# FI\$Cal Wave Timeline

# Wave 2 Project Timeline

---

# Wave 2: Statewide Procurement

---

- BidSync Retiring – functionality replaced by FI\$Cal
  - State Contract and Procurement Registration System (SCPRS)
  - California State Contracts Register (CSCR)
  - Search for certified SB/DVBE firms
  - Search for Leveraged Procurement Agreements (LPA)
  - SB/DVBE Certification Module
  - Bidder/Vendor profiles

# Statewide Stakeholders

---

- Wave 4, Deferred, Exempt Departments
- Bidders / Vendors
- Small Business/Disabled Veteran Business Enterprise (SB/DVBE) Certified Firms
- Public, Local Governments

# Wave 2: Department Procurement

---

- Wave 1 procurement functionality
  - Requisitions
  - POs
  - Receiving
- Sourcing (solicitations) and Contracts
- Decentralized P-Card Administration
- Delegated Purchasing Authority Administration
- Track and Report SB/DVBE Prime and Subcontracting Activity
- Statewide Vendor Management File

# Testing

---

- Functional Testing
  - System functionality tested by running detailed scripts to ensure it meets system requirements
  - Defects in system are identified and a process is followed to fix defects and retest the functionality
- User Acceptance Testing (UAT)
  - Confirms that Department users can perform their work functions as designed and functionality will meet the business needs of the department end users
  - Participants will execute test scripts with converted data to simulate transaction processing, and compare the actual results against expected results

# Training

---

- Training Liaison assists FI\$Cal in four main areas:
  - Training Pilot
  - Train the Trainer
  - Training Rooms
  - End-User Training
- Departmental training is underway.
- Users take training courses based on the roles they are assigned in the system
- Training is available online or as instructor led training, depending on the course

**EcoStrate Traffic Signs provide the following advantages versus aluminum substrate:**

- 100% recycled and post consumer content
- Made in the USA
- Lower cost saving at least 10%
- Available at 0.25 inch thickness
- Can be supplied in a variety of sizes up to 4' X 4' signs
- Superior adhesion to all leading reflective sheet
- Theft deterrent
- Excellent low temperature impact resistance
- Easy and less costly fabrication
- Full DOT/AASHTO testing to be completed by Q415

## Mud Flaps

EcoStrate Mud Flaps provide the following advantages versus rubber based flaps:

- 100% recycled and post consumer content
- Made in the USA
- Lower cost saving at least 10%
- Available in a variety of thicknesses
