FEASIBILITY STUDY SCOPE
(Reviewed 03/11)

4922

The scope of the feasibility study must be commensurate with the nature, complexity, risk, and expected cost of the proposed use of information technology.

The study must provide sufficient information to assure agency program management that the proposed response meets program requirements. The study also must provide sufficient information to allow agency executive management to make a sound decision as to the merits of the proposed response as an investment of public resources.
