

GASOLINE

AUTOMOTIVE
(Revised 12/12)

3687.1

The purchase of unleaded gasoline, alternative fuels such as biodegradable diesel, E-85, CNG, or propane is authorized when conducting official State business. Unless specifically required by the vehicle manufacturer, the purchase of mid-grade or premium (supreme) unleaded gasoline is strictly prohibited. Where state alternative fuel vehicles support multiple fuels, one of which is gasoline, drivers should use alternative fuels wherever feasible.
