Subject: Greywater Code Changes

Dear Mr. Walls,

I am a resident of Berkeley, CA. in Alameda County.

I understand that the code may soon be changed to allow me to run greywater from my washing machine or shower to my garden. I am so hopeful that this change may soon be approved, and that there may be no permit necessary. I fully support this code change and hope we can all agree to find a simple and inexpensive way to help us keep our gardens healthy while protecting the environment and the public health.

Sincerely,
Margaret Wellons
