

Scope:

This contract covers the estimated biennial (two year) requirements with two optional one year extensions for State of California and participating local agencies for **Medium Duty Handicapped and Transit Buses**.

A local agency is any city, county, city and county, district or other local governmental body or corporation empowered to expend public funds (Public Contract Code #10298).

Price:

Price shall remain firm for the contract duration.

Quantity:

Quantities shown for each line item are estimates and are for evaluation purposes only. Actual purchases may vary from this pattern. Emergency purchases may be made off contract. The State will not be obligated to purchase contractor's excess inventory of any line item if actual purchases vary from the anticipated purchase pattern.

F.O.B. Dealer, California:

All units are to be quoted FOB Dealer, California.

Agencies can either pick vehicles up from the dealer or have the vehicles shipped FOB Dealer, California. If the order indicates a delivery location other than FOB Dealer, California, the dealer will deliver the vehicle and show the delivery charge as a separate item on the invoice.

Delivery:

The Contractor shall complete delivery within 210 days after receipt of order (ARO).

Late Delivery Charges:

The parties to this agreement acknowledge that the Ordering agency, specifically the Local agency's Fleet Operator shall incur actual damages should the supplier fail to perform the work as called out in the contract and specification on the date set forth herein. The parties, therefore, have agreed to late delivery charges in the amount of **\$35.00 per unit per workday**.

Workdays are Monday through Friday inclusive except State holidays observed Monday through Friday.

The parties also agree that the amount specified is not unreasonable nor punitive in nature because both parties have carefully considered the amount specified and believe it to be a reasonable estimate, and not excessive at the time the purchase order is entered into.

It is agreed that the supplier will pay the State of California the sum indicated above per unit per workday for each workday the work remains uncompleted or unaccepted by the State. The total late delivery charges assessed against supplier shall in no event exceed 25% of the total value of the entire order.

Supplier Information:

Address of factory where these buses will be manufactured:

El Dorado National

Type 7 – 1655 Wall Street , Salina, KS

Type 8 – 13900 Sycamore Way, Chino, CA

Supplier's current State Vehicle Dealer License Number: 29057

Indicate below the Name(s) and Phone Number(s) of the individual(s) in your Dealership we can contact for prices on options, warranty information and delivery status.

Name: Southern California – Don White, Mike Dimberger

Phone No.: 800-326-2877

Name: Northern California – Jay Holzhter, Dan Williams

Phone No.: 888- 326-6287

Bidder shall indicate if he intends to use the manufacturer's pre-delivery service. If not indicated, the State will assume a negative response.

Yes: X Location: Chino, California

State Agency Ordering Procedures:

Issue state agency orders to the contract supplier. State agencies will be sending a Contract/Delegation Purchase Order (STD. 65). The DGS's fee for state agency use is 2.12% of the value of the order (before tax or cash discount), maximum of \$7500. (This fee applies through June 30, 2004.)

Local Agency Ordering Procedures:

Issue local agency orders directly to the contract supplier. (Blanket orders are no longer issued by the Procurement Division for local agency use.) The DGS's fee for local agency use is 2.12% of the value of the order (before tax or cash discount), maximum of \$7500. (This fee applies through June 30, 2004.)

For billing, for both state and local agencies, send a copy of your purchase order to:

DGS-Procurement Division
Attn: Data Entry Unit
PO Box 989052
West Sacramento, CA 95798-9052

Confirmation of Purchase Orders:

Prior to actually placing the order, the contractor shall provide the ordering agency a written confirmation of the order.

The confirmation shall clearly itemize the options which have been added and what changes they made to the features of the standard contract van and to the base cost of each standard contract bus. This will assure that both parties concur that the van is configured as required by the ordering agency and the base contract features, if modified, have been accounted for in terms of both function and that the appropriate cost adjustment(s) have been made.

Invoicing Requirements:

The Contract supplier is to render invoices as instructed on individual orders. Invoices shall include the order number, the contract number, the unit price, extension, and any cash discount offered. State sales tax is to be shown as a separate item on the invoice. Invoices omitting any of the above mentioned items shall be returned for correction and resubmitted. Note: Sales tax shall be computed on the net price, that is, the price after deducting the cash discount. Note: Purchase Order for payment must include the tax exemption for handicapped equipment (California Revenue And Taxation Code Section 6394.4).

All Bus Sales must remain within a reasonable scope of the original evaluated base configuration of each line item or the purchase will be deemed outside the scope of this contract and the state will assume no role in that particular order.

Contract Usage Reports:

The contractor shall provide the Department of General Services, Procurement Division a monthly Contract Usage Report. This report will reflect the van orders placed against the contract for the respective month. Procurement Division must receive the report by the 15th of each month. The Contract Usage Report shall have copies of orders attached and include the following information (see attached sample):

1. Contractor Information
2. Contract Number
3. Reporting Month
4. Ordering Agency
5. Bill Code (if known)
6. Purchase Order Number
7. Date of Purchase Order
8. Date Order Received by Contractor
9. Date of Confirmation
10. Delivery Date (anticipated)
11. Description of Van (Make and Model)
12. Quantity Ordered
13. Van Unit Price
14. Van Unit Price with Options

Send the Contract Usage Report with purchase orders to the following address:

Department of General Services
Procurement Division
Attn: Vehicle Purchasing
P.O. Box 989054
707 3rd Street
West Sacramento, CA 95798-9054

Preproduction Inspection Meeting:

A Preproduction Meeting/Inspection is performed after the award of the contract to the contractor and the first article or bus that is manufactured is inspected for compliance to the specifications. **Refer to page 23 paragraph two, entitled "Inspection".**

Bus Inspection and Service:

Inspection by local agencies will be at dealer's delivery location or delivery point, as requested by the local agency.

Buses shall be delivered to accepting agency within two (2) working days of inspection acceptance.

Please refer to page 23 of the specifications.

Non-Specified Options:

The ordering agency may require optional features or equipment in addition to or in lieu of the features or equipment specified as standard per the attached technical specification. If these optional features or equipment are available from the Cab and Chassis (C&C) manufacturer, (e.g., Ford, GMC, etc.) then these non-specified options shall be made available to the ordering customer at a cost not to exceed 10% above the published dealer cost.

In addition to the C&C manufacturer options, a published price list for all optional features and equipment made available by the Final Stage manufacturer. This "options" list shall include all available options the supplier wishes to offer the ordering agency. The ordering agency shall only order those options as listed on the published "options list" submitted by the Final Stage manufacturer. The only exception to this requirement will be new options being introduced based on new technologies not yet made available at the time of the bid opening. These new options and published prices must be submitted to and approved by the State contracting buyer prior to being ordered by the ordering agency.

Responsibility for Compliance:

Inspection/Testing requirements shall become a part of the contractor's overall quality program. The absence of inspection/testing requirements in the contract shall not relieve the contractor of the responsibility of ensuring that all goods and services tendered to the State (for acceptance) conform to the requirements of the contract.

Product Defects and Tolerances:

All goods shall conform to the quality levels set by the contract and be free of any defects. Goods inspected and rejected (non-compliant to specifications or out of tolerance) are subject to return for full credit. The State will document the defects and submit the report to the contractor. The contractor shall arrange for and pick up the rejected goods within 14 days of notification. Failure to pickup the rejected goods within this time frame will be grounds for the State to charge back to the contractor any costs associated with reasonable disposal or management of goods.

The contract delivery schedule(s), including as necessary, replacement shipments, shall be met. When necessary, replacement shipments shall be met. When necessary, express shipping shall be provided at no cost to the State.

Quality Assurance:

The contractor and subcontractors utilized shall maintain a written Quality Assurance Plan. When requested, the contractor/bidder shall submit a copy of this plan. The written plan shall include all steps, checkpoints, forms, and other documentation included in the quality program.

Contract Administration:

The Contractor shall identify a Contract Administrator who is qualified and authorized to bind the company and subcontractors on issues related to contract performance and administration.

Technical Support:

Supplier must be able to show evidence that adequate qualified staff will be readily available to provide timely (timely depends on magnitude of the issue) technical support to the State. Support shall be available either through employees of the bidding company or through employees of the bidding company or through subcontracts that are in place at the time of the bid opening. If the bidder is not the manufacturer, the bidder cannot fulfill this requirement with personnel employed by the manufacturer unless the bidder has a long-term contract with the manufacturer to provide technical support. When requested, bidders are required to submit documents showing compliance to this requirement.

Supplier Location:

State below the name and address where purchase orders should be sent

Company Name: Creative Bus Sales, Inc.

Street Address: 13501 Benson Avenue

City, State, and Zip: Chino, CA 91710-5232

Person to contact: Don White or Jay Holzhter

Phone No.: 800-326-2877 or 888-353-6287

Fax No.: 909-465-5529 or 510-728-7800

Emergency Purchases:

In the event of an emergency, the State may purchase any required line item from other than the contractor.
