MINUTES
State Allocation Board
January 14, 2009

Upon notice duly given, the special meeting of the State Allocation Board meeting was held in Room 112 of the State Capitol in Sacramento, California on January 14, 2009 at 1:30 p.m.

Members of the Board present were as follows:

- Tom Sheehy, Chief Deputy Director, Policy, Department of Finance, designated alternate for Michael Genest, Director, Department of Finance (DOF)
- Scott Harvey, Chief Deputy Director, Department of General Services, designated alternate for Will Bush, Director, Department of General Services
- Kathleen Moore, Director, School Facilities Planning Division, California Department of Education, designated representative for Jack O'Connell, Superintendent of Public Instruction
- Senator Alan Lowenthal
- Senator Mark Wyland
- Assembly Member Jean Fuller
- Assembly Member Julia Brownley
- Assembly Member Tom Torlakson

Members of the Board absent were as follows:

- Rosario Girard, President and CEO, Phoenix Construction Services, Inc., appointee of Arnold Schwarzenegger, Governor of the State of California
- Senator Loni Hancock

Representatives of the State Allocation Board (SAB) were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer
Katrina Valentine, Assistant Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

Henry D. Nanjo, Assistant Chief Counsel

With a quorum present, Tom Sheehy, Chair, called the meeting to order at 1:35 p.m.

The Chair welcomed the new members appointed to the SAB.

SPECIAL/APPEALS

School Facility Program Financial Crisis Emergency Regulations

After the Executive Officer presented this item to the Board, Ms. Jeannie Oropeza, representing the DOF, addressed concerns regarding the Pooled Money Investment Board's (PMIB) role in the cash flow and apportionment situation. She also stated that the OPSC was preparing a list that detailed the status of not only health and safety projects but affected school district projects so the PMIB would be aware of those obligations. A Board member indicated that the SAB would want to have an active role in the prioritization of school district projects should State bond funding become available. The Executive Officer also indicated that there was $31 million worth of health and safety projects.

The following individuals addressed the Board regarding this issue:

- Mr. Tom Duffy, representing the Coalition for Adequate School Housing organization;
- Mr. Dave Walrath, representing the Small School District Association;
- Mr. Ron Hudson, Deputy Superintendent of the Kings Canyon Unified School District;
- Mr. Stan Scheer, Superintendent of Schools at Murrieta Valley Unified School District;
- Mr. Richard Gonzalez, representing Richard Gonzalez & Associates;
- Ms. Anna Ferrera, representing the County School Facilities Consortia;
- Mr. Wael Elatar, representing the San Bernardino City Unified School District;
- Dr. Stephen Foster, representing the Chawanakee Unified School District; and
- Mr. Lyle Smoot, representing the Los Angeles Unified School District (LAUSD).

These individuals expressed a variety of concerns related to the State of California's financial crisis and the impact to school facilities related projects. The comments included concerns about the need for continued cash flow for SAB approved apportionments, and the need for apportionments to continue to be made due to the districts' contractual obligations. Additionally, it was pointed out that these concerns were especially urgent for financial hardship projects. It was also requested that if apportionments cannot be made, that the SAB proceed with unfunded approvals to enhance districts' ability to obtain interim financing and to otherwise acknowledge projects' eligibility. It was also suggested that the Board consider prioritizing fund releases and/or apportionments when cash incrementally becomes available. It was further requested that the Board provide flexibility regarding savings for financial hardship projects and applying those savings to other School Facility Program (SFP) projects.

There was much discussion surrounding the financial crisis and its impact on school district projects. Some Board members wanted to know who would be responsible for the costs incurred by school districts for halting construction contracts. In response to another Board member inquiry, it was clarified that these regulations that addressed the 18-month time limit on apportionment were broad enough to extend to the other programs, such as the Career Technical Education Facilities Program, under the SFP. Although discussions continued, the Chair requested a roll-call vote before members parted and the motion, which was to approve the staff recommendations with the proposed staff amendments to the emergency regulatory text on page three as read into the record, carried per the following votes:

Motion:

Carried _X_
Failed ___

The Chair made a commitment to the Board that if a Board member wished to revisit the regulations as they relate to the availability of funds and the interaction between the PMIB and the SAB roles, the regulations would be revisited and addressed.

A Board member suggested that there are four categories of crisis which school district projects fall under: 1) health and safety projects; 2) projects that were apportioned but not funded and have contracts; 3) projects that were apportioned but do not have contracts (with the understanding that these districts should not at this point enter contracts unless the district can pay for the entire cost of the contract); and 4) projects that want to come forward to the Board in the normal processing and that are under contract.

The Board requested that a representative from the State Treasurer's Office attend the next scheduled SAB meeting, which is January 28, 2009, and provide the SAB and the audience with a better understanding of the State of California's current financial condition and its ability to access the bond market. Additionally, it was also requested that staff provide a list of the projects affected that indicates the dollar amount, project type, categories (as referenced by a Board member), etc. The Board also asked the LAUSD to update the SAB concerning the District's ability to enter the capital markets with their own local issuances at the January 28, 2009 SAB meeting.

Unfunded Approvals

This item was withdrawn by the OPSC.

REPORTS

Relief Measures Taken By State Agencies

Many elements of this report were taken up during the discussion of the School Facility Program Financial Crisis Emergency Regulations item, at which time the Board approved Attachment A. Attachment A is the Statewide mailer notifying all school districts and county superintendents of schools about bridge financing and interfund borrowing for financial hardship districts during this financial crisis. The relief measures taken by State agencies are noted in the report, which may be further presented at a future SAB meeting.

ADJOURNMENT

There being no further business to come before the Board, the Chair adjourned the meeting at 3:50 p.m.

ROB COOK, Executive Officer

MINUTES
State Allocation Board
January 28, 2009

Upon notice duly given, the monthly meeting of the State Allocation Board was held in Room 4203 of the State Capitol in Sacramento, California on January 28, 2009 at 4:00 p.m.

Members of the Board present were as follows:

- Tom Sheehy, Chief Deputy Director, Policy, Department of Finance, designated alternate for Michael Genest, Director, Department of Finance (DOF)
- Scott Harvey, Chief Deputy Director, Department of General Services, designated alternate for Will Bush, Director, Department of General Services
- Kathleen Moore, Director, School Facilities Planning Division, California Department of Education (CDE), designated representative for Jack O'Connell, Superintendent of Public Instruction
- Rosario Girard, President and CEO, Phoenix Construction Services, Inc., appointee of Arnold Schwarzenegger, Governor of the State of California
- Senator Alan Lowenthal
- Senator Loni Hancock
- Senator Mark Wyland
- Assembly Member Jean Fuller
- Assembly Member Julia Brownley
- Assembly Member Tom Torlakson

Representatives of the State Allocation Board (SAB) were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer
Katrina Valentine, Assistant Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

Henry D. Nanjo, Assistant Chief Counsel

With a quorum present, Tom Sheehy, Chair, called the meeting to order at 4:05 p.m.

The Chair introduced and welcomed Senator Loni Hancock as the newest member of the SAB.

PRIOR MINUTES

A motion was made and carried to approve the Minutes for the December 10, 2008 SAB meeting. A second motion was made to approve the Minutes for the January 14, 2009 SAB meeting; however, the Board requested that staff make an amendment to those Minutes to include the clarification that the "School Facility Program Financial Crisis Emergency Regulations" item that addressed the 18-month time limit on apportionment was broad enough to extend to the other programs, such as the Career Technical Education Facilities Program. The January 14, 2009 Minutes will be presented for approval at the February 25, 2009 SAB meeting.

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the Board of the following:

Regulation Update

The Office of Administrative Law approved regulations amending the Overcrowding Relief Grant Program on January 21, 2009. The amended regulations allow advance fund releases for site acquisition when condemnation proceedings are involved. The regulations are available on the OPSC Web site.

Federal Stimulus Package

The House of Representatives' proposed economic stimulus package, H.R.1, was introduced on January 28, 2009 and is currently going through the federal legislative process. In its current form, the bill would allocate $14 billion for school facility modernization nationwide. California's share is estimated to be approximately $1.7 billion. The U.S. Senate is currently developing its own economic stimulus package, which would include school facility funds and is expected to be introduced next week. At the December 10, 2008 SAB meeting, the Board requested staff to report on whether the Federal Renovation Program Regulations could be used for any federal economic stimulus package. These regulations would not be applicable to H.R.1; however, H.R.1 does include some program provisions that would require regulations or some type of program mechanism to ensure compliance and redistribution of funds to eligible school districts. The goal is to have the economic stimulus bill passed by both houses and sent to the President by mid-February. The OPSC will continue to monitor this legislation in an effort to stand ready to assist in the administration of these funds, if needed.

Deferred Maintenance Program

The Deferred Maintenance Program annual funding item which is usually presented at the December SAB meetings has been postponed due to pending budget action that may change the allocation and use of these funds. The OPSC will bring an item forward once the budget action has been decided.

In response to the Executive Officer's comment, the Board requested that staff agendize the Deferred Maintenance Program funding item and present it to the Board at the February 25, 2009 SAB meeting.

State Allocation Board Meeting Scheduling Change

Due to scheduled Legislative hearings in the large hearing rooms, the Board may want to consider changing the date of the SAB meetings from the fourth Wednesday of each month to the fourth Thursday. This change will allow the larger rooms to be reserved to accommodate more seating for attendees. The OPSC is also proposing that the meetings begin at 1:30 p.m.

In response to the Executive Officer's comment, the Chair requested that staff explore other venues for when the large meeting rooms are not available and to report back at the next meeting.

CONSENT ITEMS

In considering the Consent calendar, the Board requested that the Murrieta Valley Unified School District item, page 38, be removed from the Consent calendar, without prejudice, and requested staff to present an item at the February 25, 2009 SAB meeting. The Board was interested in the events that resulted in the District's self-correction. The Board approved the Consent calendar, with the exception of the item for Murrieta Valley Unified School District. A Board member requested clarification, which was provided during the meeting, regarding the close-out Consent item, page 51, for the Tulare Joint Union High School District. In addition, Ms. Moore abstained from voting on the Elk Grove Unified School District's item but voted to approve all others.

STATUS OF FUNDS

The Deputy Executive Officer presented the Status of Funds to the Board. It was stated that the only apportionments made would be for the Emergency Repair Program in the amount of $11.3 million, and that there remains approximately $5.3 billion in State bond authority for the other Board programs. The Board brought up the issue of remaining funds in the Charter School Facilities Program category and inquired that after holding an appropriate reserve for projects yet to be perfected, as to whether funding could be provided to other eligible charter school projects so that every available dollar can be apportioned. It was requested that some suggestions on this topic be presented at a future SAB meeting. The Board accepted the Status of Funds report as presented.

SPECIAL CONSENT ITEMS

Oak Grove Elementary/Santa Clara 93/69625-00-00

The Deputy Executive Officer presented this item to the Board. A Board member inquired about the public policy reason as to why the $20 million hardship assistance reduction includes seismic funding. It was clarified that the authorizing special legislation included those conditions. The Chair requested a roll-call vote and the motion, which was to approve the staff's recommendations, carried per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT
Senator Lowenthal	X			
Senator Hancock	X

SPECIALS/APPEALS

Monsenor Oscar Romero Charter/Los Angeles 54/64733-00-057

Mr. Juan Mireles and Ms. Barbara Kampmeinert, representing the SAB staff, presented this item to the Board. Ms. Ana Cubas, President and founder of the Monsenor Oscar Romero Charter School, addressed the Board and stated that she was not asking to change the rules or defund the other projects, but wanted the Board to consider opening a subsequent funding cycle or pursue other funding possibilities that would accommodate the revised application for those schools that have actual free and reduce priced lunch data. In considering this item, the Board approved the staff's recommendation, which was to deny the Charter School's request. In addition, the Board requested that staff prepare a report for the April SAB meeting and provide options/recommendations concerning the allocation of the remaining $24 million in the Charter School Facilities Program; does the Board retain the funding as a buffer for the projects that have not converted to a final apportionment and/or should the Board consider a future funding round utilizing some or all of those funds.

San Bernardino City Unified/San Bernardino 56/67876-00-003

Mr. Rick Asbell, representing the SAB staff, presented this item to the Board. The following individuals addressed the Board in support of the Middle College High School request:

- Assembly Member Wilmer Amina Carter;
- Mr. John Peukert, Assistant Superintendent of Facilities; and
- Mr. Terry Tao, legal counsel for the District.

There was much discussion surrounding the issues of program integrity. To ensure program integrity in alignment with the bond covenants and that there would be no duplication of funding, staff had previously presented three options to the District: 1) rescind the new construction apportionments for site and design; 2) reduce the new construction site and design apportionment to costs incurred and resubmit a new Overcrowding Relief Grant (ORG) application; and 3) continue to pursue the project under the School Facility Program (SFP) new construction program, with no ORG application. The Board expressed concerns regarding the issues of double funding and with grandfathering in or extending the financial hardship approval for the District. A proposal was put forth by the Chair that would provide ORG funding for the District if the staff could identify the overlap of the double funding and offset it, contingent upon the District reapplying under the ORG Program, which would include reapplying for its financial hardship status and review of any potential District contribution. This proposal, if adopted by the Board, would require staff to prepare regulations to enable the ORG apportionment offset.

The Board continued to discuss the District's appeal and asked that the District's legal counsel to attach the materials to the record acknowledging the materials represent the District's argument rather than to have the District's legal counsel read all the materials into the record. The District's legal counsel was in agreement. A substitute motion was made that would approve the staff's recommendation, which was to deny the District's request. The Chair requested a roll-call vote for the substitute motion and the motion failed per the following votes:

SPECIALS/APPEALS (cont.)

San Bernardino City Unified/San Bernardino 56/67876-00-003 (cont.)

Kathleen Moore		X		
Rosario Girard	X			
Tom Sheehy	X			
Total	3	5		2

Motion:

Carried ___
Failed _X_

After further discussion and a ten minute recess, a proposed motion was made and stated "the Board finds that the District's Overcrowding Relief Grant (ORG application) application submitted to OPSC in July 2008 is valid. Further, the staff shall utilize the calculation described in Regulation 1859.81.1(e), [the deduction of the amount received for a project designed in the preliminary apportionments from the construction grant], to determine the amount of the ORG grant." In other words, have the SAB make a finding that the returned application is still valid and that the calculation that is described in the SFP regulation section for site and design is utilized to determine the amount that should be offset from the ORG grant to eliminate the "double funding" of site acquisition and design which the District received under the SFP for new construction. The motion was seconded and further discussed. The Chair requested a roll-call vote for the proposed motion and the motion failed per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT
Senator Lowenthal	X			
Senator Hancock	X			
Senator Wyland				X
Assembly Member Fuller				X
Assembly Member Brownley	X			
Assembly Member Torlakson	X			
Scott Harvey		X		
Kathleen Moore	X			
Rosario Girard				X
Tom Sheehy		X		
Total	5	2		3

Motion:

Carried ___
Failed _X_

Because the proposed motion failed, the Board requested staff to reschedule this item for the February 25, 2009 SAB meeting.

REGULATIONS

School Facility Program Financial Crisis Emergency Regulations

Mr. Tom Duffy, representing the Coalition for Adequate School Housing (CASH) organization, addressed the Board in support of the proposed regulations. He also provided input concerning the potential streamlining of financial hardship processes regarding the six-month approval and the substantial progress 18-month return after fund release approval, as well as financing and interfund borrowing. The Board asked whether financial hardship districts are required to return project savings to the State and not be able to utilize these savings on other construction projects. It was stated that the current financial hardship regulations allow for this ability. The Board requested that the financial hardship issues be reviewed and returned to a future Board for discussion. The Executive Officer responded that staff would be happy to review it and return it to the Board with the overall regulatory framework. A Board member commented that the financial hardship regulations have been discussed at the Implementation Committee meeting for quite a long time and requested that even if there is no consensus that the regulations be brought forward to this forum so that the Board can take action. Mr. Ernie Silva, representing the Gateway Community Charters, addressed the Board in support of the proposed regulations. In considering this item, the Board approved the staff's recommendations, including deferring the Career Technical Education Facilities and Joint-Use Programs regulatory language to the February 25, 2009 SAB meeting. The Chair reiterated the commitment to the Board that if a Board member wished to revisit the regulations as they related to the availability of funds and the interaction between the Pooled Money Investment Board (PMIB) and the SAB roles, the regulations would be revisited.

REPORTS

Report on the State of California's Access to the Bond Market

Mr. Paul Rosenstiel, Deputy Treasurer, representing the State Treasurer's Office (STO), provided the Board and the audience with an update on the prospects for getting back into the State bond market. He indicated that the State has been unable to issue State general obligation bonds since June because of the State budget situation and the capital markets have been very difficult to get investors interested. The DOF, the STO, the State Controller's Office (SCO), and the Attorney General's Office have been working on getting the State of California back in the market. He stated that they are branching out to find non-traditional investors who would not normally buy State bonds to buy State bonds for a short period of time, and that institutional investors are just not investing. It was stated that there is $8 billion that needs to be reimbursed to the Pooled Money Investment Fund (PMIF) for projects that have already been funded, along with several hundred million dollars a month of additional new spending that is going to happen. So for the State of California to play catch up by the end of the fiscal year would require at least $12 billion in issuances. That amount would be the largest number we have ever done (issued).
Mr. Rosenstiel indicated that currently we have $1.3 billion of commercial paper outstanding because we finance a lot with commercial paper and most of that is at an interest rate of nine and one-half percent. The legal maximum is 11 percent. He indicated that they are not happy with the nine and one-half percent; however, they have no choice because they cannot issue long-term fixed rate bonds. It was also indicated that although California has the lowest rating of any state in the country, California's bonds are not junk market status. Bonds are issued according to each specific Bond Act and then that money is used to reimburse the PMIF. Once the PMIF has the money, it can turn around and make new loans. It was also stated that the DOF staff has evaluated every single one of the capital outlay projects that has been affected by the freeze and has also looked at the impact of penalty rates (are there shutdown costs, etc.). In addition, there are 5,700 individual projects that have been affected by this freeze and, in some cases, a determination was made to continue with those projects because the shutdown costs were too great. It was clarified

REPORTS (cont.)

Report on the State of California's Access to the Bond Market (cont.)

that the SCO makes the decision on who gets paid first. The Director of Finance has indicated that all projects would be shut down as of February 1, 2009 if there was no budget resolution. The Board thanked Mr. Rosenstiel for providing the information and asked that he relay to the Treasurer to consider making education (schools) a true priority to receive the funding.

Financial Crisis Impacts to School Facility Program Projects

The Executive Officer presented this item to the Board. He explained that staff has been actively capturing and compiling the information related to the $2.4 billion in SAB-approved apportionments since December 17, 2008, and the information has been provided to the PMIB, the DOF, and the SAB. There are 250 districts, 866 projects, and $2.4 billion in funding, and the data on the report is self-reported. The primary information in the report identifies projects in the following manner:

- financial hardship;
- which projects have contracts in place;
- which projects are under construction;
- projects that have identified whether they can proceed with or without State funding;
- projects that are planning to cancel contracts;
- project shutdown costs; and
- estimated damages that may be incurred.

Mr. Tom Duffy, representing the CASH organization, addressed the Board and asked that the Implementation Committee agendize this item so school districts could provide input. Mr. Ron Hudson, Deputy Superintendent of the Kings Canyon Unified School District, addressed the Board and requested that the SAB exempt school districts from the December 17, 2008 disbursement freeze and release funds to the school districts that did submit the Form SAB 50-05 fund release request along with the signed contracts and notices to proceed and commenced construction prior to December 17, 2008. Mr. Stephen Foster, representing the Chawanakee Unified School District, provided clarification with regard to the information in the report (question posed to their district was will you proceed versus can you proceed). He clarified that since the district was a financial hardship district, the district had no choice but to continue proceeding with the project because the litigation costs for stopping the project would be more than proceeding with it.

The Board requested that the Executive Officer, the Deputy Executive Officer, or the Assistant Executive Officer represent before the PMIB the situation that the school districts are in, particularly those that are under contract, and provide the PMIB the information of shutdown costs and estimated damages like other agencies have done. In considering this item, the Board accepted the report.

School Facility Program Unfunded Approvals

The Executive Officer presented this item to the Board. Mr. Tom Duffy, representing the CASH organization, addressed the Board in support of this issue. The Board accepted the report and requested that staff agendize this issue for vetting at the Implementation Committee meeting. Further, the Board requested that an action item be presented at the February 25, 2009 SAB meeting and present recommendations on the $2.4 billion in unfunded apportionments approved by the Board. In addition, the Board requested that staff find out when the next PMIB meeting will be

REPORTS (cont.)

School Facility Program Unfunded Approvals (cont.)

held and notify all the SAB members and post the notification on the OPSC Web site so that other interested parties are aware. A Board member reiterated the need to have representation at the PMIB meeting.

INFORMATION/REFERENCE

SAB Meeting Dates for the Calendar Year 2009

School Facility Program Workload List - Applications Received Through December 24, 2008

Deferred Maintenance Program Unfunded List as of December 10, 2008

Emergency Repair Program – Applications Received Through December 23, 2008

Facility Hardship/Rehabilitation Approvals Without Funding List as of December 10, 2008

MISCELLANEOUS

The Chair announced that the Senate Sergeant, Mr. Tony Beard, believes that the SAB is potentially creating an Open Meetings Act problem because the State Capitol officially closes at 6:00 p.m. and this meeting is not yet adjourned. The Board asked staff to try to find alternative locations to hold the SAB meetings and to consider if the SAB meetings can start sooner.

A Board member requested staff to investigate the potential cost impact (i.e., shutdown, litigation costs, etc.) for the projects that have received SAB apportionments that cannot at this point be released ($2.4 billion). The member expressed interest in discussing recommendations for the Board around these issues. The Executive Officer responded that staff has been actively attempting to capture the cost information from the school districts, which has been and will continue to be provided to the PMIB and the DOF. The information collected to date is before the SAB today. The Executive Officer clarified that depending on how long this situation lasts, any resolution as being suggested would have to be enacted through the Legislature. Under current law, the Board does not have that ability, and those projects have received their full and final apportionments.

PUBLIC COMMENT

Mr. Tom Duffy, representing the CASH organization, addressed the Board on the following issues:

- Construction Cost Index (CCI);
- general site development allowance that expired;
- AB 127 adjustment;
- Seismic Mitigation Program regulations; and
- High Performance

The Board requested that the CCI, general site development allowance, and the AB 127 adjustment be presented to the Board at the February 25, 2009 SAB meeting and that it be presented in a format that lays out all of the adjustments so the Board can see the entire funding picture. In addition, staff was asked to look at the CCI to ensure that the correct CCI adjustment will be applied since construction bids are dropping dramatically in the State.

ADJOURNMENT

There being no further business to come before the Board, the Chair adjourned the meeting at 8:15 p.m.

ROB COOK, Executive Officer

EXECUTIVE OFFICER STATEMENT

GENERAL

Resolution: 2009-02-02

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on February 25, 2009.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 1130 K Street, Suite 400, Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on February 25, 2009 at Sacramento, California.

Rob Cook
Executive Officer
State Allocation Board

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.

2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.

3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

CONSENT
000015

KEY TO ADJUSTMENTS:

NEW CONSTRUCTION ONLY:

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

MODERNIZATION ONLY:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

(k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.

(l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.

Amended Charter School Facilities Program
Preliminary Apportionment

SCHOOL DISTRICT DATA

Application No	54/75283-00-002	County	Sacramento
School District	Natomas Unified	Charter School	Westlake Charter
		School Name	Westlake Charter

PROJECT DATA

Type of Project:		Elementary School
Pupils Assigned	K-6:	150
	7-8:	
	9-12:	
	Non-Severe:	
	Severe:	
Application Filing Basis:		Charter
Number of Classrooms in This Project:		6
Master Plan Acres:		
Existing Acres:		5.0
Proposed Acres:		0.0
Recommended Acres:		7.3

PRELIMINARY GRANT DATA

Charter School Base Grant	$	903,149
Small Size Project		36,126
Subtotal		939,275
Inflator Factor		262,997
Subtotal: 50% Project Amount		1,202,272
Subtotal: 100% Project Amount		2,404,544
Offset: 57/75283-00-001(80/20 split)		(660,786)
Total Project Cost	$	1,743,758
Total State Project Share		673,643
CSFA Lease-Payment Amount		870,115
Charter School Cash Contribution		200,000

PROJECT FINANCING

State Share		
This Project	$	673,643
Charter School Share		
CSFA Lease Amount		870,115
Cash Contribution		200,000
100% Project Amount	$	1,743,758

HISTORY OF PROJECT COST AND APPORTIONMENT

	Fund Code	Preliminary Apportionment Prior Approval	Authorized This Action	Preliminary Apportionment This Action
State Share				
Charter School Grant	057-540	$ 673,643	$ 673,643	$
Charter School Share				
CSFA Lease Amount	057-540	1,002,272	870,115	(132,157)
Cash Contribution		200,000	200,000	
Total Project Cost		$ 1,875,915	$ 1,743,758	$ (132,157)

Funding Source: Bonds/2006-November

The above Charter School Grant is a maximum reservation of funding and is not intended to reflect the actual project costs at the time the project is converted to a Final Charter School Apportionment (FCSA). The FCSA shall be based on SAB regulation allowances established at the time the project is converted.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Errors and Omissions: This item corrects the item originally approved at the May 29, 2008 SAB meeting. The project costs for the previous item included a reduction in the preliminary apportionment to offset the grant amount given for SFP Application Number 57/75283-00-001. However, only the State share of the original project was offset; this item offsets the Charter School share for that project.

SCHOOL DISTRICT DATA

Application Number:.....50/72157-00-002 School District:.....Strathmore Union Elementary
County:.....Tulare School Name:.....Strathmore Elementary
Financial Hardship.....Yes

PURPOSE OF REPORT

To recommend accounting revisions to close-out a completed project.

DESCRIPTION

A review of expenditures reported by the School District has been made and the revisions indicated are necessary to close-out this completed project. This is a financial hardship project in which the District has overspent on the project. The District has agreed to the findings.

Detail of Final Cost & Financing

Budget Item	Currently Approved	Required Change	Revised Approval
SFP New Construction	$ 114,400	$ 0	$ 114,400
SFP Small School	13,728	0	13,728
SFP Financial Hardship	60,400	(1,121)	59,279
SFP Project Assistance	3,915	0	3,915
SFP Fire Detection/Alarm	580	0	580
Total State Apportionment	$ 193,023	$ (1,121)	$ 191,902
Financing			
District Contribution	$ 72,223	$ 0	$ 72,223
State (LPP)	0	0	0
State (SFP)	193,023	(1,121)	191,902
Total Project Costs	$ 265,246	$ (1,121)	$ 264,125

RECOMMENDATIONS

1. Approve a decrease of $1,121 in the total project cost from $265,246 to $264,125.
2. Approve a decrease in the State Apportionment [Bonds/2002-Nov.; 047-500] from $193,023 to $191,902.
3. Require the District to return State funds in the amount of $1,121.

SCHOOL DISTRICT DATA

Application Number:.....57/68197-00-007 School District:.....La Mesa-Spring Valley

County:.....San Diego School Name:.....La Presa Middle

Financial Hardship.....Yes

PURPOSE OF REPORT

To recommend accounting revisions to close-out a completed project.

DESCRIPTION

A review of expenditures reported by the School District for this project indicates the District was apportioned $26,763 in Labor Compliance funds of which $5,353 was funded as State Financial Hardship contribution in error. The $5,353 was for the District's contribution. The revisions indicated are necessary to close-out this completed project. The District has concurred with the findings and agrees to return the State funds in the amount of $5,353.

Detail of Final Cost & Financing

Budget Item	Currently Approved	Required Change	Revised Approval
SFP Modernization	$ 1,299,158	$ 0	$ 1,299,158

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS REDUCTIONS TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionments to be reduced to eligible costs incurred.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship districts that received a separate design fund release. The districts have not met the substantial progress requirement and have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The districts have requested that the apportionments be reduced to costs incurred to recognize eligible costs for the separate design phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that no substantial progress has been made for the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred for the projects listed on the Attachment.
3. Direct Staff to adjust each District's baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS TIME EXTENSIONS

PURPOSE OF REPORT

To present Districts' request for time extensions to show substantial progress for the School Facility Program (SFP) projects attached.

DESCRIPTION

The SFP regulations require that Districts which receive a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a district certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval.
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

The SFP regulations require that Districts which receive a site grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Acceptable evidence of substantial progress shall be considered met when the district has completed **all** of the following:

1. Obtained the final appraisal of the site.
2. Completed all California Environmental Quality Act requirements.
3. Obtained final approval of the site by the California Department of Education.
4. Obtained final escrow instructions or evidence the district has filed condemnation proceedings and intends to request an order of possession of the site.

AUTHORITY

Pursuant to Regulation Sections 1859.105 (c)(4) and 1859.105(b)(5), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) and circumstance(s) beyond the control of the district that precludes substantial progress being made. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the District's commitment to complete and submit satisfactory evidence.

STAFF COMMENTS

The Attachment represents project applications in which the districts have received a Design and or Site grant apportionment and a subsequent fund release. The districts have submitted acceptable explanations of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that substantial progress has been met on the Design or Site Grant.

RECOMMENDATIONS

1. Approve the Districts' request for a determination of substantial progress with regard to the SFP applications, as indicated on the Attachment.

2. Failure to comply with either requirement as indicated on the Attachment will result in the projects apportionments being reduced to costs incurred or rescinded.

	Project Number(s)	School District / County / School Name(s)	Summary of School District Narrative	Staff Recommendation(s)
Design Grant	50/10074-99-002	Contra Costa County Office of Education Contra Costa Alternative Education Center PAL	The project received a Design Grant apportionment on June 27, 2007. The District is experiencing difficulties in obtaining a suitable site for this alternative education center due to the nature of the students they will be serving. Most of the students reside in the West Contra Costa Unified School District. There were five potential sites submitted to the California Department of Education for preliminary site reviews; however, either the sites were not approved or the land owners were unwilling to sell due to extended escrow requirements. The District continues to seek an appropriate site for this project and intends to re-use the approved building plans on a recently completed Alternative Learning Center East project. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by January 11, 2010. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by July 12, 2010. If both conditions are not met by July 12, 2010, the OPSC will proceed to rescind or reduce this project to costs incurred.
	50/10074-99-004	Contra Costa County Office of Education Contra Costa Alternative Education Center Pittsburg	The project received a Design Grant apportionment on June 27, 2007. The District is experiencing difficulties in obtaining a suitable site for this alternative education center due to the nature of the students they will be serving.Two surplus sites on existing schools offered by PUSD are scheduled for preliminary review by the California Department of Education on January 13, 2009. The District will re-use approved building plans from the recently completed Alternative Learning Center East project. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by January 11, 2010. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by July 12, 2010. If both conditions are not met by July 12, 2010, the OPSC will proceed to rescind or reduce this project to costs incurred.

Design Grant	50/10249-00-038	Merced County Office of Education (MCOE) Merced Los Banos High	The project received a Design Grant apportionment on June 27, 2007. The Los Banos Unified School District (LBUSD) is the lead on this project and submitted plans to the Division of the State Architect. However, the LBUSD then changed Architect. The MCOE is expecting to secure a contract for an Architect for addendums to the plans submitted by LBUSD, negotiate for a Land Purchase / Lease agreement with LBUSD, secure California Department of Education approval and complete California Environmental Quality Act review. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by January 11, 2010. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by July 12, 2010. If both conditions are not met by July 12, 2010, the OPSC will proceed to rescind or reduce this project to costs incurred.
	57/10314-00-001	Placer County Office of Education Placer Secret Ravine	The project received a Design Grant apportionment on June 27, 2007. The District is planning on increasing the capacity of the school in addition to this modernization. In order to reduce costs, the modernization and new construction projects will be designed together in one set of plans. The district submitted their new construction project (50/10314-00-010) design application to the Office of Public School Construction (OPSC) on October 21, 2008. The District is expecting to submit the final plans for the modernization and new construction projects to the Division of the State Architect by February 2009. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by January 11, 2010. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by July 12, 2010. Design Grant	50/10488-00-024 50/10488-00-025	Solano County Office of Education Solano T C McDaniel Elementary Larsen	These projects received a Design Grant apportionment on April 25, 2007. The District is expecting to submit the plans to the Division of the State Architect on February 16, 2009. Both schools will be built on existing school sites previously approved by the California Department of Education. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by November 4, 2009. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by May 4, 2010. If both conditions are not met by May 4, 2010, the OPSC will proceed to rescind or reduce this project to costs incurred
	50/10488-00-026 50/10488-00-027	Solano County Office of Education Solano K.I. Jones Elementary Armijo High	These projects received a Design Grant apportionment on April 25, 2007. Due to lack of manpower, the District has been concentrating their efforts on two larger school sites, TC McDaniel Elementary and Larsen. The plans for these schools will be submitted to the Division of the State Architect (DSA) on February 2009. Therefore, the District will be focusing on the K. I. Jones Elementary and Armijo High school sites. The District is expecting to submit the plans for the installation of new modular classrooms to the DSA in April 2009. Therefore, the District is requesting an 18 month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by November 4, 2009. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by May 4, 2010. State Relocatable

Classroom Program

❖ ❖ ❖

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SALE OF STATE RELOCATABLE CLASSROOMS

PURPOSE OF REPORT

To authorize the applicant districts to purchase State relocatable classrooms leased from the State Allocation Board (SAB) under the Phase-Out Plan for the State Relocatable Classroom Program (SRCP).

BACKGROUND

At the October 2005 meeting, the Board was presented with and adopted the Phase-Out Plan for the SRCP. The SRCP was originally designed to meet classroom needs for those districts impacted by excessive growth or unforeseen classroom emergencies. The implementation of the Phase-Out Plan was brought forth for the SAB's consideration due to the increasing size of the SRCP and the general condition of an aging fleet. The Phase-Out Plan outlines a process for immediate disposal of all State relocatable classrooms and permits school districts and other entities to purchase the relocatable classrooms.

AUTHORITY

Education Code Section 17094 permits the Board to dispose of a State relocatable classroom to the public or private entity in any manner that it deems to be in the best interest of the State, if the Board deems there is no longer a need for the State relocatable classroom.

Education Code Section 17089.2 permits the Board to accept payments in equal annual installments for an agreed upon term not to exceed nine years.

DESCRIPTION

The districts listed on Attachments A and B have complied with all provisions of the Phase-Out Plan, adopted by the SAB, for the purchase of State relocatable classrooms. The cost of the State relocatable classroom and the reduction of pupil grants from the district's School Facility Program new construction baseline eligibility will be determined by the age of the State relocatable classroom. Districts will be responsible for all costs to move and set up the State relocatable classroom.

RECOMMENDATIONS

1. Approve the sale of five relocatable classrooms for $20,000 in revenue to the State School Building Aid Fund as shown on Attachment A.

2. Approve the sale of 60 relocatable classrooms for $276,000 in future revenue to the State School Building Aid Fund on a payment plan, not to exceed nine years, as shown on Attachment B.

3. Direct Staff to adjust the districts' baseline eligibility as shown on Attachments A and B.

Unused Sites Program

❖ ❖ ❖

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

UNUSED SITES

EXHIBIT/APPL. NO. 92/68023-00-00

Chula Vista Elementary School District – San Diego County

PURPOSE OF REPORT:

To present the District's request for the State Allocation Board to grant a refund of the 2007/08 Fiscal Year Unused Site Assessment fees.

DESCRIPTION

The Chula Vista Elementary School District was assessed an unused site fee of $66,688 for the 2007/08 Fiscal Year at the December 10, 2008 State Allocation Board. The fees will be deducted from the District's State School Fund apportionment during the months of February through May 2009. The District recently submitted documentation indicating that this property will be used within one year. Therefore, the District is entitled to a refund of the unused site assessment fee that will be withheld for the 2007/08 Fiscal Year.

Site	Year	Withheld	Recommendation
Vacant Land on Maxwell Road (9711169)	2007/08	$66,688	Refund

AUTHORITY

Pursuant to Education Code Section 17219 (f), nonuse payments shall not be required "Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board and does not use the site within... (1)five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district..."

STAFF COMMENTS

The District has provided documentation to support their request and staff has verified the information.

RECOMMENDATION

Approve the District's request for a refund of the 2007/08 Fiscal Year unused site assessment fee in the amount of $66,688 and notify the State Controller's Office to not deduct the unused site assessment fee as indicated.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

UNUSED SITES

EXHIBIT/APPL. NO. 92/73387-00-00

Milpitas Unified School District – Santa Clara

PURPOSE OF REPORT:

To present the District's request for the State Allocation Board to grant a refund of the 2006/07 Fiscal Year Unused Site Assessment fees.

DESCRIPTION

The Milpitas Unified School District was assessed an unused site fee of $110,118 for the 2006/07 Fiscal Year at the December 12, 2007 State Allocation Board. The fees were deducted from the District's State School Fund apportionment during the months of February through May 2008. The District recently submitted documentation indicating the District is leasing these sites to tenants who are paying possessory taxes for that year. Therefore, the District is entitled to a refund of the unused site assessment fee that will be withheld for the 2006/07 Fiscal Year.

Site	Year	Withheld	Recommendation
Murphy (9703489)	2006/07	$45,634	Refund
Topham Site (9501361)	2006/07	$64,484	Refund

AUTHORITY

Pursuant to Education Code Section 17219(f), nonuse payments shall not be required for any year with respect to a school site that was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes that would have been paid if the site had been sold.

STAFF COMMENTS

The District has provided documentation to support their request and staff has verified the information.

RECOMMENDATION

1. Approve the District's request for a refund of the 2006/07 Fiscal Year unused site assessment fee of $110,118 and notify the State Controller's Office to not deduct the unused site assessment fees as indicated.

EMERGENCY REPAIR

PROGRAM

❖ ❖ ❖

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

EMERGENCY REPAIR PROGRAM – GRANT ADJUSTMENTS

PURPOSE OF REPORT

To reduce grant apportionments for the attached listing of Emergency Repair Program (ERP) projects.

DESCRIPTION

The Local Educational Agencies (LEAs) listed on the Attachment have submitted the required *Expenditure Reports* (Form SAB 61-04) that indicate expenditures are less than the ERP funded grant (savings). In addition, any interest earned on the reported savings has been verified.

Additionally, the Office of Public School Construction staff reviewed the Forms SAB 61-04, and it has been determined that the expenditures, savings and interest earned that was reported by the LEAs are proper and meet the requirements of the regulations.

The Attachment includes three ERP applications, designated by "a", that require adjustments.

AUTHORITY

California Code of Regulations (CCR) Title 2, Section 1859.324.1(a), states in part, that when expenditures have been determined to be less than the ERP funded grant, the apportionment for ERP funding should be reduced (adjusted) by the amount of the savings and any interest earned.

CCR Title 2, Section 1859.330, states in part, that when adjustments to apportionments are established, collection procedures must be initiated.

RECOMMENDATIONS

1. Reduce the grant apportionments by the savings and interest earned, for the ERP applications listed on the Attachment.

2. Require the LEAs to return State Funds as indicated on the Attachment.

COMMUNITY SCHOOL UTILIZATION OF FACILITIES

PURPOSE OF REPORT

To present an addendum to the triennial report on facilities used for a Community School Program (CSP).

DESCRIPTION

Every three years, each County Superintendent of Schools (CSS) is required to report to the State Allocation Board (SAB) the facilities used for the operation of a CSP. The report presented at the December 10, 2008 SAB meeting contained an attachment listing CSS that did not report their facilities used for a CSP. Since the December meeting, some CSS have reported their facilities.

AUTHORITY

Education Code (EC) Section 1986 requires each CSS to report to the SAB the facilities used for the operation of a CSP on September 1, 1993 and every three years thereafter.

STAFF COMMENTS

EC Section 1986 requires CSS to utilize available school facilities that conform to the Title 24 of the California Code of Regulations (Field Act) and report this information to the SAB. The CSS listed on Attachment A have certified that the owned facilities conform to the safety standards listed in Title 24 of the California Code of Regulations (CCR).

Attachment B lists CSS that have certified that all reasonable efforts have been made to locate the CSP in owned facilities that conform to the safety standards listed in Title 24 of the CCR.

RECOMMENDATION

Accept the facility reports on Attachments A and B.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

EXPELLED PUPIL PROGRAM UTILIZATION OF FACILITIES

PURPOSE OF REPORT

To present an addendum to the triennial report on facilities used for an Expelled Pupil Program.

DESCRIPTION

Every three years, each school district and county office of education is required to report to the State Allocation Board (SAB) the facilities used for the operation of an Expelled Pupil Program. The report presented at the December 10, 2008 SAB meeting contained an attachment listing districts that did not report their facilities used for an Expelled Pupil Program. Since the December meeting, some districts have reported their facilities.

AUTHORITY

Education Code (EC) Section 17292.5 requires each school district to report to the SAB the facilities used for the operation of an EPP on September 1, 1996 and every three years thereafter.

STAFF COMMENTS

EC Section 17292.5 requires school districts and county offices of education to utilize available school facilities that conform to the Title 24 of the California Code of Regulations (CCR/Field Act) and report this information to the SAB. Districts listed on Attachment A have certified that the owned facilities conform to the safety standards listed in Title 24 of the CCR.

Attachment B lists districts that have certified that all reasonable efforts have been made to locate the Expelled Pupil Program in owned facilities that conform to the safety standards listed in Title 24 of the CCR.

RECOMMENDATION

Accept the facility reports on Attachments A and B.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL DISTRICT DATA	
School District:.....ALPAUGH UNIFIED	County:.....TULARE
Application Number: 51/71803-00-001	School Name:.....ALPAUGH ELEMENTARY
Total District Enrollment:.....340	Project Grade Level:..... K-6
District Baseline Eligibility:.....K-6, 178; 7-8, 8; 9-12, -65; Non-Severe, 0; Severe; 0	
Financial Hardship:.....YES	

PURPOSE OF REPORT

To present the District's request for conceptual approval for the replacement of two classroom buildings and the adjacent covered walkways at the Alpaugh Elementary School at a possible cost to the State of $1,094,976, pursuant to the School Facility Program (SFP) Facility Hardship Regulations.

DESCRIPTION

The Alpaugh Unified School District is requesting conceptual approval for the replacement of two classroom buildings (Buildings B and C) and the adjacent covered walkways at the Alpaugh Elementary School. The facilities were originally constructed in 1949 and consist of six classrooms totaling 3,802 square feet. The original foundation of the buildings consists of a cement slab which was laid on soil that has high concentrations of alkaline. Through the years, the alkaline content in the soil has permeated the cement foundation causing a chemical reaction that has severely deteriorated the foundation and wood frame structures. A structural engineer's report and letter of concurrence from the Division of the State Architect (DSA) verifies that a health and safety threat to the students exists.

The project is estimated at $1,094,976. The State's share could be up to 100 percent, as the District may qualify for Financial Hardship status.

AUTHORITY

The SFP Regulation Section 1859.82(a) provides for Facility Hardship grant funding for replacement of classrooms and related facilities if a district demonstrates that the condition of the facilities is a threat to the health and safety of the pupils. When replacement facilities are requested, a cost/benefit analysis must be prepared by the district and submitted to the Office of Public School Construction (OPSC). The analysis must indicate that the total cost required to mitigate the existing problems is at least 50 percent or greater than the current replacement cost of the facilities. SFP Regulation Section 1859.82(a) provides that if the district qualifies for replacement facilities, the district is eligible for funding as a new construction project and the funding is based upon the square footage replaced rather than the district's eligibility.

STAFF COMMENTS

Staff conducted a site visit in April 2008 and has reviewed the necessary documentation provided by the District and supports the District's request.

The minimum costs to mitigate the health and safety issues are greater than 50 percent of the costs to replace the facilities; thereby qualifying this project for replacement. It is important to note that a portion of the work in the replacement project includes the installation of a non-permeable vapor liner that will serve as a barrier between the new facility and the soil to avoid a reoccurrence of the same type of damage.

The District's current enrollment substantiates that these facilities are necessary to adequately support the District's existing elementary school.

(Continued on Page Two)

SPECIAL
000061

RECOMMENDATIONS

1. Approve the District's request for conceptual approval to replace six classrooms and the adjacent covered walkways in Buildings B and C at the Alpaugh Elementary School, pursuant to the SFP Regulation Section 1859.82(a).

2. Provide that the potential grant amount for the facility hardship replacement facilities will be based on the adjusted square footage calculation not to exceed 3,802 square feet subject to the OPSC verification of the complete funding application and construction plans.

3. Provide that the District must file a complete SFP new construction funding application for the facility hardship replacement facilities within 18 months of this approval, pursuant to Regulation Section 1859.82(c).

4. Provide that this conceptual approval does not constitute a commitment of funding by the SAB. Any possible future funding will be subject to all governing laws and regulations, and the availability of funds.

5. Provide that the State portion of the project savings which may be realized from the funding of a facility hardship or rehabilitation project must be returned to the State.

This Item was approved by the State Allocation Board on February 25, 2009.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL DISTRICT DATA	
School District: ALPAUGH UNIFIED	County: TULARE
Application Number: 51/71803-00-002	School Name: ALPAUGH JUNIOR/SENIOR HIGH
Total District Enrollment: 340	Project Grade Level: 7-12
District Baseline Eligibility: K-6, 178; 7-8, 8; 9-12, -65; Non-Severe, 0; Severe; 0	
Financial Hardship: YES	

PURPOSE OF REPORT

To present the District's request for conceptual approval for the replacement of the gymnasium and administration buildings and the adjacent covered walkways at the Alpaugh Junior/Senior High School at a possible cost to the State of $4,104,969, pursuant to the School Facility Program (SFP) Facility Hardship Regulations.

DESCRIPTION

The Alpaugh Unified School District is requesting conceptual approval for the replacement of Building E (Administration) constructed in 1955 and Building K (gymnasium) constructed in 1951 and the adjacent covered walkways at the Alpaugh Junior/Senior High School. The original foundation of the buildings consists of a cement slab which was laid on soil that has high concentrations of alkaline. Through the years, the alkaline content in the soil has permeated the cement foundation causing a chemical reaction that has severely deteriorated the foundation and wood frame structures. A structural engineer's report and letter of concurrence from the Division of the State Architect (DSA) verifies that a health and safety threat to the students exists.

The facilities consist of a total of 11,343 square feet of other area and 1,615 square feet of toilet area. The project is estimated at $4,104,969. The State's share could be up to 100 percent, as the District may qualify for Financial Hardship status.

AUTHORITY

The SFP Regulation Section 1859.82(a) provides for Facility Hardship grant funding for replacement of classrooms and related facilities if a district demonstrates that the condition of the facilities is a threat to the health and safety of the pupils. When replacement facilities are requested, a cost/benefit analysis must be prepared by the district and submitted to the Office of Public School Construction (OPSC). The analysis must indicate that the total cost required to mitigate the existing problems is at least 50 percent or greater than the current replacement cost of the facilities. SFP Regulation Section 1859.82(a) provides that if the district qualifies for replacement facilities, the district is eligible for funding as a new construction project and the funding is based upon the square footage replaced rather than the district's eligibility.

STAFF COMMENTS

Staff conducted a site visit in April 2008 and has reviewed the necessary documentation provided by the District and supports the District's request.

The minimum costs to mitigate the health and safety issues are greater than 50 percent of the costs for replacing the facilities; thereby qualifying this project for replacement. It is important to note that a portion of the work in the replacement project includes the installation of a non-permeable vapor liner that serves as a barrier between the new facilities and the soil to avoid a reoccurrence of the same type of damage.

The District's current enrollment substantiates that these facilities are necessary to adequately support the District's existing high school. Staff supports the District's request.

(Continued on Page Two)

RECOMMENDATIONS

1. Approve the District's request for conceptual approval to replace Buildings E , K and the adjacent covered walkways at the Alpaugh Junior/Senior High School, pursuant to the SFP Regulation Section 1859.82(a).

2. Provide that the potential grant amount for the facility hardship replacement facilities will be based on the adjusted square footage calculation not to exceed 11,343 square feet of "other" and 1,615 square feet for toilet area and subject to the OPSC verification of the complete funding application and construction plans.

3. Provide that the District must file a complete SFP new construction funding application for the facility hardship replacement facilities within 18 months of this approval, pursuant to Regulation Section 1859.82(c).

4. Provide that this conceptual approval does not constitute a commitment for funding by the SAB. Any possible future funding will be subject to all governing laws and regulations, and the availability of funds.

5. Provide that the State portion of the project savings which may be realized from the funding of a facility hardship or rehabilitation project must be returned to the State.

This Item was approved by the State Allocation Board on February 25, 2009.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

DEFERRED MAINTENANCE PROGRAM FUNDING

PURPOSE OF REPORT

To apportion funds for the Deferred Maintenance Program (DMP).

DESCRIPTION

The State Allocation Board (SAB) apportions funds annually for the DMP. The funding for the program is made available by the following funding sources: the Budget Act, any excess repayments from the former State School Building Aid Program (SSBAP), State School Site Utilization funds, and unallocated DMP funds from the previous year. The chart on the following page will provide more detail regarding these funding sources.

BACKGROUND

The DMP provides State matching funds on a dollar-for-dollar basis and on a prorated basis when funding is insufficient. These funds provide assistance to school districts for major repair or replacement of existing school building components. An annual apportionment is provided to districts for work on their deferred maintenance five-year plan, which is a projection of deferred maintenance work to be performed on a district wide basis over the next five years. The SAB may also reserve up to ten percent of the funds available in the Deferred Maintenance Fund (DMF) to fund extreme hardship projects. An extreme hardship apportionment is provided if the district has a critical project on the five-year plan that must be completed within one year due to health and safety reasons.

The DMP receives its funding annually and in recent years the program funding has mainly relied on the funds provided through the Budget Act. In addition, funds made available as a result of close outs or unmatched DMP basic apportionments are included in the annual apportionment. The amount of funding each district receives is based on a calculation detailed in Education Code (EC) Section 17584(a). Districts that are approved for an extreme hardship project will receive 100 percent of their maximum basic apportionment.

AUTHORITY

EC Section 17584(c) requires the SAB to apportion specified funds for the DMP after December 1 of each fiscal year. EC Section 17080 provides that the SAB shall direct the State Controller to transfer the excess repayments from SSBAP to either the DMF or the Lease-Purchase Fund. EC Section 17584(a) specifies the calculation which is used by the Office of Public School Construction (OPSC) to determine the amount of funding for each school district. EC Section 17587 provides the SAB an option to reserve up to ten percent of the total DMP funds for extreme hardship projects and that the apportionments will be made at the same time as the basic apportionments.

STAFF COMMENTS

For the 2007/2008 Fiscal Year total requests for basic apportionment amount to $316,339,485. Based on current funding available to the DMP and the amount of funds requested by school districts for extreme hardship projects, Staff is recommending that each district receive 68.27 percent of their maximum basic apportionment. This leaves a remaining balance of $23,913,547 available for extreme hardship projects. However, current requests for funding of extreme hardship projects and increases to prior projects equal $72,668,589, leaving a balance of unfunded requests at $48,755,042. Funding available for the DMP for the 2007/2008 Fiscal Year is as follows:

(Continued on Page Two)

STAFF COMMENTS (cont)

	Amount Available for Basic Apportionments	Amount Available for Extreme Hardships	Total Amount Available for Apportionment
2008/2009 Budget Act	$ 234,722,000		
Less Administrative Costs	(159,000)		
Excess Repayments (State School Building Aid Program)	1,981,920		
Site Utilization	2,590,551		
Subtotal	239,135,471		
Less Extreme Hardships (10%)	(23,913,547)	$ 23,913,547	
Carryover from Previous Year	1,440,541		
Total Available	$ 216,662,465	$ 23,913,547	$ 240,576,012

* Pursuant to EC Section 17587(a), the SAB may, each year, reserve an amount not to exceed 10 percent of the funds transferred from any source to fund extreme hardship projects.

Staff is recommending that each district receive 68.27 percent of their apportionment as detailed below for the amounts as calculated by the OPSC and represented on the attached list.

	Funding Available	Funding To Be Provided	Balance
Basic Apportionment	$ 216,662,465	$ 216,645,752**	$ 16,713
Extreme Hardship	23,913,547	22,029,238***	1,884,309
Total	$ 240,576,012	$ 238,674,990	$ 1,901,022

** Includes $2,147,117 to provide a 100 percent Basic Apportionment match for extreme hardship districts being funded on the Attachment.

*** Pursuant to Regulation Section 1866.5.1(b), the total amount of Extreme Hardship funding being recommended based on available funds and order of date received.

It is important to note that school districts with schools eligible to participate in the Emergency Repair Program must deposit an amount equal to the maximum basic grant to be eligible to receive funding from that program pursuant to the Emergency Repair Program Regulation Section 1859.328.

RECOMMENDATIONS

1. Direct the State Controller to transfer excess repayments of $1,981,920 to the DMF pursuant to EC Section 17080.
2. Approve the transfer of the unallocated carryover funds from last year of $1,440,541 for allocation in the basic apportionment funding.
3. Approve and apportion the basic apportionment amount of $216,645,752 as shown on the Attachment.
4. Approve and apportion the extreme hardship amount of $22,029,238 as shown on the Attachment.
5. Approve a reservation of $1,884,309 for future extreme hardship projects.

BOARD ACTION

In considering this item, the Board approved staff's Recommendations 1, 2, and 3 and did not approve staff Recommendations 4 and 5. Instead, the Board requested that staff bring back funding options that address the ten percent funding for extreme hardship projects at the next available SAB meeting.

THE GENERAL OBLIGATION BOND REPORT HAS BEEN WITHDRAWN

The draft report prepared to comply with Government Code Section 16724.4 has been withdrawn at the request of the Department of General Services. It will be provided to the State Allocation Board once it has been formally adopted.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL FACILITY PROGRAM FUND RELEASES

PURPOSE OF REPORT

To provide an update and recommendation on the potential prioritization of fund releases for School Facility Program (SFP) projects.

BACKGROUND

On December 17, 2008, the Pooled Money Investment Board (PMIB) took action to temporarily halt disbursing funds from the State's Pooled Money Investment Account for capital projects, including the construction of public schools. Therefore, the Office of Public School Construction (OPSC) is now restricted from releasing funds for projects that have been previously apportioned by the State Allocation Board (SAB).

At the January 14, 2009 and January 28, 2009 SAB meetings, the OPSC was asked by the SAB to seek additional information concerning the apportioned SFP projects which have been impacted by the PMIB's action. Based on the updated information, there are 849 projects that account for approximately $2.4 billion in unreleased funds, including approximately $439 million for 88 financial hardship projects. The attachments contain updated self-reported data and lack responses from some school districts.

Attachment A represents a summary of the project information the OPSC Staff was able to obtain and Attachment B represents a detailed listing of the project information. Attachment B also highlights projects, for which the OPSC has received the *Fund Release Authorization* (Form SAB 50-05). As of February 23, 2009, the OPSC has received and processed 346 fund release requests representing a total of approximately $1.4 billion in pending fund releases.

At the February 18, 2009 PMIB meeting, the freeze on disbursement of funds was continued. The PMIB also determined that it would reconvene after the 2008/09 State budget is in place to consider future bond sales of State General Obligation bonds. Even in the event of bond sales occurring in the near future, the State Treasurer indicated that sufficient funds for all approved projects would not be available for a significant period of time.

STAFF COMMENTS

At the February 19, 2009 SAB Implementation Committee meeting, the Committee discussed potential prioritization of apportioned projects that cannot be funded due to restrictions placed by the PMIB. Representatives from various school districts and stakeholders were present to provide testimony on the impact of the financial crisis to their projects and offered suggestions for the potential prioritization of fund releases.

Most of the Committee Members proposed that, upon availability of funds, fund releases should be processed in the date order received with special consideration to school districts based on the following factors:

- Projects with submitted Form SAB 50-05 prior to December 17, 2008 when the PMIB halted fund disbursements from the Pooled Money Investment Account;
- Projects that are under construction;
- Projects that risk immediate work stoppage due to unavailability of funds;
- Projects for school districts with severe financial challenges and potential risk of insolvency due to the impact of State funding freeze.

SPECIAL
000171

(Continued on Page Two)

STAFF COMMENTS (cont.)

Staff has the following preliminary comments to take into consideration when developing a priority system based on the above factors:

- If prioritization criteria are developed, the SAB may inadvertently postpone funding for some projects which could lead to potential disputes, appeals and/or litigation.
- Among the circumstances discussed by the Committee, it will be difficult to identify projects that face immediate risk of work stoppage.
- While there was significant discussion to consider projects for districts with the most challenging fiscal issues, there was an understanding that the details of any prioritization method would require further development. For example, in testing the district's fiscal solvency, what time frame should be used to evaluate availability of local funds, i.e. next 30 days, 90 days, six months, or a year?
- Definition of fiscal solvency and related evaluation of potential insolvency may require time consuming analysis. Any definition that is developed should consider simple and easily identifiable measurements of the organization's fiscal state.

SAB Legal Counsel provided a preliminary opinion with respect to the Board's ability to prioritize the release of funds. In general, the law appears to presume that fund releases should follow the date order received policy that applies to SAB apportionments. However, there is nothing in statute that clearly prohibits the Board from establishing priorities for the release of funds.

In addition, Implementation Committee members requested to obtain an opinion from the Attorney General regarding the use of SFP bond funds for interest payments and loan origination fees on debt financing obtained by school districts to cover project expenditures while State funding is unavailable. Attachment C is a Memorandum from the State Treasurer's Office providing broad guidelines for use of State General Obligation bond funds and indicates that these funds may not be used to pay for costs of interim financing by grantees.

AUTHORITY

SFP Regulation Section 1859.90 cites: "... the OPSC will release State funds that have been apportioned by the Board to the district after submittal, by the district, of the Form SAB 50-05. ... With the exception of an apportionment made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, a district must submit the Form SAB 50-05, within 18 months of the Apportionment of the SFP grant for the project or the entire New Construction Adjusted Grant, Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization project, Joint-Use Project apportionment shall be rescinded without further Board action..."

In order to submit a Form SAB 50-05 for New Construction or Modernization adjusted grant apportionment, the district must certify that its applicable matching share has either been deposited in the County School Facility Fund, has already been expended for the project or will be expended prior to the Notice of Completion for the project. The district must also provide the date of contract signing and the Notice to Proceed for a contract covering at least 50 percent of the work in the construction plans approved by the Division of the State Architect.

RECOMMENDATION

Request Staff to continue discussions at the Implementation Committee in order to refine proposals for SAB's consideration on the processing of fund releases upon future availability of State bond funds.

BOARD ACTION

In considering this item, the Board approved staff's recommendation to address this matter at the Implementation Committee and requested that the following issues be explored:

- Determine the best policy for prioritizing fund releases should funds become available based on actions taken by the PMIB;
- Determine whether regulatory and/or statutory amendments are required to make changes to the fund release priorities.

The Board requested that staff report back at a future SAB meeting.

Attachment C

State of California **State Treasurer's Office**

MEMORANDUM

Date: February 23, 2009

To: General Obligation Bond Grant and Loan Program Administrators

From: Geoff Palmertree
Manager, Interim Financing Section, Public Finance Division

Subject: Alternative Non-State Bridge Financing for Grant and Loan Recipients

Several agencies and departments ("grantor state agencies") have inquired as to whether they may repay some type of bridge financing obtained by grant and loan recipients ("grantees") once the freeze on disbursements from Pooled Money Investment Board ("PMIB") loans is over. The Attorney General's Office has provided the following informal general guidance to the State Treasurer's Office ("STO") relating to this question:

Generally, a grantee may continue to incur expenses during the PMIB freeze in order to maintain project schedules and avoid additional costs, and seek payment of those expenses at the end of the freeze, if all of the following apply:

1. The grantee is not a state agency.

2. PMIB approved the loan to the grantor state agency that will be used as interim financing in anticipation of the sale of general obligation bonds for the grant or loan program of the grantor state agency before the freeze took effect.

3. The grantor state agency awarded or allocated the grant or loan and approved the project before the freeze took effect.

4. The grantee incurs the expenses during the freeze period. If the grantee fronts an expense with an alternative source of non-state funds during the freeze period, the grantor state agency may still disburse grant funds after the freeze upon the receipt of an invoice detailing the expense. However, grant funds may not be used to pay interest or other financing costs on any alternative non-state bridge financing obtained by a grantee to front project expenses.

5. The expenses incurred by the grantee during the freeze must meet the requirements of the applicable bond act, any statutes incorporated in the bond act, and the grantor state agency's program guidelines or regulations. For example, some grant programs may have matching, timing or percentage requirements that must still be followed. The freeze on PMIB loans does not eliminate those requirements.

Please be advised that the guidance provided by the Attorney General's Office to the STO is informal and general in nature. Each program administrator should take care to review program guidelines or regulations, the applicable bond act, and any statutes incorporated into the bond act and consult with counsel to ensure that all program requirements are met.

SPECIAL
000190b

Please also note that the STO cannot guarantee when funds from PMIB loans will be available for reimbursement of project costs, and should grantees decide to continue projects with an alternative non-state source of bridge financing, they do so at their own risk with respect to the timing of reimbursement from the State.

In addition, loans made to grantees that are Local Governmental Entities (as that term is defined in the Bond Expenditure Transaction Form) which will be used by those grantees to repay bridge financing raise additional tax considerations that may affect the State's issuance of General Obligation Bonds. Each program administrator must track which loans to grantees that are Local Governmental Entities, if any, will be used to repay the grantee's bridge financing, and must report those loans separately on the Bond Expenditure Transaction Form.

I hope this information is helpful. If you have any questions, please contact me at (916) 653-2440 or gpalmertree@treasurer.ca.gov.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

ADJUSTMENTS TO SCHOOL FACILITY PROGRAM GRANTS

PURPOSE OF REPORT

To present and discuss options regarding:

1. The annual adjustment to the School Facility Program (SFP) Grants based on the Class B Construction Cost Index (CCI) as provided in Education Code (EC) Section 17072.10(b) and Title 2 of the California Code of Regulations;
2. The annual adjustment to SFP Grants authorized by Assembly Bill (AB) 127;
3. Extending the General Site Development additional grant.

BACKGROUND

CCI Adjustment

Statute requires an annual adjustment to the per-unhoused-pupil grant amounts of the SFP based on the change in the Class B Construction Cost Index (CCI) each January. Prior to January 1, 2005, base grant amount adjustments were based on the Marshall & Swift (M&S) Ten Western States Index. At the March 2005 State Allocation Board (SAB) meeting, the Board adopted the M&S Eight California Cities Index as the index most closely reflecting the building climate in California. In December 2007, the Board used the M&S Ten Western States Index. At that time the Board requested that the issue be revisited in one year for further discussion. During the period of January 1, 2008 through January 1, 2009, the M&S Ten Western States and Eight California Cities indexes increased by 7.73 and 6.0 percent, respectively.

AB 127 Adjustment

AB 127 authorizes the SAB, beginning January 1, 2008, to annually increase or decrease the new construction per pupil base grant amount based on an analysis of current costs to build a school. An increase can be up to six percent; a decrease is unlimited. At the June 2008 SAB meeting, the Board approved the maximum six percent increase. The SAB adopted the use of the Project Information Worksheet (PIW) to collect project information to evaluate grant adequacy on an ongoing basis.

General Site Development Additional Grant

As part of grant adequacy discussions in 2006, after a preliminary analysis concluded that general site development was not considered in the base grant, the Board approved regulations to provide an additional grant for general site development for new construction projects that are new schools or additions to existing sites where additional acreage is being acquired. General site development work includes but is not limited to: finish grading, on-site hard surfaced areas for foot traffic, driveways, walkways, outdoor instructional play facilities, permanent playground equipment, athletic fields, and landscaping. The regulations sunsetted on December 31, 2008.

AUTHORITY

CCI Adjustment

EC Section 17072.10(b) states, "The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board."

(Continued on Page Two)

AUTHORITY (cont.)

CCI Adjustment (cont.)

EC Section 17072.11(a)(3) states, "The board shall conduct an analysis of the relationship between the per-unhoused-pupil grant eligibility determined under this article and the per-pupil cost of new school construction for elementary, middle, and high school pupils."

AB 127 Adjustment

EC Section 17072.11(b) states, "On or after January 1, 2008, the board shall increase or decrease the per-unhoused pupil grant eligibility by amounts it deems necessary under this article and the per-pupil cost of new school construction, provided that the increase in any fiscal year pursuant to this section shall not exceed 6 percent."

Additional Grant for General Site Development

EC Section 17072.12(b) states that "...the board may provide funding for assistance in site development and acquisition..." The SAB's Legal Counsel has opined that because the SFP does not define site development, the Board may adopt regulations to define and clarify the types and amounts of site development assistance that will be provided.

Regulation Section 1859.76 states, "...Subsection (d) of this section shall be suspended no later than January 1, 2008, unless otherwise extended by amendments as adopted by the Board."

STAFF COMMENTS

Staff recommends an adjustment to the per-unhoused-pupil grant amounts based on the 6.0 percent increase in the M&S Eight California Cities Index and as shown on the attachment. This index better reflects the current cost of construction in California.

Staff will be discussing a proposed methodology for evaluating PIW data at a future Implementation Committee meeting. The General Site Development additional grant will be evaluated in the context of overall grant adequacy. At this time, Staff is recommending that the Board extend the General Site Development additional grant to December 31, 2009 and defer making an adjustment pursuant to EC Section 17072.11(b) until a comprehensive PIW data analysis has been performed.

RECOMMENDATIONS

1. Approve a 6.0 percent increase, based on the M&S Eight California Cities Index, to the per-unhoused-pupil grant amounts as provided on Attachment A for the use of SFP applications approved on or after January 1, 2009.
2. Defer a grant adjustment pursuant to EC Section 17072.11(b) to a future SAB meeting.
3. Adopt the proposed regulations to extend the General Site Development additional grant to December 31, 2009, as shown on Attachment C.
4. Authorize the OPSC to file the attached regulations with the Office of Administrative Law.

BOARD ACTION

In considering this item, the State Allocation Board approved staff's recommendations, including the date change in Recommendation No. 3 to extend the General Site Development additional grant to "January 1, 2010."

In addition, the Board requested that the six percent grant adjustment provided through Assembly Bill 127 be discussed at the April 2009 Implementation Committee meeting so the Board can address the issue at a future SAB meeting.

PROPOSED AMENDMENTS TO THE
SCHOOL FACILITY PROGRAM REGULATIONS
State Allocation Board Meeting, February 25, 2009

Title 2. Administration
Division 2. Financial Operations
Chapter 3. Department of General Services
Subchapter 4. Office of Public School Construction
Group 1. State Allocation Board
Subgroup 5.5. Regulations Relating to the Leroy F. Greene School Facilities Act of 1998:
(School Facility Program)

Section 1859.76. New Construction Additional Grant for Site Development Costs.

In addition to any other funding authorized by these Regulations, the Board shall provide funding equal to 50 percent of the following approved site development and applicable design costs:

. . . .

(d) General Site Development costs within school property lines for an addition to an existing school site project wherein additional acreage is acquired, with the exception of existing school site acreage that is leased pursuant to Section 1859.22, or a new school project, determined as follows:

(1) $19,200 per Useable Acre as approved by the CDE. This sum may be increased by the percentage identified in Section 1859.83(b). The per acre amount shown above shall be adjusted annually in the manner prescribed in Section 1859.71.

(2) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the New Construction Grant. For purposes of this calculation, the percentage amount for Severely Disabled Individuals with Exceptional Needs and Non-Severely Disabled Individuals with Exceptional Needs pupils shall be based on the type of project selected by the district on the Form SAB 50-04.

(3) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the funding provided by Sections 1859.71.2, 1859.72, 1859.73, 1859.73.2, 1859.82, 1859.83(a), (b) and (c) and 1859.125(a)(1) through (a)(2).

Subsection (d) of this section shall be suspended no later than January 1, ~~2009~~ 2010, unless otherwise extended by amendments as adopted by the Board.

The district must submit a detailed cost estimate for all requests for site development work, with the exception of General Site Development, and any justification documents that will support the work with the Form SAB 50-04.

The Board will approve reasonable and appropriate site development work which meet common engineering practices and industry standards that are consistent with the specific site conditions if the site development costs are consistent with the most current edition of the Saylor Current Construction Costs. The design professional must certify to the district that the site development work does not exceed the minimum requirements to develop the site to meet educational needs and/or standards.

General Site Development provided pursuant to 1859.76(d)(1), service site and off-site development costs shall be reduced, on a prorated basis, by the percentage of the excess acreage of the site that exceeds the master plan site acreage approved by the CDE.

Note: Authority cited: Section 17070.35, Education Code.

REPORT OF THE EXECUTIVE OFFICER (Rev. 1)
State Allocation Board Meeting, February 25, 2009

DEPARTMENT OF FINANCE, OFFICE OF STATE AUDITS AND EVALUATIONS REPORT

PURPOSE OF REPORT

To present the interagency agreement close-out report prepared by the Department of Finance - Office of State Audits and Evaluations.

DESCRIPTION

In September 2007, an independent performance audit of the Financial Hardship program was presented to the State Allocation Board (SAB). The SAB accepted the report and requested Staff to develop and present a work plan to implement the audit recommendations. That work plan was presented and approved at the October 2007 SAB meeting.

In order to implement the recommendations proposed in the work plan, the Office of Public School Construction entered into an interagency agreement with the Department of Finance. On January 16, 2009, the Department of Finance issued the Interagency Agreement Closeout report, included as Attachment A. This report details the Department of Finance's methodology and results. Also included are:

- Evaluation of the California Office of Public School Construction Financial Hardship Review Program, September 18, 2007, as Attachment B;
- Work Plan for improving the Financial Hardship Program, October 23, 2007, as Attachment C; and
- Interagency Agreement (No. 3122654) "Scope of Work," as Attachment D.

RECOMMENDATION

Accept the report.

BOARD ACTION

In considering this item, the Board received the report only. In addition, a motion was made and carried that the Board establish two sub-committees to include three members of the Board:

- The first sub-committee shall convene to review the scope of the OPSC's auditing authority; and
- The second sub-committee shall convene to develop rules and procedures recommended for the SAB.

The SAB's legal counsel indicated that both sub-committees would be subject to the Bagley-Keene Open Meeting laws.

EXECUTIVE SUMMARY

The Department of Finance, Office of State Audits and Evaluations (Finance), performed professional services under an interagency agreement with the Office of Public School Construction (OPSC). The agreement required that Finance provide audit specific training to the OPSC staff. The second objective of the agreement was to assist the OPSC in developing an interim project-monitoring program.

We have met the scope of the agreement by providing training and assistance in developing a project-monitoring program. We provided OPSC with a field project-monitoring program to supplement its current desk review procedures. We met with OPSC management on November 4, 2008 to present and discuss the written procedures for interim project monitoring, including audit programs, and internal control questionnaires and matrices.

We acknowledge the efforts of OPSC's management to comply with Governor's Executive Order S-02-07 to ensure bond funds are spent efficiently, effectively, and in the best interests of the people of the State of California. By obtaining the professional services of Finance to develop an interim project-monitoring program and to provide audit specific training, OPSC aims to address weaknesses it recognized in its fiscal and managerial controls over bond funds.

In performing the services requested, we noted conditions that erode the OPSC's efforts to employ adequate fiscal and managerial controls over the School Facilities Programs (SFP). We recognize that as staff to the State Allocation Board, the OPSC does not possess the unilateral ability to implement controls and/or may not have the ability to correct the noted impediments to the development, implementation, and determination of effectiveness of fiscal and managerial controls over the SFP. However, it is critical for OPSC to acknowledge these impediments, make suggestions for improvements and to enact compensating controls. Further, we recommend that the OPSC review the fiscal controls currently employed by the other administrators of Proposition 1D-bond funds to identify measures to enhance fiscal accountability and governmental transparency.

SPECIAL
000201

Background, Scope, and Methodology

Background

The State Allocation Board (SAB) is a 10-member state government board that allocates general obligation bonds for the construction, modernization, and maintenance and repair of K-12 public school facilities. At its monthly meetings, the SAB also adopts policy and regulation and hears appeals on SAB and OPSC actions. The SAB board members include:

- Three Members of the Senate
- Three Members of the Assembly
- Director of the Department of Finance
- Director of the Department of General Services
- Superintendent of Public Instruction
- One Governor appointee

The OPSC is the administrative staff of the SAB and exists as an office within the Department of General Services. As staff to the SAB, the OPSC administers the School Facility Programs (SFP), which provide State funding assistance for new construction and modernization projects. The OPSC proposes changes to the regulations, policies, and procedures that carry out the mandates of the SAB and advises the SAB on policy issues and legislative implementation.

In the 1980's, the Implementation Committee (Committee) was created to advise and assist the OPSC in policy implementation by providing practitioner and stakeholder input. The committee is composed of representatives of school districts, county offices of education, contractors, labor unions, lobbyists, and other stakeholders.

In January 2007, the Governor issued Executive Order S-02-07 to ensure that state government is accountable for the expenditures of Strategic Growth Plan bond proceeds. The order requires all agencies, departments, boards, offices, commissions, and other entities of state government responsible for expending bond proceeds to be accountable for ensuring funds are spent efficiently, effectively, and in the best interests of the people of the State of California.

Scope

The scope of the interagency agreement was to assist the OPSC in developing an interim project-monitoring program and to provide audit specific training to the OPSC auditors.

Methodology

To meet the objectives of the interagency agreement, we gained an understanding of the SFP and its requirements. We reviewed Education Code Section 17070, the Leroy F. Greene School Facilities Act of 1998. We also performed a review of policies and procedures developed by the OPSC, as well as the Governor's Strategic Growth Plan Bond Accountability website.

SPECIAL
000202

Once we had obtained an understanding of the program, we conducted interviews and facilitated brainstorming sessions with OPSC staff. These meetings assisted us in understanding the current project review process, including OPSC's newly implemented risk assessment process.

To gain an understanding of the environment in which OPSC operates, we attended SAB and Committee meetings and reviewed prior month's minutes. Our research included reviewing documents and reports prepared by the California Research Bureau, Legislative Analyst's Office, and the Little Hoover Commission. We interviewed external entities such as a county office of education, a school district's facilities planning department, the Division of State Architect, and the Fiscal Crisis and Management Assistance Team.

Finally, to assess the adequacy of OPSC's control activities, we gained an understanding of processes in place at other state entities mandated with allocating funding for school construction programs, namely: the California Community Colleges, the University of California, and the California State University.

SPECIAL
000203

Training

During the period June 2008 through October 2008, OSAE provided the following training classes to OPSC staff:

- How to Conduct a Grant Audit.
- Research and Resources Presentation.
- Professionalism and Conducting Entrance and Exit Conferences.
- Yellow Book 2007 Update.
- Introduction to State Fund Accounting.

OSAE provided training to OPSC's entire professional staff, including auditors and management.

Project Monitoring Program

We determined that OPSC's current practice of performing desk reviews of projects at close out did not provide sufficient oversight to ensure that bond funds are spent efficiently, effectively, and in the best interests of the people of the State of California. In collaboration with OPSC, we developed a project-monitoring program to enhance OPSC's fiscal and managerial controls by proposing:

- District level internal control assessments.
- Management representation letters.
- Increased financial analysis of grant recipient's financial condition, including the validity of claimed encumbrances.
- Validation of the existing number of district classrooms.
- Onsite project inspections.
- Assurance that claimed expenditures are accurate and adequately supported by invoices, accounting records, and other supporting documentation.

Other Issues

As previously noted, our methodology included reviewing the Governor's Strategic Growth Plan Bond Accountability website. The OPSC complied with the requirements to submit a three-part accountability plan, detailing its activities to ensure accountability and transparency at the front end, in-progress, and follow-up phases of projects. However, in performing the services included in the interagency agreement, we noted conditions that could hamper OPSC's ability to execute the accountability plan and could impede OPSC's ability to ensure the effectiveness of the fiscal and managerial controls.

SPECIAL
000204

Assignment of Responsibility and Authority
The SFP's assignment of authority and responsibility to the local level may be a barrier to ensuring that proper accountability and transparency exists. As a component of the front-end phase of its accountability plan, the OPSC includes the use of the May 2008 *School Facilities Handbook*. In Section 12, Program Accountability, the handbook states: "The School Facility Program (SFP) has significantly increased program flexibility and responsibility at the local level, while reducing the state's oversight role."

This assignment of fiscal accountability to the local level is evident in the grant disbursement process. Because funds are disbursed in an advance lump sum payment, the OPSC does not have an opportunity to base funding disbursement on school district performance or project progression. Such limits on the state's oversight role could erode OPSC's ability to ensure bond proceeds are spent efficiently, effectively, and in the best interests of the people of California.

We compared the fiscal and managerial controls of the four Proposition 1D bond-funded school construction programs: the OPSC (K-12), the California Community Colleges, the University of California, and the California State University. Although the K-12 program was allocated over 70 percent of the Proposition 1D bond funds, OPSC's program contains significantly fewer fiscal controls than the three other state school construction programs.

The areas in which OPSC's fiscal and managerial controls are weaker than the comparative programs include:

- The OPSC does not require independent assessment of construction costs.
- Grantees do not submit capital budgets to the OPSC.
- No grant agreements are required between the OPSC and grantees.
- Grant disbursements are not based on actual completion of construction phase.
- No grant funds are withheld until successful completion of construction projects.

A summary and description of the fiscal controls for each program is included in Appendix A, Summary of Fiscal Controls by State Educational Program.

Override of Controls
A significant potential impediment to effectual controls is the ability of the SAB to override and negate fiscal and managerial controls established by the OPSC. In our review of SAB minutes, our attendance at SAB and Implementation Committee (Committee) meetings, and in interviews with staff, we noted several instances where overrides have occurred. For instance, as part of the provisions of Assembly Bill 127, Chapter 35, Statutes of 2006 (Perata/Nuñez), the OPSC contracted with consulting firm Macias, Gini & O'Connell to conduct an independent analysis of the cost to construct schools and to determine grant adequacy. The New School Construction Grant Adequacy Study (Macias report) concluded the state was over-funding its portion of the school construction projects. At its September 24, 2008 meeting, SAB voted to reject the findings of the Macias Report. The minutes state that the SAB "expressly declares that the report does not have the SAB's approval for citation in any administrative, fiscal or other official purpose." Additionally, a board member requested that the report be removed from OPSC's Resource website. This type of activity is contrary to the Governor's directives to enhance the transparency in state government activities.

SPECIAL
000205

The override of controls was also exemplified in the case of San Bernardino City Unified School District's (District) appeal to the SAB regarding OPSC findings of the District's financial hardship status. The financial hardship program provides up to 100 percent state funding to applicants who cannot meet the local match requirement. In its application for financial hardship, the District reported it had no available funds to contribute to its school construction projects. The District received 100 percent state funding for the construction of 16 schools. Upon subsequent review, the OPSC determined that the District had overstated its encumbrances and that $24 million in District funds could be applied as match.

The District disputed OPSC's findings and appealed to the SAB. While acknowledging that the District had received excess funds, the SAB asserted that the financial hardship regulations lacked specific limitations for claiming encumbrances. The SAB overturned the findings of the OPSC and released the District from any responsibility to contribute to its construction projects.

Lack of Objectivity
The final potential impediment we observed is the organizational structure in which the OPSC functions. An essential tenet in the development, implementation and determination of effectiveness of fiscal and managerial controls is the responsibility of administrators to remain objective. However, studies by the Milton Marks "Little Hoover" Commission (Commission) on California State Government Organization and Economy report that the SAB may not have the requisite objectivity. In an August 2007 report, The State Allocation Board: Improving Transparency and Structure, the Commission found that:

1. The SAB has no formal rules of operation, leading to an unclear governance structure.
2. The majority of SAB members are elected officials, resulting in an inherent conflict of interest between the executive and legislative branches.
3. The SAB is subject to inappropriate influence that, "on occasion, has permitted politics to trump policy in allocation decisions."

We also noted that the Superintendent of Public Instruction's delegate on the board is the director of the Department of Education's School Facilities Planning Division. Because a school district must have the approval of this division prior to applying for funding from the SAB, this dual role poses a potential conflict of interest. Because the division the delegate directs provides approvals for the educational facilities that would ultimately require her approval as a SAB board member, the delegate may not possess the requisite objectivity in the consideration of projects funded by the SAB. We also noted that while the Department of General Service's Division of State Architect (DSA) is also responsible for approving educational facilities, the DSA is not represented on the SAB.

The lack of objectivity and its impact on OPSC's ability to ensure the existence of accountability and transparency is demonstrated in the composition and use of the (Committee). The committee is composed of representatives of school districts, county offices of education, contractors, labor unions, lobbyists, and other stakeholders.

Currently, the SAB refers all policy and regulation changes to the Committee for consensus. For instance, both the SAB and the OPSC have identified deficiencies in the regulations over the financial hardship program. In 2005, the Committee was tasked with identifying improvements to correct the deficiencies in the regulations. Despite the lack of resolution from the 2005 directive, again in May 2008 the SAB requested that the Committee recommend

SPECIAL
000206

improvements to the Financial Hardship regulations. The OPSC proposed recommended program improvements to the Committee but after eight committee meetings, there has been no progress.

As its technical staff, the OPSC is responsible for proposing policy recommendations to the SAB. However, as evidenced in the circumstances surrounding modifications to the regulations guiding financial hardship, the lack of progress has impeded OPSC's efforts to improve the SFP's administration. As noted in the August 2007 Commission report, the then chair of the SAB stated that since its inception, lobbyists and other advocates for special interests have been added to the Committee and since then, it assumed a more activist role, influencing program and policy development. As noted in the report, "the chair suggested that this has upset the balance between policy and regulation development and fiscal responsibility."

SPECIAL
000207

Proposition 1D, the *Kindergarten-University Public Education Facilities Bond Act of 2006*, was approved to fund $10.416 billion in school facilities construction projects for four major state programs. Below is a comparison of the fiscal controls of each of these construction programs.

Proposition 1D Bond Accountability
Summary of Fiscal Controls

Fiscal Controls	Office of Public School Construction, K-12 ($7.329 Billion)	California Community Colleges ($1.507 Billion)	University of California ($890 Million)	California State University ($690 Million)
1. Independent Assessment of Construction Project Costs	No	Yes	Yes	Yes
2. Capital Project Budgets Submitted for Review	No Budget Submitted	Yes	Yes	Yes
3. State and Local Project Cost Sharing Agreements	Yes	Yes	No	No
4. Grant Agreements or Construction Contracts Signed Between State Programs and Local Project Management	No	Yes	Yes	Yes
5. Project Payments Based Upon Progress Reports and Actual Expenditures Incurred	No	In Progress	Yes	Yes
6. Program Authority to Approve Change Orders	No	Yes	Yes	Yes
7. Project Expenditures Reviewed to Analyze Variances	No	Yes	Yes	Yes
8. Percent of Actual Expenditures Withheld Until Successful Completion of Projects	None	Yes	Yes	Yes
9. Final Construction Project Costs Independently Audited	No	Yes	In Progress	Yes

SPECIAL 000208

The following describes the fiscal controls in each Proposition 1D bond-funded school facilities construction program:

Office of Public School Construction
The Office of Public School Construction (OPSC) does not require an independent assessment of construction costs on capital projects; nor does it require a capital project budget. The School Facilities Program requires both state and local matching funds for new construction (50/50) and modernization (60/40) projects, unless it is a financial hardship project. There are no grant agreements between the OPSC and grantees. Grant funds are disbursed in an up-front payment for the entire grant amount.

California Community Colleges
The 72 community college districts apply directly to the California Community College (CCC) for Proposition 1D funding. The CCC assesses proposed construction costs using its Building Cost Guidelines before projects are started. Construction project budgets are submitted to the Department of Finance (Finance) in the capital outlay budget process. The CCC does not require local funding of projects, but preference is given to projects using local funding sources. Project payments are made through the reimbursement of actual expenditures incurred. The CCC approves project change orders requiring additional state funding. Final payments are withheld until all project expenditures have been reported. Projects that are jointly funded by state and local sources are independently audited after completion.

University of California
The University of California (UC) receives independent assessments of construction costs through external architectural/engineering firms before projects are initiated. Individual campuses develop a Project Planning Guide that includes the scope, schedule, and budget for each of their projects. Final construction project budgets are submitted to Finance in the capital outlay budget process. Funding is transferred to campuses to cover project expenses for each phase. Campuses report all expenditures to the State Controller's Office. Construction progress reports and actual expenditures incurred are monitored and change orders are approved at the campus level. The final payment is withheld from the contractor until a Notice of Completion has been issued. The UC is currently working on a process to have its facilities construction projects audited after completion.

California State University
The California State University (CSU) independently verifies construction costs through independent architectural/engineering firms. In addition, the CSU budgets for future project costs using a baseline cost guide and the Department of General Services' Construction Cost Index. Facility construction budgets are submitted to Finance in the capital outlay budget process. Each month, the CSU disburses project payments based upon a schedule of actual work completed and expenditures are monitored against budgeted line items. The CSU withholds at least five percent of project expenditures incurred until the Notice of Completion has been issued. The CSU contracts for independent audits of the completed construction projects.

MCG Executive Summary
Evaluation of the OPSC Financial Hardship Review Program

September 2007

Why Macias Consulting Group Conducted this Review

Since 1998, the California Office of Public School Construction (OPSC) has provided about $3 billion in grants to school districts and county Offices of Education (herein referred to as school districts) to help build and/or modernize K-12 educational facilities. To help allocate the grants available, the California legislature established the Financial Hardship Program under the under the Leroy F. Greene School Facilities Act of 1998 that is designed to identify and certify school districts that are experiencing "financial hardship". School districts receiving "financial hardship" designations become eligible to receive up to 100 percent of State funding to cover the cost of each construction project submitted for State funding appropriation within a six-month period. School districts must reapply for the financial hardship certifications every six months. To be certified as "financial hardship", the school district must demonstrate that it has an unmet need for pupil housing due to extreme financial, disaster related, or other hardship, or is not financially capable of providing the contributing shares otherwise required for state funding participation. The school district must also demonstrate that it has made all reasonable efforts to impose all levels of local debt capacity and development fees unless the applicant is a county office of education. In exception cases, the school district must demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs will be incurred in the construction of school facilities

The Financial Hardship Program (Program) has been the subject to public debate and OPSC sought an independent firm to (1) assess the adequacy of the current Financial Hardship Program, (2) evaluate internal controls, and (3) provide recommendations on areas that can be improved.

To accomplish these objectives, Macias Consulting Group evaluated the Program by reviewing governing regulations, application instructions and forms, and discussed the funding approval process with OPSC staff. Also, our firm examined a sample (15) of Financial Hardship Program applications that were submitted by school districts and represented 87 percent of $233 million in funding allocated to school districts in FY 06-07. Finally, we analyzed performance metrics to further assess the strengths and weaknesses of the Financial Hardship Process.

What Macias Consulting Group Found

From FY 1997 - 2007, OPSC distributed nearly $3 billion among 271 school districts, county offices of education, and schools for construction and modernization of K-12 facilities. While the Financial Hardship Program has supported education throughout California, our study has identified several noteworthy accomplishments by OPSC.

The results of our evaluation showed that OPSC has been instrumental in reallocating millions of dollars to additional school districts applying for funding by requiring applicants to contribute more of their own funding to facility construction projects. Our analysis of a representative sample of applications indicated that OPSC identified that of 33,717,528.50 in funding requested from applicants, OPSC identified that nearly $27 million could be contributed to other construction projects and was the responsibility of applicants for facility construction projects, which prevented the State from assuming the total costs. OPSC has also been proactive in efforts to strengthen the Program by revamping application instructions and instilling uniformity in its internal submission review process. Moreover, OPSC's quick responsiveness to assigning staff to review Program applications upon submittal is commendable.

Nevertheless, the results of our review showed some key areas of concern:

1. Lack of equity and fairness in the distribution of State facility construction funds,

2. Indebtedness requirements that cause applicants to unnecessarily take on more debt to qualify for State construction funding,

3. Inability to determine the accuracy of financial data submitted by applicants,

4. Outdated review process administered by OPSC reviewers.

First, the Financial Hardship Review Process needs a regulatory framework that ensures a fairer and more equitable allocation of available State facility construction funding. The current regulatory framework and the subsequent Financial Hardship Review process developed by OPSC has created a condition that is more beneficial to larger school districts than smaller ones. Our analysis showed that many larger (e.g. medium and large) urban school districts were not required to contribute any of their own available funds to facility construction. In contrast, most of the smaller school districts in our review were required to use 13 to 70 percent of their available funds. As an example, a larger and urban school district had $28.5 million available for construction projects, but the Financial Hardship Program determined that they had zero available funding to contribute to the project, and as a result the school district will not have to contribute any local funds to its facility construction project(s). However, one smaller and rural school district in Northern California had a total of $233,000 available for construction projects and the Financial Hardship Program required the school district to contribute up to 70 percent of those funds to facility construction.

SPECIAL
000212

The equity and fairness issues in the Financial Hardship Review process stem from several circumstances. The regulations prevent OPSC from examining the amount of funds available from other revenue sources. OPSC is strictly limited to reviewing funds available in capital outlay accounts and is prohibited from examining other fund accounts that also can be used by school districts for construction funding. School districts have recognized this loophole and have transferred capital project funds from their capital outlay accounts to other accounts that cannot be included in the OPSC review process. For example, an applicant from a large school district transferred $4,000,000 from its general fund to its Special Reserve fund (non-capital outlay) in FY 04-05 for the purpose of avoiding OPSC review of that available funding. The money could not be considered by OPSC as available for facility construction because it was transferred to a fund account that OPSC could not include in its review. The school district previously performed a similar funds transfer in FY 03-04 for $3,000,000, and again this money could not be considered by OPSC as a possible contribution to the project. The State provided full funding to the applicant for its facility construction project.

In another example, a large school district had previously been denied financial hardship status by OPSC on its last two applications because OPSC had determined that the applicant had sufficient funds available to meet the 50 percent contribution requirement. On its third attempt to receive financial hardship certification, the school district transferred its capital outlay funds to its general fund. Because OPSC staff could not review the funds in the General Fund, the school district was subsequently approved for financial hardship funding and was not required to contribute any local funds to the construction projects within this application.

A second area of concern is the regulation that calls for school districts to have at least 60 percent debt in order to qualify for financial hardship certification, which has led school districts to incur unnecessary loans from financial institutions. For example, one school district had withdrawn its application after learning that it would not meet the 60 percent indebtedness requirement imposed by the Program to help quality for financial hardship certification. The school district subsequently obtained a loan -- Certificate of Participation (COP) -- and reapplied for financial hardship certification. Due to the COP issuance, the school district met the 60 percent indebtedness requirement and qualified for full financial hardship funding. Additionally, the school district was not required to contribute funds to the approved construction projects contained within their application.

A third area of concern is that the financial review process does not restrict the types of information sources that can be submitted with a school district's application. There were many instances in which school districts submitted financial data on sheets of paper, Excel data tables, and other miscellaneous documents that did not ensure the reliability or the accuracy of the data that was submitted. Of the 15 applications that we reviewed, ten contained errors and other omissions in the capital outlay fund data that was submitted to OPSC. Similarly, in eight of the 15 applications, school districts double counted or presented other data discrepancies that occurred on the forms used

SPECIAL
000213

by OPSC for their review. In one case that double counting occurred, one rural school district was required by OPSC to contribute 48 percent of its available funding to its construction project because the school district reported that it had more funding than was actually available. Due to the complexity of the form required by the Program, data inaccuracies were undetected by OPSC staff. To identify these errors, an OPSC reviewer must be experienced and have expertise in auditing and accounting. Currently, OPSC has had high staff turnover and does not require staff auditors to have these critical qualifications. Given our concerns about the accuracy of the data submitted by the school districts, we could not determine whether the funding contribution amounts recommended by OPSC were accurate.

Finally, our evaluation identified concerns about the manner in which OPSC staff auditors implement the Financial Hardship Program process. For instance, the process does not include procedures for OPSC reviewers to raise difficult or complex issues to senior or executive management. Also, the process does not require OPSC reviewers to sufficiently document the activities performed as part of their reviews of the school districts' applications.

Other California funding agencies, such as the California Educational Facilities Authorities, utilize different models for allocating funds to agencies and organizations in need by assessing the overall fiscal health of an applicant to determine eligibility for State funding. Working groups are established comprised of executive management, managers, supervisors, staff, and independent members to review and validate the analysis performed by staff. Agency officials reported that the outcomes of these reviews have mitigated disagreements about the results of the review processes.

We recommend to OPSC that it should revise its current Financial Hardship Review model to evaluate the overall fiscal health of the applicant rather than limiting the review to available funds in capital outlay fund accounts. To accomplish this recommendation, OPSC needs to take the following actions:

1. Establish an advisory panel comprised of Legislative Analyst Office (LAO) and Department of Finance representatives to prepare the framework for the revised model. Once established, the advisory panel will need to address the following issues:

    a. Propose revised Financial Hardship Program regulations to review the overall fiscal health of the applicant.
    b. Establish key fiscal health ratios to be submitted by the applicant that show revenue availability, debt levels, liability levels, and operating margins. The financial ratios should be based on the most recent year-end audited financial statements and a current trial balance report.
    c. Develop an index of State and application contribution levels based on the fiscal health assessment of the applicant.

SPECIAL
000214

d. Approve OPSC revamped Financial Hardship Program instructions that provide guidance to the applicants on the financial hardship certification program and funding allocation process.
e. Establish performance requirements for the review of financial hardship certification applications upon submission of complete applications. (e.g., 30 or 60 days).
f. Determine whether applicants should submit financial hardship certifications for each project effectively eliminating the six-month effective period of the certification.
g. Seek an independent firm or expert to determine whether vulnerabilities exist within the revised model.

2. Establish a formal training program for prospective applicants to be administered once a year. This training program should include information pertaining to the application receipt, processing and decision-making criteria used by OPSC reviewers.

3. Develop policies and procedures that trigger OPSC mid-level and/or executive management resolution of issues raised by an applicant or by the OPSC reviewer's analysis of the financial hardship application. These triggers could include the identification of excessive fund transfers to the applicant's general fund, restrictions found on certificates of participation, a school district's utilization of legal services, and issues that require interpretation or application of regulations.

4. Revamp the Financial Hardship Certification Application to reflect the revised review model, including updating instructions for each financial worksheet required.

5. Add a component to the Financial Hardship Review Process to require OPSC reviewers to visit school districts when circumstances are warranted. These circumstances can include unclear financial information, discrepancies found in the financial data, or the absence of supporting documentation on the financial hardship application.

6. Restrict access to information systems so that upon completion of the review of an application, the record cannot be overwritten with information from another application.

7. Implement information system-edit checks to require OPSC reviewers to enter required database information.

8. Add system tables to perform and validate matching share contribution calculations.

SPECIAL
000215

9. Require mid-level managers to provide bi-monthly performance monitoring on key performance metrics, such as the timeliness of the review process, adherence to internal controls and review outcomes of the financial hardship review process (e.g., percent of withdrawals, denials, and approval rates).

10. Establish an advisory panel comprised of LAO, Department of Finance representatives, OPSC mid-and executive-level management, and an independent auditor that meets monthly to validate the results of the financial hardship certification review and provide approval of eligibility and funding contributions.

Cost analysis

To assist OPSC in determining the cost benefit of implementing a revised model for determining financial hardship funding levels, we determined that most of the recommendations and activities can be carried out by OPSC staff. The amount of staff time and resources required are excluded in this cost analysis. We anticipate that at least six months are needed to address the recommendations.

Anticipated Expenses:

- Hiring of independent firm to validate the integrity and validity of the revised program – $25,000. (one time cost)

- Hiring of independent firm to validate the results of Financial Hardship Program Application review results – $2,500 to $8,000.

- Development of training sessions to familiarize school districts with applying to the revised Financial Hardship Program – $25,000.

Total anticipated direct expenses – $55,000.

To estimate the potential impact on funding contribution levels if OPSC updates its model to assess the overall fiscal health of school districts, we assigned them a five percent contribution obligation. This five percent benchmark is used to identify materiality of data according to generally-accepted government auditing standards. For the purpose of analysis only, we applied five percent to the total available funding amounts for each of the applications in our pool of school districts, as well as applying the five percent benchmark to the estimated costs of facility construction to derive at a possible contribution amount for the applicant. Table 1 below shows the possible contribution levels if the OPSC were to set amounts based on total available funds or on the estimated construction cost of the project. The results show that five of the six smaller school districts would contribute less of their own funds to the project if the requisite shares were based on the total available funds from the school district. In contrast, five of the eight applicants from larger school districts would contribute more of their available funds to pay for the construction project.

SPECIAL
000216

We further analyzed how the contribution allocation would change if OPSC opted to take the lesser amount (Table 2) that was calculated based on five percent of total available funds and five percent of estimated project costs. The results show that all seven larger school districts would provide greater levels of funding than what was originally required by the Financial Hardship Program; two of the six smaller districts would also provide greater levels of funding; and the contribution levels other smaller districts would be reduced. Figure 1.0 and Figure 2.0 for the differences in contribution levels.

Table 1.0: Comparison of Funding Contribution Amounts.

School District	Total Available Funds	Contribution Amount based on 5% of Available Funds	Total Estimated Project Cost	Contribution Amount based on 5% of Total Estimated Project Cost
Large Urban	$28,531,460	$1,426,573	$40,636,137	$2,031,806
Medium Urban	$39,227,064	$1,961,353	$42,843,115	$2,142,155

Executive Summary

The Office of Public School Construction (OPSC) contracted with the Macias Consulting Group (MCG) to conduct a performance audit of the Financial Hardship (FH) Program. The Macias consultants provided a number of recommendations to improve the program:

1. Revamp the FH framework.
2. Establish training for applicants.
3. Develop and implement program policies.
4. Revamp worksheets and instructions.
5. Establish information system safeguards.
6. Implement process improvements and training.

The OPSC will execute this work plan to implement these recommendations. Adoption of several recommendations is complete or underway, but the full complement of recommendations will take several months and approximately $97,000 in one-time costs and $44,000 in on-going costs to implement. These changes will streamline and simplify the FH review process for OPSC customers, improve the integrity of the program, and ensure an equitable distribution of hardship funding to qualifying school districts.

Recommendation #1: Revamp FH Framework

Recommendations:

Establish an advisory panel comprised of Legislative Analyst Office (LAO) and Office of Statewide Audits and Evaluations (OSAE) representatives to prepare the framework for the revised model. Once established, the advisory panel will need to address the following issues:

a. Propose revised FH Program regulations to review the overall fiscal health of the applicant.

b. Establish key fiscal health ratios to be submitted by the applicant that show revenue availability, debt levels, liability levels, and operating margins. The financial ratios should be based on the most recent audited financial statements and a current trial balance report.

c. Develop an index of State and application contribution levels based on the fiscal health assessment of the applicant.

d. Approve OPSC revamped FH Program instructions that provide guidance to the applicants on the FH certification program and funding allocation process.

e. Establish performance requirements for the review of FH certification applications upon submission of complete applications (e.g., 30 or 60 days).

f. Determine whether applicants should submit FH certifications for each project effectively eliminating the six-month effective period of the certification.

SPECIAL
000220

g. Seek an independent firm or expert to determine whether vulnerabilities exist within the revised model.

Actions Needed for Recommendation #1:

Assemble Advisory Panel	Completed
Revamp FH model	Underway
Beta test revised model	November 2007
Discuss the revised model at the Implementation Committee	December 2007
Follow-up discussion at the Implementation Committee	January 2008
Independent evaluation of model	February 2008
Revised regulations to State Allocation Board	March 2008

Recommendation #2: Establish Training for Applicants

Recommendation:

Establish a formal FH training program for prospective applicants to be administered once a year. This training program should include information pertaining to the application receipt, processing, and decision-making criteria used by OPSC reviewers.

Actions Needed for Recommendation #2:

Establish Training for Applicants	June 2008

Recommendation #3: Develop and Implement Program Policies

Recommendations:

Develop policies and procedures that trigger OPSC mid-level and/or executive management resolution of issues raised by an applicant or by the OPSC reviewer's analysis of the FH application. These triggers could include the identification of excessive fund transfers to the applicant's General Fund, restrictions found on certificates of participation, a school district's utilization of legal services, and issues that require interpretation or application of regulations.

Add a component to the FH Review Process to require OPSC reviewers to visit school districts when circumstances are warranted. These circumstances can include unclear financial information, discrepancies found in the financial data, or the absence of supporting documentation on the FH application.

Require mid-level managers to provide bi-monthly performance monitoring key performance metrics, such as the timeliness of the review process, adherence to internal controls and review outcomes of the FH review process (e.g., percent of withdrawals, denials, and approval rates).

Establish an advisory panel comprised of LAO, OSAE representatives, OPSC mid-and executive-level management, and an independent auditor that meets monthly to validate the results of the FH certification review and provide approval of eligibility and funding contributions.

SPECIAL
000221

Actions Needed for Recommendation #3:

Establish program policies to elevate issues	Adopted Sept. 2007
Establish policy for on-site reviews	Adopted Sept. 2007
Establish bi-monthly performance monitoring	Adopted Sept. 2007
Advisory panel to review revised program and approve FH applications	Upon adoption of regulations

Recommendation #4: Revamp the Application and Worksheets

Recommendations:

Revamp the FH Checklist to reflect the revised review model, including updating instructions for each FH worksheet required.

Actions Needed for Recommendation #4:

Revamp the current program FH checklist	Adopted Oct. 2007
Revamp the current program FH worksheets	December 2007
Update the revised program FH checklist/worksheets	Available upon adoption of regulations

Recommendation #5: Establish Information System Safeguards

Recommendations:

Restrict access to information systems so that upon completion of the review of an application, the record cannot be overwritten with information from another application.

Implement information system-edit checks to require OPSC reviewers to enter required database information.

Add system tables to perform and validate contribution calculations for the application and final expenditure report submitted by the school district at the completion of the construction project.

Actions Needed for Recommendation #5:

Establish information system safeguards for current program	January 2008
Create new information program system for revised program	Available upon adoption of regulations

Recommendation #6: Process Improvements / Training

Recommendations:

The FH files were put together in a manner that did not provide a full audit trail of data used in completing the FH funding analysis. The FH review packages lacked cross-referencing, an index for the working papers, and there were no trail documenting when issues (e.g., high-level or policy issues) were elevated to management for recommendations.

SPECIAL
000222

At the time of the external management review, there were no staff members on the FH review team with outside audit experience. Staff with prior experience in accounting or financial auditing would better understand the concepts of analyzing financial data and what constitutes a complete audit. Additionally, the OPSC does not have a formal training process for new and current staff members.

Actions Needed for Recommendation #6:

Standardize format for FH review files	Adopted Aug. 2007
Transition of staff members with prior audit/accounting experience	Adopted Sept. 2007
Training in accounting and financial reviews	Commencing November 2007

Resources Needed

- Contract with an outside consulting firm to review FH Program changes.

  Estimated one-time cost to assess the risk of the new program: $25,000
  Estimated one-time cost to develop training for OPSC reviewers: $8,000

- Engage an outside audit firm to perform monthly reviews with the FH Committee.

  Estimated annual cost: $24,000

- Multi-level training program for in-house staff.

  One-time cost to upgrade skill set of staff for FY 07/08: $17,000
  One-time cost to upgrade skill set of staff for FY 08/09: $38,000
  Estimated annual cost for on-going training: $20,000

- Authorize overtime over the next two months to address the FH review workload.
  One-time cost: $9,000

- Redirect and rotate School Facility Program auditors onto the FH review team.
  Estimated cost: Non-substantial

Total Costs

- Total estimated implementation cost for these program improvements is $141,000. This includes $97,000 in one-time costs and $44,000 in annual costs.

 SPECIAL

000223

EXHIBIT A
Scope of Work

PURPOSE OF AGREEMENT

This interagency agreement between Department of General Services (DGS), Office of Public School Construction (OPSC) and the Department of Finance, Office of State Audits and Evaluations (Finance), is for the purpose of acquiring professional services to assist the OPSC to develop an interim project monitoring program and to provide audit specific training to OPSC auditors.

SCOPE OF WORK

Finance agrees to provide the following training modules and/or coordinate contract services:

1. Provide training to approximately 40 OPSC auditors. Training will be in the areas of:
    a. Generally Accepted Government Auditing Standards
    b. Professionalism
    c. How to conduct an entrance conference
    d. Developing pointsheets
    e. Overview of internal controls
    f. State fund accounting overview
    g. How to conduct internet research
    h. What is a grant audit
    i. Interviewing skills
2. Gain an understanding of the School Facility Program and the current requirements.
3. Facilitate brainstorming sessions with OPSC staff.
4. Develop an interim project monitoring program, taking into consideration:
    a. Results of the facilitated brainstorming sessions.
    b. The current requirements for construction projects.
    c. OPSC's new audit risk assessment.
    d. Current requirements for participating school districts.
    e. Best practices and known risks.
    f. Staffing and funding availability.
5. Final product will be written procedures for interim project monitoring, including audit programs or checklists needed to perform the monitoring; and approximately 21 hours of audit training for each OPSC auditor.

DGS agrees to provide the following services:

1. Work with Finance to develop a timetable for the training to be provided.
2. Require all OPSC auditors to attend the provided training.
3. Provide information regarding the School Facility Program.
4. Attend brainstorming discussions regarding program-wide issues.
5. Attend update sessions and information sessions as needed.
6. Provide input regarding audit programs and checklists.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL DISTRICT DATA

School District:..... SAN BERNARDINO CITY UNIFIED County: ....SAN BERNARDINO
Application Number:.....56/67876-00-003 School Name:..... MIDDLE COLLEGE HIGH
Total District Enrollment:.....56,727 Project Grade Level:..... 9-12
District Baseline Eligibility:.....K-6, -2,416; 7-8, -1,872; 9-12, -1,723; Non Severe, 358; Severe, 148
Financial Hardship:.....YES

PURPOSE OF REPORT

To present the District's request to process an Overcrowding Relief Grant (ORG) funding application for a project that previously received New Construction site and design funds under the School Facility Program (SFP).

SUMMARY

The District submitted separate applications for funding under the New Construction SFP and ORG toward the same scope of work. The Office of Public School Construction (OPSC) cannot accept more than one application for funding toward the same scope of work. The OPSC provided the District with three options that would allow it to proceed consistent with statute and regulations and without providing double-funding. The District refused to accept any of the options and its ORG application for duplicate funding was returned. The District subsequently filed a lawsuit against the State Allocation Board (SAB) and the OPSC on November 18, 2008. The District then submitted an appeal to the OPSC on November 24, 2008.

BACKGROUND AND DISCUSSION

This item was presented at the January 2009 SAB meeting. The Board requested the appeal be brought back to the February 2009 SAB meeting for further discussion.

In October 2007, the District submitted to the OPSC a New Construction SFP application for site acquisition and design funds for Middle College High School. The application was approved at the April 2008 SAB meeting. When the application for site and design funds was approved, OPSC Staff advised the SAB and the District that it would be unlikely to have sufficient New Construction SFP eligibility to complete the project due to declining enrollment. The site and design funds were released to the District on May 20, 2008 in the amount of $15,341,826 and the District reports having proceeded with drafting plans and specifications, purchasing parcels of land, and allocating relocation funds to eligible property owners.

In July 2008, the District submitted an ORG funding application for the same project for the identical scope of work. In the ORG program, districts must remove portable classrooms from overcrowded sites and replace them with permanent classrooms at the existing or other school sites. The District stated that the project would replace 17 portable classrooms from three overcrowded sites in the District.

The OPSC was unable to process the District's ORG application, because the OPSC cannot accept more than one application for funding toward the same scope of work as explained below.

Incompatible Funding Sources

- The New Construction program houses unhoused pupils. Site and design funds were apportioned for a New Construction SFP project to increase the pupil capacity of the District. The ORG program, on the other hand, replaces portable classrooms on overcrowded sites with permanent classrooms to relieve overcrowding. ORG projects are prohibited from increasing the pupil capacity of a district. The purpose of New Construction SFP funding is unambiguous, and directly conflicts with the purpose of ORG funding. The SAB's Legal Counsel has opined that approving the use of New Construction funds for an ORG project would be a violation of the voter-authorized intent of New Construction funds. Such an action would effectively take scarce funding away from school districts that would otherwise be able to build new pupil capacity.

(Continued on Page Two)

BACKGROUND AND DISCUSSION (cont.)

Incompatible Funding Sources (cont.)

- Design costs are embedded in the ORG per-pupil grant amounts, yet the District has already received funding for design costs under New Construction SFP for the same project. Approving ORG funding for the District's project without first recovering the New Construction SFP site and design funds already apportioned would result in double-funding.

The District suggested that it could avoid double-funding by receiving a reduced ORG apportionment to offset the site and design funds it has already received; however, the SAB's legal counsel opined that there is no authority under the law or SFP regulations to allow commingling funds between the New Construction SFP and ORG programs in the manner requested. These are separate funding appropriations specifically authorized by the voters for separate purposes. Therefore, the OPSC sent a letter to the District outlining the following three options that would enable the District to proceed without violating the voters' authorization:

- Rescind the New Construction SFP site and design apportionment and submit a new application for funding under the ORG program, or
- Reduce the New Construction SFP site and design apportionment to costs incurred and submit a new application for funding under the ORG program, or
- Continue to pursue funding for the project under the New Construction SFP.

The District responded with a letter containing an opposing legal opinion stating that there is no law that expressly prohibits a school district from applying for and receiving SFP New Construction funding and ORG funding for the same construction work. The District raised concerns that because it would be unable to apply for its ORG project until the New Construction SFP project was closed out, the process time to close out a project would delay construction funds from being apportioned. In addition, the District stated that it had already made deposits, was in or closed escrow, and signed purchase agreements on all 23 parcels of land, and eviction notices had been served and relocation was in progress. By law, if the District were to reapply for funding under the ORG program, updated appraisals would be required. The site acquisition allowance is limited to the lesser of either the appraised value or the actual purchase price of the site and, because purchase agreements had been signed and all parcels were either in escrow or had closed escrow, this could result in a loss of funds to the District if the parcels were to be appraised at a lower value than the original appraisals and/or the actual purchase prices.

The District's Financial Hardship approval expired on October 23, 2008 and, to date, it has not requested a review to renew its Financial Hardship status.

Because the District did not accept any of the options provided by the OPSC, and could not proceed with two funding applications for an identical scope of work, the application for ORG funding was returned to the District. The District filed a lawsuit and submitted an appeal of denial of the ORG application.

AUTHORITY

New Construction SFP

Education Code (EC) Section 17072.35 states, "A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development..."

EC Section 17071.25 delineates how the SFP New Construction eligibility is determined, and states in part that the teaching stations considered "...shall not include portable buildings, except as provided in Section 17071.30.

EC Section 17071.30 delineates which portable teaching stations can be ***excluded*** from the new construction baseline eligibility thereby generating new construction eligibility., and states in part that "For purposes of determining the existing school building capacity, each applicant school district shall include each portable classroom, whether owned or leased, except as otherwise provided in subdivision (a) or (b)."

(Continued on Page Three)

AUTHORITY (cont.)

Overcrowding Relief Grant

EC Section 17079.20 (a) states "The board shall require that applications for funding pursuant to this article be used for an equivalent number of permanent classrooms to replace the portable classrooms upon which the determination of the number of eligible pupils is based."

EC Section 17079.10.(b) states, "The board shall apportion an overcrowding relief grant to districts on behalf of each eligible pupil equal to the appropriate per-unhoused-pupil grant amount pursuant to Section 17072.10. The number of overcrowding relief grants apportioned shall be subject to the following limitations:
(1) The number of grants apportioned on behalf of an eligible school shall not exceed the number of pupils whose removal from the pupil density calculation would reduce the density of the eligible schoolsite to 150 percent of the schoolsite pupil population density recommended by the Superintendent as of January 1, 2006.
(2) A district shall not receive more grants than the number of pupils housed in portable classrooms that were ***included in the initial new construction eligibility determination*** (emphasis added) of the district pursuant to Article 3 (commencing with Section 17071.75)."

Site Appraisal for Site Acquisition

EC Section 17072.12 (a) states "...the board may provide funding for assistance in site development and acquisition if all of the following are met:
(1) The amount of the site acquisition and development assistance does not exceed 50 percent of the cost of site development to the school district, plus the lesser of the following:
(A) 50 percent of the site cost to the school district.
(B) 50 percent of the appraised value of the site within six months of the time the complete application is submitted..."

SFP Regulation Section 1859.74 states "...the Board shall provide funding...for the lesser of one half of the actual cost of the site or one-half of the appraised value of the site acquired..."

SFP Regulation Section 1859.74(b) states "...The value determined by an appraisal made or updated no more than six months prior to application submittal to the OPSC for funding."

Financial Hardship

EC Section 17075.15(d) provides the framework for Financial Hardship assistance.

SFP Regulation Section 1859.81 states:

"If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status.

If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s)."

(Continued on Page Four)

AUTHORITY (cont.)

District Matching Share Requirement

EC Section 17072.30.(a) states "Subject to the availability of funds, and to the determination of priority pursuant to Section 17072.25, if applicable, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and certification by the school district that the required 50 percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund, or will be expended by the district by the time the project is completed, in an amount at least equal to the proposed apportionment pursuant to this chapter, prior to release of the state funds."

STAFF COMMENTS

The District's legal opinion is based on the premise that if law or regulations do not specifically prohibit a particular activity, then that activity is allowed. However, the SAB's Legal Counsel does not concur and has opined that the law and regulations must be interpreted to be consistent with both the SFP and the ORG Programs. To maintain program integrity, it is prohibited to retain a portion of funds from one voter-approved appropriation while also obtaining funds from a different voter-approved appropriation intended for an entirely different purpose for the same scope of work. If the District's request is approved, it would mean that the District would be retaining SFP new construction funds, which requires districts to build for new capacity that in this case was generated from *excluded portables,* while obtaining construction funds from the ORG, which requires the replacement of *portables included* in the districts' baseline. It is unnecessary to specify that approving funding under two different programs intended for different purposes associated with a single scope of work is prohibited, as duplicate funding is clearly not allowed and would be a gift of public funds.

Pursuant to SFP Regulation Section 1859.81, a funding application that includes a request for financial hardship assistance must be submitted within 180 days from the OPSC's notification of approval of financial hardship status. The OPSC does not currently have an application for funding on file from the District, and it has been more than 180 days since the District was last approved for financial hardship status. Therefore, the District's approval for financial hardship status has expired and must be renewed if the District wishes to request financial hardship assistance as part of a new application for funding.

Under EC Section 17072.30, districts are required to contribute 50-percent matching funds unless they demonstrate that they cannot contribute all or part of their match by meeting the Financial Hardship criteria outlined in EC Section 17075.15(d). A district must contribute as much of its 50-percent share as it can. The District advised the Board at the January 28, 2009 SAB meeting that it no longer qualifies for Financial Hardship assistance. It is not the intent of the Financial Hardship program to provide 100 percent State funding to districts that do not need it. It is a violation of statute to provide Financial Hardship funding to a district that does not meet the criteria for Financial Hardship.

Consequences of Granting Appeal

At the January 28, 2009 SAB meeting, the following motion was proposed: "the Board finds that the District's Overcrowding Relief Grant (ORG application) application submitted to OPSC in July 2008 is valid. Further, the Staff shall utilize the calculation described in Regulation 1859.81.1(e), [the deduction of the amount received for a project designed in the preliminary apportionments from the construction grant], to determine the amount of the ORG grant."

Adopting this motion would have the effect of backdating the District's ORG application so that it can obtain Financial Hardship funding for which the school district itself verifies that it is not eligible. If this appeal is granted, we are setting a precedent that will encourage the following:

1) Duplicate funding applications and funding a project from different voter-approved appropriations intended for an entirely different purposes for the same scope of work;
2) Providing Financial Hardship funding to districts that no longer qualify for it; and,
3) Back-dating of applications.

Options 1 through 4 below avoid these consequences. These options allow the District to proceed with its project, they are consistent with statute and regulations, they avoid double-funding, and they do not inappropriately provide Financial Hardship funding to a district that does not qualify for it.

(Continued on Page Five)

RECOMMENDATIONS

Option 1: Allow the District to reduce the New Construction SFP site and design apportionment to costs incurred, with expedited processing by the OPSC, and submit a new application for funding under the ORG program.

Option 2: Allow the District to rescind the New Construction SFP site and design apportionment, with expedited processing by the OPSC, and submit a new application for funding under the ORG program.

Option 3: Allow the District to continue to pursue funding for the project under the New Construction SFP when it has the eligibility to do so.

Option 4: Allow the District to keep the previously apportioned New Construction site and design funds and authorize Staff to file proposed regulations (Attachment A) with the OAL that will allow a reduction in the ORG apportionment to offset site and design funds already received.

Option 5: Deny the District's request.

In exercising any of the above options, if the District wishes to request Financial Hardship assistance, it must reapply for Financial Hardship approval.

BOARD ACTION

In considering this item, the Board:

1. Found that the District's Overcrowding Relief Grant (ORG) application submitted to the OPSC in July 2008 is valid;
2. Made an adjustment to the ORG grants utilizing the calculation described in Regulation Section 1859.81.1(e) to offset site and design grants already received from a previously funded SFP new construction application; and
3. Included the financial hardship apportionment for the projects.

The Board reiterated that there shall be no duplicate site and design funding for the July 2008 ORG application.

ATTACHMENT A
PROPOSED AMENDMENTS TO THE
OVERCROWDING RELIEF GRANT REGULATIONS
State Allocation Board Meeting, February 25, 2009

Amend Regulation Section 1859.183 as follows:

Section 1859.183. Funding.

The Board shall provide a New Construction Adjusted Grant to each eligible pupil requested in the project. The pupil grants may be requested by the School District at any grade level, regardless of the grade level of the eligible school.

The maximum number of Overcrowding Relief Grants for each eligible school site shall be subject to the following limitations:

(a) The number of Overcrowding Relief Grants may not exceed the number of pupils whose removal from the pupil density calculation would reduce the density of the eligible school site to 150 percent of the school site pupil population density recommended by the Superintendent, based on the CBEDS reported for the 2005/2006 enrollment year.
(b) The number of Overcrowding Relief Grants may not exceed the capacity of those portables on the eligible school site that are being replaced in the project.

In no event shall a School District receive in total more Overcrowding Relief Grants than the number of pupils housed in portable classrooms that were included in the School District's initial new construction eligibility determination pursuant to Education Code 17071.75 as identified in part on Line 1 of Part III of the Form SAB 50-02 and as calculated on the Form SAB 50-11.

The Overcrowding Relief Grant must be used to replace an equivalent number of portable classrooms with permanent classrooms. Those portables that are replaced with Overcrowding Relief Grants must be removed from the eligible school site and from K - 12 grade classroom use, pursuant to Education Code Section 17079.30, within six months of the date of Occupancy of the replaced permanent classrooms. Overcrowding Relief Grants may be used for those purposes pursuant to Education Code 17072.35 with the exception of the construction, acquisition or transportation of portable classrooms. Those School Districts receiving an Overcrowding Relief Grant must comply with all new construction provisions of the SFP, including but not limited to Sections 1859.100, 1859.102, 1859.104, 1859.105, and 1859.106.

<u>If the project for which the district is requesting funding received any SFP new construction apportionment(s) pursuant to Section 1859.81.1, the Overcrowding Relief Grant apportionment shall be reduced by an amount equal to any and all funding previously received that would otherwise be included in the Overcrowding Relief Grant apportionment.</u>

Reference: Sections 17079.10, 17079.20 and 17079.30, Education Code.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

SCHOOL DISTRICT DATA	
School District:.....LAMMERSVILLE ELEMENTARY	County:.....SAN JOAQUIN
Application Number:.....50/68551-00-00	School Name:.....BETHANY
Total District Enrollment:.....1,491	Project Grade Level:.....K – 8
District Baseline Eligibility:.....K-6, 1,940; 7-8, 370	

PURPOSE OF REPORT

To present the District's request to submit a School Facility Program (SFP) new construction application for the Bethany Elementary School after the date of occupancy, at an estimated cost to the State of $4 million.

DESCRIPTION

The Lammersville Elementary School District is requesting authorization to submit a SFP funding application for the construction of Bethany Elementary. The construction contract was awarded in August 2006 to build 32 classrooms to house 816 K-8 pupils. The District received the necessary approvals from the Division of the State Architect and from the California Department of Education in 2006, but failed to file the *Application for Funding* with the Office of Public School Construction (OPSC) prior to the opening and occupancy of the school in August 2007. The District filed its *Application for Funding* with the OPSC on June 16, 2008, approximately ten months after the required filing time frame. The District contends that the individual responsible for submitting the funding application had a serious illness and, therefore, failed to submit the funding application by the required deadline.

AUTHORITY

Education Code (EC) Section 17071.75 (b)(1) states in reference to the calculations that determine ongoing eligibility for new construction, "Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant school district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for whom facilities were provided from any state or local funding source after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10). For this purpose, the total number of pupils for whom facilities were provided shall be determined using the pupil loading formula set forth in Section 17071.25."

EC Section 17072.35 states, "A grant for new construction may be used for any and all costs necessary to adequately house new pupils ..."

SFP Regulation Section 1859.70 states, "The Board shall only provide New Construction funding if the Approved Application was received by the OPSC prior to the date of Occupancy for any classrooms included in the construction contract. After the date of Occupancy of any classroom in the construction contract, a district will be ineligible to seek New Construction funding and the classrooms will be reduced from the baseline eligibility pursuant to Section 1859.51(i) if not previously reduced."

SFP Regulation Section 1859.2 defines occupancy as "The point at which pupils occupy a classroom as evident by district documents such as the school board's adopted calendar, classroom attendance rosters, fire marshal approval of the classroom, etc."

STAFF COMMENTS

The District had sufficient new construction eligibility at the time the construction contracts were signed; however, the District did not request funding from the State until nearly a year after the school was officially occupied. Although Staff understands the special circumstance surrounding this appeal, Staff is unable to support the District's request as it would be an illegal appropriation and a gift of public funds, as supported by the opinions of the SAB Legal Counsel and the Attorney General.

(Continued on Page Two)

LEGAL OPINION

The law (EC Section 17072.35) does not permit reimbursement and only authorizes new construction funding to adequately house new pupils. Once the locally funded classrooms are occupied, the pupils being housed in those classrooms are no longer considered new and therefore are ineligible to receive new construction grants. Further, once a classroom is provided (occupied), *whether State or locally funded*, the law (EC Section 17071.75(b)(1)) requires that the districts' SFP new construction eligibility be reduced by the number of pupils for whom facilities were provided from the local funding source after the existing school building capacity was determined. Pursuant to SFP Regulation Section 1859.70, districts are required to submit the *Application for Funding* prior to the *occupancy* of any classrooms in the school in order to be eligible to participate in the SFP and to receive State funding.

RECOMMENDATION

Deny the District's request.

BOARD ACTION

In considering this item, the Board approved the District's request to submit the new construction project for funding consideration, at an estimated cost of $4 million, with a submittal date to the OPSC of August 26, 2007.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, February 25, 2009

CAREER TECHNICAL EDUCATION FACILITIES AND JOINT-USE SCHOOL FACILITY PROGRAM FINANCIAL CRISIS EMERGENCY REGULATIONS

PURPOSE OF REPORT

To present proposed emergency regulations in response to the State's financial crisis.

DESCRIPTION

The current financial crisis has impacted some school districts' ability to proceed with their current school facility related projects. Consequently, some districts will be unable to submit approved construction plans for their School Facility Program (SFP) Joint-Use and Career Technical Education Facilities Program (CTEFP) projects to the Office of Public School Construction (OPSC) within the required deadlines. Absent approval of these proposed emergency regulations, the districts' failure to meet these submittal timelines would result in the rescission of the districts' SFP Joint-Use and CTEFP apportionments without further Board action.

AUTHORITY

Education Code Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. . . .

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary. . . ."

Government Code Section 15503 states, "Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval."

STAFF COMMENTS

The OPSC Staff has reviewed the programs it administers, on behalf of the SAB, to ensure that school districts can continue to meet statutory and regulatory requirements during this unprecedented fiscal crisis. In order to provide relief to school districts, Staff is proposing the attached emergency regulatory amendments and new sections for adoption (see Attachment A).

Amend Regulation Section 1859.129 – SFP Joint-Use

Current regulations state that Type II Joint-Use projects that are not part of a qualifying SFP Modernization project must submit the Division of the State Architect (DSA) and California Department of Education (CDE) approved plans and specifications to the OPSC within one year of the apportionment. Proposed regulations would allow the Board, once a determination that the project qualifies as an Inactive Apportionment has been made, to suspend the 12-month requirement to submit the DSA and CDE's approved plans and specifications for a period not to exceed 12 months.

(Continued on Page Two)

STAFF COMMENTS (cont.)

Amend Regulation Section 1859.197 - CTEFP

Current regulations provide a 12-month period to applicants to submit the necessary approvals from the CDE and DSA for projects apportioned as a reservation of funds. The proposed regulations provide for an extension not to exceed 12 months to this time limit.

RECOMMENDATIONS

1. Adopt the proposed regulations as shown on the Attachment and begin the regulatory process.

2. Authorize the OPSC to file these regulations with the Office of Administrative Law on an emergency basis.

BOARD ACTION

In considering this item, the State Allocation Board approved the staff's recommendations with the following revisions to two subsections:

Regulation Section 1859.129(b)(1)(A):

(A) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board can make a finding that a project has an Inactive Apportionment, as defined in Regulation Section 1859.2, and that the districts' ability to submit completed plans to the DSA has been impacted, and therefore the district will no longer be able to meet the approval requirement in Education Code Section 17077.45(c). In the event the Board makes that determination and finding, the Board may suspend the 12-month period for a period not to exceed 12 months beyond the time period as required in (b)(1). Once the suspension period has concluded, each project will resume where its originating period of time was suspended. Regulation Section 1859.129(b)(1)(A) shall become inoperative January 1, 2010.

Regulation Section 1859.197(e):

(e) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board may grant an extension not to exceed 12 months to the time period prescribed in (b)(1) and (c)(2) above and Section 1859.193(d). Regulation Section 1859.197(e) shall become inoperative January 1, 2010.

ATTACHMENT A
PROPOSED AMENDMENTS TO THE
SCHOOL FACILITY PROGRAM REGULATIONS
State Allocation Board Meeting, February 25, 2009

Amend Regulation Section 1859.129 as follows:

Section 1859.129. Time Limit on Apportionment.

(a) If the district received an apportionment for a Type I Joint-Use Project or a Type II, part of a qualifying SFP Modernization project, Joint-Use Project, the district is subject to the time limit on the apportionment as outlined in Education Code Section 17076.10.

(b) If the district received an apportionment for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, the district:

(1) Has one year from the date of that apportionment to submit the plans and specifications to the OPSC for the Joint-Use Project that have been approved by the DSA and the CDE (plans only), otherwise the apportionment will be rescinded without further Board action. If, upon review by the OPSC, the final Division of the State Architect approved plans create a reduction in square footage that is greater than or equal to five percent of the square footage contained in the preliminary plans, a commensurate reduction to the apportionment pursuant to Section 1859.125 shall be taken to the next available State Allocation Board meeting.

(A) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board can make a finding that a project has an Inactive Apportionment, as defined in Regulation Section 1859.2, and that the districts' ability to submit completed plans to the DSA has been impacted, and therefore the district will no longer be able to meet the approval requirement in Education Code Section 17077.45(c). In the event the Board makes that determination and finding, the Board may suspend the 12-month period for a period not to exceed 12 months only if the district has *not* submitted all required plans and specifications to the DSA 30 days prior to the conclusion of the time period as required in (b)(1). Once the suspension period has concluded, each project will resume where its originating period of time was suspended. Regulation Section 1859.129(b)(1)(A) shall become inoperative January 1, 2010.

(2) Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action.

(3) Is subject to substantial progress time limit on the apportionment as outlined in Subdivision (b) of Education Code Section 17076.10.

Note: Authority cited: Sections 17070.35 and 17075.15, Education Code.

Reference: Sections 17076.10, 17077.40, 17077.42 and 17077.45, Education Code.

Amend Regulation Section 1859.197 as follows:

Section 1859.197. Fund Release Process.

The OPSC will release State funds that have been apportioned by the Board pursuant to Sections 1859.195 and 1859.196 after submittal by the applicant of the Form SAB 50-05.

(a) If an apportionment was made for a Career Technical Education Facilities Project, the applicant must submit a Form SAB 50-05 within 18 months of the Apportionment as outlined in Education Code Section 17076.10 or the apportionment shall be rescinded without further Board action.
(b) If Career Technical Education Facilities funds were reserved for the applicant pursuant to Section 1859.193(d) of these Regulations, the applicant:
(1) Has one year from the date of apportionment to submit the CDE plan approval and DSA-approved plans and specifications, as required, to the OPSC for the Career Technical Education Facilities Project, otherwise the apportionment shall be rescinded without further Board action.
(2) Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action.
(c) If the applicant requires a loan for the entire matching share requirement pursuant to Section 1859.194(b) of these Regulations:
(1) *Subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects,* ~~T~~the OPSC will release ten percent of the Career Technical Education Facilities grant to the applicant within 30 calendar days of the apportionment.
(2) The applicant has one year from the date of apportionment to submit the CDE plan approval and DSA-approved plans and specifications, as required, to the OPSC for the Career Technical Education Facilities Project, otherwise the apportionment shall be rescinded without further Board action
(3) The applicant has 18 months from the date in (c)(2) to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action.
(d) The applicant is subject to substantial progress time limit on the apportionment as outlined in Education Code Section 17076.10(b).
(e) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board may grant an extension not to exceed 12 months to the time period prescribed in (b)(1) and (c)(2) above and Section 1859.193(d) only if the district has *not* submitted all required plans and specifications to the DSA 30 days prior to the conclusion of these time periods. Regulation Section 1859.197(e) shall become inoperative January 1, 2010.

Note: Authority cited: Sections 17070.35 and 17078.72(k), Education Code.

Reference: Sections 17078.72 and 17076.10 Education Code.

Note: The proposed amendments above in Section 1859.197(c)(1) were adopted by the State Allocation Board at its January 28, 2009 meeting.
