

**MASTER SERVICES AGREEMENT USER GUIDE
 CONTRACT AWARDS AS OF A RESULT OF: RFP MSA 01 MA-01 Revision
 A**

SUPPLEMENT THREE

CONTRACT NUMBERS:	5-02-70-01– 5-02-70-94 93 CONTRACT ADDITIONS TO EXISTING POOL
EFFECTIVE:	December 19, 2001 through December 18, 2005
SERVICE:	INFORMATION TECHNOLOGY CONSULTING SERVICES Category I = Independent Project Oversight Activities <i>(Sub-categories = IA and IB)</i> Category II = Project Activities <i>(Sub-categories = IIA, IIB, IIC, IID and IIE)</i> Category III = Miscellaneous Activities <i>(Sub-categories IIIA, IIIB, IIIC and IIID)</i>
DISTRIBUTION CODE:	ALL EDP CONTACTS; LOCAL AGENCY LIST; MSA CONTRACTORS, PD CENTRAL RECORDS
NOTE:	Electronic version of all documents associated with this MSA can be found on the DGS/PD Internet web page: www.dgs.ca.gov/pd
USER GUIDE ISSUE DATE AND EFFECTIVE DATE:	October 30, 2002

The purpose of this supplement is to add an additional 95 IT contractors to the existing pool of firms that are already under contract. The information contained in this supplement provides some information about these firms. As of July 1, 2002 the billing rate for the use of this contract has been changed to 1.93%. This is the new standard billing rate for all Department of General Services-Procurement Division Master Contracts.

Also, Management Memo 02-19 issued on August 19, 2002 has dramatically altered the usage of Master Contracts. The changes in the Management Memo take precedence over those issued in previous User Guides and new procedures are noted in this supplement.

Introduction and General Information	Section I
Ordering Procedures	Section II
Service Categories	Section III
Contractor Hourly Rate Schedules	Section IV
Contractor Contacts	Section V
Forms	Section VI

I. INTRODUCTION AND GENERAL INFORMATION

The 2001/2002 Information Technology Consulting Services Master Services Agreement (MSA) provides state agencies, cities, counties, special districts, educational and other public entities with professional consultant services. The contractors can help you achieve your IT Consulting Project objectives.

The MSA now includes 142 contractors. The contract award status is detailed in this Section I. Contractors have been selected through a competitive bid selection process that was based on 40% consulting experience and 60% cost for the original bid done in 2001, and 70% experience and 30 cost in the 2002 version.

This MSA expedites the process you use to obtain contractors for information technology consulting services. The agency is responsible for the:

- development of a statement of work for the project and identifies all order related issued in the “request for offer” sent to contractors within the selected MSA service category;
- evaluation of the contractors’ scope of work response(s) to the RFO and rationale for selection;
- choice of the contractor best suited to meeting the agency’s requirements/needs.

The agency manages the project, approves the deliverables, and authorizes payment to the contractor.

PCC 10298 b. states that DGS “makes available to any city, county, city and county, district, or other local governmental body or corporation empowered to expend public funds for the acquisition of goods, information technology or services for assisting the agency in acquisitions conducted”. While the State of California makes this MSA available to local government agencies, each local agency should make its own determination of whether using these competitively bid contracts is consistent with its procurement policies and regulations.

Local agency requirements are listed at the end of this section.

A. DGS/PROCUREMENT DIVISION TECHNOLOGY ACQUISITIONS MSA CONTRACT ADMINISTRATOR

B. SERVICE CATEGORIES BASED ON THREE INTERNATIONALLY RECOGNIZED STANDARDS

A recap of the awards for this MSA by category/sub-category are as follows:

1. Original RFP done in 2001:

Category I = **Independent Project Oversight Activities**

Sub-category IA = Independent Verification and Validation = 20 awards

Sub-category IB = Project Management Oversight = 36 awards

Category II = **Project Activities**

Sub-category IIA = Programming = 39 awards

Sub-category IIB = System Integration/Analysis/Design = 44 awards

Sub-category IIC = System Support = 32 awards

Sub-category IID = Project Management = 45 awards

Sub-category IIE = Quality Assurance = 38 awards

Category III = **Miscellaneous Activities**

Sub-category IIIA = IT Planning = 31 awards

Sub-category IIIB = IT Facilitation = 34 awards

Sub-category IIIC = Training = 29 awards

Sub-category IIID = Report Writing = 36 awards

2. Refreshed RFP-Revision A, done in 2002:

Category I = **Independent Project Oversight Activities**

Sub-category IA = Independent Verification and Validation = 23 awards

Sub-category IB = Project Management Oversight = 32 awards

Category II = **Project Activities**

- Sub-category IIA = Programming = 66 awards
- Sub-category IIB = System Integration/Analysis/Design = 72 awards
- Sub-category IIC = System Support = 61 awards
- Sub-category IID = Project Management = 73 awards
- Sub-category IIE = Quality Assurance = 61 awards

Category III = Miscellaneous Activities

- Sub-category IIIA = IT Planning = 42 awards
- Sub-category IIIB = IT Facilitation = 42 awards
- Sub-category IIIC = Training = 40 awards
- Sub-category IIID = Report Writing = 50 awards

The standards used to support this MSA are internationally recognized standards. The three approved standards for this MSA are listed below and described in detail in Section III.

1. IEEE
2. ISO
3. PMI

The three methodologies approved for use in this MSA are standards that qualify and meet state standards as a “recognized standard” for all IT projects.

C. MSA ORDER LIMITS

Management Memo 02-19 issued on August 19, 2002 has dramatically altered the usage of Master Contracts. The changes in the Management Memo take precedence over those in this User Guide. Detail on these restrictions is shown in Section II of the User Guide. Refer to the DGS-PD website, www.dgs.ca.gov/pd for more detail on the new restrictions.

D. RESTRICTIONS

Management Memo 02-19 issued on August 19, 2002 has dramatically altered the usage of Master Contracts. The changes in the Management Memo take precedence over those in this User Guide. Detail on these restrictions is shown in Section II of the User Guide. Refer to the DGS-PD website, www.dgs.ca.gov/pd for more detail on the new restrictions.

E. PRICING

Ordering agencies will pay no more than the hourly rate specified in the contractor's MSA contract. Rates may not exceed the contract rate and contractors can agree to reduce their rates on an individual project basis. The contract rates listed in Section IV, CONTRACTORS HOURLY RATE SCHEDULES are fixed rates for the entire four (4) year term of this MSA. Once the ordering agency issues a MSA order, the hourly rates become fixed for the term of the MSA order.

F. PAYMENT

Ordering agencies must comply with Government Code 927 and pay undisputed invoices within the required 45 days after acceptance. State agencies also may make progress payments to contractors for work performed until the final deliverable is received and accepted. If progress payments are included in the agency's order, the agency shall retain ten percent (10%) of fees billed pending completion of the entire project (PCC 10346 and 12112). If an agency chooses to make progress payments, they should require a performance bond that they do not surrender until the system is accepted.

G. DGS ADMINISTRATIVE FEE

The DGS charges the ordering agencies of this MSA an administrative fee. The fee is a specified percentage of contracted services. The fee is not included in the contractor's hourly rates for this MSA. The administrative fee for this MSA is currently **1.93% (as of July 1, 2002)** of the total order amount. The Technology Acquisitions Section Unit will bill the agency directly for the administrative fee.

H. PROJECT RELATED EXPENSES

Contractor personnel must be available to interview and work statewide. There is no increase in hourly rates based on location of the work-site. Project costs related to items such as travel, per diem and travel time to the designated base of operation for the project are included in the costs of the contractor rates. The ordering agency shall not pay for such costs as a separate item. The ordering agency will determine the base of operation for each project and identify such information in their Request for Offer (RFO) document (see Section V, FORMS).

The only travel expense exception will be when the contractor is required to travel to multiple sites that are not located in the same city or general vicinity as part of the

project and this requirement is specified in the project's request for offer and scope of work documents. All travel expenses must be pre-authorized by the ordering agency and is reimbursed at the then current Department of Personnel Administration state rates. The travel expense exception does not pertain to on-site interviews.

I. PROFESSIONAL ERRORS AND OMISSIONS INSURANCE

Some orders issued under this MSA may require the contractor to provide proof of Professional Errors and Omissions Insurance covering any damages caused by an error, omission or any negligent acts. The ordering agency shall determine the minimum limits of the Professional Errors and Omissions Insurance to be provided at no cost to the agency.

J. PERSONNEL WORKING ON PROJECTS

Contractors must include the names, classifications and resumes of personnel including subcontractors who will be assigned to the project. If a contractor's proposal includes subcontractors, the hourly rates and classification equivalent **must** be listed. The rates **cannot** be higher than the prime contractor's published MSA rates.

K. TERM OF MSA

The term of this MSA is December 19, 2001 through December 18, 2005—four (4) years.

L. PERFORMANCE BOND

Some orders issued under this MSA may require the contractor to secure a performance bond. If required, the contractor shall furnish the agency, at no cost, a performance bond in the amount of fifty percent (50%) of the total order amount. The bond shall be on a form from a surety insurer and must guarantee the contractor's completion of work under the specific order. The bond shall be executed prior to commencement of work on the project.

M. DISABLED VETERAN BUSINESS ENTERPRISE

One (1) firm on this MSA is certified as a DVBE and is designated in the contact information listed in Section V, Contractor Contacts. The Disabled Veteran Business Enterprise (DVBE) participation goals were not included as a bid requirement for this MSA. For each individual project, as the agency business needs are being

developed, ordering agencies should decide whether to require MSA contractors to meet DVBE participation goals or to not include such a requirement in the contract for the individual project.

N. TARGET AREA CONTRACT PREFERENCE ACT (TACPA), LOCAL AGENCY MILITARY BASE RECOVERY AREA (LAMBRA), AND ENTERPRISE ZONE ACT (EZA)

If more than 10% of a project is to be performed at a site designated by the ordering state agency, the TACPA, LAMBRA and EZA preferences do not apply to the project and the documentation is not attached to the statement of work. Any questions regarding these preferences should be referred to the Dispute Resolution Unit of DGS, Procurement Division at 916/375-4601.

O. SMALL BUSINESS PREFERENCE

There are firms on this MSA that are certified as small businesses and are designated in the contact information listed in Section V, Contractor Contacts. This preference was applied to each bid during the evaluation and selection process. The ordering agency will be responsible for tracking dollars spent through the use of a certified small business during the term of this MSA.

P. REPORTING REQUIREMENTS

1. FOR ORDERING AGENCIES

- a. Upon completion of the project, the agency shall complete the MSA Contract Performance Report in Section VI, FORMS. The completed form should be sent to the MSA Contract Administrator. Ordering agencies may also use the Contract/Contractor Evaluation Form (STD. 4).
- b. If the contractor's performance is unsatisfactory, the ordering agency must send a copy of the completed Std. 4 to the DGS, Office of Legal Services within five (5) days after the completion of the evaluation. The contractor must be notified and sent a copy of the unsatisfactory Std. 4 evaluation within fifteen days after its completion.
- c. Effective January 1, 2001, agencies must report specific information on independent sole proprietor contractors to the Employment Development Department (EDD) as required by Senate Bill 542. The information must be reported within 20 days of entering into a contract for \$600 or more, or if there is no contract, within 20 days of when the payments total \$600 or more in any calendar year, whichever occurs sooner.

NOTE: For assistance in reporting to EDD, please call 916/657-0529, the EDD Tax branch, Accounts Services Group.

Q. LOCAL AGENCIES GUIDELINES FOR USE OF THIS MSA

1. Local agencies must have obtained internal approval prior to issuing an order against this MSA. Local agencies must agree to all the terms and conditions of this MSA when issuing orders against this MSA.
2. Local agencies may use their own contract forms but must include all pertinent information as required by State ordering agencies—the data elements are described in Section VI, Forms
3. DGS charges the users of this MSA an administrative fee. The DGS administrative fee is a specified percentage of contracted services. DGS annually sets the percentage for such administrative fee. Agencies using this MSA should check the DGS website for current rates. The DGS administrative fee is not included in the contractor's hourly rates for this MSA. Local agencies must agree to the State's administrative fee. The State will bill the local agency for using this MSA as outlined above.
4. The DVBE participation goals are not required for MSA orders issued by local agencies.
5. The Small Business preference may not apply to MSA orders issued by local agencies. Local agencies are not required to track dollars spent through the use of certified small businesses.
6. Local Agency Reporting—send one copy of the approved order/contract form along with a copy of the Contractor and Evaluation and Selection Form (refer to Section VI, Forms) to DGS/Procurement Division, Attn: Technology Acquisitions. The local agency resolution, if required, approving use of the MSA must be attached to the approval order/contract. The local agency order/contract document **must** include the DGS billing code. If a local agency has not been assigned a DGS billing code, it should fax its name and complete billing address to the DGS/PD/Technology Acquisitions at 916/375-4485.

II. ORDERING PROCEDURES FOR MSA SERVICE CONTRACT

This user guide is designed to help the ordering agency with the final selection of a contractor. In addition to procedures listed in this user guide, the ordering agency's internal contract procedures also must be followed.

1. The Master Service Agreement (MSA) contracts awarded as a result of the RFP will not preclude users from following established state and/or local agency policies and procedures when considering service needs. Use of the MSA is intended for situations where there is no current civil service expertise to fill the customer agencies' or local agencies' needs.

MANAGEMENT MEMO 02-19, ISSUED ON AUGUST 20, 2002, INCLUDED NEW PROCEDURES RELATED TO THE USE OF MASTER AGREEMENTS. THESE NEW PROCEDURES SUPERSEDE PREVIOUSLY ISSUED ORDERING PROCEDURES. IF AMENDMENTS TO THIS MANAGEMENT MEMO ARE ISSUED, ANY CHANGES IN THOSE AMENDMENTS WILL APPLY ALSO. PLEASE REFER TO THE MANAGEMENT MEMO FOR SPECIFIC DETAILED INFORMATION. HOWEVER, THE FOLLOWING SUMMARY INFORMATION MUST NOW BE ADHERED TO.

2. A. For Orders in Excess of \$500,000

1. Obtain approval of DGS to exceed the \$500,000 ordering limit; request must include how effective competition will be assured. Other areas that should be addressed when requesting approval would be details regarding the estimated dollar value of the project, how the needs of the state would be best served by not "formally" bidding the project to the entire open market of vendors, details regarding how the project will be managed, its timeline, and the qualifications of the staff who will run the competition for award. Additional measures may be required by DGS.
2. All qualified suppliers must be contacted. This will provide agencies an opportunity to review and evaluate various contractor proposals. After review and evaluation of proposals, the ordering agency should be able to determine which contractor offered the best value and award the contract.
3. All orders must be reported to DGS within five working days using the "Notice of Contract Award" form.

B. For Orders less than \$500,000

1. Solicit and obtain a minimum of three offers including one small business if applicable. This will provide agencies an opportunity to review and evaluate various contractor proposals. After review and evaluation of proposals, the

ordering agency should be able to determine which contractor offered the best value and award the contract. If less than three offers are received, documentation of solicitation methods must be included with contract reporting to DGS. If only one source is known (competing offers cannot be obtained), the non-competitive bid contract process must be followed.

2. All orders exceeding \$250,000 must be reported to DGS within five working days using the “Notice of Contract Award” form.
 3. Variance of model contract terms is allowed only with DGS approval.
3. General information related to the use of this MSA:
- a. Contractor must be available for an interview within five (5) working days or a mutually agreeable time from the date of notification by the ordering agency of the interview intention.
 - b. The selected contractor shall not commence work until authorization has been received from the authorized approval authority.
 - c. Contractor is contractually obligated to provide personnel to work on projects statewide.
 - d. Upon selection, the contractor’s personnel must be available to start the project work within two (2) weeks of a mutually agreeable time of being accepted by the ordering agency.
 - e. Work shall be performed during normal agency workdays and hours unless a different schedule is specifically requested by the ordering agency. There shall be no increase in hourly rates for extended hours or days.
 - f. No person, firm, or subsidiary thereof who has been awarded a consulting services contract may submit a bid for, nor be awarded a contract for, the provision of services, procurement of goods or supplies, or any other related action which is required, suggested, or otherwise deemed appropriate in the end product of the consulting services contract.
 - g. Failure to comply with any of the requirements from this section is grounds for contract termination.

A. GENERAL ORDERING INSTRUCTIONS

Any state or local agency may place orders against this MSA. A written statement of the ordering agency’s scope of work, i.e., business requirements, must be available at the time

the contractors are contacted. The requirements of the project cannot change unless all of the contractors contacted are given another opportunity to respond to the revised requirements.

Each contractor contacted will be requested to submit a proposal to the ordering agency detailing the contractor's statement of work, i.e., solution to the described situation. The contractor must provide a response within the time specified in the request for a proposal from an ordering agency. Along with the proposal, the contractor will include a detailed task plan, all appropriate resumes and the contractor's total proposed charges based on the rates established and published in this user guide and in each awarded MSA contract. In addition, the contractor will submit sufficient documentation so the ordering agency can be assured that the personnel the contractor is proposing to use meet the experience requirements as expressed above.

Once the ordering agency has received all of the contractors' proposals, they will make an award to the contractor whose response to their Request For Offer (RFO) was selected, refer to Section VI, Forms for the sample RFO document.

The actual award will be made using a Master Services Agreement Order form, GSOP-206, refer to Section VI, Forms.

There shall only be one contractor per MSA order. Copies of approved MSA orders shall be sent to the Department of General Services, Procurement Division, Technology Acquisitions, along with a completed Hiring Activity Report, refer to Section VI, Forms. If an ordering agency wishes to rehire a Contractor, a new MSA order must be executed. Additionally, the Notice of Contractor Award (NCA) must be submitted for all orders issued in excess of \$250,000 (refer to Management Memo 02-19 for further information).

Should occurrences of outstanding performance, or problems, be encountered, AGENCY MSA CONTRACT PERFORMANCE REPORT, refer to Section VI, Forms, shall be completed and forwarded to the contract administrator listed for this MSA. The ordering agencies shall have the option of reviewing any such submitted Performance Reports, and/or Contractor evaluations per State Administration Manual, Section 1283, during the evaluation of Contractor's offer. Scoring for the award of work orders may be based upon the information contained in these reports.

MSA orders can be placed and approved by the ordering agency under the guidelines of this MSA. However, if an ordering agency is found to be in violation of this MSA's ordering procedures, they may be subject to revocation of their ability to use this MSA.

B. ORDER PLACEMENT

Agencies may place an order anytime during the effective periods of this MSA. All MSA contracts are effective from December 19, 2001 to December 18, 2005. No new orders can be issued to MSA contractors after December 18, 2006. Agencies that have pre-existing orders active with MSA contractors and in place as of December 18, 2005 can continue to December 18, 2006.

Existing MSA costs, terms and conditions will remain unchanged and in effect during this term.

C. ORDER INITIATION GUIDELINES

Prior to initiating an order, ordering agencies must follow and obtain all approvals for “the project” prior to using this MSA. All State of California Management Memo(s), Governor’s Executive Order(s), etc. must be followed as part of using this MSA. Use of this MSA does not waive the Dept. of Finance approval requirements in accordance with the policies and procedures, as defined in Volumes I and II of the State Information Management Manual (SIMM).

A signed certification of compliance with state information technology policies is required for all information technology procurements that cost \$10,000 or more and are in support of a development effort. Development is defined in SAM Section 4819.2 as “Activities or costs associated with the analysis, design, programming, staff training, data conversion, acquisition and implementation of new information technology activities.” Procurements of hardware, software and services (including interagency agreements) are included in this requirement.

A certification is not required for:

1. Procurements for less than \$10,000;
2. Procurements limited only to maintenance services;
3. Procurements in support of previously approved efforts. See SAM Section 4819.40;
4. Procurement of services to conduct a feasibility study, provided the services are limited to supporting or conducting the feasibility study and/or preparing the feasibility study report (SAM Sections 4927 and 4928); or
5. Procurements of/for excluded activities as described in SAM Section 4819.32.

The certification must be completed by the ordering agency that will directly utilize the procured goods or services, and the original signed certification must be included with the transmittal or the procurement package to the procurement agency or authority. The required format for the certification is provided in SAM Section 4832.

The ordering agency will be required to send either a copy of the appropriate “approval document” (i.e.: Department of Finance, etc.) or reference the approved project # on the MSA order form when sending copies of an order to DGS/PD/Technology Acquisitions for reporting and billing purposes.

Agencies are responsible for following their own internal policies and guidelines for procurements when using this MSA.

D. CONTRACTOR’S REPOSENSE TO RFO

The responses submitted by contractors must include the following:

- a. Procedures/Methods to accomplish the ordering agency’s project in a Statement of Work;
- b. Detailed budget;
- c. Resumes and classifications of contractor’s staff assigned and working on the project including the same information for subcontractors;
- d. DVBE participation information, if required by ordering agency;
- e. TACPA, LAMBRA, and EZA documents, if required by ordering agency;
- f. Copy of current certification as a small business, if required by ordering agency;
- g. Proof of Professional Errors and Omissions Insurance, if required by ordering agency;
- h. Performance bond, if required by ordering agency.

Note: The budget should list the number of hours, hourly rate, and total for each person named to be working on the project.

If the project covers more than one service category/subcategory and the contractor has different contracted hourly rates for them, the budget must list the number of hours that the contractor’s personnel will work in each category/subcategory. It also must list the different rates for each category/subcategory in the project’s budget.

Expenses such as training materials, printing, etc. should be listed as separate line items from the consulting budget—they must relate to the project’s statement of work. **NOTE:** sales tax applies to products and not services supplied under this MSA. Contact the State Board of Equalization toll free at 800/400-7115 for general tax questions and information.

E. FINAL SELECTION OF CONTRACTOR

The ordering agency should form a team to review the submitted responses. If the ordering agency is using “best proposal” to select the contractor, the criteria used should be quantifiable. The examples of selection criteria are experience, staffing, and availability

to complete the project within the requested timeframe and total cost of project. Each response must be evaluated on the same basis. Refer to Section VI, Forms for the MSA Contractor Evaluation and Selection Form.

If the ordering agency is using “lowest cost” to select the contractor, the MSA service order is awarded to the contractor that submitted the lowest cost quote.

The selection process can include conference call interviews or face-to-face interviews as well as a review of the contractor’s written response to the RFO. After the selection is made, simply notify the contractors of your selection. Ordering agencies must document such selection and keep all pertinent documents in their contract order file.

V. CONTRACTOR CONTACTS

This supplement announces the additional contractors who are joining the existing pool, along with some major changes related to existing firms. In some cases, the firms listed below were already in the prequalified pool, but in Revision A of the RFP, qualified for additional service categories. Firms that were previously in the pool of qualified contractors are still valid contractors for your projects.

The new contractors are listed below, sequentially by their assigned contract number.

PLEASE NOTE THAT THE LISTED CONTRACTORS ARE NOT APPROVED TO PROVIDE ALL THE ELEVEN DIFFERENT SERVICES THAT THIS MASTER CONTRACT SOLICITED RESPONSES AND RATES FOR. BEFORE YOU BEGIN YOUR SELECTION PROCESS, REVIEW SECTION IV, WHICH SHOWS THE APPROVED SERVICES AND THEIR QUOTED RATES FOR EACH CONTRACTOR. A CONTRACTOR THAT IS NOT LISTED FOR A SPECIFIC SERVICE HAS NOT QUALIFIED FOR THAT SERVICE.

As of this Supplement, the Procurement Division will no longer list information about the consulting firm, such as its contact person, their phone number, area of speciality, etc. This is due to the fact that because of constant changes in vendor organizations; it is simply not possible to keep the information current in these User Guides. Instead, since DGS-PD keeps track of such changes, agencies should contact DGS-PD for the most current information related to the current contact person, their phone number and email address and other pertinent information. If changes within an MSA contractor organization, it is the responsibility of the MSA contractor to contact the DGS official with the changes within their organization.

However, the Procurement Division will make every effort to show in this Section, in this and future Supplements, name changes of firms and information related to other changes regarding approved contractors.

1. Logicon, Inc. has officially changed its name to Northrop Gruman IT.
2. KPMG Consulting (Contract Number 5-01-70-32) has now qualified for additional service categories. These new categories and their rates are shown in Section IV of this Supplement.
3. Renee Taylor Consulting (Contract Number 5-01-70-47) has now qualified for additional service categories. These new categories and their rates are shown in Section IV of this Supplement.

The individual contracts awarded for MSA Revision A are as follows: Firms that are certified small businesses are identified with an * after their name.

Company	Contract Number
/ETC /Networks *	5-02-70-01-IT
Accenture	5-02-70-02-IT
