State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on May 30, 2012.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project's cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 30, 2012

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2012 Board meeting, the Board elected to provide an increase adjustment of 3.76 percent to SFP projects for calendar year 2012. The projects listed on the Attachment reflect the Board's action of the adoption of the 3.76 percent increase based on the Marshall & Swift Eight California Cities Index. In addition, the project applications represent SFP new construction and modernization projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment will not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

PURPOSE OF REPORT

To recommend accounting revisions to close-out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made and the revisions indicated are necessary to close-out this completed project. This is a Financial Hardship project and has savings in the amount of $3,121. SFP Regulation Section 1859.103 states that "the State's portion of any savings declared by the district or determined by the OPSC by audit must be used to reduce the SFP financial hardship grant of that project … any interest earned on a financial hardship project not expended on eligible project expenditures will be treated as savings and will be used to reduce the SFP financial hardship grant for that project." The District has concurred with the findings and agrees to return the State funds in the amount of $3,121.

SCHOOL DISTRICT DATA	
School District:.....LOS ANGELES UNIFIED	County:.....LOS ANGELES
Application Number:.....54/64733-00-072	School Name:.....PARA LOS NINOS CHARTER SCHOOL
Total District Enrollment.....667,251	Project Grade Level:.....6-8

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) project preliminary apportionment for rescission.

DESCRIPTION

The Para Los Niño's Charter School received a Preliminary Charter School Apportionment on May 26, 2010. The project will now be constructed using alternative funding and the Charter School has requested to rescind its CSFP project.

AUTHORITY

SFP Regulation Section 1859.166(a) states: "A complete request to convert a Preliminary Charter School Apportionment to a Final School Apportionment pursuant to Section 1859.165 shall be made within four years of the date of the Preliminary Charter School Apportionment unless the Charter School received approval of an extension pursuant to Section 1859.166.1."

SFP Regulation Section 1859.166(c) states: If (a) is not met, and the Charter School has received an advance release of funds as provided in Section 1859.164.2, the following will occur:
(1) The Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
(2) Funds released pursuant to Section 1859.164.2(a) shall be reduced to cost incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application. The adjustment to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures. Any funds released are subject to the fifty percent local matching share requirement as required by EC 17078.54(d). Funds returned pursuant to Section 1859.106 shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
(3) Funds released pursuant to Section 1859.164.2(b) shall be subject to the provisions of Section 1859.171.

BACKGROUND

The CSFP allows applicants to draw down an advance release of design funds based on the Preliminary Charter School Apportionment. In August 2011, the Charter School received $833,378 in advance funding for design purposes. The Charter School did not utilize any pupil grants from the Los Angeles Unified School District's (District) unhoused pupil eligibility.

The Charter School's project consisted of the rehabilitation of buildings located on an existing school site in the District. Originally, the CSFP project encompassed a portion of the existing school site to be used by the Charter School. The District had a separate Overcrowding Relief Grant (ORG) project that encompassed the rest the buildings on the site and would be used by the District. The District is now seeking funding through the ORG for the entire site, including the portion originally funded through the CSFP.

(Continued on Page Two)

STAFF ANALYSIS/COMMENTS

On February 13, 2012, the Charter School notified the Office of Public School Construction that, due to the funding that will be generated by the District's ORG application, the Charter School will not move forward with the project through the CSFP and has requested that its Preliminary Apportionment be rescinded. The total amount of funds received for design purposes plus any interest earned will be returned to the State.

RECOMMENDATIONS

1. Rescind the preliminary apportionment in the amount of $4,333,780.

2. Approve a decrease in the Preliminary Apportionment for Application Number 54/64733-00-072 of $2,494,930 [Bonds/2002-Nov.; 947-510] from $2,494,930 to $0, $1,005,472 [Bonds/2006-Nov.; 957-540] from $1,005,472 to $0 and $833,378 [Bonds/2006-Nov.; 057-540] from $833,378 to $0.

3. Require the Charter School to return State funds in the amount of $833,378, plus accrued interest.

4. Direct Staff to transfer rescinded funds into the appropriate 2002 and 2006 Unrestricted Accounts.

This action supersedes the SAB's action of December 14, 2011 in order to allow the removal of the funding for Labor Compliance Program (LCP) as the Charter School was not LCP compliant at the time of receiving State funds for the project.

The Charter School shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 30, 2012

SITE SALE PROCEEDS

PURPOSE OF REPORT

To present Pasadena Unified School District's (District) request to deposit proceeds from the sale of a school site property, which was purchased with district funds, into the school district's General Fund.

DESCRIPTION

The District listed on the Attachment is requesting State Allocation Board approval for the transfer of site sale proceeds into its General Fund for one-time expenditures. The District requests this approval under the authority of Education Code (EC) Section 17463.7.

AUTHORITY

EC Section 17463.7 provides that a school district can deposit proceeds from the sale of surplus property into the General Fund for any one-time general fund purpose.

BACKGROUND

EC Section 17463.7 eliminates the ten-year lockout from School Facility Program New Construction funding imposed under EC Section 17462 if the surplus site was purchased with local funds. EC Section 17463.7 authorizes the use of site sale proceeds for one-time expenditures as long as the costs are not related to a school district's on-going operations. "One-time Expenditures" means costs paid by the general fund of a school district that are nonrecurring in nature and do not commit the school district to incur costs in the future, and are exclusive of Ongoing Expenditures.

Under EC Section 17463.7, school districts are ineligible for hardship funding under the Deferred Maintenance Program for a period of five years after the proceeds are deposited into the General Fund. In addition, a school district's financial hardship assistance shall be reduced by an amount equal to that of a school district's one-time expenditure(s). A school district must certify the following:

- that it has no major deferred maintenance needs;
- that the site sale does not violate local bond restrictions; and
- that the real property is not suitable to meet projected school construction needs for the next ten years.

The school district must also present a plan to its School Board regarding the one-time expenditures and explain why these expenditures will not result in on-going fiscal obligations for the school district.

(Continued on Page Two)

RECOMMENDATIONS

1. Approve the transfer of site sale proceeds for the school district as indicated on the Attachment.

2. Accept the school district's certifications as outlined in the narrative.

State Allocation Board Meeting, May 30, 2012

EXEMPTIONS FOR INDEPENDENT STUDY FACILITIES

PURPOSE OF REPORT

To present the District's request for an exemption from the definition of "School Buildings" for certain facilities used for independent study.

DESCRIPTION

The Twin Rivers Unified School District (District) operates independent study programs at facilities that are not located at regular school sites and is requesting an exemption from the definition of "school buildings", as described in Education Code (EC) Section 17283, for that facility.

Senate Bill 1563, Chapter 1089, Statutes of 1989 authorizes any school district or county office of education to request an exemption from the State Allocation Board for a building or structure or portion of a building or structure used for independent study from the definition of "School Building". These buildings do not have to meet the Field Act requirements but must comply with local health and safety standards.

The District has certified that it has satisfied the legal requirements under EC Section 17289 for the exemption.

AUTHORITY

EC Section 17283 states: "School Building" as used in this article means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or any city or city and county, or by any political subdivision or by any school district of any kind within the state, or by any regional occupational center or program created by or authorized to act by an agreement under joint exercise of power, or by the United States government, or any agency thereof."

EC Section 17289 states "In order to provide alternative, community-based educational opportunities through independent study, any school district or county office of education may request an exemption from the State Allocation Board for a building or structure, or portion of a building or structure, from the definition of "school buildings" within the meaning of Section 17283. The exemptions may be granted for no longer than two years and exemptions are renewable. An exemption may only be granted if the school district or county office of education demonstrates to the satisfaction of the State Allocation Board all of the following:

(a) The building or structure, or portion of building or structure, satisfies all of the following:
(1) It is not located on a regular school site.
(2) It complies with all applicable local building standards and all relevant local health and safety standards in the community in which it is located.
(3) It is used for independent study.
(4) It serves fewer than 25 pupils enrolled in kindergarten or any of the grades 1 to 12, inclusive, at any one time in the building or structure, or in a portion of a building or structure where the remainder of the building or structure is not used for instructional purposes.
(b) The use of the building or structure is critical to providing an effective alternative, community-based program.
(c) The use of other buildings or structures that would meet seismic safety standards for school facilities is not practical."

STAFF COMMENTS

The District has provided certification that they have met the criteria as stated in EC Section 17289.

RECOMMENDATION

Approve the District's request for an exemption from the definition of "school buildings" within the meaning of EC Section 17283 until April 7, 2014.
