

SAM – PURCHASES

TYPICAL FLEET VEHICLE
(Revised 9/83)

3620.1

Typical fleet vehicles are two-door and four-door sedans with interior volume, passenger and luggage area combined, less than 110 cubic feet. Each agency's annual purchases for basic fleet needs must average at least 23 miles per gallon, Environmental Protection Agency combined city/highway mileage. The Director of General Services may adjust the average miles per gallon figure upward each year if examination of the mileage performance of vehicles that will meet the State's needs shows there will be at least two competing manufacturers that can meet higher mileage requirements. Colors will be mixed factory colors. The Director of General Services may approve requests for special colors as required for law enforcement and other specific use.
