- b) STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, DELIVERABLES SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR.  - (ii) The total of:
 - A) The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any cost attributable to Deliverables or services paid or to be paid;
 - B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and

 - d) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.
- 23. TERMINATION FOR DEFAULT:**
- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:

 - ii) Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii) Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a shorter period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

- (i) completed Deliverables,
- (ii) partially completed Deliverables, and,
- (iii) subject to—provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

- e) The State shall pay Contract price for completed Deliverables delivered and accepted. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- f) If, after termination, it is determined by a final ruling in accordance with the Disputes Clause that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."

24. FORCE MAJEURE:

Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include, but are not limited to:

- a) Acts of God or of the public enemy, and
- b) Acts of the federal or State government in either its sovereign or Contractual capacity.

If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.

25. RIGHTS AND REMEDIES OF STATE FOR DEFAULT:

- a) In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to the State, and immediately replace all such rejected items with others conforming to the Contract.
- b) In addition to any other rights and remedies the State may have, the State may require Contractor, at Contractor's expense, to ship Deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of the Contractor.
- c) In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the

Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").

- d) The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to Contractor or to make a claim against the Contractor therefore.

26. LIMITATION OF LIABILITY:

- a) Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to two times the Purchase Price. For purposes of this sub-section a), "Purchase Price" will mean the aggregate Contract price; except that, with respect to a Contract under which multiple purchase orders will be issued (e.g., a Master Agreement or Multiple Award Schedule Contract), "Purchase Price" will mean the total price of the purchase order for the Deliverable(s) or service(s) that gave rise to the loss, such that Contractor will have a separate limitation of liability for each purchase order.

The provisions of

the preceding sentence apply only to third party computer Hardware or Software sold as a distinct unit and accepted by the State.

If none of these options can reasonably be taken, or if the use of such Deliverables or Software by the State shall be prevented by injunction, the Contractor agrees to take back such Deliverables or Software and make every reasonable effort to assist the State in procuring substitute Deliverables or Software. If, in the sole opinion of the State, the return of such infringing Deliverables or Software makes the retention of other Deliverables or Software acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables or Software and refund any sums the State has paid Contractor less any reasonable amount for use or damage.

If the State fails to render a final decision within 90 days after receipt of Contractor's demand, it shall be deemed a final decision adverse to Contractor's contentions. PURCHASE SPECIAL PROVISIONS

TO BE USED WITH THE GENERAL PROVISIONS – IT. DEVELOP AND INCLUDE A STATEMENT OF WORK

1 Liquidated Damages

a. General

In the event that the Contractor fails to deliver in accordance with the Contract requirements, the parties agree that the delay will interfere with the proper implementation of the State's programs, to the loss and damage of the State. From the nature of the case, it would be impracticable and extremely difficult to fix the actual damages sustained in the event of any such delay. The State and Contractor, therefore, presume that in the event of any such delay the amount of damage which will be sustained from a delay will be the amounts set forth in the Statement of Work, and the State and the Contractor agree that in the event of any such delay, the Contractor shall pay such amounts as liquidated damages and not as a penalty. Amounts due the State as liquidated damages may be deducted by the State from any money payable to the Contractor. The State shall notify the Contractor in writing of any claim for liquidated damages pursuant to this paragraph on or before the date State deducts such sums from money payable to the Contractor.

b. Timing of Delivery

- i. Contractor will be liable for any liquidated damages for late performance (including late delivery) specified in the Statement of Work if Contractor fails to provide any subject service or deliver any subject Deliverable, ready for use in substantial conformance with its specifications, on or before the Delivery Dates in the Statement of Work. Unless otherwise specified in the Statement of Work: (A) such liquidated damages will stand in lieu of all other damages for such late performance or nonperformance; and (B) if the Contractor fails to provide a software Deliverable listed in the Statement of Work by the specified Delivery Date, but provides suitable substitution of software acceptable to the State, liquidated damages shall not apply to the listed Software Deliverable.
- ii. The State will pay additional monetary compensation for early performance to the extent specifically called for in the Statement of Work.

2 Title to Equipment

Unless otherwise specified in the Statement of Work, title to the Equipment shall remain in the Contractor and assigns, if any, until such time as successful acceptance testing has been achieved. Title to a special feature installed on a Machine and for which only a single installation charge was paid shall pass to the State at no additional charge, together with title to the Machine on which it was installed.

3 Price Decline (Applicable to Third Party Contractors)

Prices quoted shall be the maximum for the Contract period subject to any price escalation provisions reflected in the Statement of Work. However, should a price decline be announced by the manufacturer after Contract award, but prior to a third party Contractor taking title to the Equipment, and should the third party Contractor be the recipient of this manufacturer's price decline, it shall be passed on in total to the State by the third party Contractor. Any interest, finance, or other charges based on the Contract price will be recomputed using the original offer rates and the differences will also be passed to the State in total.

4 Price Decline (Applicable to Manufacturers)

Prices quoted shall be the maximum for the Contract period subject to any price escalation provisions reflected in the Statement of Work. However, should a price decline be announced by the manufacturer after Contract award, but prior to the State taking title to the Equipment, it shall be passed on in total to the State by the manufacturer. Any interest, finance, or other charges based on the Contract price will be recomputed using the original offer rates and the differences will also be passed to the State in total.

- a. The State shall provide normal office working facilities and Equipment reasonably necessary for Contractor performance under this Contract. Any special requirements (e.g., reprographic services, computer time, key data entry, etc.) shall be identified in the Statement of Work.
- b. The State is responsible for providing required information, data, documentation, and test data to facilitate the Contractor's performance of the work, and will provide such additional assistance and services as is specifically set forth in the Statement of Work.
- c. The Contractor will not be responsible for any delay, cost increase, or other consequence to the extent that it is caused by the State's failure to fulfill responsibilities set forth herein. In the event of any claim for equitable adjustment to price, schedule, or both, the parties will negotiate in good faith regarding execution of a Contract amendment. Should the Contractor determine that a delay exists or is probable due to a failure of the State, the Contractor will promptly notify the State in writing.

4 Unanticipated Tasks

- a. In the event that additional work must be performed which was wholly unanticipated and is not specified in the Statement of Work, but which in the opinion of both parties is necessary to the successful accomplishment of the general scope of work outlined, the procedures outlined in this Section will be employed.
- b. For each item of unanticipated work not specified in the Statement of Work, a Work Authorization will be prepared in accordance with the sample attached as Exhibit A.
- c. It is understood and agreed by both parties to this Contract that all of the terms and conditions of this Contract shall remain in force with the inclusion of any such Work Authorization. Such Work Authorization shall in no way constitute a Contract other than as provided pursuant to this Contract nor in any way amend or supersede any of the other provisions of this Contract.

- d. Each Work Authorization shall consist of a detailed statement of the purpose, objective, or goals to be undertaken by the Contractor, the job classification or approximate skill level of the personnel to be made available by the Contractor, an identification of all significant material to be developed by the Contractor and delivered to the State, an identification of all significant materials to be delivered by the State to the Contractor, an estimated time schedule for the provisions of these services by the Contractor, completion criteria for the work to be performed, the name or identification of the Contractor personnel to be assigned, the Contractor's estimated work hours required to accomplish the purpose, objective or goals, the Contractor's billing rates per work hour, and the Contractor's estimated total cost of the Work Authorization.
- e. All Work Authorizations must be in writing prior to beginning work and signed by the Contractor and the State.
- f. The State has the right to require the Contractor to stop or suspend work on any Work Authorization pursuant to the "Stop Work" provision of the General Provisions.
- g. Personnel resources will not be expended (at a cost to the State) on task accomplishment in excess of estimated work hours required unless the procedure below is followed:
 - 1) If, in the performance of the work, the Contractor determines that a Work Authorization to be performed under this Contract cannot be accomplished within the estimated work hours, the Contractor will immediately notify the State in writing of the Contractor's estimate of the work hours which will be required to complete the Work Authorization in full. Upon receipt of such notification, the State may:
 - (a) Authorize the Contractor to expend the estimated additional work hours or service in excess of the original estimate necessary to accomplish the Work Authorization (such an authorization not unreasonably to be withheld), or
 - (b) Terminate the Work Authorization, or
 - (c) Alter the scope of the Work Authorization in order to define tasks that can be accomplished within the remaining estimated work hours.
 - 2) The State will notify the Contractor in writing of its election within seven (7) calendar days after receipt of the Contractor's notification. If notice of the election is given to proceed, the Contractor may expend the estimated additional work hours or services. The State agrees to reimburse the Contractor for such additional work hours.

5 Invoicing and Payment for Services

- a. During the execution of each Milestone (as set forth in the Statement of Work) which involves the delivery to the State of identified Deliverables, the Contractor may submit periodically to the State invoices reflecting a pro-rata cost of the Milestones, determined on the basis of the lesser of either:
 - 1) The number of Deliverables provided to the State divided by the total number of Deliverables required to be delivered to the State, less a ten percent (10%) withhold, less any amounts previously invoiced; or
 - 2) The number of work-hours expended by the Contractor in the performance of the task divided by the number of work hours scheduled for the task, less a ten percent (10%) withhold, less any amounts previously invoiced; provided that the Statement of Work may specify a withhold of more than ten percent (10%).
- b. For those Milestones which do not involve delivery to the State of identified Deliverables, but which are of a continuing nature, the Contractor may submit invoices reflecting a pro-rata cost of the Milestone, less a ten percent (10%) withhold, less any amount previously invoiced. Actual progress payment amounts for such Milestones must be based on at least equivalent services rendered, and to the extent practicable, will be keyed to clearly identifiable stages of progress as reflected in written reports submitted with the invoices.
- c. Upon completion of a Milestone in accordance with the acceptance criteria set forth herein, the full charge for such Milestone, less amounts previously invoiced to the State, may be submitted for payment. Nothing herein will be construed to waive or contradict any requirement of California Public Contract Code Section 12112 or any similar or successor provision.
- d. In the event that work not specified in the Statement of Work is performed with the State's written consent, invoices for services as reflected on Work Authorizations will be submitted to the State for payment. In no event shall the total amount paid for such work exceed ten percent (10%) of the value of personal services anticipated by this Contract.
- e. Invoices prepared in accordance with this provision will not be submitted more frequently than monthly to the State.

In accordance with the California Government Code, Contractor performance evaluation will be completed within the guidelines of the State Contracting Manual Volume 1, Section 3.02.5. The State Contracting agency, upon Contract completion, will complete and forward the Contractor evaluation to the Department of General Services.

7 Conflict of Interest

During the performance of this Contract, should the Contractor become aware of a financial conflict of interest that may foreseeably allow an individual or organization involved in this Contract to materially benefit from the State's adoption of an action(s) recommended as a result of this Contract, the Contractor must inform the State in writing within 10 working days. If, in the State's judgment, the financial interest will jeopardize the objectivity of the recommendations, the State shall have the option of terminating the Contract.

Failure to disclose a relevant financial interest on the part of the Contractor will be deemed grounds for termination of the Contract with all associated costs to be borne by the Contractor and, in addition, the Contractor may be excluded from participating in the State's bid processes for a period of up to 360 calendar days in accordance with Public Contract Code section 12102(j).
