INFORMATIVE DIGEST

(Government Code Section 11346.5(a)(3))

Summary of Existing Laws

Section 17921 of the Health and Safety Code and Section 12955.1 of the Government Code requires HCD to propose the adoption, amendment, or repeal of building standards by the CBSC.

Section 17922 of the Health and Safety Code requires that the building standards be essentially the same as the most recent editions of the uniform industry codes. The CBSC is authorized to adopt these building standards under the authority granted by Health and Safety Code Section 18949.5.

Health and Safety Code Section 17922 states that the most recent editions of the uniform codes referred to in the section shall be considered to be adopted one year after the date of publication of the uniform codes.

Health and Safety Code Section 17040 requires HCD to adopt building standards for employee housing for "... the protection of the public health, safety, and general welfare of employees and the public, governing the erection, construction, enlargement, conversion, alteration, repair, occupancy, use, sanitation, ventilation, and maintenance of all employee housing."

Health and Safety Code Section 19990 requires HCD to adopt building standards for factory-built housing.

Summary of Existing Regulations

The 2010 California Green Building Standards Code, Title 24, Part 11, of the California Code of Regulations (CCR), also known as the California Building Standards Code, became effective on January 1, 2011.

The purpose of the California Green Building Standards Code, also known as CALGreen, is to improve public health, safety and general welfare by enhancing the design and construction of buildings through the use of building concepts having a positive environmental impact and encouraging sustainable construction practices in the following categories: planning and design; energy efficiency; water efficiency and conservation; material conservation and resource efficiency; and environmental air quality. CALGreen also includes standards designed to address unique California conditions.

Summary of Effect

HCD proposes to adopt the 2013 edition of the California Green Building Standards Code (CALGreen) into Title 24, Part 11 of the California Code of Regulations for the following programs:

- a) State Housing Law: relative to residential occupancies, buildings or structures accessory thereto.
- b) Employee Housing Act: relative to the occupancy of any buildings or structures on the property in accordance with Health and Safety Code Section 17040.
- c) Factory-Built Housing Law: relative to residential buildings, dwellings or portions thereof, or building components, or manufactured assemblies in accordance with Health and Safety Code Section 19990.

The standards provide consistency with model code format, state and federal laws and regulations, and address unique California conditions. In addition, the regulations provide clarity and specificity, and give direction for the code user.

A discussion of the effect of the regulations may be found in the Initial Statement of Reasons.

Comparable Federal Statute or Regulations

None.

Policy Statement Overview

The purpose of the adoption of the California Green Building Standards Code is to improve public health, safety and general welfare by enhancing the design and construction of buildings through the use of building concepts having a positive environmental impact and encouraging sustainable construction practices in the following categories: planning and design; energy efficiency; water efficiency and conservation; material conservation and resource efficiency; and environmental air quality.

The proposed regulations will adopt building standards that will affect the following: residential occupancies and buildings or structures accessory thereto, as provided for by federal and state accessibility requirements; and the use of General Design, Structural, and Fire and Life Safety Requirements in housing construction, buildings and structures accessory thereto.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

(Government Code Section 11346.5(a)(5))

ESTIMATE OF COST OR SAVINGS

(Government Code Section 11346.5(a)(6))

- A. Cost or Savings to any state agency: Health and Safety Code Section 17921 requires HCD to propose the adoption, amendment or repeal of building standards by the California Building Standards Commission (CBSC). At the direction of the Governor, HCD collaborated with the CBSC and other state agencies to develop green building standards. This action will result in a minimal cost to HCD which will be absorbed in the current budget.
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **None.**
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **None.**
- D. Other nondiscretionary cost or savings imposed on local agencies: **None.**
- E. Cost or savings in federal funding to the state: **None.**

Estimate: HCD believes that any additional expenditure resulting from this proposed action will be minimal and will be able to be absorbed within existing budgets and resources.

The public is welcome to submit any information, facts or documents either supporting HCD's initial determination or finding to the contrary.
