Subject: new Greywater code

Dear Mr. Dave Walls,
My name is Ardys De Lu, and I live in the San Francisco Bay area of California. I am quite pleased with the new Greywater code for this state. I truly think the no-permit requirement for washing machine and single fixture systems is an important aspect of the code. This will make simple Greywater systems economical for Californians seeking to conserve water.

Please keep that part of the code intact and continue in this direction of removing barriers of permits and fees for simple sustainable practices.

Sincerely,
Ardys DeLu MSW
