Recommendation:

Based on criterion 1, CBSC proposes to restore the requirement that a committee recommendation to "Approve as amended" be justified in terms of Health and Safety Code §18930.

Rationale:

Currently, all committee recommendations on agency proposals other than "Approve as submitted" must be supported by one or more of the criteria in Health and Safety Code §18930. This requirement was stricken inadvertently from the 45-day language and not caught in time for the 15-day comment period. Without this restoration, this section conflicts with overall requirements for code advisory committee action.
