

Purpose California state agencies and departments are mandated by law and by Executive Order to appoint a single point of contact to act as both the Small Business (SB) and Disabled Veterans Business Enterprise (DVBE) Advocate. The Advocate's responsibility is to promote and implement program requirements to assist their department with providing purchasing and contracting opportunities within the SB and DVBE business communities. Legislative mandates require that agencies and departments place 25 percent of their total annual expenditures with the SB community and 3 percent with the DVBE community.
