Sacramento, CA 95833

Dear Members of the Building Standards Commission:

We are a plumbing contractor that has been in business 31 years with currently approximately 600 employees located through out the state of California.

We agree and fully support the proposed modifications regarding PEX tubing, as issued on July 10, 2008. This includes the modifications issued for all agencies listed:

- Building Standards Commission (BSC)
- Division of the State Architect – Structural Safety (DSA – SS)
- Office of Statewide Health Planning and Development (OSHPD)
- Housing and Community Development (HCD)

We believe that PEX tubing should be a clear option for use in any jurisdiction in California.

Best regards,

RCR Plumbing and Mechanical, Inc.
