

**ENROLLED BILL REPORT**

(New 2/98)

When a bill is passed by the Legislature and sent to the Governor, departments under the control of the Governor that would likely be affected by the bill must prepare an enrolled bill report (EBR) for the Governor's Office. The EBR serves essentially the same function as the bill analysis except that it recommends to the Governor what action (i.e., sign, veto, sign with a message) should be taken on the measure. EBRs are considered confidential communications with the Governor and therefore are not public documents. Consequently, even if approved, EBRs may not be released to the public by anyone without Governor's Office approval.

The EBRs are not prepared for constitutional amendments and resolutions as these kinds of legislative measures are not sent to the Governor for approval.
