# Deferred Maintenance Program

## SCHOOL DISTRICT DATA

Application Number:..... 40/69203-00-00 FY:…….2006/07 School District: .....Guadalupe Union Elementary

County:..... Santa Barbara School Name:.....McKenzie (Kermit) Junior High

## PURPOSE OF REPORT

To adjust the apportionment of the District's 2006/07 Deferred Maintenance basic apportionment due to an Extreme Hardship project rescission.

## DESCRIPTION

The District's application (40/69203-06-01) received an Extreme Hardship approval for $64,269 on December 12, 2007. Subsequently, the project was rescinded at the April 23, 2008 State Allocation Board (SAB) meeting as the District determined it was able to apply for funding through the Emergency Repair Program. In accordance with the SAB's action on December 12, 2007, the basic apportionment to the District needs to be reduced to the 91.09 percent prorate for the 2006/07 Fiscal Year.

## RECOMMENDATION

Reduce the State basic apportionment (961-400) by $4,450 from $49,941 to $45,491.
