SAM—RECONCILIATIONS AND REPORTS

INTRODUCTION TO RECONCILIATIONS AND REPORTS CHAPTER

7900

(Revised 7/2014)

The reconciliations and reports chapter provides general information, reporting requirements, and deadlines for preparing financial reconciliations and reports. It also provides instructions and standard formats for preparing the year-end financial reports. More detailed instructions for preparing the year-end financial reports are issued annually to departments by the State Controller's Office ([SCO](#)). Additionally, departments that use the California State Accounting and Reporting System ([CALSTARS](#)) will refer to the CALSTARS Procedures Manual. Departments that use the Financial Information System for California (FI\$Cal) will refer to [FI\\$Cal's website: http://www.fiscal.ca.gov/](http://www.fiscal.ca.gov/)

RECONCILIATIONS - GENERAL

7901

(Revised 7/2014)

The accuracy of a department's accounting records may be proved partially by making certain reconciliations and verifications. Departments will reconcile the account balances to supporting documentation such as invoices, receipts, etc. to ensure the accuracy and completeness of transactions posted to the departmental accounts. Departments will also compare department accounts with records other than those prepared by the department such as bank statements used in a bank reconciliation.

In addition to the above reconciliation processes, reconciliations must be completed between the department accounts and the accounts maintained by the [SCO](#) to disclose errors as they occur. Departments will analyze differences and make corrections to their accounts or request correction to SCO accounts so that information between both systems is complete and accurate. Corrections to errors should be made before financial reports are prepared to ensure the accuracy of a department's financial reports.

State Administrative Manual (SAM) sections 7921-7924 provide some common reconciliations. However, each department is responsible for completing any reconciliation necessary to safeguard the state's assets and ensure reliable financial data. All reconciliations will show the preparer's name, reviewer's name, date prepared, and date reviewed. All reconciliations will be prepared monthly within 30 days of the preceding month, with the exception of property reconciliations. See SAM section 7924.

All reconciliations will be retained at least two years with the exception of federal reconciliations. For more information on the recommended general retention schedule, see the [Department of General Services](#) website.

SAM—RECONCILIATIONS AND REPORTS

DEPARTMENTS USING CALSTARS

7904

(Revised 6/14)

Departments that use [CALSTARS](#) will refer to the CALSTARS Procedures Manual together with the guidelines and instructions presented within SAM. Instructions and illustrations of CALSTARS year-end financial reports and reconciliations are available in the CALSTARS Procedures Manual at the Department of Finance website:

<http://www.dof.ca.gov/accounting/calstars/faq/cpm.php>.

DEPARTMENTS USING FISCAL

7905

(New 7/2014)

Departments that use FISCAL will refer to job aids and other materials at [FISCAL's website](#) (<http://www.fiscal.ca.gov/access-fiscal/FISCALJobAidsandTrainingTips.html>) together with the guidelines and instructions presented within SAM.

RECONCILIATION OF DEPARTMENT'S ACCOUNT BALANCES WITH SCO BALANCES

7921

(Revised 6/14)

Departments will reconcile their accounts with the corresponding accounts maintained by the [SCO](#). The SCO provides the following reconciliation reports to departments to facilitate the monthly reconciliation process:

1. Agency Reconciliation Report—will be used by departments to reconcile their appropriation account balances. For each appropriation account, the report displays the beginning balance, transactions that occurred during the month, and the ending balance. The reconciliation will detail differences in appropriation balances between the SCO and department's records. Departments will resolve reconciling items timely to prevent differences at year-end.
2. Fund Reconciliation Report—will be used by departments to reconcile their general ledger account balances. Departments will reconcile general ledger account balances with the corresponding balances maintained by the SCO for non-shared funds and shared funds.

See Department of Finance, Budget Letter Number 14-04, Attachment 1 for the responsibilities and authority of fund administrators and fund users for both non-shared and shared funds. One of the responsibilities of a fund administrator and a fund user is to “verify the accuracy of departmental accounting records by performing monthly reconciliations with source documents and corresponding appropriation and general ledger accounts maintained by the SCO.” This responsibility applies to fund administrators and fund users of both non-shared and shared funds.

SAM—RECONCILIATIONS AND REPORTS

BANK RECONCILIATION

7923

(Revised 8/2015)

Departments will reconcile their bank account balance with the like account maintained in the centralized State Treasury System (CTS). Departments will reconcile their General Cash, Revolving Fund Cash, and Agency Trust Fund Cash accounts with their State Controller's Office ([SCO](#)), Centralized Treasury Trust System Account Statement bank balance, adjusted for deposits in-transit, outstanding checks, and other reconciling items. When departments account for more than one fund in a bank account, departments will identify the fund's share on the bank reconciliation.

SCO provides a monthly Centralized Treasury Trust System Account Statement (CTS statement) to departments that includes a sequential listing of the following items by transaction/paid date, document number, and amount:

- Checks paid during the month
- Transfers of Funds (i.e. TC47 SCO transaction code entries) during the month
- Deposits posted during the month

For each check paid, the CTS statement shows the check number, date paid, and the amount paid. Departments will use the listing to determine the amount of outstanding checks. The outstanding check amount on the reconciliation will be supported by a list showing the number, date, and amount of each outstanding check. On October 1, 2010, all agency checks were converted to electronic images and were made available on the STO statewide Agency Paid System. Check data is updated daily and retained for five years from the check paid date. Departments can access and print images of their checks through the automated system. To obtain access to the Agency Paid System, departments shall complete the STO's User ID Assignment/Removal Form STO-IP 130. The form and information can be obtained by contacting the STO Item Processing Section at ItemProc@sto.ca.gov.

The CTS statement also includes a chronological listing of SCO transfers from the account and bank deposits posted during the month. Departments will compare the transfers and deposits posted on the CTS statement to department records to determine the amount of outstanding transfers and deposits in-transit. The outstanding transfers and deposits on the reconciliation will be supported by respective lists showing the document number, date, and amount outstanding. Departments will attempt to resolve deposits in-transit over 30 days.

Errors on the CTS statement will be corrected as provided in SAM section [8060](#). The reconciliation will trace every reconciling item between the bank and the department's records and include an explanation. Departments will file CTS statements and monthly reconciliations in date order.

SAM—RECONCILIATIONS AND REPORTS

PROPERTY RECONCILIATION

7924

(Revised 4/2015)

Departments will reconcile the acquisitions and dispositions of capitalized property with the amounts recorded in the property ledger. The reconciliation should be done monthly or at least quarterly, depending on the volume of transactions. See SAM section [8650](#), Accounting and Control of Property.

Departments will perform a physical count of all capitalized and non-capitalized property and reconcile the count with accounting records at least once every three years. See SAM section [8652](#), Property Inventory.

In addition, departments will provide the Department of General Services with updated and reconciled records of its real property assets by July 1 of each year. See SAM section [1310.7](#), Statewide Property Inventory.

Refer to SAM Chapter [8600](#) for detailed information regarding property accounting.

YEAR-END FINANCIAL REPORTS—GENERAL

7950

(Revised 6/14)

The [SCO](#) annually issues detailed instructions to departments for the preparation and submission of year-end financial reports. Departments must have SCO preapproval to utilize computer generated reports.

Departments will prepare a separate set of year-end financial reports for each fund. Accounts of two or more funds will not be commingled in department statements except in a few rare instances and then only upon written permission from Finance, [FSCU](#).

Departments will prepare year-end financial reports as soon after June 30 to meet the required due dates and to estimate accruals with reasonable accuracy. See SAM section 7930 for Calendar of Reports and Actions due dates. See SAM [7951 Illustration](#) for List of Required Year-End Financial Reports and their distribution. Departments should plan for additional distribution of all standard reports to meet their internal management needs.

In order for departments to meet their deadlines, the following is recommended:

- a. Issue a year-end work plan. List the specific year-end activities, due dates, responsibilities, and other important information for the timely completion of year-end financial reports.
- b. Keep accounting staff trained in the year-end financial report preparation procedures.
- c. Keep all phases of accounting current during the fiscal year. All reconciliations should be kept current and reconciling items should be corrected on a timely basis. See SAM section 7901 – 7924 for additional information on reconciliations.
- d. Do as much work as possible on year-end financial reports before June 30. Departments should start work on problem areas early so that sufficient time is allocated for the timely resolution of issues anticipated in the current year. [CALSTARS](#) departments experiencing or expecting serious difficulty in completing the required year-end financial reports on time should contact the Finance, CALSTARS Client Support Unit. Other departments should contact Finance, FSCU for assistance.
- e. Schedule vacations so they will not conflict with the preparation of the year-end financial reports.
- f. The SCO will provide the following documents for year-end closing: appropriation balances; journal entries for June; Report of Accruals to Controller's Accounts; Adjustments to Controller's Accounts; and the Final Reconciliation of Controller's Accounts with Final Budget Report. The SCO will notify departments by letter of the exact dates they may expect these documents.

YEAR-END FINANCIAL REPORTS—GENERAL

7950 (Cont. 1)

(Revised 6/14)

- g. Departments will submit year-end financial reports to the SCO as soon as completed rather than hold them until the final submission date.
- h. Throughout the year, departments will review the condition of their cash, appropriation, and category balances to determine if sufficient funds will be available to meet expenditures. If sufficient funds are not available, departments have the following options:
 - 1. Begin negotiations with other departments for prompt payment of reimbursements, if applicable.
 - 2. Begin negotiations with the Finance budget staff to obtain approval for additional funding.
 - 3. Return a portion of an advance (e.g., Revolving Fund, General Services, State Publishing, and Prison Industries) to the appropriation it was originally withdrawn from.
- i. Departments will estimate receivable and payable accruals when it is not possible to obtain actual documentation. Lists of all accrual documents, estimated accruals, and amounts will be retained for audit purposes.
- j. Departments will provide deadlines and instructions to employees for submitting documents necessary to prepare the year-end financial reports (e.g., travel expense claims, purchase documents, and invoices).

YEAR-END REPORT NO. 1, REPORT OF ACCRUALS TO CONTROLLER'S ACCOUNTS (Revised 03/13)

7952

This year-end report provides the SCO with accrual amounts reflected in the department's records but not posted by the SCO as of June 30. The SCO uses the accruals to prepare the State's consolidated fund statements.

Report No. 1 consists of the forms below and is used to report accruals to the following accounts:

- a. Form 571A – Assets
- b. Form 571B – Liabilities
- c. Form 571A/B – (1) Asset and liability accounts not preprinted on Forms 571A and 571B and (2) Accrual accounts that require more than one subsidiary number (e.g., Due From Other Funds).
- d. Form 571C – Revenues and expenditures. Form 571C is preprinted with the department's appropriation and revenue accounts.
- e. Form 571D – Revenue and expenditure accounts not preprinted on Form 571C.

The accrual amounts are obtained from the Accrual Worksheet shown in the 7953 Illustration. However, the debits and credits shown in the Net Total Accruals Per Agency column will be reversed when reported on Report No. 1 (see [7952 Illustration 3](#) and [7953 Illustration](#)).

At year-end, departments identify the amount of obligations and the amount of encumbrances as of June 30. Obligations are amounts for goods and services received that have not been scheduled for payment as of June 30. Encumbrances represent commitments for goods and services that will be received in the following year(s). Encumbrances may be reported in one liability account, Accounts Payable (general ledger account [GLA] 3010). The total encumbrances will be shown as a credit in the encumbrances column for GLA 3010 on Report No. 1. See [7952 Illustration 2](#). However, if department automated accounting systems maintain separate liability accounts, departments may report the encumbrances in the applicable liability GLA (e.g., Due To).

Reimbursements that will fund encumbrances must be reported in the applicable receivable GLA (e.g., Due From). The reimbursement for encumbrances will be shown as a debit in the encumbrances column for the respective GLA on the Report No.

1. See [7952 Illustration 1](#).

A sample of Report No. 1, the Report of Accruals to Controller's Accounts, Forms 571A, 571B and 571C is shown in the [7952 Illustrations](#).

SAM—RECONCILIATIONS AND REPORTS

YEAR-END REPORT NO. 2, ACCRUAL WORKSHEET (Revised 03/11)

7953

The Accrual Worksheet is designed to provide departments with a uniform and systematic method of compiling year-end accruals. It is the supporting worksheet for Report No. 1, Report of Accruals to Controller's Accounts. The accruals consist of the assets, liabilities, and deferred credits reflected in the department's records but not recorded in the [SCO](#) accounts as of June 30. They will exclude such accounts as Cash in State Treasury, Deposits in Surplus Money Investment Fund, and like accounts that are maintained by the SCO.

The report is organized as follows:

- a. Column totals record general ledger real account activity.
- b. Row totals record nominal account activity.
- c. The first column will list accounts in the following order: current year appropriations, prior year appropriations, revenues, miscellaneous receipts, and deferred credits. The 7953 Illustration is only a sample. Each department will enter account titles as necessary for its individual use.
- d. The column titled "Deferred Credits" is used to post such accounts as: Uncleared Collections, Cash Overages, Provision for Deferred Receivables, Reimbursements Collected in Advance, Revenues Collected in Advance, and reserves. The amounts should offset like amounts in the General Cash and Accounts Receivable columns so that the rows net to zero.
- e. Generally, the total of each column must agree with a specific account balance on the June 30 Trial Balance, unless two or more trial balance accounts were assigned to one worksheet column. In that case, the vertical column total must agree with the sum of those trial balance accounts.
- f. See SAM section [10601](#) for required revolving fund adjustments to the Accrual Worksheet.
- g. The amounts in the "Net Total Accruals Per Agency" column and column totals for the assets and liabilities will be posted to the corresponding accounts on the Report of Accruals to Controller's Accounts, Report No. 1. However, the debits and credits shown in the Net Total Accruals Per Agency column will be reversed when reported on Report No. 1 (see [7952 Illustration 3](#) and [7953 Illustration](#)).

A sample of Report No. 2, the Accrual Worksheet, is shown in the 7953 Illustration.

YEAR-END REPORT NO. 3, ADJUSTMENTS TO CONTROLLER'S ACCOUNTS (Revised 03/13)

7955

This year-end report identifies any adjustments needed to correct the central records maintained by the [SCO](#) as of June 30. However, this report does not correct the records of the SCO. A Transaction Request form, [CA504](#), must be sent to the SCO to correct the errors. The adjustments must also be reported on the Reconciliation of Agency Accounts with Transactions per State Controller, Report No. 15. Departments will report to the SCO throughout the year all necessary adjustments as soon as possible after discovery of the errors. This will allow adequate processing time by the SCO during the year and reduce the backlog of work at the close of the fiscal year. Report No. 3 consists of the forms below and is used to report adjustments to the following accounts:

- a. Form 576A – Assets and liabilities. The form must be completed when the adjustment is between funds or appropriations.
- b. Form 576B – Revenues and expenditures. The form contains preprinted account numbers and titles. The preprinted form must be completed to adjust the nominal accounts.

Departments must submit an attachment (e.g., copy of transaction request, correction letter, etc.) to support the adjusting entries on Report No. 3.

If there are no adjustments to the SCO's accounts, a Report No. 3 is not required. The certification letter must disclose that a Report No. 3 has not been submitted. See SAM section 7951.

A sample of Report No. 3, Adjustments to Controller's Accounts, is shown in the [7955 Illustrations 1](#) and [Illustration 2](#).

YEAR-END REPORTS NO. 7 AND 8, PRE AND POST CLOSING TRIAL BALANCES

7962

(Revised 03/11)

At year-end, departments will prepare a pre-closing and post-closing trial balance as of June 30. The Pre-Closing Trial Balance, Report No. 7, lists the general ledger account balances for nominal and real accounts, including accruals and adjustments, before the nominal accounts have been closed. The Post-Closing Trial Balance, Report No. 8, lists the general ledger real account balances, including accruals and adjustments, after the nominal accounts have been closed. General ledger accounts that require a subsidiary number must be reported individually (e.g., Due to Other Funds, Due From Other Funds, Prepayments to Other Funds, Provision for Deferred Receivables, etc.). A pre and a post-closing trial balance are required for each fund in the State Treasury (including the Special Deposit Fund) and for trust fund accounts outside the State Treasury.

A sample of Reports No. 7 and 8, Pre and Post Closing Trial Balances, is shown in [7962 Illustrations 1](#) and [Illustration 2](#).

YEAR-END REPORT NO. 9, 7963 ANALYSIS OF CHANGE IN FUND BALANCE (STATEMENT OF OPERATIONS) (Revised 03/11)

The Analysis of Change in Fund Balance, Report No. 9, is also known as the Statement of Operations. Departments must prepare an Analysis of Change in Fund Balance when they account for any one of the following:

- a. A non-governmental cost fund in its entirety.
- b. An account within a non-governmental cost fund, such as accounts in the Federal Trust Fund and the Special Deposit Fund.
- c. Non-Treasury Trust Funds – Non-Treasury Trust Funds include all money outside the State Treasury and all Agency Trust Fund Cash (e.g., Fund 0990).

The Analysis of Change in Fund Balance provides the beginning fund balance for the fiscal year, plus any additions (e.g., revenues) less any deductions (e.g., expenditures). All additions and deductions will be detailed by the individual account number and amount. In addition, any interfund transactions will include a four-digit subsidiary number to identify the related fund (e.g., 9811.0001 Operating Transfers In General Fund).

The balance of a prior year appropriation account (e.g., Refunds to Reverted Appropriations, Prior Year Appropriations Adjustments, etc.) as of June 30, will be reported as an addition or deduction on Report No. 9, depending upon the account balance as follows:

- a. If the account has a credit balance, list the amount as an addition.
- b. If the account has a debit balance, list the amount as a deduction.

The ending fund balance must agree with the fund balance shown on Report No. 20, Statement of Financial Condition, if required.

A sample of Report No. 9, Analysis of Change in Fund Balance, is shown in the [7963 Illustration](#).

SAM—RECONCILIATIONS AND REPORTS

YEAR-END REPORT NO. 10 ANALYSIS AND RECONCILIATION OF REVOLVING FUND ACCOUNTABILITY

7965

(Revised 03/11)

During the fiscal year, Account No. 1130, Revolving Fund Cash, is accounted for on an imprest basis. Because the revolving fund consists of items other than cash, this procedure will overstate cash in a department's year-end reports. Therefore, adjusting entries are necessary at year-end to properly reflect the actual revolving fund composition, as of June 30, for year-end report purposes. The adjusting entries will reduce the balance of the revolving fund cash account to the balance of the revolving fund portion of the department's checking account. The adjusting entries are recorded in the fund the revolving fund was withdrawn from and are reversed as of July 1. The amounts of these entries will also be shown on the Accrual Worksheet, Report No. 2 as Revolving Fund Adjustments. See SAM section [10601](#).

The source for the adjusting entries is an Analysis and Reconciliation of Revolving Fund Accountability, Report No. 10. The report consists of the following:

- a. Cash in subrevolving funds, undeposited receipts, and unreceipted SCO warrants in transit issued for reimbursement of the revolving fund.
- b. Cash book balance – Amount of revolving fund cash in the department's general checking account.
- c. Salary and travel advances – Amount of outstanding advances to employees for salary and travel advances.
- d. Claims filed on or before June 30 to reimburse the revolving fund but not paid by June 30.
- e. Revolving fund disbursements not scheduled for reimbursement by June 30 and expenditures have been accrued via the A-8 entry.
- f. Amount of revolving fund withdrawn from appropriation or pursuant to statute.

Report No. 10 is not submitted to the [SCO](#), but it is kept on file with other year-end reports for audit purposes.

A sample of Report No. 10, Analysis and Reconciliation of Revolving Fund Accountability, is shown in the [7965 Illustration](#).

REPORTING CHANGES IN ACCRUALS – SUBSEQUENT EVENTS

7981

(Revised 6/14)

Reporting changes in accruals enable the State Controller's Office ([SCO](#)) to more accurately prepare an annual report as required by law.

After issuing its year-end financial reports, if a department determines there are material differences between amounts accrued as of June 30 and subsequent events (e.g., receipts and expenditures) relating to prior year funds, it will immediately contact the SCO, Division of Accounting and Reporting, for instructions. The definition of material, for this purpose, is a net change in the total accrued income and the total accrued expenditures of \$100,000 or more. If possible, submit changes to the SCO by September 15.

To determine if material changes have occurred, departments will periodically review their expenditure and income accruals as follows:

a. Expenditures

Prior year expenditures incurred and abatements received to the date of the review, plus an estimate of prior year expenditures yet to be made and abatements to be collected, will be compared with the amount anticipated when the expenditure accrual was determined.

b. Income

The total of amounts billed as prior year income and amounts of prior year income received at the date of the review, plus an estimate of prior year income yet to be billed or received, will be compared with the total amount of income anticipated when the income accrual was determined.

If the net effect of (a) and (b) above is \$100,000 or more, departments will contact the SCO for instructions.

Departments will not reopen its prior year accounts to record income changes because such subsequent events are recorded as prior year adjustments in the year they occur. However, if the SCO includes the adjustments in the annual report for expenditures, departments must reopen its accounts and post the adjustment in order for the expenditures in the following year to agree with the records of the SCO.
