INTRODUCTION
(Revised 09/08)

4982

Government Code Chapter 5.5 and 7.5 define two consolidated data centers in state government: 1) the Hawkins Data Center in the Department of Justice, and 2) the Department of Technology Services (DTS) in the State and Consumer Services Agency. Other data processing centers are considered single-agency, dedicated-use data processing centers rather than consolidated data processing centers. All data centers shall adhere to the following center policies.
