RE: General Purpose & Specialty Tires and Services Survey

The Department of General Services, Procurement Division (DGS/PD) is providing the opportunity for state departments to participate in a survey that will assist the DGS/PD in meeting departments' needs. The survey's purpose is to capture your input to assist us in developing a competitive solicitation and award a new general purpose / specialty tires statewide contract.

The DGS/PD requests that PCOs and PACs distribute the survey to the appropriate department subject matter experts who may provide valuable comments and historical data.

Please complete all sections of the survey located at:
