### Testimonials

"Just a quick note to express my gratitude at the totally efficient system you have in place at the airport. Last week I rented a car at your Enterprise. After going down the stairs to Enterprise, I literally showed my license and 30 seconds later a young lady was taking me to my car right across the office and I was out in a total of three minutes. I couldn't believe it. Compare this to the big swirl of renting a car at LAX. Enterprise is very efficient for state workers and I appreciate it. Also, staff was very accommodating and super efficient as well. Thanks"

**-CA Department of Public Health**

"..Just wanted to let you know that we are now using DGS' Cliqbook travel program! And, knowing how change is always a major adjustment for me, I found YOUR PROGRAM to be extremely user friendly!!! Love, love, love it!!!..."

**- CA Department of Developmental Services**

".. Demo of the new Statewide Travel Program yesterday was very thorough and were very well received by all of our committee members. Staff answered all of the questions the committee members had and went above and beyond to make sure we will have the best service available in case we need future assistance."

**- County of Santa Clara**

"This is an excellent program with valuable information about what the hotel offers in amenities but also their rates for state employees and terms. Ease of use; like being able to access the itinerary any time!"
