**Laurie O'Brien
Architectural Associate**

Laurie O'Brien joined the California Building Standards Commission (CBSC) in February 2013 as an Architectural Associate. Her primary responsibilities are to assist with the review, adoption, and publication of the California Building Standards Code, California Code of Regulations, Title 24.

Laurie brings an abundance of design and construction knowledge and experience to CBSC. Prior to her state service, she spent five years in the private sector as a project manager for Cal Fed Bank and Western Contract. Her first public sector position was with the California State Franchise Tax Board (FTB) as an Associate Space Planner. During her four year tenure with FTB she worked on the agency's expansive new facility, which accommodates some 5000 employees.

In 2005 Laurie transitioned to the California Department of General Services- Real Estate Services Division (RESA) as a Staff Space Planner. While with RESA she managed design and construction projects for multiple state agencies throughout California.

Laurie was born and raised in Northern California. She holds an A.A. in Liberal Arts from American River College, Sacramento, and a B.A. in Interior Design from Sacramento State University. Laurie has a passion for sports, music and travel, and she is the proud mom of two children.
