Change orders amending, modifying or terminating the Purchase Order, including any modifications of the compensation payable, may be issued only by the State Procurement Officer. All such change orders shall be in writing and issued only upon written concurrence of the supplier. Termination, as that term is used in this section, does not include termination for default of the supplier.</p>						

**STATE OF CALIFORNIA  
DEPARTMENT OF WATER RESOURCES  
ADMINISTRATIVE REQUIREMENTS  
FOR  
Tractor, Agricultural, Rubber High Tracked**

**SCOPE:**

It is the intent of these administrative requirements to describe the requirements to be accomplished by the suppliers, for a Agricultural, Rubber Belted Track Laying Tractor.

**VEHICLE REGISTRATION DOCUMENTS REQUIRED:**

The original dealer's "Report of Sale" shall be furnished by all California licensed dealers at the time of delivery of each unit or units covered by these specifications.

A California certification of compliance for vehicle pollution must be supplied at the time of delivery of each unit.

An original weight certificate from a California certified Weigh Master for registration purposes must be supplied at the time of delivery of each unit.

A Federal Excise Tax Exempt Certificate will be attached to the purchase order.

All documentation supplied for registration shall contain the following physical and post office box addresses:

State Department Water Resources  
1416 9<sup>th</sup> Street  
Sacramento, CA 95814

State Department Water Resources  
P.O. Box 942836  
Sacramento, CA 94236-0001

All required documentation shall be sent to the above address by the time of delivery.

NOTE: The State shall register/license all vehicles with the Department of Motor Vehicles.

**INSPECTION:**

This order will require a two (2) phase inspection process. For all inspections the unit(s) will be serviced, washed and ready for, as applicable, inspection or delivery. Inspections will begin within five (5) working days from the date of the inspection request by the supplier. It is the supplier's responsibility to contact the DWR's Transportation Office for inspections at (916) 653-9051.

**FIRST PHASE (PRE-DELIVERY INSPECTION):**

In accordance with the State Administrative Manual, Section 4112 and the Department of Water Resource's Transportation Office inspection program, each unit will be inspected prior to shipment to the destination on the purchase order. This inspection trip(s) shall be State financed at no cost to the supplier.

Arrangements for pre-delivery inspections shall be made only when multiple units are complete. Each unit shall be identified with the applicable Purchase Order and Line Item. If corrections are needed as a result of the inspection, the corrections shall be made prior to shipment to the purchase order destination. Authorization to deliver unit(s) must be granted by the Department of Water Resources, Division of Management Services, Transportation Office.

If additional interim inspections are required, such inspection trips shall be at the expense of the supplier at \$75.00 per hour (including travel time) and all expenses (meals, lodging, and cost of transportation). Travel expenses will be documented on State of California, Department of Transportation, Travel Expense Claim Form, FA302. These fees may be deducted from the invoice.

**PRE-DELIVERY INSPECTION LOCATION:**

The inspections shall be conducted by the Department of Water Resources, Division of Management Services, and Transportation Office. These inspections shall take place at an adequate site provided by the vendor within the State of California. The inspection site shall meet all of the following criteria:

- a. The site shall not be the Purchase Order delivery destination. The site shall be paved, secure and zoned for commercial use.
- b. The site shall include electricity, lights, water, compressed air and a secure paved lot. The facilities shall also include lift equipment adequate to raise the units and support them on safety stands with a minimum of 12 inches of tire clearance. The supplier shall provide conditions which meet the safety standards of CAL-OSHA and Title 8 of the California Code of Regulations.
- c. The adequacy of the site shall be determined by the Department of Water Resources, Division of Management Services, and Transportation Office. Contact the Senior Inspector of Automotive Equipment at (916) 653-9051.
- d. If the facility is deemed unacceptable by Department of Water Resources, Division of Management Services, Transportation Office, the vendor shall be billed for the inspection trip including wages and expenses. This cost shall be deducted from the purchase order payment.

**SECOND PHASE (FINAL INSPECTION):**

Each unit will have a final inspection at its delivery destination shown on the Purchase Order to verify acceptability. The State will have five (5) working days after delivery of a unit to conduct the final inspection of said unit. Units delivered to the final Purchase Order destination will be accepted only when all Purchase Order requirements have been met, any shipping damages have been corrected, and all required documents are received by the Department of Water Resources, Division of Management Services, Transportation Office. These documents include, as applicable, the invoice, vehicle registration documents, parts book, operator's manuals, service manuals, lubrication instructions and charts, warranty information, certifications, questionnaires, etc. Units which are not accepted by the delivery date on the Purchase Order will be considered delivered late.

If the supplier receives notice that the unit(s) is not acceptable, whether written or oral, the unit(s) shipped to the Purchase Order destination shall be removed within seven (7) calendar days. If the supplier fails to remove said unit(s) from the State's facilities within the specified period, the State may forward said unit(s) to the supplier by common carrier at the supplier's expense and risk.

**DELIVERY:**

Inspection, delivery, and final acceptance of all units on the Purchase Order shall be within 120 calendar days after the Purchase Order Date. Contact the State of California, Department of Water Resources, Division of Management Services, Transportation Office at (916) 653-9051.

Failure of any units to comply with the specifications by the final delivery date may place the supplier in default and may be grounds for the State to invoke Paragraph 25 of the General Provisions, Rights and Remedies of the State for Default. The Department of General Services, Procurement Division will be notified at such time.

Acceptance of delivery or placement in operation of any equipment shall not release the manufacturer from liability for faulty design, workmanship, or materials appearing even after final payment has been made.

Complete units upon final delivery with more than 100 miles on the odometer will be assessed \$2.00 per mile for each mile exceeding 100 miles.

This charge shall be deducted from the Purchase Order price for each unit on the Purchase Order.

**LATE DELIVERY CHARGES:**

The parties to this agreement acknowledge that the State shall incur actual damages should the supplier fail to perform the work as called out in the contract and specification on the dates set forth herein. The parties, therefore, have agreed to late delivery charges in the amount of \$90.00 per unit per work day.

The parties also agree that the amount specified is not unreasonable nor punitive in nature because both parties have carefully considered the amount specified and believe it to be a reasonable estimate, and not excessive at the time the purchase order is entered into.

It is, therefore agreed, that the supplier will pay the State of California the sum of \$90.00 per unit per work day (as stated above) for each work day the work remains uncompleted or unaccepted by the State, provided the total late delivery charges assessed against supplier shall in no event exceed twenty-five percent (25%) of the total value of the entire order, and the supplier agrees to pay said damages as herein provided. In the event such damages are not paid, the supplier agrees that the State may deduct the amount thereof from any monies due or that may become due said supplier.

**PAYMENT:**

Process for payment will be initiated on each unit as units are received and deemed acceptable. The discount period will start after acceptance of each unit on the Purchase Order.

**GENERAL:**

Each unit and any accessory shall be delivered completely assembled and ready to operate.

The component parts of the unit shall be new and of proper size and design to safely withstand the maximum stresses imposed.

The manufacturer's torque rating of each driven part shall be equal to or exceed the torque rating of its driving member.

All equipment and accessories cataloged as standard, unless superseded by these specifications, are to be furnished and included in purchase price of this unit.

Bids will be considered only on equipment represented by a supplier capable of providing adequate repair parts, warranty, technical assistance, and training in California as of the bid opening date. The supplier shall be capable of supplying repair parts to DWR's Sacramento or Sutter Maintenance Facility within five (5) working days after a purchase order for parts is submitted to the supplier, whether by phone, fax, or mail. Bidders will be required to provide evidence supporting this requirement prior to award of the contract.

Only new models in current production, which are cataloged by the manufacturer and for which manufacturer's published literature and printed specifications are currently available, will be considered. Special options may be included only when recommended by the manufacturer of the unit and approved by the State.

All equipment/options are to be factory installed. If the equipment/options are not available factory installed, dealer installed equipment/options may be acceptable. The bidder is to specify those items that will be dealer installed.

The State reserves the right to amend the contract, up to 10% of the Purchase Order amount, to cover deficiencies or inconsistencies within or between the drawings and the technical specifications. These amendments shall cover the cost of any materials involved, and/or the standard shop labor rate for modification or installation. Under NO circumstances shall the total amendment and bid amount exceed the total price of the next lowest bidder

**STATE OF CALIFORNIA  
DEPARTMENT OF WATER RESOURCES  
SPECIFICATION #20R-2009-02**

**1. SCOPE**

It is the intent of this specification to describe a new, self-propelled Belted Track Laying Tractor of latest design and construction.

**2. APPLICABLE SPECIFICATIONS / STANDARDS / CODES**

Specifications, standards and codes referenced in this document in effect on the opening of the 'Invitation For Bid', form a part of this specification. The vehicle furnished under these specifications shall conform to all of the requirements of all Divisions and Chapters of the following publications:

1. California Vehicle Code.
2. California Air Resources Board (CARB) Exhaust Emission Control requirements.
3. Federal Motor Vehicle Safety Standards (FMVSS).
4. Cal-OSHA safety requirements.

**3. TECHNICAL SPECIFICATIONS**

**3.1 POWER TRAIN / TRANSMISSION:**

The engine shall be equipped with, but not limited to, the following:

- 3.1.1  $\geq 245$ HP Power Take Off (PTO)
- 3.1.2 Tier III, 6 Cylinder
- 3.1.3 Ecology Drain
- 3.1.4 Sampling Port for Engine Oil & Engine Coolant
- 3.1.5 Water Separator and Fuel Filter
- 3.1.6 Single Fan
- 3.1.7 Muffler integrated with exhaust
- 3.1.8 Starting Aid: Automatic Air Inlet Heater
- 3.1.9 Air Cleaner with Seal (Primary and Secondary) & Pre-cleaner (Venturi Type)
- 3.1.10 Extended Life Coolant Includes Antifreeze for  $-33^{\circ}$  F, Ambient Capability,  $118^{\circ}$ F at rated Engine Speed

3.1.11 Transmission Powershift, Electric Controls with  $\geq 16$  Forward/  $\geq 4$  Reverse

3.1.12 Shuttle Shift Capabilities

3.1.13 Decelerator Pedal

### **3.2 HYDRAULIC SYSTEM:**

3.2.1 Four Implement Valves with Collection Bottles and one Hitch Valve

3.2.2 Electro-Hydraulic, Includes: Raise, Lower, Float and Detents

3.2.3 Automatic Kickout from Raise and Lower at Timed Detents

3.2.4 ISO Couplers – Flow Rate Electronically Adjustable from Cab, Adjustable from 1GPM to 42.5 GPM Through Multiple Couplers

3.2.5 Load Sensing 42.5 GPM Closed Center Pressure Compensating, Load Independent Flow Division, Electro-Hydraulic 2900 PSI Main Relief System

3.2.6 Sampling Port: Hydraulic & Transmission Oil.

### **3.3 UNDER CARRIAGE:**

3.3.1 Variable Gauge  $\leq 95$  to  $\geq 100$

3.3.2 Medium Width Idlers

3.3.3 Wide Width Midwheels and Drivers

3.3.4 30" Extreme Service Belts

3.3.5 Capability to Mount Chemical Tanks

### **3.4 ELECTRICAL:**

3.4.1 Alternator shall be  $\geq 185$  amp, 12 Volt

3.4.2 Auxiliary Circuits, Cab Mounted – one Ag Plug and one 12 Volt Power Outlet

3.4.3 Batteries: two 12 Volt Maintenance Free,  $\geq 1000$  CCA/ with disconnect

3.4.4 7-Pin Trailer Connector.

3.4.5 Halogen Lamps:

3.4.5.1 HOOD – 2 Roading, two High Beam, two Side Floods

3.4.5.2 BELTLINE – 2 Floods

3.4.5.3 IN CAB ROOF – 2 Floods, Rear Facing

3.4.5.4 FENDERS – 2 Floods, Red Tail and Brake Lights, Rear Facing

**3.5 OPERATOR ENVIRONMENT:**

- 3.5.1 Cab, ROPS and Sound Suppression
- 3.5.2 Air Conditioner and Pressurizer.
- 3.5.3 Heater and Defroster
- 3.5.4 2 Beverage Holders, Storage Box, Floor Mat, Coat Hook, Storage for Literature.
- 3.5.5 Horn, Front Warning
- 3.5.6 Lighter and Ash Tray
- 3.5.7 Courtesy Lights inside cab
- 3.5.8 Multiple monitor mounting Bosses
- 3.5.9 Radio
- 3.5.10 Steering Wheel, Telescoping with Quick Release and Tilt Adjust
- 3.5.11 Rear View Mirror
- 3.5.12 Tinted Glass
- 3.5.13 Front Wiper, Parallel Sweeping
- 3.5.14 Command Center located on side of operator seat and adjusts Fore/Aft Relative to Seat. Includes Arm Pad with Storage and Display. Contains Fingertip Controls for: PTO, 3-Point Hitch, Electro-Hydraulic Implement Controls, One Touch Systems, Transmission, Throttle, Rounding Lockout
- 3.5.15 Seat, Swivel: Air Suspension with Vertical Height and Backrest Angle Adjustment , Fore / Aft and Side / Side Isolators, Lumbar Support, Seat Belt, and Adjustable Left Armrest
- 3.5.16 Seat, Instructional; Cushioned with Desk Surface, Cup holder and Seat Belt
- 3.5.17 Gauges: Engine Coolant Temperature, Engine Oil Pressure, Hydraulic Oil Temperature, Tachometer, Fuel Gauge
- 3.5.18 Indicators: High Beam and Tractor Lights on Display

**3.6 OTHER STANDARD EQUIPMENT:**

- 3.6.1 Emblem, Slow Moving Vehicle
- 3.6.2 Fenders and Access Steps to Cab
- 3.6.3 Engine and Side Shields
- 3.6.4 Fuel Tank  $\geq$ 118 Gallon (447 L)
- 3.6.5 PTO: 1000 rpm, 1.75" (44 mm)-20 Spline
- 3.6.6 Swinging Drawbar with Clevis and Trigger Pin and 3 Fixed Positions

- 3.6.7 3-Point Hitch, Category III and IIIN
- 3.6.8  $\geq 15,000$  Lb Lift Capacity with Transport Dampening System
- 3.6.9 Toolbox with capacity to holds items to 24" long and 150 lb in weight
- 3.6.10 With 9 Pin Hitch Connector in compliant to ISO 11783
- 3.6.11 Front Weights, 20 @ 102 pounds each
- 3.6.12 Idler Weights, 16 @ 125 pounds each

#### **4. WARRANTY:**

- 4.1.1 Successful bidder shall provide a Full Warranty against all defective parts and workmanship for  $\geq 60$  months or  $\geq 5,000$  hours, whichever comes first, from the date of acceptance by DWR. Bidder shall supply parts and labor, at no cost to the DWR, to effect repair or replacement of any parts and workmanship that prove defective under warranty period.
- 4.1.2 DWR shall be furnished "no charge" invoices for all work performed under warranty. Each invoice shall itemize parts used and show labor charges.
- 4.1.3 Optional Items/Attachments shall have a manufacturer's warranty same as the base machine and be included in the full Machine Warranty.
- 4.1.4 DWR will maintain all equipment in accordance with the manufacturer's Recommendations

#### **4.2 PARTS:**

- 4.2.1 The bidder shall have the capability of providing factory trained field product support representatives to assist the DWR in making repairs.
- 4.2.2 The bidder shall have the capability of providing parts exchange service and major component exchange service for the entire anticipated ownership period by the DWR on the unit offered for bid.
- 4.2.3 The bidders parts and repair facility within 100 miles of the DWR location in Sutter, California, and prior to award of the bid.
- 4.2.4 One (1) complete set of additional filters (air, oil, water, fuel, hydraulic, etc.) shall be supplied with the first unit delivered. This additional set of filters shall be as recommended by the manufacturer and shall be complete with the appropriate part numbers for identification.

**4.3 FIELD SERVICE:**

4.3.1 The bidder shall have the capability of providing factory trained field service personnel for emergency field repairs within 24 hours after notification that such services are required. Such personnel shall be capable of performing any repair, including parts, or component replacement with no assistance from the DWR personnel.

4.3.2 The bidder shall have the capability to provide transportation for the disabled unit to a repair facility, if necessary.

**4.4 BOOKS, MANUALS, TECHNICAL INFORMATION:**

4.4.1 The Successful bidder shall provide the following upon delivery of unit:

4.4.1.1 Parts Manual

4.4.1.2 Operation / Maintenance Manual

4.4.1.3 Shop Repair Manuals

4.4.1.4 Oil sample kit complete with sample bottles, tubing, and evacuation hand pump for scheduled oil sampling.

## STATE OF CALIFORNIA

 Questionnaire  
 Tractor, Rubber Tracked, 245 hp (PTO) with Dozer

## 1. QUESTIONNAIRE

Bid to be considered complete, following questionnaire must be filled out and submitted with bid package.

Bidder: Holt of Calif. Make / Model No : Challenger / MT 755C

- 4.1 Horsepower Rating (PTO): 245 hp
- 4.2 PTO Speed: 1,000 rpm
- 4.3 Tier III Compliance: Yes  No
- 4.4 Air Cleaner (Pre-cleaner with Primary & Secondary Filter): Yes  No
- 4.5 Sampling Port for Engine Oil & Coolant: Yes  No
- 4.6 Extended life Coolant : Yes  No
- 4.7 Transmission Power Shift: No. of Forward Speeds 16 No. of Reverse 4
- 4.8 Steering wheel: Telescoping: Yes  No ; Tilt Adjust: Yes  No
- 4.9 Capability to mount chemical tanks: Yes  No
- 4.10 Alternator : 185 amp, 12 Volts
- 4.11 Battery: No. of batteries 2 ; Volt 12 , CCA 1,000
- 4.12 Lighting (Headlamp, Tail lamps, Flood lights), Please Describe: Two forward-facing Halogen lights, Two side flood lights on belt line, Two flood light in rear of cab and two flood light on rear fender
- 4.13 Fuel tank capacity: 118 gallons
- 4.14 Hydraulics: No. of Implement Valves (4 minimum) 4 ; Hitch Valve: Yes  No
- 4.15 Three Point Hitch: Category 3/3N
- 4.16 Hitch Lift Capacity: 16 lbs
- 4.17 Cab ROPS Certified: Yes  No
- 4.18 Variable Gauge: From 80" inch, To 120" inch
- 4.19 Belt: Width (extreme service): 30" inch
- 4.20 Warranty: 60 months, 5,000 hours
