**RE: Release of the State's Initial Response Regarding the State's Standard
Terms and Conditions for Information Technology**

The purpose of this Broadcast Bulletin is to announce the release of the Department of General Services, Procurement Division's (DGS/PD) initial response to input received by the information technology vendor community as part of the Public Contract Code Section 12101.2 negotiations, as outlined in Broadcast Bulletin E-01-13. In August 2012, the State of California entered into negotiations with the vendor community for the repetitively used State terms and conditions that are contained in the State's model contract. Today, the State has released the Department's initial response to the comments and requests for changes to the terms and conditions. Those responses can be found [here](#). Please see the [Vendors Response Letter](#) for details.

Those wishing to attend or provide additional comments on the State's terms should contact:
