## 12 REGISTRATION AND HEALTH EVALUATION

### Program Objectives Statement

This program evaluates and registers all pesticides before sale or use in California, identifies and develops measures to reduce potential risks from pesticide use, provides a safer environment for workers and others who handle or are exposed to pesticides, and assesses the safety and effectiveness of pesticide active ingredients and products.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $888,000 Pesticide Regulation Fund to reflect an interprogram redistribution of Information Technology Branch costs.

### Authority

Food and Agricultural Code, Divisions 2, 6 and 7.

## 17 ENFORCEMENT AND ENVIRONMENTAL MONITORING

### Program Objectives Statement

This program monitors, regulates, and controls the use of pesticides; enforces laws and regulations concerning the sale and use of pesticides; tests produce for pesticide residues; monitors pesticide product compliance; identifies environmental contamination resulting from pesticide use and provides strategies to reduce environmental impacts from pesticide use; and identifies, develops and encourages the use of reduced-risk pest management practices.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $888,000 Pesticide Regulation Fund to reflect an interprogram redistribution of Information Technology Branch costs.
- An increase of $380,000 General Fund to implement the Healthy Schools Act of 2000 (Chapter 718, Statutes of 2000).

### Authority

Food and Agricultural Code, Divisions 2, 6 and 7.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3930 DEPARTMENT OF PESTICIDE REGULATION—Continued

### 20 EXECUTIVE AND ADMINISTRATIVE SERVICES

This program provides management, program and policy direction, legislative and public affairs activities, legal and administrative services, and centralized information technology strategy and coordination to the divisions of the Department.

### Major Budget Adjustment Proposed for 2001–02

- Transfer the Information Technology Branch, 27.0 positions and $2,610,000, from Enforcement and Environmental Monitoring to Executive and Administrative Services. Costs are distributed to the other programs.

---

## 10 WATER QUALITY

### Program Objectives Statement

This program achieves and maintains the highest possible quality of the waters of the State, consistent with their uses. Specific objectives are to:

1. Formulate, adopt and update water quality control plans and policies that set standards for the waters of the state and provide guidance in water management decisions.
2. Monitor the quality of the waters of the state to determine compliance with control plans, permit terms, conditions and water standards; report such quality, its causes and effects; develop and implement Total Maximum Daily Loads and assess the effectiveness of the State's water pollution control program.
3. Assure that waters of the state are not degraded by hazardous waste spills or tank leaks, or by spills or tank leaks from solid and hazardous waste treatment, storage, and disposal facilities.
4. Require waste dischargers, including storm water dischargers, to prevent and abate water pollution; inspect dischargers to determine compliance with requirements; and enforce compliance with waste discharge requirements.
5. Ensure that State and federal funds allocated for construction of wastewater treatment facilities and nonpoint source storm drainage and estuary cleanup are spent in a timely and proper manner, and assist local agencies in financing cost-effective projects.
6. Protect water quality in watersheds and coastal waters from point source and nonpoint sources of pollution.
7. Evaluate new problems and specialized techniques and concepts in water quality control, and define and develop solutions to unique water quality problems in the state.
8. Assist owners and operators of underground tanks in financing the cleanup of unauthorized releases from their tanks.

### Major Budget Adjustment Included in 2000–01

- $99,000 General Fund and 0.6 position to implement Chapter 329, Statutes of 2000 (AB 970) that establishes expedited processes for site certification of thermal powerplants.

### Major Budget Adjustments Proposed for 2001–02

- $206,400,000 to carry out the provisions of the Safe Drinking Water, Clean Water, Watershed Protection and Flood Protection Act of 2000.
- $100,000,000 General Fund for the Clean Beaches Initiative.
- $8,091,000 General Fund and 9.5 positions to reduce the impact of storm water runoff on water quality.
- $9,569,000 General Fund and continuation of 72.0 positions for permit, waiver, and inspection workload in the core regulatory programs.
- $3,159,000 General Fund and 5.3 positions to automate water quality business processes, provide tools for water quality analysis and data sharing, and facilitate public access to this information.
- $4,378,000 ($2,878,000 General Fund and $1,500,000 Waste Discharge Permit Fund) to provide additional or expanded facilities related to staff growth over the last two years.
- $2,994,000 General Fund and 0.5 position for research and monitoring of the specific sources of nutrients and sediment in Lake Tahoe, and methods to remove them from the lake.
- $1,147,000 ($738,000 General Fund and $409,000 Reimbursements) and 8.3 positions to support the CALFED program.
- $132,000 General Fund and 1.4 positions to implement Chapter 329, Statutes of 2000 (AB 970) that establishes expedited processes for site certification of thermal powerplants.
- $86,000 Reimbursements and 1.1 positions to implement Chapter 515, Statutes of 2000 (SB 244) that revised certain procedures for the submission and review of reclamation plans for surface mining operations in the San Gabriel Basin.
- $988,000 General Fund and 2.4 positions to implement the provisions of Chapter 781, Statutes of 2000 (AB 885) related to the permitting and operation of new and failing onsite sewage treatment systems.
- A reduction of $730,000 Integrated Waste Management Account and 9.3 positions to align expenditures with available resources.

### Authority

California Water Code Section 13000 et seq., and powers delegated to the State by federal water pollution control legislation.

The following chart summarizes selected activities within the Water Quality Program that have been of special interest. The chart identifies both the expenditures and staff resources (personnel years) directed to these activities.

| Selected Water Quality Program Activities | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|---|---|---|
| • NPDES, WDR, Chapter 15 Enforcement | 436.7 | 456.0 | 455.9 | $34,532 | $53,360 | $65,614 |
| Spills, Leaks, Investigations and Cleanups | 101.7 | 100.7 | 98.6 | 14,306 | 10,570 | 10,393 |
| • Nonpoint Source | 84.7 | 81.1 | 81.2 | 10,908 | 15,892 | 16,056 |
| • Underground Storage Tank Cleanup | 106.2 | 115.6 | 114.7 | 205,048 | 219,200 | 208,006 |
| • Leaking Underground Storage Tank Cleanup | 115.5 | 116.3 | 115.6 | 24,556 | 25,800 | 26,708 |
| • Aboveground Storage Tank Cleanup | 16.8 | 16.7 | 16.8 | 1,544 | 1,638 | 1,657 |
| • Well Investigation Program | 20.5 | 20.5 | 20.5 | 1,377 | 2,152 | 1,909 |

*** Dollars in thousands, except in Salary Range.**

## 3940 STATE WATER RESOURCES CONTROL BOARD—Continued

### 20 WATER RIGHTS

#### Program Objectives Statement

This program assures that California's water resources are put to beneficial use, while protecting prior rights, water quality and the environment. Specific objectives are to:

1. Allocate the unappropriated waters of the state to ensure the use of water in accordance with State laws.
2. Maintain a record of title of appropriated water rights initiated and maintained since 1914.
3. Maintain records of water diversion and use under riparian and pre-1914 rights, stockpond water rights, groundwater extractions in four southern counties, and cessation of, or reduction in, extractions of groundwater by use of water from a contributory source.
4. Enforce permit and license terms and conditions, abate illegal diversions, protect public trust resources, and prevent waste or unreasonable use under all rights.
5. Determine existing rights throughout the state through court reference and statutory adjudication proceedings.

#### Major Budget Adjustment Proposed for 2001–02

- $1,000,000 General Fund to reduce the backlog of applications for water rights permits and petitions requesting changes to existing water rights permits and licenses.

#### Authority

Division 2 of the California Water Code and Title 23 of the California Administrative Code.

### 30 ADMINISTRATION

#### Program Objectives Statement

This program provides management, program and policy direction, legal and administrative services, legislative and public affairs activities, and coordination to the divisions of the State Board and the Regional Boards.

---

# 3960 DEPARTMENT OF TOXIC SUBSTANCES CONTROL

## Department Objectives Statement

The Department of Toxic Substances Control protects public health and the environment by (a) regulating hazardous waste management activities, (b) overseeing or performing cleanup activities at sites contaminated with hazardous substances, (c) encouraging pollution prevention and the development of environmentally protective technologies and (d) providing regulatory assistance and public education. The Environmental Cleanup and Fee Reform Act of 1997 (Chapter 870, Statutes of 1997 [SB 660]) changed the Department's fee structure by eliminating, replacing and reducing many of the existing fees paid by the hazardous waste management industry and other businesses. The Act eliminated hazardous waste industry fees as a source of funding for the cleanup of hazardous substance release sites, including state match at National Priority List Sites, and replaced them with an expanded environmental fee. The Act was the first step to establish a more reliable and stable funding structure for the Department's programs.

| SUMMARY OF PROGRAM REQUIREMENTS | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

## 12 SITE MITIGATION

## Program Objectives Statement

The Site Mitigation Program (SMP) implements the State's site cleanup laws and participates in the federal Superfund program. SMP emphasis is on accomplishing cleanup through departmental oversight of work performed by responsible parties (RPs). Where no RPs can be found or where they are not taking proper and timely action, the Department may use State or federal funds to perform the cleanup. However, the Department attempts to recover all of its costs from identified RPs. The Department is currently overseeing approximately 583 hazardous substance release site investigations and cleanups. In addition, it is monitoring long-term operations and maintenance activities at 94 sites where the cleanup process has been completed. New sites are being identified through surveillance and enforcement efforts and by examination of other previously identified potential sites.

SMP oversees many different types of sites and projects including the cleanup of military installations and clandestine drug labs. Recent legislation has given SMP the responsibility to ensure that new public schools are not constructed on properties contaminated with hazardous materials. SMP is also implementing a new Governor's Initiative for an $85 million Cleanup Loans and Environmental Assistance to Neighborhoods (CLEAN) program to help developers, property owners, and local governments redevelop brownfield sites in urban areas.

The Department also is responsible for the Stringfellow Hazardous Waste Site, a former hazardous waste disposal site, for which the State has been named a responsible party. Proposed and actual expenditures for the Stringfellow site are:

| | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| Personal Services | $1,012 | $1,463 | $1,470 |
| Operating Expenses and Equipment | 5,373 | 11,980 | 11,965 |
| Distributed Administration | – | 3,311 | 4,456 |
| Totals | $6,385 | $16,754 | $17,891 |

| *0458 Site Operations and Maintenance Account (source General Fund)* | *–* | *48* | *50* |

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 3960 DEPARTMENT OF TOXIC SUBSTANCES CONTROL—Continued

### Major Budget Adjustments Included in 2000–01

- $750,000 General Fund (GF) reduction related to the reappropriation of the funds in 2001–02 to investigate and remediate soil contamination at Nipomo Waste Oil Dump Site.
- $450,000 GF reduction related to the reappropriation of the funds in 2001–02 to acquire property for construction of the Stringfellow pretreatment plant.

### Major Budget Adjustments Proposed for 2001–02

- $37,500,000 GF for transfer to the Financial Assurance and Insurance for Redevelopment Account to provide low-cost insurance for cleanup of urban properties.
- $2,500,000 Cleanup Loans and Environmental Assistance to Neighborhoods (CLEAN) Account to cover ongoing administrative costs in implementing the CLEAN program.
- $285,000 GF and 3.0 positions to implement a new architectural and engineering contracts process, pursuant to Chapter 725, Statutes of 2000 (AB 1813).
- $131,000 Reimbursements and redirection of 4.0 positions to assess environmental contamination at proposed school sites.
- $1,500,000 GF reduction to adjust funding to reflect a decrease in illegal drug lab removals.
- A redirection of $67,000 GF in contract funding and 4.0 positions to develop guidelines for remediating illegal drug labs.
- $750,000 GF reappropriated from 2000–01 to investigate and remediate soil contamination at Nipomo Waste Oil Dump Site.
- $900,000 GF reappropriated from 1999–00 and 2000–01 to acquire property for construction of the Stringfellow pretreatment plant.
- A reduction of 24.0 positions to reflect departmentwide elimination of unfunded vacant positions.

### Authority

Health and Safety Code Section 25300 et seq.

## 13 HAZARDOUS WASTE MANAGEMENT

The Hazardous Waste Management Program (HWMP) regulates hazardous waste through permitting, enforcement and Unified Program oversight activities. HWMP maintains the U.S. Environmental Protection Agency (U.S. EPA) authorization to implement the Resource Conservation and Recovery Act (RCRA) program in California. HWMP develops regulations and policies, and conducts investigations, inspections and follow-up enforcement actions to assure safe storage, treatment, transportation and disposal of hazardous waste under applicable federal, State and local laws. In addition, HWMP issues permits and conducts corrective action and closure programs, including the long-term maintenance of closed facilities, to ensure that any releases of hazardous constituents by facilities are remediated in a manner that is both timely and protective of public health and the environment.

HWMP oversees the technical implementation of the State's Unified Program—a consolidation of six environmental programs at the local level. HWMP coordinates state agency triennial reviews of Unified Program agencies to ensure that their programs are consistent statewide, conform to standards, and deliver quality environmental protection at the local level. HWMP also oversees the hazardous waste generator and onsite waste treatment surveillance and enforcement programs carried out by local Unified Programs.

### Major Budget Adjustments Proposed for 2001–02

- $1,200,000 GF for transfer to the Hazardous Waste Control Account (HWCA) to pay costs for cleaning up hazardous waste.
- A shift of $204,000 GF and $772,000 HWCA to the Unified Hazardous Waste Program Account to reflect appropriate funding for the Department's existing 9.0 positions in the Unified Hazardous Waste Program.
- Reductions of $667,000 HWCA, $132,000 Reimbursements, and 10.0 positions to shift some program funding and activities for the Unified Program from the Department to the California Environmental Protection Agency (CalEPA).
- A reduction of $56,000 GF and 1.0 position to shift some program funding and activities from the Department to CalEPA for border environmental and public health protection.

### Authority

Health and Safety Code Section 25100 et seq.

## 15 STATEWIDE SUPPORT

This program includes support from the Hazardous Waste Control Account and the Toxic Substances Control Account for departments other than the Department of Toxic Substances Control. This support is provided by interagency or interdepartmental agreements in lieu of direct appropriations.

## 19 ADMINISTRATION

### Major Budget Adjustments Proposed for 2001–02

- $629,000 GF, $1,868,000 HWCA, and $1,237,000 TSCA for increased operating equipment and expenses.
- $292,000 GF, $132,000 HWCA, $368,000 TSCA, 3.0 positions, and redirection of 17.0 positions to provide administrative support to meet increased program demands.
- $100,000 GF and $600,000 Toxic Substances Control Account (TSCA) one-time to develop and implement a revised cost recovery billing system.

## 20 SCIENCE, POLLUTION PREVENTION AND TECHNOLOGY

### Program Objectives Statement

The Science, Pollution Prevention and Technology Program (SPPTP) implements the Hazardous Waste Technology Certification Program and the Pollution Prevention Program. These initiatives encourage independent research on pollution prevention activities, the development of new environmental technologies, and the evaluation of source-reduction plans submitted by industry.

*** Dollars in thousands, except in Salary Range.**

## 3960 DEPARTMENT OF TOXIC SUBSTANCES CONTROL—Continued

### Major Budget Adjustments Proposed for 2001–02

- $549,000 GF one-time to replace or upgrade laboratory equipment and a redirection of 1.0 position.
- $350,000 HWCA, $350,000 TSCA, 2.0 positions, and redirection of 1.0 position to improve the Department's industrial hygiene and field safety capability.
- A redirection of $261,000 in contract funding and 2.0 positions to perform pollution prevention activities.

### Authority

Health and Safety Code Section 25244 et seq.

# 3980 OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

The Office of Environmental Health Hazard Assessment (OEHHA) protects and enhances public health and the environment by objective, scientific evaluation of risks posed by hazardous substances. OEHHA's primary role is as risk assessor for various programs under the California Environmental Protection Agency, as well as other State and local agencies. OEHHA provides these programs with the scientific tools and information upon which to base risk management decisions. Distinct programs within OEHHA focus on assessing the health risks from exposures to chemicals in air, water, food, consumer products, hazardous and municipal waste facilities, fish and shellfish, and sediments in bay and estuarine waters.

OEHHA strives to provide scientific leadership in developing guidelines, criteria, and risk assessment methodologies that will protect public health and the environment and form the basis of a unified scientific multimedia approach.

OEHHA uses an open public process, with internal and external review, to ensure that its work products are based upon the best available scientific approaches and information.

## 10 Health Risk Assessment

### Program Objectives Statement

OEHHA's primary objective, as articulated in its Strategic Plan, is to provide scientific leadership and tools that form the basis of a unified scientific approach to integrating health and environmental risks across all environmental exposure sources and media. In carrying out this objective, OEHHA identifies chemicals with the potential to cause adverse health effects; characterizes the hazards of these chemicals; quantifies risks and recommends health-based goals and standards; develops scientific policies and guidelines for hazard identification and risk assessment; provides oversight of regulatory activities and guidance on scientific aspects of environmental protection, including guidance on ecological risk assessments; and provides medical, scientific, and public health support, consultation, and training to state regulators, local governmental agencies, and the public. A key OEHHA mandate is to implement the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). Through the Registered Environmental Assessor program, OEHHA licenses individuals qualified to serve as a registered environmental assessor or a private site manager to oversee hazardous site cleanups. The program also serves to connect businesses with assessors who have a particular expertise to assist them with compliance on environmental regulations.

### Major Budget Adjustments Proposed for 2001–02

- A shift of $1,116,000 from Reimbursements from the Air Resources Board and the Water Resources Control Board to General Fund for risk assessments of toxic air contaminants and criteria air pollutants ($675,000), indoor air ($297,000), and coastal fish ($144,000).
- $834,000 General Fund and 6.0 positions to evaluate human health and environmental risks associated with various mixtures and components of gasoline.
- $300,000 General Fund and 1.0 position to maintain and update an environmental indicator system for California.
- $400,000 Reimbursements and 1.0 limited-term position to develop risk assessment guidelines for cleaning up illegal drug laboratory sites.
- A fund shift of $195,000 Reimbursements to General Fund plus an additional $62,000 General Fund to establish a centralized Business and Contract Services Unit.
- $100,000 General Fund (one-time) to contract for an assessment of exposures to and risk of consumption of hexavalent chromium in drinking water drawn from the San Fernando Basin aquifer, pursuant to Chapter 868, Statutes of 2000 (SB 2127).

### Authority

# 4100 STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

The nineteen-member California State Council on Developmental Disabilities (Council) is a federally-funded independent state agency established in federal and state law to assist in planning, coordinating, monitoring and evaluating services for individuals with developmental disabilities and their families.

Federal law requires the Council to identify ways to improve and increase services for individuals and their families, and to submit these to the federal government as part of a State Plan. The Council's central charge under California law is to aid coordination among the numerous and varied elements of California's developmental disabilities service system, and to facilitate full implementation of the federal Developmental Disabilities Assistance and Bill of Rights Act and California's Lanterman Act.

The Council's programs and activities serve individuals who meet the federal definition of developmental disabilities, which includes persons whose disability:

(1) Occurs before age 22;
(2) Includes a mental or physical impairment or a combination of both; and
(3) Causes a substantial limitation in three or more of the following major life areas: self-care, expressive or receptive language, learning, mobility, capacity for independent living, economic self-sufficiency, or self-direction.

## Authority

Welfare and Institutions Code, Division 4.5, commencing with Section 4520.
Developmental Disabilities Assistance and Bill of Rights Act (42 USC 6000).

## 10 STATE COUNCIL PLANNING AND OPERATIONS

### Program Objectives Statement

The Council and its staff are responsible for developing and implementing a periodic State Plan containing goals, objectives, activities, and projected outcomes designed to improve and enhance the availability and quality of services and support to individuals with developmental disabilities and their families. The Council coordinates, monitors, and evaluates the California service system. The State Council identifies and reports annual outcomes to the federal government.

## 20 COMMUNITY PROGRAM DEVELOPMENT

### Program Objectives Statement

Federal funds received by the Council are used to fund community program development projects that implement State Plan objectives and improve and enhance services for individuals with developmental disabilities and their families.

## 30 ALLOCATION TO AREA BOARDS

### Program Objectives Statement

The Council contracts with the thirteen Area Boards on Developmental Disabilities to assist with local implementation of State Plan-related activities through local Plans of Action approved by the Council. California State law imposes additional duties on the Area Boards. Each Area Board is an independent state agency responsibile for a defined geographic region within California. Area Boards report local outcomes to the Council for inclusion in reports to the federal government.

## 4110 AREA BOARDS ON DEVELOPMENTAL DISABILITIES

The mission of the Area Boards on Developmental Disabilities is to protect and advocate for the legal, civil, and service rights of persons with developmental disabilities. The thirteen Area Boards are responsible for monitoring and coordinating these activities. An Organization of Area Boards, in Sacramento, resolves common problems, improves coordination and promotes exchange of information. Voting membership is composed of volunteers appointed by the Governor and by the governing body of each county in the area served. The Area Boards also review the policies and practices of publicly funded agencies; encourage and assist in establishing citizen advocacy organizations; encourage the development of needed services; coordinate services to prevent duplication, fragmentation, and unnecessary expenditures; conduct life quality assessments; and assist the State Council on Developmental Disabilities in preparation of the State Plan.

The Area Boards are supported by federal grant funds allocated by the State Council on Developmental Disabilities pursuant to Public Law 103-230. A memorandum of understanding with the State Council requires each of the Area Boards to meet specific performance objectives. The Area Boards also receive funds through contract with the Department of Developmental Services to provide various services to persons with developmental disabilities.

### Major Budget Adjustment Included in 2000–01

- $84,000 (reimbursements) and 1.0 position (0.6 personnel year) to expand volunteer advocacy assistance to residents at the Sierra Vista and Canyon Springs facilities.

### Major Budget Adjustments Proposed for 2001–02

- $113,000 (reimbursements) and 1.0 position (0.9 personnel year) to continue the volunteer advocacy assistance to residents at the Sierra Vista and Canyon Springs facilities.
- $887,000 (reimbursements) and 12.0 positions (11.4 personnel years) to provide clients' rights advocacy services for persons with developmental disabilities.
- $347,000 (reimbursements) and 8.8 positions (8.4 personnel years) to conduct life quality assessments on persons with developmental disabilities.
- $140,000 (General Fund) reduction due to expiring one-time funding for development of cost allocation plans for the 13 Area Boards and the Organization of Area Boards.

## 4120 EMERGENCY MEDICAL SERVICES AUTHORITY

The Emergency Medical Services Authority (EMSA) coordinates emergency medical services statewide; develops guidelines for local emergency medical service (EMS) systems; regulates the education, training, and certification of EMS personnel; and coordinates the State's medical response to any disaster.

The EMSA receives and distributes federal Prevention 2000 Grant funding (nationally known as the Federal Preventive Health and Health Services Block Grant) to develop and enhance local EMS systems. The EMSA also provides funds to poison control centers to allow health professionals to provide immediate advice to the public on preventing and caring for poison exposures.

The overall responsibilities and goals of the EMSA are to:

- Assess statewide needs, effectiveness, and coordination of EMS systems;
- Review and approve local EMS plans;
- Coordinate medical and hospital disaster preparedness and response, and assist the Office of Emergency Services in the preparation of the medical component of the State Emergency Plan;
- Establish standards for the education, training, and licensing of specified emergency medical care personnel;
- Establish standards for designating and monitoring poison control centers;
- License EMS paramedics and conduct disciplinary investigations as necessary;
- Develop standards for pediatric first aid and CPR training programs for child care providers; and
- Develop standards for emergency medical dispatcher training for the 9-1-1 emergency telephone system.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4120 EMERGENCY MEDICAL SERVICES AUTHORITY—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $120,000 (General Fund) and 1.5 positions to permanently continue the Emergency Medical Services for Children Program.
- An increase of $200,000 (General Fund) to continue providing site support and training to the Disaster Medical Assistance Team.
- An increase of $157,000 (Special Fund) to support the annual review of the Pediatric first aid, CPR, and Preventive Health Training programs and to work on the special needs components of the Child Care program.
- An increase of $239,000 (Reimbursements) and 1.5 limited-term positions from an Office of Traffic Safety Grant to continue the implementation of a pilot EMS Communication System that will interface with all EMS service providers and local public safety agencies.

# 4130 CALIFORNIA HEALTH AND HUMAN SERVICES AGENCY DATA CENTER

The California Health and Human Services Agency Data Center is one of three consolidated data centers in State government. Its primary objectives include:

(1) Ensuring effective, efficient, and economical use of agency electronic data processing (EDP) resources by providing services at reduced cost, eliminating unnecessary duplication, and ensuring optimum use.

(2) Ensuring EDP resources are available to meet Agency needs by providing appropriate computer capability and capacity.

(3) Promoting appropriate use of EDP resources to assist in achieving Agency goals and objectives by identifying potential EDP-related applications and by formulating and recommending policies on the appropriate use of EDP in the Agency.

## 25 OPERATIONS

### Program Objectives Statement

The Operations program is comprised of the following major elements:

(1) Operations—Includes functions related to the operation of the Data Center's central computer processors and attached peripheral equipment. The equipment operates to meet user schedules. Normal operations are 24 hours-a-day, seven days-a-week.

(2) Software Support—Includes maintaining the software operating systems for the computers, maintaining software for the on-line inquiry systems, and installing and implementing proprietary software packages. Also included are monitoring and adjusting the computer system's configuration to achieve optimal performance and efficiency, and ensuring adequate hardware and software resources are available to meet current and projected needs of user departments. In addition, advice and consultation are provided to user departments regarding software systems, hardware service requests, workload, and resource utilization.

(3) Telecommunications—Includes delivering client information through the most efficient and cost-effective data communications network available. Telecommunications designs and maintains the network to meet current and projected requirements of user departments and maintains software for the entire telecommunications system.

(4) Information Systems—Includes investigating emerging technologies and consulting with the Department of Information Technology to determine if these technologies could be applied to the State's business problems and/or opportunities.

This program also provides the following administrative services to support the Data Center programs: training, budgeting, accounting, cost recovery, liaison, contracts administration, procurement of hardware and software, general business services, planning, and personnel.

### Major Budget Adjustments Proposed for 2001–02

- –$6.9 million for adjustments to the funding for projects budgeted in prior years.
- $7.5 million for additional infrastructure (equipment) due to an increase in workload.
- $91,000 and 1.0 (0.9 personnel year) position for increased infrastructure workload.
- $780,000 for additional client dedicated services due to an increase in workload.
- $290,000 for the Statewide Voucher Program due to an increase in workload.

### Authority

Government Code Sections 11753 and 11755.

## 30 SYSTEMS MANAGEMENT SERVICES

### Program Objectives Statement

Currently, this program administers five automation projects for the Department of Social Services. Funding for these projects is within the Department of Social Services, Program 16.30.030—CalWORKs Administration, Program 16.85—Automation Projects, Program 25.15.010—IHSS Services, and Program 25.25.010—Child Welfare Services in 2000–01 and 2001–02. These projects include, but are not limited to:

(1) Child Welfare Services/Case Management System (CWS/CMS)—The CWS/CMS is a State and federally-required comprehensive statewide database, case management tool, and reporting system for the Child Welfare Services Program.

(2) Statewide Automated Welfare System (SAWS)—The SAWS provides automated eligibility determination and benefit computation, case management, and information management for the California Work Opportunity and Responsibility to Kids (CalWORKs), Foster Care, Food Stamp, Medi-Cal, Refugee Assistance, and County Medical Services programs. The SAWS strategy permits four separate systems for statewide welfare automation: Interim SAWS (ISAWS) is comprised of 35 counties; Los Angeles County is the sole participant in the Los Angeles Eligibility, Automated Determination, Evaluation and Reporting System (LEADER); the Welfare Client Data System (WCDS) includes 18 counties; and four counties form Consortium IV. The SAWS Welfare Data Tracking Implementation (WDTIP) Project will enable the four consortia to electronically exchange welfare-related time limits tracking data. The Welfare Reform and Infrastructure Modification (WRIM) project provides for major application changes resulting from State and federal welfare reform legislation and infrastructure modifications that could not be accomplished within the ongoing ISAWS Consortium maintenance and operations budget.

(3) Statewide Fingerprint Imaging System (SFIS)—The SFIS is a database system which will automate the collection, interpretation, and storage of fingerprints of those applying for public benefits in order to reduce CalWORKs and Food Stamp fraud.

(4) Electronic Benefit Transfer (EBT)—The EBT system is one which will use electronic fund transfer, automated teller machines, and point-of-sale technology for the delivery and control of Food Stamp and CalWORKs benefits.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4130 CALIFORNIA HEALTH AND HUMAN SERVICES AGENCY DATA CENTER—Continued

(5) Case Management, Information, and Payrolling System (CMIPS)—The CMIPS processes eligibility determinations of In-Home Supportive Services (IHSS) applicants; provides case management services for recipients; provides payroll services for individual providers; and produces reports for program management.

### Major Budget Adjustments Proposed for 2001–02

- –$6.8 million for adjustments to the funding for projects budgeted in prior years.
- –$2.2 million for the WDTIP project due to the transition to the maintenance and operations phase.
- –$4.4 million for completion of the SFIS project implementation and the transition to the maintenance and operations phase.
- $104,000 and 0.5 (0.5 personnel year) position for additional workload and increased contract costs of the EBT project.
- $20.5 million due to changes in information technology, contract extension costs, and county technical support for CWS/CMS maintenance and operations.
- $244,000 and 1.0 (0.9 personnel year) position for SAWS Consortia Planning and Management for increased oversight activities.
- $3.2 million and a decrease of 1.0 (0.9 personnel year) position due to increased maintenance hours and related contract staff for ISAWS maintenance and operations.
- $309,000 and 3.5 (3.3 personnel years) positions for the extension of limited-term CMIPS staff.
- $460,000 and 3.0 (2.8 personnel years) positions to fund staffing and consulting costs for the assessment/planning/procurement phase for CalSERV.
- $508,000 and 1.0 (0.9 personnel year) position to design, develop, and implement an expanded adoption system for the CWS/CMS Expanded Adoption Subsystem project.
- $7.6 million for server hardware, operating system, and support software for the CWS/CMS Application Server Replacement project.
- $309,000 for modifications to the ISAWS WRIM project.

# 4140 OFFICE OF STATEWIDE HEALTH PLANNING AND DEVELOPMENT

The Office of Statewide Health Planning and Development (OSHPD) develops policies, plans, and programs to assist health care systems in meeting current and future health needs of the people of California by ensuring the ongoing safety of health care facilities, evaluating the ability of health care facilities to provide continued operation and necessary health services in the event of a disaster, and improving the overall delivery and accessibility of health care in the State.

## 10 HEALTH POLICY AND ANALYSIS

### Program Objectives Statement

The Health Policy and Analysis program is responsible for analyzing health care costs and quality, making policy recommendations for future health-related needs, and conducting health policy research activities in the development of statewide health policy. The OSHPD produces an annual report of hospital outcomes; analyzes and makes recommendations on specific issues affecting the cost or quality of health care; monitors and projects the need for health facilities, services, and professionals; recommends areas or populations for federal designation as medically underserved; and provides support for the Cal-Mortgage Loan Insurance program.

The California Health Policy and Data Advisory Commission advises OSHPD on the collection and reporting of health facility data, public access to data, regulations, risk-adjusted outcome studies, and health planning issues. The commission holds hearings for health facilities appealing fines for delinquent data submission and for applicants of the Cal-Mortgage Loan Insurance program, and makes recommendations to the Director.

### Major Budget Adjustments Proposed for 2001–02

- A redirection of $298,000 (California Health Data and Planning Fund) to make permanent 4.0 positions and continue the in-house implementation of the California Hospital Outcomes Project.
- A one-time increase of $3,000,000 (General Fund) to continue the Rural Health Development Capital Grants Program for one year.
- A one-time increase of $1,047,000 (Proposition 99 funds) to continue the Rural Health Development Small Grants Program for one year.

### Authority

Health and Safety Code Sections 127000, 127125 et seq., 127155, 127340–127360, 128695, 128725, 128745, 128750, 128755, 129005, 129010, 129100, and 129460.

## 30 HEALTH PROFESSIONS DEVELOPMENT

### Program Objectives Statement

The Health Professions Development Program supports development and expansion of primary care and allied health training throughout the state and promotes recruitment of students into health professions. It includes the following four program areas:

- Health Manpower Pilot Projects Program—provides information and recommendations for future health manpower and training needs in California. Under this program, trainees in approved projects are exempted from other provisions of law, such as the healing arts practice acts. Results of the pilot projects become the basis for recommendations to improve the healing arts practice acts and regulations.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4140 OFFICE OF STATEWIDE HEALTH PLANNING AND DEVELOPMENT—Continued

- Family Physician Training Program—grants State funds to medical schools, teaching hospitals, and other training programs to increase the number and improve the distribution of family practice physicians, primary care nurse practitioners, and physicians' assistants.
- Health Professions Career Opportunity Program—provides financial assistance to address health care needs in underserved areas by increasing the number of qualified students in health professions.
- Health Professions Education Foundation—a non-profit public benefit corporation, provides financial assistance to economically disadvantaged students and administers two statutorily established funds: the Health Professions Education Fund and the Registered Nurse Education Fund.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $172,000 (California Health Data and Planning Fund) to make permanent 2.0 positions and continue the Health Careers Training Program.

### Authority

Health and Safety Code Sections 128200 et seq., 127875 et seq., 128125 et seq., 128330 et seq., 128375 et seq., and 128425 et seq.

## 42 FACILITIES DEVELOPMENT

### Program Objectives Statement

The Facilities Development program ensures that health facilities are safe and available to provide care to the community in the event of a major disaster.

This program reviews health facility construction and alteration plans and specifications, and monitors construction to ensure consistency with State statute and the continued functioning of health facilities in case of a catastrophic event.

### Authority

Health and Safety Code Sections 1226, 1250, 1275, and 129675–130070.

## 45 CAL-MORTGAGE LOAN INSURANCE

### Program Objectives Statement

The Cal Mortgage Program is an insurance program for health facility construction, improvement, and expansion loans, to ensure that health care providers have adequate access to capital to provide the facilities necessary to meet the health care needs of California.

The program provides financial analysis and review of health facility project applications for Health Facility Construction Loan Insurance, administers loan payback provisions of Fire Protection Loans and Clinic Renovation Grants, and administers Eminent Domain Applications for health facilities. The program ensures that available financial assistance is allocated to eligible health facilities in California. Projects receiving this assistance are subject to on-site construction progress and payment verification inspections to assure conformity with approved plans and specifications, loan agreements, wage and labor standards, affirmative action, and equal employment mandates.

### Authority

Health and Safety Code Sections 129000–129355, 127010.

## 60 HEALTHCARE INFORMATION

### Program Objectives Statement

The Health Care Information program collects and provides uniform and objective information to the public about the costs, capacity, and use of health facilities in California. This information is used by various levels of government in formulating and evaluating health system policies and in managing governmental health delivery programs; by health care consultants, employers, insurers, organized labor, and other health care purchasers in making informed decisions in today's health care market; and by service providers in strategic market planning and service management.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $540,000 (California Health Data and Planning Fund) and 4.0 positions, 3.0 of which will support Phase 3 of the Medical Information Reporting for California Project (MIRCal) to continue implementing Chapter 735, Statutes of 1998, and 1.0 of which will initiate compliance with the Health Insurance Portability and Accountability Act of 1996.

### Authority

Health and Safety Code Sections 128675–128815.

## 80 ADMINISTRATION

### Program Objectives Statement

The objective of this program is to provide overall management, planning, policy development, legal, legislative, audit, and administrative services to the Department.

### Major Budget Adjustment Proposed for 2001–02

- A net increase of $15,000 (Reimbursements) and 0.5 position to provide increased administrative support duties related to the expansion of the Managed Risk Medical Insurance Board's Healthy Families Program.

*** Dollars in thousands, except in Salary Range.**

# 4170 DEPARTMENT OF AGING

The California Department of Aging provides leadership in developing systems of home and community-based services that maintain individuals in their own homes, with their families, or in the least restrictive home-like environments.

The Department has responsibility for development, coordination, and use of resources to meet the long-term care needs of older individuals through the administration of the federal Older Americans Act and the State Older Californians Act.

The Department works with Area Agencies on Aging (AAAs) which manage a wide array of federally and State-funded services to the elderly and functionally impaired adults at the community level. Those services include nutrition programs, social and supportive services (such as Ombudsman, case management and respite care), and health insurance counseling. The Department advocates for improved quality of life and an environment that respects and values seniors.

## 10 NUTRITION

### Program Objectives Statement

The Nutrition Program provides nutritionally balanced meals to persons 60 years of age or older. The meals are served at strategically located congregate centers or delivered to the homebound. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services (such as transportation, information and referral, escort, employment, and education). The United States Department of Agriculture (USDA) provides reimbursement for meals served to seniors through elderly nutrition programs. This reimbursement is provided either in cash or in commodities. California has elected to receive cash in lieu of commodities to supplement the Nutrition Program. Federal funds require a 15 percent match, one-third of which must be from State sources. The State continues to provide $7 million in General Fund support above the federal fund match requirement in 2001–02.

### Authority

Welfare and Institutions Code, Division 8.5, Chapter 4.

## 20 SENIOR COMMUNITY EMPLOYMENT SERVICE

### Program Objectives Statement

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service facilities for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment. Title V enrollees are placed in host agencies throughout the state in a variety of community service jobs such as child and adult day care jobs, outreach workers, nutrition site aides, and various community services trainees.

### Authority

Welfare and Institutions Code, Division 8.5, Chapter 4.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4170 DEPARTMENT OF AGING—Continued

### 30 SUPPORTIVE SERVICES AND CENTERS

#### Program Objectives Statement

This program provides grants for supportive services including senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the facilities and services available to them. This program also includes Long-term Care Ombudsman services. Funding supports 35 local ombudsman projects which provide services throughout California.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of 2.0 positions and $1,005,000 (General Fund) for support to continue to develop and provide a Senior Wellness and Prevention Media Campaign to avoid higher levels of care as the senior population ages.
- An increase of $170,000 (General Fund) in local assistance to provide for Ombudsman program expansion associated with implementation of Chapter 451 of the Statutes of 2000 (AB 1731).

#### Authority

Welfare and Institutions Code, Division 8.5, Chapters 4 and 9.

### 40 SPECIAL PROJECTS

#### Program Objectives Statement

This program includes the Multipurpose Senior Services Program, Adult Day Health Care Program, and Community-Based Services Programs. The Multipurpose Senior Services Program provides health/social case management in order to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. There are 35 sites statewide that serve Medi-Cal eligible persons, 65 years of age or older, who are certifiable for admission into skilled nursing or intermediate care facilities. The average per capita costs for persons served by the program cannot exceed the costs of institutionalization. The local assistance costs for the Multipurpose Senior Services Program are in the budget of the Department of Health Services. The Adult Day Health Care Program provides a day program of health, therapeutic, and social services in approximately 396 licensed centers in order to restore or maintain optimal capacity for self-care to frail elderly and younger functionally impaired adults. The local assistance costs for the Adult Day Health Care Program are included in the budget of the Department of Health Services. The Community-Based Services Programs are primarily State-funded programs originally established through special legislation. These programs include the Foster Grandparent, Senior Companion, Brown Bag Network, Alzheimer's Day Care Resource Centers, Linkages, Health Insurance Counseling and Advocacy, and Respite programs. Chapter 1097, Statutes of 1996, established these programs as Community-Based Services Programs administered through AAAs.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of 8.5 positions and $982,000 ($484,000 General Fund, $498,000 Title XIX Reimbursements) to provide for increased Adult Day Health Care program workload (3.5 of the positions are two-year limited-term positions).
- An adjustment to make 2.0 current limited-term positions permanent to provide for increased Adult Day Health Care program workload.
- A base increase of $1,500,000 (General Fund) to expand the Linkages Program.

#### Authority

Welfare and Institutions Code, Division 8.5, Chapters 4.7, 5, 5.7, 8 and 9.1. Health and Safety Code, Division 2, Chapter 3.2 and 3.3.

# 4180 COMMISSION ON AGING

The Commission on Aging ensures that the interests of older persons in California are represented by advising the Governor, Legislature, California Department of Aging, and agencies at all levels of government regarding the problems and needs of older persons.

The Commission meets to identify the needs and solicits the recommendations of older persons. The Commission works closely with the State's 33 Area Agency on Aging Advisory Councils and provides information to individuals and senior organizations regarding matters of public policy affecting older persons. The Commission also serves in an advisory capacity to several state programs for the elderly.

The Commission sponsors, coordinates, and convenes the annual California Senior Legislature and provides staff and other administrative support to the Senior Legislature throughout the year. The California Senior Legislature is supported by voluntary contributions made through check-offs included on personal income tax forms. These voluntary contributions are collected and disbursed through the California Fund for Senior Citizens.

The Revenue and Taxation Code provides a personal income tax credit for taxpayers who are 65 years of age or older. Chapter 1451, Statutes of 1990, established the California Seniors Special Fund and allows seniors who qualify for the exemption to contribute their tax credit to the Fund. Pursuant to the legislation, the first annual priority of the California Seniors Special Fund is to support the Area Agency on Aging Advisory Council of California for its advocacy efforts for senior citizens.

## Authority

Older Californians Act (Chapter 1097, Statutes of 1996).

# 4200 DEPARTMENT OF ALCOHOL AND DRUG PROGRAMS

The mission of the Department of Alcohol and Drug Programs is to reduce the incidence and severity of alcohol and other drug-related problems and to promote healthy and safe communities.

To accomplish its mission, the Department's strategic plan includes goals in six major areas: (1) service delivery systems; (2) access to services; (3) quality of services; (4) system financing; (5) information technology; and (6) continuous quality improvement.

The Department funds prevention, treatment, and recovery programs to reduce the economic, social, and personal costs of problems caused by the use of alcohol and other drugs. The Department's activities enhance the effectiveness and efficiency of the statewide network of services administered or provided by county governments and received by approximately 500,000 Californians each year.

## 15 ALCOHOL AND OTHER DRUG SERVICES

### Program Objectives Statement

The objective of the Alcohol and Other Drug Services program is to provide leadership and coordination in planning, developing, implementing, and evaluating comprehensive statewide alcohol and drug abuse prevention, intervention, detoxification, treatment, and recovery services. The service delivery system is achieved in partnership with county government, and in cooperation with numerous private and public agencies, organizations, groups, and individuals.

In the area of alcohol and drug prevention, emphasis is placed on youth not served by other programs. Programs include alternative activities for youth, youth violence prevention, community education, resource development and distribution, and mentoring. The mentoring program, in collaboration with other State departments, is a statewide effort of programs and organizations that enable at-risk children to be matched with a mentor. The Department actively promotes mentoring as a prevention strategy and provides increasing support to county alcohol and drug prevention programs to assist in this endeavor.

### Major Budget Adjustments Included in 2000–01

- $60 million (General Fund) to implement the Substance Abuse Treatment and Crime Prevention Act of 2000 (Proposition 36). This amount includes $1.2 million and 15 positions (7.1 personnel years) for State Operations and $58.8 million for Local Assistance.
- $17.4 million ($9.5 million General Fund) for caseload adjustments in the Drug Medi-Cal program.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4200 DEPARTMENT OF ALCOHOL AND DRUG PROGRAMS—Continued

### Major Budget Adjustments Proposed for 2001–02

- $120 million (General Fund) to continue the Substance Abuse Treatment and Crime Prevention Act of 2000 (Proposition 36). This amount includes $2.8 million and 25.2 positions (23.9 personnel years) for State Operations and $117.2 million for Local Assistance.
- $38.3 million ($19.7 million General Fund) for caseload adjustments in the Drug Medi-Cal program.
- $2.8 million (reimbursements) and 2.0 positions (1.9 personnel years) for an interagency agreement with the Department of Social Services to develop and implement a Substance Abuse program in Indian Health Clinics.
- $6 million reduction in the federal Substance Abuse Prevention and Treatment Block Grant.
- $352,000 ($176,000 General Fund) and 4 positions (3.8 personnel years) to increase Drug Medi-Cal program audits.
- $300,000 (General Fund) for a feasibility study of a statewide, consolidated database to be used for client billing, service utilization reviews, and program cost comparisons.

### Authority

Health and Safety Code, Division 10.5, commencing with Section 11750.

## 30 ADMINISTRATION

### Program Objectives Statement

The objective of this program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

---

# 4220 CHILD DEVELOPMENT POLICY ADVISORY COMMITTEE

The Child Development Policy Advisory Committee provides policy recommendations to the Governor, the Superintendent of Public Instruction, the Legislature, and other relevant state agencies concerning child care and development. The Committee also reviews and evaluates the effectiveness of child development programs and the need for children's services. The Committee provides technical assistance to local child care planning councils and assists the California Department of Education with its state plan for child care.

The Committee consists of 27 members and is composed of representatives from various State agencies, public members (representing health care, child welfare, child care, private and public education, and community action interests) and parents of children in child care programs.

## 4250 CALIFORNIA CHILDREN AND FAMILIES COMMISSION

The California Children and Families First Act of 1998 created the California Children and Families Commission, effective December 18, 1998. The Commission is responsible for the implementation of comprehensive and integrated solutions to provide information and services promoting, supporting and improving the early childhood development of children through the age of five. These solutions are to be provided either directly by the Commission or via cooperative efforts with Children and Families County Commissions. The Commission consists of seven voting members. Three of these members are appointed by the Governor, two by the Speaker of the Assembly, and two by the Senate Rules Committee. In addition, the Secretary of Child Development and Education and the Secretary of the Health and Human Services Agency each serve as ex-officio members of the Commission. The administration of the Commission's state-level operations is performed by both exempt and civil service employees.

The Commission receives funding via a 50-cent per package surtax on cigarettes, which became effective January 1, 1999, and an equivalent surtax on other tobacco related products, which became effective July 1, 1999. These funds are deposited into the California Children and Families Trust Fund. Per statutory requirement, based upon the annual findings of the State Board of Equalization, the Commission provides for the reimbursement to the State Department of Health Services for specified decreases in Proposition 99 tobacco tax revenues attributable to reduced tobacco product consumption caused by the new surcharges. These reimbursements are limited to tax revenue reductions incurred by the Tobacco Health Education and Research Programs and the Breast Cancer Fund. Eighty percent of the remainder of the Trust Fund is allocated to County Commissions for the provision of early childhood development. (Each county receives funding based upon the number of live births in the county, measured by the residence of the mother, compared to the statewide figure.) The remaining 20 percent is allocated to the Commission for the provision of mass media communications, education programs, child care programs, research and development and administration services. The Commission began funding initiatives using the various accounts in January 2000. These projects address recognized needs related to children's health care, child care and development and family literacy. In addition, in keeping with the mandates included in the initiative, the Commission implemented a statewide education and outreach campaign in early 2000.

| SUMMARY OF PROGRAM REQUIREMENTS | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| Totals, California Children and Families Commission (Special Funds) | $784,300 | $622,217 | $656,680 |

### Authority

# 4260 DEPARTMENT OF HEALTH SERVICES

The Department of Health Services (DHS) administers a broad range of public health programs and the California Medical Assistance Program (Medi-Cal), which provides health care services to qualified low-income persons and families. Beneficiaries of the Medi-Cal program include low-income families eligible for the CalWORKs program (public assistance), the aged, blind and disabled, children in families with low-incomes or in foster care, and pregnant women. Expenditures for medical benefits are shared about equally by the General Fund and federal funds. The Medi-Cal budget also includes additional federal funding for: (1) payments to hospitals serving a disproportionate number of Medi-Cal or other low-income patients and (2) matching funds for related programs in other state departments. Many of the DHS programs complement and support the activities of local health agencies in controlling environmental hazards, preventing and controlling disease, and providing health services to populations who have special needs.

The Department of Health Services' goals are to:

1. Promote an environment contributing to human health and well-being.
2. Assure the availability of equal access to comprehensive health services using public and private resources.
3. Emphasize prevention-oriented health care programs.
4. Promote the development of knowledge concerning the causes and cures of illness.
5. Assure effective expenditure of public funds to serve those with the greatest health care needs.

These goals are carried out through three programs: Public and Environmental Health, Health Care Services, and Departmental Administration. Health-related local mandate reimbursements also are included in the Department's budget.

| SUMMARY OF PROGRAM REQUIREMENTS | | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

## 10 PUBLIC AND ENVIRONMENTAL HEALTH

### Program Objectives Statement

The objectives of this program are to prevent disease and premature death and to enhance the health and well being of all Californians by:

- Providing quality biomedical, bioenvironmental, and forensic alcohol and methadone drug analysis laboratory services.
- Developing partnerships with and regulating businesses and industries to achieve and maintain a healthful environment.
- Coordinating efforts to minimize the incidence, prevalence, and duration of communicable diseases, environmental and occupational hazards, injuries, and chronic diseases through prevention related programs.
- Working with local public health and environmental health agencies which share the legal responsibility for protecting and enhancing public health.
- Incorporating prevention services and education into comprehensive primary care services.
- Designing and evaluating the cost effectiveness of selected treatment strategies.
- Supporting research into the cause, prevention, early detection, diagnosis, and treatment of cancer.

### Major Budget Adjustment Included in 2000–01

- $816,000 (Reimbursements) from the American Legacy Foundation to further decrease youth smoking prevalence by augmenting existing youth-focused efforts in the community and in schools.

### Major Budget Adjustments Proposed for 2001–02

- $20.0 million (Tobacco Settlement Fund), for youth tobacco usage prevention programs; of this amount, $5 million is provided on a one-time basis.
- $10.0 million (Tobacco Settlement Fund) and 2.0 positions (1.9 personnel years) for expansion of the Prostate Cancer Treatment Program.
- $4.0 million (Reimbursements) from the California Children and Families Commission and 4.0 limited term positions (3.7 personnel years) for continuation of the Childhood Asthma Initiative.
- $3.9 million (federal funds) and $440,000 (Reimbursements) for an increase to the AIDS Drug Assistance Program to meet caseload demand and program cost increases.
- $3.0 million (General Fund) for local public health departments to track emerging and infectious diseases.
- $1.8 million (Radiation Control Fund) to continue the development of a new automated tracking system to replace existing systems for radiation licensing, certification, registration, enforcement, tracking and reporting.
- $1.3 million (Drug and Device Safety Fund) and 6.0 permanent positions (5.7 personnel years) to implement Chapter 837, Statutes of 2000, which creates a new licensing and inspection program to regulate medical device retailers.
- $1.0 million (Reimbursements) from the American Legacy Foundation to continue 2000–01 efforts to further decrease youth smoking prevalence by augmenting existing youth-focused efforts in the community and in schools.
- $853,000 (General Fund) on a one-time basis and 2.0 one-year limited-term positions (1.9 personnel years) to upgrade the Response and Surveillance System for Childhood Lead Exposure database.
- $717,000 (federal funds) to provide full-year funding for the HIV Resistance Testing Program begun in 1999–00.
- $463,000 (Infant Botulism Treatment and Prevention Fund) to license Botulism Immune Globulin and allow for repayment of General Fund loans.
- $434,000 (General Fund) on a one-time basis to conduct a baseline health study on the residents of the William Mead Homes public housing project in Los Angeles as mandated by Chapter 503, Statutes of 2000.
- $546,000 (Health Statistics Special Fund) to provide permanent position and budget authority for 17.0 limited-term positions (8.1 personnel years) at the Center for Health Statistics, effective January 1, 2002.
- $250,000 (Childhood Lead Poisoning Prevention Fund) on a one-time basis to implement the requirements of the Lead Poisoning Prevention Act of 2000 (Chapter 540, Statutes of 2000) to provide outreach to licensed health care providers to expand the screening of children at risk for lead poisoning.
- Permanent establishment of 20.5 previously limited-term positions (19.5 personnel years) for the Safe Drinking Water Program to enable the Capacity Development Program to meet federal requirements.

*** Dollars in thousands, except in Salary Range.**

## 4260 DEPARTMENT OF HEALTH SERVICES—Continued

- Permanent establishment of 4.0 limited term positions (3.8 personnel years) pursuant to Chapter 812, Statutes of 1999, which extended the Drinking Water Treatment and Research Program until January 1, 2011.

### Authority

Health and Safety Code, Sections 1600–1677, 2200–2202, 100100–100920, 102100–103925, 104100–105430, 106500–119309, 120100–122410; Labor Code, Section 147.2; Revenue and Taxation Code, Sections 30121–30130, 30461.6; Food and Agriculture Code, Section 14103; Business and Professions Code, Sections 1200–1327, 22950–22961; Government Code, Section 8595; Penal Code, Sections 1203.097 and 11166.9; Title XXVI, Public Health Services Act, Part B, Sections 2611–2617.

## 10.10 Health Information and Strategic Planning

### Program Element Statement

The objectives of the Health Information and Strategic Planning element are to provide financial support and professional consultation and assistance to local health systems. The components included in this element are the Center for Health Statistics and Local Public Health Services.

## 10.20 Environmental Controls

### Program Element Statement

The objectives of the Environmental Controls element are to protect the public from consuming unsafe drinking water; to regulate the generation, handling, and disposal of medical waste; to oversee the disposal of low-level radioactive wastes; and to protect and manage food, drug, medical device, and radiation sources. The components included in this element are Drinking Water and Environmental Management, Food, Drug, and Radiation Safety, and the laboratories associated with these activities.

## 10.30 Public Health Services

### Program Element Statement

The objectives of the Public Health Services Element are to prevent and control chronic diseases including lung cancer, breast and cervical cancer and cardiovascular diseases, diabetes and other conditions; to investigate, prevent and control infectious disease; to prevent and control environmental and occupational diseases; to protect, preserve, and enhance the quantity and quality of life with regard to identifiable causes of death, illness, and disability; and to assess, prevent, and interrupt the transmission of HIV and provide for the needs of HIV-infected Californians. The components included in this element are Communicable Disease Control, Environmental and Occupational Disease Control, Chronic Disease and Injury Control, AIDS, and the laboratories associated with these activities.

## 20 HEALTH CARE SERVICES

### Program Objectives Statement

The major objective of the Health Care Services Program is to ensure low-income Californians have access to appropriate health care. An additional objective is to ensure that publicly funded, medically necessary health services are delivered to eligible persons at the lowest possible cost.

Health Care Services is comprised of four elements: Medical Care Services (Medi-Cal), Licensing and Certification, County Health Services, and Primary Care and Family Health.

### Major Budget Adjustments Included in 2000–01

- $203.8 million (General Fund) and an increase of $282.4 million (federal funds) for enrollment, utilization, cost and other adjustments to the Medi-Cal Program.
- $3.9 million (General Fund) for the administrative costs associated with adding the Prevnar vaccine to the Child Health and Disability Prevention Program.
- $2.2 million ($1.6 million General Fund) for caseload changes in the California Children's Services Program.
- $1.6 million (General Fund) for caseload changes in the Genetically Handicapped Persons Program.
- $2.3 million (General Fund) savings due to caseload changes in the Child Health and Disability Prevention Program.
- $1.3 million (Genetic Disease Testing Fund) to conduct an evaluation of newborn genetic screening using Tandem Mass Spectrometry, pursuant to Chapter 807, Statutes of 2000.
- $44,000 (Reimbursements) and 1.0 permanent position (0.5 personnel year), to provide a nurse for local Public Health services in Lassen County.

### Major Budget Adjustments Proposed for 2001–02

- $132 million (General Fund) decrease and an increase of $666 million (federal funds) for enrollment, utilization, and cost changes and other adjustments to the Medi-Cal Program.
- $20.0 million (Reimbursements) and 6.0 positions (5.7 personnel years) to continue the Community Challenge Grant program.
- $18.7 million ($2.0 million General Fund) and 15.1 positions (14.3 personnel years) on a limited-term basis to comply with the electronic transactions and code set requirements of the administrative simplification provision of the federal Health Insurance Portability and Accountability Act.
- $7.7 million ($3.8 million General Fund) and 10.0 positions (9.4 personnel years) to contract for Los Angeles County Section 1115 Waiver monitoring activities and resources to fulfill contractor/county monitoring and auditing responsibilities.
- $6.6 million (General Fund) for the administrative costs associated with adding the Prevnar vaccine to the Child Health and Disability Prevention Program.
- $5.8 million ($5.7 million General Fund) for caseload changes in the Child Health and Disability Prevention Program.
- $4.8 million (General Fund) for caseload changes in the Genetically Handicapped Persons Program.
- $5.3 million ($4.3 million General Fund) for caseload changes in the California Children's Services Program.
- $1.8 million ($450,000 General Fund) and permanent establishment of 22.0 previously limited-term positions (20.8 personnel years) to conduct utilization reviews of Treatment Authorization Requests.

*** Dollars in thousands, except in Salary Range.**

## 4260 DEPARTMENT OF HEALTH SERVICES—Continued

- $1.4 million ($697,000 General Fund) to permanently establish 16.0 previously limited-term positions (15.2 personnel years) to continue the Medi-Cal Fraud Prevention Bureau's anti-fraud efforts.
- $1.9 million (1.0 million General Fund) and 22.5 positions (21.4 personnel years) to build upon the Aging with Dignity Initiative to increase the quality of care in nursing homes, as authorized by Chapter 451, Statutes of 2000.
- $1.0 million ($508,000 General Fund) to study the development of an assisted living waiver to increase the alternatives to nursing home care.
- $1.0 million ($500,000 General Fund) to develop an assessment tool for individuals who qualify for long-term care in a community setting.
- $983,000 (Environmental Laboratory Improvement Fund), 7.0 new positions (6.7 personnel years), and permanent establishment of 6.0 previously limited-term positions (5.6 personnel years) to support workload increases required to implement the National Environmental Laboratory Accreditation Program.
- $493,000 ($147,000 General Fund) and 5.5 positions (5.2 personnel years) to develop drug cost containment measures and address workload increases related to Medi-Cal drug program activities.
- $463,000 ($231,000 General Fund) and continuation of 6.0 limited-term positions (5.7 personnel years) to ensure long-term care facilities are in compliance with wage pass through requirements.
- $371,000 (Tissue Bank License Fund) and 2.0 limited-term positions (1.9 personnel years) to implement required Uniform Anatomical Gift Act oversight.
- $300,000 (Genetic Disease Testing Fund) and 6.0 permanent positions (5.7 personnel years) to conduct an evaluation of newborn genetic screening using Tandem Mass Spectrometry.
- $291,000 ($145,000 General Fund) and continuation of 4.0 positions (3.8 personnel years) for the ongoing implementation of the Medi-Cal for Children/Healthy Families outreach campaigns.
- $234,000 ($117,000 General Fund) and continuation of 3.0 positions (2.8 personnel years) for ongoing workload related to the 250 Percent Working Disabled Program, the Transitional Medi-Cal Program, and the AB 359 Program for Continuous Skilled Nursing.
- $222,000 ($184,000 General Fund) to permanently establish 3.0 previously limited-term positions (2.8 personnel years) to sustain efforts to enhance the health and safety of developmentally-disabled individuals residing in community-based health facilities and the frail elderly living in skilled nursing facilities.
- $192,000 (Clinical Laboratory Improvement Fund) and 3.0 positions (2.9 personnel years) to implement the second year of a three-year phase-in of the phlebotomist certification program.
- $187,000 (General Fund) and 2.0 limited-term positions (1.9 personnel years) to adopt a formal plan to eliminate or substantially reduce medication-related errors as authorized by Chapter 816, Statutes of 2000.

### Authority

Federal Social Security Act, Titles XVIII and XIX, Sections 1102, (42 USC 1302), 1902(a)(44) and 1905(a)(4)(B); Government Code, Sections 11000–12000; Health and Safety Code, Sections 1179–1179.6, 124975–124995, 125200–125220, 123800–123980, 123995–123485, 288–293, 123225–123250, 123275, 124025–125035, 125125–125175, 120450–120455, 101175–101305, 124400–124940, 1200–1794.01, 106955–107175, 114650–115271.4, 1442.5, 118425 et seq.; Welfare and Institutions Code, Sections 14000–14196, 14500 et seq., 16800.5–16818, 16900–17005, 17608.10–17609.1, 24000 et seq., 18993–18993.9, Chapter 197, Statutes of 1996; Insurance Code, Section 12693.91; California Code of Regulations, Title 22.

## 20.10 Medical Care Services (Medi-Cal)

### Program Element Statement

The Medical Care Services (Medi-Cal) element is responsible for coordinating and directing the delivery of health care services to low-income Californians. The objective of Medi-Cal is to provide eligible persons access to quality medical care in a fiscally prudent manner through both fee-for-service and managed care delivery systems. Medi-Cal activities are carried out through five Divisions: Medi-Cal Policy, Medi-Cal Operations, Payment Systems, Medi-Cal Managed Care, and Audits and Investigations.

## 20.20 Licensing and Certification

### Program Element Statement

The Licensing and Certification element regulates the quality of care in approximately 7,000 public and private health facilities, clinics and agencies throughout the State as well as for over 580,000 Certified Nurse Assistants, Home Health Aides, and Hemodialysis Technicians, and other direct care staff. The Licensing Division also licenses and inspects approximately 6,350 laboratory facilities and licenses 15,000 laboratory personnel. Also included under this element is a portion of support costs for Audits and Investigations.

## 20.30 County Health Services

### Program Element Statement

The County Health Services element disburses and monitors funds to counties for hospital, physician and related health services. Funded county programs include: California Healthcare for Indigents Program (CHIP), Rural Health Services (RHS), Preventive Health Block Grant, and the State Subvention Program. The County Medical Services Program (CMSP), serving Medically Indigent Adults, is supported by the Department under contracts with the CMSP Governing Board.

## 20.40 Primary Care and Family Health

### Program Element Statement

The Primary Care and Family Health element administers programs that assure access to comprehensive and coordinated family-centered, community-based, preventive and primary care services to low-income women, infants, children, and families. These programs include Primary and Rural Health Care, Child Health and Disability Prevention, Maternal and Child Health, Genetically Handicapped Persons Program, California Children's Services, Genetic Disease Testing, Family Planning Services, and the Supplemental Nutrition Program for Women, Infants, and Children (WIC).

## 4260 DEPARTMENT OF HEALTH SERVICES—Continued

### 30 DEPARTMENTAL ADMINISTRATION

#### Program Objectives Statement

The objective of the Administration program is to provide overall management, planning, policy development, legal services and administrative support services to other departmental programs. This program is carried out by the Executive Division, Legal Office, Office of Civil Rights, Office of Multi-Cultural Health, Information Technology Division, Medi-Cal, Fraud Prevention, the Administration Division, and program division offices.

#### Major Budget Adjustment Included in 2000–01

- $1.8 million ($823,000 General Fund) for employee compensation increases.

#### Major Budget Adjustments Proposed for 2001–02

- $3.8 million ($1.6 million General Fund) for employee compensation increases.
- $3.3 million (General Fund) to occupy, operate and support Phase II of the Richmond Laboratory Complex and to operate the existing Berkeley Laboratory until closure.
- $1.6 million ($793,000 General Fund) to support increased department-wide information technology.
- $1.2 million ($302,000 General Fund) to support data-feed quality enhancements to the Management Information System and Decision Support System.
- $783,000 ($391,000 General Fund) on a one-time basis to support a departmental upgrade to Windows 2000.
- $748,000 (General Fund) to provide ongoing information technology support to the Richmond Laboratory Complex.
- $607,000 (federal funds) for the conversion and upgrade of the COBOL software that supports the Medi-Cal statewide eligibility and claims systems.
- $204,000 ($102,000 General Fund) for the continuation of 3.0 limited-term positions (2.8 personnel years) within the Office of Long Term Care to administer local planning grants and implement the Long Term Care Integration Project.

### 98 STATE-MANDATED LOCAL PROGRAMS

#### Program Objectives Statement

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local government for costs to comply with certain state-mandated local programs. Funding for specified mandates is proposed for inclusion in the Budget Act and in the Commission on State Mandates' 995 claims bill.

### PROGRAM ELEMENTS

#### Major Budget Adjustment Proposed for 2001–02

- $2,183,000 General Fund for a new Phase III Office Building at the Richmond Campus (W).

#### Major Projects

The Department of Health Services currently owns and operates laboratory and office facilities at three locations in California: Berkeley, Los Angeles, and Fairfield. In addition, the department is currently developing a laboratory complex in Richmond that will be constructed in three phases. The Phase I Laboratory at the Department's new Richmond Campus will become operational during fiscal year 2000–01. The Department's laboratory service program ensures quality biomedical laboratory services in public and private laboratories throughout the State, and provides laboratory reference and testing services.

## 4270 CALIFORNIA MEDICAL ASSISTANCE COMMISSION

The California Medical Assistance Commission was established in 1982 to negotiate contracts for specific services under the Medi-Cal program. The Commission is composed of seven voting members appointed to four-year terms by the Governor (3 appointments), the Senate President Pro Tempore (2 appointments) and the Speaker of the Assembly (2 appointments) and two ex officio members, the Director of the Department of Health Services and the Director of the Department of Finance. The goal of the Commision is to promote efficient and cost-effective Medi-Cal programs through a system of negotiated contracts fostering competition and maintaining access to quality health care for beneficiaries.

Major Commission activities include: negotiating contracts with hospitals for inpatient services statewide; developing and negotiating contracts with county organized health systems; and developing and negotiating contracts with health care plans in selected areas for the provision of all covered health services to Medi-Cal beneficiaries on a per capita basis (managed care).

In 1999–00, the Commission was involved in 263 negotiations and renegotiations of inpatient hospital contracts involving 153 hospitals. In addition, the Commission is responsible for continued negotiations with the Health Plan of San Mateo, Solano Partnership HealthPlan, CalOPTIMA, and Central Coast Alliance for Health, and their prepaid, at-risk contracts for health care services for Medi-Cal beneficiaries. The Commission also negotiates contract rates, terms, and conditions with the multiple plans participating in the Sacramento Geographic Managed Care program and the Healthy San Diego program. In 1999–00 the Commission was involved in 33 negotiations and renegotiations involving 21 managed care plans.

# 4280 MANAGED RISK MEDICAL INSURANCE BOARD

The Managed Risk Medical Insurance Board administers programs which provide health coverage through private health plans to certain groups having no health insurance. The Board develops policy and recommendations on providing health insurance to over 6 million Californians without healthcare coverage.

The Board consists of nine members, four of whom are ex officio, non-voting members representing the Secretary of the Business, Transportation and Housing Agency, the Secretary of the California Health and Human Services Agency, the Access for Infants and Mothers Advisory Panel, and the Healthy Families Advisory Panel. Of the five voting members, three are appointed by the Governor, one is appointed by the Senate Committee on Rules and one is appointed by the Speaker of the Assembly.

## 10 MAJOR RISK MEDICAL INSURANCE PROGRAM (MRMIP)

### Program Objectives Statement

This program provides health coverage to residents of the State who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be ''medically uninsurable''—at high risk of needing costly care. The program procures coverage for subscribers, through five health carriers, and subsidizes the cost of coverage. Costs are paid by subscriber premiums and subsidies transferred from the Cigarette and Tobacco Products Surtax Fund.

### Authority

Part 6.5 of Division 2 of the Insurance Code, commencing with Section 12700.

## 20 ACCESS FOR INFANTS AND MOTHERS (AIM) PROGRAM

### Program Objectives Statement

This program provides comprehensive health care to pregnant women and their babies and educates women about the dangers of tobacco use. Only pregnant women whose family income is between 200 percent and 300 percent of the Federal Poverty Level are eligible. Pregnant women with incomes below 200 percent of the Federal Poverty Level are eligible for the Medi-Cal program. The AIM program provides subsidized coverage through ten health plans and covers eligible women through their pregnancy to 60 days postpartum and babies up to their second birthday.

### Major Budget Adjustment Included in 2000–01

- $7.9 million (Perinatal Insurance Fund) to serve additional mothers and infants in the Access for Infants and Mothers Program.

### Major Budget Adjustment Proposed for 2001–02

- $5.1 million (4.7 million Perinatal Insurance Fund) to reflect increased enrollment in the Access for Infants and Mothers Program.

### Authority

Part 6.3 of Division 2 of the Insurance Code, commencing with Section 12695.

## 30 HEALTH INSURANCE PLAN OF CALIFORNIA (HIPC)

### Program Objectives Statement

This program makes health insurance more accessible and affordable for small employers through a state purchasing pool from which small employers can purchase health, dental and vision insurance for themselves and their employees from a wide variety of plan choices. This program targets small employers having two to fifty employees. On July 1, 1999 the Pacific Business Group on Health, a private non-profit organization, assumed full administrative and financial responsibility for the program pursuant to the privatization requirements of the Insurance Code, Section 10748.5.

### Authority

Part 2 of Division 2 of the Insurance Code, commencing with Section 10700.

## 40 HEALTHY FAMILIES PROGRAM

### Program Objectives Statement

This program provides a subsidized children's health insurance program for low to moderate income families. The children, whose families are ineligible for Medi-Cal because of income limitations, have a choice of health, dental, and vision plans which offer a full range of services. The program provides subsidized coverage for eligible children from 60 days after birth to age 19 in families with incomes up to 250 percent of the Federal Poverty Level. The Healthy Families Program provides comprehensive health, dental, and vision benefits equivalent to those provided to state employees. There are an estimated 639,000 uninsured children who will qualify for this program upon full implementation.

### Major Budget Adjustments Included in 2000–01

- $2.6 million ($2.1 million General Fund) to reflect anticipated expenditures for the start-up of the Healthy Families Program parent expansion.
- $21.9 million decrease ($10.6 million General Fund) to reflect lower than anticipated enrollment.

*** Dollars in thousands, except in Salary Range.**

## 4280 MANAGED RISK MEDICAL INSURANCE BOARD—Continued

### Major Budget Adjustments Proposed for 2001–02

- $200.9 million ($0.6 million General Fund, $115.3 million Federal Funds, $9.0 million in Reimbursements and $76.0 million in the Tobacco Settlement Fund) for the expansion of the Healthy Families Program to serve parents up to 200 percent of the Federal Poverty Level and 17.0 positions for support of the parent expansion.
- $114.8 million ($45.5 million General Fund) for caseload growth in the Healthy Families Program.
- A $74.4 million fund shift from General Fund to the Tobacco Settlement Fund.
- $0.5 million ($0.1 million General Fund) for 5.0 positions for programmatic and administrative support needs within the Department.

### Authority

Part 6.2 of Division 2 of the Insurance Code, commencing with Section 12693.

# 4300 DEPARTMENT OF DEVELOPMENTAL SERVICES

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act (Lanterman Act) to ensure that persons with developmental disabilities receive the services and support they need to lead more independent, productive and normal lives and to make choices and decisions about their own lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of handicap and, to the extent possible, accomplishes these goals in the individual's home communities.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards and procedures within which the developmental services program operates; and monitors, reviews and evaluates service delivery and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and under contract through a statewide network of 21 private, nonprofit, locally-based community agencies, known as Regional Centers.

The Department's goals are to:

- Ensure that persons with developmental disabilities served by Regional Centers and Developmental Centers receive needed services and support.
- Ensure the optimal health, safety, and well-being of all individuals served by Regional Centers and Developmental Centers.
- Ensure that all services provided by vendors, Regional Centers, and Developmental Centers are of high quality.
- Ensure the availability of a comprehensive array of appropriate services and supports to meet the needs of consumers and their families.
- Reduce the incidence and severity of developmental disabilities through the provision of appropriate prevention and early intervention services.
- Ensure services and supports to persons with developmental disabilities and their families are cost-effective for the State of California.

The Department provides developmental services to eligible persons through three programs: Community Services, Developmental Centers and Administration.

[1] Some of the amounts included as General Fund are for the purposes of meeting the minimum funding guarantee for educational programs pursuant to Section 8 of Article XVI of the California Constitution. Specific appropriations are identified in the following RECONCILIATION(S) WITH APPROPRIATIONS.

## 10 COMMUNITY SERVICES PROGRAM

### Program Objectives Statement

The Community Services Program develops and maintains services for eligible developmentally disabled persons who reside in the community. Through 21 private, non-profit Regional Centers the program provides or coordinates assessment, diagnosis, counseling, planning, placement, education, and monitoring of care for these individuals and their families. In addition, the Community Services Program is responsible for the development of standards and regulations for the administration of community programs.

### Major Budget Adjustment Included in 2000–01

- $8.8 million General Fund savings and an increase of $8.8 million in reimbursements from the Department of Health Services to reflect restoration of federal funding eligibility in Regional Centers.

### Major Budget Adjustments Proposed for 2001–02

- $346 million to reflect the transfer of the General Fund and commensurate decreases in reimbursements from the Department of Health Services to simplify the budgeting process.
- $2.6 million General Fund to expand clinical evaluation and assessment for children to determine eligibility for the Early Start Program.
- $9.2 million ($7.4 million General Fund) to implement an expanded and redesigned Special Incident Reporting System for Regional Center consumers.
- $148.6 million ($141.7 million General Fund) for a projected caseload increase of 8,460 consumers and increased utilization of purchased services.

### Authority

Welfare and Institutions Code, Divisions 4, 6, and 7, commencing with Section 4400.
Health and Safety Code, Division 25, commencing with Section 38000.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

# 4300 DEPARTMENT OF DEVELOPMENTAL SERVICES—Continued

## 20 DEVELOPMENTAL CENTERS PROGRAM

### Program Objectives Statement

The Department operates five Developmental Centers: Agnews, Fairview, Lanterman, Porterville, and Sonoma. Forensic services are provided in a secure setting at Porterville Developmental Center. In addition, the Department has leased a 54-bed facility in Yuba City known as Sierra Vista and a 63-bed facility in Cathedral City known as Canyon Springs; these facilities serve persons with behavioral problems. Developmental Center services include care and supervision for all individuals on a 24-hour basis, supplemented with appropriate medical and dental care, health maintenance activities, assistance with activities of daily living, training, education, and active treatment.

The primary objectives of the Developmental Centers Program include providing care, treatment and habilitative services in the most efficient, effective and least restrictive manner to all individuals referred to the Developmental Centers by the Regional Centers, county mental health departments and/or the judicial system; and providing services to individuals which ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Program provides central administrative and clinical management services to the five Developmental Centers and the two leased facilities to ensure the quality of services provided, compliance with state licensing and federal certification requirements, and attainment of quality assurance standards. The areas of responsibility include the development of policy and procedures for all aspects of Developmental Center operations and compliance with professional clinical standards in providing effective care, treatment and habilitation training for persons with developmental disabilities.

### Major Budget Adjustments Included in 2000–01

- $615,000 ($70,000 General Fund) to fund employee compensation increases.
- $36.5 million General Fund to replace lost federal funds due to a delay of recertification of Agnews Developmental Center (recertified in October 2000), and delays in the certification of Sonoma Developmental Center and the Sierra Vista facility (estimated March 31, 2001).
- $3.1 million ($355,000 General Fund) reduction for the employer's contribution to the Public Employees' Retirement System.

### Major Budget Adjustments Proposed for 2001–02

- $255 million to reflect the transfer of the General Fund and commensurate decreases in reimbursements from the Department of Health Services to simplify the budgeting process.
- $3.3 million ($1.8 million General Fund) to fund employee compensation increases.
- $850,000 ($425,000 General Fund) to meet federal Health Insurance Portability and Accountability Act requirements.
- $4.3 million reduction ($736,000 General Fund increase) and a reduction of 150.8 positions to reflect an overall population reduction of 158 residents in the Developmental Centers.
- $3.1 million ($1.7 million General Fund) reduction for the employer's contribution to the Public Employees' Retirement System.

## 35 ADMINISTRATION

### Major Budget Adjustments Proposed for 2001–02

- $5.6 million General Fund for the second year of a four-year plan to replace information systems to improve the quality and quantity of data collection and reporting at 21 Regional Centers.
- $1.5 million General Fund to permanently establish 20.0 positions (19.0 personnel years) for required oversight of federal programs and for audits and audit appeals.

## 98 STATE-MANDATED LOCAL PROGRAMS

### Program Objectives Statement

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs incurred in complying with certain state-mandated local programs. Funding for five ongoing mandates is proposed for inclusion in the Budget Act.

*** Dollars in thousands, except in Salary Range.**

[1] Actual General Fund expenditures for project 55.50.320 totaled $2,133, and estimated savings equalled $31. However, $1,160 in expenditures were included in the Department of Developmental Services' General Fund support budget, due to a coding error.

# 4440 DEPARTMENT OF MENTAL HEALTH

The Department of Mental Health (DMH), administers State and federal statutes pertaining to mental health treatment programs. The DMH is also responsible for the direct operation of Atascadero, Metropolitan, Napa and Patton State Hospitals and the Acute Psychiatric Program at the California Medical Facility at Vacaville.

The Department promotes access to appropriate statewide mental health services for California residents. As the State's mental health authority, the Department invites the participation of numerous persons and organizations such as: the Local Mental Health Advisory Boards; California Mental Health Association; California Alliance for the Mentally Ill; California Network of Mental Health Clients; community mental health providers; Medi-Cal officials; private psychiatrists; primary health care providers; and individuals in informal networks of local support systems.

Chapter 89, Statutes of 1991, established State-Local Realignment which realigned to counties the funding and programmatic responsibility for the majority of local mental health programs, the Institutions for Mental Disease (IMD) program, and the use of Lanterman-Petris-Short (LPS) State Hospital beds. In 1991–92, the counties took full responsibility for the realigned local mental health programs. In addition, the IMD programs were transitioned to the counties beginning July 1, 1992. The DMH will continue to administer the State Hospitals. However, annual contracts are entered into between the Department and the counties for the use of LPS beds at the hospitals.

Under the provisions of State-Local Realignment, and in keeping with the transfer of responsibility and funding for mental health services, counties are responsible for the provision of mental health services to their residents. Services include prevention and control of mental illness through community education and consultation, crisis evaluation and emergency care, 24-hour acute care, 24-hour residential treatment, day care treatment, outpatient care, case management and resocialization. The Department sets overall policy for the delivery of mental health services statewide; executes and oversees performance contracts with county mental health departments; monitors compliance with state and federal statutes; and oversees various state-funded programs and projects consistent with specific departmental objectives.

Within DMH's overall goal of upgrading, balancing and integrating community and State-operated services, the objective of the Long-Term Care Services program is to complement mental health services in the community. Under State-Local Realignment, the Department provides hospital services to civilly committed patients under contract with local mental health departments. Judicially committed patients continue to be treated through state-funded programs.

### Authority

Welfare and Institutions Code, Divisions 4–8, commencing with Section 4000.

## 10 COMMUNITY SERVICES

### Program Objectives Statement

The Community Services Program assists counties in providing appropriate mental health treatment and support services. In addition to ensuring compliance with State and federal statutes, this program directly oversees state-funded community projects consistent with departmental priorities. The objective of the Community Services Program is to provide mental health clients with a network of treatment and supportive services in a local setting that will help them return to community participation as fully and quickly as possible.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 4440 DEPARTMENT OF MENTAL HEALTH—Continued

### Major Budget Adjustments Included in 2000–01

- $9.3 million ($4.5 million General Fund) to provide the same rate increases to Managed Care Mental Health Plans for services provided by psychiatrists and psychologists as provided to Medi-Cal fee-for-service providers in the 2000 Budget Act.
- $8.3 million (reimbursements) to increase Medi-Cal services to children under the Early and Periodic Screening, Diagnosis and Treatment Program.
- $2.2 million ($53,000 General Fund) decrease to reflect caseload adjustments in the Healthy Families Program.
- $1.5 million (reimbursements) from the California Children and Families Commission to provide Infant Mental Health services.

### Major Budget Adjustments Proposed for 2001–02

- $125.6 million (reimbursements) to increase services under EPSDT.
- $30.5 million ($24.7 million General Fund) to reflect adjustments in caseload and the same provider rate increases for psychiatrists and psychologists in the Mental Health Managed Care Program as provided to Medi-Cal fee-for-service providers.
- $12 million (reimbursements) to provide Therapeutic Behavioral Services (TBS) as a Medi-Cal benefit to Seriously Emotionally Disturbed children, including $156,000 for audits of county TBS placements.
- $3.1 million ($631,000 General Fund) to reflect caseload growth in the Healthy Families Program.
- $2 million (reimbursements) to reflect increased pharmacy costs for the San Mateo Pharmacy and Laboratory Services Field Test.
- $1.8 million (reimbursements) from the California Children and Families Commission to provide Infant Mental Health services.
- $1 million (General Fund) for the first year of a three-year pilot project to test community-based alternatives to long-term placement in Institutions for Mental Disease.

### Authority

Welfare and Institutions Code, Divisions 4–8, commencing with Section 4000.

[1] Some of the amounts included as General Fund are for the purposes of meeting the minimum funding guarantee for educational programs pursuant to Section 8 of Article XVI of the California Constitution. Specific appropriations are identified in the following Reconciliation(s) With Appropriations.

## 20 LONG-TERM CARE SERVICES

### Program Objectives Statement

The Long-Term Care Services Program assures the provision of quality inpatient treatment services for mentally disabled Lanterman-Petris-Short (LPS) patients, under contract with local mental health departments, judicially committed patients, mentally disordered offenders and inmates transferred from the Department of Corrections. The basic goal of the program is restoration of the individual's optimal level of functioning to allow reintegration into the community.

With the exception of medical-surgical services, a full range of programs for mentally disabled adults are provided at Atascadero, Metropolitan, Napa and Patton State Hospitals. Programs for mentally disabled children and adolescents are provided only at Metropolitan State Hospital. In addition, the Department operates an acute psychiatric program for Department of Corrections inmates at the California Medical Facility at Vacaville.

The state hospital population (excluding the California Medical Facility at Vacaville) is projected to be 4,421 on June 27, 2001 and is expected to increase to 4,593 by June 26, 2002.

### Major Budget Adjustments Proposed for 2001–02

- $7.1 million ($12.3 million General Fund) and 107.9 positions (102.5 personnel years) in the state hospitals to reflect half-year funding for 172 new Judicially Committed patients and a change in the mix of clients between hospitals, including the final transfer of the developmentally disabled forensics population from Napa State Hospital. The change in hospital population will reduce reimbursements by $5.2 million.
- $20 million (General Fund), on a one-time basis, for special repair projects in the four state hospitals, as well as to complete Americans with Disabilities Act modifications at Metropolitan State Hospital.
- $7.6 million (General Fund), on a one-time basis, to upgrade and install additional personal alarm systems at Atascadero, Metropolitan, and Patton State Hospitals.
- $6.9 million (General Fund), on a one-time basis, to purchase modular buildings to allow the Department to convert treatment and recreation space at Atascadero and Patton State Hospitals.
- $5.2 million ($3.8 million General Fund) to reflect increased state hospital operating expenses, including drugs, medical supplies, and contract medical services.
- $2.3 million (reimbursements) and 97 positions (36.6 personnel years) to activate the 64-bed inpatient mental health program at Salinas Valley State Prison.
- $1.1 million (General Fund) for the Conditional Release Program, including a caseload increase of 29 patients, additional funding for state hospital liaison visits, and increases in the average annual cost per patient in the Program.
- $650,000 (General Fund) for one-time startup costs for a Psychiatric Technician Training program at West Hills Community College in Coalinga.
- $485,000 (General Fund) to contract for required court recommitment evaluations of Sexually Violent Predators.
- $375,000 (General Fund) and 6 positions (3.3 personnel years) for start-up activities related to the construction of the new state hospital in Coalinga.

### Authority

Welfare and Institutions Code, Divisions 4–8, commencing with Section 4000.

The State Hospital In-hospital Population Count chart below displays past and projected population levels for hospital clients (excluding those on leave).

The chart is vertically divided by fiscal year into two parts: ''Last Wednesday of Fiscal Year'' and ''Average (Two Year Average)''. Both components display ''observed'' columns which are composed of actual client count and ''estimated'' columns which are population projections upon which the budget is predicated.

Horizontally, the chart is divided by hospital into three categories: LPS, Penal Code and ''other clients''.

*** Dollars in thousands, except in Salary Range.**

## 35 DEPARTMENTAL ADMINISTRATION

A total of 142.2 personnel years and $18.7 million are proposed for 2001–02 to perform administrative functions for the Department. The cost of these functions are allocated to the Community Services Program $12.8 million and the Long-Term Care Program $5.9 million.

### Major Budget Adjustment Proposed for 2001–02

- $2.4 million ($1.2 million General Fund) and 9 positions (8.5 personnel years) to implement the federal Health Insurance Portability and Accountability Act.

## 98 STATE-MANDATED LOCAL PROGRAMS

### Program Objectives Statement

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated local programs. Funding for five ongoing mandates is proposed for inclusion in the Budget Act.

### Major Budget Adjustment Included in 2000–01

- $13.3 million (General Fund) for State-reimbursable mandated mental health services.

### Major Budget Adjustment Proposed for 2001–02

- $6 million (General Fund) for mandated services to handicapped students.

| **55 CAPITAL OUTLAY** | | | |

The Department of Mental Health is committed to upgrading all patient living areas to meet fire, life safety, and environmental standards. This, in addition to programmatic improvements, enables the Department to meet the major objective of accreditation of all state hospitals. The Department of Mental Health is also focused on addressing the housing requirements of a growing population and a rapidly changing patient mix.

### Major Budget Adjustments Proposed for 2001–02

- $349,287,000 for construction of the new Sexually Violent Predator facility.
- $642,000 for the preliminary plans for remodeling Building 194, S Units at Napa State Hospital.
- $686,000 for the preliminary plans and working drawing for remodeling Building 206/208 at Metropolitan State Hospital.
- $480,000 for the preliminary plans for a Multi-Purpose Building at Atascadero State Hospital.
- $95,000 for the preliminary plans and working drawings for remodeling the Admissions Suite at Patton State Hospital.
- $676,000 for minor projects.

# 4700 DEPARTMENT OF COMMUNITY SERVICES AND DEVELOPMENT

The Department of Community Services and Development (DCSD) administers programs to assist low-income residents and communities of California in the following areas: Low-Income Home Energy Assistance Program, Community Services Block Grant, and the Department of Energy Weatherization Program. Services are provided through a network of approximately 200 community agencies. The DCSD also verifies the eligibility of applicants for the California Alternative Rates for Energy Program offered by utility companies and administers the Lead-Based Paint Abatement and Prevention Program.

The DCSD also participates in the California Mentor Program to assist at-risk youths to become productive members of society by recruiting, training, and placing mentors with these youths.

## Authority

Government Code 12085–12092; Public Law 97-35; as amended. Chapter 1436, Statutes of 1987.

## 4700 DEPARTMENT OF COMMUNITY SERVICES AND DEVELOPMENT—Continued

### 20 ENERGY PROGRAMS

**Program Objectives Statement**

The objective of the Energy Programs is to provide federal Low-Income Home Energy Assistance Program (LIHEAP) block grant funds to assist low-income persons in meeting the high costs of energy, using and conserving energy more efficiently, and learning about and using new sources of energy. In addition to providing financial assistance for routine home energy costs, this block grant also includes an energy crisis intervention program and a weatherization program.

**Major Budget Adjustment Proposed for 2001–02**

- An increase of $4,857,000 (Petroleum Violation Escrow Account) to provide energy assistance and savings services to low-income households.

### 40 COMMUNITY SERVICES

**Program Objectives Statement**

The Community Services Program administers the federal Community Services Block Grant (CSBG) in California. The objective of the Community Services Program is to provide a wide range of services designed to assist low-income persons to:

- Make better use of available income;
- Obtain and maintain adequate housing and a suitable living environment;
- Remove obstacles and solve problems which block the achievement of self-sufficiency;
- Achieve greater participation in the affairs of the community;
- Provide, on an emergency basis, supplies and services, nutritious foodstuffs, and related services as may be necessary; and
- Coordinate and establish linkages between governmental and other social services programs.

The low-income populations of all 58 counties in California are served. Limited purpose agencies also are funded from discretionary funds, including mentoring programs to serve at-risk youths.

### 47 NATURALIZATION SERVICES PROGRAM

The objective of the Naturalization Services Program is to provide outreach services, citizenship testing, and naturalization assistance to legal immigrants.

## 5100 EMPLOYMENT DEVELOPMENT DEPARTMENT

The Employment Development Department (EDD) serves the people of California by acting as an agent between employers and job seekers. The EDD pays benefits to eligible workers who become unemployed or disabled, collects payroll taxes, and assists disadvantaged and welfare-to-work persons by providing employment and training programs under the federal Workforce Investment Act of 1998. In addition, the EDD collects and provides comprehensive economic, occupational, and socio-demographic labor market information concerning California's workforce.

## 5100 EMPLOYMENT DEVELOPMENT DEPARTMENT—Continued

## 10 EMPLOYMENT AND EMPLOYMENT RELATED SERVICES PROGRAM

### Program Objectives Statement

California's workforce benefits from a sound and growing economy. However, many employers' job openings remain unfilled, resulting in a loss in production of goods and services. Additionally, many job seekers are unable to find employment and suffer wage loss and reduced buying power. The objective of this program is to provide a variety of services to facilitate a match between employers' needs and job seekers' skills. Many of the employment services are delivered through California's One-Stop Career Center System.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $6,094,000 (Unemployment Administration Fund) and 16.8 temporary help personnel years to provide services to those impacted by the Trade Adjustment Act.
- An increase of $2,397,000 (Unemployment Administration Fund) and 6.5 temporary help personnel years to provide services to those impacted by the North American Free Trade Agreement.
- A $5,000,000 (General Fund) augmentation to continue, for an additional year, the funding added in 2000–01 to engage faith-based organizations more directly in the State's effort to deliver employment services.

### Authority for General Employment Services

Federal: Wagner-Peyser Act; Title III as amended, Social Security Act; Presidential Executive Order 11422, August 20, 1968; Job Training Partnership Act, PL 97-300 October 13, 1982, PL 96-600 as amended, Workforce Investment Act, PL 105-220, August 7, 1998.

State: Unemployment Insurance Code, Division 3 and Family Economic Security Act (Div 8 beg 15000) September 21, 1982.

### Authority for Special Group Employment Services

Federal: Title IV of the Social Security Act.

State: Unemployment Insurance Code, Division 2, Welfare and Institutions Code, Division 9, Service Center—Governor's Executive Order 66-11 (July 1, 1966); Unemployment Insurance Code, Section 301.5; Job Agent—Chapter 1460, Statutes of 1968; Unemployment Insurance Code, Division 3; GAIN—Chapter 1025, Statutes of 1985.

## 21 TAX COLLECTIONS AND BENEFIT PAYMENTS PROGRAM

### Program Objectives Statement

The seasonality of certain industries, fluctuations in the economy, and advances in technology continue to cause unemployment. Workers also continue to lose wages due to nonwork-related illness, injury, and pregnancy. These circumstances have a detrimental effect on the State's economy. To alleviate the hardships on individuals and stabilize the economy, this program provides monetary relief to individuals who undergo periods of unemployment or temporary disability. This program contains two systems; the Unemployment Insurance (UI) program and the Disability Insurance (DI) program. These systems are based upon insurance principles, with the employer and employee paying tax contributions to funds that provide benefits. The systems include the following activities: collecting taxes, determining benefit eligibility based upon claims, managing caseloads, processing payments to claimants, recovering overpayments, and adjudicating disputes involving claims or tax liabilities. The collection process includes the collection of UI and DI taxes as well as the Personal Income Tax (PIT) and the Employment Training Tax (ETT) from all subject employers. Consolidation of the collection of UI, DI, PIT and ETT taxes, as well as PIT withholding and taxable wage information into one program, simplifies the reporting and payment of these taxes by employers. California is one of the few states in which the collection of personal income tax withholdings has been consolidated with collection of the unemployment insurance tax, resulting in General Fund savings and minimizing administrative burdens on business. The integrity of the tax collection system is maintained by the audit program that detects and deters employer errors and intentional tax evasion and by the intensive collection of delinquent taxes. By ensuring that all employers carry their fair share of the tax burden, these activities help to promote fair competition in the marketplace. The Customer Service Program assists employers in voluntarily complying with California employment tax laws and requirements. This program provides education through marketing and outreach efforts to provide employers with the information they need to properly report required employment tax information, including pamphlets, seminars, and individual consultations for new employers to advise them on the laws and requirements and identify any existing noncompliance, without risk of assessment and to avoid future unplanned liabilities.

### Major Budget Adjustments Included in 2000–01

- An increase of $50,409,000 (Unemployment Compensation Disability Fund), and an increase of 27.8 temporary help personnel years for Disability Insurance workload adjustments.
- An increase of $2,056,000 (School Employees Fund) for school employees Unemployment Insurance benefits.
- An increase of $125,329,000 ($5,718,000 Unemployment Administration Fund, $119,611,000 Unemployment Insurance Trust Fund) and 121.8 temporary help personnel years due to Unemployment Insurance workload increases.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $70,609,000 ($8,564,000 Unemployment Administration Fund, $62,045,000 Unemployment Insurance Trust Fund) and 180.0 temporary help personnel years due to Unemployment Insurance workload increases.
- An increase of $115,596,000 (Unemployment Compensation Disability Fund) and an increase of 69.6 temporary help personnel years for Disability Insurance workload adjustments.
- A decrease of $425,000 (School Employees Fund) for school employees Unemployment Insurance benefits.
- An increase of $506,000 in Reimbursement authority and 6.9 positions to implement provisions of SB 542, Child Support Enforcement.

### Authority for Unemployment Insurance Program

Federal: Titles III, IX, and XV of the Social Security Act; Federal Unemployment Tax Act. State: California Unemployment Insurance Code, Division I.

### Authority for Disability Insurance Program

State: Unemployment Insurance Code, Division 1, Sections 2601–3272; Government Code, Title 2, Division 5.

*** Dollars in thousands, except in Salary Range.**

## 5100 EMPLOYMENT DEVELOPMENT DEPARTMENT—Continued

### Authority for Personal Income Tax Withholding

State: Government Code, Section 15702.1, California Administrative Code, Title 18, Section 17002.5, Unemployment Insurance Code, Division 6.

### Authority for Employment Training Tax Withholding

State: State Administrative Manual, Section 9220, Chapter 1284, Statutes of 1978. Chapter 1458, Statutes of 1974.

## 22 CALIFORNIA UNEMPLOYMENT INSURANCE APPEALS BOARD

### Program Objectives Statement

The California Unemployment Insurance Appeals Board (CUIAB) consists of seven members; five appointed by the Governor and one each by the Senate Rules Committee and the Speaker of the Assembly. The CUIAB adjudicates disputes between appellants/petitioners and the EDD through an administrative hearing process in the areas of UI and DI. They also hear tax issues concerning UI, DI, and PIT withholding.

The Appeals Board uses two levels of review. The Field Operations level is composed of the Chief Administrative Law Judges Office and 11 regional offices. They hear approximately 175,000 cases per year between employees and employers in various locations throughout the state.

The Appeals Board level reviews the decisions rendered by field judges. The Board may affirm, reverse, modify, set aside or remand a field decision. The Board, acting as a whole, may designate its decisions as precedent decisions, which constitute the foundations of the various benefit programs that fall within the Board's jurisdiction. Precedent decisions are published and made available to the public. They are binding on the field judges and EDD. All decisions of the Appeals Board are final except for the filing of an action in Superior Court. The Board annually renders decisions in over 16,000 cases appealed to it.

The EDD provides fiscal business services and some data processing support for the CUIAB.

### Major Budget Adjustments Included in 2000–01

- An increase of $198,000 (Unemployment Compensation Disability Fund) and 3.1 temporary help personnel years due to Disability Insurance workload increases.
- An increase of $3,280,000 (Unemployment Administration Fund) and 57.2 temporary help personnel years for Unemployment Insurance workload increases.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $3,001,000 (Unemployment Administration Fund) and 52.0 temporary help personnel years for Unemployment Insurance workload increases.
- An increase of $270,000 (Unemployment Compensation Disability Fund) and 4.2 temporary help personnel years due to Disability Insurance workload increases.

### Authority for California Unemployment Insurance Appeals Board

State: Unemployment Insurance Code, Division 1, Sections 401–413.

## 40 WELFARE-TO-WORK PROGRAM

### Program Objectives Statement

The EDD is the state agency responsible for receipt of the federal Welfare-to-Work (WtW) funds granted to California in federal fiscal years 1997 and 1998 to provide transitional assistance for recipients of the Temporary Assistance to Needy Families (TANF) program. The WtW program is administered pursuant to policy direction provided by the federal Department of Labor and in concert with the Department of Social Services which administers the California Work Opportunity and Responsibility to Kids (CalWORKs) program. The program includes job creation through wage subsidies, on-the-job training, job placement, and post-employment services to transition hard-to-employ public assistance recipients into full-time, permanent, unsubsidized employment. The EDD allocated 85 percent of the federal grant funds on a formula basis to Local Workforce Investment Boards in the local workforce investment areas in California to provide employment, job training, and support services to the hardest to serve individuals. The EDD also distributes the Governor's WtW 15 percent discretionary funds on a competitive basis to local entities.

### Authority for Welfare-to-Work Program

Federal: Balanced Budget Act of 1997 (H.R. 2015).
State: California Government Code Section 13070.

## 50 EMPLOYMENT TRAINING PANEL PROGRAM

### Program Objectives Statement

The Employment Training Panel (ETP) is a statewide economic development program that supports the California economy by ensuring that employers, primarily small businesses, have the trained workers they need to compete in the global economy while providing workers with reasonable wages and secure employment. The ETP is a significant economic development tool for business attraction and business retention and works in partnership with business, labor, and government.

The ETP was established in 1982 with the initial mandate of assisting displaced workers. Statutes of 1993 expanded program requirements emphasizing the training of unemployed workers for high-wage, high-skill jobs and the retraining of incumbent workers of businesses challenged by out-of-state competition. Statutes of 1997 added Welfare to Work and statutes of 2000 removed ETP's sunset date and provided for training in areas of high unemployment, with an emphasis on the working poor.

A key feature of ETP since its inception is its 100 percent performance-based contracting requirement that ensures training is linked to a real job. Thus, a contractor does not earn funds until a trainee completes all of the training and an employment retention period of at least 90 days in a training-related job. The ETP is funded through the Employment Training Tax (ETT) which is levied on California employers who participate in the Unemployment Insurance System. The ETT is collected by EDD and deposited into the Employment Training Fund.

### Authority for the Employment Training Panel Program

State: California Unemployment Insurance Code, Division 1.

*** Dollars in thousands, except in Salary Range.**

## 5100 EMPLOYMENT DEVELOPMENT DEPARTMENT—Continued

### 60 JOB TRAINING PARTNERSHIP ACT (JTPA) PROGRAM

#### Program Objectives Statement

The JTPA program was replaced by the Workforce Investment Act program effective July 1, 2000.

#### Authority for Job Training Partnership Act Program

State: California Unemployment Insurance Code, Division 8.
Federal: Job Training Partnership Act of 1982.

### 61 WORKFORCE INVESTMENT ACT (WIA) PROGRAM

#### Program Objectives Statement

The federal WIA replaced its predecessor, the Job Training Partnership Act on July 1, 2000. Funding for the WIA in 2001–02 will be provided through three programs: Adult Employment and Training, Youth Activities, and Dislocated Workers. Adult funds provide universal services to all adults, plus training and other services to economically disadvantaged adults facing serious barriers to employment. Youth funds provide economically disadvantaged youth with training and other services to prepare them with the skills necessary to obtain unsubsidized employment, completion of secondary or post-secondary education, entrance to military service or qualified apprenticeship. Dislocated Worker funds provide rapid response services to workers affected by plant closures and layoffs, and provide retraining and readjustment services to dislocated workers. In addition, the WIA allows the Governor to reserve up to 15 percent for discretionary projects that support statewide workforce investment activities.

#### Major Budget Adjustment Included in 2000–01

- An increase of $500,000 (Consolidated Work Program Fund) to provide a toll-free help line for dislocated workers.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $17,850,000 (Consolidated Work Program Fund) and 12.3 personnel years for the School to Career Program.

#### Authority for Workforce Investment Act Program

Workforce Investment Act of 1998, PL 105-220.

### 67 AT-RISK YOUTH DEMONSTRATION PROJECT

#### Program Objectives Statement

The EDD has $1,000,000 of General Fund monies available in 2000–2001 to implement a youth demonstration project. The project funded is the California Youth Build program, which assists economically disadvantaged youth obtain education and employment skills in conjunction with the construction or rehabilitation of housing for special need populations.

# 5120 CALIFORNIA WORKFORCE INVESTMENT BOARD

The federal Workforce Investment Act (Act) of 1998 (Public Law 105-220) repealed the Job Training Partnership Act and established new requirements for employment and training programs for adults, youth, and dislocated workers. Pursuant to the provisions of the Act, the Governor established a state Workforce Investment Board comprised of the Governor, two members of the Senate, appointed by the President pro Tempore, two members of the Assembly, appointed by the Speaker, and representatives of business, labor organizations, community-based organizations, schools and colleges, state agencies, and local governments appointed by the Governor. As required by federal law, the majority of the Board Members are business representatives. The Board is to assist the Governor in restructuring workforce development programs into an integrated workforce investment system that can better respond to the employment, training, and education needs of its customers. Services are required by federal law to be provided through a network of one-stop career centers.

The Act requires the Board to assist the Governor with the development of a five-year Workforce Investment Plan, designation of Local Workforce Investment Areas, establishment of Local Workforce Investment Boards, review of Local Workforce Investment Area plans, oversight of local workforce education and training programs, negotiations of performance standards with the Department of Labor, and preparation of an annual report.

## Authority

Federal: Public Law 105-220, Workforce Investment Act of 1998.
State: Executive Order D-9-99, California Workforce Investment Board.

# 5160 DEPARTMENT OF REHABILITATION

The Department of Rehabilitation (DOR) is the principal State agency assisting people with disabilities, particularly those with most significant disabilities, in obtaining and retaining employment and maximizing their ability to live independently in their communities.

## Program Objectives

- Provide vocational rehabilitation services to increase the quality and quantity of employment outcomes for persons with disabilities.
- Increase the quality and availability of independent living services to persons with most significant disabilities.
- Address architectural, transportation, and attitudinal barriers to social and economic integration by advocacy for the rights and opportunities of persons with disabilities. Maximize the availability and use of assistive technology.
- Collaborate with educational institutions, community rehabilitation facilities, and other training, employment, and service agencies to ensure equal access for persons with disabilities.

## 10 VOCATIONAL REHABILITATION SERVICES

### Program Objectives Statement

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through district and branch offices located throughout the state. In addition, DOR has entered into a number of cooperative agreements with State and local agencies (educational, mental health, and welfare) to assure specialized services are provided to target groups within this population. The DOR operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The DOR also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Prevocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with the most significant disabilities who can reasonably be expected to benefit from independent living services are provided a full range of services, including special adaptive equipment to assist in personal care, aides for communication, minor home modifications, and specialized wheelchairs for independent mobility.

### Major Budget Adjustment Included in 2000–01

- A decrease of $3,993,000 ($803,000 General Fund and $3,190,000 Federal Trust Fund) due to caseload changes in the Work Activity and Supported Employment Programs related to clients funded by the Vocational Rehabilitation Services Program.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 5160 DEPARTMENT OF REHABILITATION—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $414,000 (Reimbursements) to make permanent 5.0 positions in the Americans with Disabilities Act (ADA) Unit and continue providing training and other assistance to state entities.
- An increase of $400,000 ($85,000 General Fund and $315,000 Federal Trust Fund) to fund additional costs associated with DOR's mandatory participation in Workforce Investment Act One-Stop Centers.
- A net decrease of $1,876,000 (an increase of $123,000 General Fund and a decrease of $1,999,000 Federal Trust Fund) due to projected caseload changes in the Work Activity and Supported Employment Programs related to clients funded by the Vocational Rehabilitation Services Program.

### Authority

Federal—Title IV of the Workforce Investment Act (Public Law 105-220), dated August 7, 1998.
State—Welfare and Institutions Code, Division 10, commencing with Section 19000.

## 20 HABILITATION SERVICES

### Program Objectives Statement

The Habilitation Services Program provides services to adults with developmental disabilities who are too significantly disabled to benefit from the vocational rehabilitation program but can benefit from vocational services that will increase their independence, work preparedness, vocational skills, and social functioning, with a goal of referral to the vocational rehabilitation program for competitive employment services. The DOR purchases habilitation services from community-based rehabilitation facilities for significantly disabled persons referred by the Department of Developmental Services regional center system.

Under this program, the DOR also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

### Major Budget Adjustment Included in 2000–01

- An increase of $5,814,000 ($5,291,000 General Fund and $523,000 Home and Community-Based Services Waiver reimbursements) due to caseload changes in the Work Activity and Supported Employment Programs related to clients funded by the Habilitation Services Program.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $570,000 ($285,000 General Fund and $285,000 Reimbursements) to make permanent 8.0 positions in the Community-Based Services Waiver Program and continue DOR's participation in that waiver.
- A net increase of $9,028,000 (an increase of $9,274,000 General Fund and a decrease of $246,000 Home and Community-Based Services Waiver reimbursements) due to projected caseload changes in the Work Activity and Supported Employment Programs related to clients funded by the Habilitation Services Program.

### Authority

Welfare and Institutions Code, Division 10, commencing with Section 19000; Chapter 1227, Statutes of 1978.

## 30 SUPPORT OF COMMUNITY FACILITIES

### Program Objectives Statement

The Community Resources Development Section, in conjunction with District office staff, works with for-profit, public, and not-for-profit organizations to develop and improve community-based vocational rehabilitation services for DOR clients. Services are provided by Community Rehabilitation Programs, including independent living centers, mental health and substance abuse programs, and programs providing special services to the deaf, hearing impaired, blind, and visually impaired.

The DOR sets standards for Community Rehabilitation programs and the services they provide. DOR certifies programs to ensure that standards are met and establishes fees for services purchased from programs. DOR inventories Community Rehabilitation programs and maintains a current listing of services available to DOR clients.

### Authority

Federal—Title IV of the Workforce Investment Act (Public Law 105-220), dated August 7, 1998.
State—Welfare and Institutions Code, Sections 19008, 19013, 19152, 19154, 19400–19402, and 19800–19813.

*** Dollars in thousands, except in Salary Range.**

## 5160 DEPARTMENT OF REHABILITATION—Continued

### 40 ADMINISTRATION

The principal responsibility of the Administration Program is to provide services essential for the administration of the Department and its programs. Services provided include executive, administrative, legal, fiscal, and information services, and costs for these services will be distributed back to the Vocational Rehabilitation Services, Habilitation Services, and Support of Community Facilities programs.

---

## 5170 STATE INDEPENDENT LIVING COUNCIL

The State Independent Living Council is required by the Federal Rehabilitation Act of 1973, as amended by Title 29 U.S.C. Section 796d(a), in order for the state to receive financial assistance for Independent Living Services and the Centers for Independent Living. The Council, in conjunction with the Department of Rehabilitation, is responsible for developing a state plan for independent living and for monitoring, reviewing and evaluating the implementation of that plan.

### Authority

# 5175 DEPARTMENT OF CHILD SUPPORT SERVICES

The mission of the California Child Support Program is to promote the well being of children and the self-sufficiency of families by delivering first-rate child support services and collection activities that contribute to meeting the financial, medical, and emotional needs of children.

The Department of Child Support Services was established pursuant to Chapter 478, and Chapter 480, Statutes of 1999. The Department is the single state agency designated to administer the Title IV-D state plan. The Department is responsible for providing strong state leadership to ensure that all functions necessary to establish, collect and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented.

Pursuant to Chapter 479, Statutes of 1999, the Franchise Tax Board is designated as the agent of the Department to procure, develop, implement, and maintain the operations of the statewide California Child Support Automation System. The Department has the responsibility for maintaining interim automation systems.

The statewide child support program is founded on a belief that California's children have the right to be supported by both parents financially, medically and emotionally. The child support program is committed to ensuring that California's children are given every advantage in obtaining these rights in a fair and consistent manner throughout the state. The child support program is committed to providing the highest quality services and collection activities in the most efficient and effective manner.

### Authority

Family Code, Division 17, Chapter 1.

## 10 CHILD SUPPORT SERVICES

### Program Objectives Statement

The Department of Child Support Services provides assistance to persons receiving CalWORKs and/or Medi-Cal and to unaided persons, upon application, in obtaining child support and medical support. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities, by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders so that children receive financial and medical support as ordered.

### Child Support Collections

| | *Total* | *Non-Assistance* | *Assistance* [1] | *State Share of Assistance* | *Federal Share of Assistance* |
|---|---|---|---|---|---|
| **FY 2000/01** | $2,100,088,000 | $1,348,809,000 | $751,279,000 | $350,320,000 | $362,152,000 |
| **FY 2001/02** | $2,327,752,000 | $1,503,622,000 | $824,130,000 | $385,052,000 | $396,464,000 |

[1] Assistance total includes county share of collections.

### Major Budget Adjustment Included in 2000–01

- An increase of $3,761,000 ($1,279,000 General Fund) for the Pre-Statewide Interim Systems Management (PRISM) project, to support the activities of 18 counties transitioning to one of the approved interim child support consortia systems.

### Major Budget Adjustments Proposed for 2001–02

- A continuation of $224,000 ($76,000 General Fund) for contract resources for interim systems automation oversight.
- A continuation of $593,000 ($202,000 General Fund) and 9.0 limited-term positions (8.5 personnel years) to continue the development and implementation of child support policy for the establishment and enforcement of child support orders in California.
- An increase of $291,000 ($99,000 General Fund) to establish an office in Southern California and to fund position upgrades to create a mid-level management team.
- An increase of $600,000 in federal funds to pass through to the Department of Fish and Game for enhancements to the State Licensing Match System (SLMS), as required by federal law.
- An increase of $1,580,000 ($537,000 General Fund) for the PRISM project to support the activities of 18 counties transitioning to one of the approved interim child support consortia systems.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**

### 10.01 Child Support Administration

#### Program Element Statement

Federal, state and county governments share the costs of operating expenses and the salaries and benefits of county staff administering the child support program. The federal government pays 66 percent of the total program costs and also pays a federal incentive based on the State's performance in five performance categories. State incentive dollars are used to fund the county share of costs that are not covered by the federal participation in the administrative costs and the federal incentive payment. County administrative expenses not meeting statutory criteria remain a county responsibility.

#### Major Budget Adjustments Included in 2000–01

- A decrease of $12,104,000 in Basic Administration costs (county funds) due to a reduction in federal incentive funding, resulting in a corresponding reduction of $23,814,000 in federal financial participation for administrative costs.
- An increase of $2,015,000 General Fund for EDP Conversion and Enhancements due to additional counties transitioning to one of the interim consortia systems.
- An increase of $11,961,000 General Fund for the Alternative Federal Penalty as a result of increased administrative expenditures and an increased penalty rate.
- An increase of $17,000,000 General Fund for the Statewide Automated Child Support System (SACSS) Closeout Audit, to repay the federal government for certain SACSS expenditures determined ineligible for federal financial participation at the enhanced match rate.

#### Major Budget Adjustments Proposed for 2001–02

- A decrease of $17,000,000 General Fund for the SACSS Closeout Audit, reflecting the repayment of the federal audit disallowance in 2000–01.
- A decrease of $6,273,000 General Fund for EDP Conversion and Enhancements, reflecting the completion of the conversion activities related to the interim consortia systems.
- An increase of $49,713,000 General Fund for the Alternative Federal Penalty, reflecting an increased penalty rate.

### 10.02 Child Support Incentives

#### Program Element Statement

The Department pays child support incentives to each county to fund the nonfederal share of administrative costs incurred by the local child support agency. The combined federal and state incentive payments equal 13.6 percent of total distributed collections. The amount of the federal incentive is based on the State's performance and is subject to a capped amount provided in the federal budget. The state incentive amount equals 13.6 percent of distributed collections less the federal incentive payment.

*** Dollars in thousands, except in Salary Range.**

## 5175 DEPARTMENT OF CHILD SUPPORT SERVICES—Continued

### Major Budget Adjustment Included in 2000–01

- A decrease of $12,104,000 for Basic Incentives due to revised assumptions for federal incentives, which now reflect full implementation of the new federal incentive methodology in the current year.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $57,033,000 General Fund attributable to full implementation of the new federal incentive methodology and increased child support collections.

### 10.03 Child Support Automation

### Program Element Statement

Federal and state funds are used to finance the costs of a statewide automated child support system, as required by federal law. The Franchise Tax Board (FTB) is the Department's agent for development of the statewide automation system, and the General Fund necessary to match the federal funds for development of the statewide system is reflected in FTB's budget.

# 5180 DEPARTMENT OF SOCIAL SERVICES

The Department of Social Services administers four major programs: welfare, social services, community care licensing, and disability evaluation. The Department is responsible for the following functions:

1) Supervise county delivery of payments and benefits to welfare recipients and provide services that foster self-sufficiency and dignity.
2) Supervise county delivery of social services to the elderly, blind, disabled, and other adults and children; protect them from abuse, neglect, and exploitation; and help families stay together.
3) Regulate group homes, foster homes, child care, and residential care for adults and the elderly, and assure that they meet established standards for health and safety.
4) Evaluate the eligibility of applicants for federal and state programs to aid the disabled in an efficient and equitable manner.
5) Provide adoption services in some counties.
6) Issue individual family grants to assist qualified disaster victims in times of a Presidentially declared federal disaster.

## 16 WELFARE PROGRAMS

### Program Objectives Statement

The Department's public assistance programs provide temporary financial assistance to California residents who are temporarily unable to support themselves. This program is currently comprised of nine elements: (1) California Work Opportunity and Responsibility to Kids (CalWORKs); (2) Foster Care; (3) Adoption Assistance Program; (4) Refugee Cash Assistance; (5) Food Assistance Programs; (6) Supplemental Security Income/State Supplementary Payment Program; (7) County Administration; (8) Automation Projects; and (9) Disaster Relief. The objective of this program is to provide temporary financial assistance to eligible, needy and dependent persons to enable achievement of self-sufficiency, and monitor, administer, and improve the quality of all welfare services.

### Major Budget Adjustments Included in 2000–01

- An increase of $575,000 General Fund for the Emergency Food Assistance Program, to help mitigate the impact of the Tri-Valley Growers bankruptcy and to continue to accept, transport and distribute USDA commodities and other donated food, in accordance with Chapter 309, Statutes of 2000.
- An increase of $440,000 General Fund and 4.5 positions (4.5 personnel years) for the implementation of the Individual and Family Grant Program in support of the Napa Valley Earthquake of 2000.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $454,000 ($227,000 General Fund) and 6.0 positions (5.7 personnel years) to monitor county Foster Care Title IV-E Eligibility.
- An increase of $228,000 ($70,000 General Fund) to implement a system to participate in the United States Department of Health and Human Services Public Assistance Reporting Information System project.
- An increase of $225,000 General Fund for an evaluation of the Kinship Support Services Program pursuant to Chapter 866, Statutes of 2000.
- An increase of $158,000 ($79,000 General Fund) and 2.0 positions (1.9 personnel years) to implement the Indian Child Welfare Act.
- A continuation of $321,000 ($98,000 General Fund) and 4.0 positions (3.7 personnel years) for statewide implementation of the Electronic Benefit Transfer system.
- A continuation of $286,000 ($143,000 General Fund) to make permanent 4.0 positions (3.8 personnel years) for the Office of the Ombudsman for Foster Care.
- A continuation of $222,000 federal funds and 3.0 positions (2.8 personnel years) for management of the Cal-Learn program.

## 16.30 CalWORKs

### Program Element Statement

The CalWORKs program, in conjunction with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, implements California's version of the federal TANF program. The funding framework for this program primarily is comprised of the federal TANF block grant, which is $3,733.8 million per year, and State and county moneys, which must meet a federal maintenance of effort requirement of $2,707.9 million for 2001–02. A portion of the State's CalWORKs maintenance of effort spending is budgeted in other state departments.

The CalWORKs program is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while establishing specific work requirements and encouraging personal accountability. Under CalWORKs, the State sets basic program standards, but counties are given the flexibility to design and carry out CalWORKs in a manner to best achieve success at the local level. Commensurate with their responsibilities under this program, flexibility has been given to the counties for the design of the program. Most of the funding for the Services, Administration and Child Care components of CalWORKs is provided to the counties as a block grant that may be used to divert recipients from public assistance or to provide employment services, child care, and other supportive services to help transition aid recipients to unsubsidized employment.

### 16.30.010 CalWORKs Assistance Payments

The Assistance Payments component of CalWORKs includes $3,117.4 million as local assistance funding for aid payments to recipients in 2001–02. This represents a decrease of $12.8 million from the level in 2000–01.

### Major Budget Adjustments Included in 2000–01

- A savings of $47.3 million due to a continued caseload decline.
- A savings of $9.4 million due to the increase in the minimum wage to $6.25 per hour effective January 1, 2001.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $147.8 million due to a projected 4.4 percent decrease in caseload.
- A reduction of $8.7 million for the full-year impact of the January 1, 2001, minimum wage increase, and an additional reduction of $11.9 million due to the minimum wage increase effective January 1, 2002.
- An increase of $128.3 million for a projected 4.85 percent COLA in October 2001.
- An increase of $22.4 million for the full-year cost of the October 2000 COLA.
- An increase of $16.4 million due to overpayments resulting from recipients reporting on a quarterly, rather than monthly, basis. These costs will be offset by savings in Program 16.30.030, CalWORKs Administration.

[1] Reflects a 2.36% cost-of-living adjustment effective July 1, 1999.
[2] Counties are assigned to regions pursuant to Chapter 307, Statutes of 1995.
[3] Reflects a 2.96% cost-of-living adjustment effective October 1, 2000.
[4] Reflects a 4.85% cost-of-living adjustment effective October 1, 2001.

### 16.30.020 CalWORKs Services

The Services component of CalWORKs includes $1,012.6 million for local assistance in 2001–02. This represents a reduction of $30.6 million from the 2000–01 levels. Supportive services are provided for CalWORKs recipients if the administering county determines they are needed to remove obstacles to employment.

#### Major Budget Adjustments Included in 2000–01

- An increase of $50.4 million due to the reconsideration and approval of additional county budget requests.
- A reduction of $153.0 million due to limiting funding for County Performance Incentives to the amount earned by counties through June 30, 2000.

#### Major Budget Adjustments Proposed for 2001–02

- A reduction of $15.0 million in the amount provided to the CalWORKs program from the Employment Training Fund.
- An increase of $70.3 million in basic costs, including $41.2 million for the full cost of the county budget reconsiderations approved in 2000–01 and $29.1 million due to the increase in the cost of doing business.
- A redirection of $1.6 million and an increase of $1.2 million to expand the utilization of Substance Abuse and Mental Health services by Native American CalWORKs participants. The funds will pay for a clinician in each of the 33 Indian Health Clinics, necessary transportation, and program administration by the Department of Alcohol and Drug Programs.
- A reduction of $97.0 million in funding for County Performance Incentives due to the limited funding available under the Temporary Assistance for Needy Families program.
- A reduction in CalWORKs savings of $10.5 million based on projected expenditures of Welfare-to-Work Grant program funds by the Employment Development Department.
- An increase in CalWORKs savings of $26.2 million based on an increase in Welfare-to-Work Grant Match funds.
- An increase of $39.7 million in order to meet the state match requirements for the Welfare-to-Work Grant.
- Continuation of the $20.0 million provided to the Department of Health Services for the Community Challenge Grant program. This funding is available from the $36.1 million TANF High Performance Bonus awarded to California by the U.S. Department of Health and Human Services.

### 16.30.030 CalWORKs Administration

The Administration component of CalWORKs includes $362.2 million for the counties' administrative activities in 2001–02. This represents a decrease of $85.0 million from the 2000–01 levels.

#### Major Budget Adjustment Proposed for 2001–02

- A reduction of $21.0 million due to recipients reporting on a quarterly rather than monthly basis.

### 16.30.040 CalWORKs Child Care

The Child Care component includes $574.1 million for Stage One child care and child care health and safety requirements. In addition, $506.4 million is proposed for the California Department of Education (CDE) and California Community Colleges (CCC) for Stage Two child care and $100.0 million is set aside to fund DSS and CDE child care as needed. Combined, these fund child care for CalWORKs recipients with a total of $1.2 billion.

#### Major Budget Adjustment Included in 2000–01

- An increase of $100.3 million as a result of more cases remaining in Stage One Child Care.

### 16.30.050 CalWORKs County Probation Facilities

This component of CalWORKs includes $201.4 million TANF funds in local assistance for 2001–02, which represents the same level of funding as in 2000–01. Included is $168.7 million for Juvenile Assessment/Treatment Facilities and $32.7 million for support of Probation Camps.

### 16.30.060 Kin-GAP Program

#### Major Budget Adjustment Included in 2000–01

- An increase of $11.3 million due to a 41 percent caseload increase.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $15.9 million due to anticipated caseload growth.

[a] Beginning in 2000–01, the Kinship Guardianship Assistance Program is included as part of CalWORKS.

## 16.40 Foster Care

### Program Element Statement

The Foster Care Program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by law.

### Major Budget Adjustments Included in 2000–01

- A savings of $36.7 million ($6.1 million General Fund) in Foster Care Net Payments, primarily attributable to slower than anticipated caseload growth.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $41.2 million ($18.7 million General Fund) for a 4.85 percent cost-of-living adjustment for Foster Care.

## 16.45 Non-Assistance Child Support Incentives

### Program Element Statement

The Child Support Enforcement Program avoids costs in the CalWORKs and Medi-Cal programs by locating absent parents, establishing paternity, and obtaining and enforcing court-ordered child, spousal, and medical support payments for both welfare and non-welfare families. Collections and incentive payments for welfare families are included in the CalWORKs and Foster Care program elements. Pursuant to Chapters 478 and 480, Statutes of 1999, all child support local assistance functions were transferred from the Department of Social Services to the Department of Child Support Services. The transfer of this function was effective in 2000–01.

*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### 16.50 Adoption Assistance Program

#### Program Element Statement

The Adoption Assistance Program provides ongoing subsidies to encourage and promote the placement in adoptive homes of children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps or age, or because they are a sibling group who should be placed in the same home, have become difficult to place in unsubsidized adoptive homes.

#### Major Budget Adjustment Included in 2000–01

- An increase of $7.6 million ($2.9 million General Fund) in the Adoption Assistance Program to reflect caseload growth.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $40.5 million ($20.2 million General Fund) in the Adoption Assistance Program due to anticipated caseload growth.

### 16.55 Refugee Cash Assistance

#### Program Element Statement

Refugees who do not qualify for CalWORKs or SSI may receive assistance through the Refugee Cash Assistance (RCA) program. RCA benefits are available to eligible adult refugees during their first eight months in the United States.

### 16.60 Food Stamps/Food Assistance Programs

#### Program Element Statement

The Food Stamp Program provides for improved levels of nutrition among low-income households by offering eligible households food stamps at no cost. The cost of the benefit value of food stamps to these households is borne entirely by the United States Department of Agriculture. The Food Stamp Employment and Training Program requires certain non-assistance food stamp recipients to participate in employment and training activities. Costs for this program and for the county costs of administering the Food Stamp Program are shown under Program Element 16.80—County Administration.

The Department also administers the state-only California Food Assistance Program (CFAP) to provide food stamps to immigrants. In 1997–98, funding was provided for documented seniors and children who were in the country legally prior to August 22, 1996, and met federal Food Stamp eligibility criteria but for their immigration status. Public Law 105-185 made this population re-eligible for federal food stamps effective November 1, 1998. Chapter 329, Statutes of 1998, excluded this population from CFAP eligibility while adding eligibility for documented persons from age 18 to 64 who entered the country legally prior to August 22, 1996, or who subsequently entered the country, but their sponsors are deceased, disabled or abusive. Effective October 1, 2000 through September 30, 2001, Chapter 108, Statutes of 2000, added eligibility for documented persons, who are otherwise CFAP-eligible and who entered the country legally on or after August 22, 1996.

The Emergency Food Assistance Program Fund was created by Chapter 818, Statutes of 1998. The fund consists of contributions made by taxpayers through a state income tax checkoff. Money in the fund is allocated by the Department for direct services provided by the Emergency Food Assistance Program.

#### Major Budget Adjustment Included in 2000–01

- A savings of $5.6 million General Fund in the California Food Assistance Program (CFAP) due to declining caseloads.

#### Major Budget Adjustment Proposed for 2001–02

- A reduction of $6.0 million General Fund in the CFAP, based on a continuing caseload decline and the September 30, 2001, sunset of the expanded program.

### 16.70 Supplemental Security Income/State Supplementary Payment Program

#### Program Element Statement

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants and disburses the combined monthly payment to recipients. Chapter 329, Statutes of 1998, established the State-only Cash Assistance Program for Immigrants (CAPI) to provide cash benefits to immigrants who entered the country legally prior to August 22, 1996, and meet federal SSI/SSP eligibility criteria but for their immigration status. Effective October 1, 2000 through September 30, 2001, Chapter 108, Statutes of 2000, added eligibility for documented persons, who are otherwise CAPI-eligible and who entered the country legally on or after August 22, 1996. Chapter 143, Statutes of 2000, established the California Veteran's Cash Benefit Program to provide cash benefits to Filipino veterans of World War II who received SSI/SSP as of December 1999 and returned to the Republic of Philippines to live. State funds also are used to meet special nonrecurring needs to maintain individuals in their own homes.

#### Major Budget Adjustments Included in 2000–01

- A savings of $34.2 million General Fund in SSI/SSP Basic Cost due to the reduced impact of the revised disability standard and a lower average grant.
- A savings of $25.5 million General Fund for the January 2001 COLA due to a higher CPI COLA (previously estimated at 2.6 percent).
- An increase of $2.3 million General Fund for California Veterans Benefit—a new program being implemented as a result of AB 1978.
- An increase of $24.3 million General Fund in the Base Cash Assistance Program for Immigrants (CAPI) due to higher estimated caseload growth and the reduced effect of the revised disability standards.
- An increase of $11.2 million General Fund in the Time-Limited CAPI due to unanticipated caseload growth.

*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### Major Budget Adjustments Proposed for 2001–02

- An increase of $54.9 million General Fund in SSI/SSP Basic Cost due to a 2.3 percent caseload growth.
- An increase of $18.3 million General Fund in SSI/SSP due to the full-year impact of the January 2001 COLA.
- An increase of $156.5 million General Fund in SSI/SSP due to the implementation of the January 2002 COLA.
- An increase of $1.9 million General Fund for California Veterans Benefit due to the full implementation of the program.
- An increase of $11.6 million General Fund in the Base CAPI due to caseload growth and a higher average grant.
- A decrease of $6.4 million General Fund in the Time-Limited CAPI due to the sunset of the time-limited program on September 30, 2001.

### Performance Measures

| SSI/SSP Standards | SSI/SSP Payment Standards Jan–Dec [1] 1999 | Jan–Dec [2] 2000 | Jan–Dec [3] 2001 | Jan–Dec [4] 2002 |
|---|---|---|---|---|
| (Independent Living Arrangements) | | | | |
| Aged/disabled individuals | $676 | $692 | $712 | $747 |
| Aged/disabled couples | 1,201 | 1,229 | 1,265 | 1,326 |
| Blind individuals | 732 | 749 | 771 | 808 |
| Blind couples | 1,391 | 1,424 | 1,466 | 1,537 |
| **Average Monthly Premise Caseload** | | | | |
| Aged | 324,891 | 329,381 | 334,810 | 339,149 |
| Blind | 21,761 | 21,849 | 21,883 | 21,943 |
| Disabled | 691,992 | 709,977 | 729,768 | 749,514 |
| Totals | $1,038,644 | $1,061,207 | $1,086,461 | $1,110,606 |

[1] Payment levels reflect a federal cost-of-living increase of 1.3% effective January 1, 1999 and a State SSP cost-of-living increase of 2.84%. Also an additional 1% increase per Chapter 329, Statutes of 1998.
[2] Payment levels reflect a federal COLA of 2.4% effective January 1, 2000 and a State SSP COLA of 2.36%.
[3] Payment levels reflect a federal COLA of 3.5% effective January 1, 2001 and a State SSP COLA of 2.96%.
[4] Payment levels reflect a federal COLA of 2.1% effective January 1, 2002 and a State SSP COLA of 4.85%.

## 16.80 County Administration

### Program Element Statement

Federal, state and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in component 16.30.030.

### Major Budget Adjustment Included in 2000–01

- An increase of $15.4 million General Fund based on actual county expenditures for administration of the California Food Assistance Program.

## 16.85 Automation Projects

### Program Element Statement

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services. The following projects are managed by the California Health and Human Services Agency Data Center in agreement with the Department.

(1) Statewide Automated Welfare System (SAWS)—SAWS provides automated eligibility determination and benefit computation, case management, and information management for the CalWORKs, Foster Care, Food Stamps, Medi-Cal, Refugee Assistance, and County Medical Services programs. SAWS includes four separate systems for statewide welfare automation: Interim SAWS (ISAWS) is comprised of 35 counties; Los Angeles County is the sole participant in the Los Angeles Eligibility, Automated Determination, Evaluation and Reporting System (LEADER); the Welfare Client Data System (WCDS) includes 18 counties; and four counties form Consortium IV. The SAWS Welfare Data Tracking Implementation (WDTIP) Project will enable the four consortia to electronically exchange welfare-related time limits tracking data.

(2) Statewide Fingerprint Imaging System (SFIS)—SFIS is a database system which automates the collection, interpretation, and storage of fingerprint images of those applying for and receiving public benefits in order to reduce CalWORKs and Food Stamp fraud.

(3) Electronic Benefit Transfer (EBT)—EBT is a system which will use electronic fund transfer, automated teller machines and point-of-sale technology for the delivery and control of Food Stamp and CalWORKs benefits.

### Major Budget Adjustments Proposed for 2001–02

- A reduction of $2.3 million federal funds due to the transition of WDTIP to the maintenance and operations phase.
- A reduction of $2.0 million General Fund for LEADER, reflecting the transition to the maintenance and operations phase.
- An increase of $3.7 million General Fund for WCDS for continued system development.
- An increase of $18.1 million General Fund for C-IV for continued development and implementation costs.
- A reduction of $6.1 million General Fund for SFIS due to the completion of implementation and movement into the maintenance and operations phase.
- An increase of $1.5 million General Fund for EBT for project development and implementation.

*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### 16.90 DISASTER RELIEF

#### Program Objectives Statement

The Disaster Relief Program provides monetary assistance to individuals and families who have suffered losses not covered by other federal, state or private assistance programs. The program is comprised of three segments:

1. The 25-percent share of the Federal Individual and Family Grant Program (IFGP) which provides grants to victims of Presidentially declared disasters. The maximum grant amount was $13,400; effective October 1, 1999, the maximum amount was increased to $13,900.
2. The state Individual and Family Supplemental Grant Program which provides grants up to an additional $10,000 to disaster victims receiving IFGP grants.
3. An administrative segment to provide sufficient managerial and administrative services to support the disaster relief effort.

#### Authority

Chapter 1507, Statutes of 1988; Chapter 10, Statutes of 1989.

---

## 25 SOCIAL SERVICES AND LICENSING

#### Program Objectives Statement

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

The Social Services programs are divided into four major categories: In-Home Supportive Services; Children's Services (including Child Welfare Services, Adoptions, and Child Abuse Prevention); Special Programs; and Community Care Licensing.

Social Services, as provided to the elderly, blind, disabled and other adults and children, are designed to meet the national goals mandated by Title XX of the Social Security Act to:

(1) Permit recipients to achieve or maintain self-sufficiency, including reduction or prevention of dependency.

(2) Prevent or remedy neglect, abuse or exploitation of children and adults who are unable to protect their own interests; or preserve, rehabilitate or reunite families.

(3) Prevent or reduce inappropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care.

(4) Secure referral or admission for institutional care when other forms of care are not appropriate or provide services to individuals in institutions.

Services are provided through county welfare departments and state agencies.

#### Major Budget Adjustment Included in 2000–01

- An increase of $46,000 ($43,700 General Fund) and 0.7 position (0.7 personnel years) to shift the Sutter County Family Child Care Home licensing function from the county to the Department of Social Services.

#### Major Budget Adjustments Proposed for 2001–02

- A continuation of $353,000 ($234,000 General Fund) and 1.5 positions (1.5 personnel years) and an increase of 1.0 position (0.9 personnel years) for the procurement of a new In-Home Supportive Services (IHSS) Program's Case Management, Information and Payrolling System (CMIPS).
- An increase of $200,000 ($133,000 General Fund) to enable the IHSS Program to obtain consulting services for assessing CMIPS fraud risk.
- A continuation of $139,000 General Fund and 2.0 positions (1.9 personnel years) to support the Child Abuse Prevention, Intervention and Treatment (CAPIT) program.
- An increase of $299,000 ($149,000 General Fund) and 2.0 positions (1.9 personnel years) to support Adoptions Direct Services in Kings County.
- An increase of $332,000 ($166,000 General Fund) and 3.0 (2.9 personnel years) positions to design, develop and implement an Expanded Adoptions Subsystem within Child Welfare Services/Case Management System (CWS/CMS).
- An increase of $3.2 million ($2.9 million General Fund) and 33 positions (31.4 personnel years) for workload associated with growth in the Community Care Licensing Program.
- An increase of $781,000 ($323,000 General Fund) and 5.0 positions (9.0 personnel years) to reduce the number of pending Family Child Care Home applications for licensure and to enter into contracts with Los Angeles, Imperial and Riverside Counties.
- An increase of $58,000 ($55,000 General Fund) and 1.1 positions (1.0 personnel years) to shift the Sutter County Family Child Care Home licensing function from the county to the Department of Social Services.

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### 25.15 In-Home Supportive Services

#### Program Element Statement

The In-Home Supportive Services (IHSS) program provides specified supportive services to enable eligible persons to remain in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled recipients with low incomes. Services include: domestic services such as meal preparation, laundry, shopping and errands; personal care services; assistance while traveling to medical appointments or to other sources of supportive services; protective supervision; teaching and demonstration directed at reducing the need for supportive services; and certain paramedical services ordered by a physician.

### 25.15.010 IHSS Services

#### Major Budget Adjustments Included in 2000–01

- An increase of $3.8 million General Fund in Personal Care Services Program basic costs and $4.6 million General Fund in Residual Program basic costs due to a slight caseload growth.
- An increase of $15.4 million General Fund in the Personal Care Services Program and $10.1 million General Fund in the Residual Program resulting from a raise in the minimum wage to $6.25, effective January 2001.
- A savings of $45.4 million General Fund in the Personal Care Services Program and $50.3 million General Fund in the Residual Program for Public Authority (PA) due to Los Angeles, Sacramento, and Monterey Counties' delay in providing PA wage rate increases to $8.10 per hour and implementing the PA providers' benefits in the current year.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of $22.9 million General Fund in Personal Care Services Program basic costs and $15.1 million General Fund in Residual Program basic costs due to a 6.4 percent caseload growth.
- An increase of $33.2 million General Fund in the Personal Care Services Program and $21.9 million General Fund in the Residual Program resulting from the cumulative effects of the January 2000 minimum wage increase and the subsequent raise in the minimum wage to $6.75, effective January 2002.

### 25.25 Children's Services

#### Program Element Statement

The Children's Services element consists of these three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention. Child Welfare Services provides emergency, in-home care and out-of-home care services for abused and neglected children and their families. The Department of Social Services meets these objectives by providing a continuum of care with Emergency Response, Family Preservation, Family Maintenance, Family Reunification and Permanent Placement Service components. The Child Welfare Services/Case Management System (CWS/CMS) is a state and federally required comprehensive statewide database, case management tool, and reporting system for the child welfare program.

The Adoptions Program (1) provides relinquishment adoption services through five state offices and twenty-eight licensed county adoption agencies; (2) conducts studies of all independent adoption placements through seven state offices and three county adoption agencies; (3) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (4) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides child abuse prevention and intervention services through more than 175 projects. The program also provides for training and technical assistance for administrators and staff.

### 25.25.010 Child Welfare Services

#### Major Budget Adjustments Included in 2000–01

- A decrease of $14.5 million General Fund to reflect the permanent transfer to Los Angeles County State Family Preservation Program.
- An increase of $6.3 million in federal funds to reflect increased grants for the Independent Living Program.

#### Major Budget Adjustments Proposed for 2001–02

- An increase of $23.6 million General Fund due to a 4.3 percent cost-of-doing-business adjustment.
- An increase of $3.6 million in federal funds to reflect additional grants for the Independent Living Program.
- An increase of $14.6 million General Fund due to ongoing maintenance and operations costs for the Child Welfare Services/Case Management System.
- A reduction of $2.9 million General Fund to reflect the allocation of one-time funds to purchase Live Scan Technology in the current year.

### 25.25.020 Adoptions

#### Major Budget Adjustment Proposed for 2001–02

- A decrease of $22 million due to completion of one-time Adoptions Backlog Reduction activities.

### 25.35 Special Programs

#### Program Element Statement

The Department has several special programs which include the following: Specialized Services, Access Assistance to the Deaf, Maternity Care, Refugee Assistance Services, and the County Services Block Grant, including Adult Protective Services.

### 25.35.050 County Services Block Grant

#### Major Budget Adjustment Included in 2000–01

- An increase of $10.9 million General Fund due to caseload growth in Adult Protective Services.

*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### Major Budget Adjustment Proposed for 2001–02

- An increase of $488,000 General Fund for the training curriculum contract in Adult Protective Services.

### 25.45 Community Care Licensing

### Program Element Statement

The Community Care Licensing Division provides preventive and protective services to all persons in community care facilities by ensuring that licensed facilities meet established health and safety standards. The Division licenses and monitors approximately 68,000 community care facilities that serve approximately 1.25 million clients. The facilities include all non-medical child and adult day care centers, family day care homes, adoptions and foster family agencies, foster family homes, small family and group homes, adult residential, residential care facilities for the critically ill, residential care facilities for the elderly, social rehabilitation facilities and transitional placement housing. These facilities serve 208,000 in residential care, and approximately 1,042,000 in day care. Currently, 43 counties license foster care homes under contract with Department of Social Services (DSS) and 9 counties license family day care homes. The 22 DSS field offices license all remaining facilities.

Licensed Facilities:

| State Licensed: | *1999–00* | *2000–01* | *2001–02* |
|---|---|---|---|
| Day Care | 50,284 | 51,110 | 51,772 |
| 24-hour Care | 17,372 | 17,575 | 17,817 |
| County Licensed: | | | |
| Day Care | 5,344 | 5,433 | 5,252 |
| 24-hour Care | 8,814 | 8,755 | 8,519 |
| TOTALS | 81,814 | 82,873 | 83,360 |

## 35 DISABILITY EVALUATION AND OTHER SERVICES

### Program Objectives Statement

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $1.8 million ($917,000 General Fund) and 10.5 positions (10.0 personnel years) for the increased Medi-Cal Disability Workload.

### Authority

Federal Laws: Social Security Act (Titles II, XVI, XIX).

### 35.15 Disability Evaluation

### Program Element Statement

The Disability Evaluation Program determines the medical, vocational and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and their overall ability to engage in substantial gainful employment.

*** Dollars in thousands, except in Salary Range.**

## 5180 DEPARTMENT OF SOCIAL SERVICES—Continued

### 35.25 Services to Other Agencies

**Program Element Statement**

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel, accounting and budgeting to the State Council on Developmental Disabilities and the Area Boards on Developmental Disabilities. The Department also provides services to the Medi-Cal Program in the form of state hearings and public information services.

---

### 60 ADMINISTRATION

**Program Objectives Statement**

This program provides administrative and executive management for the department.

---

## 5195 STATE-LOCAL REALIGNMENT

State-Local Realignment restructured financial responsibility for most mental health and public health programs and some social services programs. Beginning in 1991–92, responsibility for these programs was transferred from the State to local governments together with two dedicated revenue sources: a one-half cent increase in the State sales tax, projected to generate $2.3 billion in 2000–01 and $2.4 billion in 2001–02; and an increase in vehicle license fees, projected to raise $1.2 billion in 2000–01 and $1.3 billion in 2001–02. In addition, enhanced vehicle license fee collections are projected to provide $14 million in both 2000–01 and 2001–02.

Chapter 107, Statutes of 2000, reduced the vehicle license fees by 67.5 percent. Local governments are held harmless from these reductions through a General Fund backfill for lost vehicle license fees revenue which is deposited into the Local Revenue Fund and deemed to be vehicle license fee revenue. The reduction in vehicle license fees impacts neither the amount of revenues available for realignment nor the statutory mechanisms for distributing realignment revenues to local government. The projected vehicle license fees for realignment include $451.5 million General Fund in 2000–01 and $465.6 million General Fund in 2001–02 as backfill.

Revenues are deposited into the Local Revenue Fund which contains a Sales Tax Account, a Vehicle License Fee Account, a Sales Tax Growth Account and a Vehicle License Fee Growth Account. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula. Local governments establish local trust accounts for deposit of the sales tax allocations. Revenues deposited in these accounts are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other State and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.

| **Program Requirements** | *1999–00** | *2000–01** | *2001–02** |

## 5195 STATE-LOCAL REALIGNMENT—Continued

| 0330 Local Revenue Fund [s] | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| General Fund is transferred into this account, deemed vehicle license fee revenue and deposited into the Vehicle License Fee Account and the Vehicle License Fee Growth Account. (Revenue and Taxation Code Sections 10754.2, 11000, and 11000.1) | −$323,182 | −$451,523 | −$465,559 |
| **0331 Sales Tax Account, Local Revenue Fund [s]** | | | |
| Revenue collected as a result of the one-half cent increase in the sales tax is transferred from the Local Revenue Fund into this account for subsequent allocation to the various subaccounts. The amount deposited into this account each year equals the total realignment sales tax collected in the preceding year. (Revenue and Taxation Code Section 7102) | ($1,873,967) | ($2,130,603) | ($2,318,998) |
| **0332 Vehicle License Fee Account, Local Revenue Fund [s]** | | | |
| Of the revenue generated from vehicle license fees, 24.33 percent is transferred into the Local Revenue Fund. The amount deposited in the Vehicle License Fee Account of the Local Revenue Fund is equal to the total amount of realignment vehicle license fee revenue collected in the preceding fiscal year. Thus, this account grows each year by the amount of the previous year's vehicle license fee growth. (Revenue and Taxation Code Section 11001.5) | $1,000,584 | $1,125,664 | $1,229,795 |
| **0333 Sales Tax Growth Account, Local Revenue Fund [s]** | | | |
| Sales tax revenues collected in excess of the amount collected in the preceding year are deposited into this account. These deposits are subsequently transferred to the various Sales Tax Growth Account subaccounts. (Welfare and Institutions Code Section 17600.15) | $256,636 | $188,395 | $105,199 |
| Transfers to other Funds | −256,636 | −188,395 | −105,199 |
| Totals, Expenditures | – | – | – |
| **0334 Vehicle License Fee Growth Account [s]** | | | |
| Vehicle license fee revenues collected in excess of the base amount established for the Vehicle License Fee Account in the preceding fiscal year are deposited into this account. Deposits are allocated to each county general fund in amounts that are proportional to each county's total allocation from the Sales Tax Growth Account excluding any amount allocated from the Caseload Subaccount. (Welfare and Institutions Code Sections 17604 and 17606.20) | $125,080 | $104,131 | $92,357 |
| **0350 In-Home Supportive Services Registry Model Subaccount, Sales Tax Account [s]** | | | |
| In 1993–94 this fund received a one-time transfer from the Social Services Account of $1,155,000 and a one-time transfer of $2,145,000 from Item 5180-151-0001, Budget Act of 1993 (local assistance, Department of Social Services). Pursuant to Welfare and Institutions Code Section 14132.95, these moneys were available for allocation by the Controller to counties for the purpose of planning in-home supportive services registries between 1993–94 and 1995–96. This fund was abolished in 1999–00 and the unexpended balance reverted to the General Fund. | $180 | – | – |
| Unexpended balance, estimated savings | −180 | – | – |
| Totals, Expenditures | – | – | – |
| **0351 Mental Health Subaccount, Sales Tax Account [s]** | | | |
| The amount deposited in this account is equal to the total amount of realignment sales tax revenue deposited into mental health accounts of local health and welfare trust funds in the preceding fiscal year. Thus, this account grows each year by the amount of realignment sales tax growth revenues allocated to local governments for mental health purposes in the prior year. These funds are used to pay for the following programs previously funded at the state level: Community Residential Treatment System, Other Treatment, Targeted Supplemental Services, Residential Care Services, Homeless Mentally Disabled, Institutions for Mental Disease, and Lanterman-Petris-Short state hospital beds. (Welfare and Institutions Code Section 17600.15) | $792,712 | $833,796 | $908,213 |

*** Dollars in thousands, except in Salary Range.**

## 5195 STATE-LOCAL REALIGNMENT—Continued

| | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|
| **0352 Social Services Subaccount, Sales Tax Account [s]** | | | |
| The amount deposited in this account is equal to the total amount of realignment sales tax revenue deposited into social services accounts of local health and welfare trust funds in the preceding fiscal year. Thus, this account grows each year by the amount of realignment sales tax growth revenues allocated to local governments for social services programs in the prior year. The funds are used for net additional county costs associated with changed county sharing ratios for social service programs as well as costs for the County Juvenile Justice Subvention System, county stabilization subventions, and the realigned share of the California Children's Services program. (Welfare and Institutions Code Section 17600.15) | $770,342 | $922,486 | $932,747 |
| **0353 Health Subaccount, Sales Tax Account [s]** | | | |
| The amount deposited in this account is equal to the total amount of realignment sales tax revenue deposited into the health accounts of local health and welfare trust funds in the preceding fiscal year. Thus, this account grows each year by the amount of realignment sales tax growth revenue allocated to local governments for health programs in the prior year. These funds pay for the following programs which were previously funded at the state level: AB 8 County Health Services, the Medically Indigent Services Program, and the County Medical Services Program. (Welfare and Institutions Code Section 17600.15) | $310,913 | $374,321 | $478,038 |
| **0354 Caseload Subaccount, Sales Tax Growth Account [s]** | | | |
| Funds deposited into this subaccount provide counties with additional funding for caseload growth in the CalWORKs program, the AFDC-FC program, adoptions assistance, Child Welfare Services, food stamps, the California Children's Services program, and the In-Home Supportive Services Program attributable to changes in county sharing ratios enacted in realignment legislation. During 1998–99, the amount of sales tax growth required to be deposited into this subaccount was $120 million, however, only $96.1 million was available for deposit. Consequently, payment of the balance, $23.9 million, was made from sales tax growth moneys in 1999–00. (Welfare and Institutions Code Section 17605) | $146,479 | – | – |
| **0355 Indigent Health Equity Subaccount, Sales Tax Growth Account [s]** | | | |
| The Indigent Health Equity Subaccount is one of several subaccounts established to address the issue of equity in the distribution of funds for local programs. The subaccount receives 5.3732 percent of the moneys remaining in the Sales Tax Growth Account each year after the requirements of the Caseload Subaccount and the County Medical Services Subaccount are met. (Welfare and Institutions Code Section 17605.10) | $5,364 | $9,715 | $5,425 |
| **0356 Community Health Equity Subaccount, Sales Tax Growth Account [s]** | | | |
| The Community Health Equity Subaccount is one of several subaccounts established to address the issue of equity in the distribution of funds for local programs. The subaccount receives 13.1575 percent of the moneys remaining in the Sales Tax Growth Account each year after the requirements of the Caseload Subaccount and the County Medical Services Subaccount are met. (Welfare and Institutions Code Section 17605.10) | $13,134 | $23,790 | $13,284 |
| **0357 Mental Health Equity Subaccount, Sales Tax Growth Account [s]** | | | |
| The Mental Health Equity Subaccount is one of several subaccounts established to address the issue of equity in the distribution of funds for local programs. The subaccount receives 4.2519 percent of the moneys remaining in the Sales Tax Growth Account each year after the requirements of the Caseload Subaccount, and the County Medical Services Subaccount are met. (Welfare and Institutions Code Section 17605.10) | $4,244 | $7,688 | $4,293 |
| **0358 State Hospital Mental Health Equity Subaccount, Sales Tax Growth Account [s]** | | | |
| The State Hospital Mental Health Equity Subaccount is one of several subaccounts established to address the issue of equity in the distribution of funds for local programs. The subaccount receives 7.5479 percent of the moneys remaining in the Sales Tax Growth Account each year after the requirements of the Caseload Subaccount and the County Medical Services Subaccount are met. (Welfare and Institutions Code Section 17605.10) | $7,534 | $13,647 | $7,621 |

*** Dollars in thousands, except in Salary Range.**

## 5195 STATE-LOCAL REALIGNMENT—Continued

| 0359 County Medical Services Subaccount, Sales Tax Growth Account [s] | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| The County Medical Services Subaccount provides those counties which participate in the County Medical Services Program (CMSP) with a share of realignment growth revenues proportional to the CMSP share of the original realignment base revenues. The subaccount receives 4.027 percent of Sales Tax Growth moneys each year after the requirements of the Caseload Subaccount are met. The subaccount also receives additional Sales Tax Growth moneys, equivalent to 4.027 percent of the Caseload Subaccount amount, in any fiscal year in which caseload growth exceeds $20 million. (Welfare and Institutions Code Section 17605.07(a) and (b)) .. | $10,335 | $7,587 | $4,236 |
| **0361 General Growth Subaccount, Sales Tax Growth Account [s]** | | | |
| The General Growth Subaccount serves two purposes: (1) to provide growth funding for health and mental health programs in all counties, regardless of whether a county is over or under equity for that program, and (2) to provide funding for programs funded by the Social Services Subaccount of the Sales Tax Account which do not receive growth funding through any other realignment account. The subaccount receives 69.6695 percent of all moneys remaining in the Sales Tax Growth Account each year after the requirements of the Caseload Subaccount and the County Medical Services Subaccount have been met. The funds are distributed to counties in proportion to each county's share of total state resources received in 1990–91 for the following programs: AB 8 County Health Services, the Medically Indigent Services Program, county mental health, state hospitals, Greater Avenues for Independence, the County Services Block Grant and the County Juvenile Justice Subvention System. (Welfare and Institutions Code Sections 17605.10 and 17606.10) ..... | $69,546 | $125,968 | $70,340 |
| TOTALS, EXPENDITURES (Local Assistance) ..... | $2,947,085 | $3,111,270 | $3,294,790 |

# 5240 CALIFORNIA DEPARTMENT OF CORRECTIONS

The mission of the California Department of Corrections (CDC) is the control, care and treatment of men and women who have been convicted of serious crimes, or those admitted to the civil narcotic program, and entrusted to the Department's Institution, Health Care Services and Community Correctional Programs.

CDC is organized into four programs: Institution Program, Health Care Services Program, Community Correctional Program, and Central Administration Program. Within the Institution Program, and located throughout the state, are 33 operating correctional institutions, with 11 of these having reception centers. In fiscal year 2001–02, CDC will continue to activate beds to accommodate inmate population growth. Included within the Institution Program budget is the Narcotic Addict Evaluation Authority, the Richard A. McGee Correctional Training Center and the field administration organization which directly support institution activities.

The Health Care Services Program was created for 1997–98 and is comprised of the Health Care Services Division at Headquarters and the Medical, Dental, and Psychiatric Services sections at the institutions.

The Community Correctional Program is a statewide operation which includes field offices, Reentry Centers and Community Correctional Facilities. These facilities include public and privately operated Community Correctional Facilities, Community Correctional Reentry Centers, Restitution Centers, Prisoner Mother Programs, and a Substance Abuse Program. Effective July 1, 2001, the Community Correctional Facilities Program will be transferred from the Community Correctional Program (Program 31) to the Institution Program (Program 21).

In 1999–00 the Central Administration Program was organized into several divisions: Executive Division, Administrative Services Division, Information Services Division, Legal Affairs Division, and Planning and Construction Division. In 2000–01, CDC's reorganization reduced the line divisions to three: Executive, Support Services and Field Operations.

## 21 INSTITUTION PROGRAM

### Program Objectives Statement

The California Department of Corrections is required by statute to accept convicted felons and civilly committed non-felon narcotic addicts from California courts when their sentence is imprisonment in a State correctional facility. It is the Department's responsibility to provide safe and secure detention facilities to protect society from further criminal activities and to provide necessary services such as feeding, clothing, medical care, psychiatric and counseling services and training, including academic and vocational education.

The Department's projections of the state prison inmate population by June 30, 2001 have increased from the 2000–01 May Revision projection of 148,938 to the current projected level of 152,044. [1] For 2001–02 the inmate population is projected to increase to 153,594. [1] Effective July 1, 2001, the Community Correctional Facilities will be transferred from the Community Correctional Program (Program 31) to the Institution Program (Program 21).

### Major Budget Adjustments Included in 2000–01

- Abolished 99.6 vacant non-public safety positions (94.6 personnel years) pursuant to Section 31.50 of the Budget Act of 2000.
- 469.2 positions (446.8 personnel years) and a net increase of $31.5 million General Fund and $658,000 Inmate Welfare Fund to accommodate revised inmate population projections and related programmatic changes.
- $3.2 million General Fund to provide additional overtime funding to address increased medical guarding and transportation workload.
- $15.2 million General Fund to provide additional overtime funding to increase the budgeted relief factors for posted positions.
- $10.4 million General Fund to address workers' compensation costs.
- 14.8 positions (14.1 personnel years) to provide increased security for condemned inmates at San Quentin State Prison.
- $12.0 million in reimbursement authority to fund the construction of ten administrative segregation housing units.
- 8.3 positions (8.0 personnel years) to increase the Basic Correctional Officer Academy (BCOA) from 10 weeks to 16 weeks. This expansion is funded from $10 million General Fund appropriated in the 2000 Budget Act.

### Major Budget Adjustments Proposed for 2001–02

- 791.3 positions (752.6 personnel years) and a net increase of $53.1 million General Fund and $945,000 Inmate Welfare Fund to accommodate revised inmate population projections and related charges. This augmentation includes 326.2 positions (156.8 personnel years) and a net increase of $8.2 million General Fund to activate ten new design Administrative Segregation Units.
- 51.4 positions (48.8 personnel years) and $2.8 million General Fund to address increased medical guarding and transportation workload.
- 18.9 positions (17.9 personnel years) and $1.1 million General Fund to provide increased security for condemned inmates at San Quentin State Prison.
- 41.5 positions (39.3 personnel years) and $8.3 million General Fund to implement a Violence Control Pilot Program at one institution and provide safety and security equipment and related items.
- 474.0 positions (450.2 personnel years) and $30.7 million General Fund for budgeted relief factors and salary savings adjustment for posted positions.

[1] Does not include 192 inmates housed at Pitchess County Jail.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 5240 CALIFORNIA DEPARTMENT OF CORRECTIONS—Continued

$58.3 million General Fund and 77.0 redirected positions (73.2 personnel years) to repair and/or replace electromechanical door operating equipment.
15.0 positions (14.3 personnel years) and $1.6 million Federal Fund authority for the Incarcerated Youth Offender (IYO) program.
One-year extension of 69.0 positions (65.2 personnel years) and $8.5 million in reimbursement authority for the construction of ten administrative segregation housing units.
18.0 positions (17.0 personnel years) and $1.2 million General Fund to extend the Enhanced Peace Officer Training (EPOT) Multimedia and Simulator Technology pilot program for one additional year.
16.0 positions (15.0 personnel years) to convert existing limited-term positions to permanent positions in the Staff Development Center.
$21.9 million General Fund to fund workers' compensation costs.
33.0 positions (31.4 personnel years) to increase the Basic Correctional Officer Academy (BCOA) from 10 weeks to 16 weeks. This expansion is funded from $10 million General Fund appropriated in the 2000 Budget Act.
49.0 positions (46.5 personnel years) and $2.7 million General Fund for inmate medical services.
32.4 positions (30.8 personnel years) and $1.8 million General Fund to augment the Mental Health Services Delivery System.
Elimination of 826.0 excess vacant positions (785.0 personnel years). The positions to be eliminated would not be assigned to the public safety, education or health care functions.

### Authority

Penal Code, Part III, Titles 1, 2, 3, 5, 7; Sections 1168, 1203.03, 5068, 5079; Welfare and Institutions Code, Division 3.

## 22 HEALTH CARE SERVICES PROGRAM

### Program Objectives Statement

The mission of the Health Care Services Program is to provide health and mental health care to the inmate population statewide consistent with adopted standards for quality and scope of services within a custodial environment. The Program strives to achieve this mission by providing cost-effective, timely and competent care. Additionally, the Program promotes inmate responsibility for their health.

The Health Care Services Program is in the process of implementing a multidisciplinary, multiple service statewide health care delivery system. The delivery system provides the inmates with timely access to staff, facilities, equipment, and procedures to diagnose and treat medical, dental, and mental health problems. Standardized screening and comprehensive mental health evaluations, licensed 24-hour medical care, adequate and timely mental health crisis care, and ongoing medical, dental, and mental health outpatient treatment are the basic components of the Health Care Services Program. The Program also provides standardized infectious disease control measures throughout the prison system to mitigate the transmission of infectious diseases among inmates, staff, and the community.

The Program currently operates four licensed hospitals and a skilled nursing facility for female inmates. In addition, the Department operates a hospice care wing at the California Medical Facility and an HIV unit at the California Institution for Men.

### Major Budget Adjustments Included in 2000–01

- 56.7 positions (53.8 personnel years) and a net increase of $5.8 million General Fund to provide necessary health care and support staff to accommodate revised inmate population projections and related programmatic changes.
- An increase of $45.0 million General Fund to address projected and actual cost increases for medical/psychiatric supplies and contracted medical services.
- A reduction of 18.8 positions (17.8 personnel years) and an increase of $4.2 million General Fund to contract for mental health services at three institutions and reduce the vacancy rates among clinicians.
- $950,000 General Fund to provide additional overtime funding to increase the budgeted relief factors for posted positions.
- $551,000 General Fund for workers' compensation costs.

### Major Budget Adjustments Proposed for 2001–02

- 96.5 positions (91.2 personnel years) and $10.2 million General Fund to provide necessary health care and support staff to accommodate revised inmate population projections and related charges. This augmentation includes 36.0 positions (17.8 personnel years) and $1.0 million General Fund to provide necessary health care and support staff for ten new administrative segregation housing units.
- $5.3 million General Fund to reflect underfunded recruitment and retention pay differentials for various medical and mental health classifications.
- 1.0 position (0.9 personnel years) and a net increase of $82.8 million General Fund to accommodate increased costs for medical/psychiatric supplies, contract medical services, and to increase pharmacy program oversight as part of the Utilization Management program.
- $362,000 General Fund to address increased contract costs related to the provision of services by the Department of Mental Health.
- $300,000 General Fund for a nursing acuity study.
- $100,000 General Fund to develop a formal plan to eliminate or substantially reduce medication-related errors.
- 112.9 positions (106.9 personnel years) and $13.2 million General Fund for improvements to the delivery of medical services including improved access to care, an enhanced reception center diagnostic program, an improved chronic care program, and expanded telemedicine staffing and equipment.
- 26.7 positions (25.4 personnel years) and $1.8 million General Fund to complete mental health assessments of inmates pending parole consideration hearings and mentally disordered offender evaluations.
- An increase of $14.1 million General Fund and 0.6 positions (0.4 personnel years) to provide additional mental health treatment beds and reduce the vacancy rates among clinicians.
- $1.2 million General Fund to fund workers' compensation costs.
- 29.9 positions (28.5 personnel years) and $5.9 million General Fund for budgeted relief factors and salary savings adjustment for posted health care positions.
- 2.0 positions (1.8 personnel years) and $110,000 General Fund to implement a Violence Control Pilot Program.

## 5240 CALIFORNIA DEPARTMENT OF CORRECTIONS—Continued

## 31 COMMUNITY CORRECTIONAL PROGRAM

### Program Objectives Statement

The primary objective of this program, consistent with the public's safety, is to increase the rate and degree of successful reintegration, and release to society, of offenders released from state prison, to the jurisdiction of the Parole and Community Services Division. This objective is attained by providing offenders with supervision, surveillance, apprehension, direct support services, and community referral services. The Department's parole population is projected to increase from the 2000–01 May Revision budgeted level of 119,197 by 3,861 to 123,058 by June 30, 2001, and increase to 126,316 by June 30, 2002. The Department's Community Correctional Center/Facility and local jail inmate population is projected to be at 10,802 by June 30, 2001 and 10,879 by June 30, 2002.

The Department of Corrections is responsible for supervising felons who have been paroled, as well as providing various services to parolees. Differential supervision is based on case factors related to the offender's propensity for violence and service needs. When required case assessments indicate, selected parolees will be placed in a category of supervision intended to prevent, detect, or interrupt behavior likely to endanger the community or themselves. These categories include: high control and high service which provide more frequent supervision and detection elements; control/service which is the standard supervision level; and minimum supervision for parolees assessed as posing little or no risk to the community and requiring infrequent or low needs for services. As a parolee situation changes, scheduled reassessments will result in reclassification from one level of supervision to another.

The Department of Corrections is responsible for the placement, supervision, treatment, and transportation of inmates to community correctional centers. These community correctional centers include: (1) community correctional facilities; (2) re-entry facilities; (3) community prisoner mother programs; (4) restitution centers; and (5) a substance abuse treatment program.

Community correctional centers are provided through contracts with public agencies and private profit and nonprofit corporations. These programs provide programming including housing, sustenance and pre-release planning for eligible inmates determined to pose minimal risk to public safety. These inmates are supervised by State public agency and/or private custody staff.

### Major Budget Adjustments Included in 2000–01

- Abolished 108.0 positions (102.6 personnel years) pursuant to Section 31.50 of the Budget Act of 2000.
- An increase of 34.0 positions (32.5 personnel years) and $2.8 million General Fund to accommodate revised parole population projections and to support the crowding of Community Correctional Centers.
- An increase of $884,000 General Fund due to the revised activation of the 500 bed expansion in the Community Correctional Centers.
- A redirection of $1.0 million from the Institution Program (Program 21) and $1.0 million from within from the Community Correctional Program to establish and support a contract with Rio Cosumnes Correctional Center to house parole violators.

### Major Budget Adjustments Proposed for 2001–02

- A transfer of $111.1 million General Fund and 161.0 positions associated with the Community Correctional Facilities Program from the Community Correctional Program (Program 31) to the Institutions Program (Program 21) consistent with the Department's Operational Restructuring and Budget Realignment Plan.
- 177.2 positions (168.4 personnel years) and $15.1 million General Fund to accommodate revised parole population projections.
- 1.0 position (0.9 personnel year) and $1.1 million General Fund to expand the Parole Agency Academy from a six-week to a ten-week program.
- $2.8 million General Fund to augment base funding for psychotropic medications in the Mental Health Continuum of Care program for mentally ill parolees.
- A reduction of $683,000 General Fund to fund increased workers' compensation costs in Institution Program (Program 21) and Health Care Services Program (Program 22).
- A redirection of $2.0 million from the Institution Program (Program 21), $2.0 million from the Community Correctional Program support (Program 31) and $1.3 million from Community Correctional Program local assistance (Program 31) to establish and support a contract with the Rio Cosumnes Correctional Center to house parole violators.

### Authority

Penal Code, Part III, Titles 1 and 7; Part IV, Title 1; Welfare and Institutions Code, Chapter 2.

## 41 CENTRAL ADMINISTRATION

### Program Objectives Statement

The objective of the Central Administration Program is to provide executive and administrative services to assure the overall success of the Department's Institution, Health Care Services, and Community Correctional Programs. Effective July 1, 2000, this program consists of the Executive Division, Support Services, and Field Operations.

The Executive Division is responsible for the overall management of the Department and includes the Director's Office as well as offices such as Investigative Services, Equal Employment Opportunity, Victim Services, and the Office of the Ombudsman.

Support Services includes divisions and offices such as Human Resources, Legal Affairs, Business and Facilities Management, Communications, Information Systems, Correctional Planning and Policy Development, Compliance, Financial Management, and Legislative Liaison.

Field Operations includes offices such as Substance Abuse, Community Resources, and Law Enforcement and Investigations.

### Major Budget Adjustment Included in 2000–01

- Abolished 92.4 vacant non-public safety positions (87.8 personnel years) pursuant to Section 31.50 of the Budget Act of 2000.

### Major Budget Adjustments Proposed for 2001–02

- $1.5 million General Fund for Headquarters Consolidation Project.
- A reduction of $587,000 General Fund to fund increased workers' compensation costs in the Institution Program (Program 21) and the Health Care Services Program (Program 22).
- Extension of 10.0 positions (9.2 personnel years) and $92,000 General Fund for the construction of ten administrative segregation units.
- 9.0 positions (8.6 personnel years) and $3.9 million General Fund to expand the existing substance abuse treatment and recovery service program by 500 slots.

*** Dollars in thousands, except in Salary Range.**

## 5240 CALIFORNIA DEPARTMENT OF CORRECTIONS—Continued

| Summary of Per Capita Costs and Staff Ratios | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| Institutions [2, 3, 4, 5] | | | |
| Per Capita Costs | $22,737 | $24,391 | $25,607 |
| Average Daily Population (ADP) | 152,047 | 151,746 | 152,446 |
| Inmate to Staff Ratio [6] | 3.72:1 | 3.54:1 | 3.51:1 |
| Paroles [7] | | | |
| Per Capita Costs | 2,635 | 2,607 | 2,636 |
| Average Daily Population (ADP) | 123,192 | 128,491 | 132,524 |
| Community Correctional Centers/Facilities [8, 9, 10, 11] | | | |
| Per Capita Costs | 14,798 | 18,301 | 17,967 |
| Average Daily Population (ADP) | 9,432 | 10,332 | 10,879 |

[2] Excludes employees and costs of Inmate Welfare Fund and local assistance.
[3] Includes camp operations.
[4] Excludes lease payments for the purchase of Southern Maximum Security Complex, Mule Creek State Prison, California State Prison-Corcoran, Pelican Bay State Prison, Calipatria State Prison, Central California Women's Facility, Centinela State Prison, Pleasant Valley State Prison, High Desert State Prison, Valley State Prison, Salinas Valley State Prison, and R.A. McGee Training Academy.
[5] Includes cost of operating reception centers.
[6] Includes overtime costs and PY equivalents.
[7] Parole ADP includes Felon, Non-Felon, Co-ops, Pre-parole credit and Pending Revocation.
[8] CCC/F figures exclude local assistance.
[9] CCC/F figures include inmates housed at the Pitchess County Jail, the Santa Rita Jail and the Rio Cosumnes Correctional Center (current and budget years only).
[10] Administrative costs are incorporated in the development of per capita cost.
[11] Community Correctional Facilities transferring to Program 21.

# 5430 BOARD OF CORRECTIONS

The Board of Corrections works in partnership with city and county officials to develop and maintain the currency of standards for the construction and operation of local jails and juvenile detention facilities, as well as standards for the employment and training of local corrections and probation personnel, and regularly assists the principals in local correction facilities and programs in their efforts to remain in compliance with these standards. The Board also disburses training funds and administers the allocation of funds to counties for the federal Violent Offender Incarceration/Truth-in-Sentencing Grant Program, the Juvenile Hall/Camp Restoration Program, the Repeat Offender Prevention Project, the Juvenile Crime Enforcement and Accountability Challenge Grant Program, and the Mentally Ill Offender Crime Reduction Grant Program. The Schiff-Cardenas Crime Prevention Act of 2000 requires each county to have Board of Corrections approval of their respective comprehensive multiagency juvenile justice plans, which examine graduated sanctions for at-risk youth, prior to accessing funds under the Act. The Board also conducts special studies in penology and corrections relative to the public safety of California's communities.

The Board of Corrections was established in 1944 as part of a reorganization of the state prison system. Statutes relating to the authority, programs, and mandates of the Board of Corrections are contained in the California Penal and Welfare and Institutions Codes. The operating regulations are found in Title 15 of the California Code of Regulations. Physical plant regulations are contained in Title 24 of the Uniform Building Code.

The Board is composed of thirteen members—ten appointed by the Governor—confirmed by the Senate, and representing specific elements of local juvenile and adult criminal justice systems and the public. Statutory members are the Secretary of the Youth and Adult Correctional Agency, who acts as Chair of the Board, and the directors of the Departments of Corrections and Youth Authority.

The Board meets bimonthly and all meetings are open to the public.

## 11 CORRECTIONS PLANNING AND PROGRAMS DIVISION

### Program Objectives Statement

The Corrections Planning and Programs Division administers grants, develops programs, conducts research and evaluation, and distributes funds that provide for the construction of local juvenile and adult facilities for offenders (e.g., the Violent Offender Incarceration/Truth-in-Sentencing Grant, and the Juvenile Hall/Camp Restoration Grant); reduces the threat of juvenile crime and delinquency (e.g., the Juvenile Crime Enforcement and Accountability Challenge Grant Program and the Crime Prevention Act of 2000); and focuses on repeat and high-risk offenders (e.g., the Repeat Offender Prevention Program). The Corrections Planning and Programs Division fosters collaborative and integrative approaches by engaging local communities to devise plans to implement preventive and alternative methods of effectively impacting delinquent youth.

### Major Budget Adjustment Proposed for 2001–2002

- $275,000 General Fund is proposed in the Budget Year to provide administrative funding to the Board of Corrections for action plan approvals associated with an additional $121.3 million of Crime Prevention Act funds, for which local assistance funding is proposed under Local Government.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 5430 BOARD OF CORRECTIONS—Continued

### Authority

Article 18.7, Section 749.2 et seq., WIC; Article 18, Section 749.3 et seq., WIC; Titles 4.5, 4.6, 4.7, 4.8, 4.85, Section 4400 et seq., PC; Section 743 et seq., WIC; Section 601.5 et seq., WIC; Chapter 506, Statutes of 1997; and Chapter 353, Statutes of 2000.

## 14 FACILITIES STANDARDS AND OPERATIONS DIVISION

### Program Objectives Statement

The Facilities Standards and Operations Division sets minimum standards for juvenile and adult detention facilities and assists local agencies in solving problems that would prevent them from meeting the standards. The Facilities Standards and Operations Division administers grant funds to maximize the protection of the public while assuring safety of detention staff and offenders in local custody; and is responsible for administering the Jail Profile Survey, the Juvenile Detention Profile Survey, the Mentally Ill Offender Crime Reduction Grant Program, and the Juveniles in Jails Removal/Compliance Monitoring Program. Facilities Standards and Operations Division activities also include: ongoing updating of standards pertaining to California's local juvenile and adult detention facilities and programs; inspecting local detention facilities in California biennially and providing feedback on efforts to remain in compliance with standards to the cities and counties responsible for these facilities and to the Legislature; monitoring local juvenile detention facilities on a monthly basis to ensure their continued suitability to hold juveniles; providing technical assistance and training to cities and counties to allow outsourcing of facility needs assessments, planning, design, and construction of local detention facilities; reviewing and analyzing architectural plans for new facility construction and remodeling to determine cost-effectiveness and standards compliance; providing monitoring, technical assistance, and training related to compliance with federal juvenile justice and delinquency prevention act requirements for secure detention of status offenders and separation of minors from adults; and collecting and reporting data, in collaboration with cities and counties, to provide a statewide profile of local jails and local juvenile detention facilities in California.

### Authority

Penal Code Sections 6024, 6029, 6030, 6031, 6031.1, and 6031.2; and Welfare and Institutions Code Sections 207.1, 209, 210, 210.2, and 885.

## 21 STANDARDS AND TRAINING FOR LOCAL OFFICERS DIVISION

### Program Objectives Statement

The Standards and Training for Local Officers Division works with local corrections officials to ensure the performance of complex tasks by local corrections professionals. The Standards and Training for Local Officers Division engages the local corrections community in the establishment of minimum standards for personnel selection and training. It administers a seven-step selection criteria system in partnership with local agencies that complies with key federal and state guidelines. It also administers a statewide training course certification process that includes a coordinated delivery system that includes public, private, and private/nonprofit training providers in the delivery of training based on competition among the sectors for participation. The Standards and Training for Local Officers Division provides Corrections Training Funds to local agencies to offset a portion of the cost of meeting training standards. The Standards and Training for Local Officers Division activities include: working with local corrections and probation departments in the establishment and revision of standards which lead to the selection of qualified people for employment and to the maintenance of staff proficiency; designing, developing, and maintaining an efficient and effective selection and training delivery system for local corrections training; managing a financial assistance grant process that leverages limited resources to assist local corrections departments in meeting selection and training standards; monitoring all participating departments for compliance with the selection and training standards and problem solving with them to achieve compliance with the standards; providing technical assistance and support to local corrections departments and training providers; and assisting the Board of Corrections to formulate policy, conduct studies in penology, and promulgate standards as defined in Chapter 5 of the Penal Code.

### Major Budget Adjustment Proposed for 2001–02

- $1,500,000 Corrections Training Fund has been proposed, to increase the amounts provided to local governments for selection and training of local corrections personnel.

### Authority

Penal Code Sections 6035–6044.

## 98 STATE-MANDATED LOCAL PROGRAMS

### Program Objectives Statement

The objective of this program is to provide funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated local programs.

---

# 5440 BOARD OF PRISON TERMS

The Community Release Board was established with the enactment of Chapter 1139/76 (SB 42), July 1, 1977. The Board was renamed the Board of Prison Terms effective January 1, 1980 with the enactment of Chapter 255/79 (SB 281). The Board considers parole release and establishes the length and conditions of parole for all persons sentenced to prison under the Indeterminate Sentence Law, persons sentenced to prison for a term of less than life under Penal Code section 1168 (b), and for persons serving a sentence of life with possibility of parole.

Prior to 1993–94, the Board was also responsible for conducting parole revocation hearings for determinately sentenced persons who violated their conditions of parole. In 1993–94, Chapter 695, Statutes of 1992, transferred this responsibility to the Department of Corrections. Subsequently, Chapter 53, Statutes of the First Extraordinary Session of 1994, returned the parole revocation hearing function to the Board, effective December 1, 1994.

The Board may suspend or revoke the parole of any offender under its jurisdiction who has violated parole. The Board determines the necessity for rescission or postponement of parole dates for such persons. The Board may also waive parole and may discharge any such offender prior to the expiration of the statutory maximum parole period. The Board also advises the Governor on applications for clemency.

The Board is composed of nine Commissioners appointed by the Governor and confirmed by the Senate for terms of four years each. The terms are staggered and Commissioners are eligible for reappointment. A chairperson of the Board is designated by the Governor. Deputy Commissioners are employed by the Board in civil service positions. Their duties include hearing and deciding cases. An executive officer is appointed by the Board, who is responsible for the ongoing operation of the Board in accordance with Board policies.

### Major Budget Adjustment Included in 2000–01

- $528,000 General Fund and 4.4 positions to reflect an increase in projected life prisoner and parole revocation hearing workload.

### Major Budget Adjustments Proposed for 2001–02

- $281,000 General Fund and 3.5 positions to establish a Domestic Violence Unit to accomplish legislative and Penal Code mandates for investigating potential Battered Woman Syndrome cases.
- $863,000 General Fund and 7.5 positions to reflect an increase in projected life prisoner and parole revocation hearing workload.

### Authority

Penal Code Sections 1170; 3000–3065; and 5075–5082.

# 5450 YOUTHFUL OFFENDER PAROLE BOARD

The Youthful Offender Parole Board is the paroling authority for young persons committed by the courts to the Department of the Youth Authority. The Board was established in 1941 by the Legislature as the Youth Authority Board. When the Department of the Youth Authority was created in 1942, the Director also served as the Chairman for the Board. The Board separated from the Department of the Youth Authority on January 1, 1980, and was renamed the Youthful Offender Parole Board.

The protection of the public is the primary responsibility of the Youthful Offender Parole Board. All juvenile offenders will eventually return to society. Consequently, it is imperative that their time spent in the Youth Authority prepare them for a productive and crime free life upon release. The treatment, training and education provided is designed to benefit the ward and in so doing, foster the interest of public safety.

The Board is composed of seven members appointed by the Governor and confirmed by the Senate for terms of four years each. One member of the Board is designated as Chairman by the Governor. The powers and duties of the Board, as set forth in Section 1719 of the Welfare and Institutions Code include recommendations for treatment programs for wards committed to the Youth Authority, discharge of commitments, orders to parole and conditions thereof, revocation or suspension of parole, and the return of non-resident persons to the jurisdiction of the state of legal residence.

The case of each ward is heard by the Board immediately after a case study of the ward has been completed. The Board periodically reviews the case of each ward for the purpose of determining whether existing orders and dispositions should be continued or modified. These reviews are made as frequently as the Board considers desirable but at intervals not to exceed one year. During the 1999–00 Fiscal Year the Board conducted 22,454 hearings.

The Board uses a classification system which designates young offenders by categories of offense. These categories guide the Board in setting a parole consideration date, the presumptive period of incarceration after which a person can be released to parole without being a danger to society.

## Major Budget Adjustment Proposed for 2001–02

- A reduction of 1.8 personnel years and $171,000 to reflect reduced hearing workload.

## Authority

Welfare and Institutions Code, Article 2.5 (commencing with Section 1716).

U.S. Supreme Court decisions Morrissey vs. Brewer and Gagnon vs. Scarpelli and California Supreme Court decision In re: Valrie, In re: LaCroix, and Gee vs. Brown which afford due process protection for Youth Authority wards.

# 5460 DEPARTMENT OF THE YOUTH AUTHORITY

The mission of the Youth Authority is to protect the public from criminal activity by providing education, treatment and training services for youthful offenders committed by the courts; assisting local justice agencies with their efforts to control crime and delinquency; and encouraging the development of state and local programs to prevent crime and delinquency. In support of this mission, the Youth Authority has a special focus on the restorative justice principles of integrating the needs of crime victims and communities, and offender accountability and competency development through a wide range of program activities. To address this mission, the Youth Authority is organized into five branches: Institutions and Camps, Parole Services and Community Corrections, Education Services, Office of Prevention and Victim Services, and Administrative Services.

### Authority

Welfare and Institutions Code, Chapter 1 (commencing with Section 1700).

[1] Some of the amounts included as General Fund are for the purposes of meeting the minimum funding guarantee for educational programs pursuant to Section 8 of Article XVI of the California Constitution. Specific appropriations are identified in the following RECONCILIATION(S) WITH APPROPRIATIONS and are also summarized in the Budget Summary Schedule 9A, Proposition 98 General Fund Guarantee.

## 20 INSTITUTIONS AND CAMPS

### Program Objectives Statement

The objective of this program is to reduce the incidence and severity of delinquent and criminal behavior of juveniles and youthful offenders under Youth Authority jurisdiction in institutions. This is achieved by:

- Accurately evaluating referrals and commitments.
- Providing appropriate care, custody, treatment, and educational programs consistent with ward needs.

Youth Authority Population Trends and Changing Ward Characteristics:

- Ethnic group composition of wards first committed to the Youth Authority has undergone a significant change in recent years. In 1975, minority group members constituted 59 percent of Youth Authority's commitments. In 1999, 86 percent of the total first commitments were from minority groups.
- The average age of first commitments in 1975 was 18.0 years while in 1999 it was 17.0 years. The average age of those housed in Youth Authority facilities in 1975 was 18.9 and in 1999 was 19.2.
- First commitments to the Youth Authority were 3,404 in 1975. In 1990, there were 3,615 first commitments. First commitments for 1999 were 2,183.
- The length of stay for Youth Authority wards released on parole in 1977 was 10.9 months. This compares to a length of stay of 27.1 months for parole releases in 1999.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 5460 DEPARTMENT OF THE YOUTH AUTHORITY—Continued

- The number of juvenile court first commitments for homicide and assault decreased by 22 percent from 1990 to 1999. The commitments for these crimes decreased as a proportion of all juvenile court first commitments from about 27 percent in 1990 to 25 percent in 1999.
- Since 1990, commitments for violent crimes increased from 48 percent of first commitments to 51 percent in 1999. As of June 30, 2000, violent offenders comprised 61 percent of the institution population.

### Major Budget Adjustments Proposed for 2001–02

- 3 positions and $252,000 for establishing a Wards Rights Program.
- 6 positions and $1,120,000 to establish a 50-bed sex offender treatment program at the N.A. Chaderjian Youth Correctional Facility.
- 20.5 positions and $2,981,000 to establish a 75-bed mental health program at the Preston Youth Correctional Facility.
- $392,000 to establish a one-time Quality Management Assessment Team to assess the quality of medical, dental, and mental health services provided by the department.
- 1 position and $132,000 to provide more effective oversight to the southern institutions of the branch.
- $240,000 to contract for backup medical services at Preston Youth Correctional Facility, El Paso de Robles Youth Correctional Facility, and Fred C. Nelles Youth Correctional Facility.
- $471,000 to continue the institution-wide 800 megahertz radio upgrades at Ventura Youth Correctional Facility and El Paso de Robles Youth Correctional Facility.
- 7 two-year limited-term positions and $372,000 to provide sufficient custodial staff to ensure that wards assigned to the Special Management Unit have access to required out-of-cell exercise.

## 30 PAROLE SERVICES AND COMMUNITY CORRECTIONS

### Program Objectives Statement

The objectives of the Parole Services and Community Corrections Branch are to:

- Protect the public by preventing further Youth Authority parolee criminal activity.
- Increase parolees' successful community reintegration opportunities after their release to parole.
- Provide effective and equitable parolee control through enforcement of parole conditions, planned and intensive supervision, crisis intervention, supportive services, specialized services, electronic surveillance, intervention and corrective action, temporary detention sanctions, and in lieu of parole revocation, 90-day substance abuse programs.

Other major Parole Services and Community Corrections Branch activities include:

- Provision of information sessions as needed for new Youth Authority commitments and community members.
- Cooperative work with local judiciary systems, probation departments, law enforcement agencies, schools, private agencies, and other government agencies.
- Continuum of care services for high risk offender categories, including sex offenders, parolees with mental health issues, and substance abusers.
- Delinquency prevention and victim services through the Office of Prevention and Victims Services. This office ensures the Department is in compliance with victims rights' statutes including victim notification of parole considerations, escapes, case information and restitution collection. Delinquency prevention efforts of this office include administering a $1 million county male parenting program, overseeing the $25 million Youth Centers and Shelters grant program and supervising Gang Violence Reduction Projects.

### Major Budget Adjustments Proposed for 2001–02

- $1,325,000 to provide a continuum of care for parolees requiring mental health services.
- $1,680,000 to provide sex offender treatment slots for parolees.
- $248,000 for the continuation of tattoo removal programs.

## 40 EDUCATION SERVICES

### Program Objectives Statement

Pursuant to Chapter 280, Statutes of 1996, the Education Services Branch of the Youth Authority operates as a Correctional Education Authority with many of the same functions and delivery mechanisms of a local school district. The objective of Education Services in the Youth Authority is to reduce the numbers of individuals who reoffend by providing basic academic and vocational education and preparing them with acceptable socialization and employment skills, in a school district model that adheres to the same educational standards as public school districts. All individuals must obtain a high school diploma or equivalency in order to be recommended for parole. The focus of this objective is on changing the values that have led to criminal activities, to values that promote acceptable citizenship and pursuit of life-long learning. This is achieved through:

- Middle school through postsecondary academic and vocational education programs;
- Supplementary services which enable individuals with learning handicaps or limited language proficiency to access the core curriculum;
- Individualized learning and outcome-based measurements;
- Integration of character education in academic and vocational courses.

Education programs are provided in camps and parole offices, in addition to the high schools located in each of the Department's institutions. A staff of approximately 900 teachers, aides, specialists, clerical staff, and administrators combine to provide education. Most interaction is provided in typical classroom settings. However, some instruction is delivered in special settings designed to serve individuals in special confinement or programs.

Individual annual goals are established for each high school by a multidisciplinary group of staff who represent education, security, counseling, medical, and support services. An external group conducts an annual assessment to determine the progress made in achieving these short-term goals. Other reviews are conducted to determine and maintain accreditation status. All high schools are accredited or have been accepted as candidates for accreditation.

Last year, 463 students earned diplomas, 496 completed General Education Development (GED) requirements, and 13 earned AA degrees.

### Major Budget Adjustment Proposed for 2001–02

- 5 limited-term positions and $177,000 to provide educational services to wards confined to their rooms or Special Management Units.

*** Dollars in thousands, except in Salary Range.**

## 5460 DEPARTMENT OF THE YOUTH AUTHORITY—Continued

### 50 ADMINISTRATION

### Program Objectives Statement

The objective of the Administration Program is to provide executive and administrative services to the Department's Institutions and Camps, Parole Services and Community Corrections, and Education Programs. This program consists of the Office of Director, several executive offices, and the Administrative Services Branch.

The executive offices are responsible for policy development and implementation of programs including equal employment opportunity, legal, legislation, program compliance, public affairs, strategic planning, and labor relations.

The Administrative Services Branch is responsible for facilities planning, financial management, information technology, personnel, training, and research. Additionally, the branch provides administrative services to the Youth and Adult Correctional Agency and the Commission on Correctional Peace Officers' Standards and Training.

### Major Budget Adjustments Proposed for 2001–02

- 3 positions and $342,000 to augment the current staffing level of the Internal Affairs Division. The positions will conduct Level I and II investigations that involve the most complex and serious cases.
- $204,000 to comply with AB 75, legislation which requires state agencies to develop, adopt and implement a solid waste reduction program.
- 3 positions and $274,000 to develop a training plan for the four branches of the department.

---

The following footnotes may differ from the standard statewide footnotes due to the variety of General Obligation bond and other fund sources for the Department of the Youth Authority budget. These footnotes apply only to this capital outlay budget:

[g] General Fund.
[b] Public Building Construction Fund.
[n] 1986 Prison Construction Fund.
[f] Federal Trust Fund.

# 5480 COMMISSION ON CORRECTIONAL PEACE OFFICERS' STANDARDS AND TRAINING

The Department of Corrections—Department of the Youth Authority Joint Apprenticeship Committee was established with the enactment of Chapter 853, Statutes of 1987 to oversee California's correctional peace officer apprenticeship program and to monitor selection and training standards for correctional peace officers within the Department of Corrections and the Department of the Youth Authority. The Committee was renamed the California Commission on Correctional Peace Officers' Standards and Training effective January 1, 1995 with the enactment of Chapter 826, Statutes of 1994. Chapter 762, Statutes of 1998 further defined the responsibilities of the Commission to include development, approval and monitoring of training standards in the Department of Corrections and the Department of the Youth Authority training programs.

The objective of the Commission is to enhance the training and professionalism of California's state correctional peace officers through the development of sound selection practices and effective, competency based training programs. Recognizing that selection and training are the cornerstones of an effective and safe correctional program, the Commission is committed to ensuring sound selection practices, training programs, and the exploration and use of new and appropriate technologies that encourage integrity, accountability, and cooperation.

The Commission is composed of six Commissioners serving four-year terms. Two Commissioners are appointed by, and represent, the management of the Department of Corrections, and one Commissioner is appointed by, and represents, the management of the Department of the Youth Authority. Three Commissioners are appointed by the Governor upon recommendation by, and representing the membership of, the California Correctional Peace Officers' Association.

### Major Budget Adjustment Proposed for 2001–02

- $142,000 to fund increased lease costs.

### Authority

California Penal Code, Part 4, Title 4.5 (commencing with Section 13600).

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

# 6110 DEPARTMENT OF EDUCATION

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6.0 million students from infants to adulthood. In 2000–01, $50.3 billion will be spent from state, federal, and local property tax revenues for the State's public school pupils. In 2001–02, those expenditures are expected to increase to $53.3 billion from such sources. These expenditures include teacher retirement costs, capital outlay, local miscellaneous and debt service funds, and bond interest and redemption shown in other parts of the Governor's Budget for an overall increase of $3.0 billion between 2000–01 and 2001–02. The state administration aspects of the program are managed through nine branches of the department: the Executive Branch; the External Affairs Branch; the Finance, Technology, and Information Services Branch; the Finance, Technology, and Administrative Branch; the Curriculum and Instructional Leadership Branch; the Education Equity, Access and Support Branch; the Child, Youth, and Family Services Branch; the Legal and Audits Branch; and the Accountability Branch.

The functions of the state staff in administering the programs described in this budget extend across six principal areas which include:

- Policy development and coordination—promulgating regulations, implementing statutes, interpreting legislative intent, developing program goals, and coordinating with other agencies within the executive and legislative branches.
- Curriculum and management assistance—assisting local educational agencies through the dissemination of curricular and fiscal information, conducting workshops and providing in-service training, and performing other leadership functions.
- Nutrition and distribution of USDA surplus donated food—assisting participating agencies in providing nutritious meals and nutrition education to children and adults.
- Program and plan review—assessing the quality of operating educational programs and ensuring that the programs adhere to implementation requirements.
- Regulatory action—resolving compliance issues identified through the program and plan review functions.
- Consumer protection—following up on and resolving parent, student, or community group complaints unresolved by local agencies.

The primary goal of the Superintendent and the department is to provide education policy direction to local school districts, and to work with the educational community to improve academic performance. Major objectives of the department include working to: (a) provide sufficient time for learning to occur and to ensure that available time is used well; (b) upgrade both the quality and quantity of the content of schooling; (c) upgrade the quality of the teaching force through recruitment, preservice, and in-service training; (d) provide high quality instructional leadership for districts and schools; and (e) promote safe and orderly learning environments for our schools.

## 6110 DEPARTMENT OF EDUCATION—Continued

## 10 INSTRUCTION

### Program Objectives Statement

This program provides direct educational services to children and adults in the State's public elementary and secondary school system. The following elements are included in this program:

10.10—School Apportionments: School apportionments supplement local resources to fund general education programs.

10.25—Class Size Reduction and Language Arts Enrichment: This element provides incentive funding for school districts to implement class size reduction programs in grades K–3 and 9, and for language arts enrichment in grades 1–3.

10.30—Other Compensatory Programs: Components within this element are Migrant Education, Demonstration Programs in Intensive Instruction, California Indian Education Centers, Education for Homeless Children, Federal ESEA Title I, and Economic Impact Aid.

10.40—Special Bilingual Programs: The needs of limited-English-proficient students are addressed through direct local assistance to school districts and indirectly through state administration of curriculum, management, and policy-oriented activities.

10.50—Adult Education: Adults served by public high school and unified districts receive citizenship training and education to improve literacy skills, employability, and parenting abilities. Adult education programs also meet the special needs of the disabled, older persons and non- and limited-English speaking adults.

10.60—Special Education Programs for Exceptional Children: Under federal and state law, individuals with exceptional needs are entitled to a free, appropriate public education. Students requiring special education are served either through local education agencies or by the State Special Schools operated by the Department of Education (three centers for diagnostic services, two residential schools for the deaf and one residential school for the blind). The Special Schools provide highly specialized services including educational assessments and individual educational recommendations and a comprehensive residential and nonresidential educational program composed of academic, nonacademic and extracurricular activities. Other specific Special Education programs include the Clearinghouse for Specialized Media Technology, California State Deaf/Blind Services, the State Administrative component, and distribution of Local Assistance funds, including General Fund for the Master Plan for Special Education and Federal funds from the Federal Individuals with Disabilities Education Act (20 USC 1400 et seq.).

10.70—Vocational education offers a sequence of courses that provide the academic knowledge and skills needed to prepare for further education and careers in current or emerging employment sectors. Programs include School-to-Career, Partnership Academies, Agricultural Education, and Carl D. Perkins Vocational and Applied Technology Education.

10.80—Special Instructional Programs: Includes Gifted and Talented Education, Driver Training, and University and College Opportunity programs.

10.90—Elementary and Secondary Education Act Title VI. Funds are used to support and encourage school reform and educational innovation in areas such as the use of technology; the acquisition and use of instructional materials; and for programs that include promising educational reform practices, improve the higher order thinking skills of disadvantaged youth, combat illiteracy, and meet the educational needs of gifted and talented children.

### Major Budget Adjustments Included in 2000–01

GENERAL FUND

- $13.6 million in one-time funds from the Proposition 98 Reversion Account to fund the 2000–01 deficit in Special Education due to current year ADA increases.

OTHER FUNDS

- $19.9 million in additional federal funds for Title I-ESEA.
- $51,000 in federal funds to support oversight of a contract for the study of non-public schools and Licensed Children's Institutions providing special education services.

### Major Budget Adjustments Proposed for 2001–02

GOVERNOR'S INITIATIVES

- $100 million Proposition 98 General Fund to fund a longer year incentive program for middle schools.

GENERAL FUND

- $1.04 billion Proposition 98 for a cost-of-living (COLA) adjustment for apportionments ($1.02 billion for school districts and $20.4 million for county offices of education).
- $323.6 million Proposition 98 for statutory growth funding for apportionments ($305.8 million for school districts and $17.8 for county offices of education).
- $210.9 million to fund growth ($66.7 million) and COLA ($144.2 million) adjustments for categorical programs, adult education, ROC/Ps, instructional materials, and various other educational programs.
- $125 million Proposition 98 to fund the settlement agreement in the Special Education Mandate Claim pending legislation.
- $126.5 million Proposition 98 to provide a COLA for Special Education.
- $19.5 million Proposition 98 for Special Education including $41.5 million for program growth, offset by $22 million to reflect an increase in property tax revenues.
- $16.4 million Proposition 98 to fund a COLA for Supplemental Instruction.
- $13.6 million Proposition 98 for Special Education based on current year ADA increases.
- $10.5 million Proposition 98 to fund a COLA ($14.7 million) for the K–3 Class Size Reduction program which is partially offset by negative growth (–$4.2 million).
- $10.0 million in one-time funds from the Proposition 98 Reversion Account for Regional Occupational Centers and Program equipment.
- $8.8 million Proposition 98 General Fund for deferred maintenance to fully fund the one-half of one percent state match.
- $8.3 million Proposition 98 to fund growth ($4.1 million) and COLA ($4.2 million) for the 9th Grade Class Size Reduction Program.
- $4.2 million in Proposition 98 General Fund for FCMAT technical assistance and administration of the California School Information System.
- $3.4 million Proposition 98 to fund a COLA for the K–4 Intensive Reading Program.
- $1.9 million Proposition 98 General Fund to expand Apprenticeships by an additional 400,000 hours.
- $2.4 million Proposition 98 General Fund for statutory allotment modifications as Partnership Academies progress from planning to implementation stages of development.
- $1 million Proposition 98 General Fund for FCMAT to review the personnel practices and hiring processes of school districts with low-performing schools.
- $841,000 Proposition 98 to provide a COLA for Grade 7–8 Math Academies.

*** Dollars in thousands, except in Salary Range.**

## 6110 DEPARTMENT OF EDUCATION—Continued

- $404,000 ($338,000 Proposition 98) for the School for the Deaf, Fremont including:
  - $178,000 to support two reading specialists to improve reading assessments and instruction for pupils with exceptional reading delays,
  - $89,000 to support an adaptive physical education position to provide assessment and adaptive physical education services to pupils,
  - $71,000 to support a visual and performing arts teacher to provide necessary instruction to meet current high school graduation requirements,
  - $49,000 to support a personnel services specialist due to workload increases, and
  - $17,000 to provide additional janitorial and operational support for the new Health Services Building.
- $286,000 for the School for the Deaf, Riverside including:
  - $163,000 to support three sign language interpreters to facilitate adequate communication between parents and school staff,
  - $89,000 to support a social worker to address the case management needs of students where information and provision of services must be provided and coordinated between the school and outside agencies, and
  - $34,000 to support a half-time Registered Nurse to provide adequate health related services to pupils.
- $138,000 for the School for the Blind, Fremont to support three office technician positions to meet the clerical needs of the school.
- $85,000 General Fund to fill one vacant position for Partnership Academies to address workload associated with administering the program.
- $13.4 million Proposition 98 to fund the first year of the Kindergarten Readiness Pilot Program pursuant to Chapter 1022, Statutes of 2000 (AB 25).
- $1.2 million Proposition 98 for a cost-of-living (COLA) adjustment for Continuation High Schools.
- $1 million one-time Proposition 98 Reversion Account to support FCMAT's intervention in the Emery Unified School District.
- $1.0 million from the Proposition 98 Reversion Account to fund the Alvord Primary Education Center.
- $900,000 Proposition 98 augmentation to FCMAT's county office of education basic assistance budget.
- $800,000 Proposition 98 to the West Contra Costa Unified School District to reimburse the district for its exclusion from state school facilities funding in prior years pursuant to Chapter 578, Statutes of 2000.
- $500,000 to fund an evaluation of the Kindergarten Readiness Pilot Program.
- $200,000 one-time Proposition 98 Reversion Account augmentation to support FCMAT's management's assistance in the West Contra Costa Unified School District.
- $38,000 Proposition 98 augmentation to FCMAT for the management of the Ed-Data website.
- $333,000 to fund the second year of the Legislative Analyst's Office charter school evaluation pursuant to Chapter 673, Statutes of 1998.
- $190,000 and two positions for the Charter Schools Unit for the purposes of supporting increased workload resulting from the growth in charter schools; for reviewing petitions submitted directly to the SBE; and to establish procedures for oversight of SBE-approved charters.
- $150,000 to fund an evaluation of current procedures for the Categorical Apportionment Systems to improve efficiency, and identify opportunities for technology solutions for future consideration.
- $94,000 and one two-year limited term position for the Fiscal Accountability and Information Services subdivision in order to implement GASB 34 revisions.
- $90,000 and one position to the Fiscal Policy Unit for the priority purpose of improving the accuracy and timing of local Gann Limit reporting, as well as increasing responses to mandates that impact K–12 finance, and legislative fiscal analyses.

OTHER FUNDS

- $103.5 million in federal funds for Special Education.
- $14 million in federal funds to expand the Workability I program.
- $12.7 million to fully fund equalization and the Low Incidence Disability adjustment for Special Education.
- $852,000 in federal funds to cover increased contract costs for the provision of due process services for Special Education.
- $234,000 in federal funds to enhance access and distribution of instructional materials for pupils with exceptional needs.
- $51,000 in federal funds to support oversight of a contract for the study of non-public schools and Licensed Children's Institutions providing special education services.
- $20,000 in federal funds to support a half-time office assistant position in the Special Education Division.

### Authority

10.10—Education Code—Article 3 (commencing with Section 2550) of Chapter 12 of Part 2, Article 8 (commencing with Section 8152) of Chapter 1 of Part 6, Article 10 (commencing with Section 41850) of Chapter 5 of Part 24, Article 2 (commencing with Section 42238), Article 4 (commencing with Section 42280) and Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24, Section 45023.4, Article 8 (commencing with Section 46200) of Chapter 2 of Part 26, Part 26.8 (commencing with Section 47600), Article 3 (commencing with Section 48660) of Chapter 4 of Part 27, Article 11 (commencing with Section 49550) of Chapter 9 of Part 27, Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 and Chapter 1131, Statutes of 1985, Article 1 (commencing with Section 14000) of Chapter 1 of Part 9, Chapter 2 (commencing with Section 41200) of Part 24, and Article 9 (commencing with Section 54760) of Chapter 9 of Part 29.

10.25—Chapter 6.8 (commencing with Section 52080) and Chapter 6.9 (commencing with Section 52100) of Part 28 of the Education Code.

10.30—PL 89-10 (1965), as amended by PL 89-750 (1966), PL 95-561 (1978), PL 103-382 (1994); PL 97-35 as amended by PL 98-211 as amended by PL 100-297; Education Code, Sections 62000.1 to 62000.5 inclusive. Title V, PL 88-452, as amended by PL 93-644. PL 95-561 (ESEA, Title II). Education Code Sections 54020–54041. Education Code Sections 41601, 41602, 51769, 58600–58605. Article 6 (commencing with Section 33280) of Chapter 3 of Part 20 and Chapter 6.5 (commencing with Section 52060) of Part 28 of the Education Code. PL 98-151. Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code.

10.40—ESEA Title VII; Title IV, Civil Rights Act of 1965; Education Code Sections 52161–52178.5, 54000–54002, and 56001; Emergency Immigrant Education Assistance Program (PL 98-151); Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code.

10.50—PL 91-230; AB 8/1979. Education Code, Division 4, Part 28, Chapter 10 (commencing with Section 52500).

10.60—PL 94-142, PL 99-457; Education Code, Part 30 (commencing with Section 56000), Part 32 (commencing with Section 59000), and Section 60313.

*** Dollars in thousands, except in Salary Range.**

## 6110 DEPARTMENT OF EDUCATION—Continued

10.70—Education Code, Sections 8000–8156 and Division 4, Part 28, Chapter 9 (commencing with section 52300). Job Training Partnership Act of 1982 (PL 97-300) as amended by the Job Training Reform Amendment of 1992 (PL 102-367). Carl D. Perkins Vocational and Applied Technology Education Act of 1990 (PL 101-392). Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code.

10.80—Education Code Sections 52200–52208; Article 12, Sections 35210, 35211, 35229, 41304–41308, 45053, 51850–51853 and Article 9 (commencing with Section 54760) of Chapter 9 of Part 29.

### TABLE 1

| Revenue Limit Apportionments | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| District Revenue Limit [1] | $22,391,683 | $25,270,626 | $26,647,302 |
| Less Local Revenue [2] | 9,572,551 | 10,316,432 | 11,154,416 |
| Total District Revenue Limit State Share [3] | $12,819,132 | $14,954,194 | $15,492,886 |
| County Office of Education Revenue Limit | 436,257 | 490,695 | 529,728 |
| Less Local Revenue [2] | 282,633 | 304,542 | 328,774 |
| Total County Office Revenue Limit State Share | $153,624 | $186,153 | $200,954 |
| TOTAL K–12 REVENUE LIMIT—STATE SHARE | $12,972,756 | $15,140,347 | $15,693,840 |

[1] K–12 District Revenue Limit includes funding for general purposes, meals for needy pupils, continuation schools, and necessary small schools.
[2] Local Revenue is composed of local property tax collections, state subventions for homeowners' exemptions, timber tax collections, "miscellaneous income," and federal oil and mineral revenues. Local revenue excludes the share of property taxes allocated to county office special education program.
[3] K–12 District Revenue Limit does not include revenues from the State Lottery.

## 20 INSTRUCTIONAL SUPPORT

### Program Objectives Statement

Instructional Support provides resources to complement the Instruction Program. The following elements are included in this program:

20.10—Curriculum Services: Provides materials and resources for curriculum planning and development in language arts, math, science, history-social science, foreign language, visual and performing arts, health, nutrition, safety, physical education, and environmental/energy education. Provides funding for the use of educational technology in schools.

20.20—Instructional Materials Management and Distribution: Assists in the state development of curriculum frameworks and evaluation and distribution of instructional materials, including electronic resources.

20.30—Administrative Services to Local Educational Agencies: The department provides leadership, guidance and technical expertise to schools to manage and improve operations and more efficiently use scarce resources, in addition to publishing specified documents.

20.40—Supplementary Program Services: Identifies, develops and disseminates innovative and exemplary programs and practices to schools and aids in the development of alternative/educational options. Examples include Independent Study, Library Services, Sex Equity in Education, Foster Youth Services, Alternative Educational Programs/Opportunity School Incentives, Specialized Secondary Programs, and the Drop Out Prevention Program.

20.50—Staff Development: Includes the Federal ESEA Title II Eisenhower Program for professional development in Math, Science and other core curriculum subjects.

20.60—Improving School Effectiveness: The following components are for improvement of educational quality—Healthy Start, School Leadership, School Crime Report, School/Law Enforcement Partnership, High-Risk Youth Education and Public Safety Program (Ch. 340/97), Gang Risk Intervention Program, Conflict Resolution, School Violence Reduction Program, Targeted Truancy and Public Safety Program, Community Day Schools, Single Gender Academies, School Improvement, Goals 2000, Charter Schools, Administrator Training, Family-School Partnerships, Beginning Teacher Support and Assessment, Bilingual Teacher Training, Readers for Blind Teachers, Regional Science Resource Centers, Geography Education, Teaching Improvement, Title VI Priority Projects and Intersegmental Programs; Immediate Intervention/Underperforming Schools Program; High Achieving/Improving Schools Program.

20.70—Assessments: Includes the Standardized Testing and Reporting (STAR) Program which provides funding to districts for mandatory local assessments in grades 2 through 11; develops Career-Technical Assessments; provides end-of-course Golden State Examination awards and Golden State Seal Merit Diplomas; High School Exit Exam; and when fully implemented will provide English language development assessments and statewide assessments in core curriculum subjects in grades 4, 5, 8 and 10.

### Major Budget Adjustment Included in 2000–01

OTHER FUNDS

- $57.6 million for a new federally funded Reading Excellence Act that will provide grants for reading instruction and tutoring.

### Major Budget Adjustments Proposed for 2001–02

GOVERNOR'S INITIATIVES

- $335 million Proposition 98 General Fund to provide math and English professional development and standards training to K–12 teachers.
- $219.2 million Proposition 98 for the Governor's Performance Awards (GPA):
  - $96.2 million Proposition 98 for continuation of funding for the GPA which was appropriated by Chapter 3 of the 1999 First Extraordinary Session.
  - $123 million Proposition 98 to fully fund the GPA at $150 per eligible test taker.
- $30 million Proposition 98 for incentives to increase student enrollment in Algebra.
- $27.5 million Proposition 98 for the development, production, and distribution of workbooks for the standards-based STAR test and the High School Exit Exam.
- $20 million Proposition 98 for software and training to assist schools in analyzing STAR data.
- $15 million Proposition 98 General Fund to provide professional development and standards training to K–12 principals and vice principals.

*** Dollars in thousands, except in Salary Range.**

## 6110 DEPARTMENT OF EDUCATION—Continued

GENERAL FUND

- $88.2 million Proposition 98 for the Immediate Intervention/Underperforming Schools Program (II/USP), including:
  - $20.6 million Proposition 98 augmentation to fund Implementation Grants for the first cohort in the School Accountability, Rewards, and Interventions Program.
  - $46.1 million Proposition 98 for Implementation Grants for the second cohort in the School Accountability, Rewards, and Interventions Program.
  - $21.5 million Proposition 98 for Planning Grants for the third cohort in the School Accountability, Rewards, and Interventions Program.
- $45 million Proposition 98 for three administrations of the High School Exit Exam to tenth graders in order to develop valid cut scores.
- $15.8 million Proposition 98 General Fund to provide growth and cost-of-living increases for the Beginning Teacher Support and Assessment Program.
- $12.5 million Proposition 98 General Fund to provide growth and cost-of-living increases for the Instructional Time and Staff Development Reform Program.
- $12 million Proposition 98 for test development for the High School Exit Exam and STAR.
- $12.0 million from the Proposition 98 Reversion Account to fund CSIS.
- $10 million General Fund to provide stipends to up to 10,000 additional teacher attendees at the University of California-administered Professional Development Institutes.
- $10 million in Proposition 98 General Fund for the Student Academic Partnership Program, to compensate for expiring Goals 2000 funds.
- $8.2 million in Proposition 98 General Fund for growth and COLA for the Peer Assistance and Review Program.
- $8.1 million Proposition 98 for growth and COLA for the Instructional Materials Fund.
- $8 million in Proposition 98 General Fund for the Secondary School Reading Program, to compensate for expiring Goals 2000 funds.
- $6 million Proposition 98 to fund growth ($852,000) and COLA ($5.2 million) for Instructional Materials for grades K–8.
- $4.4 million Proposition 98 for COLA funding for the Student Assessment Program.
- $5.7 million for a cost-of-living (COLA) adjustment for the Charter School Categorical Block Grant.
- $2.0 million Proposition 98 to fund growth ($696,000) and COLA ($1.3 million) for Instructional Materials for grades 9–12.
- $750,000 Proposition 98 for the California Reads Program.
- $280,000 General Fund and 1.0 position to collect hate crime and hate incident information and meet related statutory reporting requirements.
- $500,000 in one-time funds from the Proposition 98 Reversion Account to FCMAT for the Student Friendly Services Through Technology project.
- $400,000 General Fund to back-fill funding of four positions in the Standards and Assessment Division previously funded by Goals 2000.
- $120,000 General Fund to fund the redirection of one position for the implementation of the Classroom Instructional Improvement and Accountability Act (Chapter 996, Statutes of 2000).
- $100,000 from the Proposition 98 Reversion Account to fund development and adoption of Curriculum Frameworks.
- $89,000 General Fund to fund the redirection of one position for the implementation of the PSAA Alternative Schools Accountability System.

OTHER FUNDS

- $3.4 million to increase local participation in the California School Information Services (CSIS).
- $272,000 in federal funds for the reauthorization of three limited-term positions for administering the Technology Literacy Challenge Program.
- $293,000 in bond funds for the permanent extension of three limited-term positions and funding to fill one vacant position to address workload in the School Facilities Planning Division.

## 6110 DEPARTMENT OF EDUCATION—Continued

## 30 SPECIAL PROGRAMS

### Program Objectives Statement

Special Programs include the following elements:

30.10—Child Development: Provides a full range of child care and development services. Services provided include part-time and full-time child care and development and supportive services, to children from low-income families and families with special needs. Several different programs are in place to target resources to specific populations or to address specific needs. The State Preschool Program provides a wide range of educational services in part-day settings for pre-kindergarten (three- and four-year-old) children from low-income families; and parent education for the parents of eligible children. The objective is to give children the foundation needed to succeed in formal school programs. The After School Learning and Safe Neighborhoods Partnership program provides students in grades K–9 with academic support, homework assistance, and enrichment programs, in a safe after-school environment. Child care services for families participating in the California Work Opportunity and Responsibility to Kids (CalWORKs) program help public assistance recipients achieve and maintain self-sufficiency. The Department of Education administers child care for CalWORKs Stages 2 and 3.

30.20—Child Nutrition: Assists participating public and private schools, county offices of education, public and private residential child care institutions, camps, family day care homes, and adults in non-residential adult day care centers serve nutritious meals by providing educational and technical assistance, federal and state subsidies. Subsidies are received from the United States Department of Agriculture (USDA) to fund the National School Lunch Program, School Breakfast Program, Special Milk Program, Child Care Food Program, Adult Day Care Food Program, Summer Food Service Program, After School Meals Program, and the Nutrition Education and Training Program. Subsidies also are received from the State through the state-mandated Child Nutrition Programs, the School Breakfast start-up grants program and the Meal Supplement for Pregnant and Lactating Students Program.

30.50—Food Distribution: Makes surplus USDA donated food available to certain California public, private and nonprofit agencies. The Department of Education is designated as the California State Agency for USDA surplus food distribution.

### Major Budget Adjustments Proposed for 2001–02

GENERAL FUND

- $20 million Proposition 98 for half-year expansion of the After School and Safe Neighborhoods Partnerships Program, targeted to middle schools.
- $2 million in one-time Proposition 98 child care savings to support three-year grants for After School Program regional centers to increase technical assistance focusing on middle school programs.
- $240,000 in General Fund and 2 permanent positions, including $75,000 one-time costs for RFP workload, in the Learning Support and Partnerships Division to support increased workload associated with the After School expansion.
- $41.7 million Proposition 98 increase for a total of $157.4 million to fund the estimated CalWORKs Stage 3 cost of serving the current year plus July 2001 caseload timing out of CalWORKs Stage 1 or 2.
- $40 million Proposition 98 to annualize the current year increase for full-day, General Child Care for children ages 0–five years old.
- $23.8 million Proposition 98 to annualize the current year State Preschool expansion.
- $3 million Proposition 98 to annualize the current year increase for Migrant Day Care Services.
- $36.3 million Proposition 98 to fund the state share of the $45.5 million statutory COLA for state-subsidized child care programs. The remainder is funded through federal resources.
- $5.4 million Proposition 98 to help compensate child care and development contractors for increased costs associated with state minimum wage increase requirements.
- $53.8 million in one-time Proposition 98 child care savings and unearned contract carryover for transfer to the Child Care Facilities Revolving Fund to support the CalWORKs Center-Based Pilot as well as recent program expansions.
- $5 million total, including a $4 million increase in one-time Proposition 98 unearned contract carryover, to continue training and develop, produce, and disseminate classroom curriculum linked to the Pre-Kindergarten Guidelines for centers completed in the current year ($2 million); and to adapt, produce, and disseminate Guidelines and curriculum over the next three years for exempt and licensed family child care home providers ($3 million).
- $1.3 million from the Proposition 98 Reversion Account to fund the 2000–01 child nutrition deficiency.
- $2.3 million in Proposition 98 General Fund for a COLA for CalSAFE.
- $1 million to support the Home Instruction Program for Preschool Youngsters (HIPPY).
- $846,000 from the Proposition 98 Reversion Account to fund the 1999–00 child nutrition deficiency.

OTHER FUNDS

- $147.4 million decreased federal fund transfer from the Temporary Assistance to Needy Families (TANF) Block Grant to the CCDF to meet caseload projections for CalWORKs Stage 2. The decreased TANF transfer is due to an overall decrease in the Stage 2 estimate and an increase in prior years carryover available for reappropriation.
- $9.2 million Child Care and Development Fund (CCDF) for the federal share of COLAs in state-subsidized child care programs.
- $148,000 CCDF to fund 1.5 permanent positions in the Child Development Division's Field Services Unit to address workload increase for compliance reviews and technical assistance to new providers and program directors related to General Child Care and Migrant expansions authorized in the 2000 Budget Act.
- $234,000 in federal funds and three child nutrition consultants to support workload increases and provide technical assistance to Child Nutrition programs statewide. Two of these positions will serve on a special team formed to focus on sponsors which are deficient or in danger of program termination.

### Authority

30.10—Education Code, Part 6, Chapter 1.8, Chapter 1.9, Chapter 2.5 (commencing with Section 8170). CCDF PL 104-193, Title VI of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

30.20—PL 79-396, PL 89-642, PL 94-105, PL 95-166, and PL 995-627; Section 49550 of the Education Code; Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code.

30.50—PL 94-105, PL 95-113, PL 95-478 and PL 98-92; Chapter 196, Statutes of 1984.

[a] Includes funding for student vocational organizations.

## 41 EXECUTIVE MANAGEMENT AND SPECIAL SERVICES

### Major Budget Adjustment Proposed for 2001–02

GENERAL FUND

- $94,000 General Fund to fund the redirection of one position to assist in the defense of the State in *Williams* vs. *State Department of Education and the State of California, et al.*

## 41.01 STATE BOARD OF EDUCATION

### Program Objectives Statement

Executive Management and Special Services consists of the offices of the Superintendent of Public Instruction, the State Board of Education, Deputy Superintendents, Public Information, Legal and External Affairs, and higher education, business and community liaisons.

### Major Budget Adjustment Included in 2000–01

GOVERNOR'S INITIATIVE

- $3 million General Fund to hire a consultant to ensure that the STAR and High School Exit Exam are aligned to the state-adopted standards and for the development of performance measures for the STAR and High School Exit Exam.

### Authority

41—Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code.

## 42 DEPARTMENT MANAGEMENT AND ADMINISTRATIVE SERVICES

### Program Objectives Statement

Department Management and Administrative Services consists of Accounting, Budgeting, Contracting, Personnel and Information Services. The effective provision of these services ensure the delivery of timely, reliable and accountable educational services to students in California.

## 98 STATE-MANDATED LOCAL PROGRAMS

### Major Budget Adjustments Proposed for 2001–02

GENERAL FUND

- $223.7 million from the Proposition 98 Reversion Account to fund the 2000–01 School Bus Safety II Mandate.
- $5.1 million in Proposition 98 General Fund for a COLA for state mandated local programs.
- $4.2 million from the Proposition 98 Reversion Account to fund the 2000–01 Parental Notification Mandate.

### Program Objectives Statement

This program provides funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated education programs.

### 98 State-Mandated Local Programs

## 6120 CALIFORNIA STATE LIBRARY

The goal of the State Library is to make information available to users in a coordinated, effective, and efficient manner. The State Library provides services to the Legislative and Executive Branches of State government, to members of the public and to California public libraries, develops and promotes outreach programs such as the California Literacy Campaign, and develops information technology systems to improve resource sharing and access to information.

### 10 STATE LIBRARY SERVICES

#### Program Objectives Statement

The State Library Services (SLS) program provides library services to a variety of library users both directly and indirectly through other libraries. In order to perform its functions, State Library Services gathers, catalogs, preserves and protects materials so they may be used easily.

The interlibrary loan service supplements the collections of California libraries. Reference and informational questions are also answered for local libraries. The SLS also coordinates the distribution of State and federal publications to libraries so residents using local libraries have convenient access to official government publications.

Through the Braille and Talking Book Library, which is a regional library designated by the Library of Congress National Library Service for the Blind and Physically Handicapped, braille and recorded books (records and cassettes) and special playback equipment are provided to blind and physically disabled residents of Northern California who are unable to use standard print materials. Funds are provided for the Braille Institute in Los Angeles to operate the Southern California Regional Library. Government Code Section 68926.3, provides an estimated $700,000 annually, from appellate court filing fees, to partially support the Bernard E. Witkin State Law Library.

The California Research Bureau (CRB) provides nonpartisan analytical research and specialized library services on major state issues for both houses of the Legislature, the Governor's Office and other constitutional officers. It maintains a growing publications program on state policy matters, including CRB notes that provide current summaries of state issues, as well as more in-depth research works.

#### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $106,000 and one redirected position for facilities management of the Library and Courts buildings, the Sutro Library, and the new Office of Library Construction.
- An augmentation of $157,000 and two redirected positions to digitize the Library's collection of historic photographs and make them available on-line.
- A one-time augmentation of $429,000 for increased costs of maintenance and repair needs in the Library & Courts II building.

#### Authority

Education Code Sections 19320(h), 19320(k), 19323, 19324.

### 20 LIBRARY DEVELOPMENT SERVICES

#### Program Objectives Statement

The Library Development Services program provides state and federal financial assistance to libraries and provides technical consulting assistance to help local libraries extend and improve services to all residents. The primary components of the program are: (a) the Library of California, (b) the California Library Services Act, (c) the California Library Literacy Services Program, (d) the Families for Literacy Program, (e) the Public Library Foundation Program and (f) the Library Services and Technology Act Program.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 6120 CALIFORNIA STATE LIBRARY—Continued

The Library of California extends the previously enacted California Library Services Act program to libraries of all types throughout the state. It also expands the programs and services provided by the State to include such things as efficient access to licensed databases, telecommunications links among libraries, electronic loan of materials, cooperative collection development, and coordinated efforts to preserve California's information resources.

The California Library Services Act helps public libraries and cooperative public library systems provide coordinated reference services and provides reimbursement for interlibrary loans of materials and loans to nonresident borrowers through the Transaction Based Reimbursement Program.

The California Library Literacy Service Program provides community-centered literacy assistance to adults who have missed the opportunity to learn to read English.

The Families for Literacy Program seeks to break the cycle of illiteracy by engaging the children of functionally illiterate adults in family-oriented activities designed to promote reading readiness and the joy of reading. Together the California Library Literacy Services Program and Families for Literacy Program comprise the California Literacy Campaign.

The Public Library Foundation Act is a funding formula under which the State contributes funding for basic local library services under specified conditions.

The federal Library Services and Technology Act provides grants, on a competitive basis, to libraries of all types for developing new and innovate library services, technology assistance to libraries of all types, and library networking and resource sharing. The California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act was enacted through Proposition 14 in spring 2000 to provide $350 million in bond funds for construction and renovation of public libraries.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $3,200,000 to continue implementation of the Library of California.
- An augmentation of $500,000 to expand participation in the Families for Literacy Program.
- An augmentation of $2,092,000 to increase state support of the Public Library Foundation Program.
- An augmentation of $41,000 to support the addition of new public libraries to the California Library Services Act system.
- An augmentation of $1,251,000 for rate and workload increases in the Transaction Based Reimbursement Program.
- An augmentation of $106,000 and two redirected positions for increased fiscal and business services workload.

## 30 INFORMATION TECHNOLOGY SERVICES

### Program Objectives Statement

The Information Technology Services program supports library technology operations and infrastructure, including the integrated bibliographic system, microcomputer systems and applications, specialized application of technology including access to the Internet, data communications, and related support services.

### Authority

Education Code Section 19320(d).

# 6255 CALIFORNIA STATE SUMMER SCHOOL FOR THE ARTS

### Program Objectives Statement

The California State Summer School for the Arts (CSSSA) was created to provide California high school students who have demonstrated exceptional talent and excellence in the arts with intensive instruction through a multi-disciplinary, residential summer training program. The California State Summer School for the Arts allows students to choose from seven major disciplines of study: Animation, Creative Writing, Dance, Film/Video, Music, Theatre Arts, and Visual Arts. The program provides a training ground for future artists aspiring to careers in the State's arts and entertainment industries. The CSSSA is financed with state funds and private sector support pursuant to Education Code Section 8957. Private donation funds are raised and managed by the California State Summer School for the Arts Non-Profit Foundation. During fiscal year 1999–00, private sector support for the program totaled approximately $1,300,000, which included private contributions, student fees, earned interest and in-kind services.

### Major Budget Adjustments Proposed for 2001–02

- An augmentation of $20,000 General Fund to contract for seven additional faculty members.
- An augmentation of $45,000 General Fund to upgrade instructional equipment.

# 6300 STATE CONTRIBUTIONS TO THE STATE TEACHERS' RETIREMENT SYSTEM

Funding for the State Teachers' Retirement System (STRS) is received from four separate sources: (1) teacher members who contribute 8 percent of their salary; (2) employing school districts which contribute 8.25 percent of member payroll; (3) income from investments; and (4) contributions from the State General Fund. From 1972 to 1976, the State contributed $135 million annually for the purpose of funding retirement benefits which were in effect on June 30, 1972. Chapter 323, Statutes of 1976, as amended by Chapter 991, Statutes of 1976, provided an additional amount of $9.3 million to fund a one-time cost of living increase in benefits. The State continued to contribute $144.3 million through fiscal year 1979–80.

Effective July 1, 1980, Chapter 282, Statutes of 1979, annually appropriated $144.3 million from the State General Fund for transfer to the STRS, cumulatively increased or decreased by the June to June change in the composite California Consumer Price Index (CCPI) for the Los Angeles and San Francisco areas for the preceding year. This Chapter also appropriated $10 million in Fiscal Year 1980–81 and $20 million in Fiscal Year 1981–82, with annual increases of $20 million thereafter. This amount was also indexed to the CCPI.

Chapter 460, Statutes of 1990, repealed the existing statutory contributions, and eliminated the 1990–91 contribution required by Chapter 282/79. Effective July 1, 1991, Chapter 460, Statutes of 1990, appropriated annually from the General Fund for transfer to the STRS an amount equal to 4.3% of total salaries of the preceding calendar year upon which members' contributions were based. This legislation, named the "Elder State Teachers' Retirement System Full Funding Act", was to provide full funding of both the normal cost deficit and the amortization of the unfunded obligation. Chapter 83, Statutes of 1991, amended this Act to provide for four quarterly transfers instead of a single annual transfer, and changed the date of the first transfer to October 1, 1991.

The "Elder State Teachers' Retirement System Full Funding Act" was amended by Chapter 967, Statutes of 1998. The 4.3% formula factor of Chapter 460, Statutes of 1990, was reduced and replaced by 0.524% to fund the normal cost deficit or the amortization of the unfunded obligation. This 0.524% factor is reduced to zero if there is neither a normal cost deficit nor an unfunded obligation. The 0.524% factor may be adjusted upwards annually for no more than 0.25% and in no case may the factor exceed 1.505%. Since there is neither a normal cost deficit nor an unfunded obligation, it is not necessary for the General Fund to make a contribution under this provision.

Chapter 967 also provided funding from the General Fund for improved teacher retirement benefits. This funding is equal to 3.102% of teachers' salaries of the immediately preceding calendar year upon which members' contributions are based. Teacher retirement benefits were significantly improved through Chapters 74, 1021, 1026, 1027, 1028, 1029, and 1032, Statutes of 2000. Chapter 1021 changed the General Fund contribution, which is based on the teachers' salaries of the immediately preceding calendar year, to 2.5385% beginning January 1, 2001, and to 1.975% annually thereafter. As a statutory appropriation, the State contributions are not appropriated through the annual Budget Act.

Effective July 1, 1989, Chapters 115 and 116, Statutes of 1989, established the Supplemental Benefit Maintenance Account (SBMA) to provide for purchasing power maintenance up to 68.2% of the value of the original benefit. Effective January 1, 1998, Chapter 939, Statutes of 1997, increased the SBMA purchasing power maintenance from 68.2% to 75% of the value of the original benefit. The State General Fund provides a statutory transfer to the STRS of an amount equal to 2.5% of the teachers' salaries. If, however, the 2.5% annual General Fund contribution is insufficient to support 75% purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no STRS unfunded obligation exists; (2) increase employer contributions; or (3) reduce the SBMA benefit payment. Any increase in employer contributions must be approved through the Budget Act. Chapter 1006, Statutes of 1998, authorizes vesting of purchasing power maintenance within specified limits from the SBMA. As a statutory appropriation, the state contribution for purchasing power is not appropriated through the annual Budget Act.

### Major Budget Adjustment Included in 2000–01

- A decrease of $101 million from the General Fund for teacher retirement benefits pursuant to Chapter 1021, Statutes of 2000.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $40 million from the General Fund for SBMA purchasing power maintenance.
- A decrease of $170 million from the General Fund for teacher retirement benefits. (Education Code, Section 22955(a)).

# 6330 CALIFORNIA OCCUPATIONAL INFORMATION COORDINATING COMMITTEE

### Program Objectives Statement

The California Occupational Information Coordinating Committee (COICC) is funded annually by the National Occupational Information Coordinating Committee, which is responsible for improving and coordinating the development and implementation of occupational information systems at the national and state levels. Federal legislation (Carl D. Perkins Vocational Education Act of 1984) mandates state occupational information coordinating committees for states that receive vocational education funds.

COICC, which was established in 1978, is responsible for coordinating the development of an occupational information system (OIS) that will address the occupational information needs of occupational program planners and administrators and the career information needs of youth and adults, and for fostering communication between the users and producers of occupational information. COICC is required to annually report on the design, funding and implementation of the OIS in California. COICC consists of representatives of the California Department of Education, Employment Development Department, Trade and Commerce Agency, Chancellor's Office of the California Community Colleges, State Job Training Coordinating Council, Bureau for Private Postsecondary and Vocational Education, Department of Rehabilitation, Department of Social Services, and Employment Training Panel.

# 6350 SCHOOL FACILITIES AID PROGRAM

This program provides financing for school construction, modernization, portable classrooms, deferred maintenance, and other K–12 school facility related activities. The Leroy F. Greene School Facilities Act of 1998 provided $6.7 billion for K–12 school facilities. Of the amount provided, $3.35 billion was available for immediate expenditure and another $3.35 billion was available July 1, 2000. With the passage of the School Facilities Act of 1998, the School Facilities Program was established which streamlined the state school construction funding process. The School Facilities Program provides matching grants to school districts for new construction and modernization projects based on "unhoused pupils" from revenue obtained through the sale of state general obligation bonds.

The State School Deferred Maintenance Program, established by Chapter 282, Statutes of 1979 (AB 8), appropriates to the State School Deferred Maintenance Fund the amount of loan repayments received from school districts that is in excess of the amount required to reimburse the General Fund for debt service. For 2001–02, approximately $16.2 million in excess loan repayments will be available. In addition to excess loan repayments, $2.4 million will be available from the Site Utilization Fund and the 2001–02 Budget provides $185 million in General Fund for a total of $203.6 million for deferred maintenance.

## Major Budget Adjustments Proposed for 2001–02

- $486 million in General Obligation Bond Funds for the School Facilities Program to be allocated to districts for new construction of school facilities.
- $185 million Proposition 98 General Fund for transfer to the State School Deferred Maintenance Program to fully fund the one-half of one percent state match for deferred maintenance.
- $2.4 million Proposition 98 General Fund for transfer to the State School Deferred Maintenance Fund from penalty payments received from the School Site Utilization Fund.

# 6360 COMMISSION ON TEACHER CREDENTIALING

### Program Objectives Statement

The Commission was established in 1970, with the specific charge of ensuring excellence in education by establishing high standards for the preparation and licensing of public school educators. The Commission carries out its program of standards for the preparation and licensing of teachers through five program elements: Certification, Assignment and Waivers; Professional Services; Professional Practices; Agency Administration; and Policy and Programs.

### Authority

Chapter 557, Statutes of 1970 (Education Code 44201 et seq.); Chapter 330, Statutes of 1998.

| SUMMARY OF PROGRAM REQUIREMENTS | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|---|---|---|
| 10.10 Certification, Assignment and Waivers | 75.1 | 85.6 | 85.2 | $8,531 | $8,886 | $7,667 |
| 10.20 Professional Services | 32.6 | 41.5 | 39.2 | 49,945 | 75,320 | 73,001 |

## 6360 COMMISSION ON TEACHER CREDENTIALING—Continued

## 10 STANDARDS FOR THE PREPARATION AND LICENSING OF TEACHERS

### 10.10 Certification, Assignment and Waivers

#### Program Element Statement

The basic objective of this element is to receive, review and process applications for teacher and school service authorization documents, including credentials, permits, certificates and requests for waiver of various requirements. Appeals from denial of documents are also processed by this element. This element necessarily provides information to credential applicants, credential holders, and to credential personnel at the college, university, county, and school district levels regarding specific documents and the requirements and standards for a multitude of teacher authorizations. This element conducts data collection, planning and research supportive of its function. This element also monitors certificated assignments in concert with county offices of education.

#### Major Budget Adjustments Proposed for 2001–02

- $184,000 from the Teacher Credentials Fund for the Division of Professional Practices to hire 2.0 staff, and contract with the Office of the Attorney General for the provision of legal assistance.
- $160,000 from the Teacher Credentials Fund to establish as permanent 2.0 positions assigned to the Information Technology and Support Management Division.

### 10.20 Professional Services

#### Program Element Statement

The first basic objective of this element, in concert with the Committee of Accreditation, is to review and approve teacher preparation programs in 4-year public and private colleges and universities. Related activities are to establish standards for teacher education and training; and to conduct data collection, research and planning supportive of this area. This element also provides management and oversight to specially funded projects related to alternative certification, pre-intern programs, paraprofessional educator programs, and beginning teacher support and assessment.

The other basic objective of this element is to develop, administer and monitor examinations and assessments required in the process of licensing teachers. These examinations and assessments include: California Basic Educational Skills Tests; Single and Multiple Subject examinations; Reading Instruction Competence Assessment; Crosscultural, Language and Academic Development; Bilingual, Crosscultural, Language and Academic Development; and other examinations and assessments as required by the Education Code. In addition to the development, administration and monitoring of the various examination and assessment programs, the unit conducts research on the validity of its testing instruments, writes reports for the Commission, and maintains statewide records on candidate performance.

### 10.30 Professional Practices

#### Program Element Statement

The professional practices element, carried out by the Committee of Credentials, reviews the conduct of individual applicants and credential holders. Such reviews occur when there are allegations relating to criminal convictions, unprofessional conduct or mental health problems. The objective of this element is to investigate allegations against credential applicants and holders relating to immoral or unprofessional conduct or for persistent defiance of and refusal to obey the laws regulating the duties of persons serving in the public schools, and to determine whether probable cause exists for denial, private admonition, public reproval, suspension or revocation of the credentials of such persons.

Additionally, the professional practices legal staff provides legal counsel and advice for all divisions within the Commission on Teacher Credentialing. In this General Counsel role, legal opinions are generated in the areas of contract, personnel, legislation and litigation outside professional practices.

### 10.50 Office of Policy and Programs

#### Program Element Statement

The Office of Policy and Programs formulates policy initiatives, consistent with direction from the Commission, to improve teacher preparation, certification, assessment and support. To meet this goal, the office works collaboratively with college and university teacher preparation programs, as well as other education stakeholders, including the Department of Education, county offices of education, school districts, and professional organizations.

---

# 6420 CALIFORNIA POSTSECONDARY EDUCATION COMMISSION

The California Postsecondary Education Commission is responsible for the planning and coordination of education beyond high school. The Commission provides policy analyses, advice and recommendations to the Legislature and the Governor on statewide policy and funding priorities for colleges, universities, and other postsecondary education institutions. The Commission has 16 members: one member each from the governing boards of the University of California, the California State University, and the California Community Colleges; one representative of the independent colleges and universities, appointed by the Governor; one representative from the State Board of Education; two student representatives, appointed by the Governor; and nine representatives of the general public, three each appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee. The Commission selects its chairperson from among the public members.

The Commission has organized its staff into three broad areas to carry out the responsibilities of the Commission: the Executive area, Academic Programs and Policy, and Information Systems and Administrative Services.

## Executive Area

Under general policies established by the Commission, the Executive area provides leadership to the overall staff in the long-range planning and coordinating efforts of the Commission, and advises the Governor, the Legislature, and other state agencies concerning policies and funding priorities for postsecondary education. The Executive Director works closely with the voluntarily created Education Roundtable and the Statutory Advisory

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 6420 CALIFORNIA POSTSECONDARY EDUCATION COMMISSION—Continued

Committee established pursuant to § 66901 of the Education Code. The governmental relations activities of the Executive area are the primary means by which the Commission establishes and maintains liaison with the Legislature, the Legislative Analyst's Office, the Governor's Office, and the Department of Finance. Major activities in this area include reviewing, monitoring, and providing summaries of all legislation and budget proposals related to postsecondary education in California, as well as providing direct testimony to appropriate legislative committees.

### Academic Programs and Policy

The Academic Programs and Policy area is responsible for the policy analyses and evaluation activities of the Commission related to postsecondary education and oversight of the Dwight D. Eisenhower Professional Development Program, a federal program supporting state initiatives to improve the instructional effectiveness of K–12 teachers. The Academic Programs and Policy unit is responsible for carrying out many of the specific charges of the Commission delineated in § 66903 and 66904 of the Education Code, including review of proposed new academic facilities and programs, recommendations on the need for and proposed location of new campuses and off-campus centers, development and update of long-range plans for postsecondary education, and identification of potential barriers to student access and success. This unit also has primary responsibility for preparing responses to legislative or gubernatorial requests for information on postsecondary education pursuant to § 66902 of the Education Code.

Beginning in 1993–94, the Commission also began administering the Science, Mathematics, and Technology Teacher Pipeline Program, established pursuant to Chapter 1271, Statutes of 1993, to increase the number of teachers in these fields, particularly by individuals from underrepresented groups. The Pipeline Program sunsets January 1, 2001.

### Information Systems and Administrative Services

The Information Systems and Administrative Service area is responsible for the collection of data and maintenance of a comprehensive database on postsecondary education, accounting and contract services of the Commission, and provision of general support services to the public and Commission staff. The Commission coordinates the annual collection of data for the Integrated Postsecondary Education Data System (IPEDS) survey by the National Center for Educational Statistics (NCES) and maintains historical data on the enrollment characteristics and degrees awarded to students in all public, and many independent, colleges and universities. The Commission's database provides the foundation for its policy analyses, annual publication of data abstracts on various postsecondary education outcomes, and research by members of the education and public policy communities.

### Major Budget Adjustments Proposed for 2001–02

The following adjustments are provided from the General Fund:

- $300,000 in one-time funds to prepare an inventory of state-funded outreach programs for high school students.
- $66,000 in one-time funds (in addition to $20,000 provided in 2000–01) to continue preparation of the 2000–01 eligibility study of public high school graduates for public universities.
- $20,000 to increase staff development and training.
- $88,000 to address increased costs of facilities.
- $10,000 in one-time funds to conclude purchasing of furniture in compliance with state ergonomic standards.

### Authority

## 6440 UNIVERSITY OF CALIFORNIA

The University of California was founded in 1868 as a public, State-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust, to be administered under the authority of an independent governing board—the Regents of the University of California. Presently, the Board of Regents includes 28 members, seven ex officio, 20 appointed by the Governor with the approval of the Senate for staggered terms, and one student appointed by the board.

A master plan for the development of higher education in California, enacted in 1960 and referred to as the "Donahoe Higher Education Act," designates the University of California as the primary State-supported academic agency for research with exclusive jurisdiction in public higher education over instruction in the professions of law, medicine, dentistry, and veterinary medicine. Sole authority is also vested in the University to award doctoral degrees in all fields, except that joint doctoral degrees with the California State University may be awarded.

The administrative structure of the University is headed by a president who is responsible for overall policy development, planning, and resource allocations. Chancellors have primary responsibility for the management of campus resource allocations as well as campus administrative activities.

The Regents have delegated authority to the academic senate to determine conditions for admission (subject to constraints of the Master Plan for Higher Education), degree requirements, and approval of courses and curricula. Special faculty committees serve in an advisory capacity to the Regents, the President, and the Chancellors in a variety of matters. There are ten campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. All of the campuses, with the exception of Merced, offer undergraduate, graduate, and professional education; one, San Francisco, is devoted exclusively to the health sciences. The Merced campus is planning to open fall 2004. The University operates teaching hospitals and clinics on the Los Angeles and San Francisco campuses, and in Sacramento, San Diego, and Orange counties. Approximately 150 University institutes, centers, bureaus, and research laboratories operate in all parts of the State. The University's Agricultural Field Stations, Cooperative Extension offices, and the Natural Reserve System benefit people in all areas of California. In addition, the University provides oversight of the three Department of Energy Laboratories.

The University of California conducts higher education programs in four major areas:

1. Instruction of qualified individuals, by sharing with them knowledge and skills and by helping them to experience with their instructors the processes of developing and testing new hypotheses and fresh interpretations of knowledge. The University offers lower division, upper division, graduate, professional, and postdoctoral programs on each of its general campuses.
2. Research directed toward advancing the understanding of arts and sciences and the interpretation of human history. The University provides faculty time and the essential libraries, laboratories, and other resources necessary to further faculty research, which is intimately connected with teaching in the University—especially at the advanced graduate level.
3. Education for professional careers—education grounded in the understanding of relevant sciences, literature, and research methods by which the boundaries of knowledge are pushed back. Individuals are provided with the tools to continue intellectual development over a lifetime and to contribute to the needs of a changing society.
4. Public service contributing to the fulfillment of the university's obligation to disseminate knowledge and bring to faculty and students the stimulation of applying their knowledge and special skills to the problems of modern life.

### Major Budget Adjustments Proposed for 2001–02

The 2001–02 budget provides a net General Fund increase of $202.5 million. The University estimates that an additional $19.3 million in student fee revenue associated with the increased number of students paying mandatory systemwide student fees and $36.2 million in UC General Funds will also be available to fund the 2001–02 budget. The net General Fund increase reflects the following changes to the budget: $119.7 million, equivalent to a four percent General Fund increase, to be allocated by UC to support salary and other cost increases and other priorities associated with general operating support for UC; $52.2 million to increase budgeted enrollment by 5,700 full-time equivalent (FTE) students; $21.5 million to avoid a 4.9 percent increase in mandatory and professional fees; $29.9 million for core needs (building maintenance, instructional equipment,

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 6440 UNIVERSITY OF CALIFORNIA—Continued

instructional technology, and library materials); $20.7 million to provide state support for summer instruction at the Berkeley, Los Angeles, and Santa Barbara campuses; $0.8 million for annuitant health and dental benefits; $0.7 million for lease revenue bond payments; $7.6 million in permanent funds and $57.3 million in one-time funds for various UC and Governor's initiatives; and a $107.9 million reduction associated with the elimination of one-time funding provided in 2000–01.

UC plans to allocate partnership funding, including state General Fund, UC General Funds, and student fee revenue associated with increased enrollment, for various purposes, such as:

- $25.5 million for price increase funding to offset the impact of inflation on the cost of non-salary goods and services.
- $1.5 million to provide cost increases for selected professional schools and avoid a fee increase.
- $52.2 million of state funds and $19.3 million of student fee revenue to support student enrollment growth of 5,700 FTE students at the agreed-upon marginal cost.
- $30 million to support core areas of the budget, including $11 million for ongoing building maintenance, $12 million for the instructional technology, $2 million for instructional equipment, and $5 million for library materials.
- $20.7 million to provide state support for summer instruction at the Berkeley, Los Angeles, and Santa Barbara campuses.
- $8 million to improve the quality of undergraduate education.
- $5.3 million to fund the maintenance of additional space.
- $6 million to fund debt service for new deferred maintenance projects.
- $0.7 for lease revenue bond payments.

The following Governor's Initiatives are being funded:

- $18 million continuation of one-time funds to support on-campus access to the high-speed network services of Internet2 essential for research of UC faculty and students.
- $20 million continuation of one-time funds for deferred maintenance, instructional equipment, and library materials.
- $5 million in one-time funds to support research assistantships in engineering and computer science.
- $5 million in one-time funds to support environmental science research to assess the impact of generation, utilization, and distribution of energy on California's atmosphere and transform environmental field stations into a UC observatory for California's environment. One-half of the funds will be used to support graduate student researchers.
- $3 million in one-time funds to support research into long-term solutions to Pierce's disease, an insect-transmitted bacterium that threatens California's wine, table, and raisin grape industry. One-half of the funds will be used to support graduate student researchers.
- $2 million in one-time funds for start-up costs associated with the University's accelerated effort to recruit faculty needed to help meet the planned opening date for the Merced campus of fall 2004.
- $1.5 million in permanent funds to expand graduate and professional outreach programs intended to identify potential candidates and help them prepare for and apply to graduate and professional programs.
- $1.1 million to expand ASSIST—Articulation System Stimulated Inter-Institutional Student Transfer—a computerized information system that provides counselors and students with detailed course transfer and articulation information online to help plan students' academic careers.
- $3 million to expand services intended to retain students so they complete their degrees and are better prepared to pursue advanced studies.
- $6 million for the MIND Institute headquartered on the Davis campus. Of this total, $2 million is permanent funding to expand the research program and $4 million is to continue genetic biomarker research. It is the Governor's intent that the $4 million for genetic biomarker research continue through 2003–04.
- $250,000 to fund a 3-year study on aging required by SB 910 (Vasconcellos, 1999).
- $28,000 to review high school students' transcripts for CPEC's Eligibility Study.

## 6440 UNIVERSITY OF CALIFORNIA—Continued

### 05 INSTRUCTION AND DEPARTMENTAL RESEARCH

#### Program Objectives Statement

#### General Campuses

Instruction includes most of the direct instructional resources associated with the schools and colleges located on the general campuses. These resources include faculty, teaching assistants, and various instructional support staff, supplies, and equipment needed to provide the breadth of courses and degree programs necessary to achieve the University's diverse instructional responsibilities. Included are classroom and laboratory instruction as well as joint scholarly research activities of students and faculty.

#### Health Sciences

The instructional program in the health sciences is carried on in 14 schools which provide education in various health fields to students preparing for careers in health care, teaching and research. The health science schools are located on six campuses and include five schools of medicine, two schools of dentistry, two schools of nursing, two schools of public health, one school of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, four programs in medical education are conducted at Berkeley, Fresno, Riverside, and the Charles R. Drew University of Medicine and Science in Los Angeles. The physical, biological and behavioral science programs of the general campuses complement the programs of the health science schools. Professional students, residents, fellows, students in allied health programs and graduate students who will become teachers and researchers are participating in these programs.

#### Summer Sessions

Summer session courses are offered for UC degree credit. In summer 2000, campuses offered between two and five sessions, lasting from four to nine weeks. In summer 2000, approximately 52,000 students registered in summer sessions (6,900 FTE)—over 90 percent were students who registered on a UC campus during the regular year, and the balance were from the California State University, California Community Colleges, and other institutions.

Historically, the State has provided funding for students enrolling in the fall, winter, and spring terms, but not summer. Through summer 2000, summer sessions have been supported from student course and registration fees set by each UC campus. For 1999–00, the State began providing enrollment funding at the agreed-upon marginal cost of instruction for all UC students enrolled in summer 2000 education credential courses. For 2000–01, the State provided $13.8 million so that in summer 2001, fees for the remaining UC-matriculated students could be reduced to a level equivalent to the per-unit value of fees charged during the regular academic year. Additional funding is proposed in the 2001–02 Budget for the Berkeley, Los Angeles, and Santa Barbara campuses as the next step in a multi-year plan to provide state funding for summer enrollment at a level equivalent to the regular year.

#### University Extension

University Extension is the largest institution of its kind—the nation's leading ''noncampus university''—with an annual estimated enrollment of nearly 500,000 registrants participating in classes, short courses, seminars, field studies, and similar activities throughout California and in several foreign countries. It has open admissions, optional credit, and free student selection of curriculum. University Extension is a self-supporting instructional unit and its offerings depend entirely on student fees.

Program organization varies among the campuses, depending on the size of the program and the characteristics of the campus. Programs have a disciplinary orientation; for example, arts and humanities, business administration, dentistry, education, engineering, health sciences, medicine, nursing, physical sciences, social sciences, and public affairs. Statewide programs, such as Continuing Education of the Bar, and correspondence courses, are established when there are valid reasons (e.g., when a single university unit can more effectively and economically serve the entire State).

### 10 RESEARCH

#### Program Objectives Statement

The University is designated by the Donahoe Act as ''. . . the primary State-supported academic agency for research.'' Its research activities, both basic and applied, contribute to the social, economic, and technological progress of the State and the nation. More specifically, the university, through its research toward the solution of complex problems facing society, enables individuals to control their environment more effectively. In addition, the research process is essential to the training of scholars in the methodology of inquiry and the nature of the creative scholarly process, especially in advanced graduate and professional instructional programs.

### 15 PUBLIC SERVICE

#### Program Objectives Statement

Public service includes a broad range of activities organized by the University to serve local communities, students, teachers in K–12 schools and community colleges, and the public in general. A prominent component of public service is the University's intersegmental outreach programs, designed to provide assistance to K–14 students and schools to encourage more students to become qualified for higher education. Public service also includes Cooperative Extension, which is the University's largest public service program, providing applied research and educational programs in agriculture and natural resources, family and consumer sciences, community resource development, and 4-H youth development for Californians. Also, campuses conduct other public service programs, which are almost completely supported by user fees and other non-State fund sources, including such activities as arts and lecture programs and community service projects. In addition, the University's public service programs include two health sciences programs jointly operated with other schools—the Charles R. Drew University of Medicine and Science and the California College of Podiatric Medicine.

*** Dollars in thousands, except in Salary Range.**

## 6440 UNIVERSITY OF CALIFORNIA—Continued

The goals of the University's outreach programs are to contribute to the academic enrichment of UC campuses through a diverse student body and to improve opportunities for California students in educationally disadvantaged circumstances to achieve eligibility and to enroll at UC campuses.

The University is meeting these goals through *school-university partnerships* intended to foster long-term, systemic change in low-performing schools; *student academic development programs* designed to help prepare students, including those from disadvantaged backgrounds, for the academic demands of higher education; *informational outreach and recruitment programs,* to provide better and more timely information to students, families, teachers, and counselors to improve planning and preparation for college; and *research and evaluation* to identify the root causes of educational disparity and to evaluate the effectiveness of the University's outreach programs.

The University is also conducting several K–12 professional development programs for teachers and staff in collaboration with K–12 and other higher education segments. The principle aim of these programs is to help teachers across California improve student achievement in the core content areas through a network of institutes.

## 20 ACADEMIC SUPPORT

### Program Objectives Statement

### Libraries

The University libraries identify, acquire, organize and provide access to publications and scholarly materials in all formats that are needed to support approved academic programs. Access to library collections and services is provided for the University's students, faculty and staff, the faculty of other California colleges and universities, other California libraries, business and industry, the students and staff of California's schools, and the general public. The University library system serves both instructional and research needs, and provides a critical archival function, and thus must be diverse in nature and maintain comprehensive and historical information. The rapid expansion of knowledge requires extensive efforts in order to keep materials current and of the high quality necessary to support the University's academic programs, and in order to effectively share materials among the campuses so that knowledge is available to all University faculty and students. The accelerating impact of changes in information technology and the dynamic information needs of its faculty and students obligates the University to develop new digital library collections and services while at the same time maintaining and enhancing its traditional collections.

### Academic Support—Other

Academic Support—General Campus Programs: Other academic support on the general campuses is comprised of a number of partially self-supporting activities organized and operated in connection with educational departments and conducted as a basic support for the departments educational programs. These supporting services contribute greatly to the quality and effectiveness of the instructional programs.

Many diversified programs are included, such as the demonstration of new schools (university elementary schools and nursery schools) which serve as interdepartmental teaching laboratories for experimentation, research and teacher training. The demonstration schools not only educate children, but contribute to the advancement of education through research efforts and application of results; through development of new programs of teacher education, and dissemination of new knowledge to public schools.

Academic Support—Health Sciences Programs: In support of programs in the health sciences, the University operates dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco, a veterinary medicine teaching facility at Davis and one in the San Joaquin Valley (near Tulare), an optometry clinic at Berkeley and two occupational health centers: one in the northern part of the state and one located in the southern part of the state. These facilities are extensions of the health sciences schools, and provide clinical experience essential to the educational process as well as valuable community health services.

Other activities supporting both general campus and health sciences programs include vivaria, which provide centralized facilities for ordering, receiving and care of all animals necessary for teaching and research in the biological sciences; support for arts by direct sponsorship of performances and exhibits and funding for galleries and museums; support of specialized physical science and engineering projects which are of service to academic departments and to industry, support for intercollegiate athletics at the smaller campuses, and support for professional journals.

## 25 TEACHING HOSPITALS

### Program Objectives Statement

The University of California owns and operates five academic medical centers—Davis, Irvine, Los Angeles, San Diego, and San Francisco. Their primary mission is to support the clinical teaching programs of five schools of medicine and the educational programs in the University's other health science schools (e.g., dentistry, nursing, and pharmacy). In addition to supporting the clinical teaching programs, the academic medical centers provide a full range of health care services to their community and are sites for the development and testing of new diagnostic and therapeutic techniques. The medical centers provide health care to thousands of patients who generally have more serious illnesses and fewer financial resources than patients at non-teaching hospitals. Based on their tripartite mission of teaching, research and public service, the University of California's academic medical centers are a major resource for California and the nation.

The State appropriates funds, called Clinical Teaching Support (CTS), for the University medical centers in recognition of the need to maintain a sufficiently large and diverse patient population for teaching purposes. The funds are used chiefly to provide financial support for patients who are essential for the clinical teaching programs but unable to pay the full costs of their care. While it represents less than 2.5 percent of the total 2001–02 proposed operating budget for medical centers, CTS is an essential component of the overall funding.

## 30 STUDENT SERVICES

### Program Objectives Statement

Student Services programs support those activities whose primary purpose is to contribute to the student's emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instruction program. It includes expenditures for organized Student Service administrative activities that provide assistance and support for the needs of students.

## 35 INSTITUTIONAL SUPPORT

### Program Objectives Statement

Activities funded within this function include planning, policy making, and coordination within the offices of the Chancellors, President, and the Regents. Also included for funding are a wide variety of supporting activities such as police, accounting, payroll, personnel, administrative computing, materiel management, publications, and federal contract and grant administration.

## 40 OPERATION AND MAINTENANCE OF PLANT

### Program Objectives Statement

This function includes resources for the maintenance, preservation, and renewal of the University's State and Educational Fee supported physical plant which comprises improved grounds areas totaling 2,350 acres and over 47 million gross square feet of buildings and related fixed equipment. Major component elements include utilities, building and grounds maintenance, and janitorial services, with additional administrative and support services.

## 45 STUDENT FINANCIAL AID

### Program Objectives Statement

There are four major sources of financial aid available to University of California students—the Federal Government, University Resources, Private Donors and Outside Agencies and the State of California. In 1998–99 approximately 110,000 students received assistance from one or more of these sources, at a total cost of over $1 billion.

The major sources for University program funds are the General Fund, student fee income and Regents' sources, including private gifts and scholarships and loan funds. The Federal government provides for loans, veterans benefits, and grants through various programs. In addition, graduate students receive traineeships and fellowships from numerous Federal sources. The California Student Aid Commission provides scholarships, loans, and grants directly to students. Private and outside agencies provide the remaining amounts of scholarships, grants, and loans available to University of California students.

## 50 AUXILIARY ENTERPRISES

### Program Objectives Statement

Auxiliary enterprises are those noninstructional services provided to individuals, primarily students, in return for specific user charges. The organizational units providing these services, such as student housing, parking, intercollegiate athletics, food services, parking operations, and various others, are self-supporting and are not subsidized by the State.

*** Dollars in thousands, except in Salary Range.**

## 6440 UNIVERSITY OF CALIFORNIA—Continued

### 55 PROVISIONS FOR ALLOCATION

**Program Objectives Statement**

These budgetary provisions serve as a temporary repository for lump sum appropriations which are destined for allocation (1) from Systemwide provisions to campus provisions, and (2) campus provisions to operating programs and subprograms where expenditures will occur. The major provisions for allocation include funds for academic position upgradings, staff reclassifications, price increases, employee benefits, and unallocated state funding increases and University endowment income. These provisions are partially offset by the University budgetary savings target.

### 65 UNIVERSITY OPPORTUNITY FUND AND SPECIAL PROGRAMS

After provision for certain administrative costs, 55 percent of the Federal overhead on contracts and grants is used as part of the funding for the University's general purpose budget for current operations; the other 45 percent supports high priority programs that are not adequately supported from other funds such as faculty recruitment and retention, special research programs, instructional programs and administrative programs including support for external fund raising and staff and management development programs. For 2001–02, the Regents have allocated $147.6 million for University Opportunity Fund programs.

### Major Budget Adjustment Proposed for 2001–02

- The budget includes $168 million for continuing phases of previously approved projects and $35 million for new projects funded from bond funds. Also included is $234 million General Fund for continuing phases of projects at UC Merced and for 3 Institutes for Science and Innovation, and $75 million General Fund for new projects, including a 4th Institute for Science and Innovation, a new Heckmann International Center for Management affiliated with the Riverside School of Management, and a teaching facility at the UCSF/Fresno Community Medical Center.

### General Analysis

The 2001–02 capital budget for the University of California emphasizes facilities to accommodate the significant enrollment growth projected for the next decade and seismic safety corrections and other urgent life-safety improvements. The budget also includes funding infrastructure renewal and funding for capital equipment to make operational those buildings already funded for construction.

| STATE BUILDING PROGRAM EXPENDITURES | Actual 1999–00* | Estimated 2000–01* | Proposed 2001–02* |
|---|---|---|---|

### Objectives

The University of California is a statewide institution of higher education with the following major functions:

1. Instruction
   a. Broad-based instruction leading to the baccalaureate degree,
   b. Graduate programs leading to master's degrees and doctoral degrees, and programs of postdoctoral instruction,
   c. Instruction in professional fields,
   d. Programs for the preparation of teachers, and
   e. Joint doctoral programs with the state university and colleges.
2. Research

The University is designated by the Master Plan for Higher Education in California as the primary state-supported academic agency for research, both basic and applied, and as the primary public repository for scarce documents and other unique library resources needed for the doctor's degree and for research programs.

3. Public Service

Provide public service in areas related to the University's programs of instruction and research.

### UNIVERSITYWIDE

#### General Campus

| | | | |
|---|---|---|---|
| 99.00.050.01 Northern Regional Library Facility, Phase 3 | – | $810 [Pz] | $1,033 [Wz] |

# 6600 HASTINGS COLLEGE OF THE LAW

The college was founded in 1878 by Serranus Clinton Hastings, the first Chief Justice of the State of California. On March 26, 1878, the Legislature provided for affiliation with the University of California. Policy for the college is established by the Board of Directors and is carried out by the Dean and other officers of the college. There are 11 directors on the board—one is an heir or representative of S.C. Hastings, and the other 10 are appointed by the Governor and approved by a majority of the Senate. Directors serve for terms of twelve years. The juris doctor degree is granted by The Regents of the University of California, and is signed by the President of the University of California and the Dean of Hastings College of the Law.

## Major Budget Adjustments Proposed for 2001–02

The 2001–02 budget for the University of California, Hastings College of the Law provides for the following General Fund adjustments:

- $573,000 for a four percent base budget increase.
- $143,000 for a one percent increase to address college-wide priorities.
- $400,000 for general purpose resources. This amount is equivalent to funds the college would have received from a 4.91 percent enrollment fee increase (net of financial aid).
- $81,000 to provide equity with UC for staffing costs.
- $11,000 to fund annuitant benefit increases.

## Authority

Education Code, Section 92200, et seq.

### SUMMARY OF PROGRAM REQUIREMENTS

1. PROGRAM COSTS:

| Budgeted Programs: | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|---|---|---|
| 10 Instruction Program | 105.1 | 104.9 | 104.9 | $10,530 | $11,612 | $12,260 |
| 20 Public and Professional Services Program | 0.1 | 0.1 | 0.1 | 27 | 64 | 64 |
| 30 Academic Support Program—Law Library | 25.5 | 25.5 | 25.5 | 2,988 | 3,035 | 3,107 |
| 40 Student Services Program | 32.8 | 31.5 | 31.5 | 5,944 | 6,574 | 6,718 |
| 50 Institutional Support Program | 56.2 | 55.1 | 55.1 | 5,420 | 6,048 | 6,082 |
| 55 Operation and Maintenance of Plant | 6.0 | 6.0 | 6.0 | 2,939 | 1,772 | 1,622 |

## 10 INSTRUCTION PROGRAM

### Program Objectives Statement

The principal objectives are:

1. Develop in the students the required competency in substantive law demanded by the legal profession.
2. Develop students' skills in research and writing.
3. Provide students with an adequate background in the law through the study of the development of the legal system and the role of the legal profession, both in the United States and abroad.
4. Instill in students, through theory-practice clinical courses, a level of professional competence and skill that will shorten the period of training in the law office.
5. Develop special skills in advocacy for trial lawyers.

The instruction program is designed to provide thorough and systematic instruction in those branches of the law which will best prepare students for their responsibilities to the community as members of the legal profession. It is composed of three elements including the classroom, theory-practice, and instructional support. Through these elements, it is planned that the student will receive a combination of theoretical instruction, practical experience, specialized training as lawyers, and necessary support services.

## 20 PUBLIC AND PROFESSIONAL SERVICES PROGRAM

### Office of Continuing Legal Education

### Program Objectives Statement

The Office of Continuing Legal Education is designed to provide training to practicing attorneys and judges through intensified courses in civil and criminal law. The program is fully self-supporting.

## 30 ACADEMIC SUPPORT PROGRAM—LAW LIBRARY

### Program Objectives Statement

The primary objective of the Law Library is to support the legal education curriculum of Hastings by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, for moot court, trial practice, legal clinic assignments, and to support legal scholarship. A secondary objective of the Law Library is to support the legal research needs of the larger community, including local attorneys.

At the present time, the Law Library provides information through its collection of 406,097 bound volumes, 231,962 volume-equivalents on microform, 2,737 audio cassettes, 337 video cassettes, and over 8,200 subscriptions to serials and other information services based on compact disc, video disc, and computerized databases, as well as through information available over the Internet and World Wide Web.

## 40 STUDENT SERVICES PROGRAM

### Program Objectives Statement

The Student Services Program includes Admissions, Records, Financial Aid, Career Services, the Academic Support Program, the Legal Education Opportunity Program (LEOP) and the Disability Resource Program. Through these offices, students are provided a fair system for admittance to the law school and information about their academic performance. Students are assisted in securing necessary financial assistance to complete the instructional program, and are also helped in identifying employment opportunities. Supportive services include a discussion group program,

*** Dollars in thousands, except in Salary Range.**

## 6600 HASTINGS COLLEGE OF THE LAW—Continued

academic advising, accommodations for students with disabilities, the Academic Support Program which provides analytical skills and writing instruction to qualifying students, and the LEOP program which includes small group tutorials and other services to supplement regular instructional activities for the educationally, socially, economically, or otherwise disadvantaged students. LEOP students number 218 in 2000–01 and comprise about 18% of the student body.

# 6610 CALIFORNIA STATE UNIVERSITY

The California State University system is comprised of 22 campuses, including 21 university campuses and the California Maritime Academy. The system is administered by an independent governing board of trustees that includes 24 members: five ex officio, 16 appointed by the Governor to four-year terms and four members appointed to two-year terms (two student representatives—one voting and one non-voting—and one representative each for faculty and alumni). The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the presidents, who are the chief executive officers on the respective campuses.

The California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972, the system became the California State University and Colleges (CSUC); the name of the system was changed to the California State University (CSU) in January, 1982.

The oldest campus, San Jose State University, was founded in 1857 and became the first institution of public higher education in California. The newest operating campus, California State University, Monterey Bay, began offering instruction in September, 1995. The California Maritime Academy became part of the CSU system beginning fiscal year 1995–96.

The Trustees, the Chancellor, and the presidents develop systemwide policy, with actual implementation at the campus level taking place through a broadly based consultative process. The Academic Senate of the California State University, made up of elected representatives of the faculty from each campus, recommends academic policy to the Board of Trustees through the Chancellor.

Academic excellence has been achieved by the California State University through a distinguished faculty, whose primary responsibility is superior teaching. While each campus in the system has its own unique geographic and curricular character, all campuses, as multipurpose institutions, offer undergraduate and graduate instruction for professional and occupational goals as well as broad liberal education programs. Each campus requires, for graduation, a basic program of ''general education—breadth requirements'' regardless of the type of bachelor's degree or major field selected by the student. A limited number of doctoral degrees are offered jointly with the University of California and with Claremont Graduate School.

The program goals of the California State University are:

1. To provide instruction in the liberal arts and sciences, the professions, applied fields which require more than two years of college education, and teacher education—both for undergraduate students and graduate students through the master's degree.
2. To provide public services to the people of the State of California.
3. To provide services to students enrolled in the California State University.
4. To provide institutional services to support the primary functions of instruction, research, public services, and student services in the California State University and to ensure that legal obligations related to executive and business affairs are met.

## Major Budget Adjustments Proposed for 2001–02

The 2001–02 Budget provides a net General Fund increase of $215.9 million, plus $23.6 in enrollment growth revenue. The net increase in State General Fund reflects the following changes to the budget: $93.5 million, equivalent to a four percent General Fund increase, to be allocated by CSU to support salary and other cost increases and other priorities associated with general operating support for CSU; $55.7 million to increase budgeted enrollment by 8,760 full-time equivalent (FTE) students; $16.5 million to avoid a 4.91 percent increase in mandatory fees; $23.4 million for core needs (building maintenance, instructional equipment, instructional technology, and library materials); $12.4 million to provide full state support for summer instruction at the San Diego, Fullerton, Long Beach and San Francisco campuses; $2.1 million for annuitant dental benefits; $44.2 million in permanent funds and $20 million in one-time funds for various CSU and Governor's initiatives; and a net $51.9 million reduction associated with the elimination of one-time funding provided in 2000–01, including $18.4 million in carryover funds and other budget adjustments.

The following Governor's Initiatives totaling $64.2 million are included:

- $18.5 million to fully fund the Governor's K–12 Technology Training Initiative.
- $17.5 million to fully fund the Governor's Teaching Fellowships program.
- $3 million to fully fund fixed costs associated with start-up of CSU Channel Islands.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 6610 CALIFORNIA STATE UNIVERSITY—Continued

- $1 million to expand the Diagnostic Writing Service.
- $1 million to expand the Agricultural Research Initiative.
- $1 million to expand the CSU Program for Education and Research in Biotechnology (CSUPERB).
- $1 million for Marine Studies research.
- $650,000 for a Central Valley Incubator at CSU Fresno.
- $20 million continuation of one-time funds for deferred maintenance, instructional equipment, and library materials.
- $0.5 million to backfill federal Goals 2000 funds for CalTeach.
- $28,000 to review student transcripts used to prepare CPEC' Eligibility Study.

CSU plans to allocate partnership funds, including enrollment fee revenue, for various purposes such as:

- $84.3 million to fund a three percent increase in enrollment (8,760 FTE students) and fully fund conversion of the San Diego, Fullerton, Long Beach and San Francisco campuses to year round instruction (3,138 FTE students).
- $13.2 million for health and dental benefits.
- $5.1 million for utilities and custodial maintenance costs for additional facilities.
- $615,000 for property insurance.
- $23 million to address core needs in the areas of technology equipment ($5 million), network capacity ($10 million), libraries ($4 million) and deferred maintenance ($4 million).
- $8 million for K–12 Academic Preparation programs.
- $10 million to enhance the quality of, and increase the number of students in, strategic academic programs in the fields of agriculture, computer science, engineering, nursing, biochemistry and biotechnology, in order to address California's expected needs.

## 01 INSTRUCTION

### Program Objectives Statement

The California State University (CSU) Instruction program is designed to educate students for attainment of degrees, credentials or certificates in the liberal arts and sciences, and certain applied fields and professions. CSU graduates ten percent of the California workforce and prepares an estimated ten percent of the nation's teachers and seven percent of the nation's engineers. The university prepares about 60 percent of California's teachers. CSU offers more than 1,600 bachelor's and master's degree programs in over 240 subject areas. Many of these programs are offered so that students can complete all upper division and graduate requirements by part-time late afternoon and evening study.

In conjunction with general campus-based instruction for matriculated students, CSU provides additional instructional opportunities to students through seven off-campus centers serving upper division and graduate students and through extended education programs (which are self-supporting) offering credit and noncredit courses and workshops, seminars, field studies and external degree programs which take the campus into the community to increase the personal or professional competence of California residents. CSU also offers a limited number of doctoral degrees jointly with the University of California and with private institutions in California.

The Instruction program consists of general academic instruction, preparatory/remedial instruction, special session instruction, community education instructional services and vocational/technical instruction (nonbaccalaureate).

| Grand Total | 363,635 | 376,795 | 392,148 | 281,782 | 291,980 [6] | 303,878 |

[1] The College Year Enrollment is defined as the average enrollment for the Academic Year plus one-third of the Summer Term Enrollment. Hayward, Los Angeles, Pomona, and San Luis Obispo have summer term enrollments. The College Year Enrollment for Stanislaus, which is on a 4-1-4 academic calendar, is the average of fall and spring semesters, omitting the one-month winter session. CSU Special Program Enrollments are derived as follows: Summer Arts Program enrollment is Summer Arts term enrollment divided by one-half; Statewide Nursing Program enrollment is average of SNP fall and spring enrollment.

[2] Full-Time Equivalent Students (FTES) for the College Year are derived by dividing total semester student credit units by 30 for semester campuses. College Year FTES for campuses on the quarter system are derived by dividing the total number of student credit units for the Academic Year by 45 and adding one-third of the term FTES for the summer quarter. Only Hayward, Los Angeles, Pomona, and San Luis Obispo have summer terms. College Year Full-Time Equivalent students for CSU Special Programs are derived as follows: Summer Arts Program FTES are total Summer Arts student credit units divided by 30; Statewide Nursing Program FTES are total annual student credit units divided by 30.

[3] Budget year numbers for specific enrollment levels are provided for display purposes only, and do not constitute an enrollment plan.

[4] Conversion of San Diego, Fullerton, Long Beach and San Francisco to year-round instruction.

[5] 194 FTES targeted for CSU teacher preparation distance education through the Calstate Teach program may change once campus enrollment targets are identified for 2001–02.

[6] Estimated enrollment is 291,980 FTES for the current year. Estimates are based on Opening Fall Term Enrollment reports and are subject to change.

## 02 RESEARCH

### Program Objectives Statement

CSU research is comprised of activities specifically organized to promote research, whether commissioned by an agency external to CSU or budgeted by a campus or the system. Additional funds for research projects may be provided directly to the campuses from non-General Fund, external sources.

## 03 PUBLIC SERVICE

### Program Objectives Statement

The public service program includes activities that provide noninstructional services beneficial to individuals and groups external to the institution. CSU General Fund support for public service is comprised of educational television programs offered to the community by San Diego State University's Channel 15 (KPBS-TV), the only open channel television station licensed directly to CSU which has been operating since 1967.

## 04 ACADEMIC SUPPORT

### Program Objectives Statement

The Academic Support program is comprised of funds expended to provide support services for instruction. It includes libraries, museums and galleries, educational media services, academic computing support, course and curriculum development, academic administration and personnel development, and ancillary programs to assist the academic function of the university. The CSU system budget includes $2.5 million for individual faculty development through research and creative activity at the 22 campuses. Ancillary programs include the Desert Studies consortium, college farms, and the Center for Deaf Studies at the Northridge campus.

## 05 STUDENT SERVICES

### Program Objectives Statement

The Student Services program includes funds expended for admission and registrar activities and for activities that contribute to students' emotional and physical well-being and their intellectual, cultural and social development outside the context of the formal instruction program. These include student newspapers, intramural athletics, student organizations, counseling and career guidance, student financial aid administration, and student health services.

| Nonresident Tuition | 7,380 | 7,380 | 7,380 |
| Totals | $9,210 | $9,214 | $9,214 |

[1] Average campus fee for all campuses. The 2000–01 level of fees is estimated; for purposes of this table it is assumed there will be no change from 2000–01 in 2001–02.

## 06 INSTITUTIONAL SUPPORT

### Program Objectives Statement

The Institutional Support program includes expenditures for central executive-level activities concerned with management and long-range planning for the entire university. Activities within this program maintain the institution's effectiveness and continuity, and they ensure that the university's operations are consistent with the public higher education policy developed by the legislature, the Governor, and the Board of Trustees when implemented by the chancellor and campus presidents. Activities within this program include executive management, fiscal operations, general administrative and logistical services, administrative computing support, public relations and mandatory transfers.

## 07 OPERATION AND MAINTENANCE OF PLANT

### Program Objectives Statement

The Operation and Plant Maintenance program includes activities and expenditures related to the support of the physical plant. These include ground maintenance, utilities, debt service payments, and insurance costs. The university is also providing targeted funding for scheduled maintenance, but these targeted funds will not be sufficient to halt increases in the deferred backlog. The current backlog in deferred maintenance projects at the university is in excess of $351 million.

## 08 STUDENT FINANCIAL AID

### Program Objectives Statement

The Student Financial Aid program includes resources for student grants and fellowships. The university provides over $100 million in direct student financial assistance through the State University Grant program. Additional financial aid is provided to students through graduate fellowships and grants funded through the Equal Opportunity Program for financial needy students maintaining satisfactory academic progress. Federal financial aid provides over $200 million in scholarships, grants, and loans to CSU students.

## 09 AUXILIARY ENTERPRISES

### Program Objectives Statement

Auxiliary Enterprises are comprised of student housing, parking, intercollegiate athletics, food services, book stores, and other self-supporting non-instructional services provided primarily to students. These services are funded through specific user charges and are not subsidized by the State. CSU provides over 25,000 housing spaces and approximately 126,000 parking spaces at its 22 campuses.

*** Dollars in thousands, except in Salary Range.**

## 6610 CALIFORNIA STATE UNIVERSITY—Continued

### 10 PROVISIONS FOR ALLOCATION

**Program Objectives and Description**

Funding for expenditures and budget adjustments required throughout the budget year are held in the Provisions for Allocation program. These types of expenditures and adjustments include lottery funds which are provided to the university on a quarterly basis, special program initiatives for productivity improvements developed by the campuses and central office throughout the budget year, costs associated with unbudgeted earthquake repairs, and the cost for services such as legal assistance from the Attorney's General office that is provided for the university from other state agencies and institutions.

### 11 REIMBURSED ACTIVITIES

**Program Objectives and Description**

This program includes activities funded from external organizations that are independent of, but enhance the mission of, the CSU.

# 6870 BOARD OF GOVERNORS OF THE CALIFORNIA COMMUNITY COLLEGES

The Board of Governors of the California Community Colleges was established by Chapter 1549, Statutes of 1967, to provide statewide leadership to the public community college segment of California higher education.

The Board has 17 members appointed by the Governor with the advice and consent of the Senate. Fifteen members are appointed to six-year terms and two student members are appointed to two-year terms. The Board, headquartered in Sacramento, is assisted by a staff headed by a chancellor appointed by the Board.

The objectives of the Board are:

1. To give direction, coordination, planning, and leadership to California's community colleges.
2. To promote quality education in community colleges.
3. To improve district and campus programs through informational and technical services on a statewide basis, while recognizing the community-oriented aspect of California's network of 108 community colleges.
4. To seek adequate financial support while ensuring the most prudent use of public funds.

[1] Most of the amounts included as General Fund are for the purposes of meeting the minimum funding guarantee for educational programs pursuant to Section 8 of Article XVI of the California Constitution.

## 10 COMMUNITY COLLEGE APPORTIONMENTS

### Program Objectives Statement

This program provides funds which supplement local resources in financing the general education programs for the 108 community colleges. This program also includes the preparation of reports and the collection of a wide range of data from California Community Colleges for certification of the apportionments to be paid to each district. Major state funding of community colleges is achieved through the transfer of funds from the General Fund to Section B of the State School Fund. General purpose funds are allocated through a program based funding formula which differentiates among five major categories of community college operation (Instruction, Instructional Services, Student Services, Maintenance and

*** Dollars in thousands, except in Salary Range.**

## 6870 BOARD OF GOVERNORS OF THE CALIFORNIA COMMUNITY COLLEGES—Continued

Operations, and Institutional Support) and is intended to be the basis of annual budget requests by the Board of Governors for general state apportionments, exclusive of capital outlay and categorical programs. The workload measures are full-time equivalent students (FTES), the number of new and continuing students, and gross square footage.

### Major Budget Adjustments Included in 2000–01

Proposition 98 General Fund:

- $16.2 million in savings due to increased property tax collections.
- $3.3 million for Apprenticeships to increase the number of training hours by nearly 40 percent (1.8 million to 2.5 million) pursuant to Ch. 746, Statutes of 2000.

### Major Budget Adjustments Proposed for 2001–02

Proposition 98 General Fund:

- $106.8 million for the General Apportionment to fund a 3.00 percent growth in students. This includes an additional $42.0 million over the statutory amount of 1.82 percent.
- $141.9 million for the General Apportionment to fund the 3.91 percent statutory COLA.
- $833,000 for Apprenticeships to meet demands of industry by providing an additional 170,000 training hours.
- $4,065,000 decrease in lease purchase payment costs.
- $330,000 offset to reflect the revised oil and mineral estimate.
- $163.6 million offset to reflect the revised property tax estimate.
- $10.6 million offset to reflect the revised student fee estimate.
- $1.7 million for Basic Skills to fund COLA ($1.0 million) and growth ($754,000).

## 20 SPECIAL SERVICES, OPERATIONS AND INFORMATION

### Program Objectives Statement

Special Services, Operations and Information functions include the development, implementation, and coordination of policies and procedures established by statute or by the Board of Governors and the Chancellor regarding matters other than apportionments.

### Major Budget Adjustment Included in 2000–01

Other Funds:

- $16.2 million increase in Lottery revenues.

### Major Budget Adjustments Proposed for 2001–02

Proposition 98 General Fund:

- $11.4 million for Financial Aid Administration to ensure all eligible students have access to Cal-Grants ($11 million) and to fund administration needs based on revised estimates of BOG fee waivers ($374,000).
- $62.0 million for Part-Time Faculty Compensation to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work.
- $7.9 million ($3.2 million one-time reappropriation for 2000–01 and $4.7 million for 2001–02) to expand the Part-Time Faculty Office Hours Program. Use of these funds is contingent upon the enactment of legislation to reinstate a 1:1 state to local match.
- $6.0 million for Disabled Students Programs and Services to provide live captioning for hearing impaired students consistent with Office of Civil Rights recommendations ($828,000) and to fund COLA ($2.9 million) and growth ($2.3 million).
- $5.0 million for the Teacher and Reading Development Partnership to expand the number of colleges participating in this program by nearly 50% (33 to approximately 50), thus encouraging more students to pursue a career in teaching.
- $5.0 million for the Economic Development Program to provide funds for Industry Driven Regional Collaboratives specifically addressing high demand for information technology, nursing and biotechnology workforce development services.
- $10.0 million increase to the Scheduled Maintenance Program for high priority infrastructure related improvements.
- $10.0 million increase to the Instructional Equipment and Library Materials Replacement program to assist colleges in purchasing high priority equipment and instructional materials.
- $1.0 million one-time for the San Mateo Community College District to develop a joint Baccalaureate program between Cañada College and San Francisco State University.
- $5.2 million for Extended Opportunity Program and Services to fund COLA ($2.9 million) and growth ($2.3 million).
- $774,000 for Cooperative Agencies Resources for Education to fund COLA ($438,000) and growth ($336,000).
- $5.0 million for Matriculation to fund COLA ($2.8 million) and growth ($2.2 million).

## 30 ADMINISTRATION

A total of 53.4 personnel years and $5.0 million will be utilized by the Chancellor's Office during the 2001–02 fiscal year to perform administrative functions for support of the various programs of the Board of Governors of the California Community Colleges. The costs of these functions are allocated back to the Apportionment Program and the Special Services, Operations and Information Program.

### Major Budget Adjustments Proposed for 2001–02

Non-Proposition 98 General Fund:

- $89,000 to fill one vacant position in Legal Affairs for addressing workload associated with regulations, mandates and litigation.
- $219,000 to fill one vacant position in the Student Services Division for coordinating community college outreach and admission policies. Additional operating expenses are provided for workshops and materials for high school counselors on the role and benefits of community colleges.
- $160,000 to fill two vacant positions in the Student Services Division to address compliance and technical assistance workload within EOPS and CARE.
- $151,000 for two new positions in the Fiscal Services Division to monitor and evaluate the financial condition of the community college districts, and ensure compliance with state and federal requirements.
- $200,000 in one-time funds to collect baseline data on the Teacher and Reading Development Partnership.
- $250,000 to automate additional facilities data collection necessary for compliance with the California Infrastructure Planning Act (Ch. 606, Statutes of 1999).

*** Dollars in thousands, except in Salary Range.**

# 7980 CALIFORNIA STUDENT AID COMMISSION

The mission of the California Student Aid Commission is to make education beyond high school financially accessible to all Californians. The Commission ensures the effective and efficient administration of federal and state authorized financial aid, including grants, student loans, and work study programs. In addition, the Commission has responsibility to provide leadership on financial aid issues and to make public policy recommendations concerning financial aid programs.

The California Student Aid Commission is composed of 15 members, comprised of 11 members appointed by the Governor and confirmed by the Senate, two members appointed by the Senate Rules Committee and two members appointed by the Speaker of the Assembly. Terms are for four years except for two student members whose terms are for two years.

## 15 FINANCIAL AID GRANTS PROGRAM

### Program Objectives Statement

This program provides grants, work-study aid, and other specialized financial aid to help undergraduate and graduate students pay educational expenses. Awards are coordinated with other available award sources including federal Pell Grants. The financial aid grant programs are described below.

**ENTITLEMENT AWARDS**

Cal Grant Entitlement Award Programs were established through SB 1644 (Chapter 403, Statutes of 2000). The entitlement awards are guaranteed to students who graduate from high school in 2000–01, or beyond, and meet financial, academic, and general program eligibility requirements.

- Cal Grant A provides tuition and fee funding for high school graduates who have at least a 3.0 grade point average (GPA) on a four point scale.
- Cal Grant B provides funds to low-income disadvantaged students who graduated from high school with at least a 2.0 GPA. The award provides up to $1,551 for book and living expenses for the first year, and in the second year also helps pay for tuition and fees, up to a maximum grant award of $9,703, at qualifying four-year post-secondary institutions.
- The California Community College Transfer Award provides funding to students who graduated from high school in 2000–01 and who have a community college GPA of at least 2.4 on a four-point scale in order to receive a award in 2002–03.

**COMPETITIVE AWARDS**

Cal Grant Competitive Award Program was established through SB 1644 (Chapter 403, Statutes of 2000). 22,500 competitive A and B awards are available to applicants who meet financial, academic, and general program eligibility requirements. Half of these awards (11,250) will be offered to those applicants who did not receive an entitlement award and meet the March 2nd deadline. The remaining 11,250 awards will be offered to students who are enrolled at a California Community College and meet the September 2nd deadline.

**EXISTING AWARDS**

The existing Cal Grant A and B programs are being phased out. Funding is provided for renewal of awards made on or before December 31, 2000.

1. Cal Grant A provides tuition and fee funding for financially and academically eligible students to attend the California college or university of their choice. Renewal grant recipients will continue to receive their maximum grant awards of either $5,250, $7,164, $8,184, $9,036, $9,420 or $9,703 depending on when they received their first award. Maximum family income for eligible students is $61,286 to $78,842, depending upon family size.

2. Cal Grant B provides funds to low-income disadvantaged students seeking a postsecondary education. The first year of the award provides subsistence funds only; in subsequent years the award also includes a grant to help cover tuition and fees. The authorized subsistence award is $1,551. Renewal grant recipients will continue to receive their maximum grant awards of either $5,250, $7,164, $8,184, $9,036, $9,420 or $9,703 depending on when they received their first award. There is a family income ceiling of $25,004 or $43,305 depending upon family size.

**OTHER AWARDS**

1. Cal Grant C provides funding for financially eligible students preparing for vocational or occupational careers. For 2001–02, the authorized number of new awards is 7,761; the authorized maximum tuition and fee award is $2,592 and the authorized award for training-related costs is $576 for new and renewal grant recipients. There is a maximum household income level of $25,004 or $78,842, depending upon family size.

2. Cal Grant T provides tuition and fee funding for financially and academically eligible students to attend a teacher credentialing program recognized by the California Commission on Teacher Credentialing. For 2001–02, a minimum of 3,000 new awards is to be issued, subject to funding in the Budget Act and the authorized maximum award is $9,703. Program benefits may be provided for a maximum of one academic year of full-time attendance. Beginning September 1, 2000, a recipient must teach for one year at a low-performing school for each $2,000 incentive received, for a maximum period of four years. Any recipient who does not fulfill the teaching obligation will be required to repay the award.

3. The California Student Opportunity and Access Program (Cal-SOAP), through intersegmental consortia, provide informational outreach and tutoring services to disadvantaged elementary through senior high school students, to increase their access to postsecondary education, and to community college students, to assist them in matriculating to four-year institutions. Currently, there are twelve Cal-SOAP consortia in operation; two more are in the planning stage. Three additional consortia are being considered for 2001–02.

4. The Assumption Program of Loans for Education (APLE) allows the State to issue agreements for loan assumption annually to students pursuing careers in teaching. Through APLE, a student who teaches a total of four years can receive up to $19,000 in loan assumption payments toward outstanding student loans. For 2001–02, 6,500 warrants are authorized to be issued. Participants teaching in the areas of special education, math, or science will receive an additional $1,000 a year, and if participants teach in a low-performing school they will receive an additional bonus of $1,000 per year.

5. The California Work Study Program assists students by placing them in employment settings which will enable them to pay a portion of their educational costs. Recipients are placed in jobs either 1) related to their course of study or career interest, or 2) providing tutoring to elementary or secondary students. This program currently operates in 40 institutions. Employers must provide a portion of the students' salaries.

6. The Graduate Fellowship Program assisted financially needy graduate students who had committed to becoming college and university faculty. This program is being phased out and provides only for renewal of awards made prior to the 1998–99 fiscal year.

7. The Law Enforcement Personnel Dependents Scholarship Program provides college grants to needy dependents of California law enforcement officers, officers and employees of the Department of Corrections and Department of Youth Authority, and firefighters killed or permanently disabled in the line of duty.

8. The Graduate Assumption Program of Loans for Education (Graduate APLE) allows the State to issue conditional warrants to Californians pursuing graduate degrees at postsecondary institutions. Through Graduate APLE, a recipient who teaches for three years at a regionally accredited California college or university can receive up to $6,000 in loan assumption payments toward outstanding student loans. For 2001–02 up to 500 warrants will be issued.

9. The Robert C. Byrd Honors Scholarship Program provides a $1,500 scholarship to exceptionally able students who show promise of continued academic excellence. Scholarships may be renewed up to four years.

*** Dollars in thousands, except in Salary Range.**

## 7980 CALIFORNIA STUDENT AID COMMISSION—Continued

10. The Child Development Teacher Loan Assumption Program allowed the State to issue 100 conditional warrants annually to students pursuing teaching and supervising careers in licensed day care centers. Students who teach or supervise a total of two years can receive up to either $2,000 or $4,000, respectively, in loan assumption payments toward outstanding student loans. This program was replaced by the Child Development Teacher and Supervisor Grant Program. Funding is limited to recipients whose applications were approved prior to December 31, 1997.

11. The Child Development Teacher and Supervisor Grant Program (Chapter 721, Statutes of 1997) replaced the loan assumption program for participants who intend to teach or supervise in the field of child care and development in a licensed children's center.

12. The Community College Student Financial Aid Outreach Program was established through SB 1644 (Chapter 403, Statutes of 2000). This program provides financial aid training to high school and community college counselors and advisors to address the needs of community college students intending to transfer to a four-year institution of higher education, foster youth, and students with disabilities.

### Major Budget Adjustments Included in 2000–01

- 19.5 positions (9.8 personnel years) to implement the Cal Grant Entitlement and Competitive Award Programs and the Community College Student Financial Aid Outreach Program. Funding for these positions was included in the $1.5 million in one-time General Fund appropriated by SB 1644 (Chapter 403, Statutes of 2000).
- $3,342,000 General Fund and 12.5 positions (6.3 personnel years) to implement the Feasibility Study Report for the Cal Grant Entitlement and Competitive Awards Program. These are one-time costs.

### Major Budget Adjustments Proposed for 2001–02

- $1,526,000 General Fund for the continued workload and 18.5 positions associated with the Cal Grant Entitlement and Competitive Award Programs and the Community College Student Financial Aid Outreach Program and the Community College Student financial Aid Outreach Program.
- $4,500,000 General Fund and 13.5 positions to continue implementation of the Feasibility Study Report for the Cal Grant Entitlement and Competitive Grant Award Programs.
- $89,000 General Fund and redirection of two positions to support the increased ''Help Desk'' workload for Grant Delivery System users.
- $253,000 General Fund and redirection of three positions to support the increased workload in the Assumption Program of Loans for Education (APLE), including $125,000 for a study to assess the administrative process for the Specialized Programs and make recommendations for efficiency measures.
- $72,000 General Fund and redirection of one position to conduct required internal audits and reviews including mandated EDP systems audit, programs and reassessing the Commission's risk areas.
- $95,000 General Fund and redirection of one position to conduct reviews of the California Student Opportunity and Access Program (Cal-SOAP) and to audit the additional schools participating in the Cal Grant and Specialized Programs.
- $98,000 General Fund to develop an internet-based Pilot for the Student Expenses and Resources Survey (SEARS)
- $127,900,000 General Fund for the Cal Grant Entitlement and Competitive Awards, for the increase in the Cal Grant B access costs, and for the ongoing costs of the existing Cal Grant Award Programs.
- $7,913,000 General Fund for an increase in loan assumption payments due to the growth in the number of APLE participants.

## 30 GOLDEN STATE SCHOLARSHARE TRUST PROGRAM

### Program Objectives Statement

Chapter 851, Statutes of 1997, authorized the California Student Aid Commission to establish the Golden State Scholarshare Trust Program, which is a state-sponsored, college savings program. Scholarshare was created to allow Californians the opportunity to invest on a tax-deferred basis to meet the costs of higher education, as allowed by federal law. Participants may invest for their children's college costs at modest levels over a number of years. The money that participants contribute is not taxed until the time of disbursement to the beneficiary's school of choice; it is then taxed at the beneficiary's rate. SAC's administrative costs for Scholarshare are to be paid from the Scholarshare Administrative Fund, which is supported by a portion of the investment returns. Initial expenses of this program were supported by a loan from the General Fund. Program implementation occurred on October 4, 1999. Chapter 664, Statutes of 1999 (effective January 1, 2000) transferred authority for the Golden State Scholarshare Trust Program from the California Student Aid Commission to the Scholarshare Investment Board under the auspices of the State Treasurer's Office.

### Authority

Education Code Sections 69980–69994.

## 50 CALIFORNIA LOAN PROGRAM

### Program Objectives Statement

The California Student Aid Commission administers the Federal Family Education Loan Program (FFELP) for students on behalf of the United States Department of Education (USDE). Chapter 961, Statutes of 1996, authorized the commission to establish an auxiliary organization as a nonprofit public benefit corporation for the purpose of providing operational and administrative services for the Commission's participation in the FFELP, effective January 1, 1997. The Federal Student Loan Reserve Fund and Student Loan Operating Fund are continually appropriated for this purpose.

The FFELP program consists of Federal Subsidized Stafford loans, Federal Unsubsidized Stafford loans, Federal Parent Loans for Undergraduate Students (PLUS), and the Federal Loan Consolidation Program. Loans are made available to students through private lenders such as banks or credit unions. The Commission guarantees the loan. If a student or parent borrower defaults on a loan, the lender files a claim with the Commission which

*** Dollars in thousands, except in Salary Range.**

## 7980 CALIFORNIA STUDENT AID COMMISSION—Continued

pays the lender a portion of the outstanding balance. The USED in turn reimburses the Commission for the default claims. All default claims, collection expenses and other costs incurred by administering the FFELP program are fully covered from an allowance paid by USED, loan insurance premiums paid by students before July 1, 1996, collections and fees from defaulted borrowers and from interest on investments.

### Authority

Education Code Sections 69509, 69509.5, 69522 to 69529.5 and 69760 to 69779.

## 80 ADMINISTRATION AND SUPPORT SERVICES

### Major Budget Adjustment Included in 2000–01

- 3.0 positions (1.5 personnel years) to implement the Cal Grant Entitlement and Competitive Award programs and the Community College Student Financial Aid Outreach Program. Funding for these positions was included in the $1.5 million in one-time funding appropriated through SB 1644 (Chapter 403, Statutes of 2000).

### Major Budget Adjustment Proposed for 2001–02

- $274,000 General Fund for the continued workload and 3.0 positions associated with the Cal Grant Entitlement and Competitive Award programs and the Community College Student Financial Aid Outreach Program.

### Authority

# 8100 OFFICE OF CRIMINAL JUSTICE PLANNING

The goal of the Office of Criminal Justice Planning (OCJP) is to improve the criminal justice system in California by providing financial and technical assistance to local governments, state agencies and the private sector; education and training for the citizens of California; and technical and research support for the Administration. The services provided by OCJP include: 1) grant funding to local agencies and organizations; 2) technical assistance to ensure effective program management; 3) development of state-of-the-art approaches for justice systems, crime prevention and victim services programs; 4) dissemination of information on successful program models; 5) promotion of information exchange, including interdisciplinary approaches and mutual support among criminal justice agencies, public and private organizations; and 6) development of publications on crime prevention and victim services for statewide distribution.

## 50 CRIMINAL JUSTICE PROJECTS

### Program Objectives Statement

This program provides support to the California Criminal Justice System through policy research and development in coordination with the California Council on Criminal Justice and through awards of federal and state grant funds to public and private agencies for public safety and victim services projects.

### Major Budget Adjustments Proposed for 2001–2002

- Increase of $40,000,000 (General Fund) to establish the War on Methamphetamine Program, which will provide funding to High Intensity Drug Tafficking Areas throughout the State to intensify current efforts to combat the manufacture and sale of methamphetamine in California.
- Increase of $30,000,000 (General Fund) to establish a competitive grant program to fund the upgrading of local crime labs.
- Increase of 1.0 position and $10,951,000 (High Technology Theft Apprehension and Prosecution Program Trust Fund) to augment the High Technology Theft Apprehension and Prosecution Program ($7,651,000), and to combat identity theft statewide ($3,300,000).
- Increase of $1,118,000 (Federal Trust Fund) to reflect an increase in the federal Family Violence Prevention Services Act Block Award.
- Increase of $466,000 (General Fund) to augment the Child Abuser Vertical Prosecution Program.
- Increase of 1.0 position and $106,000 (General Fund) for establishment of the Criminal Justice Information Clearinghouse.
- Increase of $75,000 (General Fund) to enhance audit capability.
- Increase of $75,000 (Reimbursements) for Child Death Review Team training.
- Increase of $65,000 (Local Public Prosecutor/Defender Training Fund) to provide additional training to District Attorneys.

---

## 8120 COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

The Commission on Peace Officer Standards and Training (POST) is responsible for raising the competence level of law enforcement officers in California by establishing minimum selection and training standards, improving management practices and providing financial assistance to local agencies relating to the training of their law enforcement officers.

| SUMMARY OF PROGRAM REQUIREMENTS | | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |

## 8120 COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING—Continued

### 10 STANDARDS

#### Program Objectives Statement

The standards program establishes job-related selection standards for peace officers and dispatchers. It also provides management consultation to local agencies. Activities include development of examinations and counseling local law enforcement agencies on ways to improve management practices.

Applied research is conducted in the areas of peace officer selection and training, operational procedures and program evaluation in order to meet statutory requirements and to provide management guidance to local law enforcement agencies. The program also provides local agencies with information and technical expertise in the development and implementation of new programs.

#### Major Budget Adjustment Proposed for 2001–02

- The budget includes $921,000 from the Peace Officers' Training Fund for the replacement of the POSTRAC Testing System.

#### Authority

Penal Code Sections 13503, 13512, 13513, and 13551.

### 20 TRAINING

#### Program Objectives Statement

POST's training program increases the effectiveness of law enforcement personnel by developing and certifying courses that meet identified training needs, by providing scheduling and quality control of such courses, and by assisting law enforcement agencies in providing necessary training and career development programs. POST assesses training on a continuing basis to assure that emerging needs are met. Courses are offered through local community colleges, four-year colleges, universities, police academies, private trainers and training centers. The curricula cover a wide variety of technical and special courses necessary to meet statutorily and Commission established training mandates, maintain effectiveness in police work and address the training needs of recruit, officer, advanced officer, supervisor, manager, executive-level, and other law enforcement agency personnel. Curricula content is updated regularly. The Commission uses proven advanced technologies such as satellite broadcast and computer/video interaction in the delivery of training. POST also presents advanced leadership training for law enforcement supervisors and executives through its Command College and the Supervisory Leadership Institute.

The Commission establishes the basic criteria that must be met by each course in order to obtain POST's certification. Assistance is given to applicable educators and police trainers in preparing and implementing courses and training plans. Evaluation mechanisms are employed to ensure that training instructors and coordinators are adhering to established course outlines and are meeting instruction standards. Failure to meet these standards may cause revocation of course certification.

Job-related selection and training standards for peace officers and dispatchers, established by the Standards Program, are enforced through inspections of local agencies receiving state aid to assure they are adhering to minimum state standards.

#### Major Budget Adjustments Proposed for 2001–02

- The budget includes $2,600,000 from the Peace Officers' Training Fund on a one-time basis to establish two additional Regional Skills Training Centers, to replace driving simulators at five sites, and to provide for dispatcher simulators.
- The budget includes $2,150,000 from the Peace Officers' Training Fund on a one-time basis to develop six multimedia courses.
- The budget includes 0.9 personnel year and $117,000 from the Peace Officers' Training Fund to oversee the Course Quality Assessment Program.
- The budget includes 0.9 personnel year and $76,000 from the Peace Officers' Training Fund to provide staff for the Learning Technology Resource Center.

#### Authority

Penal Code Sections 13503 and 13508.

### 30 PEACE OFFICER TRAINING

#### Program Objectives Statement

The enforcement of laws and the protection of life and property without infringement on individual liberties are among modern government's most important responsibilities. Carefully selected, highly trained and properly motivated peace officers are important factors in meeting this responsibility. To encourage and assist local law enforcement agencies to meet and maintain minimum standards in the selection and training of law enforcement officers, financial assistance is provided to all 58 counties, approximately 346 cities, and numerous specialized districts and local agencies which have agreed to meet POST's standards. Financial assistance to participating jurisdictions is provided for instructional costs associated with selected training courses. Funding is also provided for the cost of student travel and per diem associated with training presentations. Funding is also provided for necessary overtime paid to enable line officers to receive in-service training in areas of critical need.

#### Major Budget Adjustment Proposed for 2001–02

- The budget includes $2,212,000 from the Peace Officers' Training Fund for local assistance peace officer training reimbursement expenditures.

#### Authority

Penal Code Sections 13500 to 13523, Health and Safety Code 11489.

*** Dollars in thousands, except in Salary Range.**

# 8140 STATE PUBLIC DEFENDER

### Program Objectives Statement

The Office of the State Public Defender was established in July 1976 by Chapter 1125, Statutes of 1975, and has offices in Sacramento and San Francisco. The State Public Defender, upon appointment by the court or upon the request of the person involved, may employ deputies and other employees, or may contract with county public defenders, private attorneys, and nonprofit corporations to furnish legal services in capital appeals to persons who do not have the financial means to employ private counsel. The State Public Defender may pay a reasonable sum for legal services provided pursuant to contracts and may also enter into reciprocal or mutual assistance agreements with boards of supervisors of one or more counties to provide for exchange of personnel.

Chapter 869, Statutes of 1997 (SB 513), revised the mission of the State Public Defender. Except for training new attorneys utilizing noncapital cases, the State Public Defender is now required to focus its resources exclusively on post-conviction proceedings following a judgment of death. Pursuant to Chapter 869/97, effective January 1, 1998, the State Public Defender will only be assigned direct death penalty appeals by the State Supreme Court. Cases involving habeas corpus proceedings will be assigned by the Supreme Court to the newly created California Habeas Resource Center or to private counsel.

### Major Budget Adjustment Proposed for 2001–02

- $144,000 from the General Fund and 1.0 personnel year to provide additional legal resources to address workload related to unrepresented capital case defendants.

### Authority

Government Code Sections 15400–15404, 15420–15425; Penal Code Sections 1026.5 and 1240.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8180 PAYMENT TO COUNTIES FOR COSTS OF HOMICIDE TRIALS

It is State policy that the cost of homicide trials should not unduly impact local government finances. Government Code Sections 15200 through 15204 implement this policy by allowing a county to apply to the Controller for reimbursement of specified costs of homicide trials and hearings.

The reimbursement formulas vary by the population of the county and provide for reimbursement of a specified percentage of 1 percent of the full value of property assessed within the county.

A county with a population of 200,000 or less as of January 1, 1990, may apply for reimbursement as follows:

If the county conducts only one homicide trial or hearing in a fiscal year, it may be reimbursed at 90 percent of the allowable costs, excluding normal salaries and expenses, incurred after it has first expended county funds in an amount determined by a property tax based formula. This threshold amount must be met only once for each trial or hearing. In subsequent years, normal salaries and expenses may also be reimbursed.

If the county conducts two or more homicide trials or hearings in a fiscal year, it may apply for reimbursement of 90 percent of its allowable costs in the first proceeding and 85 percent of its allowable costs in all subsequent proceedings after it has met the threshold.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8180 PAYMENT TO COUNTIES FOR COSTS OF HOMICIDE TRIALS—Continued

A county with a population exceeding 300,000 at the time of the 1980 decennial census may apply for reimbursement of 80 percent of its allowable costs which exceed a property tax based threshold up to a second threshold. Allowable costs which exceed this second threshold may be fully reimbursed.

Chapter 127, Statutes of 2000, added language that provides for 100 percent funding for costs above a second threshold of 0.0125 of 1 percent of the full value of property assessed within the county.

## 8260 CALIFORNIA ARTS COUNCIL

The California Arts Council was established by Chapter 1192, Statutes of 1975. Major statutory mandates to the Council are:

(1) To encourage artistic awareness, participation, and expression among the citizens of California.
(2) To help independent local groups develop their own arts programs.
(3) To promote the employment of artists and those skilled in crafts in both the public and private sectors.
(4) To provide for the exhibition of art works in public buildings throughout California.
(5) To enlist the aid of all state agencies in the task of ensuring the fullest expression of our artistic potential.

The Council consists of eleven members, nine appointed by the Governor and one each by the President pro Tempore of the Senate and the Speaker of the Assembly. The Council establishes general policy and approves program allocations. Panels of experts, independent of the Council, advise the Council in each grant program.

The Council stresses the development of community-based cultural activities in rural areas as well as in major metropolitan cultural centers. Almost all Arts Council grants programs require that the grantee provide, at a minimum, a match equal to the amount of the grant.

### 05 ARTS IN EDUCATION

#### Program Objectives Statement

The Arts in Education Program is created recognizing that the Arts are essential for the cultural, educational, social and economic development of California and that an education in the arts will prepare K–12 students for the challenges of the 21st century, improving their readiness for school and preparing them to enter a high-performance workforce.

Expenditures are for the Arts Partnerships in Education Program, Exemplary Arts Education Program, Arts in Education Demonstration Projects and Special Projects in Arts Education.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $3,000,000 General Fund for grants plus $40,000 General Fund and 0.5 positions for state operations to expand the arts in education program.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8260 CALIFORNIA ARTS COUNCIL—Continued

### 10 ARTISTS IN RESIDENCE

#### Program Objectives Statement

The Artists in Residence Program serves diverse communities by utilizing the services of art professionals to promote the arts as tools for learning and problem-solving. Artists work with students in K–12 public schools and other Californians in mental health, drug prevention, youth at risk, day care, latchkey, and other community programs to promote critical thinking, self esteem, and to provide positive role models. The Council leverages matching funds from partner agencies, such as elementary and secondary schools, community centers, institutions, and municipal agencies, to sponsor artists to demonstrate the creative process through workshops, classes, performances, exhibitions, and murals. Through this program, the highest quality contemporary and traditional folk artists are recognized for their achievements and encouraged to share their skills with the public. The traditional folk arts which preserve cultural traditions and promote cross-cultural understanding, are fostered and encouraged through project grants. The Local Arts Education Partnership grants encourage local art agencies, local education agencies, and community art resources to collaboratively plan projects to strengthen arts education and workforce development in California's public schools.

Technical assistance is provided to ensure artists effectively and professionally carry out their state contractual and business obligations, to help advance their own artistic careers and employment, and to provide arts and art skills to the citizenry and workforce of California.

#### Major Budget Adjustment Proposed for 2001–02

- An increase of $801,000 from the Graphic Design License Plate Account, $550,000 for local assistance and $251,000 for state operations, to continue arts education and local arts programming.

### 20 ORGANIZATIONAL SUPPORT GRANTS

#### Program Objectives Statement

Through matching grants which leverage local private and public dollars and technical assistance, the Organizational Support Program provides assistance to over 800 arts organizations throughout the state. These funds assist in strengthening management and artistic programming. Arts organizations provide educational opportunities, economic and workplace development, cross-cultural understanding, and enhanced human services to the broad community. The program also provides focused support for small multi-cultural arts organizations rooted in urban, inner city communities and rural regions of the state. Small grants and technical services are aimed at strengthening management capabilities and services to communities.

#### Major Budget Adjustment Proposed for 2001–02

- Additional local assistance funding is proposed in the amount of $1.5 million General Fund for grants to local arts organizations, $92,000 and 1.5 positions are also proposed to administer the expanded program.

### 25 PERFORMING ARTS TOURING/PRESENTING PROGRAM

#### Program Objectives Statement

The Touring and Presenting Program provides access to the arts for underserved rural, suburban and inner city communities by partially subsidizing performance fees for some of California's finest artists. This program helps many communities host such quality work. In addition to performances, which provide increased employment for artists, the program focuses on educational, economic and workplace development projects. State funds are matched on a 1:1 basis. Technical assistance in presenting the performing arts is also provided to artists and presenters from large and small communities.

### 30 SPECIAL INITIATIVES PROGRAM

#### Program Objectives Statement

The Special Initiatives Program develops and implements projects of strategic importance to the mission of the California Arts Council. Initiatives include technical assistance, training, research on important issues relating to the arts, strengthening the role of arts and culture as an economic development strategy in the state, and agency-wide strategic planning. Projects within the program assist the agency and the arts community to address changing technology and developing leadership in the field through public/private partnerships.

### 40 STATEWIDE PROJECTS

#### Program Objectives Statement

Through partnership programs with state agencies such as CalTrans, Commerce, Tourism, Youth Authority, Mental Health, and Corrections, as well as local city and county arts agencies, and redevelopment and economic development organizations, the arts are used as a catalyst for community development. Projects provide for the growth and development of local arts delivery systems, enhance arts in education programming, increase local private and public funding for the arts through matching incentives, and increase cultural participation among underserved populations in the state. Technical assistance is provided for professional, management, organizational and service development.

#### Major Budget Adjustment Proposed for 2001–02

- $1.5 million General Fund, Local Assistance is proposed to be allocated to local agencies to further develop the arts in California. $1 million will be allocated for local arts agencies, policies, and programs based on local community cultural planning and $500,000 is proposed for the commissioning of art in public spaces. An additional $168,000 and 2.0 positions is proposed to administer the program.

### 45 CALIFORNIA CHALLENGE PROGRAM

#### Program Objectives Statement

The California Challenge Program is designed to expand private sector support for the arts. Projects must demonstrate new private sector funding through matches of 3:1 and 2:1 private to state dollars. Projects require exceptional creative thinking about arts programming and encourage nonprofit arts organizations to use the arts as a tool in economic development strategies. The program aims to bring fresh approaches to artistic

*** Dollars in thousands, except in Salary Range.**

## 8260 CALIFORNIA ARTS COUNCIL—Continued

programming including the development of new work; to encourage initiatives that increase cross-cultural understanding and diversity in programs and audiences, including national and international cultural exchanges; and to develop new methods to increase and involve audiences in the arts, particularly arts in education, workforce development and new media. Technical assistance is provided to ensure the contracts are effectively and professionally executed.

### 50 ADMINISTRATION

#### Program Objectives Statement

The Arts Council administers its programs by providing support services in the following areas: grants management, contract and fiscal control, evaluation, personnel services, program planning, and federal funds use allocation. The Administration Section is primarily responsible for accounting, budgeting, data processing, contracts, office administration, personnel, and program analysis.

#### Major Budget Adjustment Proposed for 2001–02

- $520,000 increase in the Arts Council state operations funding that will provide critical resources to meet its mission and goals.

### 70 CULTURAL INSTITUTIONS PROGRAM

#### Program Objectives Statement

This program was established in 1998–99 to provide one-time grants to specific cultural institutions for educational services and capital outlay. Eligible expenditures for educational services include teacher training, curriculum development school site presentations or workshops, distance learning, and reduced price or free admissions. Eligible expenditures for capital outlay include expenditures for planning, working drawings and repair, renovation and construction of museum facilities. Technical assistance will also be provided to the grantees to help implement and carry out this program.

This program also includes the Tools for Tolerance teacher training program which annually provides teacher training on tolerance and diversity to approximately 5,000 educators in public schools for grades K–12.

#### Major Budget Adjustment Proposed for 2001–02

- $20 million Local Assistance is proposed to establish the Cultural Infrastructure Development Fund. Grant awards from this fund will be made pursuant to a review process to be developed by the Administration in consultation with the legislature. An additional $400,000 and 4.0 positions are proposed to administer the program.
- $3 million General Fund for the project ''Finding our Families, Finding Ourselves'' at the Simon Wiesenthal Center to encourage visitors to recognize the importance of their own family histories.

---

# 8300 AGRICULTURAL LABOR RELATIONS BOARD

The Agricultural Labor Relations Board (ALRB), which was created by the Agricultural Labor Relations Act of 1975, is responsible for conducting secret ballot elections to determine collective bargaining representation in agriculture and for investigating and resolving unfair labor practice disputes. The ALRB is patterned after the National Labor Relations Board and is divided into two major programs: (1) Board Administration of the Agricultural Labor Relations Act; and (2) General Counsel Administration of the Agricultural Labor Relations Act.

The workload of the ALRB is dependent upon the number of election petitions and unfair labor practice charges filed, the number of elections objected to, the ability of the board to settle unfair labor practice charges and complaints, the number of hearings, the number of appeals to the board from those hearings, and the number of appeals to the courts from board decisions.

## Authority

Labor Code, Sections 1140 to 1166.3.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 10 BOARD ADMINISTRATION

### Program Objectives Statement

Board Administration is provided by a five-member board which establishes policies and procedures for all activities related to the conduct of elections, the investigation and resolution of unfair labor practices, and the conduct of hearings on elections and unfair labor practices. It also conducts and/or reviews these hearings on elections, determines whether the results of such elections should be certified and adjudicates complaints issued in unfair labor practices.

Hearings may be conducted by the Board to determine whether particular union representation elections are to be certified. These hearings must be held in all cases where conduct which might warrant setting aside the election is shown in declarations. The Board rules on the statements of objections and whether or not the facts of the case warrant setting aside the election. In order to refine the process so that certification is not unduly delayed, the executive secretary's office screens all objections to assure that hearings are limited to only those points and issues which are pertinent to the case and which have not previously been held to be non-objectionable. The Board acts as an appellate body to which any of the parties involved may appeal the decision of a hearing officer and the Board must consider all appeals. Hearings are also held to consider challenged ballot issues, unit clarification issues and access issues, which are appealed to the Board through the same process.

The Agricultural Labor Relations Act defines unfair labor practices and authorizes the Board, if the preponderance of the evidence taken warrants such a decision, to issue orders to prevent or remedy such practices. Hearings on unfair labor practices are conducted before an administrative law judge according to the rules of evidence. Parties are represented by counsel, and a transcript is made of the proceedings. The administrative law judge writes a decision; if any party files exceptions, the decision is reviewed by the Board. While unfair labor practice cases are pending, the Board has the authority to petition the courts for appropriate temporary relief or restraining orders.

Board Administration is responsible for the overall policy direction of the agency, and the establishment of procedures to implement that policy. This involves the development and promulgation of regulations required to implement, interpret and make specific the provisions of the Agricultural Labor Relations Act. This process involves the formulation of regulations, the solicitation and analysis of public comments, the holding of public hearings and meetings, and the final adoption of regulations. Further, policy and procedure development is required internally to deal with any legal and practical problems in the administration of the Agricultural Labor Relations Act.

Ongoing administration of the Board's caseload requires the disposition of numerous and varied procedural and substantive motions. Executive secretary staff reviews motions to extend certification and deny access, as well as continuance and extension motions, and other miscellaneous motions related to the conduct of hearings or the progress of cases before the Board.

ALRB court litigation falls into two categories:

1. Review and Enforcement of Final ALRB Decisions.

Section 1160.8 of the act provides for judicial review of Board orders in unfair labor practice decisions. In those cases where a respondent seeks judicial review in the appropriate court of appeals, attorneys appear on behalf of the Board and defend its decisions. If the respondent has not filed a petition for review but refuses to comply with the Board's order, the Board will seek enforcement of its order in the appropriate Superior Court.

2. Suits Against the Board.

This litigation involves suits against the Board by employers and labor organizations seeking to enjoin the Board from conducting elections, counting ballots, proceeding with unfair labor practice trials or challenging Board regulations, policies or procedures. These suits are in the nature of petitions for declaratory and injunctive relief, writs of mandate, and writs of prohibition. They usually necessitate the Board appearing on a few hours' notice to defend against the issuance of a temporary restraining order and then, perhaps a week later, appearing in a hearing on an order to show cause. These suits have also resulted in appellate litigation where it has been necessary to seek extraordinary appellate review in the appropriate State Court of Appeal or the California Supreme Court in order to stay the effect of an adverse ruling in a Superior Court.

## 20 GENERAL COUNSEL ADMINISTRATION

### Program Objectives Statement

The objectives of the General Counsel Administration are to conduct fair, secret ballot elections and to investigate and bring resolution or prosecution in unfair labor practices. The general counsel is responsible for implementing the provisions of the act and rules and regulations of the Board in the conduct of elections, challenges to ballots, court litigation, and investigation, issuance of complaints and prosecution before the Board of unfair labor practice charges. The general counsel is also responsible for compliance—the process by which remedies prescribed by the Board are administratively acted on. The staff of the regional offices have the primary responsibility, under the direction and coordination of the general counsel, for the activities related to elections and unfair labor practices, for seeking temporary injunctive relief in unfair labor practice cases, and for ensuring that compliance has been implemented.

The ALRB conducts secret ballot elections in which agricultural employees can vote to designate a collective bargaining unit.

An unfair labor practice charge may be filed by an individual, an employer, or a labor organization alleging that an agricultural employer or a labor organization is engaging in an unfair labor practice in violation of Section 1153 or 1154 of the Act. The charge is filed in a regional office. After an investigation, the regional office determines whether the investigation has established sufficient evidence to warrant issuance of a complaint. If the determination is made to issue a complaint, the charged party is contacted and requested to enter into a settlement agreement to resolve the alleged unfair labor practices. In the absence of settlement, the matter is set for hearing before an administrative law judge. These hearings have ranged from one day to several months in duration, depending upon the complexity of the issues. Exceptions to the administrative law judge's decision may be taken by either party.

*** Dollars in thousands, except in Salary Range.**

## 8300 AGRICULTURAL LABOR RELATIONS BOARD—Continued

Compliance is the process by which Board ordered remedies in unfair labor practice decisions are effectuated. While the remedies that the Board can order vary, typically they include a requirement that the charging party (or parties) and their fellow employees be informed by a notice of the results of the administrative hearing. This requirement is fulfilled by a posting, mailing and a reading of the notice to the employees by a field examiner. Another usual remedy that the Board orders is backpay where the unlawful conduct of an employer or labor organization has resulted in the loss of work by the charging party. Additionally, if the loss of work resulted from a termination of employment, the Board will order the charging party reinstated to his or her former position. Where the employer has refused to collectively bargain in good faith with a labor organization, the Board may order the makewhole remedy which is designed to recompense the employees for what they might have earned had the employer bargained in good faith.

The compliance activity of the general counsel will be handled by the regional office that handled the underlying unfair labor practice. In backpay cases, the field examiner will also interview the discriminatees in order to determine what if any mitigation by way of interim employment exists. Once the amounts are calculated, the regional office contacts the employer or labor organization and requests voluntary payment. The employer or labor organization can request settlement discussions. In the absence of voluntary payment or settlement, the regional office prepares a formal ''specification'' of the amount owed and the matter is set for hearing before an administrative law judge. The process after hearing is identical to unfair labor practices.

## 30 ADMINISTRATIVE SERVICES

### Program Objectives Statement

Administrative Services provides the full range of staff services including personnel, accounting, budgeting, management analysis, computer support, collection of statistics and service and supply to the two headquarters offices and the four regional offices.

## 8320 PUBLIC EMPLOYMENT RELATIONS BOARD

The objective of the Public Employment Relations Board (PERB) is to promote the improvement of personnel management and employer-employee relations by working to: (1) prevent and remedy unlawful acts and conduct of employers and employee organizations; and (2) determine and implement, through secret ballot elections, the free, democratic choice by employees as to whether they wish to be represented by a union in dealing with public school employers (pre-kindergarten–Community Colleges), the State of California, the University of California, the California State University and Hastings College of the Law and public agencies subject to the Meyers-Milias-Brown Act.

### Authority

Chapter 961, Statutes of 1975; Chapter 1159, Statutes of 1977; Chapter 744, Statutes of 1978.

## 11 PUBLIC EMPLOYMENT RELATIONS

### Program Objectives Statement

The objective of this program is to resolve disputes that may arise between employees, employee organizations and employers concerning their rights under the three public sector collective bargaining statutes administered by the Public Employment Relations Board (PERB) and the Meyers-Milias-Brown Act. The three statutes are: the Educational Employment Relations Act (EERA); the Ralph C. Dills Act; and the Higher Education Employer-Employee Relations Act (HEERA). Disputes within the Board's jurisdiction may involve the determination of appropriate units for collective bargaining or the conduct of an election to certify or decertify a union as exclusive representative. Disputes also may involve allegations of interference with or retaliation for the exercise of the right of employees to participate in or refuse to participate in union activities. Other disputes involve unfair practice charges alleging unlawful actions in the areas of bargaining, conduct, retaliations for actions protected by the statutes, refusals to bargain or refusals to participate in impasse procedures and unlawful changes in terms and conditions of employment subject to collective bargaining.

Where a dispute involves the employee decision about whether to have union representation, the PERB determines appropriate units for collective bargaining. The PERB conducts elections for the selection and decertification of exclusive bargaining representatives, and to determine employees' desires concerning certain organizational security provisions.

Where a dispute involves an allegation of an unfair practice by an employer or a union, the PERB reviews the charge to determine if it properly alleges a violation of law. If a violation is properly alleged, the PERB issues a complaint which precipitates an attempt by PERB staff to settle the dispute. If settlement does not occur, the case proceeds to an evidentiary hearing before a PERB administrative law judge who issues a proposed decision following completion of the hearing process. Proposed decisions may be appealed by the parties to the Board itself. Proposed decisions that are not appealed become binding upon the parties to the case.

All final board decisions are assigned to the PERB's regional office staff to monitor and ensure compliance. This includes resolution of disputes about what actions constitute compliance.

The PERB assists the parties in reaching agreements through a statutory mediation process, and, when necessary, through fact finding under EERA and HEERA.

The general counsel advises the Board in all litigation including judicial review of final Board orders in unfair practice cases, actions seeking compliance with or enforcement of Board orders, Superior Court injunctive relief proceedings and actions involving the Board's jurisdiction.

In addition to the duties noted above, Chapter 901, Statutes of 2000 (SB 739) expanded the PERB's jurisdiction to include resolving disputes and enforcing the statutory duties and rights of employers and employees under the Meyers-Milias-Brown Act and would specifically include resolving disputes alleging violation of rules and regulations adopted by a public agency. Chapter 901, Statutes of 2000 also requires the PERB to enforce and apply rules adopted by a public agency concerning unit determinations, representation, recognition, and elections.

### Major Budget Adjustment Proposed for 2001–02

- $250,000 General Fund and 2.0 positions to implement Chapter 901, Statutes of 2000 (SB 739) which requires the Public Employment Relations Board to resolve employment-related disputes for local public entities.

---

## 8350 DEPARTMENT OF INDUSTRIAL RELATIONS

The objective of the Department of Industrial Relations is to protect the workforce in California, improve working conditions, and advance opportunities for profitable employment. The Department is continually working toward this objective by enforcing workers' compensation insurance laws and adjudicating workers' compensation insurance claims, working to prevent industrial injuries and deaths, promulgating and enforcing laws relating to wages, hours, and conditions of employment, promoting apprenticeship and other on-the-job training, assisting in negotiations with parties in dispute when a work stoppage is threatened, and by analyzing and disseminating statistics which measure the condition of labor in the State.

## 10 REGULATION OF WORKERS' COMPENSATION SELF-INSURANCE PLANS

### Program Objectives Statement

An employer or group of employers may meet the statutory requirement of providing workers' compensation benefits for employees by obtaining a certificate of consent to self-insure. A certificate is issued after the employer has proved to the satisfaction of the Director of Industrial Relations that an effective safety program is being maintained, that the employer has the financial ability to pay normal and catastrophic losses over a long period of time, and has the ability to provide prompt and competent delivery of benefits. A security deposit is required from private employers, with the amount of the deposit revised periodically. Employer estimates of future liabilities are audited on a three-year cycle to make certain the deposit posted is adequate. In addition, self-insurers' financial strength is periodically reevaluated.

Companies that provide workers' compensation claims handling services for self-insured employers and claims adjusters that do actual claims handling for self-insurers are also licensed by this program.

### Authority

Labor Code Sections 129 and 3700 through 3705 inclusive.

## 20 CONCILIATION OF EMPLOYER-EMPLOYEE DISPUTES

### Program Objectives Statement

The objective of the program is to promote sound labor relations between unions and employers, and to protect the economy of the State. The staff of the program work for the well-being of the citizens of the State by preventing or minimizing work stoppages and interruptions of business or public services. This mission is accomplished by making skilled professionals available to disputing parties with the objective of reaching voluntary settlements that are within the means of those concerned. Disputes can range from grievances of individual workers or employers to full-scale strikes.

### Major Budget Adjustment Proposed for 2001–02

- $252,000 from the General Fund and 1.9 personnel years to increase mediation services for resolving labor disputes.

### Authority

Labor Code Sections 65 and 66, various Public Utilities Code sections covering transit districts, the Meyers-Milias-Brown Act, Educational Employment Relations Act, State Employer-Employee Relations Act, Higher Education Employer-Employee Relations Act, and Agricultural Labor Relations Act.

## 30 DIVISION OF WORKERS' COMPENSATION

### Program Objectives Statement

The Division of Workers' Compensation monitors administration of workers' compensation claims, attempts to minimize disputes, and provides administrative and judicial services to resolve disputes that arise in connection with claims for workers' compensation benefits. The Division is also responsible for conducting audits of workers' compensation claims administrators to ensure compliance with the benefit delivery system required by the Labor Code, rules and regulations, authorizing payment of workers' compensation benefits to injured workers from the Uninsured Employers' Fund and the Subsequent Injuries Fund, administering a workers' compensation information system to facilitate the evaluation of the efficiency and effectiveness of the benefit delivery system; and certifying health care organizations to provide managed care to injured workers.

### Major Budget Adjustments Proposed for 2001–02

- $1,772,000 from the General Fund and $443,000 from the Workers' Compensation Administration Revolving Fund to fully fund existing positions and provide funding for workplace safety issues.
- $1,097,000 from the General Fund and $274,000 from the Workers' Compensation Administration Revolving Fund to make 17.0 limited-term positions (16.1 personnel years) permanent in the Claims Adjudication and Audit Units.
- $1,736,000 from the General Fund and 1.0 personnel year to increase outreach efforts to educate employers regarding labor laws.
- 16.1 personnel years eliminated based on review of vacant positions.

### Authority

Article XIV, Section 4 of the California Constitution; and Labor Code Divisions 1, 4, and 5.

### 35 INDUSTRIAL MEDICAL COUNCIL

#### Program Objectives Statement

The Industrial Medical Council (IMC) was created by the Margolin-Bill Greene Workers' Compensation Reform Act of 1989 to provide an independent policymaking and rulemaking authority for the medical component of the workers' compensation system. The IMC is responsible for establishing standards for improving health care furnished to injured employees, developing protocols for the form and content of medical-legal evaluations, developing guidelines for medical treatment of common industrial injuries, and conducting studies in the field of rehabilitation. The IMC is also responsible for monitoring and measuring the cost of medical services to injured workers, recommending reasonable fees for physicians performing services under Division 4 of the Labor Code by advising the Administrative Director on development and maintenance of the Official Medical and Medical-Legal Fee Schedules, and establishing standards and administering programs for medical and chiropractic evaluations in workers' compensation cases. The IMC facilitates dispute resolution by providing medical consultations on workers' compensation cases by utilizing outside Medical Examiners (Independent Medical Examiners and Qualified Medical Examiners), by providing advice to the Workers' Compensation Appeals Board on medical matters, and by providing information, education, and liaison to the entire Workers' Compensation community.

These efforts are facilitated by major publications such as the Physician's Guide, the IMC's quarterly newspaper—The Medical Examiner, and by the IMC website.

The IMC also maintains a program to educate, certify, appoint and reappoint Qualified Medical Evaluators (QMEs). The IMC developed and maintains a computerized system for tracking complaints against QMEs, enforces laws that prohibit the fraudulent and misleading advertising that encourages inappropriate workers' compensation claims, and disciplines those QMEs who fail to meet established standards.

#### Major Budget Adjustment Proposed for 2001–02

- $235,000 from the General Fund and $12,000 from the Industrial Medicine Fund and 2.8 personnel years to improve education of Qualified Medical Evaluators (QME's).

#### Authority

Labor Code Section 139.

### 36 COMMISSION ON HEALTH AND SAFETY AND WORKERS' COMPENSATION

#### Program Objectives Statement

The Commission on Health and Safety and Workers' Compensation is responsible for: 1) approving the revised schedule for determining standard disability ratings; 2) issuing an annual report on the state of the workers' compensation system, including recommendations for administrative or legislative modifications which would improve the operation of the system; 3) conducting a continuing examination of the workers' compensation system and the State's activities to prevent industrial injuries and occupational diseases; 4) reviewing and approving applications from employer and employee organizations for grants to assist in establishing effective occupational injury and illness prevention; and 5) examining other states' workers' compensation programs, and activities to prevent industrial injuries and occupational diseases.

#### Major Budget Adjustment Proposed for 2001–02

- $50,000 from the Workplace Health and Safety Revolving Fund to fund legal representation, research and counsel for the Commission.

#### Authority

Division 1, Chapter 3 of the Labor Code (commencing with Section 75); Labor Code Section 4660 (d).

### 40 THE PREVENTION OF INDUSTRIAL INJURIES AND DEATHS TO CALIFORNIA WORKERS

#### Program Objectives Statement

To ensure safe and healthful working conditions for California's labor force and assist in reducing workplace injuries and illnesses and workers' compensation losses, this program enforces safety and health standards, investigates the causes of occupational deaths and injuries, and assists employers to maintain safe and healthful working conditions by providing consultation services, research, information, education and training in the field of occupational safety and health.

#### Major Budget Adjustments Proposed for 2001–02

- $2,500,000 from the General Fund and 2.8 personnel years to administer a workers' safety training grant program for employees in high hazard industries.
- $600,000 from the General Fund to fund the inspection of public sector and other non-billable activities for the Pressure Vessel Program.
- 20.6 personnel years eliminated based on review of vacant positions.

#### Authority

Labor Code Division 1, Chapters 6 and 6.5, and 7.5; and Division 5, Part 1 through Part 10 inclusive.

### 50 ENFORCEMENT AND PROMULGATION OF LAWS RELATING TO WAGES, HOURS, CONDITIONS OF EMPLOYMENT, AND LICENSING AND ADJUDICATION

#### Program Objectives Statement

The size of California's labor force over which the Division of Labor Standards Enforcement (DLSE) and the Industrial Welfare Commission (IWC) have jurisdiction is approximately 13 million workers, including all private sector employees but excluding public sector employees such as those employed by the State, counties, cities, municipalities, and other subdivisions of the State. The IWC promulgates Industrial Welfare Commission Orders. The DLSE's objectives are: (1) the enforcement and interpretation of Industrial Welfare Commission Orders and sections of the Labor Code which relate to wages, hours of work, and conditions of employment, including anti-discrimination laws relating to employees engaged in protected activities; (2) the determination and collection of unpaid wages; (3) the licensing of farm labor contractors, industrial homework firms, talent agencies, the registration of garment manufacturers, the certification of studio teachers, and the registration of entities and individuals using minors in door-to-door sales; and (4) field enforcement of laws governing public works, workers' compensation insurance, child labor, unlicensed contractors, and the cash payment of wages without required deductions.

*** Dollars in thousands, except in Salary Range.**

## 8350 DEPARTMENT OF INDUSTRIAL RELATIONS—Continued

### Major Budget Adjustments Proposed for 2001–02

- $3,895,000 from the General Fund and a $565,000 reduction to the Garment Industries Fund to make 39 expiring limited-term positions (37 personnel years) permanent and to redirect 11 positions for clerical support.
- $381,000 from the General Fund and 2.9 personnel years to provide employers with administrative hearings under reduced timeframes and expanded scope related to Public Works violations pursuant to Chapter 954, Statutes of 2000.
- $42,000 from the General Fund to provide sufficient facilities for the examination and licensing of farm labor contractors at the Fresno office pursuant to Chapter 877, Statutes of 2000.

### Authority

State Constitution, Section 1, Article XIV; Labor Code Division 1, Chapter 2; Chapter 4, Section 95; Division 2, Part 4, Chapter 1; Division 2, Part 10; Division 2, Part 6.

## 60 PROMOTION, DEVELOPMENT, AND ADMINISTRATION OF APPRENTICESHIP AND OTHER ON-THE-JOB TRAINING

### Program Objectives Statement

The Division of Apprenticeship Standards (DAS) carries out the requirements of the Labor Code pertaining to apprenticeship programs, and the rules and regulations established by the California Apprenticeship Council. Its activities include the promotion, development and expansion of on-the-job training and apprenticeship programs the Electrician Certification Program, with both public and private employers, and the enforcement of Section 1777.5 of the Labor Code which requires contractors on public works projects to employ apprentices in a ratio of one apprentice hour for every five journeymen hours worked. The DAS also provides training for inmates and wards of correctional institutions to extend to the outside labor market after their release, cooperation with other state agencies such as the California Youth Authority and the Department of Rehabilitation, and administration of the Electrician Certification Program.

### Major Budget Adjustments Proposed for 2001–02

- $351,000 from the General Fund to make 5.0 expiring limited-term positions (4.8 personnel years) permanent for administration of apprenticeship programs.
- $1,500,000 from the Electrical Certification Fund to provide funding for proctoring competency exams to electricians across the state.
- $170,000 from the General Fund and $1,277,000 from the Apprenticeship Training Contribution Fund and 1.4 personnel years and funding for 1.0 personnel year redirected to provide grants pursuant to Chapter 875, Statutes of 2000.

### Authority

Labor Code Division 2, Part 7, Chapter 1, Sections 1777.5 and 1777.6; Division 3, Chapter 4.

## 70 LABOR FORCE RESEARCH AND DATA DISSEMINATION

### Program Objectives Statement

Labor market analysis requires ongoing review of statistical and research information to provide an understanding of on-the-job safety and health as well as economic and industrial developments in both the private and public sectors. The program objectives are to measure the effectiveness of accident and illness prevention efforts in the workplace, provide accurate information pertaining to industrial relations from an impartial source on short notice, and to guide legislative and administrative decisions by State and local government. These objectives are met through the determination of occupational injuries and illnesses statistics, and research programs which provide information on wage rates, working conditions, fringe benefits, work injuries, occupational diseases, industrial disputes, industrial relations practices, cost-of-living, and other issues related to labor. This program continues to answer requests for information through the industrial relations research library. Requests from private sector, government agencies, schools, libraries and labor organizations are answered daily. In addition, the division maintains files for over 3,400 private sector agreements.

### Authority

Labor Code: Division 1, Chapter 7, Sections 150–156; Division 2, Part 4, Chapter 1, Section 1202; Division 2, Part 7, Chapter 1, Article 2, Sections 1770–1773.8; Division 2, Part 8, Chapter 1, Section 2012; Division 5, Part 1, Chapter 2, Sections 6409–6413.5, 6314.1, 6401.7; Public Utilities Code Sections 465–467 and Government Code Section 14920.

## 80 PAYMENT OF CLAIMS, WAGES, AND CONTINGENCIES

Program expenditures reflect the payment of claims, wages, or contingency benefits and provide for payment of workers' compensation benefits to employees whose illegally uninsured employers have failed to make benefit payments required under the Labor Code. The Labor Commissioner also collects any unpaid wages or monetary benefits due and unpaid to any worker in California without an assignment from such worker. If the Labor Commissioner is unable to locate any worker for whom unpaid wages or benefits have been collected, the wages escheat to the State for deposit pursuant to the Unclaimed Property Law.

The Labor Code establishes special accounts in which the Labor Commissioner deposits twenty-five dollars of each Farm Labor Contractor and each Garment Manufacturer's annual license fee. Funds from these accounts are to be disbursed for any damages to employees which exceed the limits of a licensee's bond or time certificate.

### Major Budget Adjustment Proposed for 2001–02

- $310,000 from the Uninsured Employers' Fund to make 3.0 expiring limited-term positions (2.9 personnel years) permanent to protect Uninsured Employers' Fund interests before federal and state courts in complex workers compensation and bankruptcy cases.

### Authority

Labor Code: Article 2, Sections 3710 through 3732; Sections 96.6 and 96.7; Section 1684; and Section 2675.5.

*** Dollars in thousands, except in Salary Range.**

## 8350 DEPARTMENT OF INDUSTRIAL RELATIONS—Continued

### 98 STATE-MANDATED LOCAL PROGRAMS

**Program Objectives Statement**

The objective of this program is to provide funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated local programs. Funding for two ongoing mandates is proposed for inclusion in the Budget Act.

---

## 8380 DEPARTMENT OF PERSONNEL ADMINISTRATION

The Department of Personnel Administration (DPA) manages the nonmerit aspects of the State's personnel system. The goals of the DPA are to insure proper administration of existing terms and conditions of employment for the State's civil service employees, and to represent the Governor as the employer in all matters concerning State employer-employee relations.

The State Employer-Employee Relations Act (Chapter 1159, Statutes of 1977) established a formal, bilateral process of employer-employee relations. The right to meet and confer in good faith granted to State civil service employees under this Act requires the DPA, in conjunction with departments, to review existing terms and conditions of employment subject to negotiation, to develop management's negotiating positions, to represent management in negotiations with the exclusive representatives of employee representation units, and to administer negotiated memoranda of understanding.

The DPA also administers the personnel classification plan, develops the compensation plan, including terms and conditions of employment, and develops and implements the training plan for the State's management team and other employees not represented in the collective bargaining process.

| SUMMARY OF PROGRAM REQUIREMENTS | 99–00 | 00–01 | 01–02 | 1999–00* | 2000–01* | 2001–02* |

### 10 POLICY OPERATIONS

The Policy and Operations Division provides the central administration for the State's personnel management system, including salary administration, classification plan administration, personnel policy, layoff, employee expense reimbursements, and substance testing. This includes review, preparation, and presentation of legislative, collective bargaining, classification, and rulemaking proposals.

#### Major Budget Adjustments Proposed for 2001–02

- $232,000 (General Fund) and 3.0 positions (2.8 personnel years) for the continuation of activities associated with the implementation of the Human Resources Management System, which is a joint project with the State Controller's Office to replace the existing Personnel/Payroll system.
- $75,000 (General Fund) and 1.0 position (0.9 personnel year) for 2001–02 to establish the Work and Family Program Coordinator to facilitate initiatives resulting from the Work and Family Program.

### 20 LABOR RELATIONS

The Labor Relations Program staff represent the Governor in all labor relations matters relating to the State Employer-Employee Relations Act and administer personnel regulations relating to all terms and conditions of employment for represented and unrepresented employees pursuant to negotiated memoranda of understanding and Government Code provisions.

### 25 LEGAL

The Legal Services Program staff represent the DPA in legal matters and provide legal services to other State departments in labor relations legal matters.

#### Major Budget Adjustment Proposed for 2001–02

- $243,000 ($116,000 General Fund) to enhance legal support.

### 40 ADMINISTRATION

The objectives of DPA's Administration program are to: 1) provide the executive direction and leadership necessary in administering the non-merit aspects of the State's personnel management program; 2) provide support services through the analysis and coordination of legislative bills; 3) maintain communications between the Administration, the Legislature, and State employees; and 4) provide administrative support services to the DPA in the areas of internal personnel functions, fiscal/budget management, business services, word processing, data processing, systems development, and consultation on a variety of issues.

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $874,000 ($405,000 General Fund) for MSA, Price and Collective Bargaining funding for Policy Operations, Labor Relations, Legal, Administration, Benefits Administration and Training and Development Programs (10, 20, 25, 40, 54 and 56).

### 52 CLASSIFICATION AND COMPENSATION

The Classification and Compensation Program administers the State's classification and compensation program and the State's workforce modification policies and procedures.

### 54 BENEFITS ADMINISTRATION

The Benefits Administration Program administers the deferred compensation, dental insurance, life insurance, vision care insurance, employee assistance, flexelect benefit, and workers' compensation programs.

#### Major Budget Adjustment Proposed for 2001–02

- $120,000 (General Fund) to administer the Rural Health Care Equity Program.

### 56 TRAINING AND DEVELOPMENT

The Training and Development Program develops and delivers training courses, such as Continuous Improvement Training, designed to enhance the job-related skills, knowledges, and abilities of State employees.

### 58 MERIT AWARD

The objective of the Merit Award Program is to promote employee participation in improving the efficiency of State operations by providing appropriate awards in a timely manner to employees whose suggestions result in savings to the State.

*** Dollars in thousands, except in Salary Range.**

# 8385 CALIFORNIA CITIZENS' COMPENSATION COMMISSION

The California Citizens' Compensation Commission establishes the annual salary and the medical, dental, insurance, and other similar benefits for the Governor, Lieutenant Governor, Attorney General, Secretary of State, Treasurer, Controller, Superintendent of Public Instruction, Insurance Commissioner, Members of the Legislature, and Members of the Board of Equalization. The Commission was established in June of 1990 by Proposition 112 and is composed of seven members appointed by the Governor.

The 2001–02 budget proposes $25,000 to fund the direct per diem and meeting expenses of the Commission members.

### Authority

Article III, Section 8 of the California Constitution.

# 8420 WORKERS' COMPENSATION BENEFITS

## (8430) Compensation Insurance Fund

The California State Compensation Insurance Fund is a self-supporting enterprise created to offer insurance protection to employers at the lowest possible cost. This fund operates in competition with other insurance carriers, and provides fair premium rates for employers and fair treatment for injured employees. The law requires that the fund use the same rates and classifications established by the State Insurance Commissioner for insurers generally, and provides that the rates shall be only sufficient to carry out the specific purposes stated in law.

Expenditure estimates for the budget year are based on the level of activity anticipated by the Fund's management. Changes in economic conditions may result in corresponding changes in the various items of expense.

The budget data presented is information available as an annual operations report. As a public enterprise fund authorized by statutes, no budget detail is presented.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## (8450) Subsequent Injuries

This program, authorized by Sections 4750–4755 of the Labor Code, provides benefits for permanent disabilities which arise from industrial injury to an employee who has suffered from a previous permanent disability.

Section 4706.5(b) of the Labor Code provides that where there are no heirs of a deceased employee or no persons entitled to death benefit payment, such payment will be made to the State. These moneys are continuously available for payment of benefits and partially offset the need for direct General Fund support.

### Workers' Compensation Costs

The Labor Code (Divisions 4 and 4.5, Sections 3200–6149) mandates a complete system of workers' compensation for all employees, public or private, who incur injuries or illnesses that are employment-related. The following table provides data on actual and estimated workers' compensation expenditures by state agencies. This table is informational only. All workers' compensation expenditures are included in the individual agency budgets.

State agencies are either legally uninsured against workers' compensation liability or are insured by the State Compensation Insurance Fund (SCIF) pursuant to Section 11870 of the Insurance Code. Benefits paid by the uninsured agencies and insurance policy premiums paid by the insured agencies are shown below. Pursuant to Section 11871 of the Insurance Code, claims against uninsured agencies are adjusted by SCIF under a Master Agreement entered into with the Department of Personnel Administration. Adjustment costs and other administrative charges under the Master Agreement are also included below.

Additionally, the table includes Industrial Disability Leave benefits available under Chapter 374, Statutes of 1974, which may be elected in lieu of workers' compensation temporary disability benefits. Special disability benefits available under Section 4800 of the Labor Code to members of the California Highway Patrol and safety members of the Department of Justice are also highlighted.

The unfunded liability of the State for estimated future payments of workers' compensation benefits as of June 30, 2000, based on carried case loss reserves, was $873,264,934.95. Based on current assumptions and trends, the State Compensation Insurance Fund anticipates that this liability will increase to $962,760,259.97 by June 30, 2001.

These estimates are based on case reserves established and maintained by claims adjusters. Historically, such reserves are typically less than ultimate costs because of late reported claims and loss development on known claims. These are not intended to be and should not be misinterpreted as actuarial estimates of estimated ultimate liability.

# 8500 BOARD OF CHIROPRACTIC EXAMINERS

## Program Objectives Statement

The Board of Chiropractic Examiners was established by the Chiropractic Act of California, an initiative measure passed by the voters in 1922. The Act assigned to the Board primary responsibility for assuring the consumers of California that providers of chiropractic services are adequately trained and meet recognized standards of performance for treatment and practice. The Board uses licensing, continuing education and disciplinary procedures to maintain standards. It also sets educational standards for recognized chiropractic colleges, reviews complaints, and investigates possible violations of the Chiropractic Act.

## Major Budget Adjustments Proposed for 2001–02

- An augmentation of $87,000 and 1.0 personnel year for administrative workload.
- An augmentation of $50,000 for technology consultant services.
- An augmentation of $214,000 for Attorney General costs.

## Authority

Chiropractic Act of California adopted in 1922.

## 8530 BOARD OF PILOT COMMISSIONERS FOR THE BAYS OF SAN FRANCISCO, SAN PABLO AND SUISUN

The Board of Pilot Commissioners for the Bays of San Francisco, San Pablo and Suisun provides qualified pilots for vessels entering or leaving those bays. The seven member Board, appointed by the Governor, administers the program of licensing and regulating pilots by training pilots, conducting examinations and acting on complaints. The Board is funded through an assessment on pilotage fees of up to 7.5 percent and a special surcharge on ship movements to provide funds for pilot training.

### Authority

Section 1150, et seq., Harbors and Navigation Code.

# 8550 CALIFORNIA HORSE RACING BOARD

## Program Objectives Statement

The purpose of the California Horse Racing Board is to regulate parimutuel wagering for the protection of the betting public, to promote the horse racing and breeding industries, and to maximize State of California tax revenues.

In 1933, the people of the State of California adopted a constitutional amendment which created the California Horse Racing Board. The measure wrote many safeguards into the law and gave complete jurisdiction and supervision over all racing activities to the State of California acting through the Board. Pursuant to these powers, the Board passed rules establishing the authority of the stewards, but made the stewards strictly and completely responsible to the Board for all their actions.

The Board, currently a seven-member commission appointed by the Governor, supervises all race meetings in the state where parimutuel wagering is conducted. Principal activities of the Board include: protecting the betting public; licensing of racing associations; sanctioning of every person who participates in any phase of horse racing; designating racing days and charity days; acting as a quasi-judicial body in matters pertaining to horse racing meets; collecting the state's lawful share of revenue derived from horse racing meets; and enforcing laws, rules, and regulations pertaining to horse racing in California. The state's revenue from horse racing is principally derived from fees based upon a percentage of the parimutuel wagering pools, breakage (the odd cents not paid to winning ticket holders), and unclaimed tickets. Additional revenue is derived from licenses issued to horse owners, trainers, jockeys, grooms and others, and from fines.

## Major Budget Adjustments Proposed for 2001–02

- One-time funding of $98,000 Fair and Exposition Fund to purchase badging system equipment.
- $121,000 Fair and Exposition Fund for increased costs for the Attorney General, Office of Administrative Hearings, and the Teale Data Center.

## Authority

Section 19(b) of Article IV of the State Constitution and Sections 19400 through 19705 of the Business and Professions Code.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8570 DEPARTMENT OF FOOD AND AGRICULTURE

The objectives of the Department of Food and Agriculture are:

- To serve the diverse citizens of California by maintaining an abundant, affordable, safe, and nutritious food supply.
- To provide leadership, innovation and oversight in the production and marketing of agricultural products.
- To prevent or eradicate animal diseases and exotic and invasive species harmful to people, commerce, and the environment.
- To develop and enforce weights and measures standards for all types of products in California and at all levels of commerce.
- To support a network of fairs and expositions in the state for their societal and economic service values.

## 11 AGRICULTURAL PLANT AND ANIMAL HEALTH; PEST PREVENTION; FOOD SAFETY SERVICES

### Program Objectives Statement

The primary objective of this program is to prevent the introduction and establishment of serious plant and animal pests and diseases, particularly those that can be transmitted to humans, cause serious financial losses to the agricultural industry in California, or adversely affect the supply of agricultural products to the consumer. The following activities are carried out by program staff either directly or in concert with the U.S. Department of Agriculture and county agricultural commissioners:

1) protect the livestock industry against losses of animals by theft and straying, 2) facilitate the orderly marketing of nursery stock, 3) assure seed quality, and 4) facilitate the phytosanitary certification of agricultural commodities for the domestic and foreign export markets.

### Major Budget Adjustments Proposed for 2001–02

- $501,000 General Fund and 4.0 positions (3.8 personnel years) to protect consumers of meat and poultry products. This proposal will provide investigative staff to conduct complex investigative and enforcement activities necessary to combat the public health threat from illegally processed and manufactured meat and poultry products.
- $12,399,000 General Fund and 189.0 positions (186.4 personnel years) to continue the comprehensive strategy to reduce the growing threat to California from invasive pests. This strategy would make permanent key components of the current statewide pest prevention program, the parcels inspection program and the preventive release program.
- An augmentation of $2 million General Fund, $4.9 million Federal Funds and $5.7 million Pierce's Disease Management Account to continue the Department's aggressive and comprehensive efforts to address Pierce's Disease and its vectors.

### Authority

Food and Agricultural Code, Division 1, Part 1; Chapter 3; Division 4; Division 5, Parts 1, 2, 3, 4; Division 8; Division 9, Parts 1, 2, 3; Division 10, Chapters 1–10; Division 11, Chapters 1–9; Division 12, Parts 1, 2, 3; Division 13, Chapter 1; Division 15; Division 19, Chapter 5.

## 21 MARKETING; COMMODITIES AND AGRICULTURAL SERVICES

### Program Objectives Statement

California agriculture produces over 250 different crops which enter state, national, and international commerce. The objectives of this program are to assure orderly domestic and international marketing, reduction of economic waste, adequate supply of commodities, consumer protection, fair pricing practices, industry supported grading services, and standards of measurement which provide a basis of value comparison and fair competition in the marketplace.

Program elements work cooperatively with county agricultural commissioners and sealers of weights and measures, state and federal agencies, agricultural industry groups and marketing order programs. Several program elements operate under cooperative agreements, delegations of authority and contracts with federal agencies. Certain program elements have requirements for federal supervision and federal licensing of state employees.

This program also provides support to governmental agencies needing chemical or product determinations by providing accurate and timely chemical analyses.

*** Dollars in thousands, except in Salary Range.**

## 8570 DEPARTMENT OF FOOD AND AGRICULTURE—Continued

### Major Budget Adjustments Proposed for 2001–02

- $566,000 General Fund, $670,000 Agriculture Fund and $66,000 Fairs and Expositions Fund to support on-going facilities operations due to the relocation and consolidation of CDFA headquarters staff in one location.
- $800,000 General Fund to implement the Central Valley Assessment Project. These funds, combined with federal funds over a three-year period, will build a comprehensive, user-friendly interface, so that the information can be readily accessed for policy and programmatic decision-making at local, state, and national levels, and to prepare and publish an initial assessment of certain Central Valley conditions and trends organized by major topics.
- $507,000 Reimbursements and 5.0 positions (4.8 personnel years) to support CAL FED program activities. The resources will be utilized to assist in Ecosystem Restoration, Watershed Management, Water Use Efficiency and Program Management elements of the comprehensive CAL FED strategy.

### Authority

Food and Agricultural Code, Division 7, Chapter 4, 5, 6; Division 12; Division 16, Chapters 1, 2, 3, 4, 5; Division 17; Division 18, Chapter 1; Division 20, Chapters 2, 6, 7, 7.5; Division 21, Parts 1, 2, 3; Division 22.

Business and Professions Code, Division 5, Chapters 1 through 17.

## 31 ASSISTANCE TO FAIRS AND COUNTY AGRICULTURAL ACTIVITIES

### Program Objectives Statement

This program provides financial and administrative assistance to fairs, and partially reimburses counties for carrying out agricultural programs authorized by the Food and Agricultural Code under the supervision of the Department of Food and Agriculture.

The state has a total of 80 county fairs, citrus fruit fairs and district fairs. The majority of county fairs are conducted by nonprofit corporations under contract with county boards of supervisors. Citrus fruit fairs are state instrumentalities operated by nonprofit corporations. District fairs are operated by district agricultural associations, which are state institutions with Governor-appointed directors. State support for these local fairs is administered by Assistance to Fairs and County Agricultural Activities, which oversees budget approval and the capital outlay program.

### Major Budget Adjustment Proposed for 2001–02

- $355,000 Fairs and Expositions Fund to fund workload associated with the fiscal and administrative oversight of the District Agricultural Associations and to align funding for administrative staffing supporting the Fairs and Expositions Division. A technical adjustment is reflected to provide appropriate funding from the Fairs and Expositions Fund.

## 41 EXECUTIVE, MANAGEMENT AND ADMINISTRATIVE SERVICES

### Program Objectives Statement

The objectives of this program are to provide leadership to meet current and future agriculture problems and to assist the department in meeting its overall goal through timely, efficient support services.

Executive and Management include the executive leadership of the Secretary's office and the staff services associated with it. The Secretary's office sets priorities and policies which recognize and meet the current and long-range needs of the agribusiness community of this state, as well as helping to protect the health and welfare of the public.

Administrative Services provides centralized administrative support to the department through fiscal operations, employee-employer relations, personnel management, employee training and development, data processing, general business services and audits.

## 8620 FAIR POLITICAL PRACTICES COMMISSION

The Fair Political Practices Commission has primary responsibility for the impartial administration, implementation and enforcement of the Political Reform Act of 1974 as well as for the California Political Reform Act of 1996. The objectives of the Political Reform Act are to: (1) ensure that election campaign expenditure data is fully and accurately disclosed so that the voters may be fully informed and to inhibit improper financial practices; (2) regulate the activities of lobbyists and disclose their finances to prevent any improper influencing of public officials; (3) provide for the disclosure of assets and income of public officials which may affect their official actions, to avoid any conflicts of interest; (4) ensure that the state ballot pamphlet contains useful and adequate information so that the voters will not be entirely dependent upon paid advertising for information concerning state measures; (5) eliminate laws and practices that unfairly favor incumbents to provide for fair elections; and, (6) provide adequate mechanisms to public officials and to private citizens to ensure vigorous enforcement of the Acts. The California Political Reform Act of 1996, enforcement of which is currently enjoined by the Federal District Court, places specific limitations on campaign contributions and establishes voluntary spending limits on all state candidates. To fulfill the responsibilities imposed by these Acts, the Commission adopts rules and regulations; establishes procedures to monitor compliance; issues opinions to persons who request them; prepares and publishes manuals and instructions to facilitate compliance with and enforcement of the Act; provides assistance to agencies and public officials in administering the Act; investigates possible violations; conducts hearings and applies sanctions provided by the Act; provides technical assistance to state and local agencies in the preparation of conflict of interest codes; and reviews and approves the codes of state agencies, county boards of supervisors, city councils, and all local government agencies with jurisdiction in more than one county.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8620 FAIR POLITICAL PRACTICES COMMISSION—Continued

Chapter 975, Statutes of 2000 created the Bipartisan California Commission on Internet Political Practices to examine issues posed by political activity on the Internet. The legislation requires the Commission to report to the Legislature on specified findings and also appropriated $220,000 General Fund to defray the costs of the Commission in conducting the study and preparing the report. The 2000–01 budget for the Fair Political Practices Commission reflects expenditures for the funds appropriated by the legislation.

### Authority

Government Code, Title 9.

### Major Budget Adjustments Included in 2000–01

- $220,000 appropriated by Chapter 975, Statutes of 2000 to fund the acitivties of the Bipartisan California Commission on Internet Political Practices.

## 8640 POLITICAL REFORM ACT OF 1974

### Program Objectives Statement

Government Code Section 83122, as added by the Political Reform Act of 1974 (Proposition 9) and amended by Chapter 1075, Statutes of 1976, requires the Department of Finance, in preparing the state budget and the Budget Bill submitted to the Legislature, to include an item for the support of the Act which indicates: (1) the additional amounts to be appropriated to other state agencies to carry out their duties under the Act, which amounts shall be in augmentation of the support items of such agencies; (2) the additional amounts required to be appropriated by the Legislature to the Fair Political Practices Commission (FPPC) to carry out its duties under the Act; and (3) in parentheses, for informational purposes, the continuing appropriation of $1,000,000 made by the Act, adjusted for cost-of-living change made to the FPPC by the Act during each fiscal year.

The Political Reform Act detail for each affected agency will be found under their respective program budgets as identified in the following table.

### Authority

Government Code Section 83122.

## 8660 PUBLIC UTILITIES COMMISSION

The objectives of the Public Utilities Commission are:

1. To provide the public with the lowest reasonable rates for services by utilities, household goods carriers, and for-hire passenger carriers.
2. To make certain that utility companies render adequate service and have sufficient facilities to meet the needs of the public.
3. To ensure that the public has stable, efficient utility services by requiring applicants to demonstrate financial responsibility and the capability to render adequate service.
4. To promote public safety and accident reduction by establishing and enforcing safety regulations for utility and transportation companies, as well as for railroad highway grade crossings.

## 10 REGULATION OF UTILITIES

### Program Objectives Statement

Utilities in California have traditionally been granted exceptional powers and privileges by the State, including exclusive service areas, which preclude customers from obtaining service from other providers. The Commission regulates utilities to protect the public interest and to ensure fair and impartial rates as well as adequate service facilities. Regulatory controls have also been established to promote the safety of employees, customers, and the public at large. With the transition from a regulated market to a competitive market in the energy and telecommunications industries, the Commission's focus has been shifted from rate regulation to consumer protection, public safety, and market monitoring.

The Commission's objective is to provide the public with adequate and safe utility services at the lowest reasonable rates.

### Major Budget Adjustments Included in 2000–01

- $2,300,000 General Fund appropriated by Chapter 329, Statutes of 2000 and 25.5 positions to address electrical energy rate stability and conservation.
- $500,000 Public Utilities Commission Utilities Reimbursement Account and $500,000 reimbursements to complete review of alternatives to the Carmel River Dam and Reservoir Project as required by Chapter 797, Statutes of 1998.

### Major Budget Adjustments Proposed for 2001–02

- $2,738,000 General Fund and 34.0 positions through June 30, 2004 to provide electrical energy rate stability and conservation pursuant to Chapter 329, Statutes of 2000.
- $456,000 Public Utilities Commission Utilities Reimbursement Account to provide adequate representation of ratepayer interests in Commission proceedings.
- $222,000 Public Utilities Commission Utilities Reimbursement Account and 4.0 positions to process informal complaints and inquiries.
- $682,000 Public Utilities Commission Utilities Reimbursement Account and 4.0 positions to conduct audits of the San Diego Gas and Electric Company pursuant to Chapter 328, Statutes of 2000.
- $1,977,000 Public Utilities Commission Utilities Reimbursement Account for deferred maintenance projects for the Commission building in San Francisco.
- $160,000 Public Utilities Commission Utilities Reimbursement Account and 2.0 positions (1.0 position through June 30, 2002) to complete rulemaking proceedings and track ongoing proceedings pursuant to Chapter 856, Statutes of 1996.
- $749,000 Public Utilities Commission Utilities Reimbursement Account to award intervenor compensation in quasi-legislative rulemaking proceedings.
- $739,000 Public Utilities Commission Utilities Reimbursement Account to support the higher cost of filled positions.

### Authority

California Constitution, Article XII; Public Utilities Code, Divisions 1, 2, and 4.

## 20 REGULATION OF TRANSPORTATION

### Program Objectives Statement

The Commission regulates various privately owned for-hire passenger transportation companies including railroads, vessels, pipelines, transit guideway systems, and household goods carriers. The Commission protects the public interest in matters relating to rates, service, licenses, and safety issues.

The main responsibilities of the Commission for the Transportation program are to: (1) enforce rates, rules, regulations, and statutory requirements, (2) enforce requirements for permits and licenses to operate transportation services, and (3) ensure safety of rail transit systems and railroad-highway crossings.

### Major Budget Adjustment Proposed for 2001–02

- $227,000 Public Utilities Commission Transportation Reimbursement Account, $48,000 Transportation Rate Fund, $75,000 Public Transportation Account, and $80,000 State Highway Account for deferred maintenance projects for the Commission building in San Francisco.

### Authority

California Constitution, Article XII; Public Utilities Code, Divisions 1, 2, 4 and 10.

*** Dollars in thousands, except in Salary Range.**

# 8690 SEISMIC SAFETY COMMISSION

## Program Objectives

The mission of the Seismic Safety Commission is to improve the well-being of the people of California through cost-effective measures that lower earthquake risk to life and property. To accomplish this, the Commission works with federal, state, and local agencies as well as the private sector on a variety of activities that guide and stimulate earthquake risk reduction and management. The 17 appointed Commissioners provide state government with policy guidance, topical expertise, and perspectives from the private sector, academia, and local government. The Commission is responsible for: (1) advising the Legislature and the Administration on seismic safety policies and issues; (2) maintaining and encouraging the implementation of the state's five-year Earthquake Hazard Reduction Program (California at Risk); (3) reviewing the adequacy of earthquake safety policies and programs carried out by state and local agencies; (4) using existing knowledge and conducting studies where necessary to develop and publish information to improve the performance of state-owned buildings pursuant to the authority provided by Proposition 122; (5) preparing and disseminating guides to the public identifying earthquake weaknesses and other issues related to residential and commercial buildings; (6) implementing the Unreinforced Masonry Building Law—which requires local governments to adopt a mitigation program for potentially hazardous buildings; (7) preparing a five-year earthquake research plan that specifies the research California needs to improve safety and foster the development and use of new technologies; and (8) seeking new information and insights from the scientific and engineering communities and from studies of damaging earthquakes and applying this information to reduce California's risk.

## Major Budget Adjustment Proposed for 2001–02

- $230,000 ($70,000 General Fund and $160,000 Reimbursements) and 0.5 Senior Engineer to expand the Seismic Retrofit Practices Implementation Program, and to sponsor workshops to train building officials in the latest seismic retrofit technology.

## Authority

Government Code, Chapter 13, Sections 8870 through 8876 and 8890 through 8899.5.

# 8700 CALIFORNIA VICTIM COMPENSATION AND GOVERNMENT CLAIMS BOARD

The California Victim Compensation and Government Claims Board, formerly known as the Board of Control (Government Code Sections 130900 and 130901 amended by Chapter 1016, Statutes of 2000) consists of three members: the Director of General Services who serves as the chair, the State Controller, and a public member appointed by the Governor. The primary objectives of the California Victim Compensation and Government Claims Board are to:

1. Compensate victims of violent crime and eligible family members for certain crime-related financial losses.
2. Consider and settle all civil claims against the State in an equitable manner and to reduce the number of items requiring legislative review or judicial adjudication.
3. Provide equitable travel allowances to certain State government officials.
4. Respond to bid protests against the State alleging improper or unfair acts of state agencies in the procurement of supplies and equipment.
5. Provide for reimbursement of counties' expenditures for special elections, called for by the Governor to fill vacant seats in the Legislature and Congress.

## Authority

Government Code Sections 905.2, 912.8, 11031, 11270 and 13920; Penal Code, Revenue and Taxation Code, Code of Civil Procedure, Welfare and Institutions Code, Education Code, Health and Safety Code, Military and Veterans Code, and others.

## 11 CITIZENS INDEMNIFICATION

### Program Objectives Statement

This program indemnifies those citizens who are injured and suffer financial hardship as a direct result of a violent crime. The victim of a qualifying crime, and eligible family members, may file a claim with the Board for program benefits. Staff investigate the claim to determine eligibility and present a recommendation to the Board for action on the claim. The Board currently contracts with 20 local Victim/Witness Assistance Centers to process a portion of these claims. By statute, the program is the payor of last resort. As such, staff are required to identify/deduct "other sources" of reimbursement for expenses included on a claim.

### Major Budget Adjustment Included in 2000–01

- $2,916,000 Restitution Fund for increased costs associated with local agency contracts to process claims for victims of crime.

### Major Budget Adjustments Proposed for 2001–02

- $2,916,000 Restitution Fund for increased costs associated with local agency contracts to process claims for victims of crime.
- $1,300,000 Restitution Fund to establish a Claims Review Unit, pursuant to federal audit requirements, through a redirection of claims processing duties to the local level and increasing existing local agency contracts.

## 12 QUALITY ASSURANCE AND REVENUE RECOVERY DIVISION

### Program Objectives Statement

The Quality Assurance and Revenue Recovery Division (Division) serves victims of crime in California by maintaining the fiscal stability of the Restitution Fund through the recovery of monies owed from overpayments made in the Victims of Crime Program, liens filed on civil suits and workers' compensation cases, and restitution fines and orders. The Division's primary emphasis is to educate/instruct the criminal justice community (the judiciary, district attorneys, chief probation officers, and court administrators) on the importance of the consistent imposition and collection of restitution fines and orders. The Branch is also responsible for coordinating restitution-related activities at the State level with the Youth and Adult Correctional Agency and the Attorney General's Office.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8700 CALIFORNIA VICTIM COMPENSATION AND GOVERNMENT CLAIMS BOARD—Continued

### 21 DISASTER RELIEF CLAIM PROGRAM

**Program Objectives Statement**

This program allows reimbursement to claimants for personal injury and property damage as a result of a natural or environmental disaster.

### 31 CIVIL CLAIMS AGAINST THE STATE

**Program Objectives Statement**

This program receives, processes and investigates all claims for money or damages filed against the State. Tort liability claims approved by the Board are usually paid from funds appropriated for that purpose. Equity claims approved by the Board are referred to the Legislature for funding and payment authority in one of two omnibus claims bills sponsored by the Board.

### 41 CITIZENS BENEFITING THE PUBLIC

**Program Objectives Statement**

This program reimburses persons who sustained injury or losses as a result of a direct action that benefited the public, such as the prevention of a crime or a rescue of a person in immediate danger of injury or death (''Good Samaritans'').

### 51.01 ADMINISTRATION

**Program Objectives Statement**

The administrative function provides support and direction to Board staff in response to the program goals established by the Board; serves as liaison between the Legislature and the Board; provides personnel, budget, legislative, audit, data processing, and business services to all programs under the Board's jurisdiction; and acts on behalf of the Board as specifically delegated.

### 71 COUNTIES SPECIAL ELECTION REIMBURSEMENTS

**Program Objectives Statement**

Chapter 790, Statutes of 1999 (AB 547), provided that expenses, authorized and necessarily incurred in conducting special elections proclaimed by the Governor to fill a legislative vacancy(ies) at the federal or state level are to be reimbursed by the State.

### 98 STATE-MANDATED LOCAL PROGRAMS

**Program Objectives Statement**

Chapter 1123, Statutes of 1977 (AB 1206), requires that probation officers determine whether a defendant is required to pay a certain fine and recommend whether the court should require, as a condition of probation, restitution to the victim or payment to the Restitution Fund. Counties are reimbursed for the time it takes the probation officers to make the determination. Pursuant to Section 17581 of the Government Code, this mandate has been suspended since fiscal year 1990–91 and is again proposed to be suspended in 2001–02.

## 8750 COMMISSION ON LOCAL GOVERNANCE FOR THE 21ST CENTURY

Chapter 943, Statutes of 1997, as amended by Chapter 1038, Statutes of 1998, created the Commission on Local Governance for the 21st Century to conduct a thorough investigation of the policies, practices, and statutes affecting the organization and boundaries of California's local agencies. This is to be accomplished by:

1. Reviewing current statutes regarding the policies, criteria, procedures, and precedents for city, county, and special district boundary changes.
2. Recommending proposals to add criteria to increase citizen and community participation in city, county, and special district governments.
3. Recommending proposals to ensure conformity with the requirements of federal law, including, but not limited to, the federal Voting Rights Act of 1965.
4. Making recommendations for statutory changes, if any.

The Commission consists of 15 members: 9 appointed by the Governor and 3 each by the Assembly Committee on Rules and the Senate Committee on Rules. The Governor's appointments include city, county, special district, and local agency formation commission representatives. Members of the commission have proven academic or professional experience in demography, urban economics, land use, planning, public finance, and legal aspects of local agency organization and boundaries. This commission sunset on July 1, 2000. Chapter 943 required that the commission report to the Legislature and Governor by December 31, 1999.

# 8770 ELECTRICITY OVERSIGHT BOARD

The Electricity Oversight Board (EOB) was created as part of the electricity industry restructuring legislation (Chapter 854, Statutes of 1996, AB 1890). The EOB carries out regulatory oversight of major elements of the restructured electricity industry. These include the operation and reliability of the electricity transmission system and the operation, efficiency and competitiveness of the markets for bulk energy, transmission and ancillary services. The EOB oversees all activities of the Independent System Operator (ISO) and the Power Exchange and appoints members of their governing boards. The EOB reviews market and reliability rules; maintenance, repair and replacement standards; transmission grid plans; and emergency and contingency plans, and continuously monitors market activities. The EOB is an appeal body for ISO governing board actions within state jurisdiction. The EOB represents the State and its citizens in litigation before the Federal Energy Regulatory Commission and in regional forums on subjects pertinent to its mission.

## Major Budget Adjustment Included in 2000–01

- $500,000 General Fund and 4.0 positions for the Governor's Clean Energy Green Team authorized by Chapter 329, Statutes of 2000 (AB 970).

## Major Budget Adjustment Proposed for 2001–02

- $983,000 Public Utilities Commission Utilities Reimbursement Account and 7.0 positions to enhance the ability of the Electricity Oversight Board to monitor the markets operated by the California Independent System Operator and the California Power Exchange.

## Authority

Public Utilities Code, Sections 335–341.4.

# 8780 MILTON MARKS "LITTLE HOOVER" COMMISSION ON CALIFORNIA STATE GOVERNMENT ORGANIZATION AND ECONOMY

## Program Objectives Statement

The Milton Marks "Little Hoover" Commission on California State Government Organization and Economy is composed of two members of the Senate, two members of the Assembly and nine citizen members—five appointed by the Governor and four appointed by the Legislature.

The Commission conducts studies and makes recommendations to the Governor and the Legislature concerning the organization, operation and performance of state agencies.

Chapter 12, Statutes of 1993 (SB 37), created the Bureau of State Audits and placed it under the general direction of the Commission. That legislation, along with Chapter 682, Statutes of 1995, also changed the name of the Commission to its present configuration.

## Authority

Government Code Sections 8501 to 8541.

## COUNCIL OF STATE GOVERNMENTS

The Council of State Governments (CSG), established in 1933, fosters interstate cooperation and improved state representation on matters before the federal government by means of regional conferences, research, information services and direct assistance.

The CSG is a joint agency of all fifty states and is directed by state officials, primarily governors and legislators, who serve on the governing board and the executive committee. The council is funded through assessments based upon each state's population.

## NATIONAL CONFERENCE OF STATE LEGISLATURES

The National Conference of State Legislatures (NCSL), created in 1975, is composed of legislators from the fifty states, and the United States' territories and commonwealths. It improves the quality and effectiveness of state legislatures, fosters interstate cooperation and ensures state legislatures a strong voice in the federal system. It is funded primarily through formula-based appropriations from member legislatures.

## WESTERN STATES LEGISLATIVE FORESTRY TASK FORCE

Organized in 1974, the Western States Legislative Forestry Task Force (WSLFTF) provides a forum for legislators from six western states and two Canadian provinces to monitor and discuss issues pertaining to the management of forestry resources.

## PACIFIC FISHERIES LEGISLATIVE TASK FORCE

The Pacific Fisheries Legislative Task Force (PFLTF) addresses Pacific fisheries, aquaculture and seafood issues. Any state or territory of the United States bordering, or with streams tributary to, the Pacific Ocean may become a participating member.

## STATE AND LOCAL LEGAL CENTER

The State and Local Legal Center (SLLC) was established in 1983 to improve the quality of representation before the United States Supreme Court by means of direct assistance, the filing of amicus curiae briefs, general education and information dissemination. It is jointly sponsored by the Council of State Governments, the National Conference of State Legislatures and the National Governors' Association.

## NATIONAL GOVERNORS' ASSOCIATION

The National Governors' Association (NGA), founded in 1908, represents the Governors of the fifty states and the Commonwealth of Puerto Rico, the Northern Mariana Islands and the territories of the Virgin Islands, Guam, and American Samoa. It influences the development and implementation of national policy and the solution of state problems. Both the NGA and its affiliate agency, the Council of State Policy and Planning Agencies, are funded through assessments based on each state's population.

## COASTAL STATES' ORGANIZATION

The Coastal States' Organization (CSO) represents the interests of states which border on the Pacific Ocean, Atlantic Ocean, Gulf of Mexico and Great Lakes with regard to coastal zone management and offshore energy development issues. Specifically, CSO represents its members' interests before Congress and federal agencies, in legal briefs to the Supreme Court, and in sharing information among the coastal states.

## WESTERN GOVERNORS' ASSOCIATION

The Western Governors' Association (WGA) represents the interests of the sixteen western states, two Pacific territories and one commonwealth through regional exchange of ideas, regional policy management, advocacy, promotion of efficient resource management and provision of information. The WGA is funded by dues from member states and contributions from grantors and foundations.

## NATIONAL CENTER FOR STATE COURTS

The National Center for State Courts (NCSC) was established in 1971 to improve the administration of justice, promote judicial reform, serve as a catalyst for setting standards for fair and expeditious judicial administration, and find and disseminate answers to the problems of state judicial systems. Member services include: access to publications of its research study teams, short-term consultative services, responses to requests, judicial salary reports, and various states' views on federal legislation and other national programs affecting the judicial system.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8800 MEMBERSHIPS IN INTERSTATE ORGANIZATIONS—Continued

### WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION

The Western Interstate Commission for Higher Education (WICHE) was established by fifteen western states to promote and facilitate resource sharing, collaboration, and cooperative planning among those states and their colleges and universities. Member and affiliated states are Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming. WICHE conducts research and policy analysis on vital issues in higher education and communicates this information and analyses to education and government policymakers.

### INTERSTATE COMPACT FOR EDUCATION

The Interstate Compact for Education (ICE), formerly known as the Education Commission of the States (ECS), is a national organization of states that provides a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation. Each state has seven representatives: the Governor, two legislators and four gubernatorial appointees, including the state superintendent of schools.

### FOR THE SAKE OF THE SALMON

For the Sake of the Salmon is committed to the protection and restoration of Pacific Salmon and steelhead stocks throughout the Pacific Coast area. It is a regional organization made up of 37 other organizations, including state governments of Washington, Oregon and California, the federal government as represented by the National Marine Fisheries Service, local governments, Native American tribes, environmental groups, timber and agricultural organizations, fishing interests, and utilities.

# 8820 COMMISSION ON THE STATUS OF WOMEN

### Program Objectives Statement

Chapter 541, Statutes of 1971, established the Commission on the Status of Women as a permanent state agency to eliminate inequities in laws, practices and conditions which affect women. The Commission implements its mandate by examining bills introduced in the Legislature which affect women's rights; maintaining and distributing information to the public on women's issues; developing and maintaining liaison with government agencies and advisory bodies; and providing technical and consultative assistance to organizations which assist women. Emphasis is on economic equity, employment, child and other dependent care, health, violence, and education.

The Commission consists of a 17-member body: the Superintendent of Public Instruction, the Chief of the Division of Labor Standards Enforcement in the Department of Industrial Relations, three members of the Assembly and one public member appointed by the Speaker of the Assembly, three members of the Senate and one public member appointed by the Senate Committee on Rules, and seven public members appointed by the Governor. Public members are selected for staggered four-year terms and receive reimbursement for necessary expenses.

| SUMMARY OF PROGRAM REQUIREMENTS | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

### 10 ADMINISTRATION-LEGISLATION-RESEARCH AND INFORMATION

The commissioners establish policy and priorities for the work of the Commission. The Commission identifies areas where legislation is needed, examines and evaluates bills introduced into the Legislature which affect women's rights and makes information on legislative developments available to interested organizations and individuals. The Commission also collects, maintains, and disseminates information on the status of women, the needs of women, and on projects designed to meet these needs.

## 8830 CALIFORNIA LAW REVISION COMMISSION

The primary objective of the California Law Revision Commission is to make recommendations to the Governor and the Legislature for revision of the law, on matters referred to the Commission by the Legislature that require a careful study.

The Commission consists of a member of the Senate, a member of the Assembly and seven additional members appointed by the Governor with the advice and consent of the Senate. The Legislative Counsel is an ex officio member of the Commission.

The Commission assists the Governor and the Legislature in keeping the law up to date by studying complex subjects, identifying major policy questions for legislative attention, gathering the views of interested persons and organizations and drafting recommended legislation for legislative consideration. The efforts of the Commission permit the Governor and the Legislature to determine significant policy questions rather than to concern themselves with the technical problems in preparing background studies, resolving intricate legal problems and drafting needed legislation. The Commission thus enables the Legislature to accomplish legal reform that otherwise might not be made because of the heavy demands on legislative time. In some cases the Commission's study discloses that no new legislation on a particular topic is needed, thus avoiding the need for further study.

The Commission may study only topics that the Legislature authorizes by concurrent resolution. The Commission currently has an agenda of 20 topics.

During the 2000 session, the Legislature enacted recommendations of the Commission revising the Administrative Procedure Act's rulemaking provisions, clarifying the law governing enforcement of judgments under the Family Code, providing for inheritance of unclaimed probate distributions by alternate beneficiaries, clarifying the law governing valuation evidence in eminent domain proceedings, specifying the jurisdictional classification of good faith improver claims, repealing the Trout Affidavit Law, and correcting technical errors in the statutes relating to air resources.

The Commission plans to submit to the Legislature for the 2001 session recommendations relating to family consent in health care decisionmaking, estate planning during dissolution of marriage, eminent domain procedural improvements, rulemaking by the Department of Corrections, composition of law library boards of trustees, simplification of civil procedures after trial court unification, and cleansing the codes of expired pilot projects.

During 2001 the Commission will continue its comprehensive review of California's mechanics' lien laws pursuant to a request of the Assembly Judiciary Committee. In response to a 2000 legislative directive, the Commission will determine whether any statutes are obsolete and should be repealed in the wake of trial court restructuring. The Commission will also study issues in criminal and civil procedure resulting from trial court unification, rules of construction for trusts and other estate planning instruments, issues in municipal bankruptcy, the law governing general assignments for the benefit of creditors, the law governing contractual attorney's fee awards, the statute of limitations for attorney malpractice, reorganization of criminal sentencing statutes, and evidentiary issues in electronic communications. The Commission will also work on common interest development law, discovery improvements from other jurisdictions, the Uniform Trust Code, technical revisions in debtor-creditor law, and the Uniform Unincorporated Nonprofit Association Act.

## 8840 COMMISSION ON UNIFORM STATE LAWS

In conjunction with other states, the commission drafts and presents to the Legislature uniform laws deemed desirable and practicable by the National Conference of Commissioners on Uniform State Laws for adoption by the various states. The Commission is composed of six members appointed by the Governor, one member of each house of the Legislature appointed by the respective house, the Legislative Counsel, and two life members of the National Conference.

### Authority

# 8855 BUREAU OF STATE AUDITS

The objective of the Bureau of State Audits is to provide independent audits of the programs and fiscal operations of State government. By performing financial, performance, and investigative audits, and by performing other special studies, the State Auditor provides the Legislature, the Governor, the Milton Marks Commission on California State Government Organization and Economy (''Little Hoover Commission''), and the citizens of the State with objective information about the State's financial condition and the performance of the State's many agencies and programs. The Bureau of State Audits was created by the enactment of Chapter 12, Statutes of 1993 (SB 37), and continues many of the responsibilities of the former Office of the Auditor General.

## Authority

Government Code Title 2, Division 1, Chapter 6.5.

# 8860 DEPARTMENT OF FINANCE

By statute, the Director of Finance serves as the Governor's chief fiscal policy advisor with emphasis on the financial integrity of the State and maintenance of a fiscally sound and responsible Administration.

The objectives of the Department of Finance are:

1. To prepare, present, and support the annual financial plan for the State.
2. To assure responsible and responsive State resource allocation within resources available.
3. To foster efficient and effective State structure, processes, programs, and performance.
4. To establish integrity in State fiscal data bases and systems.

## 10 ANNUAL FINANCIAL PLAN

### Program Objectives Statement

To ensure the financial integrity of the State through the planned allocation of State resources, the Department of Finance advises the Governor on the fiscal condition of the State and guides in the preparation and presentation to the Legislature of the Governor's annual financial plan for the State. After enactment of the budget, the Department of Finance assists in the administration of the budget. The Governor's Budget contains past year actual expenditures and revenues, current year estimated expenditures and revenues, and proposed expenditures and estimated revenues for the next fiscal year. The Department of Finance also provides fiscal analyses of bills introduced in the Legislature and makes recommendations to the Governor.

### Major Budget Adjustment Proposed for 2001–02

- An increase of $108,000 and 1.0 new position (0.9 personnel year) to address workload associated with reimbursable State mandated local programs.

## 20 PROGRAM AND INFORMATION SYSTEM ASSESSMENTS

### Program Objectives Statement

To improve operating efficiency and performance of State agencies, and to ascertain the need for changes in programs or levels of support, the Department of Finance systematically reviews and evaluates State-administered and financed programs. Alternatives are provided to more effectively satisfy identified needs. The Office of State Audits and Evaluations assists the Director of Finance in fulfilling the statutory responsibilities for supervision over all matters concerning the financial and business policies of the State by conducting financial audits and by performing critical examinations of State programs and policies. The Performance Review Unit conducts performance reviews of State agencies and programs and recommends ways to lower the costs of State government and to better serve the public within existing resources.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8860 DEPARTMENT OF FINANCE—Continued

### Major Budget Adjustment Proposed for 2001–02

- An increase of $2,043,000 (Reimbursements) and 3.0 new positions (2.8 personnel years) to meet workload increases for annual audits of Bond proceeds for Bonds passed in March 2000 (Propositions 12, 13, and 14).

### Authority

Government Code Sections 13291–13302.

## 25 SCHOOL ATTENDANCE RECORD AUDITS

### Program Objective Statement

To ensure the accuracy of school district and county office of education attendance records, the Department of Finance contracts with the State Controller's Office to perform annual audits of attendance accounting records.

## 30 SUPPORTIVE DATA

### Program Objectives Statement

This program includes a variety of information systems and services which support the mission of the Department. The budget support systems provide information to decisionmakers throughout the budgetary process. The operation and management of the automated California State Accounting and Reporting System (CALSTARS) is intended to provide a uniform and complete accounting system for State agencies. Statewide fiscal and accounting policies are developed and maintained by the Fiscal Systems and Consulting Unit. Basic and applied economic and tax research functions support the revenue estimates required for the development of the State financial plan, for the analysis of financial legislation and the evaluation of economic trends or other fiscal developments which affect the State. Basic and applied demographic research functions provide data to support the workload estimates of State agencies.

### Major Budget Adjustments Proposed for 2001–02

- An increase of $500,000 (General Fund) and 1.0 new position (0.9 personnel year) to perform a feasibility study in the development of a Continuous Budget System.
- An increase of $301,000 (General Fund) for the development of a population projections system in the Demographic Research Unit.

## 8885 COMMISSION ON STATE MANDATES

The Commission on State Mandates carries out three distinct statutory responsibilities under its Administration Program. First, the Commission adjudicates test claims of local entities that allege the existence of state-mandated reimbursable programs. Second, the Commission hears and decides claims that the Controller has incorrectly reduced payments. Third, the Commission determines the existence of significant financial distress for applicant counties that seek to reduce their General Assistance standards of aid.

With few exceptions, the cost for reimbursement of state-mandated local programs ultimately is borne by the General Fund, either directly or from the State Mandates Claims Fund, which is replenished by the General Fund. Program 20, Payments For Mandated Costs, is an informational summary of the costs budgeted within individual departmental budgets for the reimbursement of state-mandated local programs.

| SUMMARY OF PROGRAM REQUIREMENTS | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |

# 8885 COMMISSION ON STATE MANDATES—Continued

## 10 ADMINISTRATION

### Program Objectives Statement

The Commission on State Mandates was created by Chapter 1459, Statutes of 1984, as a quasi-judicial body to assume authority for the initial determination of state mandated costs. The Commission consists of the Director of Finance, the Controller, the Treasurer, the Director of the Office of Planning and Research, a public member with experience in public finance, and two additional members from the categories of city council member, county or city and county supervisor, or school district governing board member, appointed by the Governor and approved by the Senate.

The determination of the existence of significant financial distress for counties seeking to reduce their General Assistance standard of aid is a role which the Commission was assigned by Welfare and Institutions Code Section 17000.6, enacted by Chapter 72, Statutes of 1993 (SB 1033).

Chapter 681, Statutes of 1998 (AB 1963), operative September 22, 1998, changed time requirements for the Commission to adjudicate and complete test claims. It also requires the Commission to review the process for local agencies to appeal the Controller's reduction of reimbursement claims.

### Authority

Government Code Sections 17500 to 17630; Welfare and Institutions Code Section 17000.6.

| Program Requirements | *99–00* | *00–01* | *01–02* | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|---|---|---|
| Continuing program costs (General Fund) .. | 12.0 | 16.5 | 16.5 | $1,347 | $1,706 | $1,712 |

## 20 PAYMENTS FOR MANDATED COSTS

### Program Objectives Statement

Chapter 1406, Statutes of 1972 (SB 90), first established the statutory requirement for the State to reimburse units of local government for all costs resulting from either legislative acts or executive regulations which impose a new program or demand an increased level of service in an existing program. The approval of Proposition 4, the ''Gann Initiative'', at the November 6, 1979, election elevated this program of reimbursing State-mandated costs to a constitutional requirement by incorporating this reimbursement concept in Section 6 of Article XIIIB of the State Constitution. Chapter 1459, Statutes of 1984, was enacted to provide for the implementation of this constitutional provision and to consolidate the procedures for reimbursement of statutes specified in the Revenue and Taxation Code with those identified in the Constitution. Those statutory provisions and subsequent changes are now in the Government Code.

Both the suspension of certain mandates and the provision of funding for ongoing and new mandates is accomplished in the budgets of the affected respective state departments or programs under ''Program 98—State-Mandated Local Programs'' elsewhere in this Budget. The aggregate of those individual presentations is summarized in the display below for informational purposes only.

### Major Budget Adjustment Included for 2000–01

- $39 million set-aside in the reserve for deficient mandate appropriations for the 2001 mandates claims bill.

### Major Budget Adjustment Proposed for 2001–02

- $39 million for deficient mandate appropriations, of which $30 million is to be allocated by the Department of Finance, $6 million is for Chapter 1747, Statutes of 1984, services to handicapped students, $3 million is for Chapter 1399, Statutes of 1976, child abduction and recovery.

### Authority

Section 6 of Article XIIIB of the California Constitution.

## 8910 OFFICE OF ADMINISTRATIVE LAW

The Office of Administrative Law is responsible for reviewing administrative regulations proposed by over 200 state regulatory agencies for compliance with standards set forth in California's Administrative Procedure Act, for transmitting these regulations to the Secretary of State and for publishing regulations in the California Code of Regulations. The office assists state regulatory agencies through a formal training program, as well as through other less formal methods, to understand and comply with the Administrative Procedure Act.

The office also issues advisory opinions as to whether a state agency rule meets the statutory definition of a ''regulation'' which must be adopted pursuant to the requirements of the Administrative Procedure Act.

The office oversees the publication and distribution, in print and on the Internet, of the California Code of Regulations and the California Regulatory Notice Register.

### Authority

Government Code Sections 11340–11446.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**

# 8940 MILITARY DEPARTMENT

The Military Department is responsible for the command, leadership and management of the California Army and Air National Guard and four other related programs. The purpose of the California National Guard is to provide military service supporting this State and the nation. The three missions of the California National Guard are to provide (1) mission ready forces to the federal government as directed by the President, (2) emergency public safety support to civil authorities as directed by the Governor, and (3) support to the community as approved by proper authority. The Military Department is organized in accordance with Departments of the Army and Air Force staffing patterns.

## 10 ARMY NATIONAL GUARD

### Program Objectives Statement

The objective of this program is to maximize the readiness of Army National Guard units when required for federal missions in the military defense of the United States or for state missions in support of civil authority and community service activities.

The Army National Guard consists of 148 company-size units, 60 detachment-size units, and 13 support activities allotted to the State by the U.S. Department of the Army. The Military Department, in turn, stations those units at locations deemed best suited to ensure their readiness and availability to perform state and federal missions. The current authorized strength of the Army National Guard is 15,518 officers and enlisted personnel.

The California Army National Guard currently operates 118 armories. Local maintenance support is provided at 31 organizational maintenance shops, with higher echelon maintenance accomplished at four support facilities. Army aviation facilities are located in Sacramento, Stockton, Fresno, Los Alamitos and San Diego. Three fixed-wing aircraft and 102 helicopters are operated by the California Army National Guard.

Camp San Luis Obispo is a state-owned installation which serves as the primary logistical base for receipt, storage, and distribution of federal supplies and equipment. Camp San Luis Obispo and Camp Roberts are major outdoor training areas that are used year-round by the National Guard, Army Reserve and Active Component forces. Camp Roberts and Los Alamitos Armed Forces Reserve Center are federal installations licensed and operated by the Military Department.

### Major Budget Adjustments Proposed for 2001–02

- $90,000 General Fund and 1.9 personnel years for cable/communications repair at Camp San Luis Obispo.
- $2,527,000 General Fund on a one-time basis to perform priority maintenance and repairs at Camp San Luis Obispo.
- $1,592,000 Federal Trust Fund and 28.5 personnel years for the Army National Guard Fresno Aviation Classification and Repair Activity Depot (AVCRAD) helicopter repair operation.
- $192,000 General Fund on a one-time basis to purchase self-contained portable sodium lights for the Los Alamitos Joint Forces Training Base.
- $4,500,000 General Fund for airfield maintenance and repair costs at the Los Alamitos Joint Forces Training Base.

## 8940 MILITARY DEPARTMENT—Continued

### 20 AIR NATIONAL GUARD

#### Program Objectives Statement

The objective of this program is to maximize the readiness of all California Air National Guard units to effectively execute federal or state missions.

The Air National Guard consists of four major flying organizations and a large combat communications organization located at ten bases and stations. These units are under the command and control of the Headquarters, California Air National Guard, located within the Office of the Adjutant General in Sacramento. These major organizations include the 129th Rescue Wing (RQW) located at Moffett Federal Airfield; the 144th Fighter Wing (FW) located at the Fresno Air National Guard Station; the 146th Airlift Wing (AW) located at the Channel Islands Air National Guard Station in southern California; the 163rd Air Refueling Wing (ARW) located at March Air Reserve Base; and the 162nd Combat Communications Group (CCG) headquartered at North Highlands Air National Guard Station. The 162nd CCG subordinate Combat Communications Squadrons are located at North Highlands, Hayward, Sepulveda, Costa Mesa, and San Diego. Additionally, the 162nd CCG an Engineering Installation Squadron located at Hayward and a Space Operations Squadron located at Vandenberg AFB. These organizations and units are allotted to the State by the U.S. Department of the Air Force (USAF).

Plans are developed and maintained for employment of Air National Guard forces during state emergencies and federal mobilization. Support plans include airlift, rescue, communications, and other specialized services. Training is conducted using USAF and Air National Guard technical schools and on-the-job training at home stations or training sites within the United States or overseas. Each individual trains a minimum of 39 days per year and proficiency is assured through periodic individual assessment and unit evaluations conducted by the United States Air Force and Headquarters, California Air National Guard personnel. The federal government provides virtually all supplies, equipment, transportation, subsistence, and support services necessary for training, deployment, and commitment of the Air National Guard.

#### Major Budget Adjustment Proposed for 2001–02

- $1,906,000 Federal Trust Fund reduction and abolishment of 38 State Active Duty positions due to the termination of the fire fighting mission at Moffett Federal Airfield.

#### Authority

Military and Veterans Code.

### 30 OFFICE OF THE ADJUTANT GENERAL

#### Program Objectives Statement

This program provides strategic methodology and organization to fulfill the mission of the California National Guard to support our communities and nation, and to ensure the public safety of our citizens. To accomplish this mission, the Joint Staff Division was added as a major entity within the Office of the Adjutant General to ensure the success of the joint staff concept. The Joint Staff Division governs the joint activities and performance of the Military Development in areas such as resource management, judicial affairs, internal controls, homeland defense, counterdrug operation and information technology. There are over 20 functional program areas within the Joint Staff. The purpose of this program is for both the Command Group and the Joint Staff Division to provide executive leadership, policy direction, and various support services to the users of the organization.

#### Major Budget Adjustments Proposed for 2001–02

- $207,000 General Fund and 2.8 personnel years to support information technology (IT) workload growth.
- $129,000 General Fund and 0.9 personnel year to establish the Employer Support to the Guard and Reserve (ESGR) Office.

#### Authority

Military and Veterans Code.

### 35 MILITARY SUPPORT TO CIVIL AUTHORITY

#### Program Objectives Statement

The Adjutant General is responsible for the employment of personnel and equipment to support the emergency needs of civil authority when called to duty by the Governor. To assure a timely and effective response of National Guard resources, policies and procedures governing use are continuously reviewed and updated. Liaison and coordination is maintained with federal, state and local agencies so that mutual understanding and unity of purpose is assured during an emergency. The objectives of this program are to plan and prepare for the employment of National Guard personnel and equipment to support civil authority when called to state service by the Governor due to domestic emergency or natural disaster, and to provide state, county, city and other public agencies with the coordination necessary to insure a timely, organized response.

The California National Guard deployed personnel in nine different categories to support civilian authorities. In these capacities, the California National Guard supported Active Duty for Special Work personnel to federal and state agencies in the interdiction of illegal drug activity totaling 1,200 missions for 160,694 military workdays; State Active Duty personnel for emergency support to state and local agencies totaling 80 missions for 12,902 workdays; Federal Training Status personnel for Search and Rescue by the Air National Guard providing support to the Air Force Rescue Coordination Center for two missions totaling 32 workdays.

The Temporary Emergency Shelter Program provides armories statewide for use by local officials to conduct emergency shelter programs for homeless persons during severe weather conditions. This program normally operates from November through March and is closely coordinated with the Office of Emergency Services, Department of Economic Opportunity, cities, and counties.

During 1999, the California National Guard was deployed on 1,280 missions for a total of 178,384 workdays.

#### Major Budget Adjustment Proposed for 2001–02

- $130,000 General Fund on a one-time basis to purchase modernized emergency radio communications equipment.

#### Authority

Military and Veterans Code.

*** Dollars in thousands, except in Salary Range.**

## 8940 MILITARY DEPARTMENT—Continued

### 40 MILITARY RETIREMENT

#### Program Objectives Statement

This program provides retirement benefits, similar to those provided by the federal military services, to persons who entered state active duty prior to October 1, 1961 and have served 20 or more years, at least 10 of which have been on state active duty, or have been separated for physical disability. All other permanent state employees are covered by the Public Employees' Retirement System. Currently, there are 42 retirees or annuitants receiving benefits under the Military Retirement Program.

#### Authority

Military and Veterans Code, Sections 228 and 256.

### 50 CALIFORNIA CADET CORPS

The California Cadet Corps is an educational program to develop qualities of leadership, patriotism, and citizenship in the young men and women of the state. The California Cadet Corps is a year-round program directed toward some 6,500 middle and high school youth. The Cadet Corps operates in conjunction with various public school districts throughout California. The Cadet Corps program has been identified as a school dropout prevention program by the Department of Education and a demand reduction program under the Federal Counter Narcotics Program. The 2000 Budget Act included funding for re-establishing the California Cadet Corps program with staff positions, operating expenses and equipment through 30 June 2001.

#### Major Budget Adjustment Proposed for 2001–02

- $588,000 General Fund and 5.7 personnel years to permanently establish the California Cadet Corps headquarters.

#### Authority

Military and Veterans Code.

### 55 STATE MILITARY RESERVE

#### Program Objectives Statement

The State Military Reserve is organized as a volunteer, cadre-level military organization which augments the California Military Department's support to National Guard organizations during training and military support to civil authorities during periods of state emergencies and disasters. Revitalized during the past two years, State Military Reserve members train once each month, support National Guard community programs, assist in youth group drug demand reduction programs, provide statewide emergency radio communications support, and assist in the National Guard's statewide Ready Families programs. State Military Reserve units are assigned to major National Guard organizations throughout California.

#### Authority

Military and Veterans Code.

### 65 CALIFORNIA NATIONAL GUARD YOUTH PROGRAMS

#### Program Objectives Statement

The California National Guard Youth Program addresses the problems of low self-esteem, poor social skills, inappropriate behavior and substandard academic performance found in many of California's at-risk youth. The Department either operates or directly supports eight unique youth programs throughout California. These programs are financed with both federal and state funds. The Angel Gate Academy program is a four-week residential program that provides leadership, self-discipline, team building, counselor and mentor/modeling for sixth, seventh and eighth-grade students from the Los Angeles Unified School District. Emphasis is placed on improving student math, science, reading and writing skills. The other residential program, the Grizzly Youth Academy (ChalleNGe Program), is a six-month resident program for 16 to 18 year-old school dropouts. The Academy resident phase of 22 weeks at Camp San Luis Obispo, includes a Charter School, through an educational partnership, that provides enhanced academic excellence focusing on high school graduation, GED, and/or continuing education. Volunteers and mentors, dedicated to changing lives are recruited to provide supervision, guidance and encouragement in their home community for the one-year after care program. Additionally, Camp San Luis Obispo is the location for the Turning Point Academy, which is a six-month residential academy for 15 to 18 year-old, first-time youthful offenders who bring a firearm to school. The Oakland Military Institute is a non-residential charter school program for middle and high school students. This program provides academic excellence using a military discipline model to assist low-income and minority students gain entry to top colleges and universities. The Yolo Youth Academy and Santa Clara Youth Academy are alternative community based day schools, for seventh through twelfth grade students through partnerships with the county Education and Probation Offices and the California National Guard. Students attend one or two semesters of a school year, based upon performance, with an objective of returning into mainstream educational programs or obtaining a general education diploma (G.E.D.). STARBASE Academy (Sciences and Technology Academics Reinforcing Basic Aviation and Space Exploration) in Sacramento, is offered as an educational enrichment program for fifth through eighth grade students in selected elementary and middle schools.

#### Major Budget Adjustments Proposed for 2001–02

- $353,000 General Fund and 2.8 personnel years to establish the California National Guard Youth Program headquarters.
- $10,630,000 General Fund and 97.9 personnel years for full-year costs to support 320 cadets and the operation of the Turning Point Academy located at Camp San Luis Obispo.

*** Dollars in thousands, except in Salary Range.**

# 8950 DEPARTMENT OF VETERANS AFFAIRS

The Department of Veterans Affairs has a threefold overall objective: (1) provide comprehensive assistance to veterans and dependents of veterans in obtaining benefits and rights to which they may be entitled under State and federal laws; (2) afford California veterans the opportunity of becoming homeowners through the medium of loans available to them under the Cal-Vet farm and home loan program; and (3) provide support for California veterans homes where eligible veterans may live in a retirement community and where nursing care and hospitalization are provided.

## 10 FARM AND HOME LOANS TO VETERANS

### Program Objectives Statement

Since 1921, the Cal-Vet loan program has served the needs of over 407,000 World War I, World War II, Korean, Vietnam, and Desert Storm veterans for long-term housing and farm loans. General Obligation Veterans Bonds and Revenue Veterans Bonds have been sold at intervals to provide funding for the program.

California veterans who served during a war period may now qualify for General Obligation Veterans Bonds or Revenue Veterans Bonds. Lending is directed primarily to Vietnam veterans. Loans with a maximum loan amount of $250,000 are issued for: single-family dwellings which include condominiums, townhouses and mobilehomes on land with an additional $5,000 allowed for solar heating devices; the maximum loan for mobile homes in parks is $70,000; and for farms is $300,000.

Cal-Vet has a Home Improvement Loan Program to assist active contract holders in securing certain home maintenance and renovation improvements. Maximum loan amounts are: $50,000 for veterans who qualify for loans supported by General Obligation Bonds, with a corresponding 15 year maximum loan term; and $15,000 for veterans who qualify for loans supported by Revenue Bonds, with a corresponding 12 year maximum loan term.

Veteran purchasers are charged interest on their loans at the lowest rate which will cover all costs of the program. The interest rates charged have provided for redemption of the bonds, debt service, and all program administrative charges, without any cost to the California taxpayer. Effective November 1, 1999 new loans were issued at fixed market interest rates.

### Authority

Article 3, Chapter 6, Division 4 of the California Military and Veterans Code.

## 20 VETERANS CLAIMS AND RIGHTS

### Program Objectives Statement

The Veterans Services Division provides service and assistance to California's veterans, dependents and survivors. Programs administered consist of: Veterans Dependents Educational Assistance Program, County Veterans Service Office Program, Medi-Cal Cost Avoidance Program, Claims and Rights Representation, and the Veterans License Plate Program. California, with over 3.0 million veterans, represents 12% of the nation's total veteran population.

### Major Budget Adjustment Proposed for 2001–02

- A General Fund augmentation of $77,000 and 0.9 personnel year to provide a Homeless Veterans Advocate at the Department of Veterans Affairs.

### Authority

Military and Veterans Code, Sections 699.5, 970–973; and California State civil service laws and rules, Article 4, paragraphs 18971–18976.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 8950 DEPARTMENT OF VETERANS AFFAIRS—Continued

### 30 CARE OF SICK AND DISABLED VETERANS

**Yountville:**

**Program Objectives Statement**

The Veterans Home maintains medical and nursing facility beds (including acute and intensive care beds, skilled nursing beds, and intermediate care nursing beds) and domiciliary facilities. The Veterans Home is one of the largest geriatric facilities in the country and has full support facilities, including consultation services of medical experts and services of a number of Veterans Administration and private hospitals in northern California.

The purpose of the Veterans Homes has been defined as, "... to provide a community of services for disabled California veterans that will improve overall health, reduce the incidence and severity of disabilities, and increase social interaction in an environment which promotes self-reliance and self-worth. . . ." The hospital and nursing units are licensed by the State Department of Health Services under Title 22, California Administrative Code. Funds to partially offset the cost of providing care are received from the Veterans Administration, Medicare, and Medi-Cal.

The programs and services for residents of the Veterans Home are developed in cooperation with the Veterans Administration, other state agencies, local government, private organizations, and educational facilities.

**Major Budget Adjustments Proposed for 2001–02**

- A one-time General Fund augmentation of $100,000 to create a homelike environment by redesigning interior and exterior common areas and adding furnishings.
- A one-time General Fund augmentation of $66,000 to complete a Department of General Services assessment of property to determine compliance with the Americans with Disabilities Act.

**Barstow:**

**Program Objectives Statement**

As of January 2001, the Veterans Home of California—Barstow will continue to maintain a 400-bed facility that includes a 180-bed skilled nursing facility, a 56-bed residential care facility for the elderly and a 164-bed independent living facility. The Veterans home was designed as the prototype for a 400-bed Veterans Home and includes a medical and dental outpatient clinic in addition to physical medicine and occupational therapy programs and recreational facilities. Local hospitals and the U.S. Department of Veterans Affairs Medical Center, Loma Linda provide acute care and hospitalization services. The primary program objective for the budget year is establishment of the appropriate bed configuration for long-term care for veterans residing in this geographical area. The programs and services for residents of the Veterans Home are developed in cooperation with the Veterans Administration, state agencies, local government agencies, private organizations and educational facilities.

**Major Budget Adjustment Proposed for 2000–01**

- The Administration is sponsoring legislation to provide $6.5 million General Fund to ensure that the appropriate level of care is provided to the residents of the Veterans Home—Barstow despite an unanticipated reduction in funding from the United States Department of Veterans Affairs (USDVA) and the Medi-Cal program.

**Chula Vista:**

**Program Objectives Statement**

Chapter 959, Statutes of 1991, authorized the Department to establish a Veterans Home in Southern California on one or more sites. This Home is designed as a 400-bed facility and will accommodate 165 veterans in domiciliary care, 55 in residential care and 180 in skilled nursing. The Home includes a medical and dental clinic plus therapy and recreation capabilities. Acute care and hospitalization are provided by the nearest community hospital and the United States Department of Veterans Affairs Medical Center.

**Major Budget Adjustment Included in 2000–01**

- General Fund expenditures for the Chula Vista Veterans Home are estimated to be $1.9 million less than anticipated because the skilled nursing facility is not yet operational, and residents are being admitted at a lower rate than expected. Reimbursements are also reduced by an estimated $2.3 million and expenditure of federal funds is reduced by and estimated $3.5 million to reflect this lower rate of admittance.

**Major Budget Adjustments Proposed for 2001–02**

- A General Fund augmentation of $346,000 to expand and improve the employee training program.
- A General Fund augmentation of $264,000 to implement a compensated work therapy program in concert with the USDVA.
- A General Fund augmentation of $256,000 and 3.8 personnel years to expand and strengthen the quality assurance function.

**Authority**

Military and Veterans Code, Section 1011.5.

### 40 FARM AND HOME LOANS TO NATIONAL GUARD MEMBERS

**Program Objectives Statement**

The California National Guard Members Farm and Home Purchase Act of 1978 became effective January 1, 1979, and authorized the Military Department to sell revenue bonds to provide low interest loans to National Guard members for the purchase of farms and homes. The loan provisions of this program are similar to those of the Cal-Vet Loan Program. Chapter 415, Statutes of 1996 transferred responsibility for administering the California National Guard members Farm and Home Purchase Act of 1978 from the Military Department to the Department of Veterans Affairs effective January 1, 1997.

Proceeds of $25 million were received in 1980 and 1981 from the sale of revenue bonds. An additional $15 million sale of revenue bonds was held in December of 1983. No more bond sales are authorized for funding new loans. Therefore, current workload involves maintenance and servicing of the existing loan portfolio which is gradually declining due to refinancing and the retirement of existing loans.

**Authority**

Article 4, Chapter 3 and Chapter 10, Part 1, Division 2, of the California Military and Veterans Code.

*** Dollars in thousands, except in Salary Range.**

## 8950 DEPARTMENT OF VETERANS AFFAIRS—Continued

### 45 VETERANS MEMORIALS

#### Program Objectives Statement

Chapter 765, Statutes of 1998 created the California Veterans Memorial Registry Fund for the deposit of financial contributions made for the support of the Veterans Registry, which is part of the California Veterans Memorial. The money in the fund is continuously appropriated to the department, without regard to fiscal year, for the purpose of defraying costs of data entry and system management for the Registry and for reasonable costs that are incurred by the department for administering the fund.

Chapter 864, Statutes of 1999 appropriated $1,032,000 from the General Fund to the Department of Veterans Affairs for allocation to the American Battle Monuments Commission. This constitutes a one-time donation to assist with the construction of a national monument honoring World War II veterans.

### 46 NORTHERN CALIFORNIA VETERANS CEMETERY

#### Program Objectives Statement

Chapter 604, Statutes of 1999, appropriated $520,000 General Fund to plan, develop and construct a Northern California Veterans Cemetery. Construction and equipment funding for the cemetery is to be derived from the State Cemetery Grant Program of the federal Department of Veterans Affairs.

### 50 GENERAL ADMINISTRATION

#### Program Objectives Statement

This program provides for the executive management of the Department's full range of programs and administrative support for, primarily, headquarters based programs. Functions include budgeting, accounting, personnel and business services. These costs are all distributed to the major programs.

#### Headquarters:

#### Major Budget Adjustment Proposed for 2001–02

- An augmentation of $77,000 ($69,000 General Fund) and 0.9 personnel year to provide a manager to coordinate the state cemetery program and serve as the Disabled Veteran Business Enterprise advocate.

---

## PROGRAM BUDGET DETAIL

### PROGRAM REQUIREMENTS
### 10 FARM AND HOME LOANS TO VETERANS

| | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|

# 9100 TAX RELIEF

California homeowners and renters are provided assistance through a variety of tax relief programs. Additional relief is provided to low-income senior citizens and disabled persons. Tax relief also is provided to people who agree to hold their land as open space under the Williamson Act of 1965.

This budget provides payments to cities and counties to help defray revenues lost as a result of property tax relief programs, and to individuals who qualify for special income tax offsets. Also, it includes funds for local housing authorities to rehabilitate housing units and enforce local building codes.

| SUMMARY OF PROGRAM REQUIREMENTS | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| 10 Senior Citizens' Property Tax Assistance | $15,957 | $69,619 | $24,583 |
| 20 Senior Citizens' Property Tax Deferral Program | 10,638 | 17,510 | 17,878 |
| 30 Senior Citizen Renters' Tax Assistance | 55,404 | 247,281 | 115,989 |
| 50 Homeowners' Property Tax Relief | 397,137 | 408,750 | 416,925 |
| 60 Subventions for Open Space | 36,814 | 37,900 | 38,000 |
| 90 Substandard Housing | 44 | 44 | 44 |
| 95 Vehicle License Fee Offset | 1,324,040 | 1,858,120 | 1,915,880 |
| 96 Vehicle License Fee Rebate Transfer | – | 2,052,000 | 578,016 |
| 98 State-Mandated Local Programs | 1,803 | 2,773 | 1,040 |
| TOTALS, PROGRAMS (General Fund) | $1,841,837 | $4,693,997 | $3,108,355 |

## 10 SENIOR CITIZENS' PROPERTY TAX ASSISTANCE

### Program Objectives Statement

The Senior Citizens' Property Tax Assistance Program, established in 1977, provides financial assistance to California residents who are 62 years of age or older, and to blind or disabled residents regardless of age. Each claimant must own and occupy a residential dwelling in which annual household income does not exceed a certain amount based on eligibility requirements. For 1998–99, household income may not exceed $13,200. However, Chapter 322, Statutes of 1998, increased the income limits to $33,132 beginning in 1999–00. Beginning in the year 2000, Chapter 322 requires annual indexing of the income limits. The percentage of assistance is inversely proportional to household income and is provided through a system of direct reimbursements for property taxes paid. The level of assistance ranges from 4 to 96 percent of property taxes paid on the full value of the residential dwelling up to $34,000. The 2000–01 Budget provided a one-time, 150 percent increase in participant's benefit levels.

In 2000–01, there were approximately 162,000 claimants in this program. For the budget year, an estimated 172,000 individuals will participate in this program. This program is administered by the Franchise Tax Board.

## 20 SENIOR CITIZENS' PROPERTY TAX DEFERRAL PROGRAM

### Program Objectives Statement

The Senior Citizens' Property Tax Deferral Program, established in 1977, allows eligible homeowners to defer payment of residential property taxes. The State pays the deferred taxes to local governments on behalf of the participants, and places a lien on their property to assure repayment

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 9100 TAX RELIEF—Continued

when the property is sold or transferred. A variable interest rate tied to the Pooled Money Investment Account is applied upon repayment to the State. Eligibility is limited to California residents 62 years of age or older, and to disabled residents regardless of age, who own and occupy their home or mobilehome, whose principal residence is located on real property for which the person holds a possessory interest for a term of 45 years or more, or whose principal residence is a unit of a cooperative housing corporation of which the person is a tenant-stockholder. The maximum qualifying level of income for this program is $34,000 for those who filed in 1983 and $24,000 for those who filed after 1983. It is estimated that approximately 11,000 senior or disabled homeowners are participating in this program in 2000–01.

## 30 SENIOR CITIZEN RENTERS' TAX ASSISTANCE

### Program Objectives Statement

The Senior Citizen Renters' Tax Assistance Program, established in 1977, provides financial assistance to low-income renters who are 62 years of age or older, and to blind or disabled renters regardless of age. The percentage of assistance is inversely proportional to income and ranges from 4 to 96 percent of an assumed $250 property tax equivalent. The maximum qualifying level of annual income for this program is based on eligibility requirements. For 1998–99, household income may not exceed $13,200. However, Chapter 322, Statutes of 1998, increased the income limits to $33,132 for 1999–2000. Beginning in the year 2000, Chapter 322 requires annual indexing of the income limits. The 2000–01 Budget provided a one-time, 150 percent increase in participant's benefit levels. Assistance payments are prorated for claimants renting less than a full year. If a claimant owns a home for part of a year and also rents for part of the same year, a claim may be filed for either the Senior Citizens' Property Tax Assistance Program or the Senior Citizen Renters' Tax Assistance Program, but not both. In 2000–01, there were approximately 488,000 claimants in the Senior Citizen Renters' Tax Assistance Program. For the budget year, an estimated 542,000 individuals will participate in this program. This program is administered by the Franchise Tax Board.

## 50 HOMEOWNERS' PROPERTY TAX RELIEF

### Program Objectives Statement

In order to reduce the property tax burden, the California Constitution exempts homeowners from paying property taxes on the first $7,000 of the assessed value of their principal place of residence. The Constitution requires the State to reimburse local governments for revenues lost due to the homeowners' exemption. Over 5 million homeowners participate in this program.

## 60 SUBVENTIONS FOR OPEN SPACE

### Program Objectives Statement

The Williamson Act of 1965 permits cities and counties to enter into contracts with landowners to limit the use of land to agricultural, scenic and open-space purposes. Article XIII, Section 8, of the California Constitution permits land under such restrictions to be assessed at other than market value based on its limited use. The State provides reimbursements to cities, counties and school districts to partially defray the loss of property tax revenues. The subvention amount is determined by the type of land under contract: $5 per acre for prime agricultural land and $1 per acre for all other land devoted to open space uses of statewide significance. This program reflects payments to cities and counties only. School district subventions are included in apportionments for education.

Chapter 1075, Statutes of 1979, provided that land under open space contracts may be assessed under the provisions of Article XIII A of the State Constitution (Proposition 13) if the value is less than the capitalization-of-income method of valuation. State payments are made only on parcels where the value is based on capitalization of income.

Chapter 353, Statutes of 1998, allowed increased subvention payments for land currently under Williamson Act contract. Contracted land that is assessed at a lower rate than the Williamson Act subvention amounts is not eligible for subvention payments unless these lands are part of a Farmland Security Zone (FSZ) contract. Williamson Act lands previously not eligible for subventions became eligible for $5 per acre upon inclusion in a FSZ contract as a result of Chapter 353. This resulted in an increase in the amount of Williamson Act lands included in FSZ contracts in 1999–00.

In addition, Chapter 1019, Statutes of 1999, increased payments on FSZ lands that are located within a city's sphere of influence or within three miles of the city's sphere of influence. These lands are eligible to receive $8 per acre instead of $5 per acre, beginning in 2000–01.

## 90 SUBSTANDARD HOUSING

### Program Objectives Statement

Chapter 238, Statutes of 1974, provided that if a taxpayer derived rental income from substandard housing, no deduction for interest, taxes, depreciation or amortization paid in conjunction with such substandard housing would be allowed under the Personal Income Tax or Bank and Corporation Tax Law. The State retained the revenue derived from this provision. In 2000–01, $44,000 was retained by the State.

Chapter 1286, Statutes of 1978, provided that revenue derived from this provision shall be allocated to the cities and counties where the substandard housing is located and used for the enforcement of housing codes and rehabilitation of housing. On the basis of the amount retained by the State in 2000–01, the allocation for 2001–02 is proposed to be $44,000.

## 95 MOTOR VEHICLE LICENSE FEE RELIEF

### Program Objectives Statement

Chapter 322, Statutes of 1998, provides for an offset to the total amount of vehicle license fees owed by vehicle owners. This offset amount (a discount amount on the vehicle registration bill) may increase over time depending on the forecast of State General Fund revenue, as specified.

Beginning on January 1, 1999, an offset of 25 percent of the amount of VLF owed became operative. Chapter 74, Statutes of 1999, increased the offset to 35 percent for calendar year 2000. Chapter 107, Statutes of 2000, extends the 35 percent credit through calendar year 2002 and provides for an additional 32.5 percent VLF reduction, which will be returned to taxpayers in the form of a rebate. Beginning in 2003, VLF will be permanently reduced by 67.5 percent.

Chapter 322 provides for a continuous appropriation from the General Fund to replace the VLF revenue that local governments lose due to the offset. Chapter 107 requires the 32.5 percent rebate to also be paid from the General Fund. The total cost of this tax relief in 2001–02 is estimated to be $3.680 billion.

*** Dollars in thousands, except in Salary Range.**

## 9100 TAX RELIEF—Continued

### 98 STATE-MANDATED LOCAL PROGRAMS

**Program Objectives Statement**

The objective of this program is to provide funding, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain State-mandated local programs. Funding for three ongoing mandates is proposed for inclusion in the Budget Act. In addition, this budget proposes to continue the suspension of the Senior Citizen's Mobile Home Property Tax Deferral mandate (Ch 1051/83) and the Property Tax-Family Transfers mandate (Ch 48/87).

## 9210 LOCAL GOVERNMENT FINANCING

Local governments receive a variety of subventions from the State for designated purposes such as health, welfare, and public safety programs. The State also reimburses local governments for revenue lost due to the establishment of tax exemptions. These local assistance expenditures are reflected in the individual budget areas for each specific program. In addition, several programs have been established to provide general purpose revenue to counties, cities, and special districts when special circumstances have occurred. The Local Government Financing program includes those payments to local government where the funds may be used for any general government purpose as well as funds for one-time, designated purposes.

The special supplemental subventions program for redevelopment agencies (RDAs) has recently been only for those relatively few RDAs that had disproportionately relied on the earlier subvention program for revenue to support bond debt, and to those RDAs for which special supplemental subventions historically provided more than 10 percent of their total revenues. The 2001–02 Budget proposes a $1.6 million appropriation for those RDAs which pledged the subvention for payment of debt service on bonds and can demonstrate that tax increment revenues are insufficient to cover debt service requirements for those bonds.

Chapter 914, Statutes of 1995 (AB 818), provided for a total of $60 million in loans to eligible counties in fiscal years 1995–96, 1996–97, and 1997–98 to enhance the counties' current property tax systems. Chapter 420, Statutes of 1997, extended the Property Tax Administration Loan Program through 2000–01. Chapter 602, Statutes of 2000 (AB 1036), extended the program through 2001–02. County eligibility is determined by a county's ability to reduce the State's General Fund allocation to schools by generating or preserving additional property tax revenue through increased performance of the assessor's office.

Chapter 134, Statutes of 1996, established the Citizens' Option for Public Safety Program (COPS), which provided $100 million in General Fund monies to local jurisdictions for public safety purposes in 1997–98. Chapter 289, Statutes of 1997, provided for $100 million to be appropriated in the Budget Act annually to fund the COPS program through 1999–00. Chapter 353, Statutes of 2000 (AB 1913), extended the COPS program through 2001–02 and also added funding for juvenile crime prevention programs. The 2001–02 Budget proposes $242.6 million to extend funding through 2001–02.

Funding has been included in Local Government Financing, pursuant to Section 6 of Article XIIIB of the California Constitution, to reimburse local entities for costs they incur in complying with certain State-mandated local programs. This budget proposes to continue the suspension of six programs, Chapter 845/78—Filipino employee surveys, Chapter 1281/80—Involuntary lien notices, Chapter 889/81—Lis Pendens, Chapter 980/84—Proration of fines and court audits, Chapter 1609/84—Domestic violence information and Chapter 1334/87—CPR Pocket Masks.

Chapter 903, Statutes of 2000 (AB 1396), appropriated a $212 million subvention to local jurisdictions for local agency fiscal relief. Of this amount, $100 million is allocated to counties, cities, cities and counties, and special districts based on their contribution to the county Educational Revenue Augmentation Fund (ERAF). An additional $2 million is allocated to parks and recreation districts based on their ERAF contribution. $100 million is allocated to counties, cities, and cities and counties on a per capita basis. An additional $10 million is allocated to counties on a per capita basis. For 2001–02, $250 million in discretionary local government relief is proposed.

## SUMMARY BY OBJECT
## RECONCILIATION WITH APPROPRIATIONS
## 2 LOCAL ASSISTANCE
## 0001 General Fund

| APPORTIONMENT OF TIDELAND REVENUES | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|
| A portion of the revenues received from tide and submerged lands is apportioned to each city or county having within its boundaries such lands granted to it by the State for which the State has reserved the rights to the mineral deposits. Tideland apportionment payments are calculated at 1 percent of revenues paid to the State. This revenue must be used for commerce, navigation, fisheries, protection of lands, or for beaches and the coastline. (Section 6817 of the Public Resources Code.) (expenditures) (9460) | $73 | $250 | $250 |
| APPORTIONMENT OF TRANSPORTATION INVESTMENT FUND | | | |
| Chapter 91, Statutes of 2000, created the Transportation Investment Fund and specified that cities and counties would each receive 20 percent of the sales tax on gasoline. | | | |
| Transfer to Transportation Investment Fund 3008 (9535) | – | – | 170,894 |
| APPORTIONMENT OF TRAILER VEHICLE LICENSE FEE BACKFILL FOR INTERNATIONAL REGISTRATION PLAN CONFORMITY | | | |
| Chapter 861, Statutes of 2000, removed vehicle license fees from commercial trailers in order to comply with International Registration Plan standards. Chapter 861 requires the State to reimburse cities and counties with equal shares of the Vehicle License Fee (VLF) revenue they would have received if the VLF had been paid for trailers. | | | |
| To cities | – | – | 15,539 |
| To counties | – | – | 15,539 |
| Subtotal (9430) | – | – | $31,078 |
| Totals, Apportionment of General Fund | $73 | $250 | $202,222 |

### 0034 Geothermal Resources Development Account [s]

| APPORTIONMENT OF GEOTHERMAL RESOURCES DEVELOPMENT | | | |
|---|---|---|---|
| Forty percent of all money received from the federal government for geothermal leases is paid to each county based on its pro rata share of geothermal lease sale property. (Section 3821 of the Public Resources Code.) | | | |
| To counties (expenditures) (9520) | $949 | $933 | $933 |

### 0062 Highway Users Tax Account, Transportation Tax Fund [s]

| APPORTIONMENT OF MOTOR VEHICLE FUEL TAX FOR COUNTY ROADS | | | |
|---|---|---|---|
| An amount equal to the revenue derived from 2.035 cents per gallon tax under the Motor Vehicle Fuel License Tax Law and 1.8 cents per gallon tax under the Use Fuel Tax Law and Diesel Fuel Tax Law is apportioned monthly among counties for maintenance of county roads. Payments are made for engineering costs, administrative expenses, snow removal, and heavy rainfall and storm damage. The majority of the money is apportioned based on the number of registered vehicles and miles of maintained county roads. (Section 2104 of the Streets and Highways Code.) | | | |
| To counties (expenditures) (9480) | $319,169 | $328,623 | $337,490 |

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**

## 9350 SHARED REVENUES—Continued

| APPORTIONMENT OF MOTOR VEHICLE FUEL TAX FOR CITY STREETS | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| An amount equal to the revenue derived from 1.315 cents per gallon tax under the Motor Vehicle Fuel License Tax Law, 2.59 cents per gallon tax under the Use Fuel Tax Law and 1.8 cents per gallon under the Diesel Fuel Tax Law is apportioned monthly to cities for maintenance of city streets. Payments are made for engineering costs, administrative expenses, and snow removal. Most of the revenue is distributed to cities based on population. (Sections 2107 and 2107.5 of the Streets and Highways Code.) | | | |
| To cities (expenditures) (9490) | $227,425 | $229,652 | $236,202 |
| APPORTIONMENT OF MOTOR VEHICLE FUEL TAX FOR COUNTY ROADS AND CITY STREETS | | | |
| An amount equal to the revenue derived from 1.04 cents per gallon tax under the Motor Vehicle Fuel License Tax Law is apportioned as follows: $400 per month to each city and city and county, $800 per month to each county and city and county, and $83,333 per month to the Bicycle Lane Account in the State Transportation Fund. The balance of the revenue is apportioned based on registered vehicles in each county. The county receives the percentage of the revenue equal to the share of assessed value in the unincorporated area of the county. Cities in the county are apportioned the remainder based on population. (Section 2106 of the Streets and Highways Code.) | | | |
| To counties and cities (expenditures) (9500) | 141,405 | 142,687 | 140,362 |
| APPORTIONMENT OF MOTOR VEHICLE FUEL TAX TO COUNTIES AND CITIES FOR STREET AND HIGHWAY PURPOSES | | | |
| An amount equal to the sum of the net revenue from a tax of 11.5 percent of any per-gallon tax in excess of nine cents per gallon under the Motor Vehicle Fuel License Tax Law, Use Fuel Tax Law and Diesel Fuel Tax Law is apportioned monthly to cities and counties. Apportionments to counties are based on receipts under Sections 2104 and 2106 of the Streets and Highways Code, on the number of fee-paid and exempt vehicles registered in each county, and on the number of miles of county-maintained roads. Apportionments to cities are based on population. (Section 2105 of the Streets and Highways Code.) | | | |
| To counties and cities (expenditures) (9505) | 334,772 | 349,410 | 359,742 |
| Totals, Apportionment of Motor Vehicle Fuel Tax (expenditures) | $1,022,771 | $1,050,372 | $1,073,796 |

### 0064 Motor Vehicle License Fee Account, Transportation Tax Fund [s]

| APPORTIONMENT OF MOTOR VEHICLE LICENSE FEES | | | |
|---|---|---|---|
| A license fee is imposed annually on vehicles at a sum equal to 2 percent of the market value based on a depreciation schedule. Chapter 87, Statutes of 1991, increased the factors of that depreciation schedule, resulting in increased Motor Vehicle License Fee revenues. The increased revenues are used to fund a portion of the realignment of State and local fiscal responsibilities relating to two major health and welfare programs. Motor Vehicle License Fee revenues are apportioned monthly. Legislation enacted in 1992 eliminated the apportionment of trailer coach fees as of September 15, 1992, and required the fees to be deposited in the General Fund. Revenue and Taxation Code Section 11005 provided that 18.75 percent of Motor Vehicle License Fees be distributed to cities which had not levied a property tax prior to Proposition 13 and to counties. Chapter 1211, Statutes of 1987, ended the allocation to these cities, beginning in fiscal year 1988–89. Chapter 944, Statutes of 1988, restored the allocation of revenue to the "no property tax cities". Amounts received are reduced by the amount of property tax revenues received as a result of the implementation of the Brown-Presley Trial Court Funding Act of 1988 (Chapter 945, Statutes of 1988). Distribution to counties is based on the amount of Personal Property Tax Relief Subventions received in 1982–83 and population. Chapter 322, Statutes of 1998, provided for a credit of 25 percent to vehicle owners on the amount of vehicle license fees paid in calendar year 1999. In addition, Chapter 322 provides that the General Fund will backfill the reduction in motor vehicle license fees to local governments, as specified. Chapter 74, Statutes of 1999, increased the credit to 35 percent for the 2000 calendar year. | | | |
| To cities | $1,333,952 | $1,453,429 | $1,548,654 |
| To counties | 1,949,622 | 2,124,243 | 2,263,418 |
| Subtotal | $3,283,574 | $3,577,672 | $3,812,072 |

*** Dollars in thousands, except in Salary Range.**

## 9350 SHARED REVENUES—Continued

| Less Funding Provided by the General Fund per Revenue and Taxation Code Sections 11005 and 11005.1 | –$1,000,858 | –$1,406,597 | –$1,450,321 |
| Totals, Apportionment of Motor Vehicle License Fees (expenditures) (9430) | $2,282,716 | $2,171,075 | $2,361,751 |

### 0261 Off-Highway License Fee Fund [s]

APPORTIONMENT OF OFF-HIGHWAY LICENSE FEES

A four-dollar fee is imposed on every off-highway motor vehicle, in addition to registration fees, in lieu of all taxes levied on value for State or local purposes. Fifty percent is paid to counties and cities and counties based on population and fifty percent is paid to cities and cities and counties based on population. The payments are made each July and January. (Sections 38230 and 38240 of the Vehicle Code.)

| | | | |
|---|---|---|---|
| To cities | $496 | $500 | $500 |
| To counties | 496 | 500 | 500 |
| Totals, Apportionment of Off-Highway License Fees (expenditures) (9380) | $992 | $1,000 | $1,000 |

### 0874 United States Flood Control Receipts Fund [f]

APPORTIONMENT OF FEDERAL RECEIPTS FROM FLOOD CONTROL LANDS

Money received from the federal government for lands acquired for flood purposes is prorated to the counties in which such lands are located. Payment is made each January.

| | | | |
|---|---|---|---|
| To counties (expenditures) (9390) | $203 | $225 | $225 |

### 0878 United States Forest Reserve Fund [f]

APPORTIONMENT OF FEDERAL RECEIPTS FROM FOREST RESERVES

Money received from the federal government for the State's share of receipts from forest reserves is prorated to counties in which such forest reserves are located. Payments are made each November and December.

| | | | |
|---|---|---|---|
| To counties (expenditures) (9400) | $28,634 | $32,000 | $32,000 |

### 0882 United States Grazing Fee Fund [f]

APPORTIONMENT OF FEDERAL RECEIPTS FROM GRAZING LAND

Money received from the federal government for grazing land is prorated to counties in which such grazing lands are located. Payment is made each February.

| | | | |
|---|---|---|---|
| To counties (expenditures) (9410) | $75 | $100 | $100 |

### 0890 Federal Trust Fund [f]

APPORTIONMENT OF FEDERAL POTASH LEASE RENTALS

Money received from the federal government for potash lands in California is prorated to school districts. Payments are made monthly. (expenditures)

| | | | |
|---|---|---|---|
| (9420) | $1,593 | $2,000 | $2,000 |

### 3007 Traffic Congestion Relief Fund [s]

APPORTIONMENT OF TRAFFIC CONGESTION RELIEF FUND

Pursuant to Chapter 91, Statutes of 2000, $400 million in funds from the Traffic Congestion Relief Fund were allocated to cities and counties for street and road maintenance, rehabilitation, and reconstruction.

| | | | |

# DEBT SERVICE
# 9600 GENERAL OBLIGATION BONDS AND COMMERCIAL PAPER

The general obligation bond and commercial paper interest and redemption program is based upon the debt service cash needs of the related programs. Assumptions of the debt service on the remaining 2000–01 and 2001–02 General Obligation bond sales are reflected in this budget. These assumptions are anticipated by the State Treasurer's Office. For information on issued and unissued bonds, total amounts of authorized bonds, and proposed sales, please refer to Summary Schedule 11. Summary Schedule 11 is contained in the Appendix of the Governor's Budget Summary.

| **Program Requirements** | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|

## 9610 LEASE-REVENUE NOTES AND BONDS

This budget is limited to those long-term lease arrangements, generally resulting in a capital acquisition or improvement, for which a bond or note has been issued as the underlying source of funds. This budget reflects expenditures for the appropriations necessary for the lease payments which are contained in the support budgets of the affected departments or agencies and may vary from this display because of reappropriations from prior years savings or reimbursements from bond surplus accounts. This display is intended to meet the needs of the financial community for summary information relating to lease-revenue debt. The proposed sales detailed in this budget are anticipated by the Department of Finance and the State Treasurer's Office.

**Summary of Issued Bonds**
**(In millions)**

# 9620 PAYMENT OF INTEREST ON GENERAL FUND LOANS

Chapter 312, Statutes of 1907, authorized transfers to the General Fund from other funds in the State Treasury whenever the General Fund was exhausted. This enabled the General Fund to overcome normal cashflow imbalances. All money so transferred had to be returned as soon as possible, and such transfers were not to interfere with the day-to-day needs of the loaning funds. Some of the provisions in Chapter 312 have been modified slightly over the years and are now contained in Sections 16310 and 16418 of the Government Code. This type of transfer is referred to as ''internal borrowing''.

Internal borrowing is used to meet the State's short-term cashflow borrowing needs. This type of borrowing does not indicate fiscal weakness and, in fact, may be preferable to carrying too large a reserve.

In addition to the short-term internal borrowing described above, temporary external borrowing has been validated by the courts if it meets what has become known as the ''appropriation doctrine''. Under this rule, an obligation is not considered a debt or liability within the State Constitutional limitation on indebtedness (Section 1 of Article XVI) if an appropriation is made from existing funds, or reasonably anticipated funds subject to appropriation. This doctrine was invoked in 1933 and 1936 to uphold the use of registered warrants during the Great Depression and again in 1971 to validate the State of California Notes provisions of Chapter 223, Statutes of 1971. These latter provisions were invoked in 1971–72 in lieu of the more costly registered warrant authority used during the Depression and, like registered warrants, required the exhaustion of all internal sources of funds before being implemented. The State of California Notes provisions were re-enacted by Chapter 10X, Statutes of 1983 (AB 28X), and employed in both 1982–83 and 1983–84.

In 1984–85, the State implemented a cash management program pursuant to Chapter 268, Statutes of 1984, which provided the flexibility to borrow from external sources prior to exhausting internal sources. Under this program, the use of external funds results in a savings to the General Fund, as well as increased revenue to the various special funds which the General Fund otherwise would generally have borrowed interest free for 10 percent of the income pursuant to Sections 16310 and 16418 of the Government Code.

Various external sources of borrowing are available to the State to manage cashflow needs. These sources include revenue anticipation notes (RANs), registered reimbursement warrants (RAWs), and registered warrants.

Chapter 697, Statutes of 1995 (SB 1337), authorized the State Treasurer to develop and implement a Commercial Paper Program. This program provides another financing option for the State to use in managing its short-term cashflow needs.

The State did not issue any RANs in the 2000–01 fiscal year due to an exceptionally healthy General Fund cash balance. The State does not anticipate issuing RANs in the 2001–02 fiscal year.

Pursuant to Government Code Sections 12020 and 12021, statements of accounts payable and receivable and of cashflow for the past, current, and budget years are included as Schedule 5 in the Governor's Budget Summary. Neither cash receipts nor disbursements match revenues and expenditures presented elsewhere in this Budget. In order to reflect cashflow, budget data is converted to cash basis primarily by adjusting for cash collected by an agency but not yet recorded by the State Controller's Office, and for accrued expenditures. Receipt and disbursement projections are adjusted to reflect various changes in statutes, anticipated legislative action, and administrative action. The estimated 2000–01 and 2001–02 cashflows incorporate revenue and expenditure measures reflected in this Budget, as of January 10, 2001.

## Authority

Government Code Sections 12020, 12021, 16310, 16418, 16731.6, 17200–17280, 17300–17313. Budget Act Item 9620-001-0001 and Control Section 12.30.

# 9625 INTEREST PAYMENTS TO THE FEDERAL GOVERNMENT

As a result of Public Law 101-453, 31 U.S.C. 3335 and 6503, which enacted the Cash Management Improvement Act of 1990 (CMIA), the State will incur an interest liability to the federal government. The purpose of CMIA is to ensure greater efficiency, effectiveness, and equity in the exchange of funds between the federal government and the State. The major provisions of CMIA are: (a) federal agencies must make timely fund disbursements and grant awards to the State; (b) the State must minimize the time between the deposit of federal funds in the state account and the payout of the funds for program purposes; (c) the State is entitled to interest from the federal government from the time state funds are paid out for program purposes until federal funds are deposited in the state account; and (d) the federal government is entitled to interest from the State from the time federal funds are deposited in the state account until the funds are paid out for program purposes.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 9625 INTEREST PAYMENTS TO THE FEDERAL GOVERNMENT—Continued

The programs impacted by the CMIA are the federal assistance programs which have $79 million or more in federal fund expenditures. For the majority of these programs, state agencies request federal funds in advance of the warrant issuance. State agencies use this funding technique because the State Constitution requires that the funds be deposited before the warrants are issued.

The interest payments to the federal government are due no later than March 1 each year. The payment made by March 1, 2001 will be for interest liability incurred during the State's 1999–00 fiscal year.

## 9650 HEALTH AND DENTAL BENEFITS FOR ANNUITANTS

This program provides funding for health and dental benefit services for retired state employees. The program began on January 1, 1962, with an employer contribution of $5.00 per month toward the cost of a basic health plan. Since then, major medical plans, Medicare, and plans supplementing Medicare have been developed. Dental care was added July 1, 1981, and became effective on January 1, 1982, after open enrollment was completed.

The proposed 2001–02 employer contribution for health premiums maintains the average 100/90 percent contribution formula established in Government Code Section 22825.1. The 2000–01 monthly contribution maximums are $201 for a single enrollee, $382 for an enrollee and one dependent, and $488 for an enrollee and two or more dependents. Dental care premiums vary by plan and number of dependents.

The 2001–02 budget proposes an increase of $20.5 million General Fund to fund increases attributable to growth in the number of health and dental benefit enrollees.

Health and dental benefit premium rates for the second half of the 2001–02 fiscal year are currently being negotiated and will be addressed as part of the 2001–02 May revision process.

# 9670 EQUITY CLAIMS OF CALIFORNIA VICTIM COMPENSATION AND GOVERNMENT CLAIMS BOARD AND SETTLEMENTS AND JUDGMENTS BY DEPARTMENT OF JUSTICE

This budget reflects statewide expenditures for all equity claims against the state approved for payment by the California Victim Compensation and Government Claims Board and all settlements and judgments against the state sponsored by the Attorney General's Office. Payment of these claims is provided to claimants through the passage of special legislation. Each year, two equity claims bills are proposed by the California Victim Compensation and Government Claims Board and two settlements and judgments bills are proposed by the Attorney General's Office.

## 10 EQUITY CLAIMS

### Program Objectives Statement

This program includes all claims approved by the three-member California Victim Compensation and Government Claims Board and referred to the Legislature in the omnibus claims bills for payment. The program provides an equitable procedure for the payment of the following categories of claims:

(a) Claims for which no appropriation has been made or for which no fund is available, but the settlement of which has been provided for by statute or constitutional provision.

(b) Claims for which the appropriation made or fund designated is exhausted.

(c) Claims for which settlement is not otherwise provided for by statute or constitutional provision.

The California Victim Compensation and Government Claims Board must submit special appropriation measures under Chapter 182, Statutes of 1976, at least twice during each calendar year. Current year expenditures for the payment of 2000–01 equity claims include funds appropriated by Chapters 85 and 1014, Statutes of 2000.

## 20 SETTLEMENTS AND JUDGMENTS

### Program Objectives Statement

This program includes claims paid through "judgments and settlements" bills sponsored by the Department of Justice each year. The claims are either judgments against the state or settlements approved by the Department of Justice pursuant to the authority provided in Government Code Section 948, et seq. Current year expenditures for the payment of judgments and settlements include funds appropriated by Chapter 166, Statutes of 2000.

| EXPENDITURES BY FUND: | 1999–00* | 2000–01* | 2001–02* |
|---|---|---|---|
| Claims of Attorney General | | | |
| *0001 General Fund* | *$20,179* | *$947* | – |

| *0044 Motor Vehicle Account* | *998* | *2,850* | – |
| Totals, Special Funds | $998 | $2,850 | – |
| Totals, Governmental Funds | $21,177 | $3,797 | – |
| Totals, Claims of the Attorney General | $21,177 | $3,797 | – |

## 30 ADMINISTRATION AND PAYMENT OF TORT LIABILITY CLAIMS

### Program Objectives Statement

In the past, the State assumed liability for all losses up to $5 million and purchased insurance covering losses from $5 million to $50 million. The State's general insurance policy was discontinued in 1977–78 based on a cost/benefit study made by the Department of Finance. A small number of agencies with unique liability problems are covered under special insurance policies. The amounts of settlements and awards vary, sometimes significantly, from year to year depending upon the cases in litigation and the amounts estimated to be awarded in each instance.

Government Code Section 948 provides that the head of any state agency, upon recommendation of the Attorney General, may settle, adjust, or compromise any pending action with approval of the Director of Finance. Current administrative policy delegates Finance's approval authority to the Attorney General for actions not exceeding $35,000. General Fund and special fund claims with principal amounts of up to $70,000, approved by the Director of Finance, may be paid from the appropriation in the Budget Act. Claims that exceed $70,000 in principal may be paid through special appropriation legislation. To the extent possible, affected agencies or departments are to make payment of claims from within existing budgeted resources before seeking payment from this Budget Act item.

To provide a comprehensive statement of statewide costs for the tort program, the format below includes a statewide display of tort-related expenditures. Special fund program expenditures are reflected in the department or agency budgets in which the costs are incurred unless paid through special appropriation legislation.

*** Dollars in thousands, except in Salary Range.**

## 40 REFUNDS OF OUT-OF-STATE SMOG FEES

### Program Objectives Statement

Chapter 32, Statutes of 2000, appropriated $665,261,000 from the General Fund to a special deposit fund managed by the Department of Motor Vehicles for payment of smog impact fee refunds to eligible recipients. This $300 fee was collected from persons who brought vehicles to California from other states between 1990 and 1999. In 1999, a court decision determined the fee to be unconstitutional and the Administration is committed to providing refunds in 2000–01 to all motorists who paid the fee.

## 9800 AUGMENTATION FOR EMPLOYEE COMPENSATION

This budget reflects funding augmentation amounts for state civil service and related employee compensation. Employee compensation funding is based on approved Memoranda of Understanding (MOU) for represented employees and the announcement of salary and benefit levels by the Department of Personnel Administration (DPA) or other authorized entities for excluded employees. The base employee salary and benefit funding levels are included in individual department budgets.

Existing agreements with the State's 21 collective bargaining units will expire on or before July 2, 2001. The DPA, which represents the Governor in collective bargaining negotiations and other employer-employee matters, will begin the collective bargaining process again in spring 2001. Fiscal adjustments necessary to implement the negotiated terms and conditions of employment contained in the new MOU will be addressed at the conclusion of the collective bargaining process.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

## 9800 AUGMENTATION FOR EMPLOYEE COMPENSATION—Continued

### Major Budget Adjustments Included in 2000–01

- $16.3 million ($8.2 million General Fund) to fund increases in the employer's maximum contribution for employee health benefits pursuant to good faith collective bargaining for represented employees and as approved by DPA for excluded employees.
- $32.1 million ($14.7 million General Fund) to fund employee compensation adjustments related to information technology classifications pursuant to good faith collective bargaining and to fund the Leave Buy-Back Program as approved by DPA for excluded employees.

| SUMMARY OF PROGRAM REQUIREMENTS | *1999–00** | *2000–01** | *2001–02** |

# 9818 FEDERAL LEVY OF STATE FUNDS

The Federal Levy of State Funds expenditure program is based upon the authority of the federal courts, under certain circumstances, to issue a judgment or ''writ of execution'' against the State of California. In such cases, funds are attached from accounts maintained by the State Treasurer's Office at state depository banks. Since no specific appropriations for these judgments have been made, the Office of the State Controller previously charged these claims against the unappropriated surplus of the General Fund. Beginning with the 1991–92 fiscal year, the funding process was changed to include Budget Act authority (Control Section 9.30) to authorize the Department of Finance to identify specific appropriations or funds to be charged.

The following Summary of Federal Levies lists all court-ordered levies paid by the Office of the State Controller for the 1999–00 fiscal year. Levies charged to specific departments' appropriations are displayed in this budget as information only and, therefore, shown in parentheses. However, when no specific appropriation can be identified, the Controller charges expenditures to the unappropriated surplus of the General Fund. These expenditures are displayed in this budget.

| SUMMARY OF FEDERAL LEVIES<br>General Fund | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| Belton vs. Department of Corrections (December 29, 1999) | ($2) | – | – |
| San Francisco NAACP, et al. vs. Department of Education (June 26, 2000) | (46) | – | – |
| TOTALS, FEDERAL LEVIES | ($48) | – | – |

# 9840 AUGMENTATION FOR CONTINGENCIES OR EMERGENCIES

The Budget Act annually provides appropriations for unforeseen contingencies or emergencies for which no appropriation or an insufficient appropriation has been made. Amounts, as required, are allocated to the various agencies by the Department of Finance based upon the determination of need. Because the amounts provided in the Budget Act are nominal amounts and typically cannot meet total deficiency funding needs, the Department of Finance annually sponsors a deficiency bill to provide additional funding. General Fund loans are authorized to meet the needs of programs which would be curtailed due to delayed receipt of reimbursements, revenues or other financing.

| SUMMARY OF PROGRAM REQUIREMENTS | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| 10 Totals, Expenditures (Unallocated) | – | $5,000 | $5,000 |
| *0001 General Fund* | – | *2,000* | *2,000* |
| *0494 Special funds* | – | *1,500* | *1,500* |
| *0988 Nongovernmental cost funds* | – | *1,500* | *1,500* |

For the 1999–00 fiscal year, deficiency funding requests were approved by the Department of Finance in the amount of $666,727,000 for the General Fund, $42,512,000 for special funds and $29,947,000 for nongovernmental cost funds. It is anticipated that a deficiency bill for these requests will be enacted in early January 2001. The annual 2000–01 deficiency bill will propose additional funding of $504,231,000 for the General Fund, $30,857,000 for special funds and $63,713,000 for the nongovernmental cost funds. Item 9840 reflects $2,000,000 (General Fund), $1,500,000 (special funds) and $1,500,000 (nongovernmental cost funds) as expenditures in the 2000–01 fiscal year. These same amounts and related funds are proposed for appropriation for the 2001–02 fiscal year. The authorization to make temporary loans from the General Fund is proposed to be continued at $2,500,000 for the 2001–02 fiscal year.

The detail below includes allocations for emergencies or contingencies from the General Fund, special funds, and nongovernmental cost funds and loans from the General Fund. All of these allocations are shown as available funds in each applicable agency budget.

## DETAIL OF ALLOCATIONS IN AGENCY BUDGETS

STATE OPERATIONS

| | 1999–00 * | 2000–01 * | Fund (Class) |
|---|---|---|---|

# 9885 RESERVE FOR LIQUIDATION OF ENCUMBRANCES

Encumbrances (obligations for which goods and services have not been received by the State) are included in the expenditure totals for individual budget displays. This budget reflects a statewide adjustment to reduce expenditures by the encumbrance amounts in order to display the encumbrances, in accordance with Generally Accepted Accounting Principles, as a reserve against the General Fund balance. This procedure for the treatment of encumbrances was added to Government Code Section 13307 pursuant to Chapter 1238, Statutes of 1990.

| SUMMARY OF PROGRAM REQUIREMENTS | *1999–00** | *2000–01** | *2001–02** |
|---|---|---|---|
| Encumbrance Adjustment (General Fund) | –$110,275 | – | – |

## COMPUTATION OF ENCUMBRANCE ADJUSTMENT

The State Controller accumulated a General Fund encumbrance total of $701,275,000 from 1999–00 year-end financial statements submitted by state agencies.

For budgeting purposes, encumbrances are estimated to be at the same level for 2000–01 and 2001–02 and assumed to be liquidated within one year. The following table summarizes this methodology and the calculation for the encumbrance adjustment.

| | | | |
|---|---|---|---|
| 1998–99 Encumbrances per Controller's Preliminary Report | $591,000 | – | – |
| 1999–00 Encumbrances per Controller's Preliminary Report | –701,275 | $701,275 | – |
| 2000–01 Encumbrances | – | –701,275 | –$701,275 |
| 2001–02 Encumbrances | – | – | –701,275 |
| Encumbrance Adjustment | –$110,275 | – | – |

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**
*** Dollars in thousands, except in Salary Range.**

# 9895 PETROLEUM VIOLATION ESCROW ACCOUNT PROGRAM

## Program Objectives and Description

The Petroleum Violation Escrow Account (PVEA) receives revenues from negotiated settlements and judgments against U.S. oil companies from legal actions by the federal government to recover oil company overcharges during the period of price regulations: August 1973 to January 1981. Monies collected and not yet disbursed are held in a federal Department of Energy (DOE) escrow account. Disbursement of the funds to the states is generally determined by the DOE's Office of Hearings and Appeals.

This budget is an informational budget only. The appropriations and expenditures are contained in the budgets for the various affected departments.

The Petroleum Violation Escrow Account Fund Condition Statement previously displayed in 9895 is now reported in 3360—California Energy Resources Conservation and Development Commission.

# 9900 STATEWIDE GENERAL ADMINISTRATIVE EXPENDITURES (PRO RATA)

## Program Objectives Statement

Government Code Sections 11270–11275 and 22828.5 provide for recovery of General Fund costs for statewide general administrative expenditures (Pro Rata) from special funds.

The various departmental budgets normally include funds to pay for the Pro Rata charges. In order to ensure that funding is provided to pay for Pro Rata charges, Government Code Section 13332.03 allows for transfers from Special Funds to the General Fund in those cases where appropriate funding was not provided in items.

### SUMMARY OF PROGRAM REQUIREMENTS

## 9903 ALTERNATIVE PROCUREMENTS FOR INFORMATION TECHNOLOGY

The 1999 Budget Act provided $5.0 million special funds in support of information technology procurement projects for applicant state agencies, departments, boards, commissions or other entities of state government. These funds were made available for allocation by the Department of Finance to applicant state entities which complied with specific requirements.

**For the list of standard (lettered) footnotes, see the end of the Governor's Budget.**

## 9904 INFORMATION TECHNOLOGY CENTURY CHANGE

The 1999 Budget Act provided $33.5 million in support of century change information technology activities for applicant state agencies, departments, boards, commissions or other entities of state government. The appropriations were in the amount of $13.5 million General Fund, $10.0 million special funds, and $10.0 million nongovernmental cost funds. An additional $30.8 million General Fund was available for allocation per Provision 5 of Item 9904-001-0001. Century change activity funds were made available for allocation by the Department of Finance to applicant state entities which complied with specific requirements.

## 9906 STATEWIDE AMERICANS WITH DISABILITIES ACT FUNDING

The Budget Act of 2000 provided $60 million in support of Statewide Americans with Disabilities Act (ADA) activities for applicant state agencies, departments, boards, commissions, or other entities of state government to fund projects addressing the accessibility of state buildings to the disabled. The appropriations were in the amount of $20 million General Fund, $20 million special funds, and $20 million nongovernmental cost funds. Statewide ADA activity funds are available for allocation by the Department of Finance to applicant state entities which comply with specific requirements. This funding is available until June 30, 2002.

## 9909 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT COMPLIANCE

The 2001 Budget Act provides $70 million ($20 million General Fund) in support of statewide planning and implementation activities for applicant state departments and agencies pursuant to federal Health Insurance Portability and Accountability Act (HIPAA) requirements. This funding is available for allocation by the Department of Finance to applicant state entities that comply with specific requirements.

In addition to the statewide allocation, the Budget provides $22.4 million ($3.9 million General Fund) and 25.1 positions in 2001–02 for five Health and Human Services Agency departments to begin the planning and implementation phases of HIPAA compliance. These departments include: Health Services, Mental Health, Developmental Services, Alcohol and Drug Programs, and the Office of Statewide Health Planning and Development. These individual appropriations are reflected in the appropriate departmental budget display.

## 9913 DEPARTMENT OF JUSTICE ATTORNEY FEES

The statewide rate for legal services charged by the Attorney General will increase from $106 per hour to $112 per hour effective July 1, 2001. Departments receiving legal services through the Attorney General's Total Quality Assurance program will be charged an hourly rate of $120. In order to provide affected departments with sufficient authority to address the increased rate, the Department of Finance will allocate funds as necessary from this item upon review of individual departmental requests for Attorney General budget increases. Allocations from this item will be limited to departments supported by special funds and non-governmental cost funds.

# 9914 POSTAGE RATE INCREASE

This budget reflects funding augmentation amounts for the postage rate increase effective January 2001. This increase was approved by the Governors of the U.S. Postal Service in December 2000. Therefore, the increase is not included in departmental 2000–01 appropriations or the proposed 2001–02 budgets for individual departments.

Funding for the increases in 2000–01 is proposed in the Department of Finance omnibus deficiency bill. Funding for the increases in 2001–02 is proposed in a statewide item in the budget bill. The item will be for allocation to departments by the Department of Finance.
