**RE: Contract Expiration Notice - Statewide Contract 1-09-68-01A & B for Gases
(Medical, Industrial, & Specialty)**

This broadcast announces the pending expiration of Contracts 1-09-68-01A and 1-09-68-01B for Gases (Medical, Industrial, & Specialty).

A competitive solicitation will be released within the next few weeks; however, it will not be awarded prior to the current contract's expiration date of January 10, 2013.

Consequently, departments need to review their medical, industrial and specialty gas needs and place orders before the expiration date.

After January 10, 2013, departments may purchase the commodities under their own delegation until a new contract is in place.

Rented cylinders/dewars in the departments' possession at the time of contract expiration will be returned to the Contractor when empty, not when the contract expires.
