

Record of Telephone Conversation

Date and Time: January 4, 2010
Person Contacted: Clif McLellan
Title: Director of toxicology services
Agency: NSF International
Phone: (734) 769-8010
Address: Ann Arbor, MI
Subject: PEX pipe—testing for taste and odor
Project Name: Revised Plumbing Code to Allow Use of PEX Tubing
Project Number: 1001009.01

Following is a record of taste and odor element of our conversation:

Taste and odor issues are not related to toxicity. NSF used to do taste and odor panels. Still does, but much less. Very subjective.
