STATEMENT OF WORK

CRIS Systems

This Statement of Work ("Agreement") reflects the services to be provided by CRIS Systems, hereinafter referred to as the "Contractor," for the Atascadero State Hospital, hereinafter referred to as the "ASH".

SCOPE

This is an annual renewal of a Service (support) contract for the CRIS system.

The Contractor will provide CRIS System Support. This contract will cover telephone support and assistance and all program updates from CRIS Systems.

CRIS System (CRIS) is mission critical to the Atascadero State Hospital's operation and support of this product is necessary. CRIS is a chart tracking and location system that integrates with other applications to provide our medical records section to keep track of our patients charts.

The Contractor's support will help ASH maintain the hospital network by providing quick resolution to questions, trouble shooting solutions, and updates that will help lead to the highest quality possible.

PERIOD OF PERFORMANCE

The term of this Agreement will be effective the date the Purchase Order is signed through 6/30/2009.

CONTRACTOR REQUIREMENTS

- The Contractor shall assist ASH in maintaining and supporting the CRIS system at ASH by providing Support and assistance.
- The Contractor will provide updates, hot fixes, and whitepapers that are deemed appropriate for Atascadero State Hospital's support environment.

DELIVERABLES

- Telephone support services for any technical or medical record management problems that arise in the use of CRIS Software in your department. Telephone support is provided by CRIS Systems and its employees and is available from 8

AM to 5PM, Eastern Standard Time, Monday through Friday with maximum guaranteed response time of 24 hours from the time the call is placed.

- Provision of any CRIS software updates that may be developed for distribution during this time period. The updates cover software enhancements to the CRIS system purchased for modules purchased by FACILITY. It does not include upgrades to new modules or new products, such as a master patient index, etc. It does not include software developed by other organizations which could be utilized in conjunction with CRIS (e.g. an interface to CRIS developed by another organization). It does not include hardware maintenance or new equipment.
