

**ASSET ENHANCEMENT SECTION**  
(Revised 06/05)

**1310.4**

The goal of the Asset Management Section is to achieve the comprehensive planned management of the state's diverse portfolio of real estate to ensure optimum use for the state's operations and maximum value from its excess property holdings. The staff is available to assist state agencies in developing comprehensive plans for their properties and in implementing various proactive asset management strategies and activities.
