Contract (Mandatory) 1-07-84-07  
Supplement 1

Effective February 6, 2008 subject contract for Body Armor (Ballistic IIIA and Stab/Spike III) has been modified to reflect the following changes:

- A. Effective March 1, 2008, the following Ballistic IIIA Body Armor will no longer be available for ordering:

Manufacturer: American Body Armor  
Model: Xtreme 3A / XT3A-2

- B. Attachment A (Body Armor Pricing) has been modified to include the following new Ballistic IIIA Body Armor available for ordering:

Manufacturer: Second Change Armor  
Model: T2 3A / LA4-IIIA 402180

Note: Any orders for ballistic body armor executed on or after March 1, 2008 shall reflect this model.

- C. Section 12 (Delivery Schedules), Item A has been modified to read as follows:

Fittings:

Locations of the fittings are to be specified on individual purchase documents and will occur within fifteen (15) calendar days after receipt of order (ARO).

The contractor will be required to schedule fittings during normal business hours at the end users location(s). The contractor will be allowed reasonable access in order to maximize the measurement process to accommodate as many officers and/or staff as possible in any one location. The contractor will provide one make-up day to size end users that did not attend the initial scheduled fitting. If the contractor is requested to size end users that did not attend the make-up date, the agency/department will be assessed a fitting fee not to exceed \$40 per person.

Under no circumstances is the contractor authorized to train and certify key employees within a given location to measure on their behalf.

All other terms and conditions remain the same.
