

## **SAM – ENERGY AND SUSTAINABILITY**

### **ELECTRICAL EMERGENCY NOTIFICATION SYSTEM (EENS)**

**1810.3**

(New 8/2014)

The DGS EENS Manager will use email to notify all parties that have registered for the [EENS list server](#) on the EENS Web page.

All state agencies should have one or more persons from each state-owned or state leased facility subscribe to the list server so they can receive electrical emergency notifications. It is the responsibility of the agencies to update the contact e-mail addresses on the list server as required.

For information on the EENS system, copies of energy instruction documents, and additional energy conservation information and links, please send an e-mail to [EENS@dgs.ca.gov](mailto:EENS@dgs.ca.gov) .

The DGS Real Estate Services Division periodically conducts tests of its notification system. The test messages will also contain information on how to update agency contact information.
