We are a large residential framing contractor. Over the last ten years, we have built thousands of homes in the San Francisco Bay Area region, employing as many as 900 people.

We agree and fully support the proposed modifications regarding PEX tubing, as issued on July 10, 2008. This includes the modifications issued for all agencies listed:

Building Standards Commission (BSC)
 Division of the State Architect-Structural Safety (DSA-SS)
 Office of the Statewide Health Planning and Development (OSHPD)
 Housing and Community Development (HCD)

We believe that PEX tubing should be a clear option for use in any jurisdiction in California.

Sincerely,

Victor A. Franco
