

Elev. 80'

Existing site

- Equipment vault, not owned by CHP, to remain
- Wood pole, combined use, owned by So. Cal. Edison, to be demolished
- Sprint communications boxes (2)

Proposed site

- Small equipment vault, combined use
- Generator
- Propane tank
- 80' tower, combined use

Note: Tower shown is for elevation purposes only, and reflects proposed height but not final tower design. Antennas shown represent existing antenna types at present elevation on existing wooden antenna pole.
