education (K–12 and higher education), health and welfare programs, youth and adult correctional programs and tax relief. Summary Schedule 9 provides a listing of expenditures for the General Fund.

**Intraschedule Transfer:**

A control section of the Budget Act authorizes the Department of Finance to augment or reduce any program, project, or function by transfer from any

other program, or project or function within the same appropriation.

Generally, transfers cannot exceed, in the aggregate, 20 percent of the amount scheduled. Lower limits exist for appropriations which exceed $2,000,000.

**Item:**

(See ``Appropriation.'')

**Governmental Cost Funds:**

(See ``Special Funds.'')

**Limited-Term Positions:**

A limited-term position is any position which has been authorized for a specific length of time with a set termination date. Limited-term positions may be authorized during the budget enactment process or in transactions approved by the Department of Finance.

**Line-Item:**

(See ``Objects.'')

**Local Assistance:**

Expenditures made for the support of local government activities.

**Local Mandates:**

(See ``State-Mandated Local Program.'')

**May Revision:**

An annual update to the Governor's proposed January budget containing revised General Fund revenues, and specified expenditures for the Governor's Budget. The Department of Finance is required to submit its May Revision to the Legislature by May 14.

**Merit Salary Adjustment:**

A cost factor resulting from the periodic increase in salaries paid to personnel occupying authorized positions. Personnel generally receive a salary adjustment of 5 percent per year to recognize proficiency in the work performed up to the upper salary limit of the classification.

**Minor Capital Outlay:**

Minor Capital Outlay consists of construction projects or equipment acquired to complete a construction project estimated to cost less than $250,000.

**Objects (line-items):**

A subclassification of expenditures based on type of goods or services. For example, the Personal Services category includes the objects of Salaries and Wages and Staff Benefits. These may be further subdivided into line items such as State Employees' Retirement, Workers' Compensation, etc. Objects do not reflect a function or purpose to be served by the expenditure. A Summary by Object is provided for each department's budget in the Governor's Budget for State Operations and Local Assistance, where applicable. The Department of Finance publishes a Uniform Codes Manual which reflects the standard line-item objects of expenditure.

**Past Year (PY):**

The fiscal year just completed. (See Fiscal Year.)

**Personnel Years:**

The actual or estimated portion of a position expended for the performance of work. For example, a full-time position which was filled by an employee for half of a year would result in an expenditure of 0.5 personnel years.

**Positions:**

(See ``Authorized Positions.'')

**Programs:**

The activities of an organization grouped on the basis of common objectives. Programs are comprised of elements, which can be further divided into components and tasks (the lowest defined program activity).

**Proposed New Positions:**

A request for an authorization for the employment of additional people for the performance of work. Proposed new positions may be for limited time periods (limited-term) and for full or less than full-time. Proposed new positions may be for an authorization sufficient to employ one person, or for a sum of funds (blanket) from which several people may be employed.

**Proposition 98:**

An initiative passed in the November 1988, and amended in the June 1990, election which provides a minimum funding guarantee for school districts, community college districts, and other state agencies that provide direct elementary and secondary instructional programs for Kindergarten through grade 14 (K–14) beginning with

fiscal year 1988–89. Also used to refer to any expenditures which fulfill the guarantee.

**Reappropriation:**

The extension of the availability of an appropriation for expenditure beyond its set termination date, usually for the same purpose. Reappropriations are usually authorized by the Legislature for one year extensions at a time.

**Receipts:**

Describes an increase in the assets of a fund including revenues as well as transfers from other funds, federal receipts and fund reimbursements.

**Reconciliation With Appropriations:**

A statement in each budget presentation which sets forth the source and amount of appropriations, by fund, available to the department and the disposition of such appropriated funds. Statements are presented by fund for each character of expenditure, i.e., State Operations, Local Assistance and Capital Outlay.

**Reimbursements:**

Amount received as a repayment of the cost of work, or service performed, or of other expenditures made for or on behalf of another governmental unit or department. Reimbursements represent the recovery of an expenditure. Reimbursements are available for expenditure in accordance with the budgeted amount (scheduled in an appropriation).

**Reserve:**

An amount set aside in a fund balance to provide for expenditures from the unencumbered balances of continuing appropriations, economic uncertainties, future apportionments, pending salary or price increase appropriations and appropriations for capital outlay projects.

**Revenue:**

The addition of cash or other current assets of governmental costs funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees or investment earnings. Revenues are deposited in a fund for future appropriation.

**Reversion:**

The return of the unused portion of an appropriation to the fund from which the appropriation was made. The undisbursed portion of an appropriation reverts two years (four years for federal funds) after the last day of availability for encumbrance. The Budget Act often provides for the reversion of unused portions of appropriations when such reversion is to be made prior to the statutory limit.

**Salary Savings:**

Salary savings reflects personnel cost savings resulting from vacancies and downward reclassifications as a result of turnover of employees. The amount of budgeted salary savings is an estimate generally based on past experience.

**Special Fund for Economic Uncertainties:**

Statutes and the control sections of the Budget Act provide for the establishment of a Special Fund for Economic Uncertainties in the General Fund and a reserve for economic uncertainties in each special fund to provide for emergency situations.

**Special Funds:**

Special Funds is a generic term used for ``governmental cost funds'' other than the General Fund. Governmental cost funds generally are commonly defined as those funds used to account for revenues from taxes, licenses and fees where the use of such revenues is restricted by law for particular functions or activities of government. Examples of Special Funds are the transportation funds, fish and game funds and the professions and vocations funds. Revenues, expenditures and the condition of Special Funds are summarized in Schedules 8, 9 and 10 in the Governor's Budget Summary.

**Staff Benefits:**

An object of expenditure for the state costs of contributions for employees' retirement, OASDI, health and welfare benefits, workers' compensation, unemployment insurance, industrial disability leave benefits and nonindustrial disability leave benefits.

**State Appropriations Limit (SAL):**

The State Appropriations Limit is defined in Section 8 of Article XIII B of the California Constitution. It was enacted by the passage of Proposition 4 at the November 6, 1979, general election. This initiative imposed a limit on the annual growth in the level of certain appropriations from tax proceeds. The growth in the appropriations limit is calculated using the prior year's limit, adjusted for changes in the cost of living and the change in population.

Other adjustments may be made for such reasons as the transfer of services from one governmental entity to another.

**State-Mandated Local Program:**

State reimbursements to local governments for the cost of activities required by legislative and executive acts. This requirement was established by Chapter 1406, Statutes of 1972 (SB 90) and further ratified by the adoption of Proposition 4 (a constitutional amendment) at the November 6, 1979, general election. (See ``Governor's Budget: 8885 Commission on State Mandates.'')

**State Operations:**

Expenditures for the support of state government, exclusive of capital outlay and expenditures for local government activities.

**Summary by Object:**

A summary of actual past year and estimated current and budget year expenditures for goods and services for each organization presented for State Operations, Local Assistance and Capital Outlay expenditures.

**Summary of Program Requirements:**

At the front of each departmental budget is a Summary of Program Requirements. It presents the various departmental programs by title, dollar totals, personnel years, and source of funds for the past, current and budget years.

**Summary Schedules:**

The Governor's Budget Summary includes schedules which summarize state revenues, expenditures and other fiscal and personnel data for the past, current and budget years.

**Tax Expenditures:**

Subsidies provided through the taxation systems.

**Transfers:**

As reflected in fund condition statements, transfers reflect the movement of resources from one fund to another based on statutory authorization or specific legislative transfer authority.

**Unencumbered Balance:**

The balance of an appropriation after encumbrances (balances on Controller's records after accruals are posted).

# Description of Fund Classifications in the Treasury

Revenues and expenditures in the program budget and the summary schedules reflect the activities of many separate funds. Summary Schedule 10 provides a complete list of governmental cost funds. The Index lists those funds for which Fund Conditions are included in the budget and references the page number. General Fund and Special Fund expenditures represent the cost of government and are included in budget totals, and along with selected Bond Funds, are included in the overall expenditure totals.

**General Fund.** Used to account for all revenues and activities financed therefrom which are not required by law to be accounted by any other fund. Most state expenditures are financed from the General Fund. Normally, the only difference between the General Fund and the other governmental costs funds is the restriction placed on the use of the other governmental cost funds.

**Special Funds.** Consists of governmental cost funds used to account for taxes and revenues which are restricted by law for particular functions or activities of government. The funds included in these classifications are primarily for the regulation of businesses, professions and vocations; transportation; law enforcement; and capital outlay.

**General Fund Special Accounts.** Legislatively created accounts or dedicated revenues within the General Fund. Moneys credited to such accounts may be used only for the purposes specified in the legislation. As a result of Chapter 942, Statutes of 1977, these special accounts are treated as special funds, and revenues and expenditures are included in the special fund totals in the summary schedules of the budget. They are therefore excluded from the General Fund unrestricted revenues, expenditures and reserves.

**Other Funds.** Expenditures from funds which do not represent a cost of government are not included in the budget totals. They consist of moneys which were derived from sources other than general or special taxes, licenses, fees or other state revenues. Included are receipts from the Federal Government, funds created for accounting purposes, receipts from sale of lands, or moneys held in trust. These funds are segregated into the following classifications:

**Working Capital and Revolving Funds.** Funds created to finance internal service activities rendered by a state agency to other state agencies or to local governments for which charges are made at cost. The charges are reflected as expenditures in the budget of the agency receiving the commodity or service.

**Public Service Enterprise Funds.** Self-supporting activities operated by the State for the benefit of the public. Funds are derived from charges to those who use the service and no support is derived from taxes, licenses or other state revenues.

**Bond Funds.** Used to account for the receipt and disbursement of proceeds from the sale of bonds and to finance projects for which the bonds were authorized. Expenditures are considered a cost of government at the time interest payments are made and as the bonds are redeemed.

**Retirement Funds.** Moneys held in trust by the State for retirement benefit payments.

**Trust and Agency Funds.** Funds holding moneys in trust pending disbursements to trustors, moneys received from the Federal Government to be expended for specific purposes, and other funds which do not derive their sources from taxes or other state revenues, or are in the nature of transitory funds created for the convenience of accounting receipts or disbursements which are not necessarily revenues or expenditures.

**Selected Bond Funds.** Selected bond funds are General Obligation Bond funds which are nonself-liquidating. Included in the overall expenditure totals of Schedules 1 and 9 for budget purposes are expenditures from the selected bond funds. The following page provides a complete listing of those selected bond funds.

| Fund No. | Fund Name |
|---|---|
| 6004 | Agriculture and Open Space Mapping Subaccount |
| 6011 | Arroyo Pasajero Watershed Subaccount |
| 0546 | Bay-Delta Ecosystem Restoration Account |
| 6026 | Bay-Delta Multipurpose Water Management Subaccount |
| 0743 | Bond Proceeds Account, State School Building Lease-Purchase Fund |
| 0404 | Central Valley Project Improvement Subaccount |
| 0703 | Clean Air and Transportation Improvement Fund |
| 0740 | Clean Water Bond Fund of 1984, State |
| 0737 | Clean Water and Water Conservation Fund, State |
| 0764 | Clean Water and Water Reclamation Fund of 1988 |
| 0730 | Coastal Conservancy Fund of 1984, State |
| 6022 | Coastal Nonpoint Source Control Subaccount |
| 6018 | Coastal Watershed Salmon Habitat Subaccount |
| 0297 | Community and Economic Development Fund |
| 0716 | Community Parklands Fund |
| 6025 | Conjunctive Use Subaccount |
| 0711 | County Correctional Facility Capital Expenditure Fund of 1986 |
| 0796 | County Correctional Facility Capital Expenditure and Youth Facility Bond Fund of 1988 |
| 0409 | Delta Levee Rehabilitation Subaccount [1] |
| 0414 | Delta Recreation Subaccount |
| 0423 | Delta Tributary Watershed Subaccount [1] |
| 0422 | Drainage Management Subaccount [1] |
| 0788 | Earthquake Safety and Housing Rehabilitation Bond Account, Housing Rehabilitation Loan Fund, California |
| 0768 | Earthquake Safety and Public Building Rehabilitation Fund of 1990 |
| 0445 | Feasibility Projects Subaccount [1] |
| 6006 | Flood Control Subvention Subaccount |
| 6003 | Floodplain Mapping Subaccount |
| 6005 | Flood Protection Corridor Subaccount |
| 0748 | Fish and Wildlife Habitat Enhancement Fund |
| 0710 | Hazardous Substance Cleanup Fund |
| 0782 | Higher Education Capital Outlay Bond Fund |
| 0785 | Higher Education Capital Outlay Bond Fund, 1988 |
| 0791 | Higher Education Capital Outlay Fund, June 1990 |
| 0705 | Higher Education Capital Outlay Bond Fund of 1992 |
| 0658 | Higher Education Capital Outlay Bond Fund of 1996 |
| 0574 | Higher Education Capital Outlay Bond Fund of 1998 |
| 0714 | Home Building and Rehabilitation Fund |
| 6027 | Interim Water Supply and Water Quality Infrastructure and Management Subaccount |
| 6017 | Lake Elsinore and San Jacinto Watershed Subaccount |
| 0720 | Lake Tahoe Acquisition Fund |
| 0443 | Lake Tahoe Water Quality Subaccount [1] |
| 0794 | Library Construction and Renovation Fund, California |
| 0543 | Local Projects Subaccount [1] |
| 0723 | New Prison Construction Fund |
| 6019 | Nonpoint Source Pollution Control Subaccount |
| 0722 | Parkland Fund of 1984 |
| 0751 | Prison Construction Bond Fund of 1990 |
| 0746 | Prison Construction Fund of 1986 |
| 6000 | Public Library Construction and Renovation Fund, California |
| 0728 | Recreation and Fish and Wildlife Enhancement Fund |
| 0545 | River Parkway Subaccount [1] |
| 6015 | River Protection Subaccount |
| 0544 | Sacramento Valley Water Management and Habitat Project Subaccount [1] |
| 6001 | Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund |
| 0707 | Safe Drinking Water Fund, California |
| 0793 | Safe Drinking Water Fund of 1988, California |
| 0005 | Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund |
| 6016 | Santa Ana River Watershed Subaccount |
| 6009 | San Lorenzo River Flood Control Subaccount |
| 0424 | Seawater Intrusion Control Subaccount [1] |
| 0653 | Seismic Retrofit Bond Fund of 1996 |

| Fund No. | Fund Name |
|---|---|
| 0418 | Small Communities Grant Subaccount [1] |
| 0413 | South Delta Barriers Subaccount [1] |
| 6008 | State Capital Protection Subaccount |
| 0417 | State Revolving Fund Loan Subaccount [1] |
| 6020 | State Revolving Fund Loan Subaccount |
| 0119 | State School Facilities Fund, 1998 |
| 0742 | Urban and Coastal Park Fund, State |
| 6007 | Urban Stream Restoration Subaccount |
| 6021 | Wastewater Construction Grant Subaccount |
| 6014 | Water and Watershed Education Subaccount |
| 6023 | Water Conservation Account |
| 0446 | Water Conservation and Groundwater Recharge Subaccount [1] |
| 0790 | Water Conservation Fund of 1988 |
| 0744 | Water Conservation and Water Quality Bond Fund of 1986 |
| 0419 | Water Recycling Subaccount [1] |
| 6013 | Watershed Protection Subaccount |
| 0786 | Wildlife, Coastal and Park Land Conservation Fund of 1988, California |
| 6010 | Yuba Feather Flood Protection Subaccount |

[1] Account or subaccount of Safe, Clean, Reliable, Water Supply Fund

# Description of Key Schedules

The Budget Summary includes summary information in various schedules. The following schedules are those which may be the most useful for the public, private sector, or other levels of government.

**SCHEDULE 1.** *General Budget Summary*—Provides for a summary of total statewide revenues and expenditures for the General Fund and Special funds plus expenditure totals for the Selected Bond funds.

**SCHEDULE 2.** *Total State Spending Plan*—Provides in a single schedule the State's total spending plan. In addition to the General Fund, Special funds, and Selected Bond funds, expenditures from Nongovernmental Cost funds, Federal funds, and Reimbursements are shown.

**SCHEDULE 3A.** *Total State Spending Plan by Generally Accepted Accounting Principles (GAAP) Fund Classification*—Provides in a single schedule the State's Total Spending Plan (Schedule 2) rearranged into GAAP Fund Classifications.

**SCHEDULE 3B.** *Comparison of California's Current Fund Structure and GAAP Fund Structure*—Provides a comparison of California's Current Fund Structure to GAAP Fund Classifications.

**SCHEDULE 4.** *Personnel Years and Salary Cost Estimates*—Provides personnel year data and corresponding dollar amounts by functional breakdown and position classifications. This schedule reflects net data after salary savings.

**SCHEDULE 5A.** *Statement of Estimated Accounts Payable and Accounts Receivable*—Provides actual payable and receivable amounts as of June 30, 2000, and estimated amounts for June 30, 2001, and June 30, 2002.

**SCHEDULE 5B.** *1999–00 Cashflow Statement*—Provides actual receipts, disbursements, borrowable resources, and loan balances for fiscal year 1999–00.

**SCHEDULE 5C.** *2000–01 Cashflow Statement*—Provides projected receipts, disbursements, borrowable resources, and loan balances for fiscal year 2000–01.

**SCHEDULE 5D.** *2001–02 Cashflow Statement*—Provides projected receipts, disbursements, borrowable resources, and loan balances for fiscal year 2001–02.

**SCHEDULE 6.** *Summary of State Population, Employees, and Expenditures*—Provides historical data of State population, employees and expenditures.

**SCHEDULE 7.** *General Fund: Statement of Financial Condition*—Provides the financial condition of the General Fund as of June 30 from the most recently available information from the State Controller.

**SCHEDULE 8.** *Comparative Statement of Revenues*—Provides General Fund and Special fund revenue detailed amounts within three main breakdowns of: (1) major taxes and licenses, (2) other revenues, and (3) transfers.

**SCHEDULE 9.** *Comparative Statement of Expenditures*—Provides a listing of expenditures in the same order as the printing of budgets displayed in the Governor's Budget for the General Fund, Special funds, selected Bond funds and Federal funds for State Operations, Local Assistance, Capital Outlay, and Unclassified.

**SCHEDULE 10.** *Summary of Fund Condition Statements*—Provides for the General Fund and each Special fund the beginning reserve, income, expenditures, transfers, and ending reserve for each of the three fiscal years displayed in the Governor's Budget.

**SCHEDULE 11.** *Statement of General Obligation Bond and Commercial Paper Debt of the State of California*—Provides a listing of all general obligation bonds including maturity dates, authorized amount of bond issues, amounts of unissued bonds, redemptions and outstanding issues. It also provides a listing of authorized and outstanding commercial paper which is issued in-lieu of general obligation bonds.

**SCHEDULE 12A.** *State Appropriations Limit (SAL) Summary*—Provides a summary of Schedules 12B through 12E, calculates the SAL Appropriations, displays the SAL Limit, and calculates the SAL Limit Room or Surplus.

**SCHEDULE 12B.** *Revenues to Excluded Funds*—Provides a listing of revenues to special funds that are not included in the calculation of total appropriations subject to the State Appropriations Limit.

**SCHEDULE 12C.** *Non-tax Revenues in Funds Subject to Limit*—Provides a total of nontax revenues for General and Special funds deposited in funds that are included in the calculation of total appropriations subject to the State Appropriations Limit.

**SCHEDULE 12D.** *State Appropriations Limit, Transfer from Excluded Funds to Included Funds*—Provides the detail of transfers between funds that are used in calculating the appropriations subject to the State Appropriations Limit.

**SCHEDULE 12E.** *Excluded Appropriations*—Provides a distribution of exclusions from appropriations subject to the State Appropriations Limit.

# STANDARD FOOTNOTES

## FUND CLASSIFICATIONS

[b] Bond Fund (included in budget expenditure totals, i.e. governmental cost fund totals).

[f] Federal Funds (not included in budget expenditure totals, i.e. governmental cost fund totals).

[g] General Fund (included in budget expenditure totals, i.e. governmental cost fund totals).

[n] Non-Governmental Cost Fund (not included in budget expenditure totals, i.e. governmental cost fund totals).

[s] Special Fund (included in budget expenditure totals, i.e. governmental cost fund totals).

***Various Capital Outlay budgets use footnotes that do not conform to the standard footnotes listed above.***

## PURPOSE OF EXPENDITURE (The following footnotes are for Capital Outlay only)

[A] Acquisition

[B] Costs reflect conceptual estimates; refined budget package estimates are under development by the Department of General Services

[C] Construction

[D] Demolition

[E] Equipment

[L] Lease Purchase

[M] Master Planning

[O] Other (e.g. California Environmental Quality Act)

[P] Preliminary Plans

[R] Relocation Cost

[S] Study

[W] Working Drawings

# INDEX OF ORGANIZATIONS AND FUNDS
# 2001–02
# GOVERNOR'S BUDGET

This Index lists organizations and fund condition statements in alphabetical order. The four-digit organization code represents the number assigned to a department or budget entity in the State Uniform Codes Manual. For ease of reference, budgets are in numerical order in the Governor's Budget, and the organization code appears at the top of each page. The fund condition statements reflect the organization code of the budget entity to which they pertain.

| Department/*Fund Condition Statement* | *Organization Code* |
|---|---|
| **A** | |
| *Abandoned Watercraft Abatement Fund (0577)* | 3680 |
| **Academic Content and Performance Standards, Commission for the Establishment of** | 6115 |

## 0150 CONTRIBUTIONS TO THE LEGISLATORS' RETIREMENT SYSTEM

Established in 1947, the Legislators' Retirement System (LRS) provides retirement and death benefits for legislators, constitutional officers, and legislative statutory officers. Chapter 937, Statutes of 1977, established the State's contribution rate at 18.81 percent of payroll. The LRS also is financed through member contributions of 4 percent for members enrolled prior to March 4, 1972, and 8 percent for members enrolled thereafter, and through investment earnings. Administration of the LRS is provided by the Public Employees' Retirement System (CalPERS). Retirement benefits paid are based upon age, years of service, and compensation. For members of the Legislature and constitutional officers, benefits are modified according to the actual calendar years that the service was performed. Survivors, death, and disability benefits also are provided under specific conditions.

Pursuant to Proposition 140, approved by the electorate on November 6, 1990, legislators taking office for the first time after November 6, 1990 are not eligible for participation in the LRS.

Chapter 897, Statutes of 1999, eliminated the State's statutorily specified contribution rate to the LRS and instead requires the State's contribution to be actuarially determined. This Chapter, upon approval of the CalPERS Board of Administration, also allowed the reduction of member contributions when the State contribution is zero percent (0%). Since the LRS is currently super-funded, this Chapter effectively reduced General Fund contributions and member contributions to zero in 2000–01 and 2001–02. The LRS will pay approximately $7.0 million in benefits to annuitants in 2001–02. The CalPERS is requesting $234,000 for administrative costs.

## 0160 LEGISLATIVE COUNSEL BUREAU

The Legislative Counsel Bureau provides legal assistance to the two houses of the Legislature and their members and committees in resolving a large volume of complex legal problems arising in connection with the legislative process, all of which must be resolved within a critical time span. The legal services furnished include rendering opinions, drafting bills, counseling, attendance as counsel at meetings of legislative committees, and representing the Legislature in litigation. The attorney-client relationship is maintained, and all work is confidential.

In addition, the bureau prepares and provides necessary indices and appropriate tables necessary to identify legislative measures, and compiles and indexes statutes and codes.

The bureau operates a data center which is used for the legislative information system and the processing of legislative measures.

## 0250 JUDICIAL

Article VI of the Constitution creates the Supreme Court of California and the Courts of Appeal to exercise the judicial power of the state at the appellate level. Article VI also creates the Judicial Council of California to administer the state's judicial system. Pursuant to Proposition 190 which amended the California Constitution, Article VI, Section 18(1), the budget for the Commission on Judicial Performance is separate from the budget of any other state agency or court. Therefore, the expenditures for that budget are under the Commission on Judicial Performance (0280). Chapter 869, Statutes of 1997, created the California Habeas Corpus Resource Center to represent any person financially unable to employ appellate counsel in capital cases.

## 0250 JUDICIAL—Continued

### 10 SUPREME COURT

#### Program Objectives Statement

The Supreme Court is the highest court in the California judicial system. The Chief Justice of California and the six Associate Justices entertain petitions seeking review of decisions from the Courts of Appeal, original petitions for extraordinary relief (such as writs of mandate or habeas corpus), and recommendations for discipline of judicial officers and attorneys. The Court grants review and issues opinions in order to settle legal questions of statewide importance. In addition, under the state constitution, all death penalty judgments are appealed directly to the Supreme Court.

#### Major Budget Adjustments Proposed for 2001–02

- $661,000 and 5.0 positions (4.8 personnel years) to address increased workloads of the Automatic Appeals Unit and the Criminal Central Staff.
- $391,000 to cover increased costs of legal books and subscriptions.
- $184,000 to fund on-going costs in temporary help, overtime, and general expense resulting from increases in filings and public requests for information.
- $4,000 to fund pay differentials for judicial officers.
- $1.314 million for increases in the cost of court-appointed counsel services.

### 20 COURTS OF APPEAL

#### Program Objectives Statement

The six District Courts of Appeal hear appeals and original proceedings at nine different locations around the State of California. Cases before the Courts of Appeal involve every area of civil and criminal law. There is an average of 195 notices of appeal per justice and each justice issues an average of 142 written opinions per year.

#### Major Budget Adjustments Proposed for 2001–02

- $154,000 and 2.5 positions (2.4 personnel years) to address increased, ongoing appellate workloads.
- $150,000 for settlement-conference training.
- $84,000 and 1.0 position (0.9 personnel year) to address the increased judicial clerical workload.
- $459,000 to provide additional office space for new appellate court justices.
- $20,000 for pay differentials for judicial officers.
- $653,000 for increases in the cost of court-appointed counsel services.

### 30 JUDICIAL COUNCIL

#### Program Objectives Statement

The Judicial Council of California is the constitutional policy making body for the state judiciary. The Council consists of 21 voting members and six advisory members; the Chief Justice of California serves as chair. The Administrative Office of the Courts is the administrative arm of the Council. This office provides policy support to the Council, administrative accountability in the operation of the courts as specified by law, and administrative support for courts in areas such as budget, coordination of the assignment of retired judges, technology, education and research.

#### Major Budget Adjustments Proposed for 2001–02

- $1,882,000 and 3.0 positions (2.8 personnel years) to initiate an external fiscal review and audit process for the trial courts.
- $210,000 and 2.0 positions (1.9 personnel years) to staff a consolidated grant management unit to monitor compliance of grants and standardize grant administration practices.
- $330,000 and 3.0 positions (2.8 personnel years) for the Accounting Unit to provide adequate management, staffing and an acceptable customer service level to the trial courts.
- $232,000 and 2.0 positions (1.9 personnel years) to implement a statistical indicator system to research family, juvenile, mental health, probate and domestic violence cases.
- $424,000 and 4.0 positions (3.8 personnel years) to provide improvements in programming, design, delivery and content development for the two court web sites.
- $207,000 and 2.0 positions (1.9 personnel years) for an attorney and support staff to provide legal services to the trial courts and others in procurement and contracting transactions.
- $112,000 and 1.0 position (0.9 personnel year) to improve the collection and analysis of data on court operations and provide this information to the courts in a timely manner.
- $103,000 for a contractual court fellow to serve as a field representative to the trial courts in implementing the provisions of the Trial Court Funding Act pursuant to Chapter 850, Statutes of 1997.
- $204,000 for additional costs related to test development and administration of the court interpreters program.
- $218,000 and 2.0 positions (1.9 personnel years) to establish successful practices for the trial courts and assist in their implementation.
- $356,000 and 3.0 positions (2.8 personnel years) to provide increased services for recruitment, test validation, compensation and appellate courts liaison supervision.
- $91,000 and 1.0 position (0.9 personnel year) to address the increased demand for conferences, meetings and travel services in a timely and efficient manner.
- $110,000 and 1.0 position (0.9 personnel year) for the development and implementation of procedures and policies related to judicial branch procurement and contracting activities.
- $381,000 for an annual equipment replacement program to replace equipment that has reached the end of its useful life and increase office productivity.
- $675,000 to recruit, train and supervise additional volunteers who have been selected for the Court Appointed Special Advocates (CASA) Grants Project.

*** Dollars in thousands, except in Salary Range.**

## 0250 JUDICIAL—Continued

- $832,000 to establish pilot projects to determine the effectiveness of five different models of court-based self-help programs for low-income persons.
- $605,000 for the AB 1058 Child Support Program that increases expenditure authority for child support commissioner salary increases and a guideline study.
- $5.0 million increase in the Equal Access Fund to provide additional legal representation for unrepresented indigent litigants.
- $2,148,000 and 18.5 positions (17.6 personnel years) to provide training, counsel and support to the trial courts in complying with the Trial Court Employment and Governance Act.
- $232,000 and 2.0 positions (1.9 personnel years) to provide for increased training and utilization of the current PeopleSoft Human Resources Management System.

## 50 HABEAS CORPUS RESOURCE CENTER

### Program Objectives Statement

The Habeas Corpus Resource Center provides legal representation for indigent petitioners in death penalty habeas corpus proceedings before the Supreme Court of California and the federal courts. The Center also recruits and trains attorneys to expand the pool of private counsel qualified to accept appointments in death penalty habeas corpus proceedings, serves as a resource to them, and thereby helps to reduce the number of unrepresented indigents on California's death row.

### Major Budget Adjustments Proposed for 2001–02

- $125,000 to conduct additional training.
- $331,000 and 2.0 positions (1.9 personnel years) to provide Information Systems support.
- $223,000 for additional office space.
- $91,000 to fund geographic salary differentials.

## 0280 COMMISSION ON JUDICIAL PERFORMANCE

Article VI of the State Constitution creates the Commission on Judicial Performance to consider complaints against judges.

Pursuant to Proposition 190 which amended the California Constitution, Article VI, Section 18(*l*), the budget of the Commission on Judicial Performance shall be separate from the budget of any other state agency or court.

## 0390 CONTRIBUTIONS TO THE JUDGES' RETIREMENT SYSTEM

The Judges' Retirement System (JRS) provides retirement benefit funding for California's Supreme and Appellate Court Judges and Superior and Municipal Court Judges. The JRS retirement benefits are based on age, years of service, compensation of active judges, and eligibility as determined by specific sections of the Judges' Retirement Law. Survivors, death, and disability benefits also are provided under specific conditions. The JRS receives contributions equal to eight percent of salary from both active judges and the State. Additional contributions come from filing fees from specific civil cases, investment income, and State General Fund. These contributions, however, are insufficient to fully fund benefit payments. Consequently, current law requires the State to fund the deficiency between existing contribution resources and the required benefit payments to annuitants (Government Code Section 75107).

Chapter 879, Statutes of 1994, established the Judges' Retirement System II (JRS II). All new judges elected or appointed on or after November 9, 1994, become members of JRS II. It is anticipated that JRS II will be fully funded from employer and member contributions on a prospective basis, thereby eliminating the ''pay-as-you-go'' feature characteristic of the original JRS program (JRS I). JRS II members also have the option of choosing a monetary credit plan (includes a lump-sum return of contributions and interest earned) or the defined benefit plan.

For 2001–02, the budget proposes a total of $77.5 million General Fund; $24.5 million for the State's contribution for sitting judges, and $53.0 million to pay benefits to retired judges.

The budget provides contributions for the following number of judges by type of court:

| Type of Court | Number of Judges | | |
|---|---|---|---|
| | *1999–00* | *2000–01* | *2001–02* |
| Supreme | 7 | 7 | 7 |
| Appellate | 93 | 105 | 105 |
| Local Assistance: | | | |
| Superior | 1,273 | 1,469 | 1,469 |
| Municipal | 207 | 31 | 31 |
| Totals | 1,580 | 1,612 | 1,612 |

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0450 STATE TRIAL COURT FUNDING

Chapter 850, Statutes of 1997, enacted the Lockyer-Isenberg Trial Court Funding Act of 1997 to provide a stable and consistent funding source for the trial courts. Beginning with the 1997–98 fiscal year, consolidation of the costs of operation of the trial courts was implemented at the state level, with the exception of facility, revenue collection, and local judicial benefit costs. This implementation capped the counties' general purpose revenue contributions to trial court costs at a revised 1994–95 level. The county contributions become part of the Trial Court Trust Fund, which supports all trial court operations. Fine and penalty revenue collected by each county is retained, and each county makes quarterly payments to the Trial Court Trust Fund equal to the fine and penalty revenue received by the State General Fund in 1994–95.

### TRIAL COURT FUNDING

## 0450 STATE TRIAL COURT FUNDING—Continued

### 10 SUPPORT FOR THE OPERATION OF THE TRIAL COURTS

#### Program Objectives Statement

This program's objective is to provide the resources necessary for the adjudication of civil and criminal cases in the state's countywide trial court systems. This program includes all allowable trial court administrative costs under Chapter 850, Statutes of 1997, except salaries and benefits of superior court judges, compensation for assigned judges, and support for language interpreters. This program is based on an earlier program, "Block Grants for Trial Courts," and was introduced as a replacement for block grant funding. Implementation of Chapter 850 and Trial Court Reform continues the transition from functional budgeting toward programmatic budgeting for the state trial courts.

#### Major Budget Adjustments Proposed for 2001–02

- $22,481,000 to fund both cost increases and additional levels of service for security, including contractual services and security equipment.
- $3,000,000 for Family and Children-related court programs and services, including family, juvenile, mental health, and probate/guardianship proceedings.
- $3,857,000 to address increased costs associated with appointment of counsel for juvenile dependency proceedings in 38 trial court systems.
- $8,114,000 to address increased charges for county-provided services, primarily for Auditor/Controller, Communications, Information Technology, Janitorial, Personnel, and Risk Management services.
- $4,217,000 to fund the second year of the two-year phase-in of costs for implementation of the one-day/one-trial system.
- $3,000,000 for support of operating expenses and staffing of various administrative operations throughout the statewide trial court system.
- $4,642,000 for Rule 810 allowable infrastructure improvements to address various trial court facilities throughout the statewide system.
- $3,600,000 for additional costs for appointed counsel and Court Appointed Special Advocates for Children in dependency proceedings to comply with the provisions of Chapter 450, Statutes of 2000.
- $3,452,000 to implement the provisions of the Trial Court Employment and Governance Act pursuant to Chapter 1010, Statutes of 2000.
- $94,000 for pay differentials for presiding judicial officers.

### 25 SALARIES FOR SUPERIOR COURT JUDGES

#### Program Objectives Statement

This program provides funding for the salaries and state benefits for Superior Court judges. Proposition 220, which was approved by the voters in 1998, provides for the unification of municipal and superior courts into a single superior court in each county. In doing so, court unification will result in higher salary costs as former municipal judgeships now become unified superior court judgeships with the commensurate superior court judges' salary and benefits.

### 35 ASSIGNED JUDGES

#### Program Objectives Statement

This program provides support for the salaries and related costs of retired as well as active judges who are assigned by the Chief Justice to positions in courts which require assistance due to caseload backlogs or other factors impacting the ability of a court to avoid case delay.

### 45 COURT INTERPRETERS

#### Program Objectives Statement

This program supports the provision of qualified language interpreters in criminal or juvenile proceedings as required by statute.

#### Major Budget Adjustment Proposed for 2001–02

- $3,663,000 for interpreter services to fund workload growth in the trial courts.

---

## Governor's Office
# 0505 DEPARTMENT OF INFORMATION TECHNOLOGY

The Department of Information Technology, created by Executive Order and placed in statute by SB 1 (Chapter 508, Statutes of 1995) assumed responsibility for the strategic direction and oversight of the State's significant investment in information technology, effective January 1, 1996. Under SB 1, authorization for the Department would have sunset on July 1, 2000. However, AB 1686 (Chapter 873, 1999) extends the sunset date to July 1, 2002. The Department is charged with providing leadership, guidance, statewide coordination and oversight of information technology in state government. The Department is responsible for: developing strategic plans and policies to support and promote effective application of information technology within state government; overseeing the consolidation of information technology resources; evaluating and monitoring the implementation of agency and department information technology initiatives; improving information technology support processes including procurement, project management and risk management; and for the creation of user and other advisory committees to support these objectives.

### Authority

Government Code Section 11700 et seq.

## Governor's Office
## 0520 SECRETARY FOR BUSINESS, TRANSPORTATION AND HOUSING

The strength of California's economy depends on efficient markets and sound infrastructure that encourages business and housing development. The Secretary of the Business, Transportation and Housing Agency is a member of the Governor's Cabinet and oversees 13 departments with responsibility for maintaining the strength of California's infrastructure and the efficiencies of its financial markets.

Departments that provide financial regulation important to an efficient marketplace include: the Department of Alcoholic Beverage Control; Department of Financial Institutions; Department of Corporations; Department of Real Estate; and the Office of Real Estate Appraisers. The Department of Housing and Community Development and the California Housing Finance Agency provide resources to foster neighborhood development.

Chapter 525, Statutes of 1999 established the Department of Managed Care (renamed to the Department of Managed Health Care) within the Business, Transportation and Housing Agency effective July 1, 2000. The Department oversees managed health care in California.

Departments that support transportation for the safe, efficient flow of people and commerce include: California Highway Patrol; Department of Motor Vehicles; Department of Transportation; and the Office of Traffic Safety. In addition, the Stephen P. Teale Data Center provides state-of-the-art computer technology services to government organizations throughout the state.

The Secretary of the Business, Transportation and Housing Agency co-chairs the Commission on Building for the 21st Century with the Lieutenant Governor. Created through Executive Order D-4-99, the Commission was originally scheduled to complete its work in 2000–01. The Commission expects to produce a report to the Governor by early spring and may submit a resource request for appropriate follow-up work at that time.

## Governor's Office
## 0530 SECRETARY FOR CALIFORNIA HEALTH AND HUMAN SERVICES AGENCY

The California Health and Human Services Agency administers the State's health, social services, rehabilitation and employment programs. The Secretary for California Health and Human Services Agency, a member of the Governor's Cabinet, advises the Governor on major policy and program matters, and oversees the operation of the Agency departments.

The following departments fall under the purview of the California Health and Human Services Agency: the Departments of Aging, Alcohol and Drug Programs, Developmental Services, Health Services, Child Support Services, Mental Health, Rehabilitation, Social Services, the Emergency Medical Services Authority, the Employment Development Department, the California Workforce Investment Board, the Health and Human Services Agency Data Center, the Office of Statewide Health Planning and Development, the Managed Risk Medical Insurance Board, and the Department of Community Services and Development. Together, these departments are comprised of approximately 42,000 personnel years and manage total combined budgets of over $58.3 billion in State and federal funds.

### Authority

Government Code, Title 2, Division 3, Part 2.5, commencing with Section 12800.

## Governor's Office
## 0540 SECRETARY FOR RESOURCES

The Resources Agency, through its various departments, boards, commissions, and conservancies, administers programs that conserve, preserve, restore and enhance the rich and diverse natural resources of California. The Secretary for Resources, a member of the Governor's Cabinet, is responsible for administering programs and policies governing the acquisition, development and use of the State's resources to attain these objectives.

The Resources Agency consists of the Departments of Forestry and Fire Protection, Conservation, Fish and Game, Boating and Waterways, Parks and Recreation, and Water Resources; the State Lands Commission; the Colorado River Board; the San Francisco Bay Conservation and Development Commission; the State Reclamation Board; the Energy Resources Conservation and Development Commission; the California Conservation Corps; the California Coastal Commission; the State Coastal Conservancy; the California Tahoe Conservancy; the Santa Monica Mountains Conservancy; the Coachella Valley Mountains Conservancy; the San Joaquin River Conservancy; San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy; Baldwin Hills Conservancy; and the Special Resources Program.

The Secretary for Resources is a voting member of the State Coastal Conservancy, the California Tahoe Conservancy, the Santa Monica Mountains Conservancy, the Coachella Valley Mountains Conservancy, the San Joaquin River Conservancy, San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy, Baldwin Hills Conservancy, and the San Francisco Bay Conservation and Development Commission. The secretary is also an ex-officio, non-voting, member of the Energy Resources Conservation and Development Commission and the California Coastal Commission. Along with the United States Secretary of Interior, the secretary co-leads the CALFED Bay Delta Program. In addition, the secretary administers the Sea Grant Program, the Open Space Subvention Program, the California Environmental Quality Act, the San Joaquin River Management Program, the Environmental Enhancement and Mitigation Demonstration Program, and the Coastal Resources and Energy Assistance Programs.

### Major Budget Adjustments Proposed for 2001–02

- $70,000,000 General Fund for the River Parkways Program.
- $2,000,000 General Fund and 2.0 positions for the second year of the California Continuing Resource Investment Strategy Project.
- $88,703,000 Bay-Delta Ecosystem Restoration Account for implementation of the CALFED Ecosystem Restoration Program.
- $7,650,000 River Protection Subaccount for a grant program.

### Authority

Government Code Sections 12800, 12801 and 12805.

## 0552 OFFICE OF THE INSPECTOR GENERAL

The Office of the Inspector General has the responsibility for oversight of the State's Correctional System through audits and investigations of the boards and departments within the Youth and Adult Correctional Agency. Chapter 766, Statutes of 1994 created the Office of the Inspector General within the Youth and Adult Correctional Agency. However, Chapter 969, Statutes of 1998 changed and expanded the role of the Inspector General and re-established the office as an independent entity reporting directly to the Governor. The role of the Office of the Inspector General has been further expanded by the following legislation. Chapter 338, Statutes of 1998 required reviews of specified Internal Affairs investigations of the boards and departments within the Youth and Adult Correctional Agency. Chapter 806, Statutes of 1999 required investigations of complaints of retaliation against those reporting misconduct on the part of correctional agencies. And Chapter 918, Statutes of 1999, expanded the authority to conduct audits and investigations and required baseline audits following the confirmation of a new warden or the appointment of a superintendent.

### Major Budget Adjustments Proposed for 2001–02

- 5.0 positions (4.8 personnel years) and $520,000 General Fund to establish an Administrative Support Unit and to provide contractual services for information system support.
- $406,000 General Fund to augment the office's facilities operations.

### Authority

Penal Code, Part III, Title 7, Chapter 8.2, Sections 6125 to 6129.

## 0553 OFFICE OF THE INSPECTOR GENERAL FOR VETERANS AFFAIRS

Chapter 894, Statutes of 1999 created the Office of the Inspector General for Veterans Affairs. The Inspector General for Veterans Affairs has responsibility for reviewing the operations and financial conditions of State Veterans Homes, the State Farm and Home Purchase Program, State Veterans Services, and all other veterans programs supported by the State, including County Veterans Service Offices and Veterans Memorial Districts. The Inspector General also is required to operate a toll-free complaint hotline for veterans, conduct audits and investigations of state veterans programs, and to make recommendations for improving the operations of veterans programs.

### Authority

Military-Veterans Code, Division 1, Chapter 2, Sections 73.5, 73.6, and 73.7.

## Governor's Office
## 0555 SECRETARY FOR ENVIRONMENTAL PROTECTION

The Secretary for Environmental Protection (CalEPA), a member of the Governor's Cabinet, manages the State's environmental protection programs. The Secretary oversees the operations of the following organizations: Air Resources Board, California Integrated Waste Management Board, Department of Pesticide Regulation, State Water Resources Control Board, Department of Toxic Substances Control, and Office of Environmental Health Hazard Assessment. In addition, the Secretary administers the following special environmental programs: Permit Assistance Centers, Scientific Peer Review, Circuit Prosecutor Project, Information Technology for the new CalEPA headquarters building, Environmental Enforcement, and Environmental Management Systems.

## Governor's Office
## 0555 SECRETARY FOR ENVIRONMENTAL PROTECTION—Continued

### 10 ENVIRONMENTAL PROTECTION PROGRAMS

#### Program Objectives Statement

The primary objective of Environmental Protection Programs is to improve environmental quality and protect public health and California's natural resources through the coordination of State environmental programs, thereby reducing administrative duplication and addressing the greatest environmental and health risks.

#### Major Budget Adjustments Proposed for 2001–02

- $1,862,000 from various special funds and reimbursements to continue 24.0 positions in the Office of the Secretary.
- $799,000 Unified Hazardous Waste Program Account for the transfer of 10.0 positions from the Department of Toxic Substances Control for the oversight responsibilities of the Unified Hazardous Waste Program, which is a State and local effort to consolidate, coordinate and make consistent six existing programs regulating hazardous waste and hazardous materials management.
- $900,000 General Fund to fund the Rural CUPA Reimbursement Account that was established pursuant to Chapter 730, Statutes of 2000, to provide partial funding to local jurisdictions for implementation of the Unified Hazardous Waste Program.
- $100,000 General Fund to implement Chapter 728, Statutes of 2000, requiring CalEPA to convene a working group to assist in developing an interagency environmental justice strategy.
- $125,000 General Fund and 1.0 position to implement Chapter 742, Statutes of 2000, related to border environmental and public health protection.
- $350,000 General Fund to develop a multimedia emergency response plan.

#### Authority

Governor's Reorganization Plan No. 1 of 1991 and Health and Safety Code, Division 37.

### 20 SPECIAL ENVIRONMENTAL PROGRAMS

#### Program Objectives Statement

Special Environmental Programs includes Permit Assistance Centers, Scientific Peer Review, the Circuit Prosecutor Project, Information Technology for the new CalEPA headquarters building, Environmental Enforcement, and Environmental Management Systems.

Permit Assistance Centers assist individuals and businesses with their permitting needs. Thirteen Centers located throughout California provide a single point of contact to: (1) guide individuals and businesses through complex regulatory systems, (2) eliminate regulatory overlap, and (3) promote government coordination. Employees of cities, counties, regional governments and the State work together in shared facilities to better coordinate services to the public. In addition to the thirteen Centers, an Internet site (CalGold) provides greater convenience to those seeking permit assistance.

Chapter 295, Statutes of 1997, requires CalEPA to conduct an external peer review of the scientific basis for any rule or regulation proposed by a board, department or office within CalEPA. The external scientific body may be the National Academy of Sciences, the University of California, the California State University, or similar scientific institutions of higher learning, or a combination of those entities, or a scientist or group of scientists of comparable stature that is recommended by the President of the University of California. Program funds are used to contract for external scientific review services for various CalEPA boards, departments and offices, and to pay for related personnel, travel, and overhead costs.

The Circuit Prosecutor Project is a joint effort with the California District Attorneys' Association to assure appropriate and uniform environmental enforcement by handling criminal and civil environmental prosecutions of cases under State toxic, air, and water pollution laws in various rural counties.

The integration of individual information technology systems that consider policy and technical issues is important to address issues that cross environmental areas of interest and to provide a cost-effective and efficient technical operation that interlinks similar needs and requirements of various boards, departments and offices within CalEPA. The Information Technology program supports the planning and coordination of information technology services and systems in the new CalEPA headquarters building.

The Environmental Enforcement Project implements Chapter 65, Statutes of 1999, requiring the Secretary to develop a program to ensure that enforcement actions taken within CalEPA's jurisdiction are consistent, effective, and coordinated, including the establishment of a cross-media enforcement unit and the crosstraining of inspection and enforcement personnel.

Instead of the traditional regulatory emphasis on complying with process requirements, Environmental Management Systems incorporates a series of environmental standards and protocols to encourage businesses to incorporate performance-based standards to improve environmental performance at a lower cost than existing regulations. The Secretary for Environmental Protection convenes, directs, and oversees multi-disciplinary interdepartmental teams to conduct pilot projects involving Environmental Management Systems integrated compliance plans.

#### Major Budget Adjustment Proposed for 2001–02

- $1,272,000 General Fund and 8.5 positions to design and test an integrated sustainability planning and environmental improvement process.

#### Authority

Governor's Reorganization Plan No. 1 of 1991, Health and Safety Code, Division 37 and Section 57004.

# Governor's Office
# 0558 OFFICE OF THE SECRETARY FOR EDUCATION

The Secretary for Education, a member of the Governor's Cabinet, is responsible for advising the Governor and making recommendations on state education policy and legislation. The Office of the Secretary for Education (OSE) administers several education programs, including the Academic Volunteer and Mentor Service Program (Chapter 901, Statutes of 1992), the Governor's Reading Award Program (Chapter 2, Statutes of 1999), READ California (Chapter 2, Statutes of 1999), and the Education Technology Grant Program (Chapter 78, Statutes of 2000).

For the current fiscal year, the costs of the OSE are funded through the Governor's Office of Planning and Research. It is assumed that legislation will be proposed in 2001 to establish the Secretary statutorily, effective on or before January 1, 2002.

## Major Budget Adjustments Proposed for 2001–02

- $20,000,000 in one-time Proposition 98 funding to establish the High Tech High Schools Grant Program.
- $5,000,000 Proposition 98 to establish the Math and Science Challenge Grant Program.
- $5,000,000 Proposition 98 to establish a student-level system to monitor Academic Performance Index scores.
- $5,000,000 Proposition 98 funds to expand the Academic Volunteer and Mentor Service Program.
- $2,000,000 Proposition 98 for continuation funding of the School-to-Career Partnership Grants, which were established by Chapter 793, Statutes of 2000.
- $120,000 General Fund and one position for support of the Math and Science Challenge Grant Program.

### SUMMARY OF PROGRAM REQUIREMENTS

## Governor's Office
## 0650 OFFICE OF PLANNING AND RESEARCH

The Office of Planning and Research (OPR) assists the Governor and the Administration in planning, research, and liaison with local government. OPR also oversees programs for small business advocacy, rural policy, environmental justice, and helps implement decisions made within the Administration. In addition, the office has responsibilities pertaining to state planning, CEQA assistance, environmental and federal project review procedures, and oversees the Commission on Improving Life Through Service, which administers the California Americorps program.

## 11 STATE PLANNING AND POLICY DEVELOPMENT

### Program Objectives Statement

The major activities of the office include: (1) recommending and implementing state policies with regard to land-use and growth planning; (2) carrying out a program of policy research for the Governor and Cabinet; (3) providing technical advice to local governments with regard to planning; (4) advising permit applicants and government agencies on provisions of the California Environmental Quality Act (CEQA) and operating the State Clearinghouse for environmental and federal grant documents; (5) managing the Governor's Innovation in Government program; (6) preparing guidelines and providing assistance to local agency formation commissions; and (7) conducting such other activities as the Governor may direct.

### Major Budget Adjustments Proposed for 2001–02

- $750,000 General Fund to provide assistance to Local Agency Formation Commissions in implementing Chapter 761, Statutes of 2000.
- $250,000 General Fund to continue the Global Cities Online website, which provides information on sustainable local government policies to support environmental quality and economic prosperity.
- $40,000,000 General Fund one-time local assistance funding, to establish a touch screen voting pilot project.

## 21 CALIFORNIA COMMISSION ON IMPROVING LIFE THROUGH SERVICE (CCILTS)

### Program Objectives Statement

The Commission, which oversees California's Americorps program, is dedicated to uniting individuals in service to their communities, promoting responsible citizenship, and achieving demonstrable results in addressing California's persistent unmet human, educational, public safety, and environmental needs. Commission members, acting as ''Ambassadors of Service'' in their local communities, promote, support and build service opportunities and networks which encourage Californians of all backgrounds, abilities and ages to build a California where all residents understand the importance of community service and social responsibility.

### Major Budget Adjustment Proposed for 2001–02

- $8,489,000 Federal Trust Fund expenditure authority to provide an appropriate level of authority to utilize federal funds received.

## Governor's Office
## 0690 OFFICE OF EMERGENCY SERVICES

The principal objective of the Office of Emergency Services (OES) is the coordination of emergency activities to save lives and reduce property losses during disasters and to expedite recovery from the effects of disasters.

On a day-to-day basis, OES provides leadership, assistance and support to state and local agencies in planning and preparing for the most effective use of federal, state, local and private sector resources in emergencies. This emergency planning is based upon a system of mutual aid in which a jurisdiction relies first on its own resources, then calls for assistance from its neighbors. OES' plans and programs are coordinated with those of the federal government, other states, and state and local agencies within California.

During an emergency, OES functions as the Governor's immediate staff to coordinate the state's responsibilities under the Emergency Services Act and applicable federal statutes, and it acts as the conduit for federal assistance through natural disaster grants and federal agency support.

### 15 MUTUAL AID RESPONSE

#### Program Objectives Statement

This program provides emergency mutual aid services, including the effective use of federal, state, and local resources, by and for the benefit of jurisdictions whose resources and services are overextended in a disaster situation. Central to this effort is maintaining operational readiness at all levels of government. Information Technology tools are used extensively to increase the effectiveness and efficiency of these efforts.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of $98,000 General Fund to implement the provisions of Chapter 1087, Statutes of 2000 (SB 2012), Emergency Broadcasting Grants.

The following General Fund increases are to purchase equipment which would be provided to local agencies through the mutual aid program.

- An increase of $2,068,000 to purchase and maintain 12 Fire Water Tenders.
- An increase of $2,175,000 to replace rigid aluminum pipe with flexible large diameter hose.
- An increase of $7,141,000 to purchase and maintain 18 Urban Heavy Rescue Units.
- An increase of $269,000 to conduct annual Urban Search and Rescue Team mobilization exercises.

### 35 PLANS AND PREPAREDNESS

#### Program Objectives Statement

This program's objective is to develop and implement emergency plans to ensure consistency in planning at all levels of government. Training is also included in this program and covers emergency management courses in preparedness, mitigation and technical training for radiological response and recovery.

#### Major Budget Adjustment Included in 2000–01

- An increase of $5,697,000 Federal Trust Fund to accept grant funding for terrorism response programs.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of $9,122,000 Federal Trust Fund authority to accept grant funding from the U.S. Office of Justice Planning (OJP) for terrorism response programs.
- $6,800,000 General Fund to operate and expand the Tri-Net seismic network earthquake monitoring system.

### 45 DISASTER ASSISTANCE

#### Program Objectives Statement

The objective of this program is to provide aid to local agencies for repair and restoration of public real property in stricken areas in time of disaster and to provide assurance that all public facilities will be restored in order to provide necessary services to the citizens of the affected areas.

The Natural Disaster Assistance Act was established by Chapter 290, Statutes of 1974. This law charges the director of the OES with the administration of the program. A local agency is eligible to participate in the program if it declares a local emergency which is found acceptable to the director of OES.

Through the Federal Disaster Relief Act (PL 93-288), local government and other public entities are provided financial and other assistance to recover from the effects of floods, earthquakes, and other natural disasters. In a presidential declaration of a ''major disaster'' or ''major emergency,'' assistance may be provided to the public sector for repair and restoration of public facilities, roads, buildings, utilities, flood control systems, etc. and/or the private sector by coordinating state agency response in providing assistance to individuals impacted by the disaster.

### 55 ADMINISTRATION AND EXECUTIVE

This program provides the overall policy direction of the department from the director's office as well as supporting services such as accounting, personnel and business services.

#### Major Budget Adjustment Included in 2000–01

- $24,388,000 General Fund allocated pursuant to Government Code Section 8690.6 to fund the non-federal share of Federal Emergency Management Agency claims for disaster recovery costs.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $895,000 General Fund to support annual maintenance and utility costs associated with the new OES headquarters.

*** Dollars in thousands, except in Salary Range.**

## Governor's Office
## 0690 OFFICE OF EMERGENCY SERVICES—Continued

### 98 STATE-MANDATED LOCAL PROGRAMS

**Program Objectives Statement**

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs they incur in complying with state mandates. This budget proposes to continue the suspension of the Deaf Teletype Equipment Mandate (Chapter 1032, Statutes of 1980).

## 0695 NATURAL DISASTER ASSISTANCE

The Loma Prieta earthquake struck the Greater San Francisco-Oakland Bay Area on October 17, 1989, causing several billion dollars worth of damage to private and public property and disrupting the lives of hundreds of thousands of Californians. As part of the response to the earthquake, the Governor called a Special Session of the Legislature on November 2, 1989 to provide funding and aid for victims of the earthquake and to restore public property damaged or destroyed by the earthquake.

As a result of the high cost of this disaster, a special one-quarter cent state sales tax was enacted and collected from December 1, 1989 through December 31, 1990. These receipts are maintained in the Disaster Relief Fund and are used for the various recovery and assistance programs for individuals, as well as local and state governmental entities. State agencies which have utilized these funds for Loma Prieta recovery programs include the Departments of Transportation, Housing and Community Development, Commerce, and Social Services, as well as the Office of Emergency Services (OES) and the Board of Control. Specific information about these programs may be obtained from those agencies.

This exhibit displays the current status of the Disaster Relief Fund. During the 1996–97 and prior fiscal years, monies from this fund were allocated by the Department of Finance to OES on an as-needed basis. Beginning with the 1997–98 fiscal year, expenditures from the Disaster Relief Fund were proposed by the OES through a Budget Act appropriation and are included in OES's budget.

# 0750 OFFICE OF THE LIEUTENANT GOVERNOR

Under California's Constitution, the Lieutenant Governor serves as Acting Governor whenever the Governor is absent from the state, and automatically becomes Governor if a vacancy occurs in the Office of Governor. The Lieutenant Governor is also President of the Senate and votes in case of a tie.

The Lieutenant Governor serves as a voting member of the Board of Regents of the University of California and a voting member of the Board of Trustees of the California State University system.

The Lieutenant Governor also serves on, and rotates with the State Controller, as chair of the three-member State Lands Commission, which oversees control and leasing of millions of acres of state-owned land, including offshore oil resources, as well as use and permitting for all navigable waterways in California. The Commission also manages state land-use planning and revenues, and related interstate issues.

In addition, under state statutes the Lieutenant Governor chairs the California Commission for Economic Development, which provides support and guidance for the development of California's economy. The Lieutenant Governor is also a member of the California State World Trade Commission, the State Job Training Coordinating Council, and the California Emergency Council.

## Authority

Constitution, Article V, Sections 9, 10; Article IX, Section 9. Education Code Section 66602; Government Code Sections 8704, 8575, 15364.2 and 14999 through 14999.8; Public Resources Code Section 6101; Unemployment Insurance Code Section 15036; Vehicle Code Section 2600.

# 0820 DEPARTMENT OF JUSTICE

The constitutional office of the Attorney General, as chief law officer of the state, has the responsibility to see that the laws of California are uniformly and adequately enforced. This responsibility is fulfilled through the diverse programs of the Department of Justice.

The Department of Justice is responsible for providing skillful and efficient legal services on behalf of the people of California. The Attorney General represents the people in all matters before the Appellate and Supreme Courts of California and the United States; serves as legal counsel to state officers, boards, commissions and departments; represents the people in actions to protect the environment and to enforce consumer, antitrust and civil rights laws; and assists district attorneys in the administration of justice. The department also coordinates efforts to address the statewide narcotic enforcement problem; assists local law enforcement in the investigation and analysis of crimes; provides person and property identification and information services to criminal justice agencies; supports the telecommunications and data processing needs of the California criminal justice community; and pursues projects designed to protect the people of California from fraudulent, unfair and illegal activities.

## 0820 DEPARTMENT OF JUSTICE—Continued

## 11 DIRECTORATE AND ADMINISTRATION

### Program Objectives Statement

The Directorate and Administration divisions of the Department of Justice consist of the Attorney General's Executive Office, which maintains overall direction and administration of the diverse programs and projects of the department, the Affirmative Action Office and the Opinion Unit. The Opinion Unit performs the Attorney General's duty under Government Code Section 12519 to provide written opinions to designated public officers on questions of law relating to their respective offices. This unit drafts all formal opinions issued by the Attorney General, most of which are published. Also within this program is the Administrative Services Division which provides fiscal, personnel, and technical support activities for the entire department.

### Major Budget Adjustment Proposed for 2001–02

- An increase of 7.6 personnel years and $508,000 ($265,000 General Fund, $38,000 Federal Funds, $104,000 Reimbursements, and $101,000 various Special Funds) for increased staffing in the Personnel Office to administer the Department's programs.

## 12 DIVISION OF LEGAL SUPPORT AND TECHNOLOGY

### Program Objectives Statement

The Division of Legal Support and Technology encompasses a broad scope of programs and services, including information technology services; legal research; large document case indexing, automated trial presentation, and litigation support services; case management; orientation and training services to all legal office employees with special focus on legal secretaries and newly appointed deputies; legal secretarial services; and administrative functions essential to the operation of a law firm.

### Major Budget Adjustment Included in 2000–01

- An increase of 2.1 personnel years to assist legal staff in the Public Rights Division with an emergency legal response to California's energy crisis. The costs of these personnel years are distributed to the division.

### Major Budget Adjustment Proposed for 2001–02

- An increase of 20.8 personnel years to address workload requirements driven by the Civil Law Division, Criminal Law Division, and Public Rights Division. The costs of these personnel years are distributed to each legal division.

## 25 EXECUTIVE PROGRAMS

### Program Objectives Statement

The primary responsibility of the Division of Executive Programs is the establishment and maintenance of communications between the department and the public, the news media, the Legislature, and law enforcement. The division consists of the Legislative Unit; the Crime Prevention Center; the Public Inquiry Unit; the Office of Community and Consumer Affairs; Press, Communications and Media; Protective Services and Special Liaisons; the Office of Native American Affairs; the Office of Training and Professional Development; and the Special Assistant Attorneys General.

### Major Budget Adjustments Proposed for 2001–02

- An increase of 7.1 personnel years and $910,000 (General Fund) to augment programs within the Attorney General's Crime and Violence Prevention Center. These programs include a training video addressing crisis responses in school violence situations, establishing the California Community Relations Service, and continued operation of the Community Policing Clearinghouse.
- An increase of 0.9 personnel year and $676,000 ($76,000 General Fund, $236,000 Reimbursements and $364,000 Local Assistance Reimbursements) to implement the Attorney General's Youth Corps Program and to administer the California Student Survey.
- An increase of 0.9 personnel year and $2,000,000 (General Fund) to coordinate a multi-component public awareness campaign on elder abuse, as directed by Chapter 559, Statutes of 2000.

## 30 CIVIL LAW

### Program Objectives Statement

The Civil Law Program protects and preserves the public interests by providing skilled legal services to all state agencies and Constitutional Officers. The Civil Law Program provides specialized services in the following areas: Licensing; Government Law; False Claims; Business and Tax; Health, Education and Welfare; Health Quality Enforcement; Tort and Condemnation; and Employment, Regulation and Administration.

### Major Budget Adjustments Proposed for 2001–02

- A two-year limited term augmentation of 1.4 personnel years and $237,000 (General Fund) for AB 2300, Chapter 723, Statutes of 2000, the oversight enforcement of bond issuances.
- An increase of 3.8 personnel years and $599,000 (False Claims Act Fund) to handle the increasing false claims workload.
- An increase of 0.9 personnel year and $198,000 (General Fund) to provide litigation representation and/or legal counsel to the Department of Education, the Superintendent of Public Instruction, and the State Board of Equalization.
- A one-time increase of $4,500,000 (General Fund) for continued consultant fees for underwriters at Lloyd's Litigation.

### Authority

The legal authority for this program is found in Article V, Section 13 of the California Constitution, as well as various sections of the Government Code including Sections 11042, 11043, 11157, 11522, 12511, 12512, and 12519.

*** Dollars in thousands, except in Salary Range.**

# 0820 DEPARTMENT OF JUSTICE—Continued

## 40 CRIMINAL LAW

### Program Objectives Statement

The Criminal Law Program represents the state in all criminal matters before the appellate and supreme courts and defends the state and its officers in actions filed by state prisoners under the Federal Civil Rights Act. This program also fulfills the Attorney General's responsibilities of assisting district attorneys in cases for which they are disqualified, and conducts criminal investigations and prosecutions of those engaged in illegal activities where local resources are inadequate to perform these functions. Additional responsibilities include: enforcing the Political Reform Act, advising the Governor on extradition matters, prosecuting criminal actions involving Medi-Cal provider fraud and patient abuse, investigating and prosecuting elder abuse crimes, the investigation and prosecution and coordination of litigation involving white-collar crime, high-tech/computer crime and financial crimes against the elderly.

### Major Budget Adjustments Proposed for 2001–02

- An increase of 17.1 personnel years (two year limited term) and $1,899,000 ($461,000 General Fund and $1,438,000 Federal Funds) for the Bureau of Medi-Cal Fraud and Elder Abuse to enhance its ability to investigate and prosecute elder abuse and neglect in Medi-Cal funded facilities.
- An increase of 2.4 personnel years and $447,000 (General Fund) which provides for post-conviction testing of DNA samples that would result in reversal of previous court convictions of incarcerated felons, pursuant to the provisions of SB 1342, Chapter 821, Statutes of 2000.
- An increase of 13.8 personnel years and $2,434,000 (General Fund) to address increased workload in federal habeas corpus matters.

### Authority

The legal authority for this program is found in Article V, Section 13 of the California Constitution, in Government Code Sections 995, 996, 12511, 12512, 12550, 83116, 91001(a), and 91003, and in Penal Code Sections 1256 and 1548.3.

## 45 PUBLIC RIGHTS

### Program Objectives Statement

The Public Rights element protects and preserves the public interest by providing skilled legal services to all state agencies and Constitutional Officers. The Public Rights Program provides specialized services in the following areas: Civil Rights Enforcement; Charitable Trust (including Charitable Trust Registration); Natural Resources; Indian and Gaming Law; Environmental Law; Land Law; Consumer Law; Antitrust Law; and Tobacco Litigation Enforcement.

### Major Budget Adjustment Included in 2000–01

- An increase of 5.2 personnel years and $2,388,000 (General Fund) to address current year work associated with the current electricity and natural gas emergency facing California.

### Major Budget Adjustments Proposed for 2001–02

- An increase of 4.7 personnel years and $288,000 (General Fund) to comply with charitable oversight and enforcement activities as mandated by Chapter 778, Statutes of 2000.
- A re-appropriation of $225,000 for necessary litigation support requirements in the case of State Lands Commission v. City of Los Angeles.
- An augmentation of 4.7 personnel years and $1,309,000 ($1,034,000 General Fund and $275,000 Reimbursements) to provide litigation representation and legal counsel to client agencies that enforce and administer laws and programs that protect California's environment and natural resources.
- An increase of 14.7 personnel years and $3,975,000 (General Fund) to investigate the current electricity and natural gas emergency facing California.

### Authority

The legal authority for this program is found in Article V, Section 13 of the California Constitution, as well as various sections of the Government Code including Sections 11042, 11043, 11157, 11522, 12511, 12512, and 12519.

## 50 LAW ENFORCEMENT

### Program Objectives Statement

The Division of Law Enforcement is organized into three elements. The Bureau of Investigation conducts criminal investigations of statewide importance and provides investigative services, criminal intelligence, and specialized equipment to criminal justice agencies, public agencies, and to the Department of Justice in criminal cases. The Bureau of Narcotic Enforcement combats the state's narcotic problem by providing leadership, coordination, and support to law enforcement through 9 regional offices and 28 multi-agency drug task forces, special operations units, drug diversion, violence suppression teams, clandestine laboratory teams, and crackdown teams. The Bureau of Forensic Services provides evaluation and analysis of physical evidence including expert court testimony to state and local law enforcement agencies by operating 11 specialized laboratories serving 46 counties as well as a forensic training facility and a DNA laboratory that is compiling and maintaining a database of sex and violent offenders. The Western States Information Network provides an automated database of suspected narcotic traffickers for member agencies in Alaska, Hawaii, California, Oregon, and Washington.

### Major Budget Adjustments Included in 2000–01

- An increase of 28.8 personnel years and $5,262,000 (Reimbursements) to implement the first year of the Administration program to perform rape kit DNA analyses.
- An increase of 6.7 personnel years and $1,000,000 (Reimbursements) to implement an Interagency Agreement between the Department of Justice and the Department of Conservation to conduct investigations into recycling fraud.

*** Dollars in thousands, except in Salary Range.**

## 0820 DEPARTMENT OF JUSTICE—Continued

### Major Budget Adjustments Proposed for 2001–02

- A permanent fund shift of 106.4 personnel years and $10,445,000 from federal spending authority to General Fund to continue the California Methamphetamine Strategy.
- A one-time increase of $486,000 (Federal Asset Forfeiture Account) for the purchase of replacement communications equipment.
- An increase of $1,314,000 (General Fund) to replace old, outdated or unrepairable equipment and to update technical equipment used by the Bureau of Forensic Services' Criminalistics Laboratory System.
- An increase of 54.6 personnel years and $13,039,000 (Reimbursements) to implement the second year of the Administration program to perform rape kit DNA analyses.
- An increase of 6.2 personnel years and $2,850,000 (Missing Persons DNA Data Base Fund) to implement Chapter 822, Statutes of 2000. Chapter 822 provides for the comparison of DNA samples between missing persons and unidentified remains.
- An increase of 9.5 personnel years and $1,248,000 (Reimbursements) for the Bureau of Narcotic Enforcement to allow continued participation in the California High Intensity Drug Trafficking Area initiative.
- An increase of 6.6 personnel years and $1,000,000 (Reimbursements) to implement an Interagency Agreement between the Department of Justice and the Department of Conservation to conduct investigations into recycling fraud.
- An increase of 18.0 personnel years and $2,829,000 (General Fund) to augment the Sexual Predator Apprehension Team program by establishing teams within the Orange County and San Diego regional offices.
- A one-time increase of $1,706,000 (General Fund) to replace 105 agent and support vehicles that have reached their full-life potential in FY 2001–02.
- An increase of 5.9 personnel years and $1,394,000 (General Fund) to provide for post-conviction testing of DNA samples that could result in reversal of previous court convictions of specified incarcerated felons, pursuant to the provisions of Chapter 821, Statutes of 2000.

## 60 CRIMINAL JUSTICE INFORMATION SERVICES

### Program Objectives Statement

The Criminal Justice Information Services Division is organized into four elements. The Bureau of Criminal Identification and Information maintains and administers the fingerprint identification system and the criminal history record system. The Bureau of Criminal Information and Analysis maintains and administers data bases on persons, property, and firearms. The Hawkins Data Center operates the Criminal Justice Information System (CJIS) and the California Law Enforcement Telecommunications System (CLETS).

### Major Budget Adjustments Included in 2000–01

- A one-time increase of $2,500,000 (Federal Funds) to continue implementation of the National Criminal History Improvement Program (NCHIP).
- An increase of 8.6 personnel years and $846,000 (General Fund) to process increases in relative care giver background clearances.
- A one-time increase of $3,154,000 (Reimbursements) to purchase additional live scan devices to be placed in juvenile detention centers and book sites.
- An increase of $816,000 (Federal Funds) to add information about registered sex offenders to the National Sex Offender Registry.

### Major Budget Adjustments Proposed for 2001–02

- An increase of 0.9 personnel year and $52,000 (General Fund) to meet the workload demands of the Check Cashers Permit Program.
- An increase of 9.5 personnel years and $466,000 General Fund to address child abuse workload, and $104,000 (Child Abuse Fund) to enhance the capability of the licensing applicant history file.
- An increase of 42.7 personnel years and $4,103,000 (Federal Funds) and a one-time increase of $255,000 (Fingerprint Fees Account) to continue activities funded under the NCHIP grant.
- An increase of 4.8 personnel years and $1,157,000 (General Fund) to expand availability of the Cal-Photo Central Index to ten law enforcement agencies in the Northern and Central California regions and provide for continued statewide expansion of the system.
- An increase of 61.8 personnel years and $9,076,000 (General Fund) to address workload growth to process criminal fingerprints as well as providing enhancements to the existing Cal-ID System to accommodate this workload growth.
- An increase of 5.7 personnel years and $2,772,000 (Fingerprint Fees Account) to provide ongoing maintenance of various equipment and to purchase 51 additional applicant live scan devices.
- An increase of 3.3 personnel years and $570,000 ($256,000 General Fund and $314,000 Motor Vehicle Fund) to enhance user support for the California Law Enforcement Telecommunications System.
- An increase of 17.1 personnel years and $1,112,000 (General Fund) to process increases in relative care giver background clearances.
- A one-time increase of $448,000 ($389,000 Fingerprint Fees Account and $59,000 Reimbursements) to provide maintenance for live scan devices in juvenile detention centers and book sites.
- An increase of 0.9 personnel year and $48,000 (General Fund) to allow the Violent Crime Information Center to scan and upload current photographs of sex offenders taken prior to release from confinement as mandated by SB 446, Chapter 649, Statutes of 2000.

## 65 DIVISION OF GAMBLING CONTROL

### Program Objectives Statement

Pursuant to Chapter 867, Statutes of 1997 (SB 8), the Gambling Control Act and in accordance with regulations and related gaming laws, the Division of Gambling Control investigates the qualifications of individuals who apply for state gambling licenses and monitors the conduct of these licensees to ensure compliance.

Proposition 1A, which passed in March 2000, amended the California Constitution to permit Class III (Nevada-style) gambling on Indian lands providing that such activities are authorized by a tribal ordinance and conducted in conformity with a gaming compact entered into between the Tribe and the State. The Division of Gambling Control will ensure that each tribe is in compliance with all aspects of their compact. In addition, in a joint effort with compacted tribes, the State will safeguard tribal gaming activities from criminal and other undesirable elements by making sure that licenses are issued only to suitable individuals.

### Authority

The Division is established pursuant to the provisions of Chapter 867 Statutes of 1997.

*** Dollars in thousands, except in Salary Range.**

## 0820 DEPARTMENT OF JUSTICE—Continued

## 70 FIREARMS DIVISION

### Program Objectives Statement

The Dangerous Weapons Control Law, Part 4, Title 2 of the California Penal Code, sections 12000 et seq., and relevant portions of the Welfare and Institutions Code contain the statutory authority for Firearms Division activities in the oversight and regulation of firearms in California. The Firearms Division conducts firearms eligibility reviews to identify persons determined ineligible to acquire or possess firearms and/or other dangerous weapons or carry concealed weapons; processes licenses/permits to possess, manufacture or sell dangerous weapons; administers the Basic Firearms Safety Certificate, centralized list, gun show producer and assault weapon registration programs; provides information to client agencies and firearms dealers; conducts firearms dealer and manufacturer inspections; and conducts the safe handgun and firearms safety device certification programs. This Division was created in the 1999–00 fiscal year and funding for the various firearms programs for the 1999–00 and 2000–01 fiscal years is displayed in the Program Requirements under Program 70. For the 1998–99 fiscal year, funding for these programs was in Program 60, Criminal Justice Information Services.

### Major Budget Adjustment Proposed for 2001–02

- An increase of 3.8 personnel years and $327,000 ($243,000 General Fund and $84,000 Dealers' Record of Sale Special Account) to increase the frequency of firearms dealer compliance inspections.

---

# 0840 STATE CONTROLLER

The State Controller is the Chief Fiscal Officer of the State, elected by the people. As such, the Controller's primary objectives are to: (1) provide sound fiscal control over both receipts and disbursements of public funds; (2) report periodically on the financial operations and condition of both state and local governments; (3) make certain money due the State is collected through fair, equitable and effective tax administration; (4) provide fiscal guidance to local governments; (5) administer the Unclaimed Property and Property Tax Postponement Programs; and (6) develop and establish policy for a significant number of boards and commissions, including all major tax boards.

## 10 ACCOUNTING AND REPORTING

### Program Objectives Statement

To maintain uniform and systematic control accounts of all receipts, payments, state fund balances, and bonded indebtedness; to report the financial condition of the State; to maintain a database of information and report on local financial transactions; to apportion shared revenues to local governments; to administer Local Mandated Cost programs; to monitor the cash flow of the General Fund; and to prescribe uniform accounting procedures for counties and special districts.

### Authority

Constitution, Article XVI, Section 7 and Government Code Sections 12400 et seq.

## 20 AUDITS

### Program Objectives Statement

To determine the legality and accuracy of all claims against the State through the performance of prepayment audits; to assure the accuracy of local government claims and financial statements submitted to the state and federal governments by establishing and updating audit guidelines, reviewing audits performed by independent local auditors, and performing field audits for a variety of state and federal programs; and to audit major businesses for compliance with the Unclaimed Property Law.

### Major Budget Adjustment Proposed for 2001–02

- The continuation of $735,000 General Fund, $734,000 reimbursements and fourteen (14) positions for the performance of Medi-Cal audits for three years (includes one-year cost of $75,000).

### Authority

Constitution, Article XVI, Section 7 and Government Code Section 12400 et seq.

## 30 PERSONNEL/PAYROLL SERVICES

### Program Objectives Statement

To administer the State's Payroll, Employment History and Leave Accounting Systems; to audit and process all personnel and payroll transactions for state civil service and exempt employees, and the California State University System; to provide information required to manage the personnel resources of the State; and to properly account for salary and wage expenditures.

### Authority

Constitution, Article XVI, Section 7 and Government Code Section 12400 et seq.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0840 STATE CONTROLLER—Continued

### 40 INFORMATION SYSTEMS

#### Program Objectives Statement

To develop, maintain, and operate all of the department's mainframe data processing systems; to develop and manage the fiscal system; and to oversee the planning, procurement, use, and maintenance of microcomputer systems.

#### Authority

Constitution, Article XVI, Section 7 and Government Code Section 12400 et seq.

### 50 COLLECTIONS

#### Program Objectives Statement

To administer the Unclaimed Property Law by receiving unclaimed property from banks, savings and loans, and other business firms, and restoring property to owners; to administer and collect estate, inheritance, and gift taxes; to collect delinquent insurance and gas taxes; and to administer the Tax-Defaulted Land and Property Tax Postponement Programs for senior and disabled citizens.

#### Major Budget Adjustment Included in 2000–01

- Pursuant to Chapter 267, Statutes of 2000, a one-year augmentation of $779,000 General Fund and the utilization of 4.4 existing, unfunded positions for the Amnesty Program for holders of unclaimed property.

#### Major Budget Adjustment Proposed for 2001–02

- Pursuant to Chapter 267, Statutes of 2000, a one-year augmentation of $1,356,000 General Fund and the utilization of 18.9 existing, unfunded positions for the Amnesty Program for holders of unclaimed property.

#### Authority

Constitution, Article XVI, Section 7 and Government Code Section 12400 et seq.
Revenue and Taxation Code, Division 2, Parts 1.5, 2, 4, 7, 8, and 9.
Public Resources Code, Division 3, Chapter 1, Articles 5.5 to 7.

### 60 DISBURSEMENTS AND SUPPORT

#### Program Objectives Statement

To write and mail or deliver all payments of the State's obligations, including personal income tax refunds, payroll warrants, and retirement warrants; to provide staff support services to the Office; and to administer the information security program.

#### Major Budget Adjustment Included in 2000–01

- Pursuant to Chapter 106, Statutes of 2000, a one-year augmentation of $5,613,000 General Fund and the utilization of seven and one-half (7.5) existing, unfunded positions for the Vehicle License Fee Rebate Program.

#### Major Budget Adjustment Proposed for 2001–02

- Pursuant to Chapter 106, Statutes of 2000, an augmentation of $10,527,000 General Fund and thirteen (13) limited-term positions for the Vehicle License Fee Rebate Program for 2001–02. This amount represents the costs for the second year of a five-year plan.

#### Authority

Constitution, Article XVI, Section 7 and Government Code Section 12400 et seq.
Membership by State Controller on boards and commissions, principally:
- State Board of Equalization, Constitution, Articles 13, 7, and 9.
- State Board of Control, Government Code Section 13901.
- Franchise Tax Board, Government Code Section 15700.
- Pooled Money Investment Board, Government Code Section 16480.1.
- State Teachers' Retirement Board, Education Code Section 13851.
- Various bond and finance committees, Education Code Section 19510; Military and Veterans Code Section 991; Chapter 765/27, Chapter 23/63, 1st Ex; Water Code Section 12933; Harbors and Navigation Code Section 3902–3; Government Code Section 17220.
- California Exposition and Fair Executive Committee, Agricultural Code Section 72.1.
- State Lands Commission, Public Resources Code Section 6101.
- Reapportionment Commission, Constitution, Articles 4, 6.
- Reciprocity Commission, Vehicle Code Section 2600.
- Interagency Council for Ocean Resources, Government Code Sections 8810–11.
- Intergovernmental Council on Urban Growth, Government Code Section 34200.

*** Dollars in thousands, except in Salary Range.**

## 0841 STATE CONTROLLER'S STATEWIDE INFORMATION TECHNOLOGY PROJECTS

The State Controller currently maintains and administers the Human Resource Management and Automated Statewide Travel Expense Reimbursement systems for the State. Since these two projects are infrastructure activities for the benefit of State government, these expenditures are reflected in this budget. The new Human Resource Management System will have the ability to manage both centralized and decentralized

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0841 STATE CONTROLLER'S STATEWIDE INFORMATION TECHNOLOGY PROJECTS—Continued

human resource information. It will have the flexibility to adapt and meet the human resource needs of individual departments and information access will be available to line managers and individual employees. The new Automated Statewide Travel Expense Reimbursement System will reduce the processing, review and approval time and will result in more efficient and accurate processing of these claims. This system is funded with reimbursements from various departments. The State Controller's Office will continue to administratively manage these projects using its own existing positions as shown in the Controller's budget (0840).

### 10 STATEWIDE INFORMATION TECHNOLOGY PROJECTS

**Major Budget Adjustment Proposed for 2001–02**

- A one-time one-year augmentation of $1,482,000 from reimbursements for the implementation, maintenance, and support of a new Automated Statewide Travel Expense Reimbursement System. This amount provides funding for 5.5 existing unfunded positions within the Controller's Office.

**Authority**

Constitution, Article XVI, Section 7 and Government Code Section 12400, et seq.

## 0845 DEPARTMENT OF INSURANCE

The office of the Insurance Commissioner has the responsibility to enforce the insurance law found in the California Insurance Code. The role of the Insurance Commissioner is to regulate the insurance industry, thereby protecting California consumers from abusive insurance practices.

The Department regulates the largest insurance market in the United States with over $80 billion in direct premiums written in the state. In fulfilling its responsibility to protect California's insurance policyholders, the Department conducts examinations of insurance companies and producers to ensure that operations are consistent with the requirements of the Insurance Code and that insurance companies are financially viable and able to meet their obligations to policyholders and claimants. The Department also investigates complaints and responds to consumer inquiries; administers the conservation and liquidation of insolvent and delinquent insurance companies; reviews and approves insurance rates; and is a major contributor in combating insurance fraud.

## 0845 DEPARTMENT OF INSURANCE—Continued

### 10 REGULATION OF INSURANCE COMPANIES AND INSURANCE PRODUCERS

#### Program Objectives Statement

The objectives of this program are: (1) to prevent losses to policyholders, beneficiaries or the public due to the insolvency of insurers, (2) to prevent unlawful or unfair practices by insurers as defined by the Insurance Code. To accomplish the objectives of this program, the Department conducts field examinations, regulates rates, maintains solvency surveillance, regulates proxy solicitations, manages financially distressed companies, admits qualified companies, maintains surveillance of admitted and surplus lines companies, reviews policy forms, investigates consumer complaints, and assures that producers are properly qualified and licensed.

#### Major Budget Adjustments Proposed for 2001–02

- Continuation of 0.9 personnel year and $90,000 Insurance Fund, to make permanent the limited-term position approved in the 1999–00 fiscal year for the California Organized Investment Network (COIN). The purpose of COIN is to provide leadership by increasing the level of insurance industry capital in safe and sound investments providing fair returns to investors and social benefits to underserved communities in California.
- An increase of $1,219,000 Insurance Fund for increased rent costs.
- An increase of $216,000 Insurance Fund and a redirection of 1.9 personnel years from existing position authority to implement the provisions of Chapter 321, Statutes of 2000 (AB 393) which creates and establishes fees for two new types of production agency licenses.
- An increase of $264,000 Insurance Fund and a redirection of 2.8 personnel years from existing position authority to address Business Process Reengineering opportunities, E-Government projects and to audit training providers for both Pre-Licensing and Continuing Education courses as specified within Sections 2186–2188.9 of the California Code of Regulations.

#### Authority

Insurance Code, Sections 1–12979, and 12997–15003.

### 12 CONSUMER PROTECTION

#### Program Objectives Statement

The objectives of this program are to provide direct service to California consumers by protecting insurance policyholders and other parties involved in insurance transactions against unfair practices and excessive or discriminatory rates and to protect the general public and policyholders from discriminatory, unlawful or fraudulent practices as well as incompetence relating to the sale of insurance. To accomplish the objectives of this program, the Department has devoted a number of activities to consumer issues. An "800" hotline is maintained to respond to individual requests for information and consumer complaints. The hotline also conducts an outreach program which gives presentations to insurer and consumer groups and provides information at disaster sites. Two written-case bureaus specialize in handling written consumer complaints regarding detailed claims or rating and underwriting issues. All three of these direct consumer contact units act to mediate complaints, educate consumers, and identify violations of law. The Department performs market conduct examinations on-site at insurer locations to follow-up on trends in consumer complaints and review overall claims, underwriting and rating practices to evaluate compliance with insurance laws. The Department also deploys investigators who work to identify and curtail illegal practices taken by insurance producers and unlicensed entities. The Department's Legal Division also focuses on taking formal enforcement action based on referrals from program units.

#### Major Budget Adjustments Proposed for 2001–02

- Continuation of 15.2 personnel years and $1,506,000 on a 2-year limited-term basis to address a backlog of investigations and address increasing investigation workload.
- Continuation of 4.7 personnel years and $371,000 Insurance Fund to convert limited-term positions to permanent full-time status to continue the in-depth review of consumer insurance claims complaints.
- An increase of $241,000 Insurance Fund and a redirection of 0.9 personnel year from existing position authority to annually produce a comprehensive consumer rate guide for Medicare supplemental insurance as mandated by Chapter 707, Statutes of 2000.
- An increase of $187,000 Insurance Fund and a redirection of 0.9 personnel year from existing position authority to annually produce a comprehensive consumer rate guide for long-term care insurance as mandated by Chapter 699, Statutes of 1999 in conjunction with Chapter 560, Statutes of 2000.
- An increase of $58,000 Insurance Fund for increased rent costs.

#### Authority

Insurance Code, Sections 510, 730, 1857–1858, 10089.7, 12921.1–12921.4, and 12950.

### 20 FRAUD CONTROL

#### Program Objectives Statement

The objective of this program is to protect the public from economic loss and distress by actively investigating and arresting those who commit insurance fraud and to reduce the overall incidence of insurance fraud through anti-fraud outreach to the public, private and governmental sectors.

The staff is primarily certified peace officers who conduct criminal investigations working with both county district attorneys and federal prosecutors to prepare insurance fraud-related criminal cases for prosecution. The investigators serve warrants, make arrests and provide testimony and evidence.

The program supports outreach and education efforts to the public, insurance industry and governmental entities to further reduce insurance fraud through prevention and identification of fraud and causing efficiency of governmental action to impact on insurance fraud.

The program also administers funding to local district attorneys for the prosecution of workers' compensation and automobile insurance fraud crimes.

*** Dollars in thousands, except in Salary Range.**

## 0845 DEPARTMENT OF INSURANCE—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $1,818,000 Insurance Fund and a redirection of 11.4 personnel years from existing position authority to implement the Employment Misrepresentation Task Force. The mission of the task force is to protect the public and honest employers from economic loss and distress by actively investigating, arresting, and prosecuting those who commit workers' compensation premium fraud. This amount includes $1,305,000 in State Operations and $513,000 in Local Assistance funding to support efforts by local district attorneys.
- An increase of $734,000 Insurance Fund (one-time funding) to purchase specialized surveillance equipment to support the investigation of automobile fraud activities.
- An increase of $242,000 Insurance Fund (one-time replacement costs) for the replacement of high mileage vehicles used during fraud investigations.
- An increase of $412,000 Insurance Fund for increased rent costs.

### Authority

Insurance Code Sections, Chapter 12, Sections 1871–1879.

## 30 TAX COLLECTION AND AUDIT

### Program Objectives Statement

This program performs insurance tax collection, accounting, tax audits, proposes tax adjustments, monitors payment requirements and assists the Board of Equalization in determining various refund and assessment matters relative to insurers and surplus line brokers. Program staff audits returns to determine compliance with the rules and regulations contained in both the Insurance and Revenue and Taxation Codes.

### Authority

Insurance Code, Sections 1774–1780.
Revenue and Taxation Code, Part 7 of Division 2.

## 40 EARTHQUAKE GRANTS AND LOANS

### Program Objectives Statement

This program provides residential grants and loans to retrofit high-risk residential dwellings owned or occupied by low and moderate income households to minimize the risk of future earthquake damage to those dwellings. Since the program's inception in 1996, the Department has funded the retrofitting of approximately 770 homes through its' grant program. In addition, 14 homes have been retrofitted through the loan program. The Department anticipates that 480 more homes will be retrofitted during fiscal year 2000–01 and another 400 homes in fiscal year 2001–02. The program is authorized to be in effect until July 1, 2003.

### Authority

Chapter 899, Statutes of 1995.
Chapter 796, Statutes of 1999.

## 50 ADMINISTRATION

### Program Objectives Statement

The Administration Program provides the overall policy direction for the Department from the Commissioner's Office as well as administrative support services. Effective with a departmental reorganization on October 2, 2000, this program consists of: a Special Projects Office to coordinate special priority projects as directed by the Commissioner; a Legislative Office to support consumers through legislative advocacy; an Internal Audits/Information Security Office to ensure adherence to federal, state, and CDI policies, mandates and procedures; a Media Relations Office to provide information to the public and the media about CDI's mission to protect California consumers; a Strategic Planning, Policy and Research Office to oversee strategic planning, and coordinate CDI's involvement with national affairs such as NAIC, and issues related to Federal Financial Modernization (Gramm-Leach-Bliley Act). The support services in the Administration & Licensing Services Branch provide budget and revenue management, accounting, human resources, and business management services for the department; and the E-Government & Technology Solutions Branch provides the blueprint to implement regulatory practices compatible with new technological advancements as well as all other IT maintenance and support activities. Due to the current departmental reorganization in progress, the funding to support Licensing Services will be reflected in this program beginning in FY 2002–03 Governor's Budget.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $230,000 Insurance Fund and a redirection of 1.9 personnel years from existing position authority to assist the Information Technology User Help Desk. The Information Technology Help Desk supports all Department of Insurance employees in 15 locations throughout California.
- An increase of $273,000 Insurance Fund for increased rent costs.

### Authority

Chapter 722, Statutes of 1982.

*** Dollars in thousands, except in Salary Range.**

## 0850 CALIFORNIA STATE LOTTERY COMMISSION

The California Constitution authorizes the establishment of a statewide lottery. An initiative statute, the California State Lottery Act of 1984, created the California State Lottery Commission and gave it broad powers to oversee the operations of a statewide lottery. The primary purpose of the Act is to provide supplemental monies to benefit public education without the imposition of additional or increased taxes. The Lottery is administered by a five-person Commission appointed by the Governor with the concurrence of the State Senate.

The statute requires that not less than 84 percent of the total annual revenues from the sale of state lottery tickets shall be returned to the public in the form of prizes and net revenues to benefit public education. Fifty (50) percent of the total annual revenues shall be returned to the public in the form of prizes. At least 34 percent of those revenues shall be allocated to the benefit of public education, and no more than 16 percent of the revenues are to be used for administrative costs. The Commission may also use a portion of its administrative funds to pay for prizes in order to increase sales and revenues to education. Those revenues allocated to the benefit of public education are to be placed in a special fund, known as the California State Lottery Education Fund, which is appropriated for the benefit of public education and which holds revenues until they are allocated on a per capita basis, using prior year certified Average Daily Attendance data, to the following four categories: K–12 education, Community Colleges, the California State University and the University of California. These funds, which augment, rather than replace, funds already allocated for public education, are to be spent exclusively for instructional purposes, and may not be spent for acquisition of real property, construction of facilities, financing of research, or other noninstructional purposes.

By a legislative initiative in March 2000, the Lottery Act was amended to provide that one-half of the amount of the share allocated to public education in excess of the amount allocated to education in fiscal year 1997–98 shall be allocated to school and community college districts for the purchase of instructional materials.

In the 15 years from the start of sales in October 1985 through June 30, 2000, the California State Lottery has raised over $11.7 billion for public education.

Because of the inherently variable nature of lottery ticket sales, revenue estimates for 2000–01 and 2001–02 cannot be made with certainty.

## 0855 CALIFORNIA GAMBLING CONTROL COMMISSION

Chapter 867, Statutes of 1997 (SB 8) created, effective January 1, 1999, the California Gambling Control Commission (Commission). Pursuant to statute, the five member Commission is appointed by the Governor, subject to Senate confirmation, and is vested with jurisdiction over gambling establishments in this state and over all persons or things having to do with the operations of gambling establishments in this state, including jurisdiction over operation concentration, and supervision. Specifically, the Commission's responsibilities include:

- Assuring that licenses, approval, and permits are not issued to, or held by, unqualified or disqualified persons, or by persons whose operations are conducted in a manner that is inimical to the public health, safety, or welfare, and
- Assuring that there is not material involvement directly, or indirectly, with a licensed gambling operation, or the ownership or management thereof, by unqualified or disqualified persons, or by persons whose operations are conducted in a manner that is inimical to the public health, safety, or welfare.

### Major Budget Adjustment Included in 2000–01

- An augmentation of $2,387,000 ($646,000 Gambling Control Fund, $1,741,000 Indian Gaming Special Distribution Fund) and 15.6 personnel years to provide for the partial-year operation of the Commission, including staff, operating expenses, and equipment. Current year appropriation authority is proposed in Administration-sponsored legislation authorizing an augmentation to the Commission's existing Budget Act appropriation from the Gambling Control Fund, and authorizing a General Fund loan to the Indian Gaming Special Distribution Fund, from which the balance of the Commission's operating budget will be supported.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0855 CALIFORNIA GAMBLING CONTROL COMMISSION—Continued

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $3,479,000 ($719,000 Gambling Control Fund, $2,760,000 Indian Gaming Special Distribution Fund) and 32.3 personnel years to provide full-scale, ongoing support for the Commission. A General Fund loan to the Indian Gaming Special Distribution Fund in support of the Commission's operating budget is also proposed.

## 0860 STATE BOARD OF EQUALIZATION

The mission of the State Board of Equalization is to serve the public through fair, effective, and efficient tax administration. The State Board of Equalization collects numerous taxes and fees for support of State and local government services. These include: Sales and Use Taxes (State, Local, and Transit District); Motor Vehicle Fuel License (Gasoline) Tax; Diesel and Use Fuel Tax; Alcoholic Beverage Tax; Cigarette Tax; Cigarette and Tobacco Products Surtax; Insurance Tax; Energy Resources Surcharge; Emergency Telephone Users Surcharge; Hazardous Substances Tax; Integrated Waste Management Fee; Underground Storage Tank Fee; Oil Spill Prevention Fee; Occupational Lead Poisoning Prevention Fee; Childhood Lead Poisoning Prevention Fee; Tire Recycling Fee; Private Railroad Car Tax; Timber Yield Tax; and Natural Gas Surcharge Tax. The Board also administers utility assessments for local property tax purposes, and provides guidance to local government in the administration of property tax.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

The Board is composed of five members and was established by the State Constitution. Four of the five Board members are elected specifically to represent equalization districts, and the State Controller serves as an ex officio, voting member.

The Board operates in 27 locations throughout California as well as offices in New York, Chicago, and Houston, and administers audit and collection programs generating tax revenues in excess of $42.4 billion.

The Board adopts rules and regulations for the administration of the business taxes programs and for the guidance and direction of the state's property tax program involving county assessors, boards of supervisors, and local assessment appeals boards in valuing property.

As an appellate body, the Board adjudicates appeals from taxpayers on business taxes audit findings, county officials on intra-county and inter-county property tax assessments, public utilities on assessments of utility properties, and assessees on privately owned railroad cars. The Board also serves as the appellate body for contested Franchise Tax Board decisions under the Personal Income Tax laws, Bank and Corporation Tax laws, Senior Citizens Property Tax relief laws, and appeals of rulings by the Insurance Commissioner.

## 15 COUNTY ASSESSMENT STANDARDS PROGRAM

### Program Objectives Statement

This program carries out the Board's constitutional and statutory responsibility of ensuring that taxable properties are enrolled and that all properties are assessed by the 58 county assessors in full conformity with the law, assuring a complete and equitable tax base that is fair to taxpayers and supports both local agencies and the State's General Fund. The Board is also charged with providing consultation and services to county assessors, their staff, and others involved with the assessing function to aid them in distributing property tax assessments legally and equitably among property owners. The County Assessment Standards Program establishes standards, provides training for assessors and assessment appeals boards,

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

and evaluates the effectiveness of each county assessor's administration of the assessment function and the degree to which the practices of the assessors' offices conform to existing law and policies.

### Authority

Constitution—Article XIII; Government Code sections 15606, 15608, 15611, 15612, 15624, and 15640–15646; Revenue and Taxation Code sections 63.1, 64, 69.5, 75.60, 169, 218.5, 251, 401.5, 407, 452, 480, 480.1, 482, 601, 602, 670–673, 1153, 1254, 1603, 5364, 5781, and 5840; California Administrative Code—Rules 101, 171, 202, 252, 282–283, 1045, and 1051.

### Program Element Statements

### 15.10 County Surveys

California taxpayers will pay an estimated $24.7 billion in property taxes during 2000–01 to support various local governmental agencies. Approximately 96 percent of these taxes will result from valuations based on ad valorem assessments made by the 58 county assessors. Almost 48 percent of these revenues go to local agencies other than schools. Schools receive approximately one-half of the property tax revenues. Since the State is ultimately responsible for providing a specified level of funding for schools, any shortfalls in property tax revenue must be met by the State's General Fund. Because of the importance of this revenue source to the State, schools, and local government, it is necessary that a central agency provide direction, supervision, and review of local assessment practices (administrative oversight) to assure equitable treatment of all property taxpayers both within and between counties.

To accomplish these objectives, ''assessment practices'' and ''special topics'' surveys are conducted to ascertain the specific assessment practices of the 58 county assessors. The assessment practices surveys are performed over a five-year cycle and include a comprehensive audit of the assessor's operation, resulting in a report that includes recommendations and suggestions for improvement. For the 11 largest counties and 15 other counties selected either at random or for cause during the cycle, a survey also includes a random selection of a representative sampling of the local assessment roll, the appraisal by staff appraisers of the sampled assessments, and an in-depth analysis of the differences between the staff appraisals and the enrolled assessments. The survey also includes a comprehensive review of the assessment system emphasizing the principal causes for significant differences and contains recommendations for improving the systems and resulting assessments. The special topics surveys provide an in-depth evaluation of the problems associated with current assessment issues that have a statewide impact.

### 15.20 Technical Advisory Services

This program carries out the Board's constitutional and legislative duties to advise and assist the 58 county assessors in compiling and standardizing (statewide) the assessment rolls of all taxable properties within their counties. The Board relies on five primary functions to fulfill this responsibility: 1) Provides technical advice on real, personal and specialty property appraisal problems. 2) Publishes ''Letters To Assessors'' and prepares and revises ''Assessors' Handbooks''. 3) Annually prescribes the format of most forms used by the assessors, including all those requiring taxpayer entries. 4) Formulates rules that are binding on assessors and have the full force and effect of law. 5) Certifies appraisers, monitors completion of their mandatory annual training, and provides training to appraisers and assessment appeals board members.

### 15.30 Technical Services

The Board has three primary areas of responsibility in providing assistance to counties in administering the property taxes. 1) The Board and the counties jointly administer the welfare exemption which removes millions of dollars from the tax base of local government and schools. The assessor receives and reviews the original claim, inspects the property, and forwards the claim to the Board together with a recommendation on the applicability of the exemption. Board staff reviews the case and recommends approval or disapproval. Disapprovals are subject to an appeal to the Board. The matter is returned to the county where the assessor can act only on applications found qualifying by the Board. 2) Current law prescribes that a ''change in control'' of a legal entity (i.e., a corporation or partnership) is equivalent to a ''change in ownership'' requiring a reappraisal of the real property. Changes in control of legal entities are difficult for the assessor to find, whereas ''changes in ownership'' are relatively easy to locate due to the recording of ownership documents. The Board, by researching financial publications and inserting questions on the state corporate and partnership tax returns, can detect most of these transactions and advise all counties where affected real property is located. 3) Numerous exclusions from the change in ownership reappraisals have been adopted by the voters for property replacing properties taken by governmental agencies, senior citizens and disabled persons selling their residence and purchasing a replacement residence, and certain transfers among family members. Each of these exclusions must be tracked to avoid duplicate applications and to conform with the law. The Board provides a ''clearinghouse'' for all such claims, assuring no duplication.

## 20 STATE-ASSESSED PROPERTY PROGRAM

### Program Objectives Statement

The State Constitution mandates that the Board annually value and assess intercounty pipelines and properties owned or used by railroads, regulated telephone companies, companies transmitting or selling gas or electricity, and private railroad car companies. Once market values are derived for these state assessees, those values must be allocated on a county-by-county basis among the agencies of local government in which properties are located. After the values are allocated, taxes are levied and collected for use by the local agencies. The Board collects the Private Railroad Car Tax which is deposited in the State's General Fund.

### Authority

Constitution—Article 13, Section 19; Revenue and Taxation Code—Division 1, Part 2; Division 2, Part 6.

### Program Element Statements

### 20.10 Assessment of Public Utilities

State assessees annually file property statements with the Board listing all properties by situs, together with associated costs, and provide fiscal and financial information on their operations. These and other economic data are used by staff to develop ''indicators of value'' which are used by the Board to determine the annual market value of the assessable property of each state assessee. Staff audits the property statements filed annually by state assessees.

All property contained on the assessment rolls must be identified to the combination of taxing jurisdictions serving that property. These taxing districts are overlapping and their boundaries are not coterminous with one another. Clusters of properties all served by the same taxing jurisdictions and having the same distribution of property tax revenues constitute a unique ''tax rate area.'' The Board is charged with maintaining statewide maps delineating each taxing jurisdiction. The resulting 57,969 tax rate areas are used by the county assessors in preparing the local assessment roll and state assessees in reporting their nonunitary property holdings.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### 20.20 Private Railroad Car Tax

The taxable value of private railroad cars is determined by the Board from cost information required of private railroad car owners on property statements and car movement information required of railroads. Information is processed using a statutory valuation formula employing the number of cars in the state and taxable value for each class of car. Assessments are prepared, tax bills are issued, and petitions for reassessment are received and processed. The revenue is deposited into the General Fund.

## 25 TIMBER TAX PROGRAM

### Program Objectives Statement

The Timber Tax Section administers the Timber Yield Tax by collecting revenue for the Timber Tax Fund, establishing timber value areas and the immediate harvest values for species of timber within those areas used to determine tax liability, developing a standard method of timber measurement and conversion factors where the standard cannot be used, controlling and auditing the reporting and self-assessment of the yield tax liability, and providing the data base for allocating the Timber Tax Fund to the county of harvest.

### Authority

Government Code Chapter 6.7 of Part 1 of Division 1 of Title 5; Revenue and Taxation Code Article 1.7 of Chapter 3 of Part 2 of Division 1 and Part 18.5 of Division 2.

### Program Element Statements

### 25.10 Timber Valuation

Forest property appraisers evaluate data from sales of private timber and timber on public lands and harvests on operator-owned land for purposes of establishing a data base to be used in developing immediate harvest value schedules and evaluating future harvest report filings of taxpayers. Value schedules adopted by the Board are used by taxpayers to determine their tax liability. Field inspections provide data to evaluate both the harvest reports and tax returns at the time of an audit.

### 25.20 Taxpayer Registration, Return Processing, and Collection

When a taxpayer files either a harvest plan with the California Department of Forestry and Fire Protection or acquires the right to harvest timber on government land, the taxpayer is required to register with the Board unless already registered. Once identified, the taxpayer is provided with instructions on how to file tax returns and harvest reports, and delinquency controls are established on anticipated tax returns. Tax returns and harvest reports are filed along with the tax due, permitting the identification of delinquent accounts and establishing a data base for future audits where necessary.

### 25.30 Auditing

Taxpayers are required to report and self-declare tax liability by species, size, logging system, and location. Misreporting of the volume harvested or misclassification by species or log size category significantly alters the tax liability. Further, rather than being reported, some harvests are disclosed by a reconciliation of log deliveries at the mills. The auditors, in conjunction with the forest property appraisers, evaluate the accuracy of the self-reporting and investigate any differences.

## 30 SALES AND USE TAX PROGRAM

### Program Objectives Statement

This program ensures that all sales and use tax revenues are collected in an equitable and effective manner through timely reporting of tax liability, detecting and correcting errors in self-assessments, and promptly collecting amounts determined to be due and economically recoverable.

The Board administers the Sales and Use Tax Law, the Bradley-Burns Uniform Local Sales and Use Tax Law, and transactions (sales) and use tax ordinances for the Bay Area Rapid Transit District, the Santa Clara County Transit District, the Santa Cruz Metropolitan Transit District, the Los Angeles County Transportation Commission, the San Mateo County Transit District, the Alameda County Transportation Authority, the Fresno County Transportation Authority, the San Diego Regional Transportation Commission, the Inyo County Rural Counties Transaction Tax, the San Mateo County Transportation Authority, the Sacramento Transportation Authority, the Contra Costa Transportation Authority, the Riverside County Transportation Commission, the San Francisco County Transportation Authority, the Imperial County Local Transportation Authority, Calexico Heffernan Memorial Hospital District, the Santa Barbara County Local Transportation Authority, the San Bernardino County Transportation Authority, the Madera County Transportation Authority, the Orange County Local Transportation Authority, the San Joaquin County Transportation Authority, the Sonoma County Open Space Authority, the San Francisco County Public Finance Authority, the City of Clearlake Public Safety Transactions and Use Tax, the Stanislaus County Library Transactions and Use Tax, the Santa Clara County Transactions and Use Tax, the Santa Cruz County Public Library Transactions and Use Tax, the Napa County Flood Protection Authority, the Solano County Public Library Transaction and Use Tax, the Town of Truckee Road Maintenance District, the Nevada County Public Library Transaction and Use Tax, Fresno County Public Library Transactions and Use Tax, City of Placerville Public Safety Transactions and Use Tax, City of Clovis Public Safety Transactions and Use Tax, Mariposa County Healthcare Authority, and City of Woodland General Revenue Transactions and Use Tax.

### Major Budget Adjustments Proposed for 2001–02

### Program 30

- An augmentation of $2,068,000 ($1,549,000 General Fund, $148,000 Special Fund, and $371,000 Reimbursements) to accommodate the budgetary impact of salary adjustments, rental rate increases for field offices, replacement of deteriorating carpet at the Capital Square headquarters building, and replacing a large volume high-speed copier located in the headquarters reproduction center.
- An augmentation of $470,000 ($356,000 General Fund, $35,000 Special Funds, and $79,000 Reimbursements) to acquire tools for the management and maintenance of the Board of Equalization's various networks.
- One-time augmentation of $1,561,000 ($1,178,000 General Fund, $120,000 Special Funds, and $263,000 Reimbursements) to continue the replacement of obsolete personal computer hardware and software.
- An augmentation of $1,634,000 ($1,307,000 General Fund and $327,000 Reimbursements) and a net reduction of 0.7 personnel year to begin the statewide implementation of LAN connectivity to the remaining Sales and Use Tax field offices.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

- An augmentation of $218,000 (Local Reimbursements) and 3 positions (2.8 personnel years) to accommodate the ongoing workload associated with enhancing the Board of Equalization's ability to minimize and correct local tax allocation reporting errors in a timely manner.
- An augmentation of $289,000 (Local Reimbursements) and 4 positions (3.8 personnel years) for Fiscal Year (FY) 2001–02, and beginning FY 2002–03, two of the four positions on a 3-year limited-term basis to continue the efforts of reducing the local tax reallocation inquiry backlog and preventing the reoccurrence of another backlog.

### Authority

Revenue and Taxation Code, Division 2, Parts 1, 1.5 and 1.6.

### Program Element Statements

### 30.10 Registration of Taxpayers

Registration enables the Board to furnish sellers and consumers with proper tax forms and instructions for the reporting and allocation of sales and use tax.

### 30.20 Processing Tax Returns

The returns filed are processed through the Cashier Unit, the Return Analysis Section, and the Local Revenue Allocation Section for deposit of revenue, accuracy, and fiscal accounting purposes. This accounting includes the proper distribution of local and district taxes and whether the taxpayer filed a return. Taxpayers who fail to file returns are sent a notice of delinquency. After a reasonable period of time, taxpayers whose accounts continue to be delinquent are cited to appear at the nearest Board office to show cause why their permit(s) should not be revoked.

Returns are reviewed for mathematical accuracy, proper preparation, and reporting of tax according to law. Billings and refunds are prepared to notify taxpayers of errors in self-declared tax. Additionally, taxpayers may be contacted to explain deductions.

The BOE is pursuing automating its current labor-intensive, sequential return processing system. The Board's intent is to implement technology that will improve the current incoming mail, cashiering, data capture, workflow, storage and retrieval, and tracking functions. The Return Processing Automation project will allow for simultaneous processing of return forms thereby increasing productivity and enhancing the service provided to taxpayers. In an effort to successfully implement this project, the BOE will require additional resources. In the Spring of 2001, the Administration expects to consider the resources necessary to ensure that this project proceeds effectively and efficiently.

### 30.30 Auditing Accounts

This activity is statistically designed to cover the tax base in a manner that will result in audits of accounts most likely to make substantial errors in reporting. A major objective of the audit selection system, which is based on the principle of marginal analysis, is to audit accounts that will produce tax deficiencies in excess of the cost of auditing. Tax deficiency is the difference between self-assessed taxes and the final determination of taxes due after auditing.

### 30.40 Collecting Taxes Receivable

Field offices are primarily responsible for the collection of delinquent amounts. The effort expended on each account is consistent with the amount due. Although efforts are made to accomplish collection through use of the telephone or by correspondence, field calls and the utilization of statutory remedies may be necessary to collect larger amounts when other efforts have not been productive.

In 1996–97, the Board implemented the Automated Compliance Management System (ACMS) as part of its collection program. The ACMS automates many tasks that would otherwise be done manually; expedites the issuance of liens, levies, and warrants; and provides for on-line tracking and management of collection cases.

## 35 HAZARDOUS SUBSTANCES TAX PROGRAM

### Program Objectives Statement

This program provides revenues for the Hazardous Waste Control Account and the Toxics Substances Control Account in the General Fund. The revenue is derived by collecting fees from generators of hazardous wastes, from hazardous waste facilities, and from certain corporations as identified by statute. Fees are collected by the Board for the Department of Toxic Substances Control (DTSC).

Hazardous waste ''generators'' and ''facilities'' are subject to either: 1) a generator fee paid annually from persons generating more than five tons of hazardous waste during the calendar year; or, 2) a facility fee paid annually from operators of certain hazardous waste facilities. Persons who generate hazardous wastes for shipment to an in-state facility for disposal, or who dispose of it on-site, are subject to a disposal fee. In addition to these fees, corporations with certain standard industrial codes (SIC) may owe an environmental fee based upon the number of employees. Fees are also collected from persons who receive certain services from DTSC (activity fee) or from persons operating under a permit-by-rule who owe an annual tiered permitting fee.

The objectives of the program are to ensure that appropriate returns and reports are filed, prescribed fees are paid, and taxes are assessed and collected in an equitable and effective manner.

Administration includes registering persons required to pay fees; processing tax returns and reports; collecting fees and taxes due; auditing accounts; resolving petitions for redetermination and claims for refund; and advising taxpayers regarding the law.

### Authority

Sections 25174, 25174.1, 25174.2, 25205.2, 25205.4, 25205.5, 25205.6, 25205.7, 25205.8, 25205.14, 25205.21, 25205.22, 25221 and 25343 of the Health and Safety Code, Part 22 of Division 2 of the Revenue and Taxation Code.

## 40 ALCOHOLIC BEVERAGE TAX PROGRAM

### Program Objectives Statement

This program ensures that all alcoholic beverage tax revenues are collected equitably and efficiently through timely reporting of tax liability, detecting and correcting errors in reporting, and promptly collecting amounts determined due and recoverable.

Self-assessed State excise taxes imposed on the manufacturing, importation, and sale of alcoholic beverages in this state are administered by the Board.

### Authority

Revenue and Taxation Code—Part 14, Division 2.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### Program Element Statements

### 40.10 Registration of Taxpayers

Persons subject to alcoholic beverage taxes are identified through licenses issued by the Department of Alcoholic Beverage Control. The Board registers them as taxpayers and furnishes tax returns for the reporting of tax. Accounts are regularly reviewed to reassess security requirements. Nontaxpaying common carriers, customs brokers, and out-of-state beer vendors are also registered and supplied with forms necessary to report information concerning the shipments of alcoholic beverages into California.

### 40.20 Processing Tax Returns and Reports

Alcoholic beverage tax returns are filed directly with the Board's headquarters office. The returns are processed through the mail processing, cashier, and technology services units for deposit of funds and fiscal accounting purposes. The Excise Taxes Division then verifies reported tax computations, notifies taxpayers of apparent discrepancies on returns, and reviews the returns for completeness and proper application of the law.

### 40.30 Auditing Accounts

Informational reports are received from common carriers, customs brokers, out-of-state beer vendors, and other states. Specific procedures are performed using the data contained in these informational reports, which include data entry, analysis, matching, and verification. Based on the results of the procedures performed, the Excise Taxes Division is able to effectively select for field auditing those accounts which appear to have understated the tax. The audits deter tax evasion and promote accurate reporting of self-declared tax.

### 40.40 Collecting Taxes Receivable

The Excise Taxes Division is primarily responsible for collecting taxes receivable. Investigations are made when necessary to locate assets which may be levied upon or which are subject to lien.

## 41 TIRE RECYCLING FEE PROGRAM

### Program Objectives Statement

This program is needed to provide revenues for the California Tire Recycling Account in the California Tire Recycling Management Fund. The program objective is to ensure that all tire recycling fee revenues are collected in an equitable and effective manner through timely reporting of liabilities, detecting and correcting errors in feepayer self-assessments and promptly collecting amounts determined to be due and economically recoverable.

The fee is collected by sellers of tires identified and registered by the Board. The fee provides funding for a tire recycling program which will reduce landfill disposal and stockpiling of used tires by recycling and reclaiming used tires and used tire components to the greatest extent possible. Administration of this fee is performed by the Excise Taxes Division and includes: identifying and registering sellers of tires required to pay the fees; maintaining current registration information for each feepayer; printing, mailing and receiving returns; depositing fees; examining returns; following up on problem or unfiled returns; storing returns; providing periodical reports to the California Integrated Waste Management Board; auditing accounts; collecting fees receivable; resolving petitions for redetermination; and advising interested persons about the law.

Chapter 838, Statutes of 2000, deleted the sunset date for this program.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $311,000 (Reimbursements) to implement the provisions of Chapter 838, Statutes of 2000, which amends Public Resources Code Section 42885 to increase the tire recycling fee.

### Authority

Public Resources Code—Sections 42860 through 42895.

## 45 CIGARETTE AND TOBACCO PRODUCTS TAX PROGRAM

### Program Objectives Statement

This program provides revenue for the Cigarette Tax Fund, Cigarette and Tobacco Products Surtax Fund, the Breast Cancer Fund, and through the passage of Proposition 10, the California Children and Families First Trust Fund. The program objective is to ensure that all cigarette and tobacco products tax revenues are collected equitably and effectively by effecting timely reporting and payment of tax liabilities, detecting and correcting errors in reporting, and promptly collecting amounts determined to be due and economically recoverable.

The cigarette tax is imposed upon distributors of cigarettes at the rate of 4.35 cents per cigarette (87 cents per standard package of 20) and upon consumers who acquire untaxed cigarettes which are not otherwise exempt from tax. For the most part, the tax is paid by distributors through the purchase of stamps from commercial banks which contract with the state for the issuance of stamps. Cigarette distributors are allowed a discount of .85 percent on purchases of cigarette tax stamps. The tobacco products tax is imposed upon distributors for the wholesale cost of tobacco products at a rate equivalent to the combined rate of tax imposed on cigarettes. The rate is determined annually by the Board. For Fiscal Year 1999–00, the rate was 66.50 percent, effective July 1, 2000, the rate changed to 54.89 percent.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $140,000 (California Children and Families First Trust Fund) for one additional year to accommodate a cost increase in the cigarette tax indicia contract with Bank of America.

### Authority

Revenue and Taxation Code—Part 13, Division 2.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### Program Element Statements

### 45.10 Registration of Taxpayers

Every person desiring to engage in the sale of cigarettes or tobacco products as a distributor or as a cigarette wholesaler must obtain a license from the Excise Taxes Division for each location at which he or she engages in such business. This enables the Board to furnish proper forms for the reporting, processing, allocation, and administration of taxes. Necessary security is obtained from licensed distributors to assure payment of the tax.

### 45.20 Processing Tax Returns and Reports

Forms and instructions are mailed to licensed distributors and wholesalers to enable them to file monthly reports to account for their purchases and distributions of tobacco products, cigarettes, and tax stamps; to enable cigarette manufacturers (who are all licensed distributors) to report tax on sample cigarettes distributed in California; and to enable tobacco products distributors to report tax on their distribution of tobacco products. Reports relating to the acquisition and sale of tax stamps are received from banks. Information reports are received from manufacturers and common carriers. These reports are processed by the Excise Taxes Division to account for tax payments, verify mathematical accuracy, assure conformity with the law, and select accounts for audit. When a timely report is not filed, the taxpayer is notified. If the delinquency is not cleared, revocation proceedings are instituted.

### 45.30 Auditing Accounts

Field auditing is essential to assure uniform application of the law, deter tax evasion and carelessness in self-reporting, and identify and correct errors in self-reporting. Reconciliations are made in the Excise Taxes Division using data reported by manufacturers, distributors, wholesalers, banks, and others. In most cases, immediate corrective action is taken when underreported tax is indicated. Field audit activities are designed to resolve more difficult discrepancies and to identify tobacco products and cigarettes received from illegal sources. These audits deter tax evasion and promote accurate reporting of self-declared tax.

### 45.40 Enforcement Activities

Enforcement activities are designed to prevent loss of revenue through tax stamp counterfeiting, bootlegging, tax underreporting, smuggling and illegal sales of cigarettes and tobacco products.

Field inspections are made of distributors' stamping machines to see that indicia is properly affixed, clear, and legible. Inspections also are made of cigarette stocks in retail stores and in vending machines to assure that all packages are properly stamped. Additionally, spot inspections of transit vehicles, vessels and aircraft are made to help deter illegal transportation of untaxed cigarettes and tobacco products for sale in the state.

### 45.50 Collecting Taxes Receivable

The Excise Taxes Division is primarily responsible for collecting taxes receivable. Investigations are made when necessary to locate assets which may be levied upon or which are subject to lien. The staff prepares liens, issues sheriffs' warrants and maintains the taxes receivable ledger.

## 50 MOTOR VEHICLE FUEL LICENSE TAX PROGRAM

### Program Objectives Statement

This program provides revenue for the Transportation Tax Fund, Aeronautics Fund, Harbor and Watercraft Revolving Fund, Off-Highway Vehicle Fund, and Department of Agriculture Fund. The objective is to ensure that the Motor Vehicle Fuel License Tax is administered equitably and effectively through timely reporting of tax liability, and detecting and correcting errors in taxpayers' self-assessments.

Through December 31, 2001, the gasoline tax is imposed on distributors and brokers based on their distributions of motor vehicle fuel. The gasoline tax rate is 18 cents per gallon. A 2-cent per gallon tax is imposed on sales of aircraft jet fuel by dealers to certain users. The State Controller shares responsibility with the State Board of Equalization for the administration of this tax by collecting delinquent tax and making refunds to consumers who use tax paid gasoline in an exempt manner subject to refund.

Effective January 1, 2002, the collection point of the gasoline tax will be transferred from the distributors and brokers distribution of motor vehicle fuel to the supplier's removal of the fuel from the terminal rack. This is being done to conform the tax imposition to federal law and to create more uniform reporting requirements for taxpayers, thus simplifying their reporting burden.

### Major Budget Adjustment Included in 2000–01

- An augmentation of $685,000 (Reimbursements) is proposed to begin the implementation of federally-funded fuel tax evasion projects.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $626,000 (Reimbursements) to continue implementation of federally-funded fuel tax evasion projects.
- An augmentation of $1,077,000 (Motor Vehicle Fuel) and 9.5 positions (9.0 personnel years) to implement and administer the provisions of Chapter 1053, Statutes of 2000 (AB 2114), related to changing the point of taxation on gasoline.
- An augmentation of $3,916,000 ($585,000 General Fund, $3,292,000 Special Funds, and $39,000 Reimbursements) to begin integrating the Special Taxes programs into the Integrated Corporate Database.

### Authority

Revenue and Taxation Code—Part 2, Division 2.

### Program Element Statements

### 50.10 Registration of Taxpayers

Persons subject to the motor vehicle fuel license tax are registered to enable the Board to furnish proper forms for the reporting, processing, and administration of the tax. Necessary security, within the limits allowed by law, is obtained to assure payment of the tax.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### 50.20 Processing Tax Returns

Returns are processed through the cashier and the Fuel Taxes Division for proper deposit of funds and fiscal accounting purposes. Taxpayers failing to file returns are identified and notices are sent to them.

### 50.30 Auditing Accounts

Accounts to be audited are selected through a process which assures optimum use of field audit time to detect misplaced tax, and deter tax evasion. Selection of accounts for audit places emphasis on those accounts which are expected to produce a deficiency tax change greater than the cost of auditing. These audits protect the tax base and result in a sustained high level of self-declared tax.

### 50.40 Enforcement Activities

Enforcement activities are designed to prevent loss of revenue through illegal distribution of untaxed fuel. Field inspections are performed at places where motor vehicle fuel is produced or stored, or at any inspection site where evidence of activities involving evasion may be discovered.

## 55 DIESEL AND USE FUEL TAX PROGRAM

### Program Objectives Statement

This program provides revenue for the Transportation Tax Fund. The program objective is to ensure that all revenues are collected in an equitable and effective manner by effecting timely reporting of tax liability, detecting and correcting errors in taxpayer self-assessment, and promptly collecting amounts determined to be due and economically recoverable.

The collection point of the excise tax on diesel fuel is the first removal from the terminal rack. The diesel fuel tax rate is 18 cents per gallon. The use fuel tax rate varies by fuel type. The imposition of the excise tax on the remaining use fuels is upon the user or vendor of the fuel.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $561,000 (Motor Vehicle Fuel) and 8.5 positions (8.1 personnel years) to permanently continue the efforts of implementing the component B element of tax on diesel fuel as mandated by Chapter 618, Statutes of 1997.
- An augmentation of $164,000 (Motor Vehicle Fuel) for overtime funds on a three year basis to eliminate a workload backlog to ensure that the Board of Equalization is in compliance with the provisions of the International Fuel Tax Agreement.

### Authority

Revenue and Taxation Code—Parts 3 and 31 of Division 2.

### Program Element Statements

### 55.10 Registration of Taxpayers

Registration of suppliers, distributors, vendors and users allows the Board to furnish them with proper tax forms and instructions for the purpose of reporting and processing of these taxes, and claiming allowable refunds. Necessary security, within the limits allowed by law, is obtained to assure payment of the taxes. The Board establishes an account for each new taxpayer, maintains the account on a current basis, and closes the account when the activity terminates.

### 55.20 Processing Tax Returns

Returns are processed through the mail, cashier, and technology services sections for deposit of revenue receipts and fiscal accounting purposes. The Board establishes delinquencies for taxpayers failing to file returns and sends notices to them. In addition, returns are reviewed for mathematical accuracy, proper preparation and application of the law. Returns claiming refunds of tax paid on fuel used in an exempt manner are reviewed for compliance with applicable laws and rules, prior to refunds being processed.

### 55.30 Auditing Accounts

This activity assures uniform application of the tax by detecting and correcting errors in reporting, and deterring tax evasion. In selecting accounts for audit, the Board places emphasis on those expected to produce a deficiency tax greater than the cost of auditing. These audits protect the tax base, and result in a high level of self-declared tax.

### 55.40 Enforcement Activities

Enforcement activities are designed to prevent loss of revenue through illegal distribution of untaxed fuel. Field inspections are performed at places where diesel fuel is produced or stored, or at any inspection site where evidence of activities involving evasion may be discovered. Additionally, spot inspections at designated inspection sites along state highways to physically inspect, examine or otherwise search any tank or container used in the transportation of diesel fuel.

### 55.50 Collecting Taxes Receivable

The Fuel Taxes Division is primarily responsible for collecting taxes receivable. Investigations are made when it is necessary to locate assets which may be levied upon, or which are subject to a lien. The staff prepares liens, issues sheriffs' warrants and maintains the taxes receivable ledger.

## 56 OCCUPATIONAL LEAD POISONING PREVENTION FEE

### Program Objectives Statement

This program provides revenue for the Occupational Lead Poisoning Prevention Account in the General Fund. Fees are collected from all employers in specified standard industrial classification (SIC) codes who employ ten or more employees. The identified SIC codes are those in which the Department of Health Services has determined that a potential for lead poisoning exists. The fee provides funding for the Occupational Lead Poisoning Prevention Program conducted by the Department of Health Services.

Administration includes registering employers required to pay the fee; processing the annual returns; collecting amounts due; auditing accounts; resolving claims for refund and petitions for redetermination; and advising interested persons regarding the law.

### Authority

Health and Safety Code Sections 105175, 105185, 105190 and Part 22 of Division 2 of the Revenue and Taxation Code.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### 57 INTEGRATED WASTE MANAGEMENT FEE PROGRAM

#### Program Objectives Statement

This program provides revenue for the Integrated Waste Management Account in the Integrated Waste Management Fund by administering the collection of a fee on all solid waste disposed at each solid waste landfill required to have a solid waste facility permit. The fee provides funding to respond to potential health and environmental problems at on-site and off-site solid waste landfills. In addition, the fee supports state and local landfill permit enforcement programs and provides grants to local agencies to initiate and implement waste separation programs.

Administration includes registering facility operators required to pay the fees; processing quarterly reports; computing the fee liability of each operator; mailing assessment notices; collecting amounts due; auditing accounts; providing statistical analysis of reported amounts; resolving petitions for redeterminations and claims for refunds; and advising interested persons regarding the law.

#### Authority

Division 30, Part 1—Public Resources Code, Division 2, Part 23—Revenue and Taxation Code.

### 58 UNDERGROUND STORAGE TANK FEE PROGRAM

#### Program Objectives Statement

This program provides revenue for the Petroleum Underground Storage Tank Financing Account in the General Fund by collecting a fee on all underground petroleum tanks. The fee provides funding to monitor and regulate underground storage tanks containing petroleum, and to protect human health and the environment. Established by statute, the fee is collected quarterly from owners of underground storage tanks containing petroleum.

Administration of this program includes registering underground tank owners, processing tax returns, collecting fees, auditing accounts, resolving petitions for redeterminations and claims for refunds, and advising feepayers regarding the law.

#### Authority

Health and Safety Code—Sections 25299.41 and 25299.43.

### 59 OIL SPILL PREVENTION PROGRAM

#### Program Objectives Statement

This program provides revenue for the Oil Spill Prevention and Administration Fund and the Oil Spill Response Trust Fund. The objective is to collect two fees on all crude oil and petroleum products received in this state via marine pipelines and terminals. The prevention and administration fee provides funding in order to implement oil spill prevention programs, and to reimburse the member agencies of the State Interagency Oil Spill Committee for costs arising from the implementation of this program. Funding is also provided to implement, install and maintain emergency programs, equipment, and facilities to respond to, contain and cleanup oil spills. The response fee provides funding in order to promptly cover costs of response, containment, and cleanups of oil spills into marine waters; including damage assessment costs and wildlife rehabilitation.

The Board's administration includes issuing monthly returns, receiving monthly returns, depositing payments, auditing amounts reported, resolving petitions and claims for refund, providing statistical analysis, and advising interested persons regarding the law.

#### Authority

Government Code—Sections 8670.40 and 8670.48.

### 60 ENERGY RESOURCES SURCHARGE PROGRAM

#### Program Objectives Statement

This program provides revenue for the state Energy Resources Programs Account, General Fund, by administering a surcharge on the consumption of electricity.

Administration of this surcharge on consumers of electrical energy includes registering of electric utilities required to collect the surcharge from consumers; registering of consumers purchasing electrical energy from the United States; processing tax returns; auditing accounts; collecting taxes receivable; resolving petitions for redetermination and claims for refund; and advising taxpayers regarding the law.

#### Authority

Part 19 of Division 2 of the Revenue and Taxation Code.

### 62 CHILDHOOD LEAD POISONING PREVENTION FEE PROGRAM

#### Program Objectives Statement

This program provides revenue for the Childhood Lead Poisoning Prevention Fund, by collecting fees to support the Childhood Lead Poisoning Prevention Program administered by the Department of Health Services. The fee, established by statute and implemented by regulation, is collected annually from architectural coatings distributors, motor vehicle fuel distributors, and facilities currently reporting releases of lead into ambient air in California.

Administration of this program includes registering feepayers, processing fee returns, collecting fees, auditing accounts, resolving petitions for redetermination and claims for refund, and advising feepayers regarding the law.

#### Authority

Health and Safety Code Article 4.6, Section 372, Chapter 2 of Part 1 of Division 1 and Revenue and Taxation Code Sections 43507, 43152.14, and 43554. Title 17, California Code of Regulations Sections 33001, 33010, 33020, and 33030.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### 63 BALLAST WATER MANAGEMENT FEE PROGRAM

#### Program Objectives Statement

This program provides revenue for the Exotic Species Control Fund. The program objective is to administer the collection of a fee from owners or operators of qualifying vessels that enter California ports with ballast water loaded from outside a designated economic enterprise zone. Under the statute's provisions, the fee, established in regulations adopted by the State Lands Commission, is assessed upon the owner or operator when their vessel arrives in California. The fee provides funding to carry out the ballast water management program as described in statute.

Administration of this program includes registering vessel owners or operators, processing assessments or returns, collecting fees, auditing accounts, resolving petitions for redeterminations and claims for refunds, and advising feepayers regarding the law.

#### Authority

Public Resources Code—Division 36 (commencing with Section 71200).

### 65 EMERGENCY TELEPHONE USERS SURCHARGE PROGRAM

#### Program Objectives Statement

This program provides revenue to fund the ''911'' emergency telephone number system, by administering a surcharge on intra-state telephone communication services.

Administration of this surcharge includes: registering telephone service suppliers required to collect the surcharge from users; processing tax returns; auditing accounts; collecting taxes receivable; resolving petitions for redetermination and claims for refund; and advising taxpayers regarding the law.

#### Authority

Part 20 of Division 2 of the Revenue and Taxation Code.

### 70 INSURANCE TAX PROGRAM

#### Program Objectives Statement

This program assesses taxes on insurance premiums and marine profits of underwriters, and levies retaliatory assessments against ''foreign'' insurers.

The program is administered jointly by the Board, the Controller and the Insurance Commissioner. The Board is responsible for assessing the tax and adjudicating petitions for redetermination and claims for refund.

The Board annually assesses each insurance company based on the net premiums on California business other than ocean marine insurance, and on the average annual underwriting profit on ocean marine business. It also imposes a retaliatory tax on any out-of-state company doing business in California whenever that company's home state subjects a California company doing business in that state to a greater burden than California imposes on insurers domiciled in that state. The Board also hears taxpayer appeals and makes decisions to grant or deny petitions for redetermination and claims for refund.

#### Authority

The State Constitution, Article XIII, Section 28 and Part 7 of Division 2 of the Revenue and Taxation Code.

### 75 NATURAL GAS SURCHARGE PROGRAM

#### Program Objectives Statement

This program provides revenue for the Gas Consumption Surcharge Fund by administering a surcharge on the consumption of all natural gas in this state. The surcharge, established by the California Public Utility Commission, is collected by the Board of Equalization annually from public utility gas corporations and consumers who receive natural gas through interstate pipeline. The objective of this program is to collect the revenue intended to fund low-income assistance programs, cost effective energy efficiency programs, conservation activities, and public interest research and development.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $33,000 (Gas Consumption Fund) to enable the State Board of Equalization to effectively and efficiently administer the new Natural Gas Surcharge Program as mandated by the provisions of Chapter 932, Statutes of 2000 (AB 1002).

#### Authority

Chapter 4 of Part 1 of Division 1, Article X—Public Utilities Code.

### 80 APPEALS FROM OTHER GOVERNMENTAL PROGRAMS

#### Program Objectives Statement

An independent administrative review is necessary when a taxpayer disagrees with actions taken by the Franchise Tax Board. Upon the filing of a taxpayer's written request, the Board of Equalization reviews assessments of franchise and income taxes and eligibility determinations made in administering the Senior Citizens Property Tax Assistance program.

The Board also acts as an impartial tribunal to settle disputes between entities of local government concerning property tax assessments of property owned by one local government entity but located outside its boundaries and within boundaries of another entity. Such property owned by a local government outside its boundaries is subject to tax by the entity within whose boundaries the property is located.

*** Dollars in thousands, except in Salary Range.**

## 0860 STATE BOARD OF EQUALIZATION—Continued

### Authority

1) Administration of Income and Franchise Tax Laws: Revenue and Taxation Code Section 18401–19802. Procedural regulations regarding appeals from the Franchise Tax Board are contained within the Rules of Practice of the State Board of Equalization, California Code of Regulations, Title 18, Division 2, Chapter 10 (effective January 1, 1996); 2) Senior Citizens Homeowners and Renters Property Tax Assistance: Revenue and Taxation Code Section 20501–20646; and, 3) Publicly Owned Property: Section 11 Article XIII of the California Constitution and Section 1840 and 1841 of the Revenue and Taxation Code. Procedural Regulations are found in Title 18, California Code of Regulations at Sections 5050 through 5063, 5070 through 5075, 5076, 5076.2, and 5077 through 5087.

### Program Element Statements

### 80.10 Franchise and Income Tax Appeals

The Board initiates action after a taxpayer files a written appeal. The Board's legal staff frames the issues of law and fact by means of memoranda from, and stipulations by, the parties. If the taxpayer requests an oral hearing before the Board, the Board may decide the case at the conclusion of the hearing or refer the case to its legal staff for review, analysis, and preparation of a written opinion or decision which is later voted on by board members. If an oral hearing is not requested, the case is referred to the legal staff for review, analysis, and preparation of a written opinion or decision.

### 80.20 Senior Citizens Property Tax Assistance Appeals

A taxpayer files a written notice to initiate action with the Board of Equalization. Upon receipt of a re-review statement from the Franchise Tax Board, the Board's legal staff frames the issues of law and fact and submits them to the Board. The Board makes a determination and informs the claimant of this decision.

### 80.30 Equalization of Assessment of Publicly Owned Property

Action is initiated when the local public entity that owns the taxable property outside its boundaries files with the Board an application for review, equalization, and adjustment of the assessment imposed by the county in which the property is located. The assessor may file an answer. A prehearing conference is conducted by a member of the legal staff to define the issues and arrange for stipulations and exchange of exhibits. A formal hearing is conducted before the Board which renders a written decision.

## 85 ADMINISTRATION PROGRAM

### Program Objectives Statement

The objectives are to effectively and efficiently implement the policies and directives of the Board members, and to provide direction, leadership, planning, and support services for all Board programs.

These responsibilities are carried out by the Executive Director, deputy directors, chief counsel, and various administrative staff reporting to these positions.

---

[n] Two (2.0) positions limited-term 1/1/02 through 6/30/04.
[o] Four (4.0) positions limited-term 1/1/02 through 6/30/04.

# 0890 SECRETARY OF STATE

The Secretary of State, a constitutionally established office, is the chief election officer of the State and is responsible for the administration and enforcement of election laws. The office is also responsible for the administration and enforcement of laws pertaining to filing documents associated with corporations, limited partnerships, and the perfection of security agreements. In addition, the office is responsible for the appointment of notaries public, enforcement of notary laws and preservation of documents and records having historical significance. All documents filed are a matter of public record and of historical importance. They are available through prescribed procedures for public review and certification as to authenticity. In addition, the office is responsible for the newly created International Business Relations Program that will promote California's international relations and improve the economic climate for foreign business development by providing specialized services needed to develop stronger connections between California and foreign-based companies.

The executive staff determines policy associated with the administration of the office through the programs of Elections, Political Reform, Business Programs, Archives, Information Technology and Management Services Divisions.

### Major Budget Adjustment Included in 2000–01

- An increase of $581,000 General Fund to implement the provisions of Proposition 34, recently approved by the voters.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $7,275,000 in Business Fees Fund to support Phase II of the Business Programs Automation Project (BPA).
- An increase of $700,000 in Business Fees Fund, $266,000 in Reimbursements, and 12.5 positions redirected from other vacancies to respond to additional workload requirements in the Corporate Filing Section of the Business Programs Division.
- An increase of $250,000 in General Fund and 3.0 positions redirected from other vacancies to address the backlog of archival records processing.
- An increase of $200,000 in General Fund to augment the Oral History Program of the California State Archives.

## 05 BUSINESS PROGRAMS DIVISION

### Program Objectives Statement

The Business Programs Division was created effective July 1, 1997 by combining the Corporate Filings, Limited Partnership, Uniform Commercial Code and the Notary Public Divisions. The consolidation of these programs will streamline activities and enhance customer service provided to companies and organizations doing business within the State of California.

The Corporate Filings Section files articles of incorporation, foreign qualifications, and related documents to ensure that corporations are properly formed, merged, amended, and dissolved in compliance with California law. The Section provides proprietary control over the proposed corporate name, the formation and changes in the structure of the corporation, and the cancellation and suspension of delinquent corporate entities. The Section also administers the filings of statement of officers, directors and agents for all corporations of record.

The Limited Partnership Section is responsible for filing and maintaining documents pertaining to a variety of non-corporate business entities, including limited partnerships, limited liability companies, limited liability partnerships, general partnerships and unincorporated associations. Once filed, the information is available via written request, over the telephone or in person at our public counter. In addition, the Section processes trademark and service mark filings, domestic partnership declarations, the Roster of Public Agencies, successor-in-interest filings, various types of bonds, including immigration consultants, and many other ''special filings''.

The Uniform Commercial Code section provides for the filing of financing statements and related documents so that a secured creditor may perfect a security interest in personal property covered by a security agreement as against other creditors. Not only does this program afford a secured creditor some protection against debtor bankruptcy, insolvency or default, but it also provides a prospective lender or seller with the means to determine if there are any previously perfected security interests involving certain personal property. The Section further files notices of federal tax liens against certain business entities, state tax liens and attachment liens against personal property, judgment liens, various agricultural liens, and related documents. The Secretary of State's staff examine all documents presented for filing for statutory compliance. The documents are then filed and open to public inspection. Certificates of filing and copies of filed records are available upon request.

The Notary Public Section appoints qualified persons authorized by Government Code, Chapter 3, Division 1, Title 2 to the office of Notary Public in sufficient numbers to perform a variety of official transactions necessary to fulfill personal and business needs throughout the State. Applicants seeking an appointment to act as a notary public are investigated by the Secretary of State to insure that the applicant has the required honesty and integrity to hold a commission. Investigations are conducted to determine if any administrative, civil or criminal law has been violated by either individuals holding current notary public commissions or by people holding themselves out as such. If so, the Secretary of State's Office takes appropriate action through the use of injunctions, restraining orders, civil penalties, administrative adjudication and criminal prosecution.

### Authority

Corporations Code Titles 1–3 and Government Code Section 12180 et seq. Uniform Commercial Code, Chapter 4, Divisions 9, 10 and 11; Uniform Federal Tax Lien Registration Act; Chapter 14, Division 7 of Title 1 of the Government Code relating to the registration of State tax liens; Section 488.375 of the Code of Civil Procedure relating to attachment liens; Division 2, Chapter 1, Article 3, Section 697.510 of the Code of Civil Procedure relating to judgement liens; Sections 9790 and 22900 of the Business and Professions Code; and Sections 55701, 57402, 57510 and 57561 of the Food and Agricultural Code.

## 10 ELECTIONS

### Program Objectives Statement

The Secretary of State, as California's chief election officer, has broad responsibility in the areas of voter registration, the state ballot pamphlet, the initiative process, ballot voting, voting systems, voter participation, candidate certification, reporting of election results, and ensures that the

*** Dollars in thousands, except in Salary Range.**

## 0890 SECRETARY OF STATE—Continued

state's elections laws are administered and complied with in a uniform manner. The Secretary of State issues technical information and legal opinions to the public, legislators and staff, and local elections officers regarding elections laws and procedures. The complexity of the state's elections systems requires constant vigilance by the Secretary of State, as well as promulgation of appropriate rules and regulations to ensure adequate and uniform enforcement of state elections laws. The investigations unit investigates allegations of illegal activity in voting, registration, petition circulation and elections administration. The Secretary of State certifies to the nomination and election of candidates; passage or failure of statewide ballot measures; produces and distributes the state ballot pamphlet; and is the central repository for data concerning voter registration and official election results.

### Authority

Constitution, Elections Code, Government Code, Federal Voting Rights Act and the Federal Overseas Voting Act.

## 15 POLITICAL REFORM

### Program Objectives Statement

The Secretary of State administers the campaign and lobbying disclosure provisions of the Political Reform Act of 1974, ensuring timely compliance with filing requirements. Under this law, the Secretary of State registers all campaign recipient committees and assures compliance with statutory reporting requirements through the review of reports filed. The Secretary of State also registers lobbying firms and employers, reviews the periodic reports filed by lobbying entities, and publishes a Directory of Lobbyists, Lobbying Firms and Lobbyist Employers. Since January of 2000, this division also supports the electronic filing requirements of the Political Reform Act and posts relevant disclosure information to the Internet so voters can track where campaign money is raised and spent and what lobbying activity is occurring in state government.

### Authority

Government Code (Title 9, Political Reform).

## 30 ARCHIVES

### Program Objectives Statement

The California State Archives acquires, catalogs, indexes, preserves and provides reference access to historic and irreplaceable record material from a wide range of origins within the state, supplemented by an oral history program to fill gaps in the documentary materials. The Archives serves the general public directly and assists state agencies and other institutions by providing an organized and select body of California history from all three branches of government. Without this program for assembling historic information, many essential original materials would be lost or destroyed—leaving the state with a reference vacuum that would jeopardize vital state interests. The State Archives assisted in developing a museum and education program to extend archival resources to wider public audiences, under a partnership agreement with the California Archives Foundation. The Golden State Museum opened in the fall of 1998. Support for the California Heritage Preservation Commission is included in the budget for the State Archives.

### Authority

Government Code Sections 6268, 12153, 12173, 12220–12233, 14755, 14901; Civil Code Section 1798.24(j).

## 32 EXECUTIVE OFFICE

### Program Objectives Statement

The Executive Office develops and manages overall departmental policy, coordinates and disseminates public information, handles correspondence and the scheduling of functions and appointments for the Secretary of State. In addition, the office is responsible for the newly-created International Business Relations Program that will promote California's international relations and improve the economic climate for foreign business development by providing specialized services needed to develop stronger connections between California and foreign-based companies.

### Authority

California Business and Professions Code commencing with Section 14233.

## 35 MANAGEMENT SERVICES

### Program Objectives Statement

The Management Services Division provides the agency with the necessary personnel, general administrative, budgeting and fiscal services necessary to ensure the smooth and efficient operation of the line functions within the agency. Through analysis and research personnel, fiscal, budgetary and other administrative options are developed by Management Services to support the Secretary of State in policy, planning and directing the various programs administered within the agency. It also manages the Safe At Home Program created by Chapter 1005, Statutes of 1998.

## 38 INFORMATION TECHNOLOGY

### Program Objectives Statement

The Information Technology Division provides expertise to plan, develop, implement, and operate innovative and effective business and information systems solutions. These systems support the various program areas. The Division also provides oversight and sets policy for all information technology projects within the Secretary of State's Office.

## 98 LOCAL ASSISTANCE

### Program Objectives Statement

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated local programs. Funding for four ongoing mandates is proposed for inclusion

*** Dollars in thousands, except in Salary Range.**

## 0890 SECRETARY OF STATE—Continued

in the Budget Act: Voter registration procedures (Ch. 704/75); Absentee ballots (Ch. 77/78); Permanent absentee voters (Ch. 1422/82); and Brendon Maguire Act (Ch. 391/88). In addition, this budget proposes to continue the suspension of five mandates: Voter registration roll purge (Ch. 1401/76); Handicapped voter access (Ch. 494/79); Local elections (Ch. 1013/81); Democratic presidential delegates (Ch. 1603/82); and Election materials (Ch. 1042/85).

# 0950 STATE TREASURER

The State Treasurer provides banking services for state government with goals to minimize interest and service costs and to maximize yield on investments. The Treasurer is responsible for the custody of all monies and securities belonging to or held in trust by the State; investment of temporarily idle state monies; administration of the sale of state bonds, their redemption and interest payments; and payment of warrants drawn by the State Controller and other state agencies.

### Authority

Government Code Sections 12300–12333, 16300–16600, 53661.

## 10 INVESTMENT SERVICES

The Investment Division is responsible for investment of state monies from the date of receipt through the date of redemption. During the 1999–2000 fiscal year, this Division handled 7,991 security investment transactions totaling $260.8 billion. The Pooled Money Investment Board program accounted for 5,416 of these transactions totaling $247.0 billion; time deposits accounted for 1,031 transactions totaling $13.5 billion. The remaining $300 million is invested on behalf of the State's special funds, such as those associated with the California Housing Finance Agency, the Department of Fish and Game, the State's retirement system, etc. The Division also administers the Local Agency Investment Fund (LAIF), a voluntary investment program created to offer California local agencies greater access to the financial markets through the Pooled Money Investment Board program. In the 1999–2000 fiscal year, 2,796 local agencies participated in LAIF, with deposits averaging $12.9 billion for the fiscal year.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0950 STATE TREASURER—Continued

### Major Budget Adjustment Proposed for 2001–02

- An increase of $82,000 ($12,000 General Fund and $70,000 reimbursements) and one redirected position (0.9 personnel year) to address increased workload due to increased participation in the Time Deposit Program. (See Securities Management also.)

## 20 CASH MANAGEMENT

The Cash Management Division is responsible for managing the State's cash resources as mandated by the Pooled Money Investment Board and Government Code Sections 16500 through 16510. The Division analyzes the State's cashflow and completes a daily forecast of available cash which allows others to make informed investment and business decisions. The Division is also responsible for administering the Centralized Banking Services Program. An integral part of managing the State's cash is the Centralized Treasury System which is responsible for processing and reconciling state warrants and agency checks presented by banks for payment, processing stop payment and forgery items, and reconciling all the State's deposits within the Treasury System. The Division is also responsible for maintaining the State's vault used for the safekeeping of moneys and securities pursuant to Government Code Section 12320 and for providing security in the handling and processing of billions of dollars in negotiable securities.

### Major Budget Adjustment Proposed for 2001–02

- A one-time net increase of $178,000 ($519,000 General Fund increase and $341,000 reimbursement decrease) to process additional State Controller warrants issued for the Vehicle License Fee Offset Program authorized by Chapter 106, Statutes of 2000 (AB 858).

## 30 PUBLIC FINANCE

The Public Finance Division is responsible for selling all State of California general obligation bonds, revenue anticipation notes, commercial paper notes and many revenue bonds. Interim financing from the Pooled Money Investment Account is also arranged to meet the immediate cash needs of the various bond programs. Interest costs are minimized through a planned bond marketing program. This program includes disseminating information to bondholders through the investor relations program.

The Division also assures compliance with federal tax laws applicable to state debt by investing and reinvesting bond sale proceeds as needed to meet federal yield restriction requirements, tracking expenditures, and computing and rebating arbitrate profit or other payments to the federal government.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $351,000 General Fund and four positions (3.8 personnel years) to implement the General Obligation Variable Rate Demand Bond Program as authorized by Chapter 522, Statutes of 1999 (SB 997).
- A one-time increase of $200,000 Oil Spill Trust Fund in operating expense and equipment to fund the update of the Oil Spill Prevention and Response Program financing plan for the Department of Fish and Game.

## 35 SECURITIES MANAGEMENT

The Securities Management Division was created in 1999 and consists of the Bondholder Services Section and the Securities Clearance Section, which were formerly part of the Public Finance Division.

The Securities Management Division is responsible for servicing and redeeming all general obligation bonds, certain revenue bonds and revenue anticipation notes for the State of California. The Division maintains certain ownership information for the bonds and ensures the timely payment of principal and interest to the bondholders.

The Division is responsible for the clearing, settling and accounting for all securities purchased or sold for investment purposes for the Pooled Money Investment Account and other state agencies through its custodian.

The Division is also responsible for the safekeeping of all securities and other personal property owned by or pledged to the State. These securities are held in the Treasurer's vault or in approved depositories such as the Federal Reserve Bank in San Francisco.

Pursuant to Chapter 127, Statutes of 2000, on January 1, 2001, the Local Agency Security Program transferred back to the Department of Financial Institutions.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $197,000 ($30,000 General Fund and $167,000 reimbursements) and two redirected positions (1.9 personnel years) to address increased workload due to increased participation in the Time Deposit Program. (See Investment Services also.)

## 50 ADMINISTRATION AND INFORMATION SERVICES

The Administration Division, Executive Office, and the Information Services Division provide executive direction and support services to programs in the State Treasurer's Office. Services include budgeting, personnel, accounting, information systems, business services, technical support, and production operations.

## 98 STATE-MANDATED LOCAL PROGRAMS

This program provides funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs incurred in complying with state mandates.

### 10 Golden State ScholarShare Trust Program

Chapter 851, Statutes of 1997, authorized the California Student Aid Commission (SAC) to establish the Golden State ScholarShare Trust Program, which is a State-sponsored, college savings program. ScholarShare was created to allow Californians the opportunity to invest on a tax-deferred basis to meet the costs of higher education, as allowed by federal law. Participants may invest for their children's college costs at modest levels over a number of years. The money that participants contribute is not taxed until the time of disbursement to the beneficiary's school of choice; it is then taxed at the beneficiary's rate. Administrative costs for the program are paid from the ScholarShare Administrative Fund, which is supported by a portion of the investment returns. Initial expenses of this program were supported by a loan from the General Fund. Program implementation started in 1999.

Chapter 664, Statutes of 1999, established a reconstituted ScholarShare Investment Board (SIB) to oversee and administer the ScholarShare Trust, and moved the ScholarShare Investment Board from the SAC to the umbrella of the State Treasurer's Office, effective January 1, 2000, and made technical changes to the Golden State ScholarShare Trust Act to enhance the program for interested participants.

#### Authority

Chapter 664, Statutes of 1999, amended Education Code Section 69980.

### 20 Governor's Scholarship Programs

Chapter 404, Statutes of 2000, established the Governor's Scholarship Programs to be administered by the SIB. The Governor's Scholarship Programs reward public school students who demonstrate high academic achievement, as evidenced by their scores in the 9th, 10th, or 11th grades on certain examinations. Under the guidelines of the Governor's Scholar's Programs, students receive a $1,000 higher education scholarship award if they either: 1) attain a score on the nationally normed reading and mathematics portions of the Standardized Testing and Reporting (STAR) examination that places them in the top 5 percent of students statewide, or 2) attain a score on the nationally norm-referenced portion of the

*** Dollars in thousands, except in Salary Range.**

## 0954 SCHOLARSHARE INVESTMENT BOARD—Continued

STAR examination that places them in the top 10 percent of students within their school. Under the guidelines of the Governor's Distinguished Mathematics and Science Scholars Program, a supplemental award of $2,500 is available to students who also attain specific scores on particular Advanced Placement, International Baccalaureate or Golden State exams. These higher education scholarship awards are invested in a Golden State ScholarShare Trust Account until used by the student for eligible educational expenses.

### Major Budget Adjustment Proposed for 2001–02

- $118 million General Fund for the Governor's Scholarship Programs.

### Authority

Chapter 404, Statutes of 2000, added Article 20 (commencing with Section 69995) to Chapter 2 of Part 42 to the Education Code.

# 0956 CALIFORNIA DEBT AND INVESTMENT ADVISORY COMMISSION

The California Debt Advisory Commission (CDAC), was created by Chapter 1088, Statutes of 1981, to assist state and local governments to effectively and efficiently issue, monitor and manage public debt. Under Chapter 833, Statutes of 1996, the CDAC's responsibilities were expanded to include a municipal education and oversight program to help local governments safely and effectively invest public funds. Under this law, the Commission was renamed the California Debt *and Investment* Advisory Commission (CDIAC) in recognition of its responsibilities related to the investment of public funds. Chapter 470, Statutes of 1998, requires the CDIAC to prepare an annual report of outstanding public debt in California.

To carry out its responsibilities, the Commission maintains a database of all public debt issued in California, conducts continuing education programs in the public debt and public investment areas, publishes a monthly newsletter with debt issuance data and informative articles, and conducts research to develop reports, guidelines and briefs on topical issues in public finance.

State and local issuers of public debt in California are required to give written notice of proposed sales to the Commission 30 days prior to the sale date. This must be followed up by a report of final sale submitted no later than 45 days after the specific sale date. Nonprofit student loan corporations, organized for the purpose of acquiring student loans, also must report proposed debt issues to the Commission. The Commission is authorized to charge fees not to exceed one-fortieth of one percent of the principal amount of the issue, up to a maximum of $5,000 for any one issue. The fees collected are deposited into the California Debt and Investment Advisory Commission Fund (CDIACF) to cover the administrative costs of the Commission.

The Commission consists of nine members including the State Treasurer, who is chairperson; the Governor or, upon his designation, the Director of Finance; the State Controller; and two local government finance officers appointed by the State Treasurer; two members of the Assembly appointed by the Speaker of the Assembly and, two members of the Senate appointed by the Senate Committee on Rules.

# 0959 CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE

The California Debt Limit Allocation Committee was created through a proclamation signed by the Governor on July 19, 1984, in response to the enactment of the Federal Tax Reform Act of 1984. Another proclamation in response to the Federal Tax Reform Act of 1986 was signed by the Governor on September 30, 1986. Chapter 943, Statutes of 1987, supersedes the prior proclamations as the continuing authority for the Committee's operation. The Tax Reform Acts of 1984 and 1986 limit the dollar volume of federally tax-exempt "private activity" bonds which may be sold in any one state during a calendar year. The term "private activity", as applied to tax-exempt bonds, generally includes industrial development bonds, housing bonds and exempt facilities bonds for solid waste disposal. The Tax Reform Act of 1986, in addition to further limiting the purposes for which federally tax-exempt "private activity" bonds may be issued, reduces the dollar volume limit of such bonds to approximately $1.6 billion ($50 per capita) for California after 1987. As a result of the 1998 Omnibus Budget Act, the per capita dollar amount will increase in increments beginning in 2003 to $75 per capita in 2007.

The Committee oversees the State's allocation system for the issuance of "private activity" bonds under the provisions of Chapter 943, Statutes of 1987. The Committee is comprised of the State Treasurer, as chairperson; the Governor or, upon his designation, the Director of Finance; and the State Controller.

The Committee is funded on a fee-supported basis.

## 0965 CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING ADVISORY COMMISSION

The California Industrial Development Financing Advisory Commission (CIDFAC) was created by Chapter 1358, Statutes of 1980. The State Treasurer serves as chairperson of the Commission. The other members are the Director of Finance, the State Controller, the Secretary of the Trade and Commerce Agency, and the Commissioner of Corporations.

Chapter 1358 allows cities and counties to issue industrial development revenue bonds. Bonds issued under this program are not a debt, liability or a pledge of the faith and credit nor the taxing power of the State of California. The Bonds are subject to the State's "private activity" bond ceiling, as specified in the Federal Tax Reform Act of 1986, and allocated by the California Debt Limit Allocation Committee.

The program is intended to benefit economically distressed areas within the State. The proceeds of the bonds provide industry with an alternative method of financing capital outlay to acquire, construct or rehabilitate facilities which will increase employment or otherwise contribute to economic development.

Expenses of local industrial development authorities are funded by fees collected from applicants for financing under the program. Direct expenses of the Commission and those of the Office of the State Treasurer are also funded by fees collected from applicants and from bond proceeds.

Chapter 1605, Statutes of 1982, as amended by Chapter 1109, Statutes of 1987, provides that the aggregate amount of bonds issued shall not exceed $350 million per calendar year for federally tax-exempt issues and a like amount for federally taxable issues.

Chapter 913, Statutes of 1994, provides financing incentives under the State Enterprise Zone Act.

Chapter 1035, Statutes of 1998, extended the authority for the Commission to issue tax-exempt Industrial Development Bonds until January 1, 2004.

Chapter 863, Statutes of 1999, created the Revolving Loan Fund Securitization Program within the Commission. The new program allows the Commission to issue bonds to securitize local economic development revolving loan funds.

# 0968 CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE

Chapter 1097, Statutes of 1981, established the California Mortgage Bond Allocation Committee for the purpose of approving mortgage revenue bond allocations. In response to the 1986 Federal Tax Reform Act, the Committee was authorized by Chapter 688, Statutes of 1987, to allocate federal Low-Income Housing Tax Credits (LIHTC) to foster development of affordable rental housing. The program provides tax credits of $1.25 per capita per calendar year. Chapter 943, Statutes of 1987, transferred authorization for approving mortgage revenue bond allocations to the California Debt Limit Allocation Committee. Chapter 1138, Statutes of 1987, established a state tax credit program, similar to the LIHTC, making available up to $35 million per year. Chapter 9, Statutes of 1998, increased the state tax credit ceiling for building low-income rental housing from $35 million to $50 million per year for calendar years 1998 and 1999. Chapter 3, Statutes of 2000, made permanent the increase in state tax credit ceiling as provided in Chapter 9. As of December 31, 1999, a total of $557,465,123 federal credit, and $537,022,845 of state credit, has been allocated.

Chapter 166, Statutes of 1990, renamed the California Mortgage Bond Allocation Committee to the "California Tax Credit Allocation Committee" (CTCAC). The CTCAC consists of seven members, including the Treasurer who is designated as chairman, the Governor or Director of Finance, the State Controller, the Director of the Department of Housing and Community Development, the Executive Director of the California Housing Finance Agency and two local government representatives.

Chapter 1164, Statutes of 1994, established a subaccount within the Tax Credit Allocation Fee Account named the Occupancy Compliance Monitoring Account. One-time monitoring fees are collected and deposited into this subaccount for the purpose of paying the costs of monitoring projects receiving allocations of tax credits for compliance with federal and state laws for a 55-year compliance period. The fees and interest earnings will be used to fund the compliance activities during the 55-year period. This monitoring program applies to all projects awarded credits since 1987 including some 1,564 projects (92,413 units) as of December 31, 1999.

Chapter 954, Statutes of 1996, established the Farmworker Housing Assistance Program making available up to $500,000 per year of state tax credits for construction of farmworker housing. As of December 31, 1999, a total of $770,000 in tax credit has been awarded under the Farmworker Housing Assistance Program.

The CTCAC's activities are funded from fees paid by applicants for tax credits.

## 0971 CALIFORNIA ALTERNATIVE ENERGY AND ADVANCED TRANSPORTATION FINANCING AUTHORITY

The California Alternative Energy Source Financing Authority was established by Chapter 908, Statutes of 1980, for the purpose of providing California industry an alternative method of financing the construction and installation of facilities using alternative methods and sources of energy. Such construction can help meet the energy needs of the State in a manner which minimizes degradation of the environment and conserves scarce energy resources.

Chapter 1218, Statutes of 1994, renamed the Authority to the California Alternative Energy and Advanced Transportation Financing Authority (CAEATFA) and thereby expanded the purpose of the Authority to include the financing and development of advanced transportation technologies.

The Authority consists of five members: the State Treasurer (Chairperson); the State Controller; the Director of Finance; the Chairperson of the Energy Resources Conservation and Development Commission; and the President of the Public Utilities Commission.

The Authority is empowered to establish criteria for projects selected for financing, issue revenue bonds, enter into loan agreements for the sale, construction, installation, or acquisition of projects, and assist small business entities in locating a funding source for projects not financed by the Authority.

With the exception of the projects specified in the transition rules of the Federal Tax Reform Act of 1986, projects over $10 million generally are no longer eligible for financing with federally tax-exempt bonds; however, such projects could be financed by bonds which are exempt from state taxation. Other federally tax-exempt bonds of the Authority, in general, are subject to the State's "private activity" bond ceiling as specified in the Tax Reform Act and allocated by the California Debt Limit Allocation Committee.

The Authority is authorized to issue up to $350 million in revenue bonds to finance alternative energy projects pursuant to Chapter 328, Statutes of 1994. As of June 30, 2000, $181.6 million in bonds had been sold.

## 0974 CALIFORNIA POLLUTION CONTROL FINANCING AUTHORITY

The California Pollution Control Financing Authority (CPCFA) was established by Chapter 1257, Statutes of 1972, to provide California businesses with a reasonable method of financing pollution control facilities and to foster compliance with government imposed environmental standards and requirements. The CPCFA consists of the State Treasurer (Chairperson), the State Controller, and the Director of Finance.

Industrial firms and agricultural producers receive funds from the sale of CPCFA revenue bonds for the acquisition, construction, or installation of pollution control facilities to meet environmental requirements mandated by public agencies. Companies that have received assistance through the program include food processors, cooperatives, manufacturers, waste disposal and resource recovery firms, metal platers, public utilities, refiners and marketers. As of June 30, 2000, bonds totaling $9.961 billion have been sold by the CPCFA for pollution control projects. Projects ranging from $10,000 to approximately $500 million have been financed through the CPCFA.

Chapter 342, Statutes of 1985, authorized the CPCFA to establish a Small Business Assistance Fund. Small businesses usually do not have access to financial markets in the same way that larger businesses do. The Small Business Assistance Tax-Exempt Bond Program gives small businesses ''access'' to the financial markets by issuing bonds on behalf of the borrower and provides other financial and technical assistance to applicants. As of June 30, 2000, bonds totaling $333.74 million have been issued by the CPCFA for small business projects. The CPCFA also administers the California Capital Access Program (CalCAP). CalCAP encourages banks and other financial institutions to make loans to small businesses. From its inception in 1994 through June 30, 2000, CalCAP has enabled $392 million in loans to small businesses.

The Federal Reform Act of 1986 constrained the ability of the CPCFA to issue tax-exempt bonds for private uses (i.e., air and water pollution control projects). In addition, the federal tax legislation imposed a ceiling on the total amount of tax exempt bonds which can be sold in each state. Thus, the CPCFA's projects must now compete with those from other California authorities and financing agencies for debt allocation. This limitation has resulted in some of the CPCFA's projects being only partially funded by tax exempt bonds and taxable bonds.

Recently, the CPCFA's bond sales have been (1) for refinancing previous bond issues and (2) for the financing of resource recovery projects and solid waste disposal projects required by the California Integrated Waste Management Act of 1989. This Act (Chapter 1095, Statutes of 1989) mandated cities and counties to divert 25 percent of solid waste from landfills through source reduction, recycling, and composting by January 1, 1995. A 50 percent diversion was mandated by January 1, 2000. Integrated Waste Management programs are expected to be a large component of the CPCFA's workload until the requirements of the California Integrated Waste Management Act of 1989 have been met.

Chapter 914, Statutes of 2000, authorizes CPCFA to award up to $2.5 million in grants and loans to assist economically struggling communities. Cities and counties may use the funds to develop and implement sustainable development and sound environmental policies and programs. The program will sunset on January 1, 2007.

Chapter 915, Statutes of 2000, authorizes CPCFA to provide financing assistance for remediation and development of brownfield sites. Initial program efforts will focus on providing technical assistance and financing assessment costs through forgivable loans.

### Authority

Health and Safety Code Sections 44500–44520 and 44526–44548.

## 0977 CALIFORNIA HEALTH FACILITIES FINANCING AUTHORITY

The California Health Facilities Financing Authority (CHFFA) was established by Chapter 1033, Statutes of 1979. The CHFFA consists of nine members: the State Treasurer, the Director of Finance, the State Controller, two public members appointed by the Senate, two public members appointed by the Assembly, and two public members appointed by the Governor.

The CHFFA issues revenue bonds to assist qualified private nonprofit corporations or associations, counties and hospital districts in financing or refinancing the construction, equipping or acquiring of health facilities. The funding or refinancing is accomplished by making loans to health institutions, by direct purchase and leaseback of the health facility by the CHFFA, or by a health institution acting as an agent for the CHFFA. The CHFFA can determine the location and character of any proposed project and can solicit state and federal mortgage insurance for any funded project. To qualify for funding under the Act, the project must be a health facility, as defined in the Act, operated by a private nonprofit corporation or association, city, city and county, county or hospital district. Numerous statutes enacted between 1983 and 1989 broadened the types of facilities that may be financed by the CHFFA.

Prior to September 30, 1998, the CHFFA was authorized to have outstanding at any one point in time up to $5.999 billion in revenue bonds. Chapter 1035, Statutes of 1998, eliminated the limitation on bonds outstanding in its entirety.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0977 CALIFORNIA HEALTH FACILITIES FINANCING AUTHORITY—Continued

The Federal Tax Reform Act of 1986 does not restrict health facility bonds in terms of the State's "private activity" bond limit. Bonds issued under this program are not a debt or liability or a pledge of faith and credit of the taxing power of the State or any of its political subdivisions. The full faith and credit of the participating institutions are pledged to the payment of bonds. This is a trust activity and all operating expenses must be paid from revenues and other moneys available to the CHFFA.

In 1999–00, the Legislature provided a one-year $5 million General Fund augmentation to the CHFFA to continue the HELP II Loan Program. The HELP II Loan Program provides low cost loans to small and/or rural public or non-profit health facilities to expand services to clients, purchase equipment, renovate facilities, and refinance higher interest rate loans to stabilize cash flow.

Chapter 99, Statutes of 2000, establishes the Cedillo-Alarcon Community Care Investment Act of 2000, which authorizes CHFFA to award grants to eligible primary care clinics for capital outlay projects. The Budget Act of 2000 includes a one-time $50 million General Fund augmentation for transfer to CHFFA Fund to award grants in amounts not to exceed $250 thousand to any clinic facility. CHFFA is developing selection criteria and a process for awarding the grants and anticipates the disbursement of the funds during 2000–01 and 2001–02. The Authority will report to the Joint Legislative Budget Committee on the recipients of grants upon disbursement of all grant funds.

## 0983 CALIFORNIA URBAN WATERFRONT AREA RESTORATION FINANCING AUTHORITY

The California Urban Waterfront Area Restoration Financing Authority (CUWARFA) was created by Chapter 1264, Statutes of 1983. It consists of five members: the State Treasurer (Chairperson); the Director of Finance; the State Controller; the Secretary for Resources; and the Executive Officer of the State Coastal Conservancy.

The Authority was established to issue up to $650 million in revenue bonds to make loans or acquire title to property and to underwrite or undertake directly a variety of urban waterfront development projects within the coastal zone, the Sacramento-Yolo Port District, the Stockton Port District, and those metropolitan statistical areas meeting specified conditions. The Federal Tax Reform Act of 1986 requires that bonds authorized by CUWARFA generally be within an allocation from the State's "private activity" bond limit in order for the bonds to be federally tax-exempt, unless the issuer qualifies as a private, nonprofit business.

Financing is available for both publicly and privately sponsored projects that provide visitor-serving facilities, waterfront-dependent industries, public recreation, and erosion control facilities. The State Coastal Conservancy must approve both the specific project and a master plan for urban waterfront restoration before any project can obtain CUWARFA approval for revenue bond financing. To date, the Authority has sold $3.33 million in revenue bonds for the Santa Monica International American Youth Hostel.

### Authority

Public Resources Code Sections 32000–32003.

## 0985 CALIFORNIA SCHOOL FINANCE AUTHORITY

Chapter 1438, Statutes of 1985, as amended by Chapter 598, Statutes of 1987, established the California School Finance Authority and authorized the issuance of $400 million in revenue bonds or other debt instruments. The proceeds from the sale of the bonds are available for loans to school and community college districts to assist with the acquisition of equipment and new school sites, construction of new facilities, reconstruction of existing facilities, capital improvements, acquisition of portable/relocatable buildings, and to provide working capital. The proceeds of loan repayments provide the resources necessary for payment of bond debt service. All expenditures of the Authority for debt service and other expenses must be paid from the revenues available to the Authority. Effective January 1, 1997, Chapter 1071, Statutes of 1996, authorized the issuance of an additional $400 million in revenue bonds per fiscal year for school districts and county offices of education that agree to guarantee payment of the bonds with Proposition 98 funds. The total outstanding amount may not exceed $4 billion at any one time. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, the $400 million annual issuance cap is eliminated.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 0985 CALIFORNIA SCHOOL FINANCE AUTHORITY—Continued

Pursuant to Chapter 718, Statutes of 1999, as amended by Chapter 193, Statutes of 2000 (effective January 1, 2001), the Authority is authorized to provide interim financing to school districts in anticipation of receiving Proposition 1A bond funding from the State Allocation Board. The Authority issued $47.8 million in interim financing to school districts that would otherwise have waited until the second phase of Proposition 1A bond funds, which became available in July 2000.

As of July 1, 2000, $47.9 million in bonds and notes were outstanding for projects at 16 school districts.

### Authority

Education Code Sections 17170–17199.5.

---

# 0989 CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

The California Educational Facilities Authority (CEFA) is a public instrumentality of the State comprised of five members: the Director of Finance, the State Controller, the State Treasurer, and two public members appointed by the Governor. All members serve four-year terms.

The Authority issues revenue bonds to assist private educational institutions of higher learning in the expansion and construction of nonsectarian educational facilities. Facilities used for sectarian instruction or as a place of religious worship are not eligible for financing from the Authority. Through its ability to issue tax-exempt bonds, the Authority provides lower cost financing to these institutions than they would be able to secure on the open market. Bonds issued by the Authority are not a debt or liability or a pledge of the faith and credit of the taxing power of the State or any of its political subdivisions. Instead, the full faith and credit of the participating institutions are pledged to the payment of bonds issued by the Authority. Bonds issued for this purpose are not subject to the State's ''private activity'' bond ceiling as specified in the Federal Tax Reform Act of 1986. The bonds are issued for institutions on a stand-alone basis and also on a pooled or combined basis.

Prior to January 1, 1999, the Authority was authorized to have outstanding at any one time $2.6 billion in bonds for educational facilities. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, the limitation of $2.6 billion in bonds outstanding has been eliminated entirely. As of June 30, 2000, bonds and notes in the amount of $4.405 billion have been issued and $2.339 billion were outstanding.

Pursuant to Chapter 917, Statutes of 1995, effective January 1, 1996, the California Student Loan Authority (CSLA) was abolished, and the assets, obligations and functions were transferred to the CEFA.

The purpose of the CSLA was to purchase federally reinsured educational loans from eligible lending institutions by issuing tax-exempt revenue bonds, thereby expanding student access to such low-cost federally reinsured loans. Pursuant to Chapter 917, the functions were expanded under CEFA to include direct student lending from proceeds of tax-exempt revenue bonds issued by the Authority. The Authority was authorized to have outstanding at any one time $300 million in bonds for student loans. This cap has been eliminated by Chapter 741, Statutes of 1998. As of June 30, 2000, $55.26 million in bonds were outstanding, from a total $220.373 million issued. Bonds for this purpose are subject to the State's ''private activity'' bond ceiling, as specified in the Federal Tax Reform Act of 1986 and allocated by the California Debt Limit Allocation Committee. Bonds issued for student loans are not a debt, or liability, or a pledge of the faith and credit of the taxing power of the State or any of its political subdivisions.

This is a trust activity and all operating expenses must be paid from revenues and other moneys available to CEFA.

# 1100 CALIFORNIA SCIENCE CENTER

The California Science Center is an educational, scientific and technological center administered by a nine-member board of directors appointed by the Governor. It is located in Exposition Park, a 160-acre tract just south of the central part of Los Angeles, which is owned by the State in the name of the Science Center. The Science Center is a place where children, teachers and families can explore how science is relevant to their everyday lives. Through hands-on experiences, children, teachers and families are introduced to scientific principles in the context of the world that surrounds them. It is an approach intended to challenge people to think, to question, and to see their world in an entirely new way.

In a number of State-owned buildings, the Science Center presents a series of exhibits and conducts associated educational programs centering on scientific and technological development of the State. In addition, the Science Center through the Park Manager, has responsibility for maintenance of the park, public safety and parking facilities.

## 10 EDUCATION

The program performed by the California Science Center exhibits scientific and industrial capabilities and accomplishments. The Executive Director and staff, in cooperation with the nine-member board of directors, administer the Science Center's operations.

The Science Center's primary exhibition hall, which opened in February 1998, includes a major science center, a resource center with professional development programming for science educators, and a new state-of-the-art 3D IMAX theater. The Science Center has also joined with the Los Angeles Unified School District to build a science- and math-focused neighborhood elementary school on-site.

The primary purpose of the Science Center's educational programs is to create and stimulate the interest of Californians in the fields of science, industry, and economics. It is particularly oriented to reach the largest possible number of the State's young people, with the anticipation that some will pursue scientific, industrial, and economic careers and thereby provide California with needed resources in these fields. The Science Center's programs, in addition to permanent, temporary and traveling exhibits, consist of lectures, seminars, films, science workshops and teaching institutes led by eminent scientists from across the country. A major portion of these activities are financed by the California Science Center Foundation which is supported by private contributions. Admission to the Science Center is free.

Aerospace Hall, renamed the Air and Space Gallery, serves to fill the gap between the public's growing use of the benefits of space exploration and research, and its limited understanding of the basic use of these achievements in their daily lives. The Air and Space Gallery is anticipated to reopen in July 2001, after being closed for renovations and upgrades since February 1998.

### Major Budget Adjustments Proposed for 2001–02

- $492,000 General Fund and 4.0 positions to maintain and support exhibit displays, keep the building clean for the public, and facilitate a learning environment for guests at the Air and Space Gallery.
- $220,000 General Fund to purchase and replace maintenance equipment.

### Authority

Agricultural Code, Division 3, Part 3, Chapter 6 (Sections 4101 through 4106); Chapter 571, Statutes of 1977; and Chapter 1171, Statutes of 1988.

## 20 PARK MANAGER

The Park Manager program was established in 1999–00 to provide a management structure to facilitate coordination, scheduling and administration of activities within Exposition Park. Park management consolidates responsibility for the outstanding and proposed leases that impact the State's interests, including upgrades of other facilities, the development of playground areas and ground leases, and other leaseholds that are held by the State.

### Major Budget Adjustment Proposed for 2001–02

- $150,000 General Fund to obtain an appraisal of Exposition Park and its operations.

## 30 CALIFORNIA AFRICAN AMERICAN MUSEUM

The California African American Museum preserves and displays the contributions of African Americans to the arts, science, religion, education, literature, entertainment, politics, sports, and to the history and culture of California and the world. The Executive Director and staff, in cooperation with the seven-member Board of Directors, administer this educational program to promote awareness and understanding of the accomplishments and contributions of African American culture and heritage. The program consists of permanent, temporary and traveling exhibits, lectures, seminars, films and cultural presentations. The African American Museum Foundation supports some of these activities.

### Major Budget Adjustment Proposed for 2001–02

- $434,000 General Fund and 2.0 positions to address outreach workload, provide a canteen manager, replace internal lighting fixtures, provide external lighting fixtures, and rent additional office and storage space.

### Authority

Chapter 1439, Statutes of 1987.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 1100 CALIFORNIA SCIENCE CENTER—Continued

### 40 ADMINISTRATION

The administrative staff of the California Science Center provide personnel, budgeting, business services, contract negotiation and monitoring, planning and clerical services in support of the Science Center. This function provides the essential administrative support services and assures the proper operation and maintenance of all facilities. The public parking operation is contracted with a private operator with the Science Center retaining certain parking lots for Science Center visitor parking.

### Supplemental Information

The expenditures reflected below are displayed for informational purposes only and are not included in overall budget totals. The California Science Center Foundation of Los Angeles is a nonprofit corporation which functions as a membership auxiliary to the Science Center. It was established in 1950 to solicit funds to acquire and maintain exhibits to be displayed at the Science Center and to assist in the establishment and operation of educational activities.

## 03 CALIFORNIA BOARD OF ACCOUNTANCY (1120)

The mission of the California Board of Accountancy is to protect the public welfare by ensuring that only qualified persons are licensed and that appropriate standards of competency and practice are established and enforced. In California, the accounting profession's licensed practitioners are the Certified Public Accountant (CPA) and the Public Accountant (PA). The Board currently regulates over 62,000 licensees, the largest group of accounting professionals in the nation, including individuals, partnerships, and corporations. Because of the dynamic, progressive nature of the public accounting profession, licensees continually must update their skills and knowledge to remain qualified to practice.

By authority of the Accountancy Act, the Board: (1) administers the National Uniform CPA Examination to California candidates; (2) certifies licenses, and renews licenses of individual CPAs and PAs; (3) registers CPA partnerships, PA partnerships, and corporations; (4) receives and investigates complaints; (5) takes disciplinary action against licensees for violation of Board statutes and regulations; (6) monitors compliance with continuing education requirements; and (7) reviews the work products of CPAs, PAs, and CPA firms to ensure adherence to professional standards.

### The Board's objective is to protect consumers by:

- Ensuring individuals possess the necessary knowledge and qualifications to competently and ethically practice public accounting.
- Minimizing substandard practice, rehabilitating licensees, and disciplining licensees, as warranted.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $477,000 for the increased cost of the national examination contract.

### Authority

Business and Professions Code Sections 5000–5172.

*** Dollars in thousands, except in Salary Range.**

## 06 CALIFORNIA BOARD OF ARCHITECTURAL EXAMINERS (1130)

The public is subject to serious injury or death should a structure such as a school, store, office building, or dwelling collapse. To reduce the possibility of such an occurrence resulting from faulty design, those who hold themselves out to the public as skilled in the design of such structures are required to meet minimum standards established by law. It is also necessary that those who have not proved by education, experience and examination that they meet these minimum standards be prevented from practicing in the field of architecture.

| Program Requirements | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |

### 06.10 Architectural Examiners (1130)

The Board's objectives are: 1) To ensure that only those persons possessing the necessary minimum qualifications are licensed as architects, 2) To enforce the provisions of the Architectural Act and subsequent regulations, and 3) To ensure the ongoing competence of licensees.

### Major Budget Adjustment Proposed for 2001–02

- A permanent reduction of $98,000 and 5.5 positions in the Exam Proctor blanket.

### Authority

Business and Professions Code Sections 5500–5610.7.

## 09 STATE ATHLETIC COMMISSION (1140)

Contestants in boxing and full-contact karate matches could be subject to serious injury and death through mismatches and lack of proper medical examinations. The public and State government could also suffer monetary losses due to fraudulent promotional practices and improper collection and verification of attendance and revenue. The Commission sets standards for the industry and enforces them through examinations, regulatory inspections and attendance by Commission representatives at all matches, exhibitions and closed circuit events.

### Major Budget Adjustment Included in 2000–01

- An augmentation of $63,000 for increased Attorney General costs.

### Authority

Business and Professions Code Sections 18600–18890.

## 1110 DEPARTMENT OF CONSUMER AFFAIRS, BOARDS—Continued

### 18 BOARD OF BEHAVIORAL SCIENCES (1170)

The confidential and sensitive nature of services performed by marriage, family, and child counselors, licensed clinical social workers, and educational psychologists necessitates the development and enforcement of performance standards and competence consistent with the public welfare. The Board of Behavioral Sciences ensures that minimum competency standards are met by establishing educational and experience requirements, conducting written and oral examinations, investigating violations of professional ethics and law, and disciplining licensees when appropriate.

### Major Budget Adjustment Proposed for 2001–02

- A one-time augmentation of $88,000 to fund the cost of an occupational analysis for the Marriage/Family Therapist Exam.

### Authority

Business and Professions Code Sections 4980–4998.7.

## 30 CONTRACTORS' STATE LICENSE BOARD (1230)

The Contractors' State License Board's mission is to promote the health and general welfare of the public in matters relating to building construction by: (1) ensuring that all construction is performed in a safe, competent and professional manner; (2) providing resolution to disputes which arise from building construction activities; and, (3) providing information so that the public can make informed choices.

The Board's objectives are to ensure:

- Greater consumer education
- Prompt issuance of licenses
- Prompt processing of licensee transactions
- Prompt responses to telephone inquiries for licensing information
- Prompt complaint resolution

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $2,045,000 and 0.9 personnel year to implement an imaging and workflow automation system to reduce processing time for licensing, complaints, and investigations.
- An augmentation of $412,000 to conduct program studies, establish an enforcement program monitor, and to add additional Board Members, as required by Chapter 1005, Statutes of 2000.
- An augmentation of $350,000 to fund the costs of an occupational analysis and exam development.
- A one-time augmentation of $315,000 to purchase an interactive voice response telephone system.

## 36 DENTAL BOARD OF CALIFORNIA (1250)

The Dental Board of California establishes qualifications for licensure as a dentist, hygienist, assistant, expanded function auxiliary, or professional corporation; administers examinations; approves dental schools and training programs; sets requirements for continuing education; receives complaints and investigates possible violations of the Dental Practices Act; and enforces policies against unlicensed practice.

| Program Requirements | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|---|---|---|
| 36.10 Dental Examiners | 50.4 | 52.3 | 52.3 | $5,983 | $6,600 | $7,107 |
| 36.20 Dental Auxiliaries | 8.6 | 8.8 | 8.8 | 1,414 | 1,773 | 1,671 |
| Totals, Dental Board of California | 59.0 | 61.1 | 61.1 | $7,397 | $8,373 | $8,778 |

*** Dollars in thousands, except in Salary Range.**

## 36.20 Committee on Dental Auxiliaries (1270)

The utilization of dental auxiliaries contributes to providing quality dental services to Californians. To achieve this goal the Committee on Dental Auxiliaries (COMDA) was created. COMDA performs credential review, examination development and administration, and curriculum and site evaluation of postsecondary dental assisting vocational education programs.

### 63.10 Medical Board of California (1390)

The Board assures the initial and continued competence of the health professions and occupations under its jurisdiction through licensure, investigation of complaints against its licensees, and discipline of those found guilty of violations of the law or regulations.

The Board's objective is to improve the quality of medical services within California. In order to accomplish this objective, the Board must ensure that only those persons possessing the necessary education, examination and experience qualifications receive licenses; that all licentiates obtain the required continuing medical education training; that the consumers are informed of their rights and how complaints may be directed to the Board; that consumer complaints against licentiates are promptly, thoroughly and fairly investigated; and that appropriate action is taken against licentiates whose care or behavior is outside of acceptable standards.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $82,000 and the redirection of 1.9 personnel years for web site maintenance and development.

### 63.40 Physical Therapy Board of California (1420)

Physical therapists in independent practice treat patients who have disabilities resulting from accidents, congenital defects or illnesses. To ensure proper patient evaluation and treatment, those physical therapists must meet the minimum standards established according to law. This is accomplished by licensing those who possess the necessary qualifications enforcing standards of ethical conduct established for such licensees and policing against unlicensed practice.

**Major Budget Adjustment Proposed for 2001–02**

- An augmentation of $76,000 and 0.9 personnel year to address consumer protection services workload increases.

**Authority**

Business and Professions Code Sections 2600–2696.

## 63.50 Physician Assistant Committee (1430)

Concern over the growing shortage and geographic maldistribution of health care services in California has been expressed in both the private and public sector. The physician assistant is one category of health care manpower that is providing a means by which California can combat this shortage. The effective use of physician assistants enables the physician to delegate health care tasks where such delegation is consistent with the patient's health and welfare, thereby freeing the physician to concentrate his or her skills on more complex health care services.

The Physician Assistant Committee facilitates the utilization of physician assistants by assuring the public that the Committee's licensees and approved programs have met certain minimum requirements. Such minimum licensing requirements attempt to protect the public from inadequately trained, unethical or incompetent practitioners.

## 63.80 Speech-Language Pathology and Audiology Board (1460)

Thousands of California citizens are afflicted with serious hearing communication disorders, stemming from congenital disorders, stroke, occupational injuries, and other speech and hearing related dysfunctions. The Board protects consumers by expanding the information base related to communication disorders through oversight of a continuing professional development program, and by requiring adherence to statutes and regulations designed to ensure the qualifications and competency of providers of speech-language pathology and audiology services. The Board is also responsible for protecting consumers from unlicensed and incompetent practitioners by receiving complaints and investigating possible violations of the law and regulations.

Pursuant to Chapter 908, Statutes of 1994, authority for the operation of the Board sunset in 1999–00. The duties and responsibilities of the Board were vested with the Department of Consumer Affairs, effective July 1, 1999, and the 1999–00 expenditures for this program are reflected in the Department of Consumer Affairs Item 1111.

Pursuant to Chapter 436, Statutes of 1999, the duties and responsibilities of the Board were restored effective January 1, 2000.

## 67 CALIFORNIA BOARD OF OCCUPATIONAL THERAPY (1475)

Pursuant to Chapter 697, Statutes of 2000, the Occupational Therapy Practice Act established the California Board of Occupational Therapy. The Board is responsible for regulating two types of practitioners: Occupational Therapists and Occupational Therapy Assistants. Occupational therapy practitioners provide health and rehabilitation skills necessary for independent functioning. The Board's mission is to regulate these professions to ensure that the public receives the highest level of therapeutic care available.

The Act authorizes the Board to 1) grant a license or certificate to those practitioners who have met specified requirements, 2) enforce the law and discipline violators, 3) provide for the renewal of a license or certificate, and 4) develop the necessary continuing education requirements for the profession.

### Major Budget Adjustment Included in 2000–01

- Chapter 697, Statutes of 2000 authorized a loan of up to $1 million from the General Fund to the Occupational Therapy Fund and provided an appropriation of $610,000 to the Occupational Therapy Board for use in 2000–01. The Budget includes $395,000 and 1.9 personnel years for Board start-up activities.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $163,000 and 3.8 personnel years for full-year operating and personnel costs of the Occupational Therapy Board.

## 69 STATE BOARD OF OPTOMETRY (1480)

The Optometry Practice Act requires the administration of a licensing examination, issuance of licenses for the practice of optometry, licensing branch offices, registration of optometric corporations. The Act also authorizes the Board to issue fictitious name permits, statements of licensure accrediting schools and colleges of optometry, and to enforce the regulatory features of the Act.

The Board's objective is to ensure that only those who possess the optometric expertise and knowledge can acquire and hold a license to practice as a licensed optometrist within the provisions of the Optometry Practice Act. The Board is required to enforce the optometry legal statutes and to discipline the malfeasant practitioner.

## 72 CALIFORNIA STATE BOARD OF PHARMACY (1490)

The distribution and dispensing of prescription drugs and controlled substances must be regulated to prevent illegal distribution or improper use of these potentially dangerous substances. Also, the patient must be properly consulted regarding the possible harmful effects if the drug is misused.

To accomplish this, the Board of Pharmacy sets minimum requirements for licensure of pharmacists and health and safety standards for the licensure of pharmacies and drug wholesalers. The Board oversees a continuing education program, receives complaints and investigates possible violations, investigates unlicensed practices and inspects pharmacies and drug wholesalers regularly for compliance with Board rules and regulations.

The Board's objectives are: (1) to ensure that licensees are qualified and competent to practice their profession safely and effectively, (2) to promote and protect public health and safety through enforcement of statutes, and (3) to support full utilization of the pharmacist's knowledge and expertise in drug therapy to effect better patient care.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $541,000 for the increased Attorney General costs.
- A one-time augmentation of $100,000 to produce educational materials for the quality assurance program, pursuant to Chapter 677, Statutes of 2000.
- An augmentation of $60,000 and 0.9 personnel year to address increased consumer complaint and mediation workload.

## 1110 DEPARTMENT OF CONSUMER AFFAIRS, BOARDS—Continued

### 75 BOARD FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS (1500)

The planning and design of public or private utilities, structures, machines and projects, and the determination of property lines and preparation of official maps require adequate education and technical expertise. The Board ensures that engineers and land surveyors meet professional standards. It examines, licenses, and registers these individuals and enforces the Professional Engineers' and Professional Land Surveyor's Act.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $200,000 to implement Chapter 1006, Statutes of 2000 which requires an analysis of the Board's title acts.

### Authority

Business and Professions Code Sections 6700–6799 and 8700–8805.

## 78 BOARD OF REGISTERED NURSING (1510)

The registered nurse has the responsibility directly and indirectly for administration of safe, effective nursing care to the consumer, including directing and coordinating the activities of ancillary health team members. The Board of Registered Nursing ensures that registered nurses are competent and safe to practice through 1) sound licensing standards, 2) a continued competency program, 3) an effective enforcement program to prosecute violations of the Nursing Practice Act, 4) a diversion program to intervene with chemically dependent or mentally ill nurses, and 5) public information efforts.

## 81 COURT REPORTERS BOARD OF CALIFORNIA (1520)

The Court Reporters Board of California certifies persons who have met basic, minimum standards of practice to provide the public with competent, and impartial verbatim reporting of depositions and oral court/judicial proceedings. The Board also specifies a minimum curriculum to be offered by schools, receives and investigates complaints, and administers a fund which provides transcripts to indigent civil litigants.

## 84 STRUCTURAL PEST CONTROL BOARD (1530)

Scientific and professional standards are necessary to assure the public that persons obtain and maintain the skills and knowledge to inspect the structural condition of buildings for pest problems, identify pests, apply pest control chemicals, and recommend and implement other means to control structural pests. The Board's objective is to license those persons that possess the necessary qualifications to professionally perform structural pest control work.

## 1110 DEPARTMENT OF CONSUMER AFFAIRS, BOARDS—Continued

### 90 VETERINARY MEDICAL BOARD (1560)

The Veterinary Medical Board is responsible for: (1) the licensing and regulation of Veterinarians and (2) the certification and regulation of Registered Veterinary Technicians.

Veterinarians and registered veterinary technicians protect the health and welfare of animals and the public through prevention, control and eradication of animal diseases. Examination ensures minimum competency through licensure. Enforcement of minimum standards of practice are carried out through unannounced inspections of veterinary hospitals and mobile facilities. The Board further responds to complaints, investigates alleged violations and has the authority to administer fines and suspend or revoke licenses.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $75,000 for expert witnesses.
- An augmentation of $37,000 and 0.5 personnel year to implement Chapter 995, Statutes of 2000 for mandatory continuing education.
- An augmentation of $36,000 to increase facility inspections.

### Authority

Business and Professions Code Sections 4800–4844 and 4846–4917.

### Program Objectives Statement

The Department of Consumer Affairs serves as a leading consumer advocate in California government by promoting a free and competitive marketplace in which consumers are treated fairly. In order to protect the interests of consumers, the Department establishes standards of competency for more than 200 professions and occupations and administers the licensing, examination, and enforcement regulatory functions for those professions and occupations. In 2001–02, 28 boards, committees, and a commission function semiautonomously in regulating specific professions and services under the umbrella of the Department of Consumer Affairs and another 10 bureaus and a program are under the authority of the Director of the Department of Consumer Affairs. The bureaus and program include the following:

- Bureau of Automotive Repair
- Bureau of Barbering and Cosmetology
- Arbitration Certification Program
- Hearing Aid Dispensers Bureau
- Bureau of Security and Investigative Services
- State Bureau of Nursing Home Administrators
- Bureau for Private Postsecondary and Vocational Education
- Bureau of Electronic and Appliance Repair
- Cemetery and Funeral Bureau
- Telephone Medical Advice Services Bureau
- Bureau of Home Furnishings and Thermal Insulation

In 1993, the Department of Consumer Affairs was selected to participate in a performance-based budgeting pilot project. Under the pilot, the Department was afforded the flexibility to manage its resources based on fluctuating program demands resulting from social, economic and market conditions. To meet the goals of the pilot project, the Department reorganized and centralized the core business functions previously performed by individual bureaus. Fiscal year 1998–99 was the last year of the pilot project. Fiscal year 1999–00 was a transitional year as the department moved to a more traditional bureau structure where enforcement and licensing functions were centralized under a bureau chief. Centralization of some functions resulted in more efficient and effective delivery of services; consequently those functions remained centralized within the Department. Those functions include call-intake, administrative and information services, public education and awareness, examination development, cashiering, legal counsel, legislation and regulatory review.

## BUREAUS, PROGRAMS, DIVISIONS—Continued

## 7 CALIFORNIA COMPLETE COUNT COMMITTEE

In an effort to reach the thousands of Californians failing to respond to the once-in-a-decade effort to count the United States' population, California undertook aggressive measures. The purpose of the California Complete Count Committee was to provide an intensive, short-term outreach program designed to maximize participation of those groups that have been historically undercounted. On November 4, 1999, Governor Davis signed Executive Order D-11-99 which established the California Complete Count Committee to develop, recommend, and assist in the administration of an outreach strategy to encourage full participation in the 2000 federal decennial census of population required by Section 141 of Title 13 of the United States Code. The Executive Order additionally designated the Business, Transportation and Housing Agency as the principal State agency for coordination of the Committee (transferred from the Department of Consumer Affairs via an interagency agreement).

## 22 BUREAU OF BARBERING AND COSMETOLOGY (1111)

The potential for harm exists in the performance of barbering and cosmetology services. Consumers are subject to a range of possible injuries from the instruments and chemicals used during the services. The objective of the Bureau of Barbering and Cosmetology is to prevent consumer harm by:

- Developing course curriculums and standards designed to ensure that applicants obtain at least minimum competency skills.
- Developing and administering examinations that are job relevant and valid for determining competency to practice.
- Licensing in a timely manner those applicants demonstrating competency.
- Ensuring compliance with sanitation and sterilization regulations through regular inspections of schools and establishments.
- Responding to consumer complaints in a timely manner to foster positive communication between the industry and the consumer.
- Consistently enforcing the Bureau's regulations and promptly disciplining those who violate these regulations.

*** Dollars in thousands, except in Salary Range.**

## 23 ARBITRATION CERTIFICATION PROGRAM (1111)

Many vehicle manufacturers sponsor state-certified arbitration programs which offer buyers or leasees of their products a free, informal arbitration process to resolve warranty disputes.

The California Department of Consumer Affairs' Arbitration Certification Program (ACP) certifies and monitors arbitration programs to ensure that they substantially comply with state and federal regulations.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $149,000 and 1.9 personnel years (redirected from vacant positions) to expand the arbitration certification program and enhance consumer awareness of automobile "lemon laws."

## 24 HEARING AID DISPENSERS BUREAU (1111)

It is estimated that one out of every five California citizens has some degree of hearing loss. For those who must wear hearing aid devices, unlicensed or unreputable hearing aid dispensers pose a danger. The Hearing Aid Dispensers Bureau protects hearing-impaired Californians from fraudulent or incompetent fitting and selling of hearing aids; prepares, administers, and grades an examination designed to evaluate competence, and enforces the Hearing Aid Dispensers Licensing Law.

Effective FY 1999–00, pursuant to Chapter 908, Statutes of 1994, authority for the operation of the Committee sunset. The duties and responsibilities of the Committee were vested with the Department of Consumer Affairs, effective July 1, 1999, and the 1999–00 expenditures for this newly constituted bureau are reflected in the Department of Consumer Affairs' Item 1111.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $53,000 to fund the creation of an advisory body for the bureau, pursuant to Chapter 277, Statutes of 2000 (AB 2697).

### Authority

## 25 BUREAU OF SECURITY AND INVESTIGATIVE SERVICES (1111)

The public must have the assurance that those persons who offer services as private investigators, repossessors, uniformed security guards, private patrol operators, alarm company operators, alarm agents, locksmiths, protection dog operators, and firearm and baton training facilities are fair and competent as required by law. The Bureau ensures that only those persons who can meet the prescribed qualifications be licensed and enforces standards of ethical conduct established for such licensees.

### 26 BUREAU OF NURSING HOME ADMINISTRATORS (1111)

The Bureau of Nursing Home Administrators ensures that the health, safety, security and individual rights of long-term care patients are safeguarded. The bureau prescribes standards for licensing of administrators, provides and monitors an administrator-in-training program for prospective licensees, examines applicants, issues licenses, and administers an enforcement program to take disciplinary actions against administrators who violate provisions of the Business and Professions Code.

The principal objectives of the Bureau of Nursing Home Administrators are: (1) through a program of examination and licensure, to identify those persons who have demonstrated that they are qualified to function as Nursing Home Administrators; (2) to ensure, through the setting of standards and through disciplinary actions, that Nursing Home Administrators provide quality services to their patients, in accordance with the laws and the rules governing nursing homes; and (3) to ensure that complaints against Nursing Home Administrators are investigated completely and thoroughly and appropriate disciplinary action is taken as indicated.

## 27 BUREAU FOR PRIVATE POSTSECONDARY AND VOCATIONAL EDUCATION (1111)

The Bureau for Private Postsecondary and Vocational Education is responsible for the oversight and approval of private colleges, universities and vocational institutions and for developing state policies for private postsecondary education in California. To ensure proper oversight, the Bureau is structured around the following programs:

The Private Postsecondary and Vocational Education Program ensures that privately supported institutions conferring diplomas, degrees, and certificates meet the standards established by the State of California. The Program reviews institutions, issues approvals, and investigates complaints.

The Federal Trust Program is responsible for approving the quality of education and training programs offered by any public or private California postsecondary educational institution that seeks to enroll veterans and other eligible persons who receive educational assistance benefits administered by the United States Department of Veterans Affairs. Acting under contract on behalf of the Federal government, the Federal Trust Program is California's official State Approving Agency for Veterans' Education Programs.

The Student Tuition Recovery Fund protects California residents enrolled in private postsecondary educational institutions approved by the bureau. This includes both students in degree-granting programs and students in vocational and non-degree programs.

## 28 BUREAU OF ELECTRONIC AND APPLIANCE REPAIR (1111)

With the growing complexity of electronic technology and the rapidly changing nature of the repair industry for both home electronic entertainment equipment and major appliances, consumers may be subject to fraud, deceit, incompetence, and negligence in repair transactions. The objectives of the Bureau are to register and regulate all persons engaged in major home appliance and electronic equipment repair by imposing specific obligations of ethical conduct, honesty, and full and fair disclosure, providing certain safeguards to consumers when they need repair services, and ridding the repair industry of unscrupulous repair dealers.

## 31 BUREAU OF AUTOMOTIVE REPAIR (1111)

Californians are highly dependent upon their automobiles for their economic and personal well-being. They also rely on the service industry for the maintenance and repair of their technologically complex vehicles. The Bureau of Automotive Repair administers two major programs in automotive repair markets that protect the consumer: the Consumer Protection Operation and the Smog Check Program. Both programs are designed to protect consumers in the automotive repair marketplace, promote consumer education, lower barriers to market entry to ensure competition, and discipline unethical service dealers and technicians.

In the Consumer Protection Operation, the strategic focus is to:

- Identify areas of greatest risk to the public in the marketplace.
- Educate industry members and associations on how to comply with state laws, regulations and policies.
- In a swift and effective manner, discipline automotive repair dealers that defraud consumers.
- Educate consumers on how to shop for quality automotive repair services.

In the Smog Check Program, the strategic focus is to:

- Work with all government agencies responsible for California's compliance with the federal Clean Air Act and required vehicular emissions reductions.
- Employ the latest technology to identify and track vehicles failing a smog inspection.
- Effectively identify high polluting vehicles for repair or retirement.
- Assist those who cannot afford to bring their vehicles into compliance.
- Measure success by reduction in tonnage of hydrocarbons, carbon monoxide, and oxides of nitrogen.
- Promote consumer and industry compliance with the Smog Check Program.
- Identify and discipline licensees that commit fraud.
- Educate consumers on the requirements of the Smog Check Program.

### 31.10 Smog Check Program and Consumer Protection Operation

**Major Budget Adjustments Proposed for 2001–02**

- An augmentation of $3,200,000 to educate consumers about the Smog Check and Consumer Assistance Programs.
- Pursuant to Chapter 867, Statutes of 2000 (SB 1988), an augmentation of $1,103,000 and 7.6 personnel years for a two-year pilot program. This program would inspect insured vehicles that have undergone auto body repair to identify work that was not done according to the repair invoice.

### 31.20 Consumer Assistance Program

The Bureau of Automotive Repair (BAR), through the Consumer Assistance Program, provides two options to help eligible consumers whose vehicles fail a biennial Smog Check inspection. Under the Vehicle Retirement option, BAR will pay qualified consumers to retire their vehicles. Under the Repair Assistance option, BAR will pay a portion of the consumer's repair bill in order to bring the vehicle into compliance with the requirements of the Smog Check Program.

## 37 TELEPHONE MEDICAL ADVICE SERVICES BUREAU (1111)

Chapter 535, Statutes of 1999 (AB 285) established the Telephone Medical Advice Services Bureau, effective January 1, 2000. The law requires that any business providing medical advice by telephone to California residents must register with the Bureau. This includes businesses located inside and outside the state of California.

Chapter 857, Statutes of 2000 (AB 2903), effective January 1, 2001, amended the Telephone Medical Advice Services law so that those businesses that provide telephone medical advice and employ less than five people need not be registered. In addition, although they must register, businesses with a significant total number of charity or medically indigent patients may be exempt from the registration fee.

*** Dollars in thousands, except in Salary Range.**

## 1111 DEPARTMENT OF CONSUMER AFFAIRS
## BUREAUS, PROGRAMS, DIVISIONS—Continued

The overall objective of the Bureau is to: (1) protect consumers by regulating businesses that provide telephone medical advice to California patients; (2) ensure that providers of telephone medical advice are qualified licensed health-care professionals; (3) inform patients of their rights; and (4) pursue any reported harmful activities.

## 38 CEMETERY AND FUNERAL BUREAU (1111)

Pursuant to Chapter 568, Statutes of 2000, effective January 1, 2001, the Cemetery Bureau and the Bureau of Funeral Directors and Embalmers merged into the Cemetery and Funeral Bureau.

The objectives of the Cemetery and Funeral Bureau are to ensure: 1) that only qualified applicants receive licenses to operate cemeteries, crematories or funeral establishments, or act as funeral directors, embalmers, apprentice embalmers, cremated remains disposers, cemetery brokers or salespeople; 2) that licensees comply with applicable rules and regulations; 3) that all trust funds are appropriately managed; 4) permanence of mausoleums and columbariums; and 5) proper handling of human remains in the interest of public health.

## 34 BUREAU OF HOME FURNISHINGS AND THERMAL INSULATION (1111)

The manufacture and sale of upholstered furniture, bedding, and insulation made with defective, substandard, or highly flammable materials poses an unacceptable hazard to consumers. Consumers are also subject to fraud from misrepresentation, misleading product claims or false advertising in the merchandising of goods. The Bureau's objectives are to ensure that fair and reasonable standards are developed, and that those standards are enforced through on-site inspections, investigations and through laboratory testing.

### 35.10.010 Administrative and Information Services Division

In order to maximize the efficiency and effectiveness in the delivery of services, ensure proper oversight and accountability, and minimize duplication of effort, the Department centralizes several functions that support the administration and implementation of the goals of the boards, bureaus, programs, committees, and the commission. They are summarized as follows:

- The Executive Office provides support and oversight for the Department's boards, bureaus, programs, committees, and the commission. The Executive Office also provides policy direction for the bureaus and programs under the Director's appointing authority.
- The Internal Audit Office evaluates the level of accountability in the Department's programs and processes.
- The Legal Affairs Office provides legal services to the Director and the boards, bureaus and committees.
- The Legislative and Regulatory Review Office provides analysis of legislation and proposed regulatory changes.
- The Office of Examination Resources assists boards, bureaus, and programs to develop and administer reliable and valid examination programs that fairly assess candidates' competence to practice. The Office is responsible for interpreting and promoting technical and professional standards to establish content-related validity of examination programs, performing occupational analysis and developing examinations, performing statistical analysis of examination program results, evaluating exams developed by professional associations and test providers, and advising the licensing programs regarding psychometric issues.
- The Family Support Unit ensures compliance with court-ordered family support by partnering with the Department of Child Support Services to identify and notify applicants and licensees of the potential license suspension for failure to comply with family support court orders.
- The Office of Administrative Services is responsible for providing administrative support, including personnel, budget, purchasing, space planning, and accounting services.
- The Office of Information Services is responsible for providing information services, including general application and programming services and supports Department applications.

### Major Budget Adjustments Included in 2000–01

- A General Fund augmentation of $1,394,000 and 7.1 personnel years to establish the Office of Privacy Protection which will serve as a clearinghouse for privacy related consumer complaints. This program was established by Chapter 984, Statutes of 2000 (SB 129).
- An augmentation of $1,260,000 to upgrade the Applicant Tracking System (ATS).
- An augmentation of $755,000 for project planning related to an integrated information system for the Department's licensing and enforcement activities.
- An augmentation of $118,000 and 0.9 personnel year to establish the Task Force and Cultural and Linguistic competency for Physicians and Dentists, pursuant to Chapter 802, Statutes of 2000 (AB 2394).

### 35.10.015 Communications and Education Division

The Communications and Education Division provides the primary public affairs function for the boards, bureaus, and divisions of the Department of Consumer Affairs by developing consumer and industry educational material in the form of brochures, newsletters for licensees, fact sheets, reports, and other materials. The Division also conducts large statewide media campaigns, as needed.

### 35.10.020 Consumer Relations and Outreach Division

The Division is responsible for operation of the Consumer Information Center and the Outreach Section. The Consumer Information Center responds to consumer and licensee questions, assists in the filing of complaints, distributes requested publications and license applications, and provides referrals to other consumer resources. The Outreach Section provides consumer protection education, develops systemic solutions to consumer problems, and represents consumer interests at local, state, and federal levels.

Effective in 2001–02 complaint mediation positions are redirected from the various Bureaus into the mediation unit within the Consumer Relations and Outreach Division.

### 35.10.025 Division of Investigation

The Division of Investigation provides centralized investigative services for 23 licensing agencies within the Department of Consumer Affairs. The Division's mission is to protect public health and safety by providing objective, timely and cost-effective investigations regarding allegations of misconduct by licensees of client agencies and to develop information for filing criminal, administrative and civil actions by or on behalf of these agencies.

# 1700 DEPARTMENT OF FAIR EMPLOYMENT AND HOUSING

The mission of the Department of Fair Employment and Housing is to protect the people of California from unlawful discrimination in employment, housing and public accommodations, and from the perpetration of acts of hate violence.

## Major Budget Adjustments Proposed for 2001–02

- An augmentation of $106,000 (General Fund) to relocate two of the Department's three district offices in Los Angeles County to increase public access.
- An augmentation of 1.9 personnel years and $151,000 (General Fund) to address workload created by Chapter 291, Statutes of 2000 which requires the Department to assist the public in the identification of prohibited covenants in documents or deeds related to common interest developments.
- An augmentation of $225,000 (General Fund) for educational materials and forums.

## Authority

Government Code Sections 11135–11139.5, 12900 et seq., 19702.5, 19704, 19705, and 50085.5; Civil Code Sections 51 and 51.7; Education Code Sections 44066 and 87402; Labor Code Section 3096.

# 1705 FAIR EMPLOYMENT AND HOUSING COMMISSION

The Fair Employment and Housing Commission is a quasi-judicial body responsible for the enforcement of State civil rights laws against discrimination in employment, housing, public accommodations, and against hate violence. The Commission also enforces state laws providing family and medical leave. The seven members of the Commission are appointed by the Governor. The Commission holds hearings and issues decisions on accusations prosecuted before it by the Department of Fair Employment and Housing, interprets civil rights statutes through regulations and provides a forum for civil rights concerns.

The objective of the Commission is to reduce social tensions and ensure equal opportunity in employment, housing and public accommodations by preventing and eliminating discrimination based on race, religious creed, color, national origin, ancestry, sex, marital status, physical and mental disability, medical condition and age over 40, and to address issues of hate violence.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $108,000 to establish Advisory Committees to investigate and make recommendations to the Commission on specific topics under the Fair Employment and Housing Act.

### Authority

Government Code Section 12900 et seq.

# 1730 FRANCHISE TAX BOARD

The mission of the Franchise Tax Board is to collect the proper amount of tax revenue and operate its programs at the least cost; serve the public by continually improving the quality of its products and services; and perform with integrity, efficiency and fairness, warranting the highest degree of public confidence.

The Board consists of the State Controller, the Chairperson of the State Board of Equalization and the Director of Finance. A board-appointed executive officer implements the policies and performs duties delegated by the Board and delineated in statute.

The Franchise Tax Board administers the Personal Income Tax and Bank & Corporation Tax laws which consist of self-assessment, filing enforcement, audit and tax collection activities. These activities contribute approximately 68 percent of the General Fund's major tax and license revenue.

The Franchise Tax Board also collects delinquent debts on behalf of other governmental agencies. The Child Support Collection Program enables the Board to collect child support payments on behalf of county district attorneys; the Department of Motor Vehicle Collections Program enables the collection of delinquent motor vehicle registration fees; and the Court Collection Program provides for the collection of court imposed fines, penalties, forfeitures, and restitution orders. Within the Contract Work Program, the Board collects delinquent fees, wages, penalties and interest owed to the Department of Industrial Relations. Within the Inter-agency Intercept agreement, the Board redirects tax refunds and lottery winnings of individuals who owe debts to other governmental agencies within California.

The Franchise Tax Board also administers the Senior Citizens Property Tax Assistance Program. In 2001–02, the Board will authorize approximately $140.6 million in disbursements to assist low income senior and disabled homeowners and renters (refer to 9100 Tax Relief).

The Political Reform Audit Program, authorized by the Political Reform Act of 1974, enables the Franchise Tax Board to conduct political audits of candidates, campaign committees, lobbying entities, political action committees and ballot measures on behalf of the Fair Political Practices Commission.

## 10 TAX PROGRAM

### Program Objectives Statement

The Franchise Tax Board is responsible for administering the Revenue and Taxation Code by reasonably interpreting and impartially applying the legislatively enacted laws that protect the General Fund's revenue base. Tax program activities include taxpayer assistance and tax return processing, filing enforcement, audit and tax collection functions. The Program also includes the collection and distribution of voluntary contributions to, and on behalf of certain non-profit charitable organizations.

### Major Budget Adjustment Included in 2000–01

- Augmentation of $4,210,000 and 57.2 positions (56.5 personnel years) to implement the provisions of AB 480 (Dependent Care Credit) and to enhance fraud prevention, detection, and investigations.

### Major Budget Adjustments Proposed for 2001–02

- Augmentation of $1,052,000 to upgrade computer network hardware.
- Augmentation of $778,000 and 6 positions (5.7 personnel years) to process increased legal support workloads.
- Augmentation of $2,992,000 to fund equipment, software, and maintenance costs to improve the capabilities of the Data Center.
- Augmentation of $3,784,000 and 65.9 positions (64.4 personnel years) to implement the full year impact of AB 480 (Dependent Care Credit) and fraud prevention, detection, and investigations. These positions are a redirection of resources from the elimination of the Student Loan Collection program.
- Savings of 20.5 positions (20.5 personnel years) and $577,000 to reflect the decrease of printing, mailing, and receiving paper tax returns in favor of electronically filed returns.
- Reduction of $915,000 of one-time vendor payment resources for the Integrated Non-filer Compliance Project.

### Authority

Government Code Sections 15700–15702; Revenue and Taxation Code Sections 17001–18180, 18401–19802, 21001–21027, 23001–25141, 38001–38021.

## 20 HOMEOWNERS AND RENTERS ASSISTANCE PROGRAM

### Program Objectives Statement

The Homeowners and Renters Assistance (HRA) program authorizes partial repayment of property taxes or rent paid by eligible senior citizens, disabled, and blind individuals. Activities include designing and distributing claim forms and instructions, providing advisory services to claimants, and processing claims.

### Authority

Government Code Sections 15700–15702; Revenue and Taxation Code Sections 20501–20564, 20641–20646.

## 30 POLITICAL REFORM AUDIT PROGRAM

### Program Objectives Statement

The Political Reform Audit Program's objective is to determine the accuracy and completeness of political statement reports filed with the Secretary of State, and compliance with disclosures and record keeping requirements.

On behalf of the Fair Political Practices Commission, and in compliance with the Political Reform Act of 1974, the Franchise Tax Board conducts randomly selected field audits of committees supporting and opposing political candidates and statewide measures, as well as any state or county central committee or independent committee which spends $10,000 or more.

### Authority

Government Code Sections 90000–90007.

*** Dollars in thousands, except in Salary Range.**

## 1730 FRANCHISE TAX BOARD—Continued

### 40 CHILD SUPPORT COLLECTIONS

#### Program Objectives Statement

The program objective is to continue the administration of the State's collections of delinquent child support payments on behalf of custodial parents by utilizing the Franchise Tax Board's collection capabilities currently used to collect personal income tax. Chapter 478, Statutes of 1999, as amended by Chapter 480, Statutes of 1999, requires all California counties to participate in the Statewide Child Support Delinquency Enforcement Program and requires counties to transfer to the Franchise Tax Board all child support accounts greater than $100 that are more than 60 days in arrears. The program is an enforcement tool and resource for the Department of Child Support Services and local child support agencies.

#### Authority

Revenue and Taxation Code Sections 19271–19274, 19548; Family Code Section 17501.

### 45 CHILD SUPPORT AUTOMATION PROGRAM

#### Program Objectives Statement

The Child Support Automation Program's objective is to procure, develop, implement and maintain the new statewide child support automated system to locate non-custodial parents, establish and enforce child support obligations, collect and distribute support payments, and comply with federal distribution requirements.

#### Authority

Welfare and Institutions Code Chapter 4 (commencing with Section 10080) of Part 1, Division 9.

### 50 DEPARTMENT OF MOTOR VEHICLES COLLECTION PROGRAM

#### Program Objectives Statement

This program increases collections of delinquent motor vehicle license fees, taxes and penalties on behalf of the Department of Motor Vehicles by utilizing the Franchise Tax Board's automated collection capabilities that are used to collect personal income tax and non-tax debts.

#### Major Budget Adjustment Proposed for 2001–02

- Reduction of $3,377,000 and 44.4 positions (44.4 personnel years) for the Department of Motor Vehicles Collections Program due to declining workloads.

#### Authority

Revenue and Taxation Code Sections 10876–10878.

### 60 COURT COLLECTIONS PROGRAM

#### Program Objectives Statement

The Court Collections Program increases collections of delinquent fines, penalties and orders imposed by, and on behalf of, superior, municipal and justice courts. The Franchise Tax Board utilizes the same automated collection capabilities that are used to collect personal income tax and non-tax debts.

Pursuant to Chapter 1242, Statutes of 1994, all amounts collected by the Franchise Tax Board above the Board's administrative costs of collection are, per Revenue and Taxation Code Section 19282, to be transferred by the State Controller to the counties to which the funds were originally owed. For 2001–02, it is projected that about $21.6 million will be collected for transfer to the counties.

#### Authority

Revenue and Taxation Code Sections 19280–19283.

### 70 CONTRACT WORK

#### Program Objectives Statement

The objective of the Contract Work Program is to provide cost-effective goods and services to other governmental entities through contractual agreements. Such goods and services include rental space to on-site child care and cafeteria entities, data processing services for small governmental agencies and delinquent debt collection services for the Department of Industrial Relations. Associated expenditures incurred by the Franchise Tax Board are reimbursed by the respective entities.

#### Major Budget Adjustment Proposed for 2001–02

- Reduction of $3,762,000 and 66.2 positions (63.5 personnel years) for the Student Loan Collection Program.

### 80 ADMINISTRATION PROGRAM

#### Program Objectives Statement

The Administration Program's objective is to provide executive leadership under the general direction of the Franchise Tax Board by directing departmental operations, developing and executing policies, making decisions concerning program operations and ensuring that the Board's programs and services are carried out in accordance with Government Code Sections 15701 and 15702. The program also provides the Board with the personnel, administration, training, budgeting and accounting services necessary to ensure that functions are performed with integrity, efficiency and fairness.

*** Dollars in thousands, except in Salary Range.**

## 1730 FRANCHISE TAX BOARD—Continued

### 98 STATE-MANDATED LOCAL PROGRAMS

**Program Objectives Statement**

This program provides funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs incurred in complying with state mandates.

# 1760 DEPARTMENT OF GENERAL SERVICES

The objectives of the Department of General Services are to: (a) Meet the varied responsibilities for management review, control and support of state agencies as assigned by the Governor and specified in statute; (b) Provide support services to operating departments with greater efficiency and economy than they can individually provide for themselves; and (c) Increase effectiveness and economy in the administration of state government by establishing and improving statewide policies and guidelines.

## 10 BUILDING REGULATION SERVICES

### Program Objectives Statement

With a multi-million dollar investment in facilities for state offices and schools, centralized responsibilities for inspection and approval are needed. This is achieved in the following ways: (a) Assuring protection of lives and property in public buildings through plan and field supervision; (b) Insuring that facilities constructed with state funds are accessible to the physically handicapped; (c) Establishing uniform public health and safety regulations for building construction; (d) Administering the State's School Building Lease-Purchase program, which provides financial assistance to school districts for the development of school sites, construction, and reconstruction or replacement of school buildings and purchase of furniture and equipment; and (e) Adopting, codifying and publish building standards for the design and construction of state buildings.

### Major Budget Adjustments Proposed for 2001–02

- $858,000 1998 State School Facilities Fund and 11.4 personnel years in the Office of Public School Construction to meet the workload requirements of Chapter 407, Statutes of 1998 (SB 50).
- Transfer the support appropriation of $9,777,000 from the State School Building Lease-Purchase Fund to the 1998 State School Facilities Fund.

### Authority

a. Public School Construction: Government Code Section 15500; Education Code Sections 19551–19689, 17700, and 16000.

b. Building Standards: Government Code Sections 11343, 11346.1, 11346.2, 11349.1, and 11446; Health and Safety Code Section 18931.

c. State Architect: Government Code Sections 4450–4458 and 14950.

## 15 REAL ESTATE SERVICES

Centralized responsibilities for planning, acquisition, design, construction, maintenance and operation are needed to avoid duplication of effort and uncontrolled investment in office space. This is achieved in the following ways: (a) Providing adequate space for state operations at a cost below that which each agency could provide for itself; (b) Assuring protection of lives and property in public buildings through design and construction supervision; (c) Providing impartial hearings for the general public and construction industry in their interactions with state agencies; (d) Acquiring, managing and disposing of real property (except leases) for state agencies, and providing public service facilities with economy of operations and uniform practices for protecting the public's interests and insuring equitable treatment of private property owners; and (e) Preserving the state's capital investment in buildings, grounds, and equipment through an efficient and effective centralized maintenance and operations program.

### Major Budget Adjustments Included in 2000–01

- $1,933,000 Architecture Revolving Fund and 18.2 personnel years in the Project Management Branch and the Business, Operations, Policy and Planning Branch to manage and provide administrative support for capital outlay construction projects; authorized pursuant to Provision 4, Budget Act of 2000.
- $1,559,000 Service Revolving Fund and 18.9 personnel years in the Professional Services Branch and the Business, Operations, Policy and Planning Branch to provide space planning services as requested by client agencies; authorized pursuant to Provision 4, Budget Act of 2000.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 1760 DEPARTMENT OF GENERAL SERVICES—Continued

- $538,000 Service Revolving Fund and 7.6 personnel years in the Professional Services Branch to provide leasing services as requested by client agencies; authorized pursuant to Provision 4, Budget Act of 2000.
- $49,555,000 Service Revolving Fund in the Professional Services Branch to fund the payment of natural gas purchases in the Natural Gas Services Program.
- $524,000 Service Revolving Fund and 13.1 personnel years in the Building and Property Management Branch to provide building maintenance services for various client agencies; authorized pursuant to Provision 4, Budget Act of 2000.
- $244,000 Service Revolving Fund in the Building and Property Management Branch to provide building maintenance services as requested by the California Department of Transportation; authorized pursuant to Provision 4, Budget Act of 2000.

### Major Budget Adjustments Proposed for 2001–02

- $463,000 Architecture Revolving Fund and 3.8 personnel years in the Project Management Branch to perform seismic retrofit capital outlay project management workload.
- $1,804,000 Architecture Revolving Fund and 18.2 personnel years in the Project Management Branch and the Business, Operations, Policy and Planning Branch to manage and provide administrative support for capital outlay construction projects; authorized pursuant to Provision 4, Budget Act of 2000.
- $1,900,000 Property Acquisition Law Money Account in the Asset Planning and Enhancement Branch and a $1,100,000 General Fund loan to the Property Acquisition Law Money Account to fund the sale or disposition of various properties to ensure optimum use or maximize potential revenue (one-time).
- $3,151,000 Architecture Revolving Fund and 22.3 limited-term personnel years in the Professional Services Branch to provide construction supervision and inspection services on the Delano II prison construction project.
- Reappropriate $4,743,000 Earthquake Safety and Public Building Rehabilitation Bond Act of 1990 in the Professional Services Branch to fund local government seismic rehabilitation grants.
- $2,348,000 Service Revolving Fund and 27.0 personnel years in the Professional Services Branch and the Business, Operations, Policy and Planning Branch to provide space planning services as requested by client agencies.
- $506,000 Service Revolving Fund and 6.6 personnel years in the Professional Services Branch to provide leasing services as requested by client agencies.
- $49,555,000 Service Revolving Fund in the Professional Services Branch to fund the payment of natural gas purchases in the Natural Gas Services Program.
- $3,721,000 Service Revolving Fund and 104.9 personnel years in the Building and Property Management Branch to provide janitorial maintenance services in state facilities.
- $497,000 Service Revolving Fund and 9.5 personnel years in the Building and Property Management Branch to provide property management services at the new Office of Emergency Services facility.
- $601,000 Service Revolving Fund in the Building and Property Management Branch to provide training resources to fund an employee development and vocational training program.
- $187,000 Service Revolving Fund in the Building and Property Management Branch to fund assessments charged to facilities or properties within a Business Improvement District.
- $991,000 Service Revolving Fund in the Building and Property Management Branch for payment of natural gas purchases.
- Reduction of $5,712,000 Service Revolving Fund and 57.0 personnel years in the Building and Property Management Branch as a result of not providing property management services at the new CalEPA facility in Sacramento as previously anticipated.
- $2,407,000 Service Revolving Fund in the Building and Property Management Branch to fund deferred maintenance projects as requested by the Public Utilities Commission for their San Francisco facility.
- $2,700,000 one-time Service Revolving Fund in the Building and Property Management Branch to perform deferred maintenance projects at various DGS-owned facilities.
- $526,000 Service Revolving Fund and 13.1 personnel years in the Building and Property Management Branch to provide building maintenance services for various client agencies; authorized pursuant to Provision 4, Budget Act of 2000.

### Authority

a. State Architect: Government Code Sections 4454, 14250–14404, 14600, 14650, 14651, 14679–14682, 14838, 14950–14962, and 15800; Education Code Sections 15002.1 and 15451–15465; Health and Safety Code Sections 15000–15023.

b. Building and Grounds: Government Code Sections 14600, 14660, 14670, 14685–14687, 14700, 15850, and 15862.

c. Facilities Planning and Development: Government Code Sections 8160 and 14600.

d. Real Estate: Government Code Sections 11005, 11011, 14654, 14660–14670, 14678, 14820, 14821, 15800, 15817, 15850, 15862, and 15863.

## 20 STATEWIDE SUPPORT SERVICES

### Program Objectives Statement

To fulfill their program responsibilities, state agencies require support services for business transactions and activities which are basic to their organizational functions. These operational requirements include procurement of materials, communication, transportation, printing, and related business and office services.

Other state agency support requirements, include consulting services for legal contracts and insurance management. Additionally, licensing agencies require services of hearing officers for alleged violations by license holders.

These diverse services are more effectively and economically provided under a consolidated program which centralizes resources, capabilities, talents, and facilities for efficient response to support requirements of client state agencies.

### Major Budget Adjustments Included in 2000–01

- $1,000,000 Service Revolving Fund in the Office of Public Safety Radio Services to purchase microwave equipment for California Department of Transportation communications projects; authorized pursuant to Provision 4, Budget Act of 2000.
- $265,000 Service Revolving Fund in the Office of Administrative Hearings to provide Pro tempore Administrative Law Judge and defense counsel services as requested by the California Department of Corrections; authorized pursuant to Provision 4, Budget Act of 2000.
- $5,085,000 Service Revolving Fund in the Office of Fleet Administration to purchase vehicles as requested by various state agencies; authorized pursuant to Provision 4, Budget Act of 2000.
- $415,000 Service Revolving Fund in the Office of Fleet Administration to fund gasoline and insurance expenses for previously purchased vehicles as requested by client agencies; authorized pursuant to Provision 4, Budget Act of 2000.

*** Dollars in thousands, except in Salary Range.**

## 1760 DEPARTMENT OF GENERAL SERVICES—Continued

### Major Budget Adjustments Proposed for 2001–02

- $31,659,000 State Emergency Telephone Number Account-Local Assistance in the Office of Public Safety Radio Services to fund enhanced wireless services
- A reduction of $10,922,000 Service Revolving Fund/Intrafund in the Office of Network Services due to the cancellation of the CALNET contract and implementation of the California Integrated Information Network contract.
- $6,370,000 Service Revolving Fund in the Office of Fleet Administration to purchase low-emission and alternative fuel vehicles.
- $265,000 Service Revolving Fund in the Office of Administrative Hearings to provide Pro tempore Administrative Law Judge and defense counsel services as requested by the California Department of Corrections; authorized pursuant to Provision 4, Budget Act of 2000.
- $232,000 Service Revolving Fund in the Office of Fleet Administration to maintain vehicles purchased in 2000–2001 as requested by various state agencies; authorized pursuant to Provision 4, Budget Act of 2000.
- $634,000 Service Revolving Fund in the Office of Fleet Administration to fund the required relocation of the Los Angeles State Garage.
- $415,000 Service Revolving Fund in the Office of Fleet Administration to fund gasoline and insurance expenses for previously purchased vehicles as requested by client agencies; authorized pursuant to Provision 4, Budget Act of 2000.
- $1,863,000 Service Revolving Fund (one-time) in the Office of State Publishing to fund equipment purchases.
- $169,000 Service Revolving Fund in the Office of State Publishing, Office of Fleet Administration, Procurement Division and Telecommunications Division for payment of natural gas purchases.

### Authority

b. Communications: Government Code Section 14931; Revenue and Taxation Code Sections 41137, 41137.1, 41138, and 41140.

c. Fleet Administration: Government Code Sections 13950–13956, 14615, 14621, 14669, and 14675–14678; Board of Control Rules and Regulations, Articles 8 and 15; and State Administrative Manual Sections 4100–4300.

d. Insurance: Government Code Sections 11007.5, 11007.7, 11290, 14848, 16378, 16379, and 18310; State Administrative Manual Sections 0480–0484, 2500–2520, 2530, 2541, 2560, 2581–2582.1, 8576, and 8776–77.

e. Legal Services: Government Code Sections 14610 and 14780.

f. Procurement: Government Code Sections 14740–14755, 14760, 14765–14768, 14770–14774, 14780–14814, 14835–14842, 14860, and 14880–14922; State Administrative Manual Sections 1600–1653.

g. State Publishing: Government Code Sections 9700–9768 and 14850–14877; State Administrative Manual Sections 1252, 1253, 2121–2122.26, 2840–2880 and 3122.2.

## 30 ADMINISTRATION

This program provides the executive leadership for the department by directing departmental operations, setting policy, making decisions concerning program operations and ensuring that departmental programs and services are carried out in accordance with the Governor's policies and legislative intent as codified in the State Constitution, the Government Code, the Administrative Procedures Act and the State Administrative Manual.

This program also provides the department with the necessary personnel, administration, training, budgeting and accounting services necessary to ensure smooth and efficient operating of the line functions of the department. Personnel Services are also provided for various boards and commissions.

### Major Budget Adjustments Proposed for 2001–02

- $3,009,000 General Fund ($2,692,000 one-time) and 0.9 personnel year in the Executive Office to administer the Enterprise Business Program (eBusiness Center).
- $3,170,000 General Fund in the Executive Office to continue restructuring the California Home Page upgrading the network infrastructure.
- $2,000,000 General Fund in the Executive Office to fund expenses to retain counsel in the case of *Williams, et al.* v. *State of California, et al.*

---

|---|---|---|---|

## 50 CAPITAL OUTLAY

For 2001–02, work will continue on the Capitol Area East End Project. The Capitol Area East End Project was enacted in 1997 and authorized the Department to construct approximately 1,470,200 gross square feet of office space and approximately 742,625 gross square feet of parking structures in proximity to the East End of Capitol Park. Also, pre-construction phases will continue on the State Office Building at Butterfield Way in Sacramento. Chapter 1152, Statutes of 1996 authorized the Department to construct approximately 1,000,000 gross square feet of office space in close proximity to the existing Franchise Tax Board site in Sacramento.

## PROGRAM ELEMENTS

### Major Budget Adjustments Proposed for 2001–02

- $13.2 million for the construction phase to renovate the Bonderson Building in Sacramento.
- $20.8 million for the construction phase of the renovation of the Food and Agriculture Building at 1220 N Street in Sacramento.
- $28 million for new and continuing seismic retrofit projects statewide.
- $4 million to begin pre-construction phases for renovation of Office Buildings 8 and 10 in Sacramento.

# 1880 STATE PERSONNEL BOARD

The State Personnel Board enforces civil service statutes, prescribes probationary periods and classifications, reviews disciplinary actions, and adopts other rules authorized by statute. Through its authority to adopt rules and promulgate policy, SPB administers a civil service system based upon merit ascertained through competitive examination. In 1999 and 2000, SPB's achievements include:

- Mediation—Partnered with over 40 State departments as well as employee organizations; the State Employee Mediation Program has mediated 170 workplace disputes to conclusion, with over a 93% resolution rate.
- Examining on the Internet—Developed exams for 16 Statewide classifications (including 2 Information Technology classes) which allow testing 24 hours a day and a continuously updated list.
- Certified Selection Analyst Training Program—Developed a program for human resource professionals to improve staff competencies and professionalism in the State's selection program.
- Diversity—Promoted a diverse civil service work force showing gains in all minority groups' representation over the last 10 years.
- Psychological Screening—The SPB medical office reviewed and approved 9,700 medical evaluations in the last year.
- Testing Center—This new facility has 21 computer work stations and allows job seekers to test for the Office Assistant exam and Staff Services Analyst exam after applying and scheduling themselves on-line. The new computerized testing system also gives immediate results.
- Bilingual Services Program—This unit is now fully staffed and lends support to departments in meeting their bilingual services needs.
- On-Line Application—The SPB has created a new On-Line State Application that will allow applicants to fill out a job application and file it electronically.

## 1880 STATE PERSONNEL BOARD—Continued

### 10 MERIT SYSTEM ADMINISTRATION

#### Program Objectives Statement

A constitutional Board of five members is appointed by the Governor to ten-year terms. The Board provides direction to the State Civil Service System through its authority to adopt rules and promulgate policy in the area of personnel management. Ongoing program management is provided through the Executive Officer, who is appointed by the Board. Legal advice and strategy are developed by the Chief Counsel.

This program provides a hearing and appellate process for reviewing state disciplinary actions as well as other merit oversight activities. Included are activities to promulgate statewide policies and procedures necessary to insure a fair and merit-based selection process within the civil service system.

#### Major Budget Adjustments Included in 2000–01

- $1,435,000 Reimbursements and 4.0 positions for increased psychological screenings of peace officer applicants for the Department of Corrections, the California Youth Authority, and the California Highway Patrol.
- $589,000 Reimbursements to provide merit systems support for transitioning local child support service agencies.

#### Major Budget Adjustments Proposed for 2001–02

- $1,433,000 Reimbursements and 4.0 positions for increased psychological screenings of peace officer applicants for the Department of Corrections, the California Youth Authority, and the California Highway Patrol.
- $768,000 Reimbursements to provide merit systems support for transitioning local child support service agencies.

### 40 LOCAL GOVERNMENT SERVICES

#### Program Objectives Statement

This program provides direction and assistance to local, grant-aided agencies to ensure that their personnel programs are operated effectively and efficiently, and continue to qualify for federal funds.

The Interpreter Program ensures a pool of qualified non-English language interpreters for use in California administrative hearings and medical interpreters for medical examinations conducted for the purpose of determining damages in court actions.

### 50 ADMINISTRATIVE SERVICES

#### Program Objectives Statement

This program provides fiscal, personnel, training, facility maintenance, information technology, contracting and a variety of other administrative services in support of the Board's programs.

# 1900 PUBLIC EMPLOYEES' RETIREMENT SYSTEM

The California Public Employees' Retirement System (CalPERS) administers retirement and health benefits to more than 1.1 million past and present public employees in California. This includes retirement, disability, and death benefits; administration of Social Security coverage for State employees; and the development, negotiation, and administration of contracts with a number of health maintenance organizations, group hospital, and medical insurance plans. In addition, CalPERS administers a long-term care program for members and eligible individuals. CalPERS is managed by a Board of Administration whose thirteen members consist of six individuals elected by specified membership groups, two individuals appointed by the Governor, one individual appointed jointly by the Speaker of the Assembly and the Senate Rules Committee, the Director of the Department of Personnel Administration, the State Treasurer, the State Controller, and one individual designated by the State Personnel Board.

Participants in the System's programs include State employees, classified school employees, volunteer firefighters, judges, legislators, and any other public employees whose employer has contracted for benefits administered by CalPERS.

The CalPERS Board of Administration interprets Proposition 162, approved by California voters on November 3, 1992, as amending the California Constitution to give the Board of Administration plenary authority for administration of the operations of the CalPERS. Consequently, the Board of Administration has concluded that Proposition 162 provides the Board with the sole and exclusive authority over the investment and administration of the System's resources pursuant to the California State Constitution, Article XVI, Section 17. Therefore, the budget data are presented for informational purposes only, with the exception of that component of the Health Benefits program funded from the Public Employees' Contingency Reserve Fund. In addition, this budget presentation does not include any 2001–02 budget change proposals. Budget change proposals for 2001–02 are currently being considered by the CalPERS Board and will be disclosed during the 2001–02 Legislative budget hearing process.

## 10 RETIREMENT

### Program Objectives Statement

This program provides retirement planning education and service retirement, disability, and death benefits for employees of California public employers. CalPERS provides retirement benefits based on service or disability to members; death benefits for members and annuitants; survivors' benefits for members not covered by Social Security; and for members in certain occupations, special benefits based on death or disability incurred in the line of duty. There are currently 863,781 members and 355,690 annuitants under the CalPERS system.

Retirement benefit stipends generally are based upon age at retirement, years of service, and compensation. There are different formulas for each of the member categories, such as miscellaneous, industrial, CHP, and safety. Over 50 contract options are available to contracting public agencies, including survivor benefits for members without Social Security coverage. Benefits are modified by the selection of one of several options and by the employee's membership category. A member's retirement and death benefits are determined by contract options.

As of June 30, 2000, there were 2,457 public agency and school district employers providing CalPERS retirement, death, and survivor benefits to California public employees. CalPERS benefits are portable for members who continue their careers with many other public employers in California because of reciprocity agreements.

CalPERS also administers the Legislators', Judges', and Volunteer Firefighters' Retirement Systems.

### Authority

Title 2, Division 5, Part 3, Government Code.

Note: The amounts enclosed in parentheses represent the State's contributions to the Public Employees' Retirement System for the retirement costs of State members of the System.

## 30 HEALTH BENEFITS

### Program Objectives Statement

This program contracts with health maintenance organizations, claim administrators, employee associations, and others to provide health and long term care insurance for State, California State University, and local Public Agency employees, annuitants, and their dependents. Primary program objectives are to negotiate and monitor health plan contracts; develop cost effective programs; meet and confer with employee organizations and employer representatives; maintain demographic and statistical information systems; establish standards for Basic, Supplement to Medicare, and Managed Medicare health plans; establish and maintain health benefits coverage for eligible employees and annuitants; establish by resolution coverage for public agencies; provide accurate and timely accounting for participating agencies and serve as an impartial intermediary between CalPERS enrollees and insurance carriers in resolving claim and service disputes.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $2.9 million for the Contingency Reserve Fund and an equivalent reduction in the Public Employees' Retirement Fund in 2001–02 to facilitate the equitable allocation of administrative costs.

### Authority

Title 2, Division 5, Part 5, Government Code.

## 40 INVESTMENT OPERATIONS

### Program Objectives Statement

This program invests trust funds in various asset classes for the purposes of minimizing employer contributions to the system as well as providing benefits to active participants, retired members, and their beneficiaries. Investments are made in domestic and international fixed income, domestic and international stocks, mortgages, real estate holdings, venture capital, mortgage-backed securities, and other similar investments.

Over the past 67 years, the System has grown from $800,000 in 1932 to its current value of $172.2 billion, as of June 30, 2000.

### Authority

Article XVI, Section 17, State Constitution.

## 50 ADMINISTRATION

### Program Objectives Statement

The internal management of CalPERS is presented under this program. The objective of the Administration Program is to provide executive direction, specialized information, and administrative support necessary to administer all CalPERS programs. The various services include: Audits; Change Management; Executive; Fiscal Services; Human Resources; Information Security; Information Technology Services; Legal; Office of Governmental Affairs; Operation Support; Planning and Research; and Public Affairs.

# 1920 STATE TEACHERS' RETIREMENT SYSTEM

The California State Teachers' Retirement System (STRS) is the largest teachers' retirement system in the United States. It has a total membership of approximately 661,372 and assets of $112.8 billion as of June 2000. STRS' primary responsibility is to provide retirement related benefits and services to teachers in public schools from kindergarten through the community college system.

The State Teachers' Retirement Board (Board) has exclusive control over the investment and administration of the Teachers' Retirement Fund. The Board makes rules, sets policies, and has the power and authority to hear and determine all facts pertaining to application for benefits under the retirement system. The twelve-member Board consists of four ex-officio members, including the Superintendent of Public Instruction, the State Treasurer, the State Controller, and the Director of Finance. The Governor-appointed members of the Board include four members of STRS, one retiree of STRS, and three representatives from the general public.

## 10 SERVICE TO MEMBERS AND EMPLOYERS

### Program Objectives Statement

The primary objectives of the STRS are as follows:

1. To maintain a financially sound retirement system.
2. To maintain an efficient operational system for the administration of STRS.
3. To continuously improve the delivery of benefits and services to STRS members.
4. To expand and improve upon benefits while minimizing taxpayer costs.

Income to the STRS is derived from member contributions, employing school district contributions, appropriations from the General Fund, and investment earnings (see 6300-Contributions to Teachers' Retirement Fund for State contributions for benefits). The cost of administration is paid from the State Teachers' Retirement Fund as provided in Section 22304 of the Education Code.

The STRS is responsible for the determination and payment of benefits to members, retirees, and beneficiaries, and for the distribution of information to all members, employers, and other interested groups. The three basic benefits provided by STRS are the service retirement allowance, survivor, and disability benefits. The basic retirement allowance is determined on the basis of a member's age, years of service, and final compensation. The member may modify the basic allowance by selecting a joint and survivor annuity option to provide for a beneficiary. Generally, the vast majority of the payments of benefits are made no later than 45 days after receipt of the application, effective date, or receipt of all necessary information.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 1920 STATE TEACHERS' RETIREMENT SYSTEM—Continued

### Major Budget Adjustments Proposed for 2001–02

- $5.3 million ($3.9 million in one-time) and 4.6 positions for information technology and E-service projects. (Includes $36,000 and 1.6 positions in Temporary Help and $85,000 in Overtime).
- $269,000 and 3 positions to establish a Health Benefits Program.
- $326,000 and 4 positions to address enhanced investment activities in the Investment Branch.
- $1.1 million and 8 positions to meet various workload increases in support and to administer new changes to the retirement statutes.
- $398,000 and 4 positions to manage the billing service process.
- $1.9 million and 8 positions to support the Supplemental Benefit Program.

### Authority

Education Code, Section 22000 et seq.

# 2100 DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

The Department of Alcoholic Beverage Control administers the provisions of the Alcoholic Beverage Control Act, which vests in the Department the exclusive right and power to license and regulate the manufacture, sale, purchase, possession and transportation of alcoholic beverages within the state and, subject to certain laws of the United States, to regulate the importation and exportation of alcoholic beverages into and from the state.

## Authority

Article XX, Section 22 of the California Constitution, and Division 9 of the Business and Professions Code.

| SUMMARY OF PROGRAM REQUIREMENTS | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|---|---|---|

## 10 ADMINISTRATION OF ALCOHOLIC BEVERAGE CONTROL ACT

### Program Objectives Statement

This program conducts the three major activities of the Department: licensing, which ensures that only qualified persons and legitimate businesses are licensed to sell, manufacture, or otherwise deal in alcoholic beverages; compliance, which ensures adherence to the alcoholic beverage control laws and regulations by all persons operating within the alcoholic beverage industry; and administration, which provides staff support and conducts administrative appeal hearings.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $588,000 for a supplemental salary increase for sworn personnel.
- An increase of $379,000 for office rent.

### Authority

Article XX, Section 22 of the California Constitution, and Division 9 of the Business and Professions Code.

## 2120 ALCOHOLIC BEVERAGE CONTROL APPEALS BOARD

The Alcoholic Beverage Control Appeals Board consists of three members appointed by the Governor. The Board provides a forum of appeal to persons who are dissatisfied with the Department of Alcoholic Beverage Control's decision to order penalties or issue, deny, condition, transfer, suspend or revoke any alcoholic beverage license. Following the filing of an appeal, receipt of the record on appeal, and submission of written briefs, the Board hears oral arguments in Northern and Southern California on the appropriateness of the Department's decision. The Board then prepares, publishes and distributes a formal written opinion. A party seeking review of an Appeals Board decision must file a petition for writ of review with the Court of Appeal.

The Alcoholic Beverage Control Appeals Fund is supported by a surcharge on license fees of the Department of Alcoholic Beverage Control.

### 10 ADMINISTRATIVE REVIEW

#### Program Objectives Statement

This program provides an appeals process and issues decisions on appeals filed with the Alcoholic Beverage Control Appeals Board. In 1999–00, 243 appeals were filed with the Board, and 238 decisions were issued by the Board.

The appeals to the Board are from decisions of the Department of Alcoholic Beverage Control, which was a party to 700 administrative hearings during the 1999–00 fiscal year. Most of these hearings involved license applications or alleged violations of the Alcoholic Beverage Control Act.

During 1999–00, judicial review of Board decisions was requested of the Court of Appeal or State Supreme Court on 59 occasions. The appellate courts denied petitions in 41 cases and granted a writ of review in seven cases. Eleven cases from 1999–00 and prior years are pending appellate decision.

#### Major Budget Adjustment Included in 2000–01

- Deletion of $33,000 for the Chief Counsel's accumulated annual leave and $7,000 for training replacement attorney staff because the Chief Counsel did not retire as originally planned. Of these savings, $22,000 will be expended for increased transcript costs, $7,000 for approved salary adjustments and the remaining $11,000 is shown as anticipated savings.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2120 ALCOHOLIC BEVERAGE CONTROL APPEALS BOARD—Continued

### Major Budget Adjustments Proposed for 2001–02

- Continuation of $22,000 for increased transcript costs, $7,000 for approved salary adjustments and augmentation of $3,000 for increased office rent.
- Augmentation of $8,000 for placing the Board's decisions on its website for public access via the Internet.

# 2150 DEPARTMENT OF FINANCIAL INSTITUTIONS

The Department of Financial Institutions was established effective July 1, 1997 to regulate depository institutions, including commercial banks, savings associations, credit unions, industrial loan companies, and certain other providers of financial services. In addition, the Department licenses and regulates issuers of payment instruments, including companies licensed to sell money orders and/or travelers' checks or licensed to engage in the business of transmitting money abroad, and business and industrial development corporations. Programs are supported by assessment of the various industries, license and application fees, and charges for various other services.

## 10 LICENSING AND SUPERVISION OF BANKS AND TRUST COMPANIES

### Program Objectives Statement

The primary objectives of this program are: (1) to protect the public from economic losses that result from bank and trust company failures without depriving the public of reasonably priced and convenient banking and trust services, and (2) to guard against the secondary effect on smaller financial institutions often associated with the failure of a bank or trust company.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $392,000 by increasing salary savings to reflect past experience with employee turnover.
- An augmentation of $282,000 to relocate the department's Sacramento facilities.
- A net reduction of $45,000 and 3 positions to reflect the findings of the excess vacant position analysis. $125,000 of the funding from these positions will be retained to cover unfunded personnel and operating expense costs.

### Authority

California Financial Code, Division 1, Chapters 3, 4, 10, 12, 13.5, 15, 16, 17, 19, and 21 (Banking Law).

## 20 PAYMENT INSTRUMENTS

### Program Objectives Statement

This program protects the public from economic loss resulting from the failure of a company licensed either to sell payment instruments (money orders) or travelers' checks, or to engage in the business of transmitting money abroad. The program ensures that business is being conducted in a financially sound manner by periodically examining these facilities and by requiring and analyzing specific reports. In addition, the program issues licenses to persons engaged in the business of receiving money for the purpose of transmitting the same or its equivalent to foreign countries, issuing travelers' checks, or selling money orders. In order to protect the public, a thorough investigation of each applicant is conducted before the license is issued.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2150 DEPARTMENT OF FINANCIAL INSTITUTIONS—Continued

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $19,000 by increasing salary savings to reflect past experience with employee turnover.
- An augmentation of $12,000 to relocate the department's Sacramento facilities.
- Two existing positions will be directed to address increased workload associated with the growing number and size of money transmitters.

### Authority

California Financial Code, Division 1, Chapter 14, 14A, Division 16, Chapters 1–11.

## 40 ADMINISTRATION OF LOCAL AGENCY SECURITY

### Program Objectives Statement

The Budget Act of 2000 transferred the Local Agency Security Program from the State Treasurer's Office back to the Department of Financial Institutions (DFI) effective January 1, 2001. As the Administrator of the Local Agency Security Program, the Commissioner acts as an agent for approximately 1,500 local treasurers in verifying the amount and quality of collateral pledged to secure deposits of public funds made by local agencies. The Commissioner also administers local agency security for savings and loans and credit unions.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $37,000 by increasing salary savings to reflect past experience with employee turnover.
- An augmentation of $24,000 to relocate the department's Sacramento facilities.

### Authority

Government Code Sections 53630–53686.

## 50 SUPERVISION OF CALIFORNIA BUSINESS AND INDUSTRIAL DEVELOPMENT CORPORATIONS

### Program Objectives Statement

This program licenses and regulates nonfiduciary businesses and industrial development corporations. The program ensures that business is conducted in a financially sound manner through periodic examinations of these corporations and by requiring and analyzing specific reports. In addition, the department licenses corporations operating as business and industrial development corporations. Certain federal programs, most notably the Small Business Administration's Section 7A Loan Guarantee Program, require a lender to be a licensed and regulated financial institution to qualify for guarantees. By licensing and regulating business and industrial development corporations, this program ensures that these corporations qualify for loan guarantees.

### Authority

California Financial Code, Division 15.

## 60 CREDIT UNIONS

### Program Objectives Statement

A credit union is a cooperative, organized for the purposes of promoting thrift and savings among its members, and creating a source of credit for them. The credit union program administers and enforces the provisions of the Financial Code relating to credit unions. These responsibilities include: reviewing of applications to determine the appropriateness of financial data and personnel; monitoring financial condition and operating procedures for statutory compliance through reporting and field examinations; and responding to public inquiries for information and assistance.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $112,000 by increasing salary savings to reflect past experience with employee turnover.
- An augmentation of $73,000 to relocate the department's Sacramento facilities.
- Two vacant positions in the Credit Union program will be directed to address increased workload for examining federally chartered credit unions converting to state charters.

### Authority

California Financial Code, Division 5, Sections 14000 through 16154.

## 70 SAVINGS AND LOAN

### Program Objectives Statement

The savings and loan program ensures that savings associations comply with laws and regulations, including those involving consumer protection and anti-discrimination, and ensures the continued financial growth of these associations consistent with public need and convenience.

### Authority

California Financial Code, Division 2, Sections 5000 through 11709.

## 80 INDUSTRIAL LOAN COMPANIES

### Program Objectives Statement

Industrial loan companies serve a wide range of customers for both consumer and commercial loans, but most industrial loan companies specialize in only a few specific areas of lending. The industrial loan program administers and enforces the provisions of the Financial Code relating to industrial loan companies, including the processing of applications and amendments for industrial loan companies, and conducting examinations to determine current and future safety and soundness.

*** Dollars in thousands, except in Salary Range.**

## 2150 DEPARTMENT OF FINANCIAL INSTITUTIONS—Continued

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $30,000 by increasing salary savings to reflect past experience with employee turnover.
- An augmentation of $21,000 to relocate the department's Sacramento facilities.

### Authority

California Financial Code, Division 7, Sections 18000 through 18643.

## 90 ADMINISTRATION

### Program Objectives Statement

The Administration Program provides services essential for the administration of the Department and its programs, including executive, administrative, legal, legislative, policy, and information support.

### Authority

California Financial Code, Division 1, Chapter 2, Article 4 (Banking Law).

---

# 2180 DEPARTMENT OF CORPORATIONS

The Department of Corporations protects the public through administration and enforcement of state laws regulating securities, franchise investment, lenders and fiduciaries. Activities include licensing, examination, and responding to public inquiries and complaints. Each program enforces its laws through administrative and civil actions. Pursuant to Chapter 525, Statutes of 1999, commencing July 1, 2000, the administration and the enforcement of health care laws were transferred to the Department of Managed Health Care.

## 10 INVESTMENT PROGRAM

### Program Objectives Statement

The Investment Program protects investors in securities and franchise investment transactions and promotes efficient capital formation in California. The program qualifies the offer and sale of certain securities, registers the sale of franchises, and licenses broker-dealers and investment advisers.

### Major Budget Adjustments Proposed for 2001–02

- Transfer 5.0 positions (4.7 personnel years) from the Lender-Fiduciary Program to the Investment Program to study ways to examine and monitor broker-dealer branch offices. This redirection is limited in term, expiring on June 30, 2003.
- An increase of $200,000 for a study to develop methods to educate California investors about ways to avoid becoming victims of investment frauds and schemes.

### Authority

Corporations Code, Sections 25000–25804, inclusive.
Corporations Code, Sections 28000–28958, inclusive.
Corporations Code, Section 29500 et seq.
Corporations Code, Sections 31000–31516, inclusive.
California Code of Regulations, Title 10, Sections 250.1–250.25, 260.000–260.617, 310.000–310.505; 350.000–350.541.1.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2180 DEPARTMENT OF CORPORATIONS—Continued

### 20 LENDER-FIDUCIARY PROGRAM

**Program Objectives Statement**

The Lender-Fiduciary Program protects the public when borrowing and entering into financial transactions with lenders and fiduciaries licensed by the Department. The program licenses and examines mortgage bankers, finance lenders and escrow companies.

**Authority**

Financial Code, Part 5, Divisions 3, 6, 9, 20.
California Code of Regulations, Title 10, Sections 1290–1299, 1400–1570, 1700–1805.
Business and Professions Code, Section 17750 et seq.

### 30 HEALTH PLAN PROGRAM

Chapter 525, Statutes of 1999 (AB 78) transferred the responsibility for the regulation of the health care program to the new Department of Managed Health Care effective July 1, 2000.

### 50 ADMINISTRATION

**Program Objectives Statement**

This program provides executive leadership and direction to the Department, including budgeting, accounting, personnel, business and information technology services.

---

## 10 CODES AND STANDARDS PROGRAM

### Program Objectives Statement

The Codes and Standards Program administers and enforces California Health and Safety Code provisions established to protect the public's health, safety and general welfare in buildings, structures and vehicles designed for human occupancy or habitation. The program has broad responsibility for administration and enforcement of the State Housing Law, Employee Housing Act and Mobilehome Parks Act, California Factory-Built Housing Law, and the Mobilehome-Manufactured Housing Act of 1980, as well as for enforcement of federal and state standards and regulations relating to the construction and safety of manufactured homes, mobilehomes, commercial coaches and recreational vehicles. The program: (1) establishes minimum standards for the design, construction, maintenance, use and occupancy of structures used for human occupancy; (2) reviews and adopts building code requirements to minimize housing costs, conserve existing housing stock and protect the public's welfare; (3) ensures that farmworker and other employee housing is safe and sanitary; (4) protects the security of all parties in interest to the registration and titling of manufactured housing; and (5) licenses the manufactured housing industry and enforces state laws governing manufactured housing sales practices.

### Major Budget Adjustments Proposed for 2001–02

- $212,000 (General Fund) and redirection of 2.0 positions (1.9 personnel years, from workload reductions in the rental housing preservation program) for the state housing law program for on-going workload in the residential building standards development and adoption process.
- Net reduction of $123,000 and redirection of 2.0 positions (1.9 personnel years, from excess vacancies) to support the Codes and Standards Automated System. System maintenance is being partially transitioned from a contractor to the department.
- $50,000 (General Fund) to contract for engineering services as needed for plan checking per Chapter 702, Statutes of 2000.
- Pursuant to the analysis of vacant positions, a total of 3.0 positions will be abolished in this program, and 1.5 positions will be redirected to other activities.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2240 DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT—Continued

### 20 COMMUNITY AFFAIRS PROGRAM

#### Program Objectives Statement

The Community Affairs Program implements programs and policies which: (1) assist in the development and preservation of affordable housing for low income persons and families and special needs populations; and (2) promote economic, community and job development. To accomplish these objectives, the Division of Community Affairs administers loan, grant and assistance programs including those which:

1. Produce new multi-family rental housing, affordable to lower income persons, families, and special needs populations by providing loans and grants to local government, non-profit and for-profit developers, and by providing housing assistance certificates and vouchers.
2. Develop rural communities, Indian reservations and rancherias and their economies through revitalization of neighborhoods, improvement of community facilities and infrastructure, housing rehabilitation and retention of jobs for low-income families.
3. Produce and maintain temporary housing and support services for migrant agricultural workers and their families.
4. Produce homeownership opportunities for low- and moderate-income households through loans to mobilehome park resident organizations for park purchases.
5. Produce emergency shelter and related services for the homeless through grants for acquiring, rehabilitating, renovating, expanding, equipping and operating emergency shelters and for shelter vouchers.
6. Protect and preserve state-assisted housing resources for use by low-income persons and families by monitoring project management, controlling fund disbursements and repayments, and managing resolution of properties which may become physically or fiscally deficient in the existing loan and grant portfolios.
7. Produce and improve child care facilities through loans and loan guarantees.

#### Major Budget Adjustments Proposed for 2001–02

- $20.2 million (one-time) for infrastructure improvement grants and program support.
- An increase of $9,645,000 for the Office of Migrant Services: $7,528,000 to continue the multi-year reconstruction of migrant housing centers; $800,000 for major infrastructure repairs at two centers; $117,000 for on-going center operations; and $1,200,000 to finish replacing migrant center playground equipment as required by Chapter 712, Statutes of 1999.
- A one-time augmentation of $2,500,000 and redirection of $1,500,000 (one-time) and 1 position from the preservation predevelopment program to a consolidated loan program to fund predevelopment expenses incurred in the production or rehabilitation of affordable housing.
- Pursuant to the analysis of vacant positions, 1 unfunded position will be abolished in this program, and 3 positions will be redirected to support the Jobs-Housing Balance Improvement Program (1.5 limited-term positions in Program 20, and 1.5 limited-term positions to Program 30).

### 30 HOUSING POLICY DEVELOPMENT PROGRAM

#### Program Objectives Statement

The Housing Policy Development Program analyzes and formulates housing and growth management policy for the State, assists private and public housing providers, and implements state housing goals through the review of local general plan housing elements. The program researches and identifies California's housing needs, administers planning and incentive grant programs, and prepares the Consolidated State/Federal Housing Plan, which brings an estimated $100 million in federal funding for housing, community and economic development to California annually.

#### Major Budget Adjustments Proposed for 2001–02

- A $200,000,000 increase, for a total available of $300,000,000 over two years, to provide incentive grants through the Jobs-Housing Balance Improvement Program to local governments that comply with state housing and planning laws and increase residential permits. The budget proposes modifying the program to allow local governments to spend funds on any local purpose.
- A one-time augmentation of $200,000 (General Fund) for consultant services to assist with the first post-Census 2000 mandated update of the Statewide Housing Plan.
- Redirection of 2 positions from Programs 10 and 20 (1.9 personnel years, two-year limited term) for operation of the Jobs-Housing Balance Improvement Program—incentive grant component.
- Pursuant to the analysis of vacant positions, 0.5 positions in this program will be abolished.

### 50 ADMINISTRATION PROGRAM

#### Program Objectives Statement

The Administration Program provides: 1) effective executive leadership in designing and implementing housing programs and policies; 2) fiduciary oversight and sound fiscal management through its audit, accounting and budget functions; 3) development, review and implementation of legislation affecting the department; 4) housing-specific legal expertise; and 5) support services in the areas of personnel, data processing, business services and contract management.

#### Major Budget Adjustment Proposed for 2001–02

- Pursuant to an analysis of vacant positions, 2 positions in this program will be abolished and 1 position will be redirected to other activities.

### 69 LOAN REPAYMENT PROGRAM

#### Program Objectives Statement

This program displays the estimated loan repayments to the department's special funds.

#### Authority

Health and Safety Code Sections 50000, et seq.

*** Dollars in thousands, except in Salary Range.**

## 2240 DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT—Continued

### 98 STATE-MANDATED LOCAL PROGRAM

**Program Objectives Statement**

This program reimburses councils of government and individual jurisdictions for preparation of the Regional Housing Needs Plans and other housing element mandates pursuant to Chapter 1143, Statutes of 1980.

**Authority**

Government Code Sections 65580, et seq.

# 2260 CALIFORNIA HOUSING FINANCE AGENCY

The California Housing Finance Agency helps meet the need for safe, decent, and affordable housing for low and moderate income individuals and families by offering below market-rate loans. The Agency is fiscally self-supporting, setting loan interest rates slightly above the interest cost on its bonds and charging fees for specific services. It is administered by a fourteen-member Board of Directors representing various segments of the housing industry and state government. Ex-officio members include the State Treasurer, the Secretary for the Business, Transportation, and Housing Agency, the Director of the Department of Housing and Community Development, the Director of the Department of Finance, and the Director of the California Housing Finance Agency. Each year the Board adopts an annual budget and updates a five-year business plan. The Board has not yet adopted a final operating budget for 2001–02; the budget presented here reflects the full-year cost at the approved level for 2000–01.[1] The Agency is currently implementing an $8.8 billion business plan for the fiscal years 2000–01 through 2004–05.

The Agency also administers a homebuyer downpayment assistance program and a rental assistance program authorized through December 31, 2002 by the Leroy F. Greene School Facilities Act of 1998, approved in the General Election of November 1998; $160 million is available by contract with the Department of General Services (DGS) over a four-year period that began January 1, 1999. This program provides funding to eligible homebuyers and rental developers to offset the cost of specified school facility fees paid for the home or rental project. The past year expenditures and budgeted funding available for this program are displayed in the School Facilities Fee Assistance Fund condition statement in the Department of General Services' budget (organization code 1760).

In addition, this year the Agency will begin administering the California Homebuyers Downpayment Assistance Program as authorized by Chapter 81, Statutes of 2000. This program helps address the declining rate of homeownership in the state by offering deferred-payment low cost loans for downpayment assistance. The $50 million funding for the program will be allocated by contract from the Department of Housing and Community Development, and expenditures for the program will be displayed in that department's budget (organization code 2240).

## 10 LENDING ACTIVITY

The Agency sells tax-exempt and taxable bonds and uses the proceeds to finance housing at below-market interest rates by: (1) making mortgage loans to qualified borrowers to finance the purchase of a single family home, and (2) making loans for the development and preservation of multifamily housing. In addition to increasing the supply of affordable housing, the Agency's financing activities stimulate the state's economy, resulting in additional employment opportunities and increased income to California residents.

## 20 INSURANCE ACTIVITY

The California Housing Loan Insurance Fund Program encourages and facilitates the preservation of existing housing and improves housing opportunities for persons of low and moderate income.

Chapter 610, Statutes of 1977, established this program for bond and loan insurance. The program was initially funded with a $5 million appropriation and a $5 million loan from the General Fund. The loan has since been fully repaid. All money in the fund is continuously appropriated for the purposes of insuring single family loans pursuant to the program. To address the need for mortgage insurance products for the low and moderate income housing market, the fund currently insures California Housing Finance Agency, Federal National Mortgage Association and Federal Home Loan Mortgage Corporation single family loans and has earned a claims-paying ability credit rating equivalent to that of a private mortgage insurance company. The program expects to insure $1.9 billion in mortgages beginning in the current year through the next five years of market operation. It is self-supporting and does not depend upon either the faith and credit or the taxing power of the State of California to operate.

# 2310 OFFICE OF REAL ESTATE APPRAISERS

The Office of Real Estate Appraisers (OREA) administers a program for licensing of real estate appraisers in federally related loan transactions. All appraisals for federally regulated real estate financing transactions must be conducted by persons licensed in accordance with applicable state standards. In addition, certain appraisals, because of the size of the real property or complexity involved, must be performed only by a state licensed appraiser.

## 10 ADMINISTRATION OF REAL ESTATE APPRAISERS PROGRAM

### Program Objectives Statement

This program conducts the three major activities of the office: licensing, which ensures that only qualified persons are licensed to conduct appraisals in federally related real estate loan transactions; enforcement, which ensures adherence to the applicable laws and regulations by all persons licensed by the State; and administration, which provides staff support.

# 2320 DEPARTMENT OF REAL ESTATE

The Department of Real Estate (1) protects the public in offerings of subdivided property; (2) ensures that licensed individuals conducting real estate transactions are competent and qualified; (3) prevents fraud, deceit and misrepresentation in the real estate marketplace by assisting the public through the investigation of complaints; and (4) educates the public and professional communities regarding the laws and regulations governing the handling of real estate transactions.

## 10 LICENSING AND EDUCATION

### Program Objectives Statement

The Licensing and Education Program (1) ensures that only those persons who meet prescribed qualifications are licensed; (2) renews licenses for individuals who maintain qualifications by updating their technical knowledge through required continuing education; and (3) enforces standards of legal conduct established for such licensees. Dealing in real property is often a once-in-a-lifetime activity for a large segment of the public. The degree of sophistication associated with real estate transactions makes it essential that real estate agents are qualified to render services that meet the public's needs.

### Authority

Business and Professions Code, Division 4, Part 1.

## 20 ENFORCEMENT AND RECOVERY

### Program Objectives Statement

The Enforcement and Recovery Program investigates complaints filed by the public and possible infractions noted by the staff or other regulatory agencies to determine violations of the Real Estate Law. Trust fund complaint cases are subject to investigative audits, and mortgage loan brokers, property management companies and broker-escrows are routinely audited as resources allow. If the Department's findings justify further action, disciplinary proceedings, including suspension or revocation of a license and/or criminal proceedings, may be sought to protect the public. The goal of the program is to provide maximum protection for the purchasers of real property and those persons dealing with real estate licensees.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2320 DEPARTMENT OF REAL ESTATE—Continued

The Department's legal staff administers the Real Estate Recovery Account, a fund of last resort to members of the public defrauded by real estate licensees in connection with acts requiring a real estate license. Whenever a person obtains a judgment based on licensee fraud and the licensee is unable to pay, the victim may file a claim against the Real Estate Recovery Account up to the maximum allowed by law. Recovery claims are decided by the Commissioner. When claims are paid out of the fund, the license of the agent on whose account the payment was made is automatically suspended until the recovery account has been repaid with interest.

### Authority

Business and Professions Code, Division 4, Parts 1 and 2.

## 30 SUBDIVISIONS

### Program Objectives Statement

The Subdivisions Program protects the public from fraud and misrepresentation in the sale or lease of subdivided land. No person may offer to sell or lease interest in a subdivision covered by the subdivided lands law without first filing a notice of intention and obtaining from the Real Estate Commissioner a public report on the subdivision. The public report examines virtually all aspects of the project and requires compliance with specified statutory and regulatory standards. The public report serves two functions aimed at protecting buyers of subdivision interests: (1) requires disclosure of material facts, and (2) ensures adherence to applicable standards for creating, operating, financing and documenting the project.

### Authority

Business and Professions Code, Division 4, Parts 1 and 2.

## 40 ADMINISTRATION

### Program Objectives Statement

The Administration Program conducts the final review of subdivision, regulatory and license transactions, issues and renews licenses, and maintains the official files of the Department. Administrative support staff perform the major part of the Department's financial management, personnel, electronic data processing, training, support and business services activities.

This program advises the Commissioner on legal matters and drafts proposed legislation and regulations for administration of the Real Estate Law and the Subdivided Lands Law. The legal staff also represents the State at disciplinary hearings, and responds to inquiries from the public, licensees, and members of the Legislature.

### Authority

Business and Professions Code, Division 4, Parts 1 and 2.

# 2400 DEPARTMENT OF MANAGED HEALTH CARE

Chapter 525, Statutes of 1999, established the Department of Managed Health Care, transferring its responsibilities from the Department of Corporations (organization code 2180) effective July 1, 2000. The Department of Managed Health Care protects the public through administration and enforcement of state laws regulating health care plans. The administration of these laws involves a variety of activities including licensing, examination, and responding to public inquiries and complaints. The program enforces its laws through administrative and civil actions.

Working in tandem with the Department is the new Office of the Patient Advocate which will help ensure that the needs of managed care consumers are heard and met. Also, advising the Department are three boards comprised of a broad cross-section of health care leaders including providers, purchasers and consumers: the Advisory Committee on Managed Care, the Clinical Advisory Panel, and the Financial Solvency Standards Board.

## 30 HEALTH PLAN PROGRAM

### Program Objectives Statement

The Health Plan Program assures the accessibility and availability of medically necessary health care delivered to the public with appropriate quality-of-care oversight and through financially sound managed care plans. The program licenses health care service plans, conducts routine financial and medical surveys, and operates a consumer services toll-free complaint line.

### Major Budget Adjustments Proposed for 2001–02

- An increase in funding of $300,000 for consultants to assist with performing more frequent financial examinations of full-service health care plans.
- Budget year and future resource requirements for consumer education and report cards will be proposed in a Spring Finance Letter, by which time the newly established Office of Patient Advocate and the Department as a whole will have had the opportunity to further develop programs and determine longer-range resource needs.

### Authority

Health and Safety Code Sections 1340–1399.64 inclusive. California Code of Regulations, Title 10, Sections 1300.43–1300.826.

# 2600 CALIFORNIA TRANSPORTATION COMMISSION

The California Transportation Commission is responsible for the following activities:

(1) Adopting the State Transportation Improvement Program, which includes an estimate of state and federal funds expected to be available for transportation projects over a five-year period;
(2) Adopting other capital improvement programs for highway, rail, aeronautics, toll bridge and enhancement projects;
(3) Adopting guidelines for and administering a new program to loan unallocated funds in the State Highway Account to transportation planning agencies, county transportation commissions, transit districts, and local transportation authorities for the advancement of projects eligible under the State Transportation Improvement Program;
(4) Adopting guidelines for and administering a new program to designate projects to be funded from the proceeds of federal highway grant anticipation notes issued;
(5) Allocating State funds for capital improvements to specific highway, toll bridge, public mass transportation and aeronautics projects upon readiness for construction, within the constraint of available financial resources;
(6) Recommending funding priorities to the Legislature among the various elements of the State's Mass Transportation program;
(7) Adopting guidelines, approving project applications and substitute projects, and allocating funds for a $4.9 billion list of transportation projects defined in the Traffic Congestion Relief Program (TCRP) enacted by AB 2928 (Chapter 91, Statutes of 2000);
(8) Adopting guidelines to implement a fund exchange program, established by AB 2928 (Chapter 91, Statutes of 2000) to allow the exchange of federal regional surface transportation funds, and federal congestion mitigation and air quality program funds for state transportation funds;
(9) Providing policy guidance to the Administration and Legislature by identifying key issues in the areas of financing, operating and maintaining current and future transportation systems through the annual report to the Legislature;
(10) Evaluating for the Legislature the proposed budget of the California Department of Transportation, its adequacy for contributing to a balanced transportation program and the adequacy of current state transportation revenues, including gasoline and diesel fuel taxes and vehicle weight fees; and
(11) Monitoring and reporting on the progress on implementation of transportation capital improvement programs.

The Commission advises and assists the Secretary of the Business, Transportation and Housing Agency and the Legislature in formulating and evaluating state policies and plans for California's transportation programs. The Commission also actively participates in the development of state and federal legislation that seeks to secure financial stability for the State's transportation needs.

The Commission consists of nine members appointed by the Governor, all appointed to staggered four-year terms, and two non-voting ex-officio members, one from the State Senate and one from the State Assembly.

## 10 STATE TRANSPORTATION ASSISTANCE

### Program Objectives Statement

This program provides funds to local agencies for the operation of public mass transit systems and for street and road purposes in rural areas.

### Major Budget Adjustment Included in 2000–01

- An increase of $10,819,000 to reflect the statutory allocation based upon the current revenue estimate for the Public Transportation Account.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $88,212,000 to reflect the statutory allocation based upon the current revenue estimate for the Public Transportation Account.

### Authority

# 2660 DEPARTMENT OF TRANSPORTATION

The California Department of Transportation is recognized as one of the world's outstanding transportation and engineering organizations. The Department constructs, operates, and maintains a comprehensive transportation system of more than 15,200 miles of highways and freeways and provides intercity rail passenger services under contract with Amtrak. California's road network supports the vast majority of all personal and commercial travel in California. The state highway system, which comprises less than nine percent of the total roadway mileage in California, handles 54 percent of the miles traveled. The Department continues its efforts in the areas of congestion relief, rail transportation, promotion of transportation technology, protection of the State's transportation investment, and environmental and worker protection. The Department also ensures that California's 600+ airports/heliports meet safety, land use, and noise standards and provides funds to develop publicly owned airports. The Department's objectives are identified under six primary programs: Aeronautics, Highway Transportation, Mass Transportation, Transportation Planning, Administration, and Equipment Service Center.

| SUMMARY OF PROGRAM REQUIREMENTS | | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

## 10 AERONAUTICS

### Program Objectives Statement

The Aeronautics Program supports California's aviation activities by promoting optimum use of existing airports. California's aeronautical activity is greater than any other area in the United States. The program alleviates problems such as incompatible land uses, potential safety hazards, aircraft noise and airport terminal congestion by: (1) ensuring that airports and heliports comply with safety regulations; (2) providing engineering and financial assistance to local governments; (3) preparing the California Aviation System Plan which includes commercial air service; (4) providing guidance to local governments about airport land use; (5) administering the airport noise standards regulations; (6) enhancing goods movement to and from airports; and (7) ensuring improved ground access to airports.

### Authority

Public Utilities Code, Division 9.

## 20 HIGHWAY TRANSPORTATION

### Program Objectives Statement

Highway Transportation maintains and operates existing facilities and builds new roads and highways. This budget commits major resources to congestion relief in urban areas, improvements to the rural interregional road system, highway safety projects, and efficient operation of the state highway system. The Highway Transportation Program provides for: the administration, legal support, tort funding and related legal costs, coordination and control required by federal and state law for implementing transportation projects and furnishing financial assistance to city and county transportation programs; the management of traffic through a system surveillance, analysis and control effort; and the operation of toll bridges. In addition, the Highway Transportation Program responds to the need for safe, efficient and environmentally compatible highway transportation service through the use of theoretical and applied research, testing and evaluation, demonstration projects, new technology development and resource conservation research.

The Highway Transportation Program's capital and local assistance budgets reflect the Department's current estimates of expenditures on the state's major transportation capital programs: the State Transportation Improvement Program funded from state and federal fuel excise taxes and commercial vehicle weight fees, the seismic retrofit program funded from state funds and tolls on Bay Area bridges, and the new Traffic Congestion

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**

## 2660 DEPARTMENT OF TRANSPORTATION—Continued

Relief Program funded from the General Fund and a five-year dedication of the sales tax on gasoline. Projects receiving funding from these programs are not selected through the budget process.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $7,682,000 to the Operations Program to fund the final implementation of the Advanced Toll Collection and Accounting System (ATCAS) on the seven Bay Area toll bridges.
- An increase of $3,700,000, of which $2,200,000 is one time, from the Historical Property Maintenance Fund for maintenance and operation of historic properties within State-owned Interstate 710 right-of-way corridor in South Pasadena.
- An increase of $1,770,000 to the Operations Program to develop a method for evaluating the benefits of various highway operations system components such as changeable message signs, ramp meters, video surveillance, other information gathering and monitoring technology and traffic flow oriented capital projects. The goal of this study is to lead Caltrans toward the development of advanced traffic management systems to relieve traffic congestion and maximize utilization of the state highway system.
- An increase of $570,000 for a pilot effort to inventory and inspect drainage culverts to develop ways to identify those likely to fail and to repair or replace them before failure.

## 30 MASS TRANSPORTATION

### Program Objectives Statement

Mass Transportation supports the Department's multi-modal transportation focus and includes: (1) administration and oversight of intercity rail service in California including capital projects; (2) grant administration of State and federal capital and operations programs for mass transportation; and (3) planning support and coordination for mass transportation services in California. These activities support the State's transportation system by providing leadership in the implementation of safe, effective public transportation, improved air quality, environmental protection and the efficient movement of people, information and services. Additionally, it promotes the conservation of energy resources by providing, developing and facilitating: (1) the transportation needs of all persons, including older persons, persons with low-mobility and economically disadvantaged; (2) improved intercity passenger service through expanded service and related facility enhancements; (3) improved urban/commuter rail services and (4) enhanced mobility in congested corridors.

The Mass Transportation Program's capital and local assistance budgets reflect the Department's current estimates of expenditures on two of the State's major transportation capital programs: the State Transportation Improvement Program and the new Traffic Congestion Relief Program. Projects receiving funding from these programs are not selected through the budget process.

### Major Budget Adjustments Proposed for 2001–02

- The capital outlay budget includes funding for three intercity rail capital projects funded from monies deposited in the Public Transportation Account (pursuant to Chapter 91, Statutes of 2000) that are not required to be allocated through any of the existing programs for project selection. The budget proposes $48 million for double-tracking portions of the Pacific Surfliner Service and allowing more daily trips, $29.4 million for double-tracking between Oakley and Pittsburg on the San Joaquin line to improve service for Central Valley to Bay Area commuters and add additional trips, and $20.6 million to double track between Sacramento and Davis on the Capitol Corridor.
- The local assistance budget includes one-time funding for a rural transit grant program for capital projects and equipment.
- An increase of $9.5 million for the Rail Program to increase the level of intercity rail service on the San Joaquin and Capitol rail routes.
- An increase of $2,314,000 for the Mass Transportation Program to match $2,000,000 in federal funds to implement the Farmworker Transportation Services Pilot Project in the San Joaquin Valley.
- An increase of $848,000 to purchase and perform quality control inspections on passenger rail cars and locomotives.
- An increase of $216,000 for the Rail Program to deliver 20 capital outlay intercity rail projects totaling $552 million from the Governor's Transportation Congestion Relief Plan.
- A reduction of $800,000 for the Rail Program to reflect fluctuating heavy overhaul needs.
- A reduction of $783,000 and 10.2 personnel years in reimbursements to the Mass Transportation Program and a five-year limited-term increase of $412,000 and 5.0 personnel years within the Public Transportation Account to continue the administration of Proposition 116 capital projects.

### Authority

Government Code, Title 2, Division 3, Part 5, Chapter 1, Articles 3, 6 and Title 3; Division 3, Chapter 3, Article 2; Public Utilities Code, Division 4, Chapter 1, Article 9, Division 10, Part II, Chapter 4, Sections 702 and 2056 through 2059; Streets and Highways Code Sections 183.5, 199 through 199.10, 2170 through 2180, and 2500 through 2506.

## 40 TRANSPORTATION PLANNING

### Program Objectives Statement

Transportation Planning oversees implementation of statewide policy through coordination and development of transportation plans and resulting projects. The Department prepares the long-range state transportation plan required by State and federal law and provides long-range transportation system planning and transportation planning studies as input to the regional transportation plans, the State Transportation Improvement Program (STIP), and departmental policies and programs. Caltrans also prepares the Interregional Transportation Strategic Plan, which guides investment of interregional funds in the STIP. In addition, Caltrans provides analyses and recommendations on current transportation issues and manages multi-modal transportation planning activities. Additionally, Caltrans' planning activities reflect air quality goals, goods movement needs, livable communities, corridor preservation, traffic forecasts, emission modeling, and energy conservation. Through Advanced Transportation System Development activities and clearing house/environmental review processes, Caltrans evaluates the potential impact on the State transportation system of proposed local development. Further, the Department builds and maintains partnerships with regional/local agencies, tribal governments, and the private sector to coordinate transportation and local development.

*** Dollars in thousands, except in Salary Range.**

## 2660 DEPARTMENT OF TRANSPORTATION—Continued

### Major Budget Adjustment Proposed for 2001–02

- A reduction of 11.6 personnel years and $1,369,000 due to reduced requests from the Bay Area Toll Authority for project initiation documents and bike and terminal studies.

## 50 ADMINISTRATION

Administration provides the budgeting, accounting, auditing, personnel, administrative and computer services required to support the programmatic responsibilities of the department. Major activities include accounting and related financial services, computer services, and a wide range of personnel services, including training and equal opportunity programs.

### Major Budget Adjustment Proposed for 2001–02

- A continuing allocation of $477,000 and 7.4 personnel years to improve labor-management relations at each of Caltrans' 12 districts by 1) training management on the implementation of new bargaining agreements, 2) servicing complaints, and 3) settling labor grievances.

## 60 EQUIPMENT SERVICE CENTER

### Program Objectives Statement

The Equipment Service Center provides mobile fleet equipment and services including: 1) mobile fleet equipment and services including purchasing new vehicles; 2) receiving, servicing and equipping new units; 3) assembling equipment components into completed units; 4) managing the fleet through rental to Caltrans' programs and other tax-supported entities; 5) repairing and maintaining the fleet, including payments for fuel and insurance; and 6) disposing of used vehicles. The Center is designed to reduce equipment costs through proactive equipment budget management by programs. The fleet consists of 14,277 units, ranging from sedans to heavy off-road equipment, with a total asset value of $241,638,000.

### Major Budget Adjustments Proposed for 2001–02

- A one-time increase of $20,331,000 to replace and retrofit selected vehicles to operate using cleaner burning fuels. In addition to lowering pollutants from Caltrans' mobile fleet, this effort will create a bank of mobile NOx emission credits to be used for transportation capital projects and other state priorities.
- An increase of $4,700,000 million to meet increased fuel costs.
- A one-time increase of $1,503,000 to purchase mobile fleet equipment for use by crews responsible for painting over 800 structural steel bridges throughout the state.

## 98 STATE-MANDATED LOCAL PROGRAMS

### Program Objectives Statement

This program authorizes reimbursement of certain state-mandated costs incurred by local entities.

### Major Budget Adjustments Proposed for 2000–01 and 2001–02

- The 2000–01 Budget includes $567,000 for two-way traffic signal communications pursuant to Chapter 1297, Statutes of 1994 and airport land use plans.
- The 2001–02 Budget includes $544,000 to pay for the same state-mandated programs.

---

## SUMMARY BY OBJECT
## 3 CAPITAL OUTLAY
### Summary of Office Building Projects

This schedule summarizes projected expenditures for the Office Building subcomponent of the Department of Transportation Capital Outlay program.

**Projects**

| | | | |
|---|---|---|---|
| 20.20.500 Studies, preplanning and budget packages | – | $338 [Ss] | $102 [Ss] |
| 20.20.502 Headquarters Office Phase II: Fire & Life Safety Improvements | $778 | – | – |
| 20.20.510 San Diego Office Building—Replacement [B] | 2,000 | 2,974 [Ws] | – |
| 20.20.511 Seismic Retrofit—Eureka Office Bldg | – | 632 [PWs] | 5,137 [Cs] |

Provides complete structural seismic retrofit, fire and life safety improvements.

*** Dollars in thousands, except in Salary Range.**

## 2660 DEPARTMENT OF TRANSPORTATION—Continued

| STATE BUILDING PROGRAM EXPENDITURES | Actual 1999–00* | Estimated 2000–01* | Proposed 2001–02* |
|---|---|---|---|
| 20.20.512 Seismic Retrofit—Redding District Office Bldg | $28 | $457 WCs | – |
| Provides complete structural seismic retrofit, fire and life safety improvements. | | | |
| 20.20.513 Headquarters Office, Sacramento—Seismic Retrofit | – | 1,165 PWs | $8,939 Cs |
| Provide complete structural seismic retrofit for Annex I & II. | | | |

# 2665 HIGH-SPEED RAIL AUTHORITY

The High-Speed Rail Authority was created by Chapter 796, Statutes of 1996, to direct the development and implementation of intercity high-speed rail service that is fully coordinated with other public transportation services. The Authority is required to prepare a plan for the construction and operation of a high-speed train network for the state, consistent with and continuing the work of the Intercity High-Speed Rail Commission conducted prior to January 1, 1997, and submit the plan to the Legislature and Governor or to the voters for approval. The Authority was scheduled to sunset on June 30, 2001, unless the plan was approved.

Chapter 791, Statutes of 2000, extended the Authority until December 31, 2003, reconstituted the Authority's membership, and continued the requirement to prepare the high-speed rail plan contingent upon a Budget Act appropriation for that purpose. Additional funding needs will be considered after the Authority's new membership is in place.

### Major Budget Adjustment Included in 2000–01

- Chapter 91, Statutes of 2000 (AB 2928), the Traffic Congestion Relief Act of 2000, appropriated $5 million from the Traffic Congestion Relief Fund to the Authority for the purpose of commencing preliminary environmental documentation for the implementation of high-speed rail service in California.

### Authority

Public Utilities Code, Division 19.5 (commencing with Section 185000).
As amended by Chapter 791, Statutes of 2000 (AB 1703).

## 2700 OFFICE OF TRAFFIC SAFETY

The Office of Traffic Safety administers the California Traffic Safety Program. Under the provisions of State law, the office conducts a wide range of activities designed to reduce deaths, injuries and property damage that result from traffic accidents. Activities include: (1) developing the California Highway Safety Plan, which identifies major traffic safety problems, appropriate countermeasure programs and available state and federal funds; (2) administering funds to state and local governmental entities in the form of project grants; and (3) coordinating statewide traffic safety programs and activities.

The nine priority areas of traffic safety are alcohol and drugs, occupant protection, pedestrian and bicycle safety, traffic records, emergency medical services, roadway safety, policy traffic services, motorcycle safety and speed control.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $204,000 and 2.9 personnel years redirected from vacant positions reduced in other departments in the Business, Transportation and Housing Agency to administer the increased grant funds available to California under Chapter 1 of Title 23 of the Transportation Equity Act for the 21st Century (TEA-21).

### Authority

Vehicle Code, Division 2, Chapter 5.

## 10 TRAFFIC MANAGEMENT

### Program Objectives Statement

The objectives of this program are to minimize deaths, injuries, and property losses due to traffic accidents; to minimize traffic delays to the motoring public; and to provide protection and assistance to the motoring public, State employees and property.

### Major Budget Adjustment Included in 2000–01

- An increase of $10,394,000 in reimbursements for highway safety grants approved by the Office of Traffic Safety, of which $4,739,000 is for two replacement helicopters.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $8,850,000 and 63.2 personnel years to deploy additional motorcycle officers to provide concentrated congestion relief efforts.
- An increase of $1,999,000 for the program's prorated share of improvements to the telecommunications infrastructure.
- An increase of $7,193,000 in reimbursements for highway safety grants approved by the Office of Traffic Safety.
- An increase of $2,340,000 for the program's prorated share of replacement vehicles.
- An increase of $1,286,000 for the program's prorated share of janitorial services offered by the Department of General Services.
- An increase of $1,507,000 for the program's prorated share of increased gasoline costs.
- An increase of $1,008,000 for the program's prorated share of increased service fees associated with administering workers' compensation claims.
- An increase of $531,000 and 6 personnel years to continue the expansion of the El Protector Program to provide driver safety information to additional language groups.

### Authority

Vehicle Code, Division 2, Chapter 2, Article 3.

## 20 REGULATION AND INSPECTION

### Program Objectives Statement

This program: reduces the incidence of truck and bus accidents attributable to defective vehicle equipment, improper maintenance, loading or securement of cargo, or disqualified drivers; protects the public from spills of hazardous materials or specially regulated loads and from the improper operation of specified vehicles such as ambulances and armored cars; protects farm workers transported in farm labor vehicles and children transported in school buses; ensures that proper registration fees are paid; and protects highways from excessive weights. The goal is to inspect as many vehicles, loads, hazardous materials shipping facilities, and vehicle maintenance facilities as possible with the resources available.

*** Dollars in thousands, except in Salary Range.**

## 2720 DEPARTMENT OF THE CALIFORNIA HIGHWAY PATROL—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $1,752,000 and 10 personnel years to augment the Farm Labor Vehicle Inspection and Certification program.
- An increase of $1,685,000 and 16 personnel years to augment the CHP's Motor Carrier Safety Unit staffing to handle increased workload.
- An increase of $168,000 for the program's prorated share of improvements to the telecommunications infrastructure.
- An increase of $196,000 for the program's prorated share of replacement vehicles.
- An increase of $108,000 for the program's prorated share of janitorial services offered by the Department of General Services.
- An increase of $255,000 for the program's prorated share of increased gasoline costs.
- An increase of $85,000 for the program's prorated share of increased service fees associated with administering workers' compensation claims.

## 30 VEHICLE OWNERSHIP SECURITY

### Program Objectives Statement

This program protects the public from vehicle theft through (1) investigation and prosecution of the professional vehicle thief; (2) assistance and training of CHP and allied agency personnel; and (3) prevention of vehicle theft through public awareness and coordination with industry. The program also ensures that vehicles registered in California have an appropriate vehicle identification number attached.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $55,000 for the program's prorated share of improvements to the telecommunications infrastructure.
- An increase of $65,000 for the program's prorated share of replacement vehicles.
- An increase of $36,000 for the program's prorated share of janitorial services offered by the Department of General Services.
- An increase of $38,000 for the program's prorated share of increased gasoline costs.
- An increase of $28,000 for the program's prorated share of increased service fees associated with administering workers' compensation claims.
- An increase of $7,000,000 for local assistance grants to local law enforcement agencies for the cost of collecting data on the race of drivers stopped by law enforcement officers.

### Authority

Vehicle Code Sections 2400 and 2805.

## 40 ADMINISTRATION

### Authority

Vehicle Code, Division 2, Chapter 2, Article 1.

## 11 VEHICLE / VESSEL IDENTIFICATION AND COMPLIANCE

### Program Objectives Statement

This program establishes identification and ownership of vehicles and vessels of California residents, assures compliance with various related laws, collects revenue for various state and local government programs, and provides information from vehicle and vessel records. Consistent with these objectives, the department participates in the International Registration Plan that provides for the proration of commercial vehicle fees to the member states and provinces of Canada.

### Major Budget Adjustments Included in 2000–01

- An increase of $3,384,000 and 48.2 personnel years to implement Chapter 861, Statutes of 2000, which modified commercial vehicle fees to conform to the International Registration Plan by eliminating weight fees on trailers and leasing fees on motor units on gross vehicle weight (maximum allowed loading) instead of unloaded weight.
- An increase of $9,372,000 and 69.4 personnel years for the vehicle license fee rebates required by Chapter 455, Statutes of 2000.
- A carryover of funds from Chapter 31, Statutes of 2000, of $6,962,000 (an increase of $2,272,000 and 32.2 personnel years) to complete the rebate of smog fees.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $7,643,000 for program maintenance to compensate for cost increases.
- An increase of $4,569,000 for the third year costs of replacing the department's current accounting system.
- An increase of $2,775,000 to fund increasing workers' compensation costs.
- An increase of $192,000 for the Enterprise Alternative Procurement for independent project oversight of the legacy data processing systems replacement project.
- An increase of $7,476,000 and 15.6 personnel years for driver's license fraud prevention and investigation.
- An increase of $5,711,000 and 77.1 personnel years to implement Chapter 455, Statutes of 2000 which requires the department to calculate a vehicle license fee rebate for each fee with a final due date in calendar years 2001 and 2002.
- An increase of $3,996,000 and 26.1 personnel years related to Chapter 861, Statutes of 2000 (SB 2084) which will establish a new method of registering California's commercial vehicles.

### Authority

Vehicle Code, Division 3; 3.5; 16.5, Chapter 1 and 2; and 16.7. Revenue and Tax Code, Division 2, Part 5.

## 22 DRIVER LICENSING AND PERSONAL IDENTIFICATION

### Program Objectives Statement

This program issues identifying documentation to individuals who are eligible drivers and personal identification to other individuals. Activities in this program include application review, photography, fees collection and response to information requests. The program also promotes the financial responsibility of vehicle owners and operators.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $3,413,000 and 7.9 personnel years for driver's license fraud prevention and investigation.
- An increase of $3,489,000 for program maintenance to compensate for cost increases.
- An increase of $2,086,000 for the third year costs of replacing the department's current accounting system.
- An increase of $1,267,000 to fund increasing worker's compensation costs.
- An increase of $87,000 for the Enterprise Alterative Procurement for independent project oversight of the legacy data processing systems replacement project.

### Authority

Vehicle Code, Divisions 6; 7; and 10, Sections 20012 and 20014.

## 25 DRIVER SAFETY

### Program Objectives Statement

This program promotes highway safety by screening driver license applicants for driving competency, and regulation, control and improvement of drivers who become safety risks. Driver license applicants are required to demonstrate: (1) knowledge and understanding of safe driving principles and the laws governing the operation of vehicles on the highways; (2) the skill to drive within reasonably safe standards; and (3) adequate and/or compensating vision efficiency for the safe operation of vehicles. Driver control programs are maintained at hearing points throughout the state and include both those in which driver control actions are mandated by statute and in which action is determined administratively.

*** Dollars in thousands, except in Salary Range.**

## 2740 DEPARTMENT OF MOTOR VEHICLES—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $1,724,000 for program maintenance to compensate for cost increases.
- An increase of $1,030,000 for the third year costs of replacing the department's current accounting system.
- An increase of $626,000 for workers' compensation staff benefits.
- An increase of $43,000 for the Enterprise Alternative Procurement for independent project oversight of the legacy data processing systems replacement project.
- An increase of $1,686,000 and 4.0 personnel years for driver's license fraud prevention and investigation.

### Authority

Vehicle Code, Divisions 6; 7; and 10, Sections 20012 and 20014.

## 32 OCCUPATIONAL LICENSING AND INVESTIGATIVE SERVICES

### Program Objectives Statement

This program provides consumer protection by licensing and regulating principal segments of motor vehicle-related businesses and enforcing laws within the department's jurisdiction.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $720,000 for program maintenance to compensate for cost increases.
- An increase of $430,000 for the third year costs of replacing the department's current accounting system.
- An increase of $261,000 for workers' compensation staff benefits.
- An increase of $18,000 for the Enterprise Alternative Procurement for independent project oversight of the legacy data processing systems replacement project.
- An increase of $704,000 and 1.6 personnel years for driver's license fraud prevention and investigation.

### Authority

Vehicle Code, Division 5.

## 35 NEW MOTOR VEHICLE BOARD

### Program Objectives Statement

The primary objective of this program is (1) to prohibit manufacturers from adding, withdrawing or relocating, automobile dealerships in market areas of existing franchisees, where such effect would be injurious to the existing franchisees and to the public interest, and (2) to protect members of the public from the activities of dishonest or unqualified motor vehicle licensees.

The New Motor Vehicle Board is a quasi-judicial tribunal that adjudicates disputes that arise between new motor vehicle franchisees and their respective franchisors concerning rights or obligations afforded by statute or by virtue of the franchise relationship between the parties. The Board hears and considers: protests filed by new motor vehicle dealers against the proposed termination or modification of, or refusal to continue, the franchise; protests on the proposed establishment or relocation of dealerships; disputes concerning dealer delivery preparation obligations and the compensation thereof; and disputes which arise as a result of the warranty relationship which exists between the dealers and their respective franchisors. The Board also hears and considers virtually every other type of dispute arising between a dealer and manufacturer or distributor concerning the franchise relationship. Further, the Board hears appeals on final decisions of the Director of the Department of Motor Vehicles. Finally, the Board mediates disputes that arise between consumers of new motor vehicles and the dealers and/or manufacturers or distributors from which the vehicles are acquired.

## 41 ADMINISTRATION

### Major Budget Adjustment Included in 2000–01

- An increase of $207,000 to implement Chapter 861, Statutes of 2000, which modified commercial vehicle registration and fees.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $974,000 for the third year costs of replacing the department's current accounting system.
- An increase of $591,000 for workers' compensation staff benefits.
- An increase of $41,000 for the Enterprise Alternative Procurement for independent project oversight of the legacy data processing sysetms replacement project.
- An increase of $72,000 for janitorial cost increases.
- An increase of $1,594,000 and 2.2 personnel years for driver's license fraud prevention and investigation.
- An increase of $336,000 and 4.8 personnel years to implement Chapter 455, Statutes of 2000 which requires the department to calculate a vehicle license fee rebate for each fee with a final due date in calendar years 2001 and 2002.
- An increase of $235,000 and 1.6 personnel years related to Chapter 861, Statutes of 2000 which will establish a new method of registering California's commercial vehicles.

### Authority

Vehicle Code, Division 2, Chapter 6.

[1] This fund contains tax proceeds subject to the State Appropriations Limit, Article XIIIB of the Constitution. In addition to the amounts reflected as expenditures in this statement, appropriations subject to the limit are adjusted for increases or decreases in the fund's Reserve for Economic Uncertainties and do not include any amounts expended for debt service, subventions to local government, compliance with federal or court mandates and from appropriations made in previous years (carryovers). Additional information on the State Appropriations Limit is provided in the Governor's Budget Summary.

### 10 SERVICE BUREAU OPERATIONS

#### Program Objectives Statement

The Service Bureau ensures efficient use of Teale Data Center resources based on estimates of customer workload; provides information technology support to customer organizations; and is committed to providing Teale Data Center services and products to the managers and non-technical staff of customer departments.

Specific functions of the program are:

(1) Data Center Services—Provides data processing services 24 hours a day, 7 days a week, including the Multiple Virtual Storage systems, direct access storage devices, and tape media. Provides installation and maintenance of software and hardware ensuring system reliability, availability and serviceability. Provides customer support in the efficient use of the various platforms with specific attention to the satisfaction of Teale's customers.

(2) Enterprise Systems—Assists departments with building information technology systems that support and improve business processes. Applies new and emerging technologies, provides support for strategic databases, provides Virtual Memory and UNIX hardware/software support, provides geographic information system services, and supports customer needs for client/server and Personal Computer/Local Area Network services.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 2780 STEPHEN P. TEALE DATA CENTER—Continued

(3) Network Systems—Provides support for Teale's statewide telecommunications network (CSGnet), information security and operational recovery functions. Avails state agencies of products, services and support to enable the protection of information stored at Teale and accessed by state and other government employees, private sector businesses, and the public.

(4) Customer Relations/Marketing—Facilitates the resolution of complex business problems of Teale's customers and provides education regarding data center service offerings and new technologies. Acts as the principal liaison for customer concerns, communicates customers' business needs, and generates new business through education and marketing.

### Major Budget Adjustment Included in 2000–01

- An increase of $1,088,000 to acquire additional UNIX system capacity to meet workload growth in customer use of this platform and an increase of $60,000 for overtime.

### Major Budget Adjustments Proposed for 2001–02

- $1,227,000 to acquire additional central processing unit capacity to: 1) meet projected existing customer workload increases; 2) provide required capacity for proposed new customer projects; and 3) provide ongoing annual hardware maintenance and software licenses.
- $485,000 to acquire additional direct access storage device equipment to provide capacity required due to new and increased customer workload.
- $7,091,000 to acquire additional mid-range and internet web application server systems and $242,000 for overtime to: 1) meet increased customer use of client/server platforms; 2) address mandated data center consolidation requirements; and 3) accommodate increased capacity requirements driven by the development of eGovernment web-enabled applications.
- $198,000 in overtime resources to provide cost and feasibility estimates during alternative procurements that identify the data center as the infrastructure piece of a project's solution.
- A decrease of $4,750,000 for maintaining the new data center facility in Rancho Cordova. Due to the planned purchase of the facility, future bond debt repayments will be made directly from the Teale Data Center Revolving Fund (Item 2780-003-0683).
- A decrease of $6,626,000 to adjust Teale's baseline expenditure authority to align the budgets for previously approved projects with the actual costs.

### Authority

Government Code Sections 11752, 11754, 13975.

## 20 EXECUTIVE AND ADMINISTRATIVE OPERATIONS

### Program Objectives Statement

This program provides executive, technological, and administrative support to the Service Bureau to ensure the smooth operation of the line functions. Services include: project management, procurement, contract administration, budget, customer billing, training, personnel, legal guidance, facility management, fiscal and accounting, and general executive and administrative management services.

### Authority

Government Code Sections 11752, 11754, 13975.

## 00 LEASE REVENUE BOND PAYMENTS

### Program Objectives Statement

This program provides funding pursuant to Chapter 293, Statutes of 1999, for the purchase of the Center's currently leased facility. The State Public Works Board will issue revenue bonds to finance the acquisition of the facility. Debt service repayment will be made through Item 2780-003-0683.

### Major Budget Adjustment Proposed for 2001–02

- $4,928,000 for debt service repayment.

### Authority

Government Code Section 14669.14.

---

## 05 CALIFORNIA INFRASTRUCTURE AND ECONOMIC DEVELOPMENT BANK

### Program Objectives Statement

Created in 1994 to promote economic revitalization, development, and a healthy climate for jobs in California, the bank provides low-cost financing to public agencies for a wide variety of infrastructure and public improvements. The bank's conduit revenue bond program issues industrial development bonds for manufacturing companies, 501(c)(3) bonds for non-profit organizations, exempt facility bonds, and other types of revenue bonds.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $548,000 from the California Infastructure and Economic Development Bank Fund to convert to permanent status 6 currently limited-term positions (5.7 personnel years) for the bank's programs, and also for overtime associated with issuing revenue bonds for deposit to the State Water Pollution Control Revolving Fund per Chapter 1078, Statutes of 2000.
- A one-time augmentation of $110,000 for the Rural Investment Tax Exemption program established by Chapter 107, Statutes of 2000.
- An augmentation of $29,000 for this program's share of the temporary satellite office space cost.

### Authority

Sections 63000 et seq., Division 1, Title 6.7 of the Government Code.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

# 2920 TECHNOLOGY, TRADE, AND COMMERCE AGENCY—Continued

## 07 SCIENCE, TECHNOLOGY AND INNOVATION

### Program Objectives Statement

This program focuses on bringing to market products and services that use new technology; manufacturing technology development; and investment in space commerce and the aeronautics industry. The program also administers grants that provide matching funding to leverage private and federal dollars for technology development and commercialization.

### Major Budget Adjustments Proposed for 2001–02

- A $6,163,000 augmentation for the California Technology Investment Partnership Program including $5 million (one-time) for grants and $1 million for existing and new Regional Technology Alliances to administer the program throughout the State.
- An augmentation of $16,000 for this program's share of the temporary satellite office space cost.

### Authority

Sections 15329, Article 3, Chapter 1, Part 6.7, Division 3, Title 2 of the Government Code.

## 10 ECONOMIC DEVELOPMENT

### Program Objectives Statement

This program offers a range of services to assist businesses in California. It provides coordination and direct assistance for economic and business development, problem solving, business expansion facilitation, and grant programs to leverage existing monies.

(1) The regional offices (Bay Area, Los Angeles, Sacramento, and San Diego), take the lead in assisting businesses in problem solving, fostering and encouraging business expansion, and attracting non-California companies to locate within the state.

(2) The Office of Business Development focuses on marketing activities related to the business community and a business retention component that includes Enterprise Zones. This office also includes a defense conversion grant program that leverages federal funds and an Office of Local Development that helps communities to develop and implement business retention and expansion programs, including Main Street and Team California.

(3) The Office of Small Business provides hands-on help to small business in a cooperative effort with small business development corporations and small business development centers. The office oversees a range of loan programs, from energy conservation and hazardous waste reduction to environmental assistance and farm loans. This office also operates the State's Small Business Loan Guarantee Program.

(4) The Office of Permit Assistance helps businesses obtain environmental permit approvals, provides counseling for companies as they enter the regulatory process and serves in an ombudsman's role throughout that process.

(5) The California Film Commission is responsible for promoting, increasing and retaining the production of motion pictures, television programs and commercials within the state.

(6) The Office of Major Corporate Projects encourages Fortune 500 companies to site their expansions in California.

(7) The Office of Military Base Retention protects California's remaining military installations from defense downsizing and base closures.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $3,000,000 for Defense Adjustment Matching grants and a 2-year limited term support position (0.9 personnel years, redirected).
- An augmentation of $503,000 for consultants to help plan and implement the statewide base retention effort.
- A one-time $3,000,000 increase in grants to replace or upgrade underground storage tanks to comply with Chapter 812, Statutes of 1999.
- A continuation of $117,000 in federal funding and an augmentation of $100,000 (General Fund) for two existing positions (1.8 personnel years) for the Rural Development Council.
- An augmentation of $164,000 for this program's share of the temporary satellite office space cost.

### Authority

Sections 15323.5–15335 of the Government Code, Chapters 1 and 3, Part 5.7, Division 3, Title 2 of the Government Code, Part 6.7, Division 3, Title 2 of the Government Code, Chapters 12.8 and 12.9, Division 7, Title 1 of the Government Code, and Chapter 1, Part 5, Division 3, Title 1 of the Corporations Code.

## 20 INTERNATIONAL TRADE AND INVESTMENT

### Program Objectives Statement

This program promotes California exports overseas and brings foreign investment into the state, serving a vital role in assuring California's competitive position in the global marketplace. Included in this program are:

(1) The International Trade and Investment central office analyzes state, federal, and international issues that impact California's ability to be globally competitive and serves as the program headquarters.

(2) The California Foreign Trade and Investment offices provide business outreach to other nations. Current locations include Argentina, Canada, China-Hong Kong, China-Shanghai, Germany, India, Israel, Japan, Mexico, the Philippines, Singapore, South Africa, South Korea, Taiwan, and the United Kingdom. Future sites will be established based on research by the California State World Trade Commission.

(3) The Office of Foreign Investment assists overseas companies considering locating to or expanding in California. The office provides investors with detailed data on California sites and financial incentives for companies, and acts as a business advocate and liaison between government and foreign investors.

(4) The Office of Export Finance provides loan guarantees for California companies seeking capital to complete export sales.

(5) The Office of Export Development assists California companies by organizing international and domestic business missions and trade shows, linking companies with international export opportunities, and providing general export assistance and counseling.

(6) The Office of California-Mexico Affairs strengthens economic, governmental, educational and cultural ties between California and the Mexican states bordering the U.S. Included in the Office of California-Mexico Affairs is the Commission of the Californias, which was established to further develop favorable economic, educational, and cultural relations with the Mexican states of Baja California and Baja California Sur.

### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $60,000 for this program's share of the temporary satellite office space cost.

*** Dollars in thousands, except in Salary Range.**

## 2920 TECHNOLOGY, TRADE, AND COMMERCE AGENCY—Continued

### 25 MARKETING AND COMMUNICATIONS

#### Program Objectives Statement

This program provides centralized support for the Agency's marketing and communications and public affairs outreach, including management of the state's business development marketing campaign.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $13,000 for this program's share of the temporary satellite space cost.

#### Authority

Article 4.5, Chapters 1 and 1.6, Part 6.7, Division 3, Title 2 of the Government Code.

### 30 TOURISM

#### Program Objectives Statement

The Tourism Program develops California's economy and increases job opportunities by promoting the state as a travel destination. The program works closely with the private, non-profit California Travel and Tourism Commission, with local, state and federal agencies, and with the state's travel industry and other private sector partners, to develop marketing and promotional activities that increase consumer and trade interest in visiting California. Activities include national advertising, travel publicity development, visitor information production and fulfillment, promotion of lesser-known and under-utilized California destinations, domestic and international travel trade development, and economic, market and program evaluation research.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $93,000 for this program's share of the temporary satellite office space cost.

#### Authority

Section 15334, 15337, 15364.50–55 and 15372.60–131 of the Government Code and Chapter 1.6, Part 6.7, Division 3, Title 2 of the Government Code, and Section 19559 of the Revenue and Taxation Code.

### 40 CONTRACTS, GRANTS AND LOANS

#### Program Objectives Statement

This office develops and approves contract, grant, and loan agreements for the Agency.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $22,000 for this program's share of the temporary satellite office space cost.

#### Authority

Authority for work completed by this unit lies within the various grant and loan programs within the Economic Development Program and Sections 15338.5 and 15338.6 of the Government Code.

### 60 ECONOMIC RESEARCH AND STRATEGIC INITIATIVES

#### Program Objectives Statement

The Economic Research and Strategic Initiatives Program provides critical analyses, policy recommendations and economic development initiatives to address California's complex and changing economy. The program develops studies about the economy, commerce and industry; assesses the economic and fiscal impact of proposed regulations; represents the Agency on economic matters with leaders from industry, academia and government; and supports the continuous, biennial strategic planning process of the California Economic Strategy Panel. Ongoing strategic planning serves as a basis for the Agency to develop management policy guidelines, legislative proposals and budget change proposals.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $20,000 for this program's share of the temporary satellite office space cost.

#### Authority

Section 15331 of the Government Code.

### 70 ADMINISTRATION

The Administration Program provides executive leadership for the Agency's overall mission, and monitors and implements all legislation affecting the Agency and its program activities. Administration includes the Executive Office of the Secretary as well as a number of personnel-related programs.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $417,000 for the cost of temporary satellite office space in downtown Sacramento to accommodate some Agency offices (e.g., tourism, economic development) until the Agency locates adequate downtown space to reconsolidate all headquarters' offices into one facility. Costs are prorated to the Agency's various other programs.

*** Dollars in thousands, except in Salary Range.**

# 3110 SPECIAL RESOURCES PROGRAMS

The Special Resources Programs include the Tahoe Regional Planning Agency, the Yosemite Foundation Program, and the Sea Grant Program.

## Authority

Government Code Sections 66800-1, 66901, 67000–67132 and Public Resources Code Section 6217.

## 10 TAHOE REGIONAL PLANNING AGENCY

### Program Objectives Statement

A congressionally approved compact between California and Nevada established the Tahoe Regional Planning Agency. The agency provides coordinated planning and enforceable regulations that preserve and enhance the environment and resources of the Lake Tahoe Basin. Funding for the agency, according to the compact, is shared between the States of Nevada (one-third) and California (two-thirds).

### Major Budget Adjustments Proposed for 2001–02

- $233,000 General Fund to increase staff salaries and benefits to a level that is comparable with the prevailing wages being offered by other state governmental agencies in California and Nevada.
- $400,000 General Fund to update Environmental Threshold Carrying Capacity studies.
- $200,000 General Fund to address increased regulatory workload as a result of implementation of the Environmental Improvement Program.

## 20 YOSEMITE FOUNDATION PROGRAM

### Program Objectives Statement

This program receives revenue from the sale of personalized motor vehicle license plates by the Department of Motor Vehicles. The funds are allocated by the State Controller for restoration and preservation projects in Yosemite National Park.

## 30 SEA GRANT PROGRAM

### Program Objectives Statement

This program provides state assistance to the University of California and University of Southern California. These funds are the necessary matching funds for selected projects under the federal Sea Grant Program. The Sea Grant Program in California encourages research and education in the fields of marine resources and technology.

---

## 3125 CALIFORNIA TAHOE CONSERVANCY

### Program Objectives Statement

The California Tahoe Conservancy acquires and manages land to protect the natural environment, provides public access and recreational facilities, and preserves wildlife habitat areas; it also awards grants to other public agencies and nonprofit organizations for the purposes of its programs.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3125 CALIFORNIA TAHOE CONSERVANCY—Continued

### Major Budget Adjustments Proposed for 2001–02

- $6,841,000 General Fund, $3,025,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000, and $601,000 other funding to restore Stream Environment Zones and watersheds consistent with the Lake Tahoe Environmental Improvement Program.
- $4,587,000 General Fund and $1,340,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000 for public access and recreation projects consistent with the Lake Tahoe Environmental Improvement Program.
- $2,163,000 General Fund and $837,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000 for Soil Erosion Control grants consistent with the Lake Tahoe Environmental Improvement Program.
- $889,000 General Fund and $628,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000 to preserve and enhance key habitats consistent with the Lake Tahoe Environmental Improvement Program.
- $594,000 General Fund, $174,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000, and 7.9 new positions in support of Lake Tahoe Environmental Improvement Program projects.
- $226,000 General Fund and $524,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Act of 2000 for acquisitions consistent with the Lake Tahoe Environmental Improvement Program.

# 3180 GEOTHERMAL RESOURCES DEVELOPMENT PROGRAM

### Program Objectives Statement

All moneys received by the State for geothermal leases on federal lands are deposited in the Geothermal Resources Development Account in the General Fund. In addition, pursuant to Section 3826 of the Public Resources Code, 50 percent of all revenues received by the State Lands Commission from the lease of state indemnity lands for geothermal development are deposited in this account. (The other 50 percent is deposited in the State Teachers' Retirement Fund.) Funds in the account are allocated as follows:

- 40 percent is disbursed to counties of lease origin in proportion to the amount of revenue derived from existing leases within each county of origin.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3180 GEOTHERMAL RESOURCES DEVELOPMENT PROGRAM—Continued

- 30 percent is available to the State Energy Resources Conservation and Development Commission as grants or loans to local jurisdictions having geothermal resources. Five percent of this amount, not to exceed $100,000, may be used to provide direct technical assistance to local jurisdictions eligible for grants.
- 30 percent is transferred to the Renewable Resources Investment Fund for appropriation for the purposes of Section 34000 of the Public Resources Code.

The Geothermal Resources Development Account Fund Condition Statement previously displayed in 3180 is now displayed in 3360—California Energy Resources Conservation and Development Commission.

---

# 3210 ENVIRONMENTAL PROTECTION PROGRAM

The California Environmental Protection Program receives revenue from the sale of personalized motor vehicle license plates by the Department of Motor Vehicles. Revenues are deposited in the California Environmental License Plate Fund. Funds expended pursuant to Division 13.5 of the Public Resources Code must have one or more of the following purposes:

a. The control and abatement of air pollution, including all phases of research into the sources, dynamics and effects of environmental pollutants.
b. The acquisition, preservation, restoration, or any combination thereof, of natural areas or ecological reserves.
c. Environmental education, including formal school programs and informal public education programs.
d. Protection of nongame species and threatened and endangered plants and animals.
e. Protection, enhancement, and restoration of fish and wildlife habitat and related water quality, including review of the potential impact of development activities and land use changes on that habitat.
f. The purchase, on an opportunity basis, of real property consisting of sensitive natural areas for the state park system and for local and regional parks.
g. Reduction or minimization of the effects of soil erosion and the discharge of sediment into the waters of the Lake Tahoe region, including the restoration of disturbed wetlands and stream environment zones.

The appropriations and expenditures for programs and projects funded from the California Environmental License Plate Fund are contained in the budgets of the various state boards, commissions and departments identified in the narrative provided below.

# 3340 CALIFORNIA CONSERVATION CORPS

The California Conservation Corps (CCC) assists federal, state and local agencies, and nonprofit entities in conserving and improving California's natural resources while providing employment, training, and educational opportunities for young men and women.

The CCC provides more than three million hours of conservation work each year. In addition to tree planting, stream clearance, trail building, park development, landscaping, energy conservation, forest improvements, plant nursery operations, and wildlife habitat restoration, the CCC responds to emergencies caused by fires, floods, earthquakes, and other natural disasters. The annualized corpsmember population for 2001–02 is estimated to be 2,250, of which approximately 250 are corpsmembers supervised by local nonprofit conservation corps.

## Authority

## 10 TRAINING AND WORK PROGRAM

### Program Objective and Description

The CCC hires California youth primarily between 18 and 23 years old who reflect the diversity of the state's population. The age range varies with grants and specially funded programs. The mission of the CCC is to engage young men and women in meaningful work, public service and educational activities that assist them in becoming more responsible citizens, while protecting and enhancing California's environment, human resources and communities. This is done through fostering an appreciation for the value of hard work and the importance of education. The work is varied, meaningful, and productive. Statewide, there are 11 service districts which include 16 residential centers, and more than 40 nonresidential satellites in urban and rural areas. A major program emphasis is emergency response.

### Major Budget Adjustments Proposed for 2001–02

- $11,172,000 General Fund to restore training levels and reduce reliance on reimbursements.
- $9,737,000 General Fund to continue statewide energy programs by replacing Petroleum Violation Escrow Account funding with General Fund.
- $6,225,000 General Fund to continue statewide energy programs by replacing Energy Resources Programs Account funding with General Fund.
- $5,191,000 General Fund to address significant special repair, infrastructure, and vehicle needs.
- $3,525,000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Fund to continue resource conservation projects.

## 3360 ENERGY RESOURCES CONSERVATION AND DEVELOPMENT COMMISSION

The Energy Resources Conservation and Development Commission works to ensure a reliable supply of energy to meet California's needs, while complying with environmental, safety and land use goals. The Commission processes applications for siting new power facilities, encourages measures to reduce wasteful and inefficient use of energy, and monitors alternative ways to conserve, generate and supply energy.

### Authority

Government Code, Title 7.42, commencing with Section 66905 and Title 7.43 commencing with Section 66950.

| SUMMARY OF PROGRAM REQUIREMENTS | | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

## 10 REGULATORY AND PLANNING PROGRAM

### Program Objectives Statement

The Regulatory and Planning Program: (1) facilitates markets to provide adequate statewide energy supplies by developing accurate long-range outlooks of future energy supply and demand; (2) maintains a current knowledge of the statewide electrical generation, transmission and fuels markets; (3) certifies and monitors for compliance new energy facilities consistent with state energy policies as required by statute; (4) develops an informed state energy policy based on the economic, financial, security and environmental implications of supply, demand and price assessments; (5) monitors energy markets to ensure competitive prices and to avoid potential market abuses; and (6) disseminates useful, objective energy market information.

### Major Budget Adjustments Included in 2000–01

- $3,044,000 General Fund and 12.0 administratively established positions to review energy facility siting applications in response to an expedited certification process mandated by Chapter 329, Statutes of 2000 (AB 970).
- $1,600,000 Reimbursements (Energy Efficiency Public Goods Charge Fund) to conduct a statewide commercial energy end-use survey.

### Major Budget Adjustments Proposed for 2001–02

- $50,000 General Fund to develop an electricity transmission planning model.
- $100,000 General Fund to monitor market dynamics in the supply side of the market.
- $3,129,000 General Fund and 19.0 three-year limited-term positions to respond to the mandates of Chapter 329, Statutes of 2000 (AB 970), ensure sufficient resources to process energy facility siting applications, and survey existing coastal power plants to expedite the permitting of plants proposed to be repowered.
- Elimination of 15.0 excess vacant positions commission-wide.

### Authority

Public Resources Code, Division 15, Chapter 4, commencing with Section 25300, Chapters 5, 6, 7, 8 and 10.

## 20 ENERGY RESOURCES CONSERVATION PROGRAM

### Program Objectives Statement

The Energy Resources Conservation Program: (1) develops and implements energy efficiency standards and marketing programs for nonresidential and residential buildings and appliances to ensure that all new buildings constructed in California and major appliances sold in California are energy efficient and cost-effective, while providing Californians with a greater level of comfort, and (2) identifies energy efficiency opportunities and develops and implements marketing programs and standards for the use of energy in agriculture and food processing, manufacturing, water systems, moving water or wastewater, and other processing functions.

*** Dollars in thousands, except in Salary Range.**

## 3360 ENERGY RESOURCES CONSERVATION AND DEVELOPMENT COMMISSION—Continued

### Major Budget Adjustments Included in 2000–01

- $51,198,000 General Fund and 6.0 administratively established positions to implement an electricity peak reduction grant program and update energy efficiency building and appliance standards pursuant to Chapter 329, Statutes of 2000 (AB 970).

### Major Budget Adjustments Proposed for 2001–02

- $2,800,000 General Fund for retail customer survey programs.
- $200,000 General Fund to monitor customer response in the demand side of the market.
- $200,000 Energy Resources Programs Account to convert and maintain an existing database of energy efficiency ratings on numerous consumer appliances.
- $1,351,000 Energy Resources Programs Account and 8.0 one-year limited term positions to develop building efficiency standards designed to address peak energy demand and system reliability issues.
- $300,000 Energy Resources Programs Account to investigate and support Title 24 compliance for new homes.
- $300,000 Energy Resources Programs Account to provide in-field and Internet-based training to local building departments, homebuilders and new homebuyers.

### Authority

Public Resources Code, Division 15, Chapter 5, commencing with Section 25400, Chapter 8, commencing with Section 25700.

## 30 DEVELOPMENT PROGRAM

### Program Objectives Statement

The Energy Technology Development Program conducts research, development, demonstration and commercialization activities on new and existing energy technologies to ensure that future energy supplies are cost-effective, more secure and reliable, enhance environmental quality and promote state and local economic development. The program provides technical assistance, financial assistance, direct technology research and demonstration, technology forecasting, technology analysis and evaluation and information transfer.

### Major Budget Adjustments Proposed for 2001–02

- $7,500,000 General Fund for the purchase of clean, fuel efficient state vehicles.
- $2,000,000 General Fund to continue the California Fuel Cell Partnership program.
- $1,100,000 General Fund for market development and analytical activities to identify barriers to the advancement of ethanol production from biomass resources.
- $80,000 General Fund for a revised, short-term natural gas supply model and associated data.
- $175,000 Renewable Resource Trust Funds to support existing and emerging renewable resource technologies, pursuant to Chapter 854, Statutes of 1996 (AB 1890).
- $300,000 Energy Resources Programs Account to create web access to planning information specifically designed for local governments Planning for Community Energy, Economic, and Environmental Sustainability.
- $250,000 Energy Resources Programs Account to implement Chapter 1018, Statutes of 2000 (SB 1771) to establish the California Climate Action Registry.
- $1,000,000 Energy Resources Programs Account to issue awards and administer the Solar and Distributed Generation Grants program, pursuant to Chapter 537, Statutes of 2000 (SB 1345).

### Authority

Public Resources Code, Division 15, Chapter 7, commencing with Section 25600.

## 40 POLICY, MANAGEMENT AND ADMINISTRATION PROGRAM

### Major Budget Adjustment Proposed for 2001–02

- $302,000 Energy Resources Programs Account for building rent and merit salary adjustments.

### Authority

Public Resources Code, Division 15, commencing with Section 25500.

## 99 LOAN REPAYMENT PROGRAM

### Program Objectives Statement

This program consists of loan repayments made in the Conservation and Development programs. Previously approved loans are repaid and deposited in the following accounts: State Energy Conservation Account, Local Jurisdiction Energy Assistance Account, Energy Technologies Research, Development and Demonstration Account, Local Government Geothermal Resources Revolving Subaccount, and Petroleum Violation Escrow Account.

*** Dollars in thousands, except in Salary Range.**

# 3370 RENEWABLE RESOURCES INVESTMENT PROGRAM

The Renewable Resources Investment Program receives 30 percent of the royalties deposited in the Geothermal Resources Development Account (General Fund). The State receives this money from the federal government for geothermal leases. Statutorily, monies from the Renewable Resources Investment Fund may be expended only for the following: fish habitat improvements; forest resource improvements; urban forestry projects; agricultural soil drainage and soil erosion programs; agricultural, industrial and urban water conservation; wildland fire protection; and coastal resource enhancement projects.

Specific project and program expenditures for the Renewable Resources Investment Program are included in the budget for various departments as reflected in Tables 1 through 5 below.

## Authority

# 3460 COLORADO RIVER BOARD OF CALIFORNIA

The Colorado River Board protects California's rights and interests in the water and power resources of the Colorado River system. The board works with the other Colorado River Basin states, federal agencies, Congress, and the courts. Activities include analyses of the engineering, legal and economic matters concerning the Colorado River resources of the seven basin states (Arizona, California, Colorado, Nevada, New Mexico, Utah, and Wyoming) and the 1944 U.S.-Mexico Water Treaty obligation to deliver Colorado River water to Mexico. The board develops a single position among the California agencies having the major rights to Colorado River water and power. The board also collaborates with other California agencies, primarily the Departments of Water Resources and Fish and Game and the State Water Resources Control Board.

By statute, the board consists of ten members appointed by the Governor: one from each of the six major public agencies having rights to the use of water or power from the Colorado River, two from the general public, and the directors of the Departments of Water Resources and Fish and Game. The six public agencies are: Palo Verde Irrigation District, Imperial Irrigation District, Coachella Valley Water District, the Metropolitan Water District of Southern California, San Diego County Water Authority, and the Department of Water and Power of the City of Los Angeles.

### Authority

## 3480 DEPARTMENT OF CONSERVATION

The Department of Conservation protects public health and safety, ensures environmental quality, and supports the State's long-term viability in the use of California's earth resources. The department provides policy direction, education, regulation and dissemination of information concerning agricultural and open space lands and soils; beverage container recycling; geology and seismology; and mineral, geothermal and petroleum resources.

## 3480 DEPARTMENT OF CONSERVATION—Continued

### 10 GEOLOGIC HAZARDS AND MINERAL RESOURCES CONSERVATION

#### Program Objectives Statement

The program's objectives are to develop and disseminate technical information and advice on California's geology, geologic hazards, and mineral resources. The department is the state's resource center for scientific information concerning California's geologic, earthquake, landslide, volcanologic, and mineralogic hazards; earthquake engineering; mineral resources; and the reclamation of mined lands. Information is used by state and local governmental agencies, industry, and the public for land-use decisions, watersheds assessments, the development of mineral resources; regulation of surface mining and reclamation of mined lands including hazardous abandoned mines; mitigation of property damage and protection of health and safety of the public from geologic hazards; and the safeguarding of the state's environment and natural resources.

#### Major Budget Adjustment Proposed for 2001–02

- Elimination of 19.5 positions departmentwide pursuant to the Excess Vacant Position Analysis.

#### Authority

Public Resources Code, Division 1, Chapter 2, Article 3, and Division 2.

### 20 OIL, GAS, AND GEOTHERMAL RESOURCES

#### Program Objectives Statement

The program's objectives are to prevent the occurrence of public safety hazards and environmental damage by supervising the drilling, operation, maintenance, and plugging of oil, gas, and geothermal wells and the operation, maintenance, and proper removal of facilities attendant to such wells, including production pipelines; to prevent damage to oil, gas, and geothermal reservoirs, underground and surface freshwater sources, property and natural resources; and to promote sound engineering practices through the enforcement of regulations that encourage the prudent development of hydrocarbon and geothermal resources.

The State is reimbursed fully for program expenditures by annual assessments and fees on the respective industries. Approximately 650 companies operate over 95,000 wells in California for the production of oil, gas, and geothermal resources.

#### Authority

Public Resources Code, Division 3.

### 30 LAND RESOURCE PROTECTION

#### Program Objectives Statement

The program's objectives are to develop and provide information and technical assistance to protect agricultural and open-space land, and support land-use planning and watershed management. These objectives are accomplished through a statewide agricultural land-use mapping program as well as voluntary tax incentive and conservation easement grant programs for landowners, local government, nonprofit land trusts, and others which encourage the long-term conservation of productive agricultural land and open space. In addition, the program provides assistance to the State's 103 local resource conservation districts (RCDs) in the form of training, technical assistance, and grants focused on the specific needs of the districts.

#### Major Budget Adjustments Proposed for 2001–02

- $5 million Safe Neighborhood Parks, Clean Water, Clear Air, and Coastal Protection Bond Fund to fund the second year of the California Farmland Conservancy Program, which provides grants for agricultural easements to reduce development pressures on agricultural land.
- $500,000 Agriculture and Open Space Mapping Subaccount to fund the second year of expanded farmland mapping.
- $130,000 Soil Conservation Fund and 1.5 positions to continue the mapping of Williamson Act land.
- $111,000 General Fund and 1.0 redirected position to review Williamson Act contract cancellation notices, as required by Chapter 889, Statutes of 2000 (AB 1944).

#### Authority

Public Resources Code, Division 9 (Soil Resource Protection Program).
Public Resources Code, Division 10.2 (California Farmland Conservancy Program).
Public Resources Code 612, Government Code 65570(b)–(e) (Farmland Mapping and Monitoring Program).
Government Code 65570 (Williamson Act).
Government Code 16140 et seq. (Open Space Subvention Act).

### 50 BEVERAGE CONTAINER RECYCLING AND LITTER REDUCTION

#### Program Objectives Statement

The program's objectives are to promote beverage container recycling and litter reduction throughout the state. SB 332 (Ch. 815, Statutes of 1999) expanded the definition of beverage resulting in the addition of two billion new beverage containers to the program annually.

#### Major Budget Adjustment Proposed for 2001–02

- $1.301 million General Fund and $1.302 million California Beverage Container Recycling Fund to upgrade the department's computer network (Program 40-Administration).

#### Authority

Public Resources Code, Division 12.1.

*** Dollars in thousands, except in Salary Range.**

# 3540 DEPARTMENT OF FORESTRY AND FIRE PROTECTION

The California Department of Forestry and Fire Protection protects the people of California from fires, responds to emergencies, and protects and enhances forest, range, and watershed values, providing social, economic, and environmental benefits to rural and urban citizens. The Department of Forestry and Fire Protection's objectives are intended to protect the lives, property, and natural resources of the people of the State of California, while maintaining the health and safety of its workforce; contain costs and losses due to wildfire through improved prevention of damaging fires and the optimization of its initial attack fire suppression organization; streamline its operational and regulatory functions regarding forest practices and vegetation management practices on wildlands; and optimize the cost-effectiveness of the services provided through partnerships and cooperative agreements with all levels of government and the private sector.

The Department of Forestry and Fire Protection provides fire protection services for some local governments on a cost reimbursement basis. Departmental employees and equipment provide emergency response services for floods, earthquakes, and hazardous material spills, and other non-fire emergencies as part of the California Emergency Plan. The Department of Forestry and Fire Protection also provides protection of lives and property through the development and application of fire prevention engineering, enforcement and education.

## Authority

Constitution, Public Resources Code (principally), Health and Safety Code, Penal Code, Welfare and Institutions Code, Military and Veterans Code, Board of Forestry policy.

## 3540 DEPARTMENT OF FORESTRY AND FIRE PROTECTION—Continued

### 10 OFFICE OF THE STATE FIRE MARSHAL

#### Program Objectives Statement

The primary responsibility of the Office of the State Fire Marshal (OSFM) is the protection of life and property from fire. This is done through development, maintenance, and enforcement of fire safety standards for educational and institutional occupancies, public assembly facilities, organized camps, buildings over 75 feet in height, and in state-owned structures. Statewide standards are written and enforced relative to the control of fire extinguishing systems, explosives and special effects, fireworks, decorative materials and fabrics, building materials and other fire safety products, and wearing apparel. OSFM analyzes reports of all fires occurring in the state. Training in fire prevention, fire suppression, and arson and bomb investigation is provided to fire departments and law enforcement agencies. OSFM maintains standards and provides certification for vapor recovery systems and components. OSFM participates in the oversight, certification, and evaluation of the Certified Unified Program Agency (CUPA) program. OSFM has been designated as a State Repository for pipeline data by the National Pipeline Mapping System.

The Office of the State Fire Marshal has primary jurisdiction for the above in state facilities, and a secondary, support role to the local fire service in privately owned facilities.

#### Major Budget Adjustment Proposed for 2001–02

- $1,556,000 General Fund and 10.0 positions to enforce fire and life safety requirements in existing state facilities.

### 11 FIRE PROTECTION

#### Program Objectives Statement

The fire protection program protects California's forest, brush, and grass covered wildlands from potential damages resulting from uncontrolled fire on private and state-owned lands and enhances the quality and usefulness of the resources. The program provides ''basic fire protection'' to SRA and other wildland areas, and seeks to hold fire damage at or below the 15-year average and minimize the impairment of economic, social and environmental benefits. The underlying assumption is that uncontrolled fire is a public nuisance which must be abated by a combination of fire prevention, fire control and cooperative fire protection.

#### Major Budget Adjustment Included in 2000–01

- $1,000,000 Federal Trust Fund for Pre-Fire projects designed to reduce the costs and losses associated with wildland fires.

#### Major Budget Adjustments Proposed for 2001–02

- $10,228,000 General Fund for the acquisition of a new Computer Aided Dispatching system.
- $7,000,000 General Fund to replace critical communication equipment.
- $1,500,000 General Fund, $464,000 Reimbursements and 3.0 limited-term positions to allow CDF to fill vacated positions created by the increasing level of retirements.
- $1,474,000 General Fund to relocate the Aviation Management Unit from Mather Airport to McClellan Air Force Base.
- $386,000 General Fund and 3.0 positions to reactivate one conservation camp fire crew.
- $6,551,000 federal funds and 3.0 limited-term positions to fund Pre-Fire projects designed to reduce the costs and losses associated with wildland fires.

### 12 RESOURCE MANAGEMENT

#### Program Objectives Statement

California's state and private forest, range, watershed lands, and urban forests provide multiple human and environmental benefits. The objective of this program is to maintain and enhance those benefits and to minimize damage to these resources from natural catastrophe and human misuse. Objectives are met by regulation of timber harvesting, technical assistance to nonindustrial landowners, operation of state forests, and administration of federal forestry assistance programs.

#### Major Budget Adjustments Proposed for 2001–02

- $1,651,000 General Fund and 3.0 positions to assist in the implementation of watershed activities identified in the CALFED Watershed Program Plans.
- $425,000 General Fund one-time funding to provide a comprehensive manual of assessment methods, scientific peer review of assessment products and improved road data within the North Coast Watershed Assessment Program framework.
- $300,000 General Fund to contract for a study to address the need for statewide Geographical Information System land record information.
- $2,684,000 Forest Resources Improvement Fund and 6.0 positions for the California Forest Improvement Program.
- $300,000 General Fund to contract for a study to pay newly assessed fees for the Vegetation Management Programs prescribed burns.
- $1,437,000 Forest Resources Improvement Fund and 4.7 positions for the Urban and Community Forestry Program.
- $1,325,000 Forest Resources Improvement Fund and 18.5 positions for the State Nursery Program.
- $1,312,000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund to continue grants for planting and maintenance of trees in urban areas.
- $914,000 federal funds and 6.3 limited-term positions to continue funding for the State and Private Forestry program.
- $716,000 Forest Resources Improvement Fund and 1.0 position to monitor projects in demonstration state forests.
- $64,000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund and 0.5 position to administer the Forest Legacy Program.

## 30 CAPITAL OUTLAY

### Major Budget Adjustments Proposed for 2001–02

- $32.3 million for thirty major and three minor forest fire station projects to replace, relocate, or improve facilities;
- $4.3 million for one major project and two minor projects to replace, relocate, or improve air and helicopter attack bases;
- $10.1 million for four major projects and one minor project to address, sewer, water, utility, and other deficiencies at CDF conservation camps and youth conservation camps;
- $8.7 million for three major projects and one minor project to replace and improve facilities at ranger unit headquarters;
- $4.5 million for one major project to relocate the Aviation Management unit;
- $0.8 million for one major project to relocate an area headquarters;
- $0.3 million for one minor project to expand an emergency command center.

## PROGRAM ELEMENTS

### Major Projects

**30.10 COAST AREA**

| | | | | |
|---|---|---|---|---|
| 30.10.005 | Alma Helitack Base—Replace Facility | $38 Ag | $1,400 Ag | – |
| 30.10.010 | Sonoma Air Attack Base—Replace Facility | 65 Cg | – | – |
| 30.10.015 | Ukiah Forest Fire Station—Replace Facility | 140 PWg | – | $163 PWg |
| 30.10.030 | Bridgeville Forest Fire Station—Relocate Facility | 83 APWg | 126 AWg | 101 Wg |
| 30.10.035 | Stevens Creek Forest Fire Station—Replace Facility | 913 C | – | 1,754 WCg |
| 30.10.050 | Rohnerville Air Attack Base—Replace Facility | 75 Cg | – | – |
| 30.10.055 | Ukiah Air Attack Base—Relocate Facility | 254 APWg | 920 Awg | – |
| 30.10.065 | Sweetwater Forest Fire Station—Relocate Facility [B] | 85 Ag | 87 Ag | 76 Pg |
| 30.10.070 | Mt. St. Helena Lookout and Radio Vault—Acquisition | 23 Ag | 218 Ag | – |
| 30.10.075 | Castle Rock Forest Fire Station—Relocation | 204 Cg | 217 Cg | – |
| 30.10.090 | Pacheco Forest Fire Station—Replace Facility | – | – | 1,265 Cg |
| 30.10.110 | Elk Camp Forest Fire Station—Relocate Facility | 85 Ag | 142 APg | 1,605 WCg |
| 30.10.115 | Fortuna Forest Fire Station—Relocate Facility [B] | 85 Ag | 95 Ag | 89 Pg |
| 30.10.125 | Mendocino Ranger Unit Headquarters—Replace Automotive Shop | 197 PWg | 1,149 Cg | – |
| 30.10.130 | Santa Clara Ranger Unit Headquarters—Replace Automotive Shop | 40 PWg | – | 1,495 WCg |

*** Dollars in thousands, except in Salary Range.**

## 3540 DEPARTMENT OF FORESTRY AND FIRE PROTECTION—Continued

| STATE BUILDING PROGRAM EXPENDITURES | Actual 1999–00* | Estimated 2000–01* | Proposed 2001–02* |
|---|---|---|---|
| **30.20 CASCADE AREA** | | | |
| 30.20.020 Lassen-Modoc Ranger Unit Headquarters—Replace Apparatus Building and Automotive Shop | – | – | $1,378 WCg |
| 30.20.025 Ogo Forest Fire Station—Relocate Facility | $796 Cn | – | – |
| 30.20.030 Harts Mill Forest Fire Station—Relocate Facility | 121 APg | $75 AWg | 1,323 Cg |
| 30.20.035 Fort Jones Forest Fire Station—Relocate Facility | 72 Pg | – | 118 PWg |
| 30.20.040 Manton Forest Fire Station—Relocate Facility | 74 APg | 30 Ag | 1,447 WCg |
| 30.20.045 Weaverville Forest Fire Station—Relocate Facility | 53 Pg | 110 Ag | 146 PWg |
| 30.20.050 Tuscan Butte Lookout and Radio Vault—Acquisition | 14 Ag | 79 Ag | – |
| 30.20.065 Lassen Lodge Forest Fire Station—Acquire Site | – | 280 Ag | – |
| 30.20.080 Cohasset Forest Fire Station—Relocation | 1 Cg | – | – |
| 30.20.090 Alder Conservation Camp—Replace Water and Wastewater Systems, Construct Access Road | – | 1,096 WCg | – |
| 30.20.095 Susanville Emergency Command Center—Relocate Emergency Command Center | 550 PWCg | – | – |
| 30.20.110 Butte Fire Center—Replace Messhall | 97 Pg | 1,315 WCg | – |
| 30.20.130 Buckhorn Forest Fire Station—Replace Apparatus Building | – | 200 Ag | 70 Pg |
| **30.30 SOUTH AREA** | | | |
| 30.30.015 Independence Forest Fire Station—New Facility | 45 Pg | – | 1,506 WCg |
| 30.30.020 San Luis Obispo Ranger Unit Headquarters—Replace Facility | 570 Pg | 614 Wg | 5,720 Cg |
| 30.30.030 Riverside Ranger Unit Headquarters—Replace Emergency Command Center | 8 Cg | – | – |
| 30.30.045 Hesperia Forest Fire Station—Relocate Facility | – | – | 1,653 WCg |
| 30.30.050 Ramona Air Attack Base—Replace Facility | 78 Cg | – | – |
| 30.30.055 Sage Forest Fire Station—Relocation | 130 Cg | – | – |
| 30.30.060 Hemet-Ryan Air Attack Base—Replace Facility | 330 PWg | – | 3,347 Cg |
| 30.30.065 San Marcos Forest Fire Station—Relocate Facility | 48 Pg | 130 Ag | – |
| 30.30.070 Valley Center Forest Fire Station—Relocate Facility | 244 APg | 75 Ag | 126 PWg |
| 30.30.075 Warner Springs Forest Fire Station—Replace Facility [B] | – | 250 Ag | – |
| 30.30.110 Owens Valley Conservation Camp—Expand Wastewater System, Construct Apparatus Building | 700 Cn | – | – |
| 30.30.115 Ventura Youth Conservation Camp—Construct Vehicle Apparatus Building, Shop, Warehouse | 51 Pg | – | 1,515 WCg |
| 30.30.120 Fenner Canyon Conservation Camp—Construct Vehicle Apparatus Buildings, Replace Office | 86 PWg | 114 Wg | 2,571 WCg |
| 30.30.130 San Bernardino Ranger Unit Headquarters—Acquisition | 494 Ag | 6 Ag | – |
| 30.30.135 Paso Robles Air Attack Base—Replace Facility | 392 PWg | 2,706 Cg | – |
| 30.30.140 Chino Hills Forest Fire Station—Replace Facility | 74 Pg | 1,202 WCg | – |
| 30.30.145 Elsinore Forest Fire Station—Relocate Facility [B] | 85 Ag | 135 Ag | – |
| 30.30.150 Nipomo Forest Fire Station—Replace Facility | 100 Pg | – | 1,916 WCg |
| 30.30.155 Campo Forest Fire Station—Relocate Facility | 128 Pg | 1,819 WCg | – |
| 30.30.160 South Operations Area Headquarters—Relocate Facility | – | – | 803 Pg |
| This project will relocate the South Area Emergency Operations Center to a site at March Air Force Base. | | | |
| 30.30.165 Cuyamaca Forest Fire Station—Relocate Facility | – | – | 535 Ag |
| This project will provide a new site and relocate a one-engine Forest Fire Station. | | | |
| 30.30.175 Owens Valley Conservation Camp—Construct Facility Upgrades | – | 264 PWg | 1,852 Cg |
| **30.40 SIERRA AREA** | | | |
| 30.40.010 Piedra Forest Fire Station—Acquisition | 24 Ag | 15 Ag | – |
| 30.40.015 Sonora Forest Fire Station—Relocate Facility | 87 Pg | 270 Ag | 3,012 WCg |
| 30.40.020 Batterson Forest Fire Station—Relocate Facility | – | – | 70 PWg |
| 30.40.035 Sand Creek Forest Fire Station—Relocate Facility | 85 APg | 95 Ag | 1,424 WCg |
| 30.40.040 Hammond Forest Fire Station—Relocate Facility | – | – | 2,221 Cg |
| 30.40.050 Rancheria Forest Fire Station—Replace Facility | 102 Pg | – | 1,913 WCg |
| 30.40.055 Coalinga Forest Fire Station—Relocate Facility | 1,700 Cg | – | – |
| 30.40.070 Murphys Forest Fire Station—Relocation | 103 Cg | – | – |
| 30.40.075 Usona Forest Fire Station—Replace Facility | 105 Pg | – | 120 PWg |
| 30.40.090 Antelope Forest Fire Station—Replace Barracks/Messhall | 84 Pg | 977 WCg | – |
| 30.40.100 Blasingame Forest Fire Station—Replace Facility | 70 Ag | 180 APWg | 1,108 Cg |
| 30.40.105 Vallecito Conservation Camp—Replace Utilities, Tanks, Construct Vehicle Apparatus Buildings | 123 Pg | 1,640 WCg | – |
| 30.40.110 Hollister Air Attack Base—Relocate Facility | 85 Ag | 715 APWg | – |
| 30.40.115 Porterville Air Attack Base—Replace Facility | 2,255 PWCg | – | – |
| 30.40.120 Dew Drop Forest Fire Station—Replace Facility | 124 PWg | 128 Wg | 1,546 Cg |
| 30.40.125 Twain Harte Forest Fire Station—Relocate Facility [B] | 85 Ag | 115 Ag | – |
| 30.40.130 Springville Forest Fire Station—Relocate Facility [B] | 85 Ag | 115 Ag | 79 Pg |
| 30.40.135 Raymond Forest Fire Station—Relocate Facility [B] | 70 Ag | 30 Ag | 66 Pg |
| 30.40.140 Ahwahnee Forest Fire Station—Replace Facility | 50 Pg | – | 1,787 WCg |
| 30.40.145 Bautista Conservation Camp—Replace Modular Buildings | 140 PWg | – | – |
| 30.40.150 Baseline Conservation Camp—Remodel Facility | 174 PWg | – | 3,674 WCg |

*** Dollars in thousands, except in Salary Range.**

## 3540 DEPARTMENT OF FORESTRY AND FIRE PROTECTION—Continued

| STATE BUILDING PROGRAM EXPENDITURES | Actual 1999–00* | Estimated 2000–01* | Proposed 2001–02* |
|---|---|---|---|

# 3560 STATE LANDS COMMISSION

The State Lands Commission administers policies established by the Legislature and the Commission for the management and protection of all statutory lands which the State has received from the federal government upon its entry into the Union. These lands include the beds of all naturally navigable waterways such as major rivers, streams and lakes, tide and submerged lands in the Pacific Ocean which extend from the mean high tide line seaward to the three-mile limit, swamp and overflow lands, state school lands, and granted lands.

California's growing population continues to make increasing demands upon the State's land resources. The State Lands Commission is responsible for comprehensive land management activities involving more than 4,000,000 acres of state-owned lands. The Commission authorizes the use of public lands subject to reasonable rules and regulations and the determination of fair and adequate compensation. The Commission's decisions are reached at public hearings and are based upon environmental, health and safety, and public benefit considerations. The three member commission consists of the Lieutenant Governor, the State Controller, and the Director of Finance.

## Authority

Divisions 6, 7.7 and 7.8, Public Resources Code; Division 1 of Title 2, Government Code; Chapter 29, Statutes of 1956 (1st Ex. Sess.); Chapter 138, Statutes of 1964 (1st Ex. Sess.); Chapter 941, Statutes of 1991; Chapter 1213, Statutes of 1983; Chapter 879, Statutes of 1984 and Chapter 1248, Statutes of 1990; Chapter 849, Statutes of 1999.

| SUMMARY OF PROGRAM REQUIREMENTS | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

## 10 MINERAL RESOURCES MANAGEMENT

### Program Objectives Statement

The State Lands Commission oversees any extractive development of mineral resources that are located on state lands. The Commission also controls the development and operation of the Long Beach tidelands oil operations. The objectives of the Mineral Resources Management Program are: to manage the orderly extraction of oil, gas, geothermal resources and other minerals; to maximize the revenue generated from extractive activities consistent with the best interests of the State; and to ensure the efficient development of these resources consistent with public safety considerations and environmental protection.

### Major Budget Adjustment Proposed for 2001–02

- $3,598,000 General Fund to remove hazards along the Santa Barbara/Ventura coast.

### Authority

Division 6, Public Resources Code; Chapter 29, Statutes of 1956 (1st Ex. Sess.); Chapter 138, Statutes of 1964 (1st Ex. Sess.); Chapter 941, Statutes of 1991.

## 20 LAND MANAGEMENT

### Program Objectives Statement

The State Lands Commission provides:

1. Management of all state sovereign lands to ensure use of the lands consistent with the public trust and prudent land use practices.
2. Management of all state school lands to ensure the maximum return to the State Teachers' Retirement System.

Program objectives are to:

- Plan for and control use of both sovereign and school lands in order to protect the State's interests.
- Maintain a program of land use to meet orderly land planning requirements.
- Assure appropriate compensation for use of state lands.
- Minimize commercial and recreational trespass on state lands.
- Perfect title to the lands the State owns.
- Review activities on lands granted to local entities.

### Major Budget Adjustments Proposed for 2001–02

- $3,865,000 General Fund to rehabilitate the La Jenelle public fishing jetty in Ventura County and to remove hazards from the Sacramento River.
- $166,000 General Fund and 2.0 positions to assist local jurisdictions in their management of sovereign lands granted by the Legislature.
- $661,000 General Fund and 1.0 position to preserve and manage historical land ownership records.
- $300,000 General Fund to accept coastal access dedications.
- $170,000 General Fund and 1.8 positions for environmental compliance and permit workload associated with the CALFED program.

### Authority

Division 6 and 7.7 Public Resources Code, Chapter 1213, Statutes of 1983; Chapter 879, Statutes of 1984.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3560 STATE LANDS COMMISSION—Continued

### 30 EXECUTIVE AND ADMINISTRATION

#### Program Objectives Statement

The Executive and Administrative Program provides management, policy direction and administrative support to the line programs of the Commission.

### 40 MARINE FACILITIES MANAGEMENT

#### Program Objectives Statement

The State Lands Commission adopts rules, regulations, guidelines and leasing policies for leasing and operation of existing and proposed marine terminals within California. The Commission also inspects all marine facilities, reviews oil spill contingency plans and marine facility operations manuals.

#### Major Budget Adjustment Proposed for 2001–02

- $105,000 Oil Spill Prevention and Administration Fund and 1.0 position for marine oil terminal engineering standards.

#### Authority

Division 1 of Title 2, Government Code; Division 7.8, Public Resources Code; Chapter 1248, Statutes of 1990; Chapter 849, Statutes of 1999.

---

# 3600 DEPARTMENT OF FISH AND GAME

The Department of Fish and Game maintains native fish, wildlife, plant species and natural communities for their intrinsic and ecological value and their benefits to people. This includes habitat protection and maintenance in a sufficient amount and quality to ensure the survival of all species and natural communities. The department is also responsible for the diversified use of fish and wildlife including recreational, commercial, scientific and educational uses.

## Authority

The Constitution of California, the Fish and Game Code, the Public Resources Code, State Water Code, Government Code, Health and Welfare Code and regulations prepared by the Fish and Game Commission.

## 20 BIODIVERSITY CONSERVATION PROGRAM

### Program Objectives Statement

The objective of this program is to encourage the preservation, conservation, and maintenance of wildlife resources under the jurisdiction and influence of the State, including the conservation, protection and management of fish, wildlife, native plants, and habitat necessary for biologically sustainable populations of those species. This program includes department activities conducted in response to human population growth and associated economic development, such as consulting with lead and responsible agencies and providing biological expertise on impacts arising from project activities.

### Major Budget Adjustments Proposed for 2001–02

- $8,164,000 ($6,094,000 General Fund; $624,000 Federal Trust Funds; $1,446,000 Reimbursements) and 83.0 positions to continue and expand restoration planning, implementation, and monitoring activities related to CALFED.
- $3,327,000 ($3,504,000 General Fund; –$177,000 Reimbursements) and 8.0 positions for staff support ($2,327,000) and local assistance grants ($1,000,000) to collect data on the distribution and abundance of species and habitats to develop scientifically based conservation strategies.
- $250,000 General Fund and 1.0 position to support implementation of Chapter 950, Statutes of 2000 relative to wetlands mitigation banking activities.
- $220,000 General Fund and 2.0 positions to address the expedited approval process for siting energy-related facilities established pursuant to Chapter 329, Statutes of 2000.
- $80,000 General Fund in contract funds to support implementation of Chapter 964, Statutes of 2000, which requires the Resources Agency to update the State's existing wetlands inventory in order to identify opportunities to preserve, restore and enhance public and privately owned wetlands.
- $1,710,000 ($1,368,000 Fish and Game Preservation Fund; $342,000 Reimbursements) and the conversion of 24.5 limited-term positions to permanent to fulfill the responsibilities under Fish and Game Code Sections 1601/1603 and Section 5653 for the Lake and Streambed Alteration (1600) Program.
- $101,000 ($80,000 Fish and Game Preservation Fund; $21,000 federal funds) and the conversion of 2.2 positions to maintain and expand sport fish restoration and improvement program activities.
- Elimination of 33.5 positions Departmentwide as a result of the Vacant Position Analysis.

### Authority

State: Constitution, Fish and Game Code, State Water Code, Government Code, Health and Safety Code, Public Resources Code.

Federal: Fish and Wildlife Coordination Act, the Water Projects Recreation Act, the Federal Power Act, the National Environmental Policy Act, the Clean Water Act, the Federal Endangered Species Act, and the Intergovernmental Cooperative Act of 1968.

## 25 HUNTING, FISHING, AND PUBLIC USE PROGRAM

### Program Objectives Statement

The objective of this program is to provide for diverse and sustainable hunting, fishing (recreational and commercial), trapping, and other public uses (wildlife observation) and associated economic benefits to the State. Activities include collection and assessment of information on the distribution and abundance of game fish and wildlife to determine the need for regulations (bag limits, gear restrictions, etc.) and to monitor the effects of those regulations.

*** Dollars in thousands, except in Salary Range.**

## 3600 DEPARTMENT OF FISH AND GAME—Continued

### Major Budget Adjustments Proposed for 2001–02

- $4,723,000 Fish and Game Preservation Fund and a reduction of 9.1 positions to implement the Automated License Data System (ALDS).
- $591,000 ($159,000 Fish and Game Preservation Fund; $432,000 Federal Trust Fund) and the conversion of 25.6 limited-term positions to permanent to maintain and expand sport fish restoration and improvement program activities.

### Authority

State Constitution, Fish and Game Code.

## 30 MANAGEMENT OF DEPARTMENT LANDS AND FACILITIES PROGRAM

### Program Objectives Statement

The objective of this program is to manage department-owned or leased lands and facilities (including hatcheries, wildlife areas, ecological reserves, fish and wildlife laboratories, and public access areas) for their contribution to the conservation, protection, and management of fish and wildlife, and for their use by the public.

### Major Budget Adjustments Proposed for 2001–02

- $9,910,000 General Fund to meet obligations to the Bureau of Reclamation associated with the Central Valley Project Improvement Act (CVPIA).
- $722,000 General Fund and 0.7 position to investigate and remediate lead-based paint at Department residences in Regions 4 and 5.
- $1,148,000 ($1,038,000 Fish and Game Preservation Fund; $110,000 Public Resources Account) and the conversion of 23.4 limited-term positions to permanent to continue land stewardship and maintenance activities.
- $247,000 ($37,000 Fish and Game Preservation Fund; $109,000 Federal Trust Fund; $101,000 Reimbursements) and the conversion of 5.6 limited-term positions to permanent to maintain and expand sport fish restoration and improvement program activities.

### Authority

State Constitution, Fish and Game Code.

## 40 CONSERVATION EDUCATION AND ENFORCEMENT PROGRAM

### Program Objectives Statement

The objective of this program is to serve the public through hunter education and other conservation education programs, and to promote compliance with laws and regulations protecting fish and wildlife resources, habitats and public safety.

### Major Budget Adjustment Proposed for 2001–02

- $123,000 ($2,000 Fish and Game Preservation Fund; $121,000 federal funds) and the conversion of 2.4 limited-term positions to permanent to maintain and expand sport fish restoration and improvement program activities.

### Authority

State Constitution, Fish and Game Code.

## 50 SPILL PREVENTION AND RESPONSE PROGRAM

### Program Objectives Statement

The objective of this program is to prevent damage, minimize impacts, restore, and rehabilitate California's fish and wildlife populations and their habitats from the harmful effects of oil and other deleterious material spills in marine waters and inland habitats.

### Authority

State Constitution, State Water Code, Government Code, Public Resources Code, and Health and Safety Code.

## 70 ADMINISTRATION

### Major Budget Adjustments Proposed for 2001–02

- $4,951,000 General Fund to support and maintain departmental migration to Microsoft Office automation operating systems.
- $4,544,000 General Fund to upgrade the department's computer network infrastructure.
- $73,000 ($21,000 General Fund; $25,000 Fish and Game Preservation Fund; $9,000 federal funds; $5,000 Reimbursements; $13,000 various special funds) and the conversion of 1.0 limited-term position to permanent to address labor relations workload needs.

---

# 3640 WILDLIFE CONSERVATION BOARD

### Program Objectives Statement

The Wildlife Conservation Board was established within the Department of Fish and Game (DFG) to administer a capital outlay program for wildlife conservation and related public access pursuant to the Wildlife Conservation Act of 1947 (Business and Professions Code Section 19632(a)). The Board conducts or causes to be conducted, investigations and studies to determine the areas within the State considered most essential for wildlife production and preservation, and which will provide compatible recreational opportunities. The Board develops fishing piers and fishing access sites at lakes, on the ocean, and along the State's waterways and aqueducts. The Wildlife Protection Act of 1990 (Proposition 117) was implemented in order to provide a long-term funding mechanism to provide for the preservation, and enhancement of California's diverse wildlife heritage, and the habitats upon which it depends. The Inland Wetlands Conservation Program, Chapter 1645, Statutes of 1990, and the California Riparian Habitat Conservation Program (Chapter 762, Statutes of 1991) are administered with funding provided in the annual budget. Projects authorized by the Board are evaluated and recommended by the DFG to the Board.

### Major Budget Adjustments Proposed for 2001–02

- $207,000 General Fund and 3.0 positions to implement capital outlay projects and acquisitions.
- $107,000 General Fund and 1.0 position to implement Natural Heritage Preservation Tax Credit Act of 2000.

### Authority

Fish and Game Code, Division 2, Chapter 4, Article 1, Section 1300 through Section 1431.

# 3680 DEPARTMENT OF BOATING AND WATERWAYS

The Department of Boating and Waterways is authorized by statute to (1) plan and develop boating facilities on waterways throughout California and (2) protect the public's right to safe boating by providing financial aid to local law enforcement agencies. In addition, the Department has responsibility for boating safety and education, licensing of yacht and shipbrokers, aquatic weed control in the Sacramento-San Joaquin Delta, and beach erosion control along California's coast.

## Authority

Division 1, Chapter 4 of the Harbors and Navigation Code.

## 10 BOATING FACILITIES

### Program Objectives Statements

The Boating Facilities program expands and improves public and boater access to California's waterways. To accomplish this, the Department (a) grants funds to cities, counties and other governmental agencies for the design and construction of boat launching facilities, floating restrooms, and vessel sewage pumpouts, (b) loans funds to cities, counties, and districts for the planning, design and construction of small craft harbors, and provides loans to businesses for the development of recreational marinas, (c) plans, designs, and constructs boating facilities on State-owned or controlled properties, (d) provides aquatic weed control in the Sacramento-San Joaquin Delta, its tributaries and the Suisun Marsh, and (e) grants funds, on a cost-sharing basis, to local and Federal agencies to finance beach erosion control measures to protect coastal resources.

### Major Budget Adjustments Proposed for 2001–02

- $25,923,000 Harbors and Watercraft Revolving Fund for local assistance launching facility grants.
- $24,686,000 Harbors and Watercraft Revolving Fund for public small craft harbor and private marina loans.

### PROGRAM REQUIREMENTS

| Totals, State Operations and Local Assistance for Boating Facilities | $54,902 | $57,365 | $64,709 |

## 20 BOATING OPERATIONS

### Program Objectives Statement

The Boating Operations program protects the public's right to safe and enjoyable boating on the waters of California. This includes: promoting boating safety and education; assisting local boating law enforcement agencies; ensuring uniformity in boating regulations; and licensing for-hire boat operators and yacht and ship brokers.

The department gathers statistical information on boating accidents to monitor accident trends and problem areas, and to research and document causal factors of accidents. To inform the public of preventative measures, the department publishes and distributes Boating safety literature and educational materials.

The department provides continuous coordination with over 700 municipal and justice courts and over 100 enforcement agencies to ensure an acceptable level of uniformity in boating law enforcement.

### Major Budget Adjustments Proposed for 2001–02

- $750,000 Abandoned Watercraft Abatement Fund to provide grants to local agencies to remove abandoned vessels.
- $150,000 Harbors and Watercraft Revolving Fund and one position to provide boating safety outreach programs to the public, as recommended by the Boating Safety Advisory Committee.

## 3680 DEPARTMENT OF BOATING AND WATERWAYS—Continued

### 30 BEACH EROSION CONTROL

### Program Objectives Statement

The Beach Erosion Control program strives to mitigate coastal erosion through beach enhancement and restoration. California's beaches provide important infrastructure for recreation, tourism, and shoreline protection. The department provides advice to local, state, and federal governments on the need to protect and maintain critical areas from erosion, and for cooperating with all levels of government in programs to provide restoration.

The program involves cooperative efforts with the federal government, state agencies, and local agencies to study and report on problems of beach erosion. Regional beach restoration erosion projects are constructed by the U.S. Army Corps of Engineers in cooperation with state and local agencies. Localized beach restoration is typically constructed by local agencies with state cooperation.

## 50 CAPITAL OUTLAY

### PROGRAM ELEMENTS

### Major Capital Outlay Budget Adjustment Proposed for 2001–02

- $8.54 million from the Harbors and Watercraft Revolving Fund for one major boat launching facility project, three boating instruction and safety centers and a minor capital outlay program. These projects will enhance boating access and safety at state parks, beaches and reservoirs.

### Major Projects

| | | | |
|---|---|---|---|
| 50.04 Lake Oroville SRA, Spillway | | | |
| 50.04.020 Boat Launching Facility | $140 [P] | $2,354 [C] | – |
| 50.10 Millerton Lake SRA (Crows Nest Area) | | | |
| 50.10.010 Boat Launching Facility | 90 [W] | 1,395 [C] | – |
| 50.12 Humboldt Bay | | | |

# 3720 CALIFORNIA COASTAL COMMISSION

The California Coastal Commission manages California's coastal resources. The commission is composed of 16 members, 12 voting and 4 nonvoting. The Governor, the Senate Rules Committee, and the Speaker of the Assembly with confirmation of the Assembly Rules Committee each appoint 2 public members and 2 locally elected officials. The 4 nonvoting members are the Secretary for Resources, the Secretary for Business, Transportation and Housing, the Secretary for Trade and Commerce, and the chairperson of the State Lands Commission.

The Coastal Act of 1976 established policies with which ''coastal zone'' conservation and development decisions must comply. The ''coastal zone'' extends three miles seaward and generally about two miles inland. In particularly important and generally undeveloped areas where there can be a considerable impact on the coastline from inland development, the coastal zone extends as much as twelve miles inland. In developed urban areas, the coastal zone extends considerably less than 1,000 yards inland. The commission's jurisdiction does not extend into or around San Francisco Bay, where development is regulated by the San Francisco Bay Conservation and Development Commission.

The Coastal Act addresses public access to the coast, coastal recreation, the marine environment, coastal land resources, and coastal development of various types, including energy facilities and other industrial development. Each local government within the coastal zone is required to prepare a local coastal plan (LCP) which is submitted to the commission for review and certification. Until the LCP is certified, virtually all development within the coastal zone requires a coastal permit from the commission and a local permit from the city or county in which the development would be located. After certification of an LCP, the commission's regulatory authority over most types of development is delegated to the local government, subject to limited appeal to the commission. An alternative process is available to local government to assume authority for regulating most coastal development upon the certification of the land use plan portion of its LCP. Under this option, all local decisions on coastal development permits are subject to appeal to the commission.

The Coastal Commission is also the designated State coastal management agency for the purpose of administering the federal Coastal Zone Management Act in California. Under the federal law, California receives financial assistance to develop and implement the federally approved California Coastal Management Program. The Federal Coastal Act gives the commission authority over federal activities otherwise not subject to State control.

## Authority

Public Resources Code, Division 20, Sections 30000 et seq. and USC 1456 (Section 307, Federal Coastal Zone Management Act of 1972).

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

### 10 COASTAL MANAGEMENT PROGRAM

#### Program Objectives Statement

This program manages and protects California's coastal resources. Activities include: preparation and certification of LCPs; interim regulation of coastal zone development; the permanent regulation of development on tidelands, submerged lands, and public trust lands; monitoring, enforcement, and handling of appeals of certain local regulatory decisions; reviewing federal projects and activities for consistency with the California Coastal Management Program; the operation of a program to protect and increase usable areas for public access to the coastline; and the provision of technical information and assistance to local governments in the implementation of their LCPs.

#### Authority

Public Resources Code, Division 20, Sections 30000 et seq.

### 20 COASTAL ENERGY PROGRAM

#### Program Objectives Statement

This program addresses State and national energy concerns, which are afforded special treatment in the Coastal Act and the federal Coastal Zone Management Act. These concerns are met by including an energy component in the LCPs of local jurisdictions facing significant energy development; regulating coastal energy development under special conditions which allow approval even if a development would not meet other policies of the act; regulating oil and gas drilling offshore to ensure that drilling will be consistent with the California Coastal Management Program; and designating, every five years, areas where the location of thermal electric generating plants would conflict with the objectives of the Coastal Act.

#### Authority

Public Resources Code, Division 20, Sections 30000 et seq. and U.S.C. 1456 (Section 307, Federal Coastal Zone Management Act of 1972).

### 98 STATE-MANDATED LOCAL PROGRAMS

#### Program Objectives Statement

This budget proposes to continue the suspension of the "Local Coastal Plans" mandate (Ch. 1330/76) which was first suspended in 1993–94.

---

# 3760 STATE COASTAL CONSERVANCY

## Program Objectives Statement

The State Coastal Conservancy develops and implements programs to protect, restore and enhance resources in the coastal zone pursuant to the California Coastal Act of 1976. The State Coastal Conservancy:

a) acquires agricultural lands to prevent the loss of such lands to other uses and to assemble such lands into parcels of adequate size to permit continued agricultural production;

b) provides grants to local agencies for, or undertakes, projects designed to restore areas which may be adversely affecting the coastal environment or impeding orderly development due to poor lot layout, scattered ownerships, incompatible land uses, or other conditions;

c) awards grants to local or State public agencies for, or undertakes, projects designed to enhance natural and scenic values threatened by dredging or filling, improper location of improvements and other conditions;

d) undertakes projects in the preservation of significant coastal resource areas until other public agencies are willing or able to acquire such sites; and,

e) awards grants to local public agencies for the purpose of acquiring and developing public accessways to the coast.

## Major Budget Adjustment Proposed for 2001–02

- $285,000 General Fund and 3 limited-term positions to support the Conservancy's California Coastal Trail Program.

## 15 COASTAL RESOURCE DEVELOPMENT PROGRAM

### Program Objectives Statement

The Coastal Resource Development Program preserves coastal agricultural land in farming use; assists in the design or redesign of subdivisions and waterfronts to encourage appropriate private development and public and commercial use; protects and provides public accessways to coastal lands with high scenic, recreational or habitat value and land along the coast and bay shore; and acquires important coastal resource lands for eventual conveyance to public agencies or qualified nonprofit organizations.

### Authority

Public Resources Code Division 21, Chapter 5, Sections 31150–31356.

## 25 COASTAL RESOURCE ENHANCEMENT

### Program Objectives Statement

The Coastal Resource Enhancement Program creates new fish and wildlife habitats and restores and enhances watersheds, wetlands, riparian corridors, and other existing habitat areas. The program provides technical assistance and mediation to resolve land use conflicts in a manner that preserves and restores existing resources or establishes new habitats. The program also provides funding for planning and implementing resource restoration and enhancement projects.

### Authority

Public Resources Code Division 21, Chapter 5, Sections 31251–31270.

# 3780 NATIVE AMERICAN HERITAGE COMMISSION

## Program Objectives Statement

The Native American Heritage Commission preserves and protects California Native American cultures. The commission's powers and duties include: identifying and cataloging geographic sites of importance to Native Americans; helping Native Americans obtain access to these sites when necessary; protecting Native American burial and sacred sites; and ensuring that remains are treated appropriately when burial sites are discovered.

## Authority

Public Resources Code Sections 5097.9–5097.99.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3790 DEPARTMENT OF PARKS AND RECREATION

The mission of the California Department of Parks and Recreation is to provide for the health, inspiration, and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation. An ever-increasing population in California has resulted in accelerated urbanization which necessitates the establishment of park units and recreation areas accessible to the major population centers of the State. It is necessary to provide for the wise and constructive use of the State's natural resources for recreational uses and to preserve the State's cultural, historical, and natural heritage for future generations to enjoy.

### Major Budget Adjustments Proposed for 2001–02

- $11,000,000 General Fund and 4.0 positions to provide ongoing resource maintenance to protect and preserve natural resources.
- $2,154,000 General Fund and 16.0 positions for recently acquired parklands and completed development projects.
- $1,111,000 General Fund and 5.0 positions to implement and monitor projects included in the Lake Tahoe Environmental Improvement Program.
- $571,000 General Fund and 5.0 positions for statewide planning and technical assistance for parks and recreation providers, State Park System planning, and recreational trails projects.
- $367,000 General Fund ($349,000) and Off-Highway Vehicle Trust Fund ($18,000) and 3.0 positions for achieving compliance with the Americans with Disabilities Act (ADA).
- $3,437,000 Off-Highway Vehicle Trust Fund and 6.0 positions to implement environmental compliance, law enforcement, and educational elements and for the administration of off-highway grants and the operation of State Vehicle Recreation Areas.
- $2,573,000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund and 1.0 position to implement the Cultural Resources Stewardship Program and the Natural Resources Stewardship Programs in accordance with Proposition 12.

## 90 CAPITAL OUTLAY

### PROGRAM ELEMENTS

### Major Budget Adjustments Proposed for 2001–02

- $43 million in bond funds for acquisitions and critical infrastructure projects to address public safety and facility deterioration and continue seven existing projects.
- $11 million in General Fund to continue five existing projects including two projects that are part of the Tahoe Environmental Improvement Program.
- $4.7 million from Off-Highway Vehicle Trust Fund for state vehicular areas (SVRAs). This includes acquisition funding for the SVRA in San Luis Obispo County.
- $4.2 million from various special funds to acquire habitat areas and continue the General Plan at Anza-Borrego Desert State Park.

### Major Projects

| | | | |
|---|---|---|---|
| 90.JH ANDERSON MARSH SHP | | | |
| 90.JH.100 Acquisition of Connector | – | $800 Ac | – |
| 90.HA ANZA-BORREGO DESERT SP | | | |
| 90.HA.105 General Plan | $237 Sn | 256 Sn | $183 Sn |
| 90.3F BENBOW LAKE SRA | | | |
| 90.3F.605 Benbow Dam Repair | 1,239 PWCb | – | – |
| 90.BA BIG BASIN REDWOODS SP | | | |
| 90.BA.405 Acquisition—Sempervirens Matching Program | 500 Ar | – | – |
| 90.90 BODIE SHP | | | |
| 90.90.110 Stabilize and Repair Buildings, Phase III-Construction | 242 Cn | – | – |
| 90.90.110 Health and Safety Mitigation | 428 PWCb | – | – |
| 90.EU BOLSA CHICA STATE BEACH | | | |
| 90.EU.120 Replace Restrooms/Concession Facility | – | 7,943 PWCc | – |

*** Dollars in thousands, except in Salary Range.**

## 3790 DEPARTMENT OF PARKS AND RECREATION—Continued

| STATE BUILDING PROGRAM EXPENDITURES | Actual 1999–00* | Estimated 2000–01* | Proposed 2001–02* |
|---|---|---|---|
| 90.IL BORDER FIELD SP | | | |
| 90.IL.101 Develop and Rehabilitate Day Use Facilities [B] | – | – | $197 [Pc] |
| This project will construct an addition to the Visitor Center, replace a burned down restroom, replace an unsafe entrance contact station, upgrade the beach/equestrian user parking lot, and upgrade the family picnic area, including the addition of a group picnic area. | | | |
| 90.IL.102 Sediment Basins and Road Realignment | – | – | 1,200 [Cc] |
| Reimbursement | – | – | 5,249 [Cz] |
| This project will construct sediment basins and realign road. | | | |
| 90.H9 CARDIFF SB | | | |
| 90.H9.101 Rebuild South Cardiff Facilities [B] | – | – | 201 [PWc] |
| This project will rebuild and reconfigure the storm-damaged entrance and parking lot and will install shoreline protection to minimize the potential for future storm damage. | | | |
| 90.7K CARNEGIE SVRA | | | |
| 90.7K.601 Tesla and Alameda | $22 [Po] | $1,200 [WCo] | – |
| 90.7K.101 Mitchell Ravine | – | 9,000 [Ao] | – |
| 90.E4 CHINO HILLS SP | | | |
| 90.E4.400 Brea Olinda Wilderness Acquisition | 3 [Ar] | 766 [Ar] | – |
| 90.E4.400 Coal Canyon Biological Corridor—Acquisition | – | 3,000 [Ab] | – |
| 90.E4.101 Entrance Road | – | 261 [Sc] | – |
| 90.E4.102 Public Use Facility | – | 337 [PWc] | 1,708 [Cc] |
| 90.9H COLONEL ALLENSWORTH SHP | | | |
| 90.9H.120 Restorations | 545 [PWCb] | 3,455 [PWCb] | – |
| 90.9H.121 Restoration | – | 4,000 [PWCc] | – |
| 90.8J COLUMBIA SHP | | | |
| 90.8J.600 Knapp Block Rehabilitation | 51 [SPb] | 251 [Wb] | 4,394 [Cb] |
| 90.GI CRYSTAL COVE SP | | | |
| 90.GI.101 El Morro Mobilehome Park Conversion | – | 2,118 [SPc] | 803 [Wc] |
| 90.H6 CUYAMACA RANCHO SP | | | |
| 90.H6.605 Rehabilitation and Replacement of Paso Picacho Campground Facilities | 1,615 [PWCb] | – | – |
| 90.8D DONNER MEMORIAL SP | | | |
| 90.8D.101 Replace Restrooms and Water System | – | 155 [Pb] | 1,961 [WCb] |
| 90.64 EAST BAY REGIONAL PARK DISTRICT | – | 2,600 [APWCc] | – |
| 90.8U FOLSOM LAKE SRA | | | |
| 90.8U.102 Proposed additions | – | 4,000 [Ac] | – |
| 90.8U.104 GB Recreational Trails | – | 500 [APWCc] | – |
| 90.AA FOLSOM POWERHOUSE SHP | | | |
| 90.AA.101 Powerhouse Stabilization [B] | – | – | 233 [Pc] |
| This project will perform seismic retrofit of main powerhouse/wheelhouse and lower powerhouse, replace roofing and gutters, treat corrosion of penstocks, update interpretive plan and exhibits, repair the historic highway bridge, repair and reconstruct historic elements, and make miscellaneous site improvements. | | | |
| 90.101 FORT ROSS SHP | | | |
| 90.5R.101 Reconstruct Historic Fur Warehouse [B] | – | – | 236 [Pc] |
| This project will include reconstruction of the historic, two-story Fur Warehouse restroom, septic tank and leach field. | | | |
| 90.BG FREMONT PEAK SP | | | |
| 90.BG.100 Campground Rehabilitation/Restoration | – | 500 [PWCc] | – |
| 90.DQ HEARST SAN SIMEON SHM | | | |
| 90.DQ.101 Hearst Road Stabilization [B] | – | – | 601 [PWc] |
| This project includes stabilization of road, soil retaining systems, drainage systems and grading. | | | |
| 90.C0 HENRY W. COE SP | | | |
| 90.C0.402 Mt. Hamilton Acquisition | 994 [Ab] | 6 [Ab] | – |
| | – | 12,000 [Ac] | – |
| 90.C0.101 Day Use Development at Dowdy Ranch | – | 278 [Pc] | 2,247 [WCEc] |
| 90.6P JACK LONDON SHP | | | |
| 90.6P.101 Restore Cottage as House Museum [B] | – | – | 161 [PWc] |
| This project will include restoration/seismic retrofitting, reroofing, miscellaneous improvements, interpretative and furnishings, upgrade HVAC, installation of fire/security systems, site modifications, and disabled access. | | | |
| 90.EC KENNETH B. HAHN SRA | | | |
| 90.EC.401 Expansion-Acquisition | 390 [Ab] | 3,610 [Ab] | – |
| 90.EC.101 Acquisition/Improvements | – | 32,500 [ACc] | – |
| 90.47 LAKE OROVILLE SRA | | | |
| 90.47.100 Sewer System Rehabilitation | 49 [Pb] | 2,100 [WCb] | – |

*** Dollars in thousands, except in Salary Range.**

## 3790 DEPARTMENT OF PARKS AND RECREATION—Continued

# 3810 SANTA MONICA MOUNTAINS CONSERVANCY

### Program Objectives Statement

The Santa Monica Mountains Conservancy acquires, restores and consolidates lands in the Santa Monica Mountains Zone for park, recreation or conservation purposes. The powers of the Conservancy include authority to:

1. Acquire real property, and improve, lease, rent, sell, transfer or exchange these lands for park purposes;
2. Award grants or interest free loans to state and local agencies for purchase or restoration of park, recreation, conservation or buffer-zone purposes to ensure that the character and intensity of development on these lands is generally compatible with and does not adversely impact the zone;
3. Implement programs to improve access from the inner city areas surrounding the zone, thereby providing recreational opportunities for all groups wishing to enjoy nature;
4. Execute projects consistent with Division 23 of the Public Resources Code within the Rim of the Valley Trail Corridor to provide a recreational trail corridor; and
5. Work with local government to implement the Safe Neighborhood Parks Act of 1992 and the Los Angeles County Park, Beach, and Recreational Facilities Act of 1996, and other measures which help achieve the Conservancy's objectives.

### Authority

Public Resources Code Section 33000, et seq.

# 3820 SAN FRANCISCO BAY CONSERVATION AND DEVELOPMENT COMMISSION

The San Francisco Bay Conservation and Development Commission (BCDC) is a regional planning agency responsible for protecting the bay and its shoreline. The commission performs the following functions: maintains the Bay Plan to serve as a guide for the conservation of the San Francisco Bay and the development of its shoreline; issues or denies permits for filling or dredging in the Bay; approves any change in the use of salt ponds, property within 100 feet of the Bay, or other "managed wetlands" adjacent to the Bay; and implements the Suisun Marsh Preservation Act of 1977.

The commission is the designated agency for the Bay segment of the coastal zone for purposes of the federal Coastal Zone Management Act. Under this federal law, the commission develops and implements the federally approved coastal management program for the Bay and exercises authority over federal activities otherwise not subject to State control. Partial reimbursement is derived from federal grants received by the California Coastal Commission.

## Major Budget Adjustments Proposed for 2001–02

- $184,000 General Fund and 2.0 positions to support personnel and accounting services.
- $328,000 General Fund and 3.0 positions to implement the CALFED program.

## Authority

Title 7.2, Section 66600 et seq., Government Code and Division 19 (beginning with Section 29000), Public Resources Code.

# 3825 SAN GABRIEL AND LOWER LOS ANGELES RIVERS AND MOUNTAINS CONSERVANCY

Chapters 788 and 789, Statutes of 1999, established the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy to acquire and manage public lands in the main San Gabriel Basin, the San Gabriel River and its tributaries, the Lower Los Angeles River and its tributaries, and the San Gabriel mountains, and to provide open space, low-impact recreational and educational uses, water conservation, watershed improvement, and wildlife and habitat restoration and protection. The governing board consists of 13 voting members and 7 non-voting members. During the initial year, the Conservancy will engage in the development of a master plan for the river systems.

## Authority

Division 22.8, Section 32600 et seq., Public Resources Code.

# 3830 SAN JOAQUIN RIVER CONSERVANCY

The San Joaquin River Conservancy was established in 1992 for the purpose of acquiring and managing public lands within the San Joaquin River Parkway. The Parkway consists of the San Joaquin River and approximately 5,900 acres on both sides of the river between the Friant Dam and the Highway 99 crossing. The governing board for the Conservancy consists of fifteen voting members.

## Authority

Public Resources Code, Division 22.5 (commencing with Section 32500).

# 3840 DELTA PROTECTION COMMISSION

The Delta Protection Commission provides a regional approach to protecting the Sacramento-San Joaquin Delta's resources through comprehensive regional land use planning implemented by local government in its local land use planning procedures and enforcement. The commission, comprised of 13 local and 6 state government officials, prepared and adopted a ''comprehensive long-term resources management plan'' for land uses within the Sacramento-San Joaquin Delta. The commission is established until January 1, 2010 (extended from January 1, 1999 by Chapter 584, Statutes of 1998) to ensure that local governments conform their general plans and development permit decisions to the requirements of the regional plan and to adopt amendments to the regional plan as necessary.

## Authority

Public Resources Code Division 19.5 (commencing with Section 29700).

# 3860 DEPARTMENT OF WATER RESOURCES

The Department of Water Resources protects, conserves, develops, and manages California's water. The department has a major responsibility for supplying suitable water for personal use, irrigation, industry, recreation, power generation, and fish and wildlife; for flood management and the safety of dams, and to educate the public about the importance of water and its proper use.

### Authority

## 10 CONTINUING FORMULATION OF THE CALIFORNIA WATER PLAN

### Program Objectives Statement

This program develops and maintains the plan for sound management of California's water resources by local, state, and federal agencies. Regional water needs are combined into a statewide view; options are then explored to identify ways to meet these needs in an environmentally acceptable manner. This program investigates and identifies water management practices, such as conservation, water recycling, water transfers and conjunctive use, as well as structural measures.

### Major Budget Adjustments Proposed for 2001–02

- $8.1 million General Fund (GF) to preserve the Suisun Marsh.
- $300,000 GF to identify and destroy State owned abandoned wells in Ventura County.
- $110,000 GF for a scoping study to update the California Water Atlas.
- Elimination of 71.0 positions departmentwide pursuant to the Excess Vacant Position Analysis.

## 15 CALFED BAY-DELTA PROGRAM

### Program Objectives Statement

The CALFED Bay-Delta Program, a cooperative State and federal effort, was established in 1995 to address problems of the San Francisco Bay/Sacramento-San Joaquin Delta Estuary (the Bay-Delta) system. The Program's objectives are to reduce conflicts in the system by solving problems in ecosystem quality, water quality, water supply reliability, and levee and channel integrity. Its mission is to develop a long-term comprehensive plan that will restore ecological health and improve water management for beneficial uses of the Bay-Delta system. It is comprised of State and federal agencies with management or regulatory responsibilities for the Bay-Delta and is advised by the Bay-Delta Advisory Council, citizens advisors who provide public participation.

### Major Budget Adjustment Proposed for 2001–02

- $82.7 million GF, $103.2 million in other funds and 138.7 positions for implementation of the CALFED Bay-Delta Program.

## 20 IMPLEMENTATION OF THE STATE WATER RESOURCES DEVELOPMENT SYSTEM

### Program Objectives Statement

This program has three objectives:

To provide necessary water supplies to agencies which have contracted for water from the State Water Project, a network of physical facilities located from Plumas County to the Mexican border;

To plan, design, construct, operate, maintain, and manage State Water Project facilities in an efficient, economical, and timely manner; and,

To further the development of essential and economically justified local water projects through financial assistance to local public agencies.

The capital outlay portion of this program is reflected in the Summary of Capital Expenditures in this budget.

## 30 PUBLIC SAFETY AND PREVENTION OF DAMAGE

### Program Objectives Statement

This program was established to protect life and property from damage or destruction by floods, ensures proper construction and maintenance of jurisdictional dams; make loans for construction improvement or rehabilitation of domestic water systems to enable them to meet state standards for drinking water; and provide information, guidance, and assistance in water management during dry years. Activities include: preventive floodplain management to discourage unwise development in areas subject to flooding and promote proper floodproofing in already developed areas; issuance of flood warnings in cooperation with the National Weather Service; operation of flood control facilities; coordination and supervision of

*** Dollars in thousands, except in Salary Range.**

## 3860 DEPARTMENT OF WATER RESOURCES—Continued

flood fighting activities; and, annual levee and flood channel maintenance. This program also funds the cost of lands, easements, and rights-of-way for federal flood control projects. The dam safety element of this program provides design review of proposed new dams as well as periodic inspection and re-evaluation of all existing jurisdictional dams for proper construction and maintenance.

### Major Budget Adjustments Proposed for 2001–02

- $73.6 million GF for the flood control subventions program.
- $4.3 million GF for sediment removal along the Sacramento River.
- $536,000 GF and three positions for the review of flood control projects, as required by Chapter 1071, Statutes of 2000 (AB 1147).
- $375,000 GF to ensure that the department's flood warning system complies with federal radio frequency regulations.
- $300,000 GF for the Floodplain Management Task Force, as required by Chapter 1071, Statutes of 2000 (AB 1147).
- $4.4 million Yuba Feather Flood Protection Subaccount for the second year of Yuba Feather Flood Protection Program.
- $587,000 Flood Protection Corridor Subaccount for the second year of the Flood Protection Corridor Program.

## 40 SERVICES

### Program Objectives Statement

This program provides technical support to the department's activities and provides services and other departmental expertise to other agencies in the fields of water resources planning, development and management; chemical laboratory analysis; electronic data processing; mapping and surveying.

## 99 LOAN REPAYMENT PROGRAM

### Program Objectives Statement

The purpose of this program display is to show estimated Davis-Grunsky, Clean Water Bond Law of 1984 and 1986 Water Conservation and Water Quality Bond loan repayments.

### Authority

## 3870 CALFED Bay-Delta Program

The CALFED Bay-Delta Program is an unprecedented effort to implement a framework for managing California's most precious natural resource: water. On August 28, 2000, with the signing of the Record of Decision (ROD) for the Final Programmatic Environmental Impact Statement/Report (EIS/EIR), California and the federal government announced a commitment to move forward with implementation of the CALFED Bay-Delta Program. The ROD and Final EIS/EIR established the framework for implementation of a thirty year program which includes ten elements: ecosystem restoration, water quality, Delta levees, watershed management, water storage, water transfers, water use efficiency, Delta water conveyance, a strong science element and an Environmental Water Account for water purchases.

Implementation of the CALFED Program involves numerous state and federal agencies as well as local governments, Native American tribes, and private and nonprofit entities. Year 1 of implementation began in FY 2000–01 with the signing of the ROD. Oversight and coordination of the CALFED Program will continue to be provided by State and federal staff which are currently funded in the Department of Water Resources and the U.S. Bureau of Reclamation.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3870 CALFED Bay-Delta Program—Continued

Displayed below are the State and federal agencies involved in achieving the objectives of the CALFED Program. With the shift from planning to implementation of the CALFED Program, an Implementation Memorandum of Understanding was developed and signed by 20 state and federal agencies as part of the ROD. Within the MOU, existing state and federal programs and funds were identified as Category A or B programs. The Crosscut Budget has been organized by Category A and B Programs:

- Category A programs are those programs that are an integral part of the CALFED objectives and therefore should be managed and implemented directly through the CALFED process.
- Category B programs are those programs that are consistent with, and related to, the CALFED objectives and therefore should be managed in coordination with the CALFED Program.

Crosscut information for the federal portion of CALFED for the federal fiscal year 2002 (beginning October 2001) will not be available until sometime during 2001. Specific State funding requests for the CALFED Program are identified in individual department budgets.

### CALFED Agencies Category A and B Funding

| | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| **State—Category A** | | | |
| Resources Agency | – | $119,487 | $140,203 |
| CALFED | – | 181,396 | 55,239 |
| Department of Water Resources | – | 254,846 | 168,694 |
| Department of Fish and Game | – | 17,363 | 6,972 |

# 3900 AIR RESOURCES BOARD

The Air Resources Board has primary responsibility for protecting air quality in California. This responsibility includes establishing ambient air quality standards for specific pollutants, administering air pollution research studies, evaluating standards adopted by the U.S. Environmental Protection Agency and developing and implementing plans to attain and maintain these standards. These plans include emission limitations for vehicular and industrial sources established by the Board and local air pollution control districts.

## 15 MOBILE SOURCE

### Program Objectives Statement

The Mobile Source Program is directed at controlling emissions from internal combustion engines. Activities of this program include the following:

1. Develop, implement and enforce laws and regulations limiting emissions from new and in-use vehicles. Surveillance of vehicles is performed to assess the effectiveness of established procedures. In addition, the effects of replacement parts, retrofitted emission control devices and fuel additives on emissions are studied.
2. Develop test and evaluation procedures for vehicles, engines, emission control components, fuel additives and test equipment to assure that emission standards are met for the useful life of required emission control components.
3. Conduct information and training seminars for vehicle dealers, mechanics and members of the public on vehicle emissions and the resulting air pollution.
4. Develop inspection standards, perform effectiveness evaluations and provide analytical capabilities for California's motor vehicle inspection and maintenance program.
5. Develop regulations for presently unregulated modes of internal combustion engine use, as well as other mobile sources.

### Major Budget Adjustments Proposed for 2001–02

- $100,000,000 General Fund (GF) for the Diesel NOx Reduction Program to replace older diesel engines with cleaner models.
- $50,000,000 GF for grants to support the California Zero Emission Vehicle Program.
- $3,950,000 Air Pollution Control Fund (APC) one-time funding to upgrade existing equipment and instrumentation with the latest technological advancements.
- $935,000 APC one-time funding to purchase equipment to conduct in-use vehicle compliance testing.
- $650,000 APC to increase the scope of the ongoing Children's Health Study to adapt to changes in air monitoring needs and improvements in technologies.
- $369,000 Motor Vehicle Account (MVA), $75,000 Vehicle Inspection and Repair Fund, and $1,000 Reimbursements to replace obsolete scientific equipment.
- $311,000 MVA to enhance and expand the air monitoring equipment network in the Lake Tahoe region.

### Authority

Health and Safety Code Section 39000 et seq.

## 25 STATIONARY SOURCE

### Program Objectives Statement

This program works with air pollution control districts and the business and scientific communities to reduce emissions from stationary sources to comply with State and federal laws. The functions performed include the following:

1. Develop measures for reducing emissions from stationary and other sources as required by the California Clean Air Act, and work with local air pollution control districts to achieve and maintain State and federal ambient air quality standards.
2. Identify substances which are toxic air contaminants and develop measures to control such emissions.
3. Provide guidance on control technology for stationary sources.
4. Review and comment on environmental impact reports relating to general projects, as required by the Public Resources Code and the National Environmental Policy Act, and provide technical assistance to local and regional agencies.
5. Assist industries wishing to locate or expand in California and provide comments to lead agencies and districts on applications for permits to construct or modify facilities that are major sources of air pollution.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3900 AIR RESOURCES BOARD—Continued

6. Develop and implement, in conjunction with local air pollution control districts, a new source siting program for California that meets Federal Clean Air Act and State requirements.
7. Provide technical assistance to districts on source-specific toxic (or potentially toxic) air contaminant exposure assessments.

### Major Budget Adjustments Proposed for 2001–02

- $2,550,000 APC one-time funding to upgrade existing equipment and instrumentation with the latest technological advancements.
- $1,000,000 GF to implement Chapter 1019, Statutes of 2000 (SB 1794) to provide funding to the Rice Straw Demonstration Project Grant Fund to make cost-sharing grants for development of demonstration projects for new rice straw technologies.
- $972,000 GF reduction to correspond to an Office of Environmental Health Hazard Assessment proposal to convert reimbursements from the Air Resources Board to a direct GF appropriation for various air quality risk assessment activities.
- $311,000 GF to enhance and expand the air monitoring equipment network in the Lake Tahoe region.
- $192,000 GF and 2.0 positions to implement Chapter 741, Statutes of 2000 (SB 1298) to develop emission standards for distributed generators of electricity and certify related technologies.
- $114,000 GF and $1,000 Reimbursements to replace obsolete scientific equipment.
- $350,000 APC to increase the scope of the ongoing Children's Health Study to adapt to changes in air monitoring needs and improvements in technologies.
- $187,000 GF and 2.0 positions for continuation of the Agencywide Economic Analysis Unit.
- $343,000 GF and 3.5 positions to implement Chapter 329, Statutes of 2000 (AB 970) to address energy needs in California, including measures to reduce demand for, and increase supply of, electricity during peak-use periods.

### Authority

Health and Safety Code Section 39000 et seq.

## 35 SUBVENTION

Since 1972, the Air Resources Board has provided subventions to local air pollution control districts in order to encourage and provide support for effective district programs. The state's 35 local air pollution control districts have the primary responsibility for controlling stationary sources of air pollution in California. Subvention funding requires that certain general program criteria be met in addition to strict matching requirements.

# 3910 CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD

The California Integrated Waste Management Board promotes the following waste management practices: (1) source reduction, (2) recycling and composting, (3) reuse, and (4) environmentally safe transformation and land disposal. The Board protects public health and safety and the environment through the regulation of solid waste facilities, including landfills.

The Board's activities include: permitting, inspection and enforcement at solid waste facilities and the cleanup of abandoned solid waste sites; training, certification, oversight and evaluation of Local Enforcement Agencies that regulate solid waste facilities; review and approval of, and technical assistance related to, local integrated waste management plans; research and investigations of new or improved solid waste handling, disposal, or recycling methods and of waste reduction and reuse alternatives; public awareness and education programs; market development and business development programs to promote recycling-based industries and alternatives to land disposal; operation of a statewide integrated data base describing California's waste management infrastructure; used oil recycling programs; household hazardous waste programs; and programs to promote the recycling or reuse of used tires, abate tire piles, and issue permits for tire piles.

## 10 PLANNING AND ENFORCEMENT

### Program Objectives Statement

The Planning and Enforcement Program ensures that all nonhazardous solid wastes are stored, collected, processed and disposed of in a safe and environmentally sound manner. This is accomplished through the enforcement of environmental and health standards at solid waste facilities, and the development and maintenance of local solid waste management plans which describe how each city and county will reduce the amount of solid waste disposed.

Cities and counties are responsible for local planning and diversion program implementation under State guidelines. The Board is responsible for approving the plans and monitoring the implementation of the programs to achieve a 50 percent diversion of waste from landfills. The local plans also identify a minimum of 15 years of landfill capacity for remaining solid waste not diverted. Local enforcement agencies (LEAs) issue permits for solid waste facilities and enforce permit conditions and State standards. Permits are subject to Board concurrence. LEAs are evaluated by the Board every three years to ensure that State standards are being met. The Board inspects all landfills every 18 months (monthly inspections are conducted by the LEAs) and maintains an inventory of solid waste facilities that violate State standards. The Board also investigates illegal or abandoned disposal sites and administers a program to clean up illegal disposal sites located on farm and ranch property in California.

Beginning with 2000–01, this program is consolidated into Program 11.

### Authority

Public Resources Code Section 40000 et seq. and Health and Safety Code Section 4500.

## 11 WASTE REDUCTION AND MANAGEMENT

### Program Objectives Statement

This program, beginning in 2000–01, consolidates Programs 10, 15, and 20 to streamline administration of diversion, waste reduction, resource recovery, and permitting and enforcement activities. This consolidation will enable the Board to provide leadership, coordination, and direct assistance through a centralized operation and avoid duplication. The program objectives of Program 11 incorporate the prior program objectives of Programs 10, 15, and 20 including: (1) ensuring that all nonhazardous solid wastes are stored, collected, processed, and disposed of in a safe and environmentally sound manner through the enforcement of environmental and health standards at solid waste facilities; (2) ensuring the development and maintenance of local solid waste management plans, which describe how each city and county will reduce the amount of solid waste disposed to achieve a 50 percent diversion of waste from landfills; (3) cleaning up solid waste disposal sites for which the responsible party either cannot be identified or is unable or unwilling to pay for timely remediation, and where cleanup is needed to protect health and safety or the environment; (4) reducing the amount of waste generated and promoting composting, recycling, and the use of recycled materials in manufacturing processes; (5) reducing the number of used tires that are placed in landfills or illegally dumped or stockpiled and promoting technologies that turn waste tires into useful products; and (6) reducing the amount of improperly disposed used oil and promoting the recycling of used oil.

### Major Budget Adjustments Proposed for 2001–02

- $1,859,000 Integrated Waste Management Account (IWMA) to continue 23.5 positions to increase the percentage of waste diverted from landfills.
- $130,000 IWMA and 2.0 positions to develop a model planning document, implement various planning procedures, and prepare a related report to the Legislature, pursuant to Chapter 740, Statutes of 2000 (SB 2202).
- $96,000 redirection from local assistance to state operations to provide training to local enforcement agencies regarding changes in State and federal regulations and act as the local enforcement agency where there is none.

### Authority

| Solid Waste Disposal Site Remediation | – | 11.0 | 7.0 | – | 5,603 | 4,920 |

## 15 DISPOSAL SITE CLEANUP AND MAINTENANCE

### Program Objectives Statement

The program objective is to clean up solid waste disposal sites for which the responsible party either cannot be identified or is unable or unwilling to pay for timely remediation, and where cleanup is needed to protect public health and safety or the environment. In administering the program, the Board may expend funds directly for cleanup, provide loans to responsible parties who demonstrate the ability to repay State funds, and provide matching grants to local governments to assist in the cleanup.

Beginning with 2000–01, this program is consolidated into Program 11.

### Authority

Chapter 655, Statutes of 1993.
Public Resources Code Section 48020 et seq.

## 20 WASTE REDUCTION AND RESOURCE RECOVERY

### Program Objectives Statement

The Waste Reduction and Resource Recovery Program reduces the amount of waste generated and promotes the recovery, reuse, and incorporation of recyclable materials as a feedstock into manufacturing processes. The program integrates source reduction, recycling and composting into local integrated waste management systems. Activities include: waste reduction, market development, recycled product procurement, and recovery.

Beginning with 2000–01, this program is consolidated into Program 11.

### Authority

Public Resources Code Section 40000 et seq.

## 25 TIRE RECYCLING

### Program Objectives Statement

The purposes of the Tire Recycling Program are to (1) reduce landfill disposal and stockpiling of used whole tires, (2) recycle and reclaim used tires and used tire components to recover valuable natural resources for new markets, and (3) eliminate illegal dumping and unsafe stockpiling of used tires. The program includes support for waste tire facility permitting, waste tire site remediation and stabilization, tire recycling grants, technical assistance, research, and waste tire hauler registration.

Beginning with 2000–01, this program is consolidated into Program 11.
