

**ASSET PLANNING AND ENHANCEMENT BRANCH**

**PROGRAM SUMMARY, RESOURCES, AND CONTACTS**

**1310**

(Revised 06/05)

The Asset Planning and Enhancement Branch (APEB) ensures the optimum use of the state's real estate assets to meet program needs and to derive the maximum value from the state's surplus property. APEB also provides regional and facility planning services which present strategies for most effectively meeting the state's office space needs.

The RESD's CAMB is the initial point of entry for requesting new services. Clients wishing to engage the services of the APEB should contact their RESD CAM or they may call the CAMB at (916) 376-1800 or CALNET 480-1800. For more information about CAMB, see SAM Section 1305.

Additional information on APEBs services and operations may be accessed from our home page located at <http://www.dgs.ca.gov/resd/ape>. Our mailing address and telephone numbers are:

Asset Planning and Enhancement Branch
