(New 12/13)

The [DSA](#) proposes [Title 24](#) building regulations for structural safety applicable to California's K-12 public schools, community colleges and state essential services facilities. In proposing these regulations, the DSA amends model building codes to meet the seismic performance objectives and administrative requirements of state law for these facilities. The DSA administrative regulations are contained in Part 1 of Title 24, CCR, also known as the California Administrative Code. Structural safety building requirements are contained in [Part 2 of Title 24, CCR](#).

In addition to its code proposals, the DSA also issues interpretations of code, as well as policies and procedures necessary for stakeholder understanding and coordination of enforcement among the DSA Regional Offices.
