****TELECONFERENCE INSTRUCTIONS****

All callers begin in "Listen Only" mode.

When it is time to take comments on a specific agenda item from persons on the phone, callers will hear, "This conference is now in Question and Answer mode. To alert the speaker that you have a question, press 1 and 0. Each question will be answered in the order it was received."

If a caller presses 1 and 0, they will hear, "You will be notified when the speaker is ready for your question."

***Note:** Please refrain from pressing 1 and 0 multiple times. Doing this toggles your position in and out of the call queue. Press 1 and 0 only once and wait for your notification to speak.

The callers whose turn it is to comment will hear: "Please ask your question after the tone." A tone will sound and the caller is now in "Talk" mode.

After each caller has commented, they will be placed back into "Listen Only" mode.

When the last caller has commented, the comment period for that item is over and the "Question and Answer" mode will be switched back to "Listen Only" mode.

The meeting will proceed to the next agenda item.
