MINUTES
State Allocation Board
December 14, 2011

Upon notice duly given, the monthly meeting of the State Allocation Board was held at the State Capitol, Room 112, in Sacramento, California on December 14, 2011 at 2:00 p.m.

Members of the Board present were as follows:

- Pedro Reyes, Chief Deputy Director, Policy, Department of Finance, designated representative for Ana Matosantos, Director, Department of Finance (DOF)
- Esteban Almanza, Chief Deputy Director, Department of General Services, designated representative for Fred Klass, Director, Department of General Services (DGS)
- Kathleen Moore, Director, School Facilities Planning Division, California Department of Education (CDE), designated representative for Tom Torlakson, Superintendent of Public Instruction
- Senator Alan Lowenthal
- Assembly Member Julia Brownley
- Assembly Member Joan Buchanan
- Assembly Member Curt Hagman

Members of the Board absent were as follows:

- Nadya Dabby, appointee of Edmund G. Brown Jr., Governor of the State of California
- Senator Loni Hancock
- Senator Sharon Runner

Representatives of the State Allocation Board (SAB) were as follows:

Lisa Silverman, Acting Executive Officer
Bill Savidge, Assistant Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

Lisa Silverman, Acting Executive Officer
Juan Mireles, Chief, Program Services

Representative of the Department of General Services, Office of Legal Services, was as follows:

Lance Davis, Staff Counsel

With a quorum present, Mr. Reyes, Chair, called the meeting to order at 2:07 p.m.

PRIOR MINUTES

A motion was made, and carried, to approve the Minutes from the October 26, 2011 SAB meeting.

EXECUTIVE OFFICER'S STATEMENT

The Acting Executive Officer informed the Board of the following:

Priorities in Funding Apportionments

The OPSC was pleased to announce that staff presented Priority Funding apportionments for 377 projects for $923.8 million in State funding. The apportionments were made possible by the State Treasurer's Office October 19, 2011 bond sale, which yielded nearly $1 billion for the School Facility Program (SFP). The apportionments provided much-needed cash for SFP projects, creating thousands of jobs and stimulating the economy. Districts were reminded that by receiving an apportionment, a *Fund Release Authorization*, (Form SAB 50-05), must be completed and submitted within 90 days of apportionment.

EXECUTIVE OFFICER'S STATEMENT (cont.)

Priorities in Funding Apportionments (cont.)

The Form SAB 50-05 must contain an original signature and must be physically received by the OPSC prior to the close of business on March 13, 2012. If districts do not submit the Form SAB 50-05 by March 13, 2012, their project will be placed at the bottom of the Unfunded List as required by the SFP regulations.

Upcoming Priorities in Funding Certification Period

The current Priorities in Funding certifications were expected to expire on January 10, 2012. Districts that would like their unfunded approvals to be eligible for Priorities in Funding apportionments through July 10, 2012 must submit new certifications. The next 30-day certification filing period started on Wednesday, January 11, 2012. Certifications with original signatures must be physically received by the OPSC before close of business on Thursday, February 9, 2012. The new certifications would be valid through July 10, 2012. Additional details would be posted to the OPSC Website.

Overcrowding Relief Grant Program – Eighth Funding Cycle (Unfunded Approvals)

The OPSC was pleased to present the eighth cycle of Overcrowding Relief Grant (ORG) Program requests for 17 unfunded approvals. The total State share was approximately $85.2 million, which included over $3.0 million in High Performance Incentive (HPI) grants. In addition, 202 portable classrooms on overcrowded school sites were replaced. It was stated that approximately $328 million in bond authority remains available for future funding cycles, and that the deadline to submit funding applications for the upcoming ninth funding cycle would be Tuesday, January 31, 2012.

Interactive Project Information Worksheet Database

In July 2011, the OPSC advised the SAB of the development of a searchable Project Information Worksheet (PIW) database. The interactive PIW database was made available on the OPSC Website and the Governor's Bond Accountability website at: http://www.dgs.ca.gov/opsc/Home/Program_Data.aspx. It would allow the user to find and view information that was collected with the PIW, such as funding, expenditures, bond source(s), facilities built, square footage, and much more. Users could also generate customizable PIW data reports, which would allow districts and the public to see the results of State school facilities funding. It was stated that the PIW database included New Construction project information submitted since the PIW was approved in July 2008, and would include information on Modernization projects with HPI grants as those projects received apportionments.

Proposed Changes to SFP Labor Compliance Program Grant Regulations

Included in the December 14, 2011 SAB agenda were proposed SFP regulation changes for the Labor Compliance Program grant, and a request to file the regulations on an emergency basis with the Office of Administrative Law. The proposed changes implemented Senate Bill (SB) X2 9 and Assembly Bill (AB) 436, which require the Department of Industrial Relations (DIR) to directly provide prevailing wage monitoring services for **all** State bond-funded public works projects. The only exceptions provided in statute were for districts that enforce a DIR-approved internal program or for districts that have a qualifying collective bargaining agreement. In addition, it was stated that the DIR regulations implementing the statute would become effective on January 1, 2012. Therefore, any State bond-funded public works projects for which the construction contract would be awarded on or after January 1, 2012 would be subject to the provisions of the new DIR regulations.

The Chair acknowledged and thanked the OPSC staff, the DIR, the Attorney General's Office, and the members of the audience that participated in preparing these regulations for presentation to the SAB.

Upcoming New Construction Funding Sub-Committee Hearing

The second hearing of the sub-committee on New Construction funding has been tentatively scheduled for Wednesday, January 11, 2012. The purpose of the sub-committee hearing would be to discuss the remaining new construction bond authority and possible future bond funding. The time, location, and agenda will be posted to the OPSC Website when the information has been confirmed.

Update on Solar Energy/Energy Efficiency Options Hearing

An informational hearing on solar energy and energy-efficiency opportunities for districts was held on Monday, December 5, 2011. The hearing identified a great need for additional low-cost financing and technical assistance for school solar energy and energy-efficiency projects. It was stated that in these tough budget times, most districts and the State do not have the luxury to direct resources to this type of work, even though it could result in substantial long-term energy savings. It was noted that the webcast and presentation materials were made available on the SAB Archives page of the OPSC Website at http://www.dgs.ca.gov/opsc/aboutus/sab/archives.aspx, and links to useful solar energy and energy-efficiency resources would be posted soon. Districts were also invited to submit their solar energy energy-efficiency success stories for the OPSC to share with others.

Public Comments

The Chair asked the audience if there were any public comments and the following individuals addressed the SAB:

- Mr. Jeremy Smith, representing the State Building and Construction Trades Council, thanked the OPSC staff and other folks that participated in implementing the provisions of AB 436, relating to prevailing wage monitoring. He stated that the language included as part of the Board item was unclear in that it referred to collectively bargained agreements rather than project labor agreements. He wanted to ensure to school districts that project labor agreements means collectively bargained agreements as well. He further stated that the project labor agreement option gives school districts all the cover they need for being in compliance with the Labor Code sections.
- Ms. Jenny Hannah, representing the Kern County Superintendent of Schools, stated that she has a depth of experience with labor compliance, thoroughly understands the program, and was grateful for the work that was done through the Implementation Committee about the Compliance Monitoring Unit (CMU) process. She requested that the SAB revisit in three months on the how successful the program is and have the DIR provide a status report to the SAB in terms of their side of the program.
- Ms. Cathy Allen, representing the San Juan Unified School District, agreed that a review of the program down the road would be appropriate, and that consideration at a future date of possibly allowing school districts that do not currently have a project labor agreement in place or an in-house Labor Compliance Program in place the opportunity to establish one by participating in the new CMU Program.

RESOLUTION RE: APPOINTMENT OF THE ASSISTANT EXECUTIVE OFFICER

A motion was made, and carried, to approve the Resolution for Mr. Savidge, the Assistant Executive Officer.

CONSENT ITEMS

A motion was made, and carried, to approve the Consent calendar as presented, including Tab #13 for the ORG Program; Tab #15 for the Five-Year Repayment Schedule (Compton Unified School District, Application Number 50/73437-03-023); Tab #16 for the Long Beach Unified School District (Application Number 58/64725-00-002); and Tab #18 for the Torrance Unified School District (Application Number 58/65060-00-001).

FINANCIAL REPORTS

Status of Fund Releases

The Acting Executive Officer presented this item to the Board and the Board accepted the Status of Fund Releases report as presented. In addition, Assembly Member Hagman requested that the Time Limit on Fund Releases chart be modified to retain the prior month's data in order to show historical progression. Ms. Moore inquired as to the rescissions that were approved in the Consent calendar and if those funds (about $48 million) were being apportioned for the projects in the Priority Funding School Construction Apportionments funding item. The Acting Executive Officer responded that those funds ($48 million) would be awarded to projects after the new certification filing period was over (February 9, 2012) and the earliest possible date to have the SAB apportion those funds would be the March 2012 SAB meeting.

FINANCIAL REPORTS (cont).

Status of Funds

The Acting Executive Officer presented this item to the Board and the Board accepted the Status of Funds report as presented.

APPEAL ITEMS

San Jose Unified/Santa Clara 57/69666-00-047

This item was postponed to the January 2012 SAB meeting at the request of the District.

East Side Union High/Santa Clara 50/69427-00-007

This item was withdrawn at the request of the District.

Pittsburg Unified/Contra Costa 50/61788--00-006

This item was postponed to a future SAB meeting at the request of the District.

ACTION ITEMS

Priority Funding School Construction Apportionments

The Acting Executive Officer presented this item to the Board and restated that there is $923.8 million in funding for those SFP projects that have been on the Unfunded List, representing 377 projects for 154 school districts. A motion was made, and seconded, to approve the staff's recommendations. Ms. Moira Topp, representing the California Charter Schools Association, addressed the SAB in support of the item and the $41 million available for charter schools site and design. She stated that there was a shortage of $50 million to fund charter school projects, based on an earlier action taken by the SAB in which the SAB committed to provide $90 million in future bond proceeds. She further commented that the California Charter Schools Association would like to work with staff to identify additional funds to make up the $50 million difference. Assembly Member Hagman stated that he was in agreement with the comments and inquired as to the rescinded projects ($48 million), could those dollars be used to make up the difference? The Acting Executive Officer responded that those funds were not the right category to fund charter school projects. Assembly Member Buchanan suggested that staff work with the California Charter Schools Association to identify current funds that may be available and maybe work with the State Treasurer's Office for the next bond sale in order to fulfill the SAB's commitment to the Charter School Facilities Program.

Prevailing Wage Monitoring Proposed Regulations

Mr. Byan O'Dell, representing the SAB staff, presented this item to the Board. He provided an overview of Labor Compliance Programs (LCPs) through prior legislation [Assembly Bill (AB) 1506] which affected SFP projects funded from Propositions 47 and 55, from Senate Bill (SB) X2-9 which extended to all State bond-funded projects, and AB 436 which amended the provisions of SB X2-9. He indicated that AB 436 requires the DIR to provide direct monitoring for State bond-funded projects (effective January 1, 2012), for all construction contracts awarded after that date. He stated that the DIR would send an invoice to the school district for the services in an amount not to exceed a quarter of one percent of the total State bond-funded proceeds. Assembly Member Buchanan asked about the wording that was brought up by an earlier public comment, project labor agreement versus collective bargaining agreement, and what the actual law states.
Mr. Juan Mireles, representing the SAB staff, responded that the law refers to collective bargaining agreements and the proposed regulations should be consistent with the statute. Assembly Member Hagman questioned whether it was legal for the bond proceeds to be utilized in this manner since the voters supported the propositions without this component. Mr. Lance Davis, the SAB's legal counsel, responded that in the opinion of bond counsel (Attorney General's Office), the enforcement of the prevailing wage laws is a cost of construction and it authorizes the SAB to increase the grants because it is part of the construction cost that school districts would incur.

ACTION ITEMS (cont.)

Prevailing Wage Monitoring Proposed Regulations (cont.)

The Chair called for public comments and the following individuals addressed the SAB:

- Mr. Lyle Smoot, representing the Los Angeles Unified School District, commented that he was very happy to see the Implementation Committee up and running again and stated that the committee did a stellar job in addressing the issue of prevailing wage monitoring. He expressed concerns regarding the submittal of documentation, and that the regulation would be applied and utilized on January 1, 2012 and school districts would be subject to it. He stated that this would invite confusion not only for school districts but for the SAB as well.
- Mr. Tom Duffy, representing the Coalition for Adequate School Housing (CASH) organization, commented on two things: 1) that the CASH would be holding a series of workshops on the issue of prevailing wage monitoring in January; and 2) that the Implementation Committee is an effective vehicle to address, implement and resolve issues.

A motion was made, and seconded, to approve the staff's recommendations. The Chair called for a roll-call vote, and the motion carried per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT
Senator Lowenthal	X			
Senator Hancock				X
Senator Runner				X
Assembly Member Brownley	X			
Assembly Member Buchanan	X			
Assembly Member Hagman			X	
Esteban Almanza	X			
Kathleen Moore	X			
Nadya Dabby				X
Pedro Reyes	X			
Total	6		1	3

Motion:

Carried _X_

Failed ___

In addition, the SAB requested that a review of the prevailing wage monitoring provisions be reported through the Implementation Committee meeting in six months in order to ensure that the program is running smoothly and resolve any issues that require clarification. The Acting Executive Officer commented that the OPSC would be working with the DIR to have additional outreach functions available for purposes of educating all involved.

Overcrowding Relief Grant Program

This item was approved with the Consent portion of the agenda. A motion was made, and carried, to approve the staff's recommendations, which included but was not limited to, the approval of $85,186,512 in unfunded approvals for 17 projects.

Request to Switch Bond Sale Proceeds for a Charter School Project

A motion was made, and carried to approve the staff's recommendation, which authorized the source change for the bond sale proceeds and approved a State Apportionment in the amount of $1,049,902.

Five-Year Repayment Schedule --- Compton Unified/Los Angeles 50/73437-03-023

This item was approved with the Consent portion of the agenda. A motion was made, and carried, to approve the staff's recommendation, which approved the District's request for a five-year repayment schedule in order to repay $229,253 in Financial Hardship savings at the most current interest rate (equal to the current Pooled Money Investment Account rate) at the time of Board approval, and required the annual payments to commence on July 1, 2012 and July 1 of each fiscal year thereafter, until July 1, 2016.

ACTION ITEMS (cont.)

Long Beach Unified/Los Angeles 58/64725-00-002

This item was approved with the Consent portion of the agenda. A motion was made, and carried, to approve the staff's recommendations, which included but was not limited to, approving the District's request for an unfunded approval, in the amount of $5,417,690, for its rehabilitation project for contaminated soil mitigation at the Avalon School (K-12) site, pursuant to the SFP Regulation Section 1859.83(e).

Los Angeles Unified/Los Angeles 56/64733-00-008

The Chair thanked Assembly Member Brownley for her request of Legislative Counsel's opinion. It was at this time the Chair read the following into the record:

> I'd like to thank the Legislative Counsel staff for clarifying this issue and request that the Board include the Legislative Counsel opinion in its action today. I believe it is important to encourage school districts to keep energy efficiency in mind, especially when constructing new school facilities. Legislative Counsel's review provided clear legal authority for school districts to apply for energy efficiency incentive funds which provide school districts with funding to incorporate energy-efficient designs and materials when constructing facilities through the ORG Program. Legislative Counsel's opinion correctly identified construction undertaken through the ORG Program as building new permanent school facilities, and thankfully with Legislative Counsel staff's clarity, these new facilities are more likely to incorporate energy-efficient designs and materials.

The Chair also asked that the Legislative Counsel's opinion be made part of the SAB's action. A motion was made, and seconded, to approve the staff's recommendation, which approved the District's project with an amended unfunded approval in the amount of $112,002 and an unfunded approval date of August 24, 2011.

Torrance Unified/Los Angeles 58/65060-00-001

This item was approved with the Consent portion of the agenda. A motion was made, and carried, to approve the staff's recommendations, which included but was not limited to, approving the District's request for an unfunded approval, in the amount of $724,498, to rehabilitate the J.H. Hull Middle School site by constructing a MMS beneath replacement facilities being constructed at the school site and excavating contaminated soil, pursuant to SFP Regulation Section 1859.83(e).

REPORTS, DISCUSSION, AND INFORMATION ITEMS

Overview of Bagley-Keene Open Meeting Act

Mr. Ted Prim and Ms. Julia Bilaver, both representing the Attorney General's Office, provided an overview "training" on the Bagley-Keene Open Meeting Act for the SAB. Mr. Prim stated that the Bagley-Keene Act is in many ways an inefficient and frustrating way to do business. He defined two different types of government organization styles; one is a department model style of government where there is a pyramid structure with a decision-maker at the top and is built on efficiency, and the second one would be for a multi-member body and is a consensus-building model rather than one that is built on efficiency. He noted that in the consensus-building model, people with different backgrounds, viewpoints and experiences would come together and develop a consensus decision. When the Bagley-Keene Act was adopted, the public was to also have a seat at the table and be part of the consensus building process, which enables us to do things openly and involve the public in the process. Ms. Bilaver provided information on State bodies and stated that there are five types of State bodies; the most recognizable being a board or a commission that has been borne through statute (for example, the SAB); State bodies created by executive orders of the Governor; smaller State bodies (budget body, sub-committees, task forces) that do not exercise authority; smaller delegated bodies of the State body, which must have at least two members; and lastly, a State body can include a public or private board or commission in which a member of the State body serves as a representative in his/her official capacity. She further defined "meetings" as a majority or a quorum of the members of the State body at the same time and place to hear, discuss, or deliberate upon any idea that is within the subject matter jurisdiction of the State body.

REPORTS, DISCUSSION, AND INFORMATION ITEMS (cont.)

Overview of Bagley-Keene Open Meeting Act (cont.)

She also stated that teleconference meetings must be noticed as teleconference meetings and that the public must have access to all sites where there is a board member participating by teleconference. She further noted that votes at the teleconference meeting must be taken by roll-call. Mr. Prim introduced the aspect of a more difficult type of meeting, the serial meeting. The Bagley-Keene Act covers this type of meeting. However, it was noted that e-mail communications, face-to-face, telephone calls, text messages, all communications through social media constitute a violation of the Bagley-Keene Act because it deprives the public from fully participating in the process. He commented that there is a rule of thumb that been adopted by State counsel and that is to advise board members to stick to a rule of two. This is not a legal rule; rather, it is rule of thumb and allows two members to talk outside of meetings as long as they are not part of a three-person sub-committee. He also addressed a specific exception referred to as the staff briefing exception. This exception is designed to ensure staff provides the information to get the members prepared for the meeting, and there are two limitations on this exception. The first is the communications are separate conversations with the members of the body meaning that it is a one-on-one deal between staff and the member and secondly, there is no cross-pollination between members. Another issue that Mr. Prim addressed was comments from the public and that folks are allowed to address boards anonymously; you cannot require the public to identify themselves. The SAB discussed at great lengths the issue of the staff briefing exception. The Chair questioned whether each SAB member's staff person can be briefed by the OPSC staff at the same time? Mr. Prim expressed concern that it would be considered a meeting by intermediary. Assembly Member Hagman stated that each SAB member staff person does not have any authority or make conclusions, but are only gathering information on behalf of the SAB member so the SAB member will be informed prior to the SAB meeting. Mr. Prim responded that just because it is information that is being presented does not take it out from under coverage. Mr. Prim addressed the less than a quorum theory which would allow five SAB members to be briefed or have a conversation because it is less than a quorum. Ms. Moore asked how many staff members of the SAB could receive a briefing at the same time and remain within the Bagley-Keene Act? Mr. Prim answered that each SAB member's staff person would need to be briefed one at a time to meet the staff briefing exception. The Chair followed up with another question geared toward the Legislature holding a hearing regarding school construction and the Legislature would like to have someone from the DOF to come and address the dollars associated with school construction, would that constitute a violation of the Bagley-Keene Act if there are seven SAB members at a hearing or is it alright because it is a public hearing? Mr. Prim responded that there would be no violation of the Bagley-Keene Act. Ms. Moore brought up the issue of the OPSC staff being employed by an SAB member. Mr. Prim commented that not only is the OPSC staff staff to the entire SAB, but they would also be considered intermediaries of that SAB member by whom they are employed. Ms. Bilaver suggested that they would need to discuss this issue further and would get back to the SAB in the near future. The SAB thanked both representatives for their time.

Seismic Mitigation Program Status Report

The Acting Executive Officer presented this item to the Board and informed the SAB that there have not been any new funding applications received for this Program. Mr. Howard Smith and Ms. Masha Lutsuk, both representing the Division of the State Architect (DSA), provided the SAB with an update regarding new process improvements within the DSA. Ms. Lutsuk stated that the DSA: 1) quickly adopted a template for eligibility reviews in order to ensure consistency as applications are being reviewed; 2) incorporated the process and guidelines for doing additional evaluations for geological hazards that were not previously eligible (liquefaction, faulting, and landslides); and 3) streamlined processes to provide more structure and provide a clear understanding of how the applications would flow through the process. Senator Lowenthal asked how many more applications have been received? Ms. Lutsuk responded that the DSA has received 79 new applications under the new procedures, and before the procedures were changed, there were about 70 applications in-house, of which 50 were completed by school districts on their own and about 20 were done with the funds from the Seismic Safety Commission. The Chair stated that the SAB is very interested in getting the Seismic Mitigation Program funds out to school district projects. The SAB accepted the report as presented.

State Allocation Board Three-Month Projected Workload

State Allocation Board Meeting Dates for the 2012 Calendar Year

REPORTS, DISCUSSION, AND INFORMATION ITEMS (cont.)

School Facility Program Unfunded List as of October 24, 2011

Emergency Repair Program Unfunded List as of October 24, 2011

Facility Hardship/Rehabilitation Approvals Without Funding as of October 24, 2011

MISCELLANEOUS

- The Chair brought up the issue of public comments and whether the public comments should be at the end or at the beginning of the meeting. Assembly Member Buchanan stated that as items are presented to the SAB and people wish to comment on those specific agenda items, then they comment at that time; however, for items that are not on the agenda, those comments would come at the end of the meeting. The Chair agreed with that statement. Ms. Moore commented that if the meeting is running too long there might not be time at the end for public comment but the SAB should allow public comments because folks travel great distances to come to the SAB meetings. It was stated that would be at the Chair's discretion.

- Ms. Moore recognized and complimented the OPSC staff for all the work that went into helping the SAB apportion the $923.8 million to school districts.

ADJOURNMENT

There being no further business to come before the Board, the Chair adjourned the meeting at 4:00 p.m.

LISA SILVERMAN, Acting Executive Officer
