Price Book

Price Book & Directory of Services

2006/2007

The Price Book and Directory of Services include a convenient listing of the services and prices provided by the Department of General Services. This directory has been updated to reflect approved 2006/2007 rates pursuant to Budget Act Chapter 47, Statutes of 2006. Department of General Services service rates are submitted for Department of Finance review and oversight through the Governor's Budget development each year. The proposed 2007/2008 rates are included for department planning purposes. The Budget Year rates only become effective upon passage of the 2007/2008 Budget Act, and as such are subject to approval by the legislature.

Information relating to new services or changes to existing services will be updated on the Internet as they happen.

We remain dedicated to achieving customer satisfaction both in terms of quality of services and competitiveness of price.

[The Web Based Price Book](#) *updated 3/12/07*

	2006-2007	Proposed 2007-2008
<p>The Office of Administrative Hearings (OAH) provides quasi-judicial and other dispute resolution services for state and local agencies, special districts, and other government entities. OAH provides the judicial process that decides appeals by individuals and businesses when a state agency withholds or terminates entitlement to a professional license pursuant to the Administrative Procedures Act (APA). Proceedings not covered under the APA are also heard. In addition, OAH provides mediation and/or arbitration services to parties who have a dispute that is the subject of an adjudicative proceeding. OAH provides court reporter services via contract, and those costs are passed on to the agency requesting the hearing.</p>		
Administrative Law Judge	\$181.00 per hour	\$187.00 per hour

	2006-2007	Proposed 2007-2008
--	-----------	-----------------------

The Procurement Division (PD) publishes state contracting opportunities daily on the Internet California State Contracts Register (CSCR). State law requires agencies to advertise their construction and service contracting opportunities of \$5,000 or more and commodity contracts over \$50,000 in the CSCR. Advertising exemptions may be requested based upon legal exemption criteria. CSCR services are available to local government and special districts.

CALIFORNIA STATE CONTRACTS REGISTER (TT CODE 6510)

Agency Advertising/Exemption Fee	\$41.00 each	\$42.50 each
----------------------------------	--------------	--------------

For additional information, contact the Procurement Division at (916) 375-4583 (CALNET 480-4583).

	2006-2007	Proposed 2007-2008
--	-----------	-----------------------

Natural Gas Services

\$.0057/Therm

\$.0065/Therm

Reliable natural gas service is available for all large public sector facilities with risk management services that help to stabilize the cost of this volatile commodity. This is the state's largest public sector gas-purchasing program. We obtain competitive bids from private sector gas suppliers for our customers. Where possible, we make advanced purchases of natural gas at favorable prices to help avoid some of the effects of sudden price increases. All necessary purchasing and transportation services are provided, as well as market information and CPUC representation services. Program costs to public sector members are less than 1% of total gas costs, currently \$.0057 per therm delivered.

For additional information, contact National Gas Services at (916) 375-5990 or e-mail to marshall.clark@dgs.ca.gov

INFORMATION & RECORDS MANAGEMENT SERVICES
[A](#) | [B](#) | [C](#) | [D-E-F](#) | [G-H-I-J](#) | [L-M-N-O](#) | [P](#) | [R](#) | [S](#) | [T](#) | [U-V-W](#)

	2006-2007	Proposed 2007-2008
1. Records management services.	\$0.15 per cu. ft./year	\$0.17 per cu. ft./year
2. Review agencies' records management programs and provide training in records programs.		
3. Records management consultants will be available through Master Service Agreements (MSA). MSA provides for evaluation of records management programs by pre-qualified contractors. State agencies, cities, counties, special districts, and public education institutions may use this contract.		

For additional information, contact the Office of State Publishing at (916) 375-4404 (CALNET 480-4404).

Records Center Services (TT CODE 6240)

Operate records centers for the economical storage of records which must be retained, but which need not be kept in high cost office areas.

Provide vault facilities for the permanent storage of the state's vital or essential records in case of a disaster (microfilm copies only).

1. Storage of Records in Records Centers

The basic annual service charge, per cubic foot per year, covers storage and all services at the Records Center.

\$4.27 per cu. ft. per year

\$4.29 per cu. ft. per year

2. Surcharge for Long-Term Records

In addition to the billing rates, a surcharge will be placed on all records stored in records centers 20 years and beyond. The charge is based on the rationale that records centers are not designed to offer permanent storage. This responsibility rests with the State Archives, Office of the Secretary of State. Agencies having long term records should plan to (a) reduce retention periods, (b) microfilm files, or (c) transfer records to the State Archives.

\$0.89 per cu. ft. per year

\$0.89 per cu. ft. per year

3. Offsite Storage of Essential Records

This annual service charge covers delivery, storage, and retrieval of essential records, which are maintained in a controlled environment.

\$23.38 per cu. ft. per year

\$23.38 per cu. ft. per year

Destruction Center Services (TT CODE 6241)
1. Destruction of Confidential Records

This service charge covers the cost of shredding confidential paper documents by state personnel.

\$0.17 per pound

\$0.17 per pound

2. Destruction of Confidential Plastics

Destruction of microfilm, microfiche, cassette tapes, computer tapes and other like materials.

\$0.33 per pound

\$0.33 per pound

For additional information, contact the Office of State Publishing at (916) 375-6760 (CALNET 480-6760).

Pre-design architectural programming, facility evaluations, construction, feasibility and infra-structure studies are also available.	Estimates available upon request.	Estimates available upon request.
Architectural Design Architectural design concepts illustrated by plans, elevations, sections, and other graphic representations and technical specifications describing the type of construction, occupancy, building materials, and special features required to meet the facility program requirements of the client.	\$126.00 per hour	\$147.00 per hour
Civil Engineering Site development work including site clearing and grading; retaining walls, roadways, parking, and yard paving; storm water collection, drainage and disposal systems; water supply, treatment, and conveyance facilities; waste water collection, treatment, and disposal facilities; topographic surveys; underground storage tanks and pollution control measures; plans and specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies and reports.	\$126.00 per hour	\$147.00 per hour
Cost Engineering Prepares construction cost estimates for various phases of project development. Value engineering analysis. Life cycle cost analysis. Verification and review of estimates prepared by other agencies and private consultants.	\$126.00 per hour	\$147.00 per hour
Electrical Engineering Electrical designs for primary and secondary electrical distribution systems, standby and emergency power systems, power quality for computers, interior and exterior lighting and illumination, telecommunications and data systems, fire/life safety systems, security surveillance systems; plans and technical specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies and reports.	\$126.00 per hour	\$147.00 per hour
Graphic Architecture Services Architectural/engineering physical and 3 dimensional computer assistant design and drafting (CADD) models and renderings; architectural and site signage; architectural photography; exhibit design, and publication design.	\$126.00 per hour	\$147.00 per hour

<p>Landscape Architecture</p> <p>Landscape design services for site landscaping, hardscaping and irrigation systems to enhance aesthetic and functional aspects and minimize maintenance requirements of site development; budget level, design development, construction documents and construction phase support services; site surveys, program and cost information, design consultation and plan checking services; field investigations, surveys, special studies and reports.</p>	\$126.00 per hour	\$147.00 per hour
<p>Mechanical Engineering</p> <p>Mechanical designs, calculations and drawings for heating, ventilation, air conditioning, refrigeration, plumbing, chiller and steam generating plants and mechanical distribution systems; energy management control systems, computer calculations and data analysis; plans and specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies and reports.</p>	\$126.00 per hour	\$147.00 per hour
<p>Space Planning-State Owned Space (TT CODE 3410)</p> <p>Provides architectural and interior design services for tenant improvements, alterations, new and reconfigured conventional and modular systems furniture (MSF), special repairs, disability access upgrades and building modifications within state-owned buildings, including layout, design, construction documents, cost estimating, engineering coordination, bidding, scheduling, project coordination and management.</p>	\$108.00 per hour	\$114.00 per hour
<p>Space Programming-State Leased Space (TT CODE 2810)</p> <p>Provides programming, space planning, interior design, and project management services for state leased facilities. These include the layout, design, plans, specifications, and building review of tenant improvements for new premises, expansion and/or alterations of existing space, and build-to-suit projects; new and reconfigured conventional and modular systems furniture (MSF); cost and time estimates for the acquisition, relocation and construction of leased premises.</p>	\$108.00 per hour	\$114.00 per hour
<p>Space Programming (TT CODE 2810)</p> <p>Determines program and service space and facility performance needs, establishes physical and functional relationships and develops cost and time estimates for construction for new or altered facilities and lease renewals. Also provides consultation on facility planning options such as hoteling, teleworking, and other alternative office design strategies.</p>	\$108.00 per hour	\$114.00 per hour
<p>Structural Engineering</p> <p>Prepare structural designs, calculations and drawings for new construction and alterations/additions to existing state buildings; structural studies and reports on existing buildings where structural problems may arise or where upgrading is anticipated; construction phase support services; field investigation, surveys, special studies, and reports.</p>	\$126.00 per hour	\$147.00 per hour
<p>Environmental Planning Services (TT CODE 2799)</p> <p>Provides assistance to all departments, boards, and commissions in conducting environmental planning, special studies (preliminary site assessments, site suitability, etc.), and the preparation of environmental documents required by the California Environmental Quality Act and National Environmental Policy Act. Provides both experienced staff in the preparation of environmental documents and the availability of professional consultant services for larger and/or complex projects. Environmental planning consultants are maintained under retainer contracts for a broad range of specialized environmental assessments and studies, for preparation of small CEQA/NEPA documents, and for securing environmental permits; project-specific environmental services contractors can be secured at the client's request for environmental assessment of larger undertakings (new construction, environmental remediation, adoption of regulations, etc.). Also offers project management assistance in obtaining permits for various state and federal environmental protection laws, such as the California Endangered Species Act.</p>	\$108.00 per hour	\$114.00 per hour
<p>Special Programs:</p> <p>Hazardous Waste Management Programs</p> <p>Asbestos abatement, underground storage tank, mold, lead related issues, and PCB-contaminated equipment; action plans and specifications; remedial investigation, construction work; monitoring and certification. Maintains a data base of all state-owned facilities with asbestos.</p>	\$126.00 per hour	\$147.00 per hour
<p>Seismic Retrofit</p> <p>Provide structural evaluations of buildings including recommendations for retrofit solutions, manage the retrofit process from design through construction, maintain a database on the structural status of all state owned buildings.</p>	\$126.00 per hour	\$147.00 per hour

Vault Services

Provides storage of building design and construction plans. Services include records management, storage, duplication and maintenance.

Cost available upon request.

Cost available upon request.

Leasing Services (TT CODE 3430):

1. Site survey and search, solicitation, evaluation of available properties, preparation of bid packages, conduct competitive bidding, lease negotiation and preparation for office, warehouse, laboratory space, lease-purchase, and ongoing lease management.*

1.64% of monthly rent

1.82% of monthly rent

** If there are substantial changes in program scope which require extensive replanning and/or leasing effort, the project in hand will be canceled and billed at the hourly rate for actual time spent.*

2. *Build to suit facilities: Hourly leasing services as outlined in 1. above, obtaining assignable options, and zoning coordination.*

\$123.00 per hour

\$117.00 per hour

3. *Hourly leasing services, which include client document review, land lease, parking, telecommunication sites and special studies.*

\$123.00 per hour

\$117.00 per hour

4. *Modular Buildings and Mobile Units leasing services: Hourly leasing services as outlined in 1. above will apply if the state lease provides an equity position or option to purchase at anytime during the lease term.*

\$123.00 per hour

\$117.00 per hour

Real Property Services (TT CODE 2910):

Complete services available for due diligence site selection, appraisal, appraisal review, acquisition, condemnation, relocation assistance, property management, and sale and leasing of some surplus properties.

\$123.00 per hour

\$117.00 per hour

Statewide Property Inventory (SPI) (TT CODE 2430):

An inventory of all state proprietary land holdings and leases are maintained and available for reference. The highway operating right of way and airspace for the Department of Transportation is exempt from being included in the SPI. Agencies are assessed an annual per record surcharge on proprietary land holding records for maintenance of the inventory system.

\$1.75 per record
Ad hoc and standard reports available upon request w/o charge. Fee may be required if request involves a large amount of research.

\$1.71 per record
Ad hoc and standard reports available upon request w/o charge. Fee may be required if request involves a large amount of research.

Other Services:

Architectural programming, feasibility studies for new facilities, special studies and evaluations of existing facilities for infra-structure, State Fire Marshal and ADA compliance; site suitability reports, soil investigations, project analysis, contract management and administration, and document retrieval.

For additional information, contact the Professional Services Branch in the Real Estate Services Div. at (916) 375-4700 (CALNET 480-4700).

****Included in cost estimates is the Procurement Division's, Office of Small Business and Disabled Veteran Business Enterprise Services surcharge of .26% in 2006-2007 on the dollar value of construction and private architectural and engineering contract awards.***

STATE FLEET ASSET MANAGEMENT PROGRAM

| [A](#) | [B](#) | [C](#) | [D-E-F](#) | [G-H-I-J](#) | [L-M-N-O](#) | [P](#) | [R](#) | [S](#) | [T](#) | [U-V-W](#) |

	2006-2007	Proposed 2007-2008
<p>The State Fleet Asset Management Program provides a variety of services aimed at controlling expenses and protecting the State's multi-billion dollar investment in its fleet assets, including: 1) Oversight of fleet acquisitions; 2) establishment of utilization criteria; 3) collection of statewide fleet information and trend analysis; 4) periodic assessment of fleet size and composition; 5) control of on-going fleet costs; 6) equipment and site inspections; 7) disposal of surplus fleet assets; 8) and, fleet related contract administration.</p>		
<p>Fleet Asset Management Fee: <i>This fee is based on the total number of motor vehicles and general purpose mobile equipment owned and leased by those State agencies governed by State mandates and rules (see Management Memo 05-08 at www.ofa.dgs.ca.gov for a listing of specific fleet mandates and rules). This fee supports the data collection, analysis and inspections deemed necessary by the Office of Fleet Administration to properly oversee the State fleet.</i></p>	\$86.00 per vehicle annually.	\$81.00 per vehicle annually.
<p>Special Inspection Fee: <i>This is an hourly fee based on the length of time needed to perform specialized inspections when requested by State agencies.</i></p>	\$86.00 per hour for special inspections.	\$81.00 per hour for special inspections.
<p>Delegation Fee: <i>This is a fee equal in value to the fleet asset management fee for those State agencies that have been approved by DGS to conduct limited fleet management oversight responsibilities.</i></p>	Delegation fee rate to be determined.	Delegation fee rate to be determined.

For additional information, contact the Office of Fleet Administration's State Fleet Asset Manager at (916) 327-2083 (CALNET 467-2083) or visit the OFA web page at www.ofa.dgs.ca.gov.

**SURPLUS FEDERAL PROPERTY (TT CODE 6220, 6221)**[A](#) | [B](#) | [C](#) | [D-E-F](#) | [G-H-I-J](#) | [L-M-N-O](#) | [P](#) | [R](#) | [S](#) | [T](#) | [U-V-W](#) |**Federal Surplus Property**

The Federal Surplus Property Program Office allocates Federal surplus personal property to the State of California's qualified recipients. The program office determines an organization's eligibility to receive federal surplus personal property based on stringent federal government guidelines, and ensures that allocated property is being used as the recipient represented it would be used within the time period restrictions established by the federal government.

For more information contact the Santa Ana office at (714) 558-4086, or visit our website at <http://www.isd.dgs.ca.gov/Surplus/default.htm>.
