---

This broadcast announces the pending expiration of the Ammunition, Factory Loaded contracts. These contracts expire Saturday, August 31, 2013.

A competitive solicitation will be released within 60 days but will not be awarded prior to the current contract's expiration date. Consequently, departments need to review their needs and place ammunition orders prior to the August expiration date.

After August 31st, departments may purchase these items using an alternative procurement method such as the "SB/DVBE Option" or "Competitive."
