**Filter Elements
(Fuel, Hydraulic, Air & Oil)
Contract Supplement No. 2
Effective April 1, 2006**

This contract is to reflect the following modifications:

1. **Effective April 1, 2006**, in accordance with "Contract Modifications" on Page 3 of the original contract, the awarded supplier has provided a new price list introducing a price increase.

The previous price list number for the Fram brand products was F2072Y, dated December 1, 2004. The new price list number for the Fram brand products is now F2109Y dated December 1, 2005. (The new price list is available upon request from the supplier.)

2. Champion Labs, Inc., the manufacturer of the Luber-Finer brand product has also introduced a price increase for their product. The increase is 3% across the board. However, because they no longer produce a price list, the adjustment will be in the form of a reduced percentage discount by the supplier. Prices will be based on the last price list produced for the Luber-Finer brand products, dated 2/1/99 (available upon request from the supplier).
3. The percentage discounts for both product lines are as follows:

for Fram products	78.2%
for Luber-Finer products	75.2%

See attached revised price sheet.

4. All other terms and conditions of this contract remain the same.
