Taylor Diversified, Inc. was established in 2003. We are a window and patio door distributor providing labor and materials for builders and developers of tract homes. At times our company has had upwards of 90 employees. We serve most of southern California.

Taylor Diversified, Inc. agrees with and fully supports the proposed modifications regarding PEX tubing, as issued on July 10, 2008. This includes the modifications issued for all agencies listed:

Building Stands Commission (BSC)  
Division of the State Architect-Structural Safety (DSA-SS)  
Office of Statewide Health Planning and Development (OSHDPD)  
Housing and Community Development (HCD)

We believe that PEX tubing should be a clear option for use in any jurisdiction in California.

Sincerely,

TAYLOR DIVERSIFED, INC.

A handwritten signature in black ink, appearing to read 'Timothy P. Taylor', is written over a horizontal line.
