

**PUBLIC WORKS PROJECTS**

8454

(Revised 12/89)

After (1) moneys have been budgeted for a public works project, (2) general agreement as to the scope of the project and its cost has been reached between the agency and the Office of the State Architect, Department of General Services, and (3) the approval of the Public Works Board has been obtained, if required, the normal procedure is as follows:

1. The Office of the State Architect will prepare a Public Works Project Authorization and Transfer Request, OAC Form 22, in septuplicate, retaining one copy and forwarding the original and five copies to the agency concerned.
2. The agency or institution accounting officer will certify as to the availability of funds on the original and five copies of the document.
3. An agency executive officer will sign his approval on the original and all copies forwarded to him.
4. As requirements differ among agencies, each agency will determine the specific routing and distribution of copies to meet its needs, but will forward the original and at least three copies promptly to the Department of Finance for approval as to compliance with budget requirements. Agencies are urged to minimize internal routing of the form to expedite its processing, the transfer of funds, and the initiation of the project.
5. After approval, the Department of Finance will forward the original to the State Controller's Office, the duplicate to the Office of the State Architect, retain one copy for its own files, and forward the remaining copy or copies to the agency concerned.
6. The Office of the State Architect will proceed with scheduling the work when its approved copy is returned.
7. The State Controller's Office, upon receipt of the approved copy, will transfer the amount requested from the fund and appropriation specified to the Architecture Revolving Fund. If cash is not immediately available in the fund concerned, the State Controller's Office will make the transfer as soon as the necessary cash becomes available.

On those projects for which a written agreement between the agency and the Office of the State Architect is necessary, an Interagency Agreement, Std. Form 13, will be initiated by the Office of the State Architect. These agreements will cover the entire scope of a project; when more than one OAC Form 22 will be initiated as funds are needed.

Agencies will encumber Public Works Project Authorization and Transfer Requests, OAC Form 22, at the time those requests are approved by the agency.
