

## New Website: [www.dgs.ca.gov/opsc](http://www.dgs.ca.gov/opsc)

The Office of Public School Construction has transitioned to a new website as part of the Department of General Services' (DGS) overall website redesign. The new website provides for additional consistency in the DGS divisions' web pages, and was designed for easy customer navigation. Check it out at [www.dgs.ca.gov/opsc](http://www.dgs.ca.gov/opsc).

One highlight of the new design is our "Programs & Services" section. It has been re-organized with our customers' perspective in mind. Each program page features a brief description of the program, then "accordion" tabs with Eligibility, Funding, and Fiscal Reporting information specific to that program.

The screenshot shows the website interface for the Office of Public School Construction. At the top, there's a navigation bar with 'Home', 'Programs & Services', 'Careers', and 'About'. Below that is the 'Office of Public School Construction' header. The main content area is titled 'Charter School Facilities Program' and includes a detailed description of the CSFP, a link to the 'School Facility Program Handbook', and 'See CSFP Frequently Asked Questions'. There are three accordion-style tabs for 'Eligibility', 'Funding', and 'Fiscal Reporting'. A 'Quick Links' sidebar on the right contains links to various tools and services. At the bottom, there's a 'Contacts' section with contact information for Jason Casillas.

Updating and adding information to our website is a constant work in progress. Your feedback is valuable to us. Should you have any questions, comments, or suggestions, please email [opscnews@dgs.ca.gov](mailto:opscnews@dgs.ca.gov).
