(New 6/2015)

With the transfer of the records management program to the Secretary of State's Archives Division (effective July 1, 2014), the Audit Section of DGS no longer conducts periodic audits of state agencies' records management practices. Periodic audits of state agencies' records management practices/programs will now be conducted by [CalRIM](#) and SRAP. Reports and recommendations will be provided to the agency by CalRIM and SRAP following an audit.
