I/We (do)(do not) agree with:

The Agency proposed modifications As Submitted on Section No. \_\_\_\_\_

and request that this section or reference provision be recommended:

Approved  Disapproved  Held for Further Study  Approved as Amended

**Suggested Revisions to the Text of the Regulations:**

***DSA/CBC jurisdiction should end at the Public Right-of-Way. Regulating standards should be kept completely separate to avoid confusion and possible contradiction.***

***With respect to PROWAG, there should not be any attempt to codify language from the draft document anywhere until there is final consensus and adoption of its content. Having said that, it seems the effort should first be focused in completing that endeavor, followed then by the appropriate codification for State and Local jurisdictions.***
