ISSUING AGENCY:

DEPARTMENT OF GENERAL SERVICES**Discount Airfares**

The purpose of this Management Memo is to announce the discount airfare contracts executed between the State of California and the following airlines:

- American
- JetBlue
- Southwest
- United
- US Air

The contracts are effective July 1, 2006 through June 30, 2007. The discount airfares are to be used by employees of State departments, universities, and local governments for travel on official government business only. These contracts include airfares for a number of starting and destination points known as city pairs for intra-California, out-of-state, and international destinations. Please see attachments 1, 2, and 3 to view these airfares. These contracted fares are to be used by all State agencies unless a lower airfare can be obtained. State employees are encouraged to obtain a lower airfare if it is in the best interest of the State. Please refer to your individual departmental travel policy for guidance.

Using the Discount Airfares

The State of California has three types of discount airfares – unrestricted (YCAL), capacity-controlled (VCAL), and Internet fares.

- YCAL fares are fully-refundable, unrestricted airfares that offer last seat availability (access to any seat or any number of seats on a plane). Travelers can use these fares for travel in either direction of the city pair.
- VCAL fares are “capacity-controlled” meaning that airlines set aside a limited number of seats on each flight for the State of California. These airfares are also fully refundable, they can be used for travel in either direction of the city pair, and they are less expensive than the unrestricted YCAL fares. VCAL fares are typically available when a traveler is able to make travel arrangements early.

The discount YCAL and VCAL fares are available through American, JetBlue, United, and USAir and can only be booked through a certified State of California travel agency. A list of certified State of California travel agencies may be found on the State of California Travel Portal at www.travel.ca.gov.

STATE ADMINISTRATIVE MANUAL

Internet Airfares Southwest Airlines

- Internet fares are unrestricted, offer last seat availability, and are for travel in either direction of the city pair. These Internet fares are only available by booking directly through the airline's Internet site. Travel agency reservation systems cannot access these fares.

Internet fares were submitted only by Southwest Airlines and internet fares are the only type of fare Southwest is offering the State. Internet fares are only available through SWABIZ (www.swabiz.com) the business portal of Southwest Airlines. In order to access Southwest's Internet only fares, each department must enroll in the SWABIZ program and establish a corporate account. Enrollment instructions and forms are available on the State of California Travel Portal at www.travel.ca.gov. Please contact Darlessia Worthen (contact information noted below) for additional details.

The Southwest Airlines SWABIZ website allows State employees to book airline travel directly off of the website for their own business travel and/or on behalf of others (proxy booking). The SWABIZ website provides access to the contracted Internet fares as well as other Southwest discounted airfares. Additionally, SWABIZ has an online reporting system which allows State departments the ability to reconcile payments and monitor employee travel.

Furthermore, in the event a State department director or designee determines that a travel agent provides a value-added service, the department can authorize its certified State of California travel agency to become a "proxy" booker for that department on SWABIZ in exchange for travel agency fees.

Note: Currently, airline tickets are the only portion of travel that can be booked directly through SWABIZ. The State contract rates for car rentals and hotels are not yet available through SWABIZ.

Transition to Internet Fares

Southwest Airlines has committed training resources and documentation to aid the State in the transition to direct online airfare booking. Training documents and internet enrollment instructions can be obtained on the State of California Travel Portal at www.travel.ca.gov. Please contact Kim Domerofski from Southwest Airlines at Kim.Domerofski@wnco.com or (510) 769 - 6795 to schedule individual or group training.

Authorized Forms of Payment

The authorized forms of payment for the discount airfares are:

- American Express Business Travel Account utilizing a certified State of California Travel Agency
- American Express Business Travel Account for Southwest Airlines SWABIZ
- American Express Government charge card that is clearly marked with "State of California" or California State University campus name.
