202:

Definition for Assembly area:

Clarification needed for

'*Public meeting rooms*' is "*Public Use Areas*"; general public vs employees meeting room/team rooms?

Division 2 Scoping

11B-703.7.2.6.1, 11B-703.7.2.6.2, and 11B-703.7.2.6.3 indicate sign "*shall contrast with the door*". These signs are required at entrances, and not every entrance has a door. Should it not indicate contrast with the surface they are installed on, instead of "*door*"?
