

DVBE Incentive Exemption List

The DVBE incentive is required in solicitations that include the DVBE program requirement unless they are exempt in accordance with California Code of Regulations section 1896.99.100(a):

- For departments having met or exceeded the three percent goal for two out of the three previous years, their highest ranking executive officer or his/her designee **may elect to exempt** a solicitation from the DVBE incentive.
- The three most current published annual reports are used to document a department's DVBE participation.

The Department of General Services (DGS) maintains and updates lists of those departments eligible to exempt a solicitation from the DVBE incentive per regulations. The DGS supports the use of DVBEs whenever possible.

The **current** list is to be used for solicitations released or posted until a subsequent list is posted. All lists will be maintained on this website. As subsequent annual reports are published by the DGS, a new list will be created for solicitations released or posted after the published date of the latest annual report. Note: No list for fiscal year 07/08.
